“160.545. 1. There is hereby established within the department of elementary and secondary education the “A+ Schools Program” to be administered by the commissioner of education. The program shall consist of grant awards made to public secondary schools that demonstrate a commitment to ensure that:

(1) All students be graduated from school;

(2) All students complete a selection of high school studies that is challenging and for which there are

identified learning expectations; and

(3) All students proceed from high school graduation to a college or postsecondary vocational or technical school or high-wage job with work place skill development opportunities.

2. The state board of education shall promulgate rules and regulations for the approval of grants made under the program to schools that:

(1) Establish measurable districtwide performance standards for the goals of the program outlined in subsection 1 of this section; and

(2) Specify the knowledge, skills and competencies, in measurable terms, that students must demonstrate to successfully complete any individual course offered by the school, and any course of studies which will qualify a student for graduation from the school; and

(3) Do not offer a general track of courses that, upon completion, can lead to a high school diploma; and

(4) Require rigorous coursework with standards of competency in basic academic subjects for students pursuing vocational and technical education as prescribed by rule and regulation of the state board of education; and

(5) Have a partnership plan developed in cooperation and with the advice of local business persons, labor leaders, parents, and representatives of college and postsecondary vocational and technical school representatives, with the plan then approved by the local board of education. The plan shall specify a mechanism to receive information on an annual basis from those who developed the plan in addition to senior citizens, community leaders, and teachers to update the plan in order to best meet the goals of the program as provided in subsection 1 of this section. Further, the plan shall detail the procedures used in the school to identify students that may drop out of school and the intervention services to be used to meet the needs of such students. The plan shall outline counseling and mentoring services provided to students who will enter the work force upon graduation from high school, address apprenticeship and intern programs, and shall contain procedures for the recruitment of volunteers from the community of the school to serve in schools receiving program grants.

3. A school district may participate in the program irrespective of its accreditation classification by the state board of education, provided it meets all other requirements.

If an eligible student is unable to enroll during the first academic year or a renewal student ceases attendance at an approved institution for the purpose of providing service to a nonprofit organization, a state or federal government agency, or any branch of the Armed Forces of the United States, such student shall be offered an academic scholarship upon enrollment in any approved institution after the completion of their service, if the student meets all other requirements for an initial or renewal award and if the following criteria are met:

(1) For an eligible student who cannot attend an approved institution as a result of service to a nonprofit organization or the state or federal government, the student returns to full-time status within twenty-seven months and provides verification to the coordinating board for higher education that the service to the nonprofit organization was satisfactorily completed and was not compensated other than for expenses, or that the service to the state or federal government was satisfactorily completed; or

(2) For an eligible student who cannot attend an approved institution as a result of military service in the Armed Forces of the United States, the student returns to full-time status within six months after the eligible student first ceases service to the Armed Forces and provides verification to the coordinating board for higher education that the military service was satisfactorily completed.

7. A recipient of an academic scholarship awarded under this section may transfer from one approved institution to another without losing eligibility for the academic scholarship.

8. If a recipient of an academic scholarship at any time withdraws from an approved institution so that under the rules and regulations of that institution he or she is entitled to a refund of any tuition, fees or other

charges, the institution shall pay the portion of the refund attributable to the academic scholarship for that term to the coordinating board for higher education.

9. Other provisions of this section to the contrary notwithstanding, if an eligible student has been awarded an initial academic scholarship pursuant to the provisions of this section but is unable to attend an approved institution during the first academic year because of illness, disability, pregnancy or other medical need or if a renewal student ceases all attendance at an approved institution because of illness, disability, pregnancy or other medical need, the recipient shall be eligible for an initial or renewal academic scholarship upon enrollment in or return to any approved institution, provided the recipient:

(1) Enrolls in or returns to full-time status within twenty-seven months;

(2) Provides verification in compliance with coordinating board for higher education rules of sufficient medical evidence documenting an illness, disability, pregnancy or other medical need of such person to require that that person will not be able to use the academic scholarship during the time period for which it was originally offered; and

(3) Meets all other requirements established for eligibility to receive an academic scholarship.

10. The coordinating board for higher education shall establish a procedure by administrative rule to allow students who meet the requirements of this subsection to receive funds to cover the student's portion of fees for any dual credit courses or dual enrollment courses completed while the student is in high school.
