

Journal of the Senate

FIRST REGULAR SESSION

THIRTY-SIXTH DAY—THURSDAY, MARCH 12, 2015

The Senate met pursuant to adjournment.

President Kinder in the Chair.

Reverend Carl Gauck offered the following prayer:

But I trust in you, O Lord; I say, “You are my God.” My time is in your hand;” (Psalm 31:14-15a)

O Lord, we awaken to stories of violence once again in Ferguson and throughout our country. We pray that You, who art our God, will help us be sowers of peace and instruments to bring justice and healing in our state, and contribute to understanding and healing throughout our nation. Bless us and our actions and make us instruments of Your holy will. And we pray with St. Francis that you will help us, “to sow love where there is hatred, where there is injury, pardon; where there is discord, union; where there is doubt, faith; where there is despair, hope; where there is darkness, light; where there is sadness, joy...” In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

The Journal of the previous day was read and approved.

The following Senators were present during the day’s proceedings:

On behalf of Senator Riddle, Senator Richard offered Senate Resolution No. 609, regarding Rodney and Carol Willingham, Martinsburg, which was adopted.

CONCURRENT RESOLUTIONS

Senator Curls offered the following concurrent resolution:

SENATE CONCURRENT RESOLUTION NO. 33

Whereas, a sustainable agricultural system in the United States is critical to the continued production of food, feed, and fiber to meet both domestic and global demands; and

Whereas, the treatment, prevention, and control of agricultural pests is critically important to the health and welfare of our residents and the safety of our global food, feed, and fiber supply; and

Whereas, the availability of modern agricultural technologies such as precision farming equipment, crop protection chemistries, genetically engineered or enhanced traits, and agricultural nutrients are critically important tools that allow farmers to expand yields, reduce environmental impacts, improve profitability and provide a safe, healthy, abundant, and affordable food supply; and

Whereas, the agriculture and food production industries have a long history of success and safety in protecting and further enhancing the food, feed, and fiber supply of Missouri residents and the world; and

Whereas, the agriculture industry is recognized as an important contributor to the economic vitality of the state of Missouri through jobs, capital investment, farm income, value added sectors, and contributions to the state's tax base; and

Whereas, the crop protection industry is among the most studied and regulated of all industries at both the state and federal levels; and

Whereas, the continued success of these industries and our nation's position as a world leader in crop protection chemistries, genetically engineered or enhanced traits and nutrients depends on state and federal regulators utilizing science based data to assess both product and ingredient safety; and

Whereas, sound science rather than the "precautionary principle" should be the bedrock of our nation's regulatory scheme:

Now Therefore Be It Resolved that the members of the Missouri Senate, Ninety-eighth General Assembly, First Regular Session, the House of Representatives concurring therein, hereby strongly urges the Missouri Congressional delegation to support the use of science based data to assess the impacts and the regulation of modern agricultural technologies, including but not limited to crop protection chemistries, genetically engineered or enhanced traits, and nutrients; and

Be It Further Resolved that the Missouri General Assembly strongly urges the Missouri Congressional delegation to oppose legislative or regulatory action that may result in unnecessary restrictions on the use of modern agricultural technologies, including but not limited to crop protection chemistries, genetically engineered or enhanced traits, and nutrients that are not based on sound science; and

Be It Further Resolved that the Secretary of the Senate be instructed to prepare properly inscribed copies of this resolution for each member of Missouri's Congressional delegation.

Senator Emery offered the following concurrent resolution:

SENATE CONCURRENT RESOLUTION NO. 34

Whereas, under Article IV, Section 3, of the United States Constitution, "The Congress shall have power to dispose of and make all needful rules and regulations respecting the territory or other property belonging to the United States"; and

Whereas, the Constitutional Convention intended this provision of the Constitution to maintain the status quo that had been established to transfer federal territorial lands only to create new states with the same rights of sovereignty, freedom, and independence as the original states; and

Whereas, under these express terms of trust, over time the states claiming federal territorial land ceded their western land to the confederated Union to allow the confederated government to dispose of the lands only to create new states and apply the net proceeds of any sales of the lands only to pay down the public debt; and

Whereas, the United States Constitution contains no expression of intent to authorize the federal government to indefinitely exercise control over western public lands beyond the duty to manage the lands pending the disposal of the lands to create new states, and therefore the lands should be returned to the western states; and

Whereas, in order to promote legitimate federal interests, the western states should upon transfer of the public lands directly to the state where the public land is located agree to affirmatively cede lands for the national park system, the national wilderness preservation system, and lands reserved for federal military use, military parks, and military reservations to the federal government under Article I, Section 8, Clause 17, of the United States Constitution, on condition that the lands permanently remain national park lands, and that they not be sold, transferred, left in substantial disrepair, or conveyed to any party other than to the state where the land is located; and

Whereas, limiting the ability of western states to access and utilize the public lands' natural resources within their borders is having a negative impact upon the economy of the western states and therefore the economy of the entire United States:

Now Therefore Be It Resolved that the members of the Missouri Senate, Ninety-eighth General Assembly, First Regular Session, the House of Representatives concurring therein, in order to provide a fair, just, and equitable remedy for the federal government's past and continuing breaches of its solemn promises to the western states:

(1) Calls upon the federal government to transfer title to all federal public lands within the western states to the state where the land is located;

(2) Urges the United States Congress to engage in good faith communication, cooperation, and consultation with the western states to coordinate the transfer of the public lands, and supports the western states in these efforts;

(3) Calls upon the western states to agree, upon transfer of the public lands, to affirmatively cede to the federal government all lands currently designated as part of the National Park System under 16 U.S.C. Section 1a-1, the National Wilderness Preservation System under 16 U.S.C. Section 1131, or for military use, military parks, or military reservations;

(4) Urges that if any public land in the western states be sold to private owners, 95% of the net proceeds be paid to the Bureau of the Public Debt to pay down the federal debt; and

(5) Calls upon all other states of the United States to pass a similar resolution in support of the transfer of the federal public lands to the western states; and

Be It Further Resolved that the Secretary of the Missouri Senate be instructed to prepare properly inscribed copies of this resolution for the Secretary of the United States Department of the Interior, the Majority Leader of the United States Senate, the Speaker of the United States House of Representatives, and each member of the Missouri Congressional delegation.
