CONCURRENT RESOLUTIONS

Senator Schmitt offered the following concurrent resolution:

SENATE CONCURRENT RESOLUTION NO. 35

Whereas, it is important that school-age children engage in physical activity throughout the year; and

Whereas, the importance of physical activity in children is magnified in light of the increasing number of children who qualify as overweight or obese; and

Whereas, in order to combat the increased rate of obesity in children, it is crucial to focus attention on ensuring that children engage in physical activity, especially in the summer months where there is little to no organized physical activity provided through the schools; and

Whereas, increasing physical activity in children will lead to decreased numbers of overweight and obese children which, in turn, will lead to health care savings in the millions of dollars and encourage children to lead physically active lives; and

Whereas, the General Assembly passed House Bill 1603 in 2014 that designated the exercise commonly known as “jumping jacks” as the official exercise of the state of Missouri; and

Whereas, “jumping jacks” was invented by Missouri-born General John J. Pershing as a drill exercise for cadets when he was a tactical officer at West Point in the late 1800s and its importance as an exercise still exists today; and

Whereas, in order to celebrate “jumping jacks” as the state exercise, it is important for the citizens of this state to take a day and be encouraged to be physically active, including doing jumping jacks at various points in the day:

Now Therefore Be It Resolved that the members of the Missouri Senate, Ninety-eighth General Assembly, First Regular Session, the House of Representatives concurring therein, hereby designate May 13, 2015 as Jump Day and recommend that the citizens of the state engage in activities designed to highlight the importance of children being active, especially in the summer when school is not in session.

Senator Schmitt offered the following concurrent resolution:

SENATE CONCURRENT RESOLUTION NO. 36

Whereas, the tradition of backyard barbecuing is deeply ingrained in many Missouri families as a way to gather together to enjoy both food and fellowship; and

Whereas, many Missouri families enjoy backyard barbecuing through a variety of means, including the use of propane gas barbecue grills; and

Whereas, the Environmental Protection Agency has increasingly targeted homeowners in their quest to keep America’s air, water, and soil clean; and

Whereas, the Environmental Protection Agency recently announced that it is funding a University of California project targeted at limiting emissions from such propane gas barbecue grills through the use of a special tray to catch grease drippings, as well as a catalytic filtration system to decrease air pollution particulate matter; and

Whereas, the state of Missouri is highly opposed to burdensome regulations that may assault the tradition of backyard barbecuing and individual homeowners’ rights:

Now Therefore Be It Resolved that the members of the Missouri Senate, Ninety-eighth General Assembly, First Regular Session, the House of Representatives concurring therein, hereby strongly discourages the Environmental Protection Agency from promulgating any rule or regulation under the authority of the federal Clean Air Act regulating the use of individual propane gas barbecue grills; and

Be It Further Resolved that the Secretary of the Missouri Senate be instructed to prepare a properly inscribed copy of this resolution for the United States Environmental Protection Agency Administrator Gina McCarthy.
