Thereafter, if the defendant fails to timely act to dispose of the charges and fully pay any applicable fines and court costs, the court shall notify the director of revenue of such failure and of the pending charges against the defendant. Upon receipt of this notification, the director shall suspend the license of the driver, effective immediately, and provide notice of the suspension to the driver at the last address for the driver shown on the records of the department of revenue. Such suspension shall remain in effect until the court with the subject pending charge requests setting aside the noncompliance suspension pending final disposition, or satisfactory evidence of disposition of pending charges and payment of fine and court costs, if applicable, is furnished to the director by the individual. The filing of financial responsibility with the bureau of safety responsibility, department of revenue, shall not be required as a condition of reinstatement of a driver’s license suspended solely under the provisions of this section.

2. [If any city, town, village, or county receives more than thirty percent of its annual general operating revenue from fines and court costs for traffic violations, including amended charges from any traffic violation, occurring within the city, town, village, or county, all revenues from such violations in excess of thirty percent of the annual general operating revenue of the city, town, village, or county shall be sent to the director of the department of revenue and shall be distributed annually to the schools of the county in the same manner that proceeds of all penalties, forfeitures and fines collected for any breach of the penal laws of the state are distributed. The director of the department of revenue shall set forth by rule a procedure whereby excess revenues as set forth above shall be sent to the department of revenue. If any city, town, village, or county disputes a determination that it has received excess revenues required to be sent to the department of revenue, such city, town, village, or county may submit to an annual audit by the state auditor under the authority of Article IV, Section 13 of the Missouri Constitution. An accounting of the percent of annual general operating revenue from fines and court costs for traffic violations, including amended charges from any charged traffic violation, occurring within the city, town, village, or county and charged in the municipal court of that city, town, village, or county shall be included in the comprehensive annual financial report submitted to the state auditor by the city, town, village, or county under section 105.145. Any city, town, village, or county which fails to make an accurate or timely report, or to send excess revenues from such violations to the director of the department of revenue by the date on which the report is due to the state auditor shall suffer an immediate loss of jurisdiction of the municipal court of said city,

town, village, or county on all traffic-related charges until all requirements of this section are satisfied. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2009, shall be invalid and void.] **The provisions of subsection 1 of this section shall not apply to minor traffic offenses as defined in section 479.350.**”; and
