Division of Community & Public Health - Lead Abatement Loan Program - Section 10.710

Pg. 105

Description: Funding in this section allows the Department of Health and Senior Services to develop a program that provides financial assistance via loans or grants to owners of dwellings or child-occupied facilities for performing lead abatement projects. The Missouri Lead Abatement Loan Fund in the state treasury receives appropriations by the General Assembly, repayments by applicants of loans made pursuant to Section 701.337, RSMo, including interest on such loans, and any gifts, bequests, donations or other payments deposited into the fund. DHSS works with Community Action Agencies to develop grant programs to encourage lead abatement projects in places where children could be at risk of lead exposure. Funding for the Lead Abatement Loan Program (the statute authorizes either loans or grants) was originally from a settlement agreement between the state of Missouri and a railroad with the proceeds deposited into the Lead Abatement Loan Fund.

Division of Community & Public Health - Medications- Section 10.710

Pg. 106

Description: Funding in this section helps ensure that HIV+ Missourians receive appropriate treatment of their HIV disease, the primary goal of the HIV Client Care Services program. The program funds medications for low-income, uninsured, non-Medicaid-eligible HIV+ clients with an estimated 1,900 clients enrolled in the program. The medications provide HIV+ Missourians with access to adequate medical care and treatments, specifically medications therapy which meets National Institutes of Health guidelines. Ensuring that HIV+ clients are on appropriate medications will result in a decreased incidence of new AIDS diagnosis as well as a decreased number of AIDS-related deaths in Missouri. Missouri receives over \$9 million in federal funding for medications. The federal Ryan White CARE Act which provides the federal funding for the medications requires “maintenance of effort” (state funding for HIV programs each year must be equal to or greater than the level of funding the year before).

This request results from a combination of increased participants in the AIDS Drug Assistance Program (ADAP) program and increased costs for HIV/AIDS medications. The number of ADAP program participants continue to increase due to efforts within the HIV Medical Case Management system to retain and/or reengage individuals who had not been regularly accessing HIV medical care. In addition, the FDA has approved new, more expensive antiretrovirals, increasing programmatic costs. DHSS projects ADAP expenditures will increase by \$6 million as a result of these factors. The increased cost for ADAP can be covered with federal funding that is available to the state through pharmaceutical rebates on the cost of HIV/AIDS medications.

Division of Community and Public Health - Primary Care Resource Initiative Program (PRIMO) - Section 10.730

Pg. 205

Description: The PRIMO program's (Primary Care Resource Initiative for Missouri) goal is to develop a statewide system of community-based systems of care to assure access to primary and essential health care services for all individuals of the state, regardless of their ability to pay. PRIMO utilizes health professional incentives (student loans and forgiveness) and outcomes-based contracts to meet its goal. PRIMO and its partners/contractors recruit individuals from rural and underserved areas into health professional careers in areas of need, develop academic and clinical training programs for health professionals, and build health care delivery systems in underserved communities in the state. Funding for several Area Health Education Centers (AHECs) across the state was eliminated in FY 2011. PRIMO is partially supported by contributions from the Missouri Hospital Association.

Division of Community and Public Health - Financial Aid to Medical Students and Medical School Loan Repayment Programs - Section 10.730

Pg. 206

Description: This section provides funding for two loan repayment programs. The Medical Student Loan Program underwrites the cost of a medical student's education (up to \$7,500/year for 4 years) if the student agrees to practice in a medically underserved area. Repayment of 1/4 of the medical student loan is waived for each year the student practices in a medically underserved area after graduation. The Physician Loan Repayment program authorizes the repayment of a physician's medical education loans (up to \$20,000/year for 4 years) if said physician practices in a rural or urban underserved area. The goal of the Health Professional Student Loan Repayment Program is to increase the number of primary care physicians, advanced practice nurses and dentists practicing in underserved areas of the state through loan repayment. To increase access to care for Medicaid and uninsured individuals through acceptance of Medicaid reimbursement and provision of a sliding fee scale, to adjust fees charged to patients according to their ability to pay (family income and size) as condition for contract for loan repayment. This program works in conjunction with the PRIMO program to increase access to care in Missouri.

Division of Community Health - Program Operations - Nursing Student Loan/Repayment Programs - Section 10.730

Pg. 207

Description: This section provides funding for loans to student professional nurses (\$5,000/year) and student practical nurses (\$2,500/year). Nursing education loan repayments are provided to RN's (\$5,000/year) working in areas of defined need. The Missouri Professional and Practical Nurse Student Loan Program was enacted to impact the shortage of nurses and access to health care for Missouri citizens. Loans are given to nursing students and are "forgiven" when the recipient graduates and works in a Health Professional Shortage Area (HPSA) in Missouri. Loan repayment is an incentive to get nurses to practice in underserved Missouri facilities in exchange for a contract to help repay their educational debt.

Legal Base: State Statute Sections: 191.411, 191.500-Medical Student Loan Program, 191.600-Physician Loan Repayment Program, 335-212-335.257-Nursing Student Loan Repayment Program RSMo; Federal Statute Section 339(0) PHS Act as amended, Sec 1153(bb)(2)(B) ii USC, 8 USC 1182(E) and Sec 214(k)-Immigration and Nationality Act, 8 USC 1184-Immigration and Nationality
