2 enacted in lieu thereof, to be known as sections 170.011, 170.345, and 170.350,
3 to read as follows:

170.011. 1. Regular courses of instruction in the Constitution of the
2 United States and of the state of Missouri and in American history and
3 institutions shall be given in all public and private schools in the state of
4 Missouri, except privately operated trade schools, and shall begin not later than
5 the seventh grade and continue in high school to an extent determined by the
6 state commissioner of education, and shall continue in college and university
7 courses to an extent determined by the state commissioner of higher education.
8 In the 1990-91 school year and each year thereafter, local school districts

11 institutions, branches and functions of the government of the state of Missouri,
12 including local governments, and of the government of the United States, and in
13 the electoral process. A local school district maintaining such a high school shall
14 require that prior to the completion of the twelfth grade each pupil who receives
15 a high school diploma or certificate of graduation on or after January 1, 1994,
16 shall satisfactorily complete such a course of study. Such course shall be of at
17 least one semester in length and may be two semesters in length. The

18 department of elementary and secondary education may provide assistance in
19 developing such a course if the district requests assistance. A school district may
20 elect to waive the requirements of this subsection for any student who transfers
21 from outside the state to a Missouri high school if the student can furnish
22 documentation deemed acceptable by the school district of the student's successful
23 completion in any year from the ninth through the twelfth grade of a course of

26 the electoral process.

27 2. American history courses at the elementary and secondary levels shall
28 include in their proper time-line sequence specific referrals to the details and

30 States and Missouri laws and attitudes.

31 3. No pupil shall receive a certificate of graduation from any public or
32 private school other than private trade schools unless he **or she** has satisfactorily

47 such examination as a condition precedent to his graduation from the college or
48 university.

49 4. In the 1990-91 school year and each year thereafter, each school district
50 maintaining a high school may annually nominate to the state board of education
