28 vehicle, except as provided in this subsection. The applicant for registration of

29 any property-carrying commercial vehicle registered at a gross weight in excess
30 of twelve thousand pounds may request and be issued two license plates for such
31 vehicle, and if such plates are issued, the director of revenue shall provide for
32 distinguishing marks on the plates indicating one plate is for the front and the
33 other is for the rear of such vehicle. The director may assess and collect an

35 prescribed for personalized license plates in subsection 1 of section 301.144.

36 4. The plates issued to manufacturers and dealers shall bear the letters
37 and numbers as prescribed by section 301.560, and the director may place upon
38 the plates other letters or marks to distinguish commercial motor vehicles and
39 trailers and other types of motor vehicles.

40 5. No motor vehicle or trailer shall be operated on any highway of this
41 state unless it shall have displayed thereon the license plate or set of license
42 plates issued by the director of revenue or the state highways and transportation
43 commission and authorized by section 301.140. Each such plate shall be securely
44 fastened to the motor vehicle or trailer in a manner so that all parts thereof shall
45 be plainly visible and reasonably clean so that the reflective qualities thereof are
46 not impaired. Each such plate may be encased in a transparent cover so long as
47 the plate is plainly visible and its reflective qualities are not impaired. License
48 plates shall be fastened to all motor vehicles except trucks, tractors, truck
49 tractors or truck-tractors licensed in excess of twelve thousand pounds on the
50 front and rear of such vehicles not less than eight nor more than forty-eight
51 inches above the ground, with the letters and numbers thereon right side up. The
52 license plates on trailers, motorcycles, motortricycles and motorscooters shall be
53 displayed on the rear of such vehicles either horizontally or vertically, with the

58 letters and numbers thereon right side up or if two plates are issued for the
59 vehicle pursuant to subsection 3 of this section, displayed in the same manner on
60 the front and rear of such vehicles. The license plate or plates authorized by
61 section 301.140, when properly attached, shall be prima facie evidence that the
62 required fees have been paid.

63 6. (1) The director of revenue shall issue annually or biennially a tab or

64 set of tabs as provided by law as evidence of the annual payment of registration
65 fees and the current registration of a vehicle in lieu of the set of
66 plates. Beginning January 1, 2010, the director may prescribe any additional
67 information recorded on the tab or tabs to ensure that the tab or tabs positively
68 correlate with the license plate or plates issued by the department of revenue for
69 such vehicle. Such tabs shall be produced in each license bureau office.

70 (2) The vehicle owner to whom a tab or set of tabs is issued shall affix and
71 display such tab or tabs in the designated area of the license plate, no more than
72 one per plate.

73 (3) A tab or set of tabs issued by the director of revenue when attached
74 to a vehicle in the prescribed manner shall be prima facie evidence that the
75 registration fee for such vehicle has been paid.

76 (4) Except as otherwise provided in this section, the director of revenue
77 shall issue plates for a period of at least six years.

78 (5) For those commercial motor vehicles and trailers registered pursuant
79 to section 301.041, the plate issued by the highways and transportation
80 commission shall be a permanent nonexpiring license plate for which no tabs
81 shall be issued. Nothing in this section shall relieve the owner of any vehicle
82 permanently registered pursuant to this section from the obligation to pay the
83 annual registration fee due for the vehicle. The permanent nonexpiring license
84 plate shall be returned to the highways and transportation commission upon the
85 sale or disposal of the vehicle by the owner to whom the permanent nonexpiring
86 license plate is issued, or the plate may be transferred to a replacement
87 commercial motor vehicle when the owner files a supplemental application with
88 the Missouri highways and transportation commission for the registration of such
89 replacement commercial motor vehicle. Upon payment of the annual registration
90 fee, the highways and transportation commission shall issue a certificate of
91 registration or other suitable evidence of payment of the annual fee, and such
92 evidence of payment shall be carried at all times in the vehicle for which it is
93 issued.

94 (6) Upon the sale or disposal of any vehicle permanently registered under
95 this section, or upon the termination of a lease of any such vehicle, the permanent
96 nonexpiring plate issued for such vehicle shall be returned to the highways and
97 transportation commission and shall not be valid for operation of such vehicle, or
98 the plate may be transferred to a replacement vehicle when the owner files a

99 supplemental application with the Missouri highways and transportation
100 commission for the registration of such replacement vehicle. If a vehicle which
101 is permanently registered under this section is sold, wrecked or otherwise
102 disposed of, or the lease terminated, the registrant shall be given credit for any
103 unused portion of the annual registration fee when the vehicle is replaced by the
104 purchase or lease of another vehicle during the registration year.

105 7. The director of revenue and the highways and transportation
106 commission may prescribe rules and regulations for the effective administration
107 of this section. No rule or portion of a rule promulgated under the authority of
108 this section shall become effective unless it has been promulgated pursuant to the
109 provisions of section 536.024.

110 8. Notwithstanding the provisions of any other law to the contrary, owners
111 of motor vehicles other than apportioned motor vehicles or commercial motor
112 vehicles licensed in excess of [eighteen] **twenty-four** thousand pounds gross
113 weight may apply for special personalized license plates. Vehicles licensed for
114 [eighteen] **twenty-four** thousand pounds that display special personalized
115 license plates shall be subject to the provisions of subsections 1 and 2 of section
116 301.030. **On and after August 28, 2016, owners of motor vehicles, other**
117 **than apportioned motor vehicles or commercial motor vehicles licensed**
118 **in excess of twenty-four thousand pounds gross weight, may apply for**
119 **any preexisting or hereafter statutorily created special personalized**
120 **license plates.**

121 9. No later than January 1, [2009] **2019**, the director of revenue shall
122 commence the reissuance of new license plates of such design as [directed by the
123 director] **approved by the advisory committee under section 301.125**
124 consistent with the terms, conditions, and provisions of [this] section **301.125** and
125 this chapter. Except as otherwise provided in this section, in addition to all other
126 fees required by law, applicants for registration of vehicles with license plates
127 that expire during the period of reissuance, applicants for registration of trailers
128 or semitrailers with license plates that expire during the period of reissuance and
129 applicants for registration of vehicles that are to be issued new license plates
130 during the period of reissuance shall pay the cost of the plates required by this
131 subsection. The additional cost prescribed in this subsection shall not be charged
132 to persons receiving special license plates issued under section 301.073 or
133 301.443. Historic motor vehicle license plates registered pursuant to section

134 301.131 and specialized license plates are exempt from the provisions of this
135 subsection. Except for new, replacement, and transfer applications, permanent
136 nonexpiring license plates issued to commercial motor vehicles and trailers
137 registered under section 301.041 are exempt from the provisions of this
138 subsection.

301.134. 1. Daughters of the American Revolution who have obtained an
2 emblem-use authorization statement from the Missouri State Society Daughters
3 of the American Revolution may apply for Missouri State Society Daughters of the
4 American Revolution license plates for any motor vehicle the person owns, either
5 solely or jointly, other than an apportioned motor vehicle or a commercial motor
6 vehicle licensed in excess of [eighteen] **twenty-four** thousand pounds gross
7 weight. The Missouri State Society Daughters of the American Revolution hereby
8 authorizes the use of its official emblem to be affixed on multiyear personalized
9 license plates as provided in this section.

10 2. Upon application and payment of a one-time twenty-five dollar
11 emblem-use contribution to the Missouri State Society Daughters of the American
12 Revolution, the Missouri State Society Daughters of the American Revolution
13 shall issue to the vehicle owner, without further charge, an emblem-use
14 authorization statement, which shall be presented to the department of revenue
15 at the time of registration of a motor vehicle.

16 3. Upon presentation of the statement and payment of a fifteen dollar fee
17 in addition to the regular registration fees and presentation of other documents
18 which may be required by law, the department of revenue shall issue a
19 personalized license plate to the vehicle owner, which shall bear the emblem of
20 the Missouri State Society Daughters of the American Revolution and the words
21 "MISSOURI STATE SOCIETY DAUGHTERS OF THE AMERICAN
22 REVOLUTION" and shall engrave the words "SHOW-ME STATE". Such license
23 plates shall be made with fully reflective material with a common color scheme
24 and design, shall be clearly visible at night, and shall be aesthetically attractive,
25 as prescribed by section 301.130. A fee for the issuance of personalized license
26 plates issued pursuant to section 301.144 shall not be required for plates issued
27 pursuant to this section.

28 4. The director of revenue may promulgate rules and regulations for the
29 administration of this section. Any rule or portion of a rule, as that term is
30 defined in section 536.010, that is created under the authority delegated in this

31 section shall become effective only if it complies with and is subject to all of the
32 provisions of chapter 536 and, if applicable, section 536.028. This section and
33 chapter 536 are nonseverable and if any of the powers vested with the general
34 assembly pursuant to chapter 536 to review, to delay the effective date, or to
35 disapprove and annul a rule are subsequently held unconstitutional, then the
36 grant of rulemaking authority and any rule proposed or adopted after August 28,
37 2004, shall be invalid and void.

301.144. 1. The director of revenue shall establish and issue special
2 personalized license plates containing letters or numbers or combinations of
3 letters and numbers. Such license plates shall be made with fully reflective
4 material with a common color scheme and design, shall be clearly visible at night,
5 and shall be aesthetically attractive, as prescribed by section 301.130. Any
6 person desiring to obtain a special personalized license plate for any motor
7 vehicle the person owns, either solely or jointly, other than an apportioned motor
8 vehicle or a commercial motor vehicle licensed in excess of ~~[eighteen]~~ **twenty-**
9 **four** thousand pounds gross weight shall apply to the director of revenue on a
10 form provided by the director and shall pay a fee of fifteen dollars in addition to
11 the regular registration fees. The director of revenue shall issue rules and
12 regulations setting the standards and establishing the procedure for application
13 for and issuance of the special personalized license plates and shall provide a
14 deadline each year for the applications. Any rule or portion of a rule, as that
15 term is defined in section 536.010, that is created under the authority delegated
16 in this section shall become effective only if it complies with and is subject to all
17 of the provisions of chapter 536 and, if applicable, section 536.028. This section
18 and chapter 536 are nonseverable and if any of the powers vested with the
19 general assembly pursuant to chapter 536 to review, to delay the effective date
20 or to disapprove and annul a rule are subsequently held unconstitutional, then
21 the grant of rulemaking authority and any rule proposed or adopted after August
22 28, 2001, shall be invalid and void. No two owners shall be issued identical
23 plates. An owner shall make a new application and pay a new fee each year such
24 owner desires to obtain or retain special personalized license plates; however,
25 notwithstanding the provisions of subsection 8 of section 301.130 to the contrary,
26 the director shall allow the special personalized license plates to be replaced with
27 new plates every three years without any additional charge, above the fee
28 established in this section, to the renewal applicant. Any person currently in

29 possession of an approved personalized license plate shall have first priority on
30 that particular plate for each of the following years that timely and appropriate
31 application is made.

32 2. Upon application for a personalized plate by the owner of a motor
33 vehicle for which the owner has no registration plate available for transfer as
34 prescribed by section 301.140, the director shall issue a temporary permit
35 authorizing the operation of the motor vehicle until the personalized plate is
36 issued.

37 3. No personalized license plates shall be issued containing any letters,
38 numbers or combination of letters and numbers which are obscene, profane,
39 patently offensive or contemptuous of a racial or ethnic group, or offensive to good
40 taste or decency, or would present an unreasonable danger to the health or safety
41 of the applicant, of other users of streets and highways, or of the public in any
42 location where the vehicle with such a plate may be found. The director may
43 recall any personalized license plates, including those issued prior to August 28,
44 1992, if the director determines that the plates are obscene, profane, patently
45 offensive or contemptuous of a racial or ethnic group, or offensive to good taste
46 or decency, or would present an unreasonable danger to the health or safety of
47 the applicant, of other users of streets and highways, or of the public in any
48 location where the vehicle with such a plate may be found. Where the director
49 recalls such plates pursuant to the provisions of this subsection, the director shall
50 reissue personalized license plates to the owner of the motor vehicle for which
51 they were issued at no charge, if the new plates proposed by the owner of the
52 motor vehicle meet the standards established pursuant to this section. The
53 director shall not apply the provisions of this statute in a way that violates the
54 Missouri or United States Constitutions as interpreted by the courts with
55 controlling authority in the state of Missouri. The primary purpose of motor
56 vehicle license plates is to identify motor vehicles. Nothing in the issuance of a
57 personalized license plate creates a designated or limited public forum. Nothing
58 contained in this subsection shall be interpreted to prohibit the use of license
59 plates, which are no longer valid for registration purposes, as collector's items or
60 for decorative purposes.

61 4. The director may also establish categories of special license plates from
62 which license plates may be issued. Any such person, other than a person
63 exempted from the additional fee pursuant to subsection 7 of this section, that

64 desires a personalized special license plate from any such category shall pay the
65 same additional fee and make the same kind of application as that required by
66 subsection 1 of this section, and the director shall issue such plates in the same
67 manner as other personalized special license plates are issued.

68 5. The director of revenue shall issue to residents of the state of Missouri
69 who hold an unrevoked and unexpired official amateur radio license issued by the
70 Federal Communications Commission, upon application and upon payment of the
71 additional fee specified in subsection 1 of this section, except for a person
72 exempted from the additional fee pursuant to subsection 7 of this section,
73 personalized special license plates bearing the official amateur radio call letters
74 assigned by the Federal Communications Commission to the applicant with the
75 words "AMATEUR RADIO" in place of the words "SHOW-ME STATE". The
76 application shall be accompanied by a statement stating that the applicant has
77 an unrevoked and unexpired amateur radio license issued by the Federal
78 Communications Commission and the official radio call letters assigned by the
79 Federal Communications Commission to the applicant. An owner making a new
80 application and paying a new fee to retain an amateur radio **license** plate may
81 request a replacement plate with the words "AMATEUR RADIO" in place of the
82 words "SHOW-ME STATE". If application is made to retain a plate that is three
83 years old or older, the replacement plate shall be issued upon the payment of
84 required fees.

85 6. Notwithstanding any other provision to the contrary, any business that
86 repossesses motor vehicles or trailers and sells or otherwise disposes of them
87 shall be issued a placard displaying the word "Repossessed", provided such
88 business pays the license fees presently required of a manufacturer, distributor,
89 or dealer in section 301.560. Such placard shall bear a number and shall be in
90 such form as the director of revenue shall determine, and shall be only used for
91 demonstrations when displayed substantially as provided for number plates on
92 the rear of the repossessed motor vehicle or trailer.

93 7. Notwithstanding any provision of law to the contrary, any person who
94 has retired from any branch of the United States Armed Forces or reserves, the
95 United States Coast Guard or reserve, the United States Merchant Marines or
96 reserve, the National Guard, or any subdivision of any such services shall be
97 exempt from the additional fee required for personalized license plates issued
98 pursuant to section 301.441. As used in this subsection, "retired" means having

99 served twenty or more years in the appropriate branch of service and having
100 received an honorable discharge.

301.145. Any person who has been awarded the Congressional Medal of
2 Honor may apply for special motor vehicle license plates for any vehicle he **or**
3 **she** owns, either solely or jointly, other than commercial vehicles weighing over
4 **[twelve] twenty-four** thousand pounds, as provided in this section. Any such
5 person shall make application for the special license plates on a form provided by
6 the director of revenue and furnish such proof of receipt of the Congressional
7 Medal of Honor as the director may require. The director shall then issue license
8 plates bearing the words "CONGRESSIONAL MEDAL OF HONOR" in a form
9 prescribed by the advisory committee established in section 301.129, except that
10 such license plates shall be made with fully reflective material with a common

37 3. The state treasurer shall transfer an amount of money equal to the

41 biennium not exceeding twenty-five thousand dollars shall be exempt from the
42 provisions of section 33.080 relating to transfer of unexpended balances to the
43 general revenue fund.

44 4. The documents and fees required pursuant to this section shall be
45 submitted to the department of revenue by July first prior to the next regular
46 session of the general assembly to be approved or denied by the joint committee
47 on transportation oversight during that legislative session.

48 5. The department of revenue shall give notice of any proposed specialty

55 that purpose at the principal office.

56 6. Adequate notice conforming with all the requirements of subsection 5

68 8. If the specialty license plate requested by an organization is approved
69 by the joint committee on transportation oversight, the organization shall submit
70 the proposed art design for the specialty license plate to the department as soon
71 as practicable, but no later than sixty days after the approval of the specialty
72 license plate. If the specialty license plate requested by the organization is not
73 approved by the joint committee on transportation oversight, ninety-seven percent
74 of the application fee shall be refunded to the requesting organization.

75 9. An emblem-use authorization fee may be charged by the organization
76 prior to the issuance of an approved specialty plate. The organization's specialty
77 plate proposal approved by the joint committee on transportation oversight shall
78 state what fee is required to obtain such statement and if such fee is required
79 annually or biennially, if the applicant has a two-year registration. An
80 organization applying for specialty plates shall authorize the use of its official

95 12. Each new or renewed application for an approved specialty license
96 plate shall be made to the department of revenue, accompanied by an additional
97 fee of fifteen dollars and the appropriate emblem-use authorization statement.

98 13. The appropriate registration fees, fifteen dollar specialty plate fee,
99 processing fees and documents otherwise required for the issuance of registration
100 of the motor vehicle as set forth by law must be submitted at the time the
101 specialty plates are actually issued and renewed or as otherwise provided by
102 law. However, no additional fee for the personalization of this plate shall be
103 charged.

104 14. Once a specialty plate design is approved, a request for such plate
105 may be made any time during a registration period. If a request is made for a
106 specialty license plate to replace a current valid license plate, all documentation,
107 credits, and fees provided for in this chapter when replacing a current license
108 plate shall apply.

125 17. The department is authorized to discontinue the issuance and renewal
126 of a specialty license plate if the organization has stopped providing services and
127 emblem-use authorization statements are no longer being issued by the
128 organization. Such organizations shall notify the department immediately to
129 discontinue the issuance of a specialty plate.

130 18. The organization that requested the specialty license plate shall not
131 redesign the specialty personalized license plate unless such organization pays
132 the director in advance all redesigned plate fees. All plate holders of such plates
133 must pay the replacement fees prescribed in section 301.300 for the replacement
134 of the existing specialty plate. All other applicable license plate fees in

16 license plates issued under this section equal to the fee charged for personalized
17 license plates. There shall be no limit on the number of license plates any person
18 qualified under this section may obtain so long as each set of license plates issued
19 under this section is issued for vehicles owned solely or jointly by such
