SENATE RESOLUTION NO. 2110

Whereas, for over two centuries, our State and Nation have adhered to the rule of law as the foundation for a safe, free, and just society; and

Whereas, seeking to formally recognize this tradition, President Eisenhower established Law Day in 1958, as “a day of national dedication to the principles of government under the law”; and

Whereas, the United States Congress in 1961 encoded the presidential practice into law, statutorily designating May first as Law Day; and

Whereas, Law Day is a day for all Missourians to reflect on the role of law in the foundation of our country and to recognize the importance of laws and the legal process in contributing to the freedoms in which all Americans share; and

Whereas, in addition, this important occasion asks citizens of the great State of Missouri to focus upon their rights as laid out in the fundamental documents of American democracy, the Declaration of Independence and the Federal Constitution; and

Whereas, the year 2016 marks the 50th anniversary of a milestone in legal history, the United States Supreme Court’s landmark decision in *Miranda v. Arizona*, concluding that statements made by a suspect in police custody are generally inadmissible if the suspect has not been made aware of his or her Fifth and Sixth Amendment rights; and

Whereas, in response to this decision, law enforcement personnel throughout the country provide a Miranda warning to suspects in custody apprising them of their right to remain silent, their right to an attorney, and their right to appointed counsel in cases where they cannot afford an attorney; and

Whereas, the criminal justice system still faces many challenges and we must all rededicate ourselves to the great goal of ensuring that it provides fair and equal treatment for all; and

Whereas, promoting public understanding of the roots of our freedom are an important component in the civic education of the citizens of the United States and of the State of Missouri; and

Whereas, the American Bar Association has identified the 2016 Law Day theme as “Miranda: More than Words”; and

Whereas, the Missouri Senate celebrates the importance of Law Day in the State of Missouri; in doing so, we, as citizens, of this great State and this Nation, recommit ourselves to the rule of law and to upholding the fundamental principles enshrined in our founding documents:

Now, Therefore, Be It Resolved that we, the members of the Missouri Senate of the 98th General Assembly, Second Regular Session, hereby commemorate May 1, 2016, as Law Day and encourage all Missourians to work for the preservation and strengthening of the rule of law.

404.1102. The determination that a patient is incapacitated shall be made as set forth in section 404.825. A health care provider or health care facility may rely in the exercise of good faith and in accordance with reasonable medical judgment upon the health care decisions made for a patient by a designated health care decision-maker selected in accordance with section 404.1104, provided two licensed physicians determine, after reasonable inquiry and in accordance with reasonable medical judgment, that such patient is incapacitated and has neither a guardian with medical decision-making authority appointed in accordance with chapter 475, an attorney in fact appointed in a durable power of attorney for health care in accordance with sections 404.800 to 404.865, is not a child under the jurisdiction of the juvenile court under section 211.031, nor any other known person who has the legal authority to make health care decisions.

404.1103. Upon a determination that a patient is incapacitated, the physician or another health care provider acting at the direction of the physician shall make reasonable efforts to inform potential designated health care decision-makers set forth in section 404.1104 of whom the physician or physician’s designee is aware, of the need to appoint a designated health care decision-maker. Reasonable efforts include, without limitation, identifying potential designated health care decision makers as set forth in subsection 1 of section 404.1104, a guardian with medical decision-making authority appointed in accordance with chapter 475, an attorney in fact appointed in a durable power

of attorney for health care in accordance with sections 404.800 to 404.865, the juvenile court under section 211.031, or any other known person who has the legal authority to make health care decisions, by examining the patient's personal effects and medical records. If a family member, attorney in fact for health care or guardian with health care decision-making authority is identified, a documented attempt to contact that person by telephone, with all known telephone numbers and other contact information used, shall be made within twenty-four hours after a determination of incapacity is made as provided in section 404.1102.

404.1104. 1. If a patient is incapacitated under the circumstances described in section 404.1102 and is unable to provide consent regarding his or her own health care, and does not have a legally appointed guardian, an agent under a health care durable power of attorney, is not under the jurisdiction of the juvenile court, or does not have any other person who has legal authority to consent for the patient, decisions concerning the patient's health care may be made by the following competent persons in the following order of priority, with the exception of persons excluded under subsection 4 of section 404.1104:

(1) The spouse of the patient, unless the spouse and patient are separated under one of the following:

(a) A current dissolution of marriage or separation action;

(b) A signed written property or marital settlement agreement;

(c) A permanent order of separate maintenance or support or a permanent order approving a property or marital settlement agreement between the parties;

(2) An adult child of the patient;

(3) A parent of the patient;

(4) An adult sibling of the patient;

(5) Grandparent or adult grandchild;

(6) Niece or nephew or the next nearest other relative of the patient, by consanguinity or affinity;

(7) A person who is a member of the same community of persons as the patient who is bound by vows to a religious life and who conducts or assists in the conducting of religious services and actually and regularly engages in religious, benevolent, charitable, or educational ministry, or performance of health care services;

(8) Any nonrelative who can demonstrate that he or she has a close personal relationship with the patient and is familiar with the patient's personal values; or

(9) Any other person designated by the unanimous mutual agreement of the persons listed above who is involved in the patient's care.

2. If a person who is a member of the classes listed in subsection 1 of this section, regardless of priority, or a health care provider or a health care facility involved in the care of the patient, disagrees on whether certain health care should be provided to or withheld or withdrawn from a patient, any such person, provider, or facility, or any other person interested in the welfare of the

patient may petition the probate court for an order for the appointment of a temporary or permanent guardian in accordance with subsection 8 of this section to act in the best interest of the patient.

3. A person who is a member of the classes listed in subsection 1 of this section shall not be denied priority under this section based solely upon that person's support for, or direction to provide, withhold or withdraw health care to the patient, subject to the rights of other classes of potential designated decision-makers, a healthcare provider, or healthcare facility to petition the probate court for an order for the appointment of a temporary or permanent guardian under subsection 8 of this section to act in the best interests of the patient.

4. Priority under this section shall not be given to persons in any of the following circumstances:

(1) If a report of abuse or neglect of the patient has been made under section 192.2475, 198.070, 208.912, 210.115, 565.188, 630.163 or any other mandatory reporting statutes, and if the health care provider knows of such a report of abuse or neglect, then unless the report has been determined to be unsubstantiated or unfounded, or a determination of abuse was finally reversed after administrative or judicial review, the person reported as the alleged perpetrator of the abuse or neglect shall not be given priority or authority to make health care decisions under subsection 1 of this section, provided that such a report shall not be based on the person's support for, or direction to provide, health care to the patient;

(2) If the patient's physician or the physician's designee reasonably determines, after making a diligent effort to contact the designated health care decision-maker using known telephone numbers and other contact information and receiving no response, that such person is not reasonably available to make medical decisions as needed or is not willing to make health care decisions for the patient; or

(3) If a probate court in a proceeding under subsection 8 of this section finds that the involvement of the person in decisions concerning the patient's health care is contrary to instructions that the patient had unambiguously, and without subsequent contradiction or change, expressed before he or she became incapacitated. Such a statement to the patient's physician or other health care provider contemporaneously recorded in the patient's medical record and signed by the patient's physician or other health care provider shall be deemed such an instruction, subject to the ability of a party to a proceeding under subsection 8 of this section to dispute its accuracy, weight, or interpretation.

5. (1) The designated health care decision-maker shall make reasonable efforts to obtain information regarding the patient's health care preferences from health care providers, family, friends, or others who may have credible information.

(2) The designated health care decision-maker, and the probate court in any proceeding under subsection 8 of this section, shall always make health care decisions in the patient's best interests, and if the patient's religious and moral beliefs and health care preferences are known and not inconsistent with the patient's best interests, in accordance with those beliefs and preferences.

6. This section does not authorize the provision or withholding of health care services that the patient has unambiguously, without subsequent contradiction or change of instruction, expressed to the patient's physician or other health care provider that he or she would or would not want at a time when such patient had capacity. Such a statement to the patient's physician or other health care

provider, contemporaneously recorded in the patient's medical record and signed by the patient's physician or other health care provider, shall be deemed such evidence, subject to the ability of a party to a proceeding under subsection 8 of this section to dispute its accuracy, weight, or interpretation.

7. A designated health care decision-maker shall be deemed a personal representative for the purposes of access to and disclosure of private medical information under the Health Insurance Portability and Accountability Act of 1996 (HIPAA), 42 U.S.C. Section 1320d and 45 CFR 160-164.

8. Nothing in sections 404.1100 to 404.1110 shall preclude any person interested in the welfare of a patient including, but not limited to, a designated health care decision-maker, a member of the classes listed in subsection 1 of this section regardless of priority, or a health care provider or health care facility involved in the care of the patient, from petitioning the probate court for the appointment of a temporary or permanent guardian for the patient including expedited adjudication under chapter 475.

9. Pending the final outcome of proceedings initiated under subsection 8 of this section, the designated health care decision-maker, health care provider, or health care facility shall not withhold or withdraw, or direct the withholding or withdrawal, of health care, nutrition, or hydration whose withholding or withdrawal, in reasonable medical judgment, would result in or hasten the death of the patient, would jeopardize the health or limb of the patient, or would result in disfigurement or impairment of the patient's faculties. If a health care provider or a health care facility objects to the provision of such health care, nutrition, or hydration on the basis of religious beliefs or sincerely held moral convictions, the provider or facility shall not impede the transfer of the patient to another health care provider or health care facility willing to provide it, and shall provide such health care, nutrition, or hydration to the patient pending the completion of the transfer. For purposes of this section, artificially supplied nutrition and hydration may be withheld or withdrawn during the pendency of the guardianship proceeding only if, based on reasonable medical judgment, the patient's physician and a second licensed physician certify that the patient meets the standard set forth in subdivision (2) of subsection 1 of section 404.1105. If tolerated by the patient and adequate to supply the patient's needs for nutrition or hydration, natural feeding should be the preferred method.

404.1105. 1. No designated health care decision-maker may, with the intent of hastening or causing the death of the patient, authorize the withdrawal or withholding of nutrition or hydration supplied through either natural or artificial means. A designated health care decision-maker may authorize the withdrawal or withholding of artificially supplied nutrition and hydration only when the physician and a second licensed physician certify in the patient's medical record based on reasonable medical judgment that:

(1) Artificially supplied nutrition or hydration are not necessary for comfort care or the relief of pain and would serve only to prolong artificially the dying process and where death will occur within a short period of time whether or not such artificially supplied nutrition or hydration is withheld or withdrawn; or

(2) Artificially supplied nutrition or hydration cannot be physiologically assimilated or tolerated by the patient.

2. When tolerated by the patient and adequate to supply the patient's need for nutrition or

hydration, natural feeding should be the preferred method.

3. The provisions of this section shall not apply to subsection 3 of section 459.010.

404.1106. If any of the individuals specified in section 404.1104 or the designated health care decision-maker or physician believes the patient is no longer incapacitated, the patient's physician shall reexamine the patient and determine in accordance with reasonable medical judgment whether the patient is no longer incapacitated, shall certify the decision and the basis therefor in the patient's medical record, and shall notify the patient, the designated health care decision-maker, and the person who initiated the redetermination of capacity. Rights of the designated health care decision-maker shall end upon the physician's certification that the patient is no longer incapacitated.

404.1107. No health care provider or health care facility that makes good faith and reasonable attempts to identify, locate, and communicate with potential designated health care decision-makers in accordance with sections 404.1100 to 404.1110 shall be subject to civil or criminal liability or regulatory sanction for the effort to identify, locate, and communicate with such potential designated health care decision-makers.

404.1108. 1. A health care provider or a health care facility may decline to comply with the health care decision of a patient or a designated health care decision-maker if such decision is contrary to the religious beliefs or sincerely held moral convictions of a health care provider or health care facility.

2. If at any time, a health care facility or health care provider determines that any known or anticipated health care preferences expressed by the patient to the health care provider or health care facility, or as expressed through the patient's designated health care decision-maker, are contrary to the religious beliefs or sincerely held moral convictions of the health care provider or health care facility, such provider or facility shall promptly inform the patient or the patient's designated health care decision-maker.

3. If a health care provider declines to comply with such health care decision, no health care provider or health care facility shall impede the transfer of the patient to another health care provider or health care facility willing to comply with the health care decision.

4. Nothing in this section shall relieve or exonerate a health care provider or a health care facility from the duty to provide for the health care, care, and comfort of a patient pending transfer under this section. If withholding or withdrawing certain health care would, in reasonable medical judgment, result in or hasten the death of the patient, such health care shall be provided pending completion of the transfer. Notwithstanding any other provision of this section, no such health care shall be denied on the basis of a view that treats extending the life of an elderly, disabled, or terminally ill individual as of lower value than extending the life of an individual who is younger, nondisabled, or not terminally ill, or on the basis of the health care provider's or facility's disagreement with how the patient or individual authorized to act on the patient's behalf values the tradeoff between extending the length of the patient's life and the risk of disability.

404.1109. No health care decision-maker shall withhold or withdraw health care from a pregnant patient, consistent with existing law, as set forth in section 459.025.

404.1110. Nothing in sections 404.1100 to 404.1110 is intended to:

(1) Be construed as condoning, authorizing, or approving euthanasia or mercy killing; or

(2) Be construed as permitting any affirmative or deliberate act to end a person’s life, except to permit natural death as provided by sections 404.1100 to 404.1110.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

(b) Maintain geographic proximity, except the collaborative practice arrangement may allow for geographic proximity to be waived for a maximum of twenty-eight days per calendar year for rural health clinics as defined by P.L. 95-210, as long as the collaborative practice arrangement includes alternative plans as required in paragraph (c) of this subdivision. This exception to geographic proximity shall apply only to independent rural health clinics, provider-based rural health clinics where the provider is a critical access hospital as provided in 42 U.S.C. Section 1395i-4, and provider-based rural health clinics where the main location of the hospital sponsor is greater than fifty miles from the clinic. The collaborating physician is required to maintain documentation related to this requirement and to present it to the state board of

registration for the healing arts when requested; and

(10) The collaborating physician, or any other physician designated in the collaborative practice arrangement, shall review every fourteen days a minimum of twenty percent of the charts in which the advanced practice registered nurse prescribes controlled substances. The charts reviewed under this subdivision may be counted in the number of charts required to be reviewed under subdivision (9) of this subsection.

4. The state board of registration for the healing arts pursuant to section 334.125 and the board of nursing pursuant to section 335.036 may jointly promulgate rules regulating the use of collaborative practice arrangements. Such rules shall be limited to specifying geographic areas to be covered, the methods of treatment that may be covered by collaborative practice arrangements and the requirements for review of services provided pursuant to collaborative practice arrangements including delegating authority to prescribe controlled substances. Any rules relating to dispensing or distribution of medications or devices by prescription or prescription drug orders under this section shall be subject to the approval of the state board of pharmacy. Any rules relating to dispensing or distribution of controlled substances by prescription or prescription drug orders under this section shall be subject to the approval of the department of health and senior services and the state board of pharmacy. In order to take effect, such rules shall be approved by a majority vote of a quorum of each board. 5. The state board of registration for the healing arts shall not deny, revoke, suspend or otherwise take disciplinary action against a physician for health care services delegated to a registered professional nurse

provided the provisions of this section and the rules promulgated thereunder are satisfied. Upon the written request of a physician subject to a disciplinary action imposed as a result of an agreement between a physician and a registered professional nurse or registered physician assistant, whether written or not, prior to August 28, 1993, all records of such disciplinary licensure action and all records pertaining to the filing, investigation or review of an alleged violation of this chapter incurred as a result of such an agreement shall be removed from the records of the state board of registration for the healing arts and the division of professional registration and shall not be disclosed to any public or private entity seeking such information from the board or the division. The state board of registration for the healing arts shall take action to correct reports of alleged violations and disciplinary actions as described in this section which have been submitted to the National Practitioner Data Bank. In subsequent applications or representations relating to his medical practice, a physician completing forms or documents shall not be required to report any actions of the state board of registration for the healing arts for which the records are subject to removal under this section.

6. Within thirty days of any change and on each renewal, the state board of registration for the healing arts shall require every physician to identify whether the physician is engaged in any collaborative practice agreement, including collaborative practice agreements delegating the authority to prescribe controlled substances, or physician assistant agreement and also report to the board the name of each licensed professional with whom the physician has entered into such agreement. The board may make this information available to the public. The board shall track the reported information and may routinely conduct random reviews of such agreements to ensure that agreements are carried out for compliance under this chapter.

7. Notwithstanding any law to the contrary, a certified registered nurse anesthetist as defined in subdivision (8) of section 335.016 shall be permitted to provide anesthesia services without a collaborative practice arrangement provided that he or she is under the supervision of an anesthesiologist or other physician, dentist, or podiatrist who is immediately available if needed. Nothing in this subsection shall be construed to prohibit or prevent a certified registered nurse anesthetist as defined in subdivision (8) of section 335.016 from entering into a collaborative practice arrangement under this section, except that the collaborative practice arrangement may not delegate the authority to prescribe any controlled substances listed in Schedules III, IV, and V of section 195.017, or Schedule II - hydrocodone.

8. A collaborating physician shall not enter into a collaborative practice arrangement with more than three full-time equivalent advanced practice registered nurses. This limitation shall not apply to collaborative arrangements of hospital employees providing inpatient care service in hospitals as defined in chapter 197 or population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008.

9. It is the responsibility of the collaborating physician to determine and document the completion of at least a one-month period of time during which the advanced practice registered nurse shall practice with the collaborating physician continuously present before practicing in a setting where the collaborating physician is not continuously present. This limitation shall not apply to collaborative arrangements of providers of population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008, **nor to collaborative arrangements between a physician and an advanced practice registered nurse, if the collaborative physician is new to a patient population to which the collaborating advanced practice registered nurse, physician assistant, or assistant physician is already familiar.**

10. No agreement made under this section shall supersede current hospital licensing regulations

governing hospital medication orders under protocols or standing orders for the purpose of delivering inpatient or emergency care within a hospital as defined in section 197.020 if such protocols or standing orders have been approved by the hospital's medical staff and pharmaceutical therapeutics committee.

11. No contract or other agreement shall require a physician to act as a collaborating physician for an advanced practice registered nurse against the physician's will. A physician shall have the right to refuse to act as a collaborating physician, without penalty, for a particular advanced practice registered nurse. No contract or other agreement shall limit the collaborating physician's ultimate authority over any protocols or standing orders or in the delegation of the physician's authority to any advanced practice registered nurse, but this requirement shall not authorize a physician in implementing such protocols, standing orders, or delegation to violate applicable standards for safe medical practice established by hospital's medical staff.

12. No contract or other agreement shall require any advanced practice registered nurse to serve as a collaborating advanced practice registered nurse for any collaborating physician against the advanced practice registered nurse's will. An advanced practice registered nurse shall have the right to refuse to collaborate, without penalty, with a particular physician.

supervising physician, without penalty, for a particular physician assistant. 12. Physician assistants shall file with the board a copy of their supervising physician form.

13. No physician shall be designated to serve as supervising physician for more than three full-time equivalent licensed physician assistants. HOUSE AMENDMENT NO. 3

Amend House Committee Substitute for Senate Substitute for Senate Committee Substitute for Senate Bill No. 572, Page 5, Section 67.398, Line 37, by inserting after all of said section and line the following:

“67.1790. 1. The governing body of any county of the first classification with more than two hundred sixty thousand but fewer than three hundred thousand inhabitants or any city within such county may impose by order or ordinance a sales tax on all retail sales made within the county or city that are subject to sales tax under chapter 144 for the purpose of funding early childhood education programs in the county or city. The tax shall not exceed one quarter of one percent and shall be imposed solely for the purpose of funding early childhood education programs in the county or city. The tax authorized in this section shall be in addition to all other sales taxes imposed by law and shall be stated separately from all other charges and taxes. The order or ordinance imposing a sales tax under this section shall not become effective unless the governing body of the county or city submits to the voters residing within the county or city, at a general election, a proposal to authorize the governing body of the county or city to impose a tax under this section.

2. The question of whether the tax authorized by this section shall be imposed shall be submitted in substantially the following form:

OFFICIAL BALLOT

Shall (name of county/city) impose a (countywide/citywide) sales tax at a rate of (insert rate) percent for the purpose of funding early childhood education in the county or city?

YES

NO

If you are in favor of the question, place an “X” in the box opposite “YES”. If you are opposed to the question, place an “X” in the box opposite “NO”.

If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the question, the order or ordinance shall become effective on the first day of the second calendar quarter after the director of revenue receives notice of the adoption of the tax. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the question, the county or city may not impose the sales tax authorized under this section unless and until the question is resubmitted under this section to the qualified voters and such question is approved by a majority of the qualified voters voting on the question.

3. On or after the effective date of any tax authorized under this section, the county or city that imposed the tax shall enter into an agreement with the director of the department of revenue for the purpose of collecting the tax authorized in this section. On or after the effective date of the tax the director of revenue shall be responsible for the administration, collection, enforcement, and operation of the tax, and sections 32.085 and 32.087 shall apply. All revenue collected under this section by the

director of the department of revenue on behalf of any county or city, except for one percent for the cost of collection which shall be deposited in the state’s general revenue fund, shall be deposited in a special trust fund, which is hereby created and shall be known as the “Early Childhood Education Sales Tax Trust Fund” and shall be used solely for the designated purposes. Moneys in the fund shall not be deemed to be state funds and shall not be commingled with any funds of the state. The director may make refunds from the amounts in the trust fund and credited to the county or city for erroneous payments and overpayments made and may redeem dishonored checks and drafts deposited to the credit of such county or city. Any funds in the special trust fund that are not needed for current expenditures shall be invested in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

4. In order to permit sellers required to collect and report the sales tax to collect the amount required to be reported and remitted, but not to change the requirements of reporting or remitting the tax, or to serve as a levy of the tax, and in order to avoid fractions of pennies, the governing body of the county or city may authorize the use of a bracket system similar to that authorized under section 144.285, and notwithstanding the provisions of that section, this new bracket system shall be used where this tax is imposed and shall apply to all taxable transactions. Beginning with the effective date of the tax, every retailer in the county or city shall add the sales tax to the sale price, and this tax shall be a debt of the purchaser to the retailer until paid and shall be recoverable at law in the same manner as the purchase price. For purposes of this section, all retail sales shall be deemed to be consummated at the place of business of the retailer.

5. All applicable provisions under sections 144.010 to 144.525 governing the state sales tax, and section 32.057, the uniform confidentiality provision, shall apply to the collection of the tax, and all exemptions granted to agencies of government, organizations, and persons under sections 144.010 to 144.525 are hereby made applicable to the imposition and collection of the tax. The same sales tax permit, exemption certificate, and retail certificate required under sections 144.010 to 144.525 for the administration and collection of the state sales tax shall satisfy the requirements of this section, and no additional permit or exemption certificate or retail certificate shall be required; except that, the director of revenue may prescribe a form of exemption certificate for an exemption from the tax. All discounts allowed the retailer under the state sales tax for the collection of and for payment of taxes are hereby allowed and made applicable to the tax. The penalties for violations provided under section 32.057 and sections 144.010 to 144.525 are hereby made applicable to violations of this section. If any person is delinquent in the payment of the amount required to be paid under this section, or in the event a determination has been made against the person for taxes and penalty under this section, the limitation for bringing suit for the collection of the delinquent tax and penalty shall be the same as that provided under sections 144.010 to 144.525.

6. The governing body of any county or city that has adopted the sales tax authorized in this section may submit the question of repeal of the tax to the voters at a general election. The ballot of submission shall be in substantially the following form:

Shall (insert the name of the county or city) repeal the sales tax imposed at a rate of (insert rate) percent for the purpose of funding early childhood education in the county or city?

YES

NO

If you are in favor of the question, place an “X” in the box opposite “YES”. If you are opposed to the

question, place an “X” in the box opposite “NO”.

If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of repeal, that repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the sales tax authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters and the repeal is approved by a majority of the qualified voters voting on the question.

7. Whenever the governing body of any county or city that has adopted the sales tax authorized in this section receives a petition, signed by ten percent of the registered voters of the county or city voting in the last gubernatorial election, calling for an election to repeal the sales tax imposed under this section, the governing body shall submit to the voters of the county or city a proposal to repeal the tax. If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the repeal, the repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the sales tax authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters and the repeal is approved by a majority of the qualified voters voting on the question.

8. If the tax is repealed or terminated by any means, all funds remaining in the special trust fund shall continue to be used solely for the designated purposes, and the county or city shall notify the director of the department of revenue of the action at least thirty days before the effective date of the repeal and the director may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such county or city, the director shall remit the balance in the account to the county or city and close the account of that county or city. The director shall notify each county or city of each instance of any amount refunded or any check redeemed from receipts due the county or city.

9. The governing body of each county or city imposing the tax authorized under this section shall select an existing community task force to administer the revenue from the tax received by the county or city. Such revenue shall be expended only upon approval of an existing community task force selected by the governing body of the county or city to administer the funds and only in accordance with a budget approved by the county or city governing body.

10. Notwithstanding any other provision of law, any tax authorized under the provisions of this section shall be submitted to the voters of the taxing jurisdiction for retention or repeal every five years using the same procedure by which the imposition of the tax was voted. If a majority of the votes cast on the proposal by the qualified voters of the taxing jurisdiction voting thereon are in favor of retention, the tax shall continue in effect. If a majority of the votes cast on the proposal by the qualified voters of the taxing jurisdiction voting thereon are not in favor of retention, the tax shall be repealed and that repeal shall become effective December thirty-first of the calendar year in which such repeal was approved.”; and

HOUSE AMENDMENT NO. 2

Amend House Committee Substitute for Senate Bill No. 867, Page 1, Section A, Line 3, by inserting after all of said section and line the following:

“66.620. 1. All county sales taxes collected by the director of revenue under sections 66.600 to 66.630 on behalf of any county, less one percent for cost of collection which shall be deposited in the state’s general revenue fund after payment of premiums for surety bonds as provided in section 32.087, shall be deposited in a special trust fund, which is hereby created, to be known as the “County Sales Tax Trust Fund”. The moneys in the county sales tax trust fund shall not be deemed to be state funds and shall not be commingled with any funds of the state. The director of revenue shall keep accurate records of the amount of money in the trust fund which was collected in each county imposing a county sales tax, and the records shall be open to the inspection of officers of the county and the public. Not later than the tenth day of each month, the director of revenue shall distribute all moneys deposited in the trust fund during the preceding month to the county which levied the tax; such funds shall be deposited with the [county] treasurer of the county and all expenditures of funds arising from the county sales tax trust fund shall be by an appropriation act to be enacted by the legislative council of the county, and to the cities, towns and villages located wholly or partly within the county which levied the tax in the manner as set forth in sections 66.600 to 66.630.

2. In any county not adopting an additional sales tax and alternate distribution system as provided in section 67.581, for the purposes of distributing the county sales tax, the county shall be divided into two groups, “Group A” and “Group B”. Group A shall consist of all cities, towns and villages which are located wholly or partly within the county which levied the tax and which had a city sales tax in effect under the provisions of sections 94.500 to 94.550 on the day prior to the adoption of the county sales tax ordinance, except that beginning January 1, 1980, group A shall consist of all cities, towns and villages which are located wholly or partly within the county which levied the tax and which had a city sales tax approved by the voters of such city under the provisions of sections 94.500 to 94.550 on the day prior to the effective date of the county sales tax. For the purposes of determining the location of consummation of sales for distribution of funds to cities, towns and villages in group A, the boundaries of any such city, town or village shall be the boundary of that city, town or village as it existed on March 19, 1984. Group B shall consist of all cities, towns and villages which are located wholly or partly within the county which levied the tax and which did not have a city sales tax in effect under the provisions of sections 94.500 to 94.550 on the day prior to the adoption of the county sales tax ordinance, and shall also include all unincorporated areas of the county which levied the tax; except that, beginning January 1, 1980, group B shall consist of all cities, towns and villages which are located wholly or partly within the county which levied the tax and which did not have a city sales tax approved by the voters of such city under the provisions of sections 94.500 to 94.550 on the day prior to the effective date of the county sales tax and shall also include all unincorporated areas of the county which levied the tax.

3. Until January 1, 1994, the director of revenue shall distribute to the cities, towns and villages in group A the taxes based on the location in which the sales were deemed consummated under section 66.630 and subsection 12 of section 32.087. Except for distribution governed by section 66.630, after deducting the distribution to the cities, towns and villages in group A, the director of revenue shall distribute the remaining funds in the county sales tax trust fund to the cities, towns and villages and the county in group B as follows: To the county which levied the tax, a percentage of the distributable revenue equal to the percentage ratio

that the population of the unincorporated areas of the county bears to the total population of group B; and to each city, town or village in group B located wholly within the taxing county, a percentage of the distributable revenue equal to the percentage ratio that the population of such city, town or village bears to the total population of group B; and to each city, town or village located partly within the taxing county, a percentage of the distributable revenue equal to the percentage ratio that the population of that part of the city, town or village located within the taxing county bears to the total population of group B.

4. From [and after] January 1, 1994, **until December 31, 2016**, the director of revenue shall distribute to the cities, towns and villages in group A a portion of the taxes based on the location in which the sales were deemed consummated under section 66.630 and subsection 12 of section 32.087 in accordance with the formula described in this subsection **and in subsection 6**. After deducting the distribution to the cities, towns and villages in group A, the director of revenue shall distribute funds in the county sales tax trust fund to the cities, towns and villages and the county in group B as follows: To the county which levied the tax, ten percent multiplied by the percentage of the population of unincorporated county which has been annexed or incorporated since April 1, 1993, multiplied by the total of all sales tax revenues countywide, and a percentage of the remaining distributable revenue equal to the percentage ratio that the population of unincorporated areas of the county bears to the total population of group B; and to each city, town or village in group B located wholly within the taxing county, a percentage of the remaining distributable revenue equal to the percentage ratio that the population of such city, town or village bears to the total population of group B; and to each city, town or village located partly within the taxing county, a percentage of the remaining distributable revenue equal to the percentage ratio that the population of that part of the city, town or village located within the taxing county bears to the total population of group B.

5. **(1) From and after January 1, 2017, in each year in which the total revenues from the county sales tax collected under sections 66.600 to 66.630 in the previous calendar year is less than or equal to the amount of such revenues which were collected in the calendar year 2014, the director of revenue shall distribute to the cities, towns, and villages in group A and the cities, towns, and villages, and the county in group B, the amounts required to be distributed under the formula described in subsection 4 and in subsection 6 of this section. From and after January 1, 2017, in each year in which the total revenues from the county sales tax collected under sections 66.600 to 66.630 in the previous calendar year is greater than the amount of such revenues which were collected in the calendar year 2014, the director of revenue shall distribute to the cities, towns, and villages in group A a portion of the taxes based on the location in which the sales were deemed consummated under section 66.630 and subsection 12 of section 32.087, in accordance with the formula described in this subsection and in subsection 6. After deducting the distribution to the cities, towns, and villages in group A, the director of revenue shall, subject to the limitation described in subdivision (2) of this subsection, distribute funds in the county sales tax trust fund to the cities, towns, and villages, and the county in group B as follows: to the county which levied the tax, ten percent multiplied by the percentage of the population of unincorporated county which has been annexed or incorporated since April 1, 1993, multiplied by the total of all sales tax revenues countywide, and a percentage of the remaining distributable revenue equal to the percentage ratio that the population of unincorporated areas of the county bears to the total population of group B as adjusted such that no city, town, or village in group B shall receive a distribution that is less than fifty percent of the amount of taxes generated within such city, town, or village based on the location in which the sales were deemed consummated under section 66.630 and subsection 12 of section 32.087; and to each city, town, or village in group B located wholly within the taxing county, a percentage of the remaining distributable revenue equal to the**

percentage ratio that the population of such city, town, or village bears to the total population of group B, as adjusted such that no city, town, or village in group B shall receive a distribution that is less than fifty percent of the amount of taxes generated within such city, town, or village based on the location in which the sales were deemed consummated under section 66.630 and subsection 12 of section 32.087; and to each city, town, or village located partly within the taxing county, a percentage of the remaining distributable revenue equal to the percentage ratio that the population of that part of the city, town, or village located within the taxing county bears to the total population of group B, as adjusted such that no city, town, or village in group B shall receive a distribution that is less than fifty percent of the amount of taxes generated within such city, town, or village based on the location in which the sales were deemed consummated under section 66.630 and subsection 12 of section 32.087.

(2) For purposes of making any adjustment required by this subsection, the director of revenue shall, prior to any distribution to the county or to each city, town, or village in group B located wholly or partly within the taxing county, identify each city, town, or village in group B located wholly or partly within the taxing county that would receive a distribution that is less than fifty percent of the amount of taxes generated within such city, town, or village based on the location in which the sales were deemed consummated under section 66.630 and subsection 12 of section 32.087 if no adjustments were made and calculate the difference between the amount that the distribution to each such city, town, or village would have been without any adjustment and the amount that equals fifty percent of the amount of taxes generated within such city, town, or village based on the location in which the sales were deemed consummated under section 66.630 and subsection 12 of section 32.087. Thereafter, the director of revenue shall determine the amount of any adjustment under this subsection as follows:

(a) If the aggregate amount of the difference calculated in accordance with this subsection is less than or equal to the aggregate increase in the remaining distributable revenue for the applicable period in the current calendar year over the remaining distributable revenue for the corresponding period in the calendar year 2014, the director of revenue shall deduct the amount of such difference from the remaining distributable revenue and distribute an allocable portion of the amount of such difference to each city, town, or village that would otherwise have received a distribution that is less than fifty percent of the amount of taxes generated within such city, town, or village based on the location in which the sales were deemed consummated under section 66.630 and subsection 12 of section 32.087 if no adjustment were made, such that each such city, town, or village receives a distribution that is equal to fifty percent of the amount of taxes generated within such city, town, or village based on the location in which the sales were deemed consummated under section 66.630 and subsection 12 of section 32.087;

(b) If, however, the aggregate amount of the difference calculated in accordance with this subsection is greater than the aggregate increase in the remaining distributable revenue for the applicable period in the current calendar year over the remaining distributable revenue for the corresponding period in the calendar year 2014, the director of revenue shall deduct from the remaining distributable revenue an amount equal to the difference between the remaining distributable revenue for the applicable period in the current calendar year and the remaining distributable revenue for the corresponding period in the calendar year 2014 and distribute an allocable portion of the amount of such difference to each city, town, or village that would otherwise

have received a distribution that is less than fifty percent of the amount of taxes generated within such city, town, or village based on the location in which the sales were deemed consummated under section 66.630 and subsection 12 of section 32.087 if no adjustment were made, such that each such city, town, or village receives a distribution that includes an adjustment that is proportionate to the amount of the adjustment that would otherwise have been made if such adjustment were calculated in accordance with paragraph (a) of this subsection;

(c) After determining the amount of the adjustment and making the allocation in accordance with paragraph (a) or (b) of this subsection, as applicable, the director of revenue shall thereafter distribute the remaining distributable revenue, as adjusted, to the county and to each city, town, or village in group B located wholly or partly within the taxing county in the manner provided in this subsection.

(3) For purposes of this subsection, if a city, town, or village is partly in group A and partly in group B, the director of revenue shall calculate fifty percent of the amount of taxes generated within such city, town, or village based on the location in which the sales were deemed consummated under section 66.630 and subsection 12 of section 32.087 by multiplying fifty percent by the amount of all county sales taxes collected by the director of revenue under sections 66.600 to 66.630, less one percent for cost of collection, that are generated within such city, town, or village based on the location in which the sales were deemed consummated under section 66.630 and subsection 12 of section 32.087, regardless of whether such taxes are deemed consummated in group A or group B.

6. (1) For purposes of administering the distribution formula of [subsection] subsections 4 and 5 of this section, the revenues arising each year from sales occurring within each group A city, town or village shall be distributed as follows: Until such revenues reach the adjusted county average, as hereinafter defined, there shall be distributed to the city, town or village all of such revenues reduced by the percentage which is equal to ten percent multiplied by the percentage of the population of unincorporated county which has been annexed or incorporated after April 1, 1993; and once revenues exceed the adjusted county average, total revenues shall be shared in accordance with the redistribution formula as defined in this subsection.

(2) For purposes of this subsection, the “adjusted county average” is the per capita countywide average of all sales tax distributions during the prior calendar year reduced by the percentage which is equal to ten percent multiplied by the percentage of the population of unincorporated county which has been annexed or incorporated after April 1, 1993; the “redistribution formula” is as follows: During 1994, each group A city, town and village shall receive that portion of the revenues arising from sales occurring within the municipality that remains after deducting therefrom an amount equal to the cumulative sales tax revenues arising from sales within the municipality multiplied by the percentage which is the sum of ten percent multiplied by the percentage of the population of unincorporated county which has been annexed or incorporated after April 1, 1993, and the percentage, if greater than zero, equal to the product of 8.5 multiplied by the logarithm (to base 10) of the product of 0.035 multiplied by the total of cumulative per capita sales taxes arising from sales within the municipality less the adjusted county average. During 1995, each group A city, town and village shall receive that portion of the revenues arising from sales occurring within the municipality that remains after deducting therefrom an amount equal to the cumulative sales tax revenues arising from sales within the municipality multiplied by the percentage which is the sum of ten percent multiplied by the percentage of the population of unincorporated county which has been annexed or incorporated after April 1, 1993, and the percentage, if greater than zero, equal to the product of seventeen multiplied by the logarithm (to base 10) of the product of 0.035 multiplied by the total of

cumulative per capita sales taxes arising from sales within the municipality less the adjusted county average. From January 1, 1996, until January 1, 2000, each group A city, town and village shall receive that portion of the revenues arising from sales occurring within the municipality that remains after deducting therefrom an amount equal to the cumulative sales tax revenues arising from sales within the municipality multiplied by the percentage which is the sum of ten percent multiplied by the percentage of the population of unincorporated county which has been annexed or incorporated after April 1, 1993, and the percentage, if greater than zero, equal to the product of 25.5 multiplied by the logarithm (to base 10) of the product of 0.035 multiplied by the total of cumulative per capita sales taxes arising from sales within the municipality less the adjusted county average. From and after January 1, 2000, the distribution formula covering the period from January 1, 1996, until January 1, 2000, shall continue to apply, except that the percentage computed for sales arising within the municipalities shall be not less than 7.5 percent for municipalities within which sales tax revenues exceed the adjusted county average, nor less than 12.5 percent for municipalities within which sales tax revenues exceed the adjusted county average by at least twenty-five percent.

(3) For purposes of applying the redistribution formula to a municipality which is partly within the county levying the tax, the distribution shall be calculated alternately for the municipality as a whole, except that the factor for annexed portion of the county shall not be applied to the portion of the municipality which is not within the county levying the tax, and for the portion of the municipality within the county levying the tax. Whichever calculation results in the larger distribution to the municipality shall be used.

(4) Notwithstanding any other provision of this section, the fifty percent of additional sales taxes as described in section 99.845 arising from economic activities within the area of a redevelopment project established after July 12, 1990, pursuant to sections 99.800 to 99.865, while tax increment financing remains in effect shall be deducted from all calculations of countywide sales taxes, shall be distributed directly to the municipality involved, and shall be disregarded in calculating the amounts distributed or distributable to the municipality. Further, any agreement, contract or covenant entered into prior to July 12, 1990, between a municipality and any other political subdivision which provides for an appropriation of incremental sales tax revenues to the special allocation fund of a tax increment financing project while tax increment financing remains in effect shall continue to be in full force and effect and the sales taxes so appropriated shall be deducted from all calculations of countywide sales taxes, shall be distributed directly to the municipality involved, and shall be disregarded in calculating the amounts distributed or distributable to the municipality. In addition, and notwithstanding any other provision of this chapter to the contrary, economic development funds shall be distributed in full to the municipality in which the sales producing them were deemed consummated. Additionally, economic development funds shall be deducted from all calculations of countywide sales taxes and shall be disregarded in calculating the amounts distributed or distributable to the municipality. As used in this subdivision, the term “economic development funds” means the amount of sales tax revenue generated in any fiscal year by projects authorized pursuant to chapter 99 or chapter 100 in connection with which such sales tax revenue was pledged as security for, or was guaranteed by a developer to be sufficient to pay, outstanding obligations under any agreement authorized by chapter 100, entered into or adopted prior to September 1, 1993, between a municipality and another public body. The cumulative amount of economic development funds allowed under this provision shall not exceed the total amount necessary to amortize the obligations involved.

[6.] 7. If the qualified voters of any city, town or village vote to change or alter its boundaries by annexing any unincorporated territory included in group B or if the qualified voters of one or more city,

town or village in group A and the qualified voters of one or more city, town or village in group B vote to consolidate, the area annexed or the area consolidated which had been a part of group B shall remain a part of group B after annexation or consolidation. After the effective date of the annexation or consolidation, the annexing or consolidated city, town or village shall receive a percentage of the group B distributable revenue equal to the percentage ratio that the population of the annexed or consolidated area bears to the total population of group B and such annexed area shall not be classified as unincorporated area for determination of the percentage allocable to the county. If the qualified voters of any two or more cities, towns or villages in group A each vote to consolidate such cities, towns or villages, then such consolidated cities, towns or villages shall remain a part of group A. For the purpose of sections 66.600 to 66.630, population shall be as determined by the last federal decennial census or the latest census that determines the total population of the county and all political subdivisions therein. For the purpose of calculating the adjustment based on the percentage of unincorporated county population which is annexed after April 1, 1993, the accumulated percentage immediately before each census shall be used as the new percentage base after such census. After any annexation, incorporation or other municipal boundary change affecting the unincorporated area of the county, the chief elected official of the county shall certify the new population of the unincorporated area of the county and the percentage of the population which has been annexed or incorporated since April 1, 1993, to the director of revenue. After the adoption of the county sales tax ordinance, any city, town or village in group A may by adoption of an ordinance by its governing body cease to be a part of group A and become a part of group B. Within ten days after the adoption of the ordinance transferring the city, town or village from one group to the other, the clerk of the transferring city, town or village shall forward to the director of revenue, by registered mail, a certified copy of the ordinance. Distribution to such city as a part of its former group shall cease and as a part of its new group shall begin on the first day of January of the year following notification to the director of revenue, provided such notification is received by the director of revenue on or before the first day of July of the year in which the transferring ordinance is adopted. If such notification is received by the director of revenue after the first day of July of the year in which the transferring ordinance is adopted, then distribution to such city as a part of its former group shall cease and as a part of its new group shall begin the first day of July of the year following such notification to the director of revenue. Once a group A city, town or village becomes a part of group B, such city may not transfer back to group A.

[7.] **8.** If any city, town or village shall hereafter change or alter its boundaries, the city clerk of the municipality shall forward to the director of revenue, by registered mail, a certified copy of the ordinance adding or detaching territory from the municipality. The ordinance shall reflect the effective date thereof, and shall be accompanied by a map of the municipality clearly showing the territory added thereto or detached therefrom. Upon receipt of the ordinance and map, the tax imposed by sections 66.600 to 66.630 shall be redistributed and allocated in accordance with the provisions of this section on the effective date of the change of the municipal boundary so that the proper percentage of group B distributable revenue is allocated to the municipality in proportion to any annexed territory. If any area of the unincorporated county elects to incorporate subsequent to the effective date of the county sales tax as set forth in sections 66.600 to 66.630, the newly incorporated municipality shall remain a part of group B. The city clerk of such newly incorporated municipality shall forward to the director of revenue, by registered mail, a certified copy of the incorporation election returns and a map of the municipality clearly showing the boundaries thereof. The certified copy of the incorporation election returns shall reflect the effective date of the incorporation. Upon receipt of the incorporation election returns and map, the tax imposed by sections 66.600 to 66.630 shall be distributed and allocated in accordance with the provisions of this section on the effective date of the

incorporation.

[8.] **9.** The director of revenue may authorize the state treasurer to make refunds from the amounts in the trust fund and credited to any county for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such counties. If any county abolishes the tax, the county shall notify the director of revenue of the action at least ninety days prior to the effective date of the repeal and the director of revenue may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such county, the director of revenue shall remit the balance in the account to the county and close the account of that county. The director of revenue shall notify each county of each instance of any amount refunded or any check redeemed from receipts due the county.

[9.] **10.** Except as modified in sections 66.600 to 66.630, all provisions of sections 32.085 and 32.087 shall apply to the tax imposed under sections 66.600 to 66.630.”; and

Further amend said bill, Page 16, Section 99.845, Line 335, by inserting after all of said section and line the following:

“94.860. 1. Notwithstanding the provisions of subsection 1 of section 67.582, the governing body of a charter county with a population of nine hundred fifty thousand or more is authorized to impose by ordinance a sales tax in the amount of up to one-half of one percent on all retail sales made in the part of the county outside of incorporated cities, towns, and villages which are subject to taxation pursuant to sections 144.010 to 144.525 for the purpose of providing law enforcement services to such county. The tax authorized by this section shall be in addition to any and all other sales taxes allowed by law, except that no ordinance imposing a sales tax pursuant to this section shall be effective unless the governing body of the county submits to the voters residing in the part of the county outside of incorporated cities, towns, and villages, at a county or state general, primary, or special election, a proposal to authorize the governing body of the county to impose a tax.

2. The ballot submission for the proposal to authorize imposition of the tax authorized by this section shall contain substantially the following language:

Shall (insert the name of the charter county) impose a sales tax of (insert sales tax amount) in the part of (insert the name of the charter county) outside of incorporated cities, towns, and villages for the purpose of providing law enforcement services for the county?

YES

NO

If you are in favor of the question, place an “X” in the box opposite “YES”. If you are opposed to the question, place an “X” in the box opposite “NO”.

If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal submitted pursuant to this subsection, then the ordinance and any amendments thereto shall be in effect on the first day of the second quarter immediately following the election approving the proposal. If a proposal receives less than the required majority, then the governing body of the county shall have no power to impose the sales tax herein authorized unless and until the governing body of the county shall again have submitted another proposal to authorize the governing body of the county to impose the sales tax authorized by this section and such proposal is approved by the

required majority of the qualified voters voting thereon. However, in no event shall a proposal pursuant to this section be submitted sooner than thirty-six months from the date of the last proposal pursuant to this section. If a majority of the voters fail to approve such proposal the second time offered, then the governing body of the county shall have no power to impose the sales tax authorized by this section or submit such proposal to the qualified voters a third time.

3. The revenue received by a county treasurer from the tax authorized under the provisions of this section shall be deposited in a special trust fund and used solely for providing law enforcement services in the part of the county outside of incorporated cities, towns, and villages, for so long as the tax shall remain in effect. Revenue placed in the special trust fund may also be utilized for capital improvement projects for law enforcement facilities serving the part of the county outside of incorporated cities, towns, and villages. Any funds in such special trust fund which are not needed for current expenditures may be invested by the governing body in accordance with applicable laws relating to the investment of other county funds.

4. The sales taxes collected by the director of revenue pursuant to this section on behalf of a charter county with a population of nine hundred fifty thousand or more shall be deposited in the "County Law Enforcement Sales Tax Trust Fund" created by subsection 5 of section 67.582, less one percent for cost of collection which shall be deposited in the state's general revenue fund after payment of premiums for surety bonds as provided in section 32.087. The moneys in the trust fund shall not be deemed to be state funds and shall not be commingled with any funds of the state. The director of revenue shall keep accurate records of the amount of money in the trusts and which were collected in each county imposing a sales tax under this section, and the records shall be open to the inspection of the officers of the county and the public. Not later than the tenth day of each month the director of revenue shall distribute all moneys deposited in the trust fund during each month to the county which levied the tax; such funds shall be deposited with the county treasurer of each such county, and all expenditures of funds arising from the tax authorized by this section shall be by an appropriation act to be enacted by the governing body of each such county. Expenditures may be made from the funds for any functions authorized in the ordinance adopted by the governing body submitting the tax to the voters.

5. The director of revenue may authorize the state treasurer to make refunds from the amounts in the trust fund and credited to any county for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such counties. If any county abolishes the tax, the county shall notify the director of revenue of the action at least ninety days before the effective date of the repeal and the director of revenue may order retention in the appropriate trust fund, for a period of one year, or two percent of the amount collected after receipt of such notice to cover possible refunds and overpayments of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the abolition of the tax in such county, the director of revenue shall remit the balance in the account to the county and close the accounts of that county established pursuant to this section. The director of revenue shall notify each county of each instance of any amount refunded or any check redeemed from the receipts due to the county.

6. Except as modified in this section, all provisions of sections 32.085 and 32.087 shall apply to the tax imposed pursuant to this section."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

HOUSE AMENDMENT NO. 3

Amend House Committee Substitute for Senate Bill No. 867, Pages 16 to 21, Section 137.115, Line 1-187, by removing all of said section from the bill and inserting in lieu thereof the following:

“137.115. 1. All other laws to the contrary notwithstanding, the assessor or the assessor’s deputies in all counties of this state including the city of St. Louis shall annually make a list of all real and tangible personal property taxable in the assessor’s city, county, town or district. Except as otherwise provided in subsection 3 of this section and section 137.078, the assessor shall annually assess all personal property at thirty-three and one-third percent of its true value in money as of January first of each calendar year. The assessor shall annually assess all real property, including any new construction and improvements to real property, and possessory interests in real property at the percent of its true value in money set in subsection 5 of this section. The true value in money of any possessory interest in real property in subclass (3), where such real property is on or lies within the ultimate airport boundary as shown by a federal airport layout plan, as defined by 14 CFR 151.5, of a commercial airport having a FAR Part 139 certification and owned by a political subdivision, shall be the otherwise applicable true value in money of any such possessory interest in real property, less the total dollar amount of costs paid by a party, other than the political subdivision, towards any new construction or improvements on such real property completed after January 1, 2008, and which are included in the above-mentioned possessory interest, regardless of the year in which such costs were incurred or whether such costs were considered in any prior year. The assessor shall annually assess all real property in the following manner: new assessed values shall be determined as of January first of each odd-numbered year and shall be entered in the assessor’s books; those same assessed values shall apply in the following even-numbered year, except for new construction and property improvements which shall be valued as though they had been completed as of January first of the preceding odd-numbered year. The assessor may call at the office, place of doing business, or residence of each person required by this chapter to list property, and require the person to make a correct statement of all taxable tangible personal property owned by the person or under his or her care, charge or management, taxable in the county. On or before January first of each even-numbered year, the assessor shall prepare and submit a two-year assessment maintenance plan to the county governing body and the state tax commission for their respective approval or modification. The county governing body shall approve and forward such plan or its alternative to the plan to the state tax commission by February first. If the county governing body fails to forward the plan or its alternative to the plan to the state tax commission by February first, the assessor’s plan shall be considered approved by the county governing body. If the state tax commission fails to approve a plan and if the state tax commission and the assessor and the governing body of the county involved are unable to resolve the differences, in order to receive state cost-share funds outlined in section 137.750, the county or the assessor shall petition the administrative hearing commission, by May first, to decide all matters in dispute regarding the assessment maintenance plan. Upon agreement of the parties, the matter may be stayed while the parties proceed with mediation or arbitration upon terms agreed to by the parties. The final decision of the administrative hearing commission shall be subject to judicial review in the circuit court of the county involved. In the event a valuation of subclass (1) real property within any county with a charter form of government, or within a city not within a county, is made by a computer, computer-assisted method or a computer program, the burden of proof, supported by clear, convincing and cogent evidence to sustain such valuation, shall be on the assessor at any hearing or appeal. In any such county, unless the assessor proves otherwise, there shall be a presumption that the assessment was made

by a computer, computer-assisted method or a computer program. Such evidence shall include, but shall not be limited to, the following:

(1) The findings of the assessor based on an appraisal of the property by generally accepted appraisal techniques; and

(2) The purchase prices from sales of at least three comparable properties and the address or location thereof. As used in this subdivision, the word "comparable" means that:

(a) Such sale was closed at a date relevant to the property valuation; and

(b) Such properties are not more than one mile from the site of the disputed property, except where no similar properties exist within one mile of the disputed property, the nearest comparable property shall be used. Such property shall be within five hundred square feet in size of the disputed property, and resemble the disputed property in age, floor plan, number of rooms, and other relevant characteristics.

2. Assessors in each county of this state and the city of St. Louis may send personal property assessment forms through the mail.

3. The following items of personal property shall each constitute separate subclasses of tangible personal property and shall be assessed and valued for the purposes of taxation at the following percentages of their true value in money:

(1) Grain and other agricultural crops in an unmanufactured condition, one-half of one percent;

(2) Livestock, twelve percent;

(3) Farm machinery, twelve percent;

(4) Motor vehicles which are eligible for registration as and are registered as historic motor vehicles pursuant to section 301.131 and aircraft which are at least twenty-five years old and which are used solely for noncommercial purposes and are operated less than [fifty] **two hundred fifty** hours per year or aircraft that are home built from a kit, five percent;

(5) Poultry, twelve percent; and

(6) Tools and equipment used for pollution control and tools and equipment used in retooling for the purpose of introducing new product lines or used for making improvements to existing products by any company which is located in a state enterprise zone and which is identified by any standard industrial classification number cited in subdivision [(6)] **(5)** of section 135.200, twenty-five percent.

4. The person listing the property shall enter a true and correct statement of the property, in a printed blank prepared for that purpose. The statement, after being filled out, shall be signed and either affirmed or sworn to as provided in section 137.155. The list shall then be delivered to the assessor.

5. All subclasses of real property, as such subclasses are established in Section 4(b) of Article X of the Missouri Constitution and defined in section 137.016, shall be assessed at the following percentages of true value:

(1) For real property in subclass (1), nineteen percent;

(2) For real property in subclass (2), twelve percent; and

(3) For real property in subclass (3), thirty-two percent.

6. Manufactured homes, as defined in section 700.010, which are actually used as dwelling units shall be assessed at the same percentage of true value as residential real property for the purpose of taxation. The percentage of assessment of true value for such manufactured homes shall be the same as for residential real property. If the county collector cannot identify or find the manufactured home when attempting to attach the manufactured home for payment of taxes owed by the manufactured home owner, the county collector may request the county commission to have the manufactured home removed from the tax books, and such request shall be granted within thirty days after the request is made; however, the removal from the tax books does not remove the tax lien on the manufactured home if it is later identified or found. For purposes of this section, a manufactured home located in a manufactured home rental park, rental community or on real estate not owned by the manufactured home owner shall be considered personal property. For purposes of this section, a manufactured home located on real estate owned by the manufactured home owner may be considered real property.

7. Each manufactured home assessed shall be considered a parcel for the purpose of reimbursement pursuant to section 137.750, unless the manufactured home is **deemed to be** real estate [as defined in] **under** subsection 7 of section 442.015 and assessed as a realty improvement to the existing real estate parcel.

8. Any amount of tax due and owing based on the assessment of a manufactured home shall be included on the personal property tax statement of the manufactured home owner unless the manufactured home is **deemed to be** real estate [as defined in] **under** subsection 7 of section 442.015, in which case the amount of tax due and owing on the assessment of the manufactured home as a realty improvement to the existing real estate parcel shall be included on the real property tax statement of the real estate owner.

9. The assessor of each county and each city not within a county shall use the trade-in value published in the October issue of the National Automobile Dealers' Association Official Used Car Guide, or its successor publication, as the recommended guide of information for determining the true value of motor vehicles described in such publication. The assessor shall not use a value that is greater than the average trade-in value in determining the true value of the motor vehicle without performing a physical inspection of the motor vehicle. For vehicles two years old or newer from a vehicle's model year, the assessor may use a value other than average without performing a physical inspection of the motor vehicle. In the absence of a listing for a particular motor vehicle in such publication, the assessor shall use such information or publications which in the assessor's judgment will fairly estimate the true value in money of the motor vehicle.

10. Before the assessor may increase the assessed valuation of any parcel of subclass (1) real property by more than fifteen percent since the last assessment, excluding increases due to new construction or improvements, the assessor shall conduct a physical inspection of such property.

11. If a physical inspection is required, pursuant to subsection 10 of this section, the assessor shall notify the property owner of that fact in writing and shall provide the owner clear written notice of the owner's rights relating to the physical inspection. If a physical inspection is required, the property owner may request that an interior inspection be performed during the physical inspection. The owner shall have no less than thirty days to notify the assessor of a request for an interior physical inspection.

12. A physical inspection, as required by subsection 10 of this section, shall include, but not be limited to, an on-site personal observation and review of all exterior portions of the land and any buildings and improvements to which the inspector has or may reasonably and lawfully gain external access, and shall

include an observation and review of the interior of any buildings or improvements on the property upon the timely request of the owner pursuant to subsection 11 of this section. Mere observation of the property via a drive-by inspection or the like shall not be considered sufficient to constitute a physical inspection as required by this section.

13. The provisions of subsections 11 and 12 of this section shall only apply in any county with a charter form of government with more than one million inhabitants.

14. A county or city collector may accept credit cards as proper form of payment of outstanding property tax or license due. No county or city collector may charge surcharge for payment by credit card which exceeds the fee or surcharge charged by the credit card bank, processor, or issuer for its service. A county or city collector may accept payment by electronic transfers of funds in payment of any tax or license and charge the person making such payment a fee equal to the fee charged the county by the bank, processor, or issuer of such electronic payment.

15. Any county or city not within a county in this state may, by an affirmative vote of the governing body of such county, opt out of the provisions of this section and sections 137.073, 138.060, and 138.100 as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, for the next year of the general reassessment, prior to January first of any year. A governing body of a city not within a county or a county that has opted out under the provisions of this subsection may choose to implement the provisions of this section and sections 137.073, 138.060, and 138.100 as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session, and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, for the next year of general reassessment, by an affirmative vote of the governing body prior to December thirty-first of any year.

16. The governing body of any city of the third classification with more than twenty-six thousand three hundred but fewer than twenty-six thousand seven hundred inhabitants located in any county that has exercised its authority to opt out under subsection 15 of this section may levy separate and differing tax rates for real and personal property only if such city bills and collects its own property taxes or satisfies the entire cost of the billing and collection of such separate and differing tax rates. Such separate and differing rates shall not exceed such city's tax rate ceiling.

17. Any portion of real property that is available as reserve for strip, surface, or coal mining for minerals for purposes of excavation for future use or sale to others that has not been bonded and permitted under chapter 444 shall be assessed based upon how the real property is currently being used. Any information provided to a county assessor, state tax commission, state agency, or political

Shall the county of (insert name of county) impose a county sales tax of (insert rate of percent) percent for the purpose of providing central dispatching of fire protection, emergency ambulance service, including emergency telephone services, and other emergency services?

If a majority of the votes cast by the qualified voters voting are opposed to the proposal, then the county commission shall have no power to impose the tax authorized by this section unless and until the county commission shall again have submitted another proposal to authorize the county commission to impose the tax under the provisions of this section, and such proposal is approved by a majority of the qualified voters voting thereon.

4. The sales tax may be imposed at a rate not to exceed one percent on the receipts from the sale at retail of all tangible personal property or taxable services at retail within any county adopting such tax, if such property and services are subject to taxation by the state of Missouri under the provisions of sections 144.010 to 144.525. The sales tax shall not be collected prior to thirty-six months before operation of the central dispatching of emergency services.

5. Except as modified in this section, all provisions of sections 32.085 and 32.087 shall apply to the tax imposed under this section.

Immediately upon the affirmative vote of voters of such a county on the ballot proposal to establish a county sales tax pursuant to the provisions of this section, the county commission shall appoint the initial members of a board to administer the funds and oversee the provision of emergency services in the county. Beginning with the general election in 1994, all board members shall be elected according to this section and other applicable laws of this state. At the time of the appointment of the initial members of the board, the commission shall relinquish and no longer exercise the duties prescribed in this chapter with regard to the provision of emergency services and such duties shall be exercised by the board.

9. The initial board shall consist of seven members appointed without regard to political affiliation, who shall be selected from, and who shall represent, the fire protection districts, ambulance districts, sheriff's department, municipalities, any other emergency services and the general public. This initial board shall serve until its successor board is duly elected and installed in office. 10. Beginning in 1994, three members shall be elected from each district of the county commission and one member shall be elected at large, such member to be the chairman of the board. Of those first elected, four members from districts of the county commission shall be elected for terms of two years and two members from districts of the county commission and the member at large shall be elected for terms of four years. Such boards which existed prior to August 25, 2010, shall not be considered a body corporate and a political subdivision of the state for any purpose, unless and until an order is entered upon an unanimous vote of the commissioners of the county in which such board is established reclassifying such board as a corporate body and political subdivision of the state. The order shall approve the transfer of the assets and liabilities related to the operation of the emergency service 911 system to the new entity created by the reclassification of the board.

HOUSE AMENDMENT NO. 12

Amend House Committee Substitute for Senate Bill No. 867, Page 1, Section A, Line 3, by inserting after all of said section and line the following:

“67.1790. 1. The governing body of any county of the first classification with more than two hundred sixty thousand but fewer than three hundred thousand inhabitants or any city within such county may impose by order or ordinance a sales tax on all retail sales made within the county or city that are subject to sales tax under chapter 144 for the purpose of funding early childhood education programs in the county or city. The tax shall not exceed one quarter of one percent and shall be imposed solely for the purpose of funding early childhood education programs in the county or city. The tax authorized in this section shall be in addition to all other sales taxes imposed by law and shall be stated separately from all other charges and taxes. The order or ordinance imposing a sales tax under this section shall not become effective unless the governing body of the county or city submits to the voters residing within the county or city, at a general election, a proposal to authorize the governing body of the county or city to impose a tax under this section.

2. The question of whether the tax authorized by this section shall be imposed shall be submitted in substantially the following form:

OFFICIAL BALLOT

Shall (name of county/city) impose a (countywide/citywide) sales tax at a rate of

(insert rate) percent for the purpose of funding early childhood education in the county or city?

YES

NO

If you are in favor of the question, place an “X” in the box opposite “YES”. If you are opposed to the question, place an “X” in the box opposite “NO”.

If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the question, the order or ordinance shall become effective on the first day of the second calendar quarter after the director of revenue receives notice of the adoption of the tax. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the question, the county or city may not impose the sales tax authorized under this section unless and until the question is resubmitted under this section to the qualified voters and such question is approved by a majority of the qualified voters voting on the question.

3. On or after the effective date of any tax authorized under this section, the county or city that imposed the tax shall enter into an agreement with the director of the department of revenue for the purpose of collecting the tax authorized in this section. On or after the effective date of the tax the director of revenue shall be responsible for the administration, collection, enforcement, and operation of the tax, and sections 32.085 and 32.087 shall apply. All revenue collected under this section by the director of the department of revenue on behalf of any county or city, except for one percent for the cost of collection which shall be deposited in the state’s general revenue fund, shall be deposited in a special trust fund, which is hereby created and shall be known as the “Early Childhood Education Sales Tax Trust Fund” and shall be used solely for the designated purposes. Moneys in the fund shall not be deemed to be state funds and shall not be commingled with any funds of the state. The director may make refunds from the amounts in the trust fund and credited to the county or city for erroneous payments and overpayments made and may redeem dishonored checks and drafts deposited to the credit of such county or city. Any funds in the special trust fund that are not needed for current expenditures shall be invested in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

4. In order to permit sellers required to collect and report the sales tax to collect the amount required to be reported and remitted, but not to change the requirements of reporting or remitting the tax, or to serve as a levy of the tax, and in order to avoid fractions of pennies, the governing body of the county or city may authorize the use of a bracket system similar to that authorized under section 144.285, and notwithstanding the provisions of that section, this new bracket system shall be used where this tax is imposed and shall apply to all taxable transactions. Beginning with the effective date of the tax, every retailer in the county or city shall add the sales tax to the sale price, and this tax shall be a debt of the purchaser to the retailer until paid and shall be recoverable at law in the same manner as the purchase price. For purposes of this section, all retail sales shall be deemed to be consummated at the place of business of the retailer.

5. All applicable provisions under sections 144.010 to 144.525 governing the state sales tax, and section 32.057, the uniform confidentiality provision, shall apply to the collection of the tax, and all exemptions granted to agencies of government, organizations, and persons under sections 144.010 to 144.525 are hereby made applicable to the imposition and collection of the tax. The same sales tax permit, exemption certificate, and retail certificate required under sections 144.010 to 144.525 for the administration and collection of the state sales tax shall satisfy the requirements of this section, and

no additional permit or exemption certificate or retail certificate shall be required; except that, the director of revenue may prescribe a form of exemption certificate for an exemption from the tax. All discounts allowed the retailer under the state sales tax for the collection of and for payment of taxes are hereby allowed and made applicable to the tax. The penalties for violations provided under section 32.057 and sections 144.010 to 144.525 are hereby made applicable to violations of this section. If any person is delinquent in the payment of the amount required to be paid under this section, or in the event a determination has been made against the person for taxes and penalty under this section, the limitation for bringing suit for the collection of the delinquent tax and penalty shall be the same as that provided under sections 144.010 to 144.525.

6. The governing body of any county or city that has adopted the sales tax authorized in this section may submit the question of repeal of the tax to the voters at a general election. The ballot of submission shall be in substantially the following form:

Shall (insert the name of the county or city) repeal the sales tax imposed at a rate of (insert rate) percent for the purpose of funding early childhood education in the county or city?

YES

NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of repeal, that repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the sales tax authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters and the repeal is approved by a majority of the qualified voters voting on the question.

7. Whenever the governing body of any county or city that has adopted the sales tax authorized in this section receives a petition, signed by ten percent of the registered voters of the county or city voting in the last gubernatorial election, calling for an election to repeal the sales tax imposed under this section, the governing body shall submit to the voters of the county or city a proposal to repeal the tax. If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the repeal, the repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the sales tax authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters and the repeal is approved by a majority of the qualified voters voting on the question.

8. If the tax is repealed or terminated by any means, all funds remaining in the special trust fund shall continue to be used solely for the designated purposes, and the county or city shall notify the director of the department of revenue of the action at least thirty days before the effective date of the repeal and the director may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such county or city, the director shall remit the balance in the account to the county or city and close the account of that county or city. The director shall notify each county or city of each instance of any amount refunded or any check

redeemed from receipts due the county or city.

9. The governing body of each county or city imposing the tax authorized under this section shall select an existing community task force to administer the revenue from the tax received by the county or city. Such revenue shall be expended only upon approval of an existing community task force selected by the governing body of the county or city to administer the funds and only in accordance with a budget approved by the county or city governing body.

10. Notwithstanding any other provision of law, any tax authorized under the provisions of this section shall be submitted to the voters of the taxing jurisdiction for retention or repeal every five years using the same procedure by which the imposition of the tax was voted. If a majority of the votes cast on the proposal by the qualified voters of the taxing jurisdiction voting thereon are in favor of retention, the tax shall continue in effect. If a majority of the votes cast on the proposal by the qualified voters of the taxing jurisdiction voting thereon are not in favor of retention, the tax shall be repealed and that repeal shall become effective December thirty-first of the calendar year in which such repeal was approved.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

“137.016. 1. As used in section 4(b) of article X of the Missouri Constitution, the following terms mean:

(1) “Residential property”, all real property improved by a structure which is used or intended to be used for residential living by human occupants, vacant land in connection with an airport, land used as a golf course, manufactured home parks, **bed and breakfast inns in which the owner resides and uses as a primary residence with six or fewer rooms for rent**, and time-share units as defined in section 407.600, except to the extent such units are actually rented and subject to sales tax under subdivision (6) of subsection 1 of section 144.020, but residential property shall not include other similar facilities used primarily for transient housing. For the purposes of this section, “transient housing” means all rooms available for rent or lease for which the receipts from the rent or lease of such rooms are subject to state sales tax pursuant to subdivision (6) of subsection 1 of section 144.020;

(2) “Agricultural and horticultural property”, all real property used for agricultural purposes and devoted primarily to the raising and harvesting of crops; to the feeding, breeding and management of livestock which shall include breeding, showing, and boarding of horses; to dairying, or to any other combination thereof; and buildings and structures customarily associated with farming, agricultural, and horticultural uses. Agricultural and horticultural property shall also include land devoted to and qualifying for payments or other compensation under a soil conservation or agricultural assistance program under an agreement with an agency of the federal government. Agricultural and horticultural property shall further include land and improvements, exclusive of structures, on privately owned airports that qualify as reliever airports under the National Plan of Integrated Airports System, to receive federal airport improvement project funds through the Federal Aviation Administration. Real property classified as forest croplands shall not be agricultural or horticultural property so long as it is classified as forest croplands and shall be taxed in accordance with the laws enacted to implement section 7 of article X of the Missouri Constitution. 2. Pursuant to article X of the state constitution, any taxing district may adjust its operating levy to recoup any loss of property tax revenue, except revenues from the surtax imposed pursuant to article X, subsection 2 of section 6 of the constitution, as the result of changing the classification of structures intended to be used for residential living by human occupants which contain five or more dwelling units if such adjustment of the levy does not exceed the highest tax rate in effect subsequent to the 1980 tax year. For purposes of this section, loss in revenue shall include the difference between the revenue that would have been collected on such property under its classification prior to enactment of this section and the amount to be collected under its classification under this section. The county assessor of each county or city not within a county shall provide information to each taxing district within its boundaries regarding the difference in assessed valuation of such property as the result of such change in classification.

(2) Location of such property;

(3) Zoning classification of such property; except that, such zoning classification shall not be considered conclusive if, upon consideration of all factors, it is determined that such zoning classification does not reflect the immediate most suitable economic use of the property;

(4) Other legal restrictions on the use of such property;

(5) Availability of water, electricity, gas, sewers, street lighting, and other public services for such property;

(6) Size of such property;

(7) Access of such property to public thoroughfares; and

(8) Any other factors relevant to a determination of the immediate most suitable economic use of such property.

6. All lands classified as forest croplands shall not, for taxation purposes, be classified as subclass (1), subclass (2), or subclass (3) real property, as such classes are prescribed in section 4(b) of article X of the Missouri Constitution and defined in this section, but shall be taxed in accordance with the laws enacted to implement section 7 of article X of the Missouri Constitution.”; and

(12) Any county of the first classification with more than sixty-five thousand but fewer than seventy-five thousand inhabitants and with a county seat with more than fifteen thousand but fewer than seventeen thousand inhabitants.

2. The governing body of any county described in subsection 1 of this section may enact ordinances to provide for the abatement of a condition of any lot or land that has the presence of rubbish and trash, lumber, bricks, tin, steel, parts of derelict motorcycles, derelict cars, derelict trucks, derelict construction equipment, derelict appliances, broken furniture, or overgrown or noxious weeds in residential subdivisions or districts which may endanger public safety or which is unhealthy or unsafe and declared to be a public nuisance.

3. Any ordinance enacted pursuant to this section shall:

(1) Set forth those conditions which constitute a nuisance and which are detrimental to the health, safety, or welfare of the residents of the county;

(2) Provide for duties of inspectors with regard to those conditions which may be declared a nuisance, and shall provide for duties of the building commissioner or designated officer or officers to supervise all inspectors and to hold hearings regarding such property;

(3) Provide for service of adequate notice of the declaration of nuisance, which notice shall specify that the nuisance is to be abated, listing a reasonable time for commencement, and may provide that such notice be served either by personal service or by certified mail, return receipt requested, but if service cannot be had by either of these modes of service, then service may be had by publication. The ordinances shall further provide that the owner, occupant, lessee, mortgagee, agent, and all other persons having an interest in the property as shown by the land records of the recorder of deeds of the county wherein the property is located shall be made parties;

(4) Provide that upon failure to commence work of abating the nuisance within the time specified or upon failure to proceed continuously with the work without unnecessary delay, the building commissioner or designated officer or officers shall call and have a full and adequate hearing upon the matter before the county commission, giving the affected parties at least ten days' written notice of the hearing. Any party may be represented by counsel, and all parties shall have an opportunity to be heard. After the hearings, if evidence supports a finding that the property is a nuisance or detrimental to the health, safety, or welfare

of the residents of the county, the county commission shall issue an order making specific findings of fact, based upon competent and substantial evidence, which shows the property to be a nuisance and detrimental to the health, safety, or welfare of the residents of the county and ordering the nuisance abated. If the evidence does not support a finding that the property is a nuisance or detrimental to the health, safety, or welfare of the residents of the county, no order shall be issued.

4. Any ordinance authorized by this section may provide that if the owner fails to begin abating the nuisance within a specific time which shall not be longer than seven days of receiving notice that the nuisance has been ordered removed, the building commissioner or designated officer shall cause the condition which constitutes the nuisance to be removed. If the building commissioner or designated officer causes such condition to be removed or abated, the cost of such removal shall be certified to the county clerk or officer in charge of finance who shall cause the certified cost to be included in a special tax bill or added to the annual real estate tax bill, at the county collector's option, for the property and the certified cost shall be collected by the county collector in the same manner and procedure for collecting real estate taxes. If the certified cost is not paid, the tax bill shall be considered delinquent, and the collection of the delinquent bill shall be governed by the laws governing delinquent and back taxes. The tax bill from the date of its issuance shall be deemed a personal debt against the owner and shall also be a lien on the property until paid.

5. Nothing in this section authorizes any county to enact nuisance abatement ordinances that provide for the abatement of any condition relating to agricultural structures or agricultural operations, including but not limited to the raising of livestock or row crops.

6. No county of the first, second, third, or fourth classification shall have the power to adopt any ordinance, resolution, or regulation under this section governing any railroad company regulated by the Federal Railroad Administration.”; and

[(5)] (6) “Taxing entity” shall refer specifically to any political subdivision of this state which is authorized by the local sales tax law to impose one or more local sales taxes.

2. To the extent that sections 32.085 to 32.087 conflict with the local sales and use tax law, sections 32.085 to 32.087 shall control.

32.086. Notwithstanding any other provision of law, for all local sales and use taxes collected by the department and remitted to a political jurisdiction or taxing district, the department shall remit one percent of the amount collected to the general revenue fund to offset the cost of collection, unless

a greater amount is specified in the local sales and use tax law. The department shall not commingle the remaining amounts collected with general revenues and shall remit the remaining amounts collected to the political jurisdiction or taxing district less any credits for erroneous payments, overpayments, and dishonored checks.

32.087. 1. Within ten days after the adoption of any ordinance or order in favor of adoption of any local sales tax authorized under the local sales tax law by the voters of a taxing entity, the governing body or official of such taxing entity shall forward to the director of revenue by United States registered mail or certified mail a certified copy of the ordinance or order. [The ordinance or order shall reflect the effective date thereof.]

2. Any local sales tax so adopted shall become effective [on the first day of the second calendar quarter after the director of revenue receives notice of adoption of the local sales tax, except] as provided in subsection [18] **19** of this section, and shall be imposed on all transactions on which the Missouri state sales tax is imposed.

3. Every retailer within the jurisdiction of one or more taxing entities which has imposed one or more local sales taxes under the local sales tax law shall add all taxes so imposed along with the tax imposed by the sales tax law of the state of Missouri to the sale price and, when added, the combined tax shall constitute a part of the price, and shall be a debt of the purchaser to the retailer until paid, and shall be recoverable at law in the same manner as the purchase price. The combined rate of the state sales tax and all local sales taxes shall be the sum of the rates, multiplying the combined rate times the amount of the sale.

4. [The brackets required to be established by the director of revenue under the provisions of section 144.285 shall be based upon the sum of the combined rate of the state sales tax and all local sales taxes imposed under the provisions of the local sales tax law.

5.] (1) The ordinance or order imposing a local sales tax under the local sales tax law shall impose a tax upon all transactions upon which the Missouri state sales tax is imposed to the extent and in the manner provided in sections 144.010 to 144.525, and the rules and regulations of the director of revenue issued pursuant thereto[; except that the rate of the tax shall be the sum of the combined rate of the state sales tax or state highway use tax and all local sales taxes imposed under the provisions of the local sales tax law].

(2) Notwithstanding any other provision of law to the contrary, local taxing jurisdictions, except those in which voters have previously approved a local use tax under section 144.757, shall have placed on the ballot on or after the general election in November 2014, but no later than the general election in November 2016, whether to repeal application of the local sales tax to the titling of motor vehicles, trailers, boats, and outboard motors that are subject to state sales tax under section 144.020 and purchased from a source other than a licensed Missouri dealer. The ballot question presented to the local voters shall contain substantially the following language:

Shall the (local jurisdiction's name) discontinue applying and collecting the local sales tax on the titling of motor vehicles, trailers, boats, and outboard motors that were purchased from a source other than a licensed Missouri dealer?

Approval of this measure will result in a reduction of local revenue to provide for vital services for (local jurisdiction's name) and it will place Missouri dealers of motor vehicles, outboard motors, boats, and trailers at a competitive disadvantage to non-Missouri dealers of motor vehicles, outboard motors, boats, and trailers.

YES NO

If you are in favor of the question, place an “X” in the box opposite “YES”. If you are opposed to the question, place an “X” in the box opposite “NO”.

(3) If the ballot question set forth in subdivision (2) of this subsection receives a majority of the votes cast in favor of the proposal, or if the local taxing jurisdiction fails to place the ballot question before the voters on or before the general election in November 2016, the local taxing jurisdiction shall cease applying the local sales tax to the titling of motor vehicles, trailers, boats, and outboard motors that were purchased from a source other than a licensed Missouri dealer.

(4) In addition to the requirement that the ballot question set forth in subdivision (2) of this subsection be placed before the voters, the governing body of any local taxing jurisdiction that had previously imposed a local use tax on the use of motor vehicles, trailers, boats, and outboard motors may, at any time, place a proposal on the ballot at any election to repeal application of the local sales tax to the titling of motor vehicles, trailers, boats, and outboard motors purchased from a source other than a licensed Missouri dealer. If a majority of the votes cast by the registered voters voting thereon are in favor of the proposal to repeal application of the local sales tax to such titling, then the local sales tax shall no longer be applied to the titling of motor vehicles, trailers, boats, and outboard motors purchased from a source other than a licensed Missouri dealer. If a majority of the votes cast by the registered voters voting thereon are opposed to the proposal to repeal application of the local sales tax to such titling, such application shall remain in effect.

(5) In addition to the requirement that the ballot question set forth in subdivision (2) of this subsection be placed before the voters on or after the general election in November 2014, and on or before the general election in November 2016, whenever the governing body of any local taxing jurisdiction imposing a local sales tax on the sale of motor vehicles, trailers, boats, and outboard motors receives a petition, signed by fifteen percent of the registered voters of such jurisdiction voting in the last gubernatorial election, and calling for a proposal to be placed on the ballot at any election to repeal application of the local sales tax to the titling of motor vehicles, trailers, boats, and outboard motors purchased from a source other than a licensed Missouri dealer, the governing body shall submit to the voters of such jurisdiction a proposal to repeal application of the local sales tax to such titling. If a majority of the votes cast by the registered voters voting thereon are in favor of the proposal to repeal application of the local sales tax to such titling, then the local sales tax shall no longer be applied to the titling of motor vehicles, trailers, boats, and outboard motors purchased from a source other than a licensed Missouri dealer. If a majority of the votes cast by the registered voters voting thereon are opposed to the proposal to repeal application of the local sales tax to such titling, such application shall remain in effect.

(6) Nothing in this subsection shall be construed to authorize the voters of any jurisdiction to repeal application of any state sales or use tax.

(7) If any local sales tax on the titling of motor vehicles, trailers, boats, and outboard motors purchased from a source other than a licensed Missouri dealer is repealed, such repeal shall take effect on the first day of the second calendar quarter after the election. If any local sales tax on the titling of motor vehicles, trailers, boats, and outboard motors purchased from a source other than a licensed Missouri dealer is required to cease to be applied or collected due to failure of a local taxing jurisdiction to hold an election pursuant to subdivision (2) of this subsection, such cessation shall take effect on March 1, 2017.

[6.] 5. On and after the effective date of any local sales tax imposed under the provisions of the local sales tax law, the director of revenue shall perform all functions incident to the administration, collection,

enforcement, and operation of the tax, and the director of revenue shall collect in addition to the sales tax for the state of Missouri all additional local sales taxes authorized under the authority of the local sales tax law. All local sales taxes imposed under the local sales tax law together with all taxes imposed under the sales tax law of the state of Missouri shall be collected together and reported upon such forms and under such administrative rules and regulations as may be prescribed by the director of revenue.

[7.] **6.** All applicable provisions contained in sections 144.010 to 144.525 governing the state sales tax and section 32.057, the uniform confidentiality provision, shall apply to the collection of any local sales tax imposed under the local sales tax law except as modified by the local sales tax law.

[8.] **7.** All exemptions granted to agencies of government, organizations, persons and to the sale of certain articles and items of tangible personal property and taxable services under the provisions of sections 144.010 to 144.525, as these sections now read and as they may hereafter be amended, it being the intent of this general assembly to ensure that the same sales tax exemptions granted from the state sales tax law also be granted under the local sales tax law, are hereby made applicable to the imposition and collection of all local sales taxes imposed under the local sales tax law.

[9.] **8.** The same sales tax permit, exemption certificate and retail certificate required by sections 144.010 to 144.525 for the administration and collection of the state sales tax shall satisfy the requirements of the local sales tax law, and no additional permit or exemption certificate or retail certificate shall be required; except that the director of revenue may prescribe a form of exemption certificate for an exemption from any local sales tax imposed by the local sales tax law.

[10.] **9.** All discounts allowed the retailer under the provisions of the state sales tax law for the collection of and for payment of taxes under the provisions of the state sales tax law are hereby allowed and made applicable to any local sales tax collected under the provisions of the local sales tax law.

[11.] **10.** The penalties provided in section 32.057 and sections 144.010 to 144.525 for a violation of the provisions of those sections are hereby made applicable to violations of the provisions of the local sales tax law.

[12. (1)] **11.** For the purposes of any local sales tax imposed by an ordinance or order under the local sales tax law, all sales [, except the sale of motor vehicles, trailers, boats, and outboard motors required to be titled under the laws of the state of Missouri, shall be deemed to be consummated at the place of business of the retailer unless the tangible personal property sold is delivered by the retailer or his agent to an out-of-state destination. In the event a retailer has more than one place of business in this state which participates in the sale, the sale shall be deemed to be consummated at the place of business of the retailer where the initial order for the tangible personal property is taken, even though the order must be forwarded elsewhere for acceptance, approval of credit, shipment or billing. A sale by a retailer's agent or employee shall be deemed to be consummated at the place of business from which he works.

(2) For the purposes of any local sales tax imposed by an ordinance or order under the local sales tax law, the sales tax upon the titling of all motor vehicles, trailers, boats, and outboard motors shall be imposed at the rate in effect at the location of the residence of the purchaser, and remitted to that local taxing entity, and not at the place of business of the retailer, or the place of business from which the retailer's agent or employee works.

(3) For the purposes of any local tax imposed by an ordinance or under the local sales tax law on charges for mobile telecommunications services, all taxes of mobile telecommunications service shall be imposed as provided in the Mobile Telecommunications Sourcing Act, 4 U.S.C. Sections 116 through 124, as

amended] **shall be sourced as provided by sections 144.111 to 144.114.**

[13.] **12.** Local sales taxes shall not be imposed on the seller of motor vehicles, trailers, boats, and outboard motors required to be titled under the laws of the state of Missouri, but shall be collected from the purchaser by the director of revenue at the time application is made for a certificate of title, if the address of the applicant is within a taxing entity imposing a local sales tax under the local sales tax law.

[14.] **13.** The director of revenue and any of his deputies, assistants and employees who have any duties or responsibilities in connection with the collection, deposit, transfer, transmittal, disbursement, safekeeping, accounting, or recording of funds which come into the hands of the director of revenue under the provisions of the local sales tax law shall enter a surety bond or bonds payable to any and all taxing entities in whose behalf such funds have been collected under the local sales tax law in the amount of one hundred thousand dollars for each such tax; but the director of revenue may enter into a blanket bond covering himself and all such deputies, assistants and employees. The cost of any premium for such bonds shall be paid by the director of revenue from the share of the collections under the sales tax law retained by the director of revenue for the benefit of the state.

[15.] **14.** The director of revenue shall annually report on his management of each trust fund which is created under the local sales tax law and administration of each local sales tax imposed under the local sales tax law. He shall provide each taxing entity imposing one or more local sales taxes authorized by the local sales tax law with a detailed accounting of the source of all funds received by him for the taxing entity. Notwithstanding any other provisions of law, the state auditor shall annually audit each trust fund. A copy of the director's report and annual audit shall be forwarded to each taxing entity imposing one or more local sales taxes.

[16.] **15.** Within the boundaries of any taxing entity where one or more local sales taxes have been imposed, if any person is delinquent in the payment of the amount required to be paid by him under the local sales tax law or in the event a determination has been made against him for taxes and penalty under the local sales tax law, the limitation for bringing suit for the collection of the delinquent tax and penalty shall be the same as that provided in sections 144.010 to 144.525. Where the director of revenue has determined that suit must be filed against any person for the collection of delinquent taxes due the state under the state sales tax law, and where such person is also delinquent in payment of taxes under the local sales tax law, the director of revenue shall notify the taxing entity in the event any person fails or refuses to pay the amount of any local sales tax due so that appropriate action may be taken by the taxing entity.

[17.] **16.** Where property is seized by the director of revenue under the provisions of any law authorizing seizure of the property of a taxpayer who is delinquent in payment of the tax imposed by the state sales tax law, and where such taxpayer is also delinquent in payment of any tax imposed by the local sales tax law, the director of revenue shall permit the taxing entity to join in any sale of property to pay the delinquent taxes and penalties due the state and to the taxing entity under the local sales tax law. The proceeds from such sale shall first be applied to all sums due the state, and the remainder, if any, shall be applied to all sums due such taxing entity.

[18.] **17.** If a local sales tax has been in effect for at least one year under the provisions of the local sales tax law and voters approve reimposition of the same local sales tax at the same rate at an election as provided for in the local sales tax law prior to the date such tax is due to expire, the tax [so] **as** reimposed shall become effective [the first day of the first calendar quarter after the director receives a certified copy of the ordinance, order or resolution accompanied by a map clearly showing the boundaries thereof and the

results of such election, provided that such ordinance, order or resolution and all necessary accompanying materials are received by the director at least thirty days prior to the expiration of such tax] **as provided by subsection 19 of section 32.087**. Any administrative cost or expense incurred by the state as a result of the provisions of this subsection shall be paid by the city or county reimposing such tax.

18. If the boundaries of a city in which a sales tax has been imposed shall thereafter be changed or altered, the city clerk shall forward to the director of revenue by United States registered mail or certified mail a certified copy of the ordinance adding or detaching territory from the city within ten days of adoption of the ordinance. The ordinance shall reflect the effective date of the ordinance and shall be accompanied by a map of the city clearly showing the territory added or detached from the city boundaries. Upon receipt of the ordinance and map, the tax imposed under the local sales tax law shall be effective in the added territory or abolished in the detached territory on the first day of a calendar quarter after one hundred twenty days' notice to sellers.

19. (1) The effective date for the imposition, repeal, or rate change for each local sales and use tax is the first day of the calendar quarter after a minimum of one hundred twenty days' notice to sellers. For purchases from printed catalogs wherein the purchaser computed the sales or use tax based upon the local sales and use tax rates published in the catalog, the effective date is the first day of the calendar quarter after a minimum of one hundred twenty days' notice to the sellers.

(2) The effective date for any local jurisdiction boundary change for sales and use tax purposes is the first day of the calendar quarter after a minimum of one hundred twenty days' notice to sellers.

20. Any change to any local sales tax boundary or rate shall be effective on the first day of a calendar quarter after one hundred twenty days' notice to sellers.

66.620. 1. All county sales taxes collected by the director of revenue under sections 66.600 to 66.630 on behalf of any county[, less one percent for cost of collection which shall be deposited in the state's general revenue fund after payment of premiums for surety bonds as provided in section 32.087,] shall be deposited in a special trust fund, which is hereby created, to be known as the "County Sales Tax Trust Fund". [The moneys in the county sales tax trust fund shall not be deemed to be state funds and shall not be commingled with any funds of the state.] The director of revenue shall keep accurate records of the amount of money in the trust fund which was collected in each county imposing a county sales tax, and the records shall be open to the inspection of officers of the county and the public. Not later than the tenth day of each month, the director of revenue shall distribute all moneys deposited in the trust fund during the preceding month to the county which levied the tax; such funds shall be deposited with the county treasurer of the county and all expenditures of funds arising from the county sales tax trust fund shall be by an appropriation act to be enacted by the legislative council of the county, and to the cities, towns and villages located wholly or partly within the county which levied the tax in the manner as set forth in sections 66.600 to 66.630.

2. In any county not adopting an additional sales tax and alternate distribution system as provided in section 67.581, for the purposes of distributing the county sales tax, the county shall be divided into two groups, "Group A" and "Group B". Group A shall consist of all cities, towns and villages which are located wholly or partly within the county which levied the tax and which had a city sales tax in effect under the provisions of sections 94.500 to 94.550 on the day prior to the adoption of the county sales tax ordinance, except that beginning January 1, 1980, group A shall consist of all cities, towns and villages which are located wholly or partly within the county which levied the tax and which had a city sales tax approved by

the voters of such city under the provisions of sections 94.500 to 94.550 on the day prior to the effective date of the county sales tax. For the purposes of determining the location of consummation of sales for distribution of funds to cities, towns and villages in group A, the boundaries of any such city, town or village shall be the boundary of that city, town or village as it existed on March 19, 1984. Group B shall consist of all cities, towns and villages which are located wholly or partly within the county which levied the tax and which did not have a city sales tax in effect under the provisions of sections 94.500 to 94.550 on the day prior to the adoption of the county sales tax ordinance, and shall also include all unincorporated areas of the county which levied the tax; except that, beginning January 1, 1980, group B shall consist of all cities, towns and villages which are located wholly or partly within the county which levied the tax and which did not have a city sales tax approved by the voters of such city under the provisions of sections 94.500 to 94.550 on the day prior to the effective date of the county sales tax and shall also include all unincorporated areas of the county which levied the tax.

3. Until January 1, 1994, the director of revenue shall distribute to the cities, towns and villages in group A the taxes based on the location in which the sales were deemed consummated under section 66.630 and subsection 12 of section 32.087. Except for distribution governed by section 66.630, after deducting the distribution to the cities, towns and villages in group A, the director of revenue shall distribute the remaining funds in the county sales tax trust fund to the cities, towns and villages and the county in group B as follows: To the county which levied the tax, a percentage of the distributable revenue equal to the percentage ratio that the population of the unincorporated areas of the county bears to the total population of group B; and to each city, town or village in group B located wholly within the taxing county, a percentage of the distributable revenue equal to the percentage ratio that the population of such city, town or village bears to the total population of group B; and to each city, town or village located partly within the taxing county, a percentage of the distributable revenue equal to the percentage ratio that the population of that part of the city, town or village located within the taxing county bears to the total population of group B.

4. From and after January 1, 1994, the director of revenue shall distribute to the cities, towns and villages in group A a portion of the taxes based on the location in which the sales were deemed consummated under section 66.630 and subsection 12 of section 32.087 in accordance with the formula described in this subsection. After deducting the distribution to the cities, towns and villages in group A, the director of revenue shall distribute funds in the county sales tax trust fund to the cities, towns and villages and the county in group B as follows: To the county which levied the tax, ten percent multiplied by the percentage of the population of unincorporated county which has been annexed or incorporated since April 1, 1993, multiplied by the total of all sales tax revenues countywide, and a percentage of the remaining distributable revenue equal to the percentage ratio that the population of unincorporated areas of the county bears to the total population of group B; and to each city, town or village in group B located wholly within the taxing county, a percentage of the remaining distributable revenue equal to the percentage ratio that the population of such city, town or village bears to the total population of group B; and to each city, town or village located partly within the taxing county, a percentage of the remaining distributable revenue equal to the percentage ratio that the population of that part of the city, town or village located within the taxing county bears to the total population of group B.

5. (1) For purposes of administering the distribution formula of subsection 4 of this section, the revenues arising each year from sales occurring within each group A city, town or village shall be distributed as follows: Until such revenues reach the adjusted county average, as hereinafter defined, there shall be distributed to the city, town or village all of such revenues reduced by the percentage which is equal to ten percent multiplied by the percentage of the population of unincorporated county which has been annexed

or incorporated after April 1, 1993; and once revenues exceed the adjusted county average, total revenues shall be shared in accordance with the redistribution formula as defined in this subsection.

(2) For purposes of this subsection, the “adjusted county average” is the per capita countywide average of all sales tax distributions during the prior calendar year reduced by the percentage which is equal to ten percent multiplied by the percentage of the population of unincorporated county which has been annexed or incorporated after April 1, 1993; the “redistribution formula” is as follows: During 1994, each group A city, town and village shall receive that portion of the revenues arising from sales occurring within the municipality that remains after deducting therefrom an amount equal to the cumulative sales tax revenues arising from sales within the municipality multiplied by the percentage which is the sum of ten percent multiplied by the percentage of the population of unincorporated county which has been annexed or incorporated after April 1, 1993, and the percentage, if greater than zero, equal to the product of 8.5 multiplied by the logarithm (to base 10) of the product of 0.035 multiplied by the total of cumulative per capita sales taxes arising from sales within the municipality less the adjusted county average. During 1995, each group A city, town and village shall receive that portion of the revenues arising from sales occurring within the municipality that remains after deducting therefrom an amount equal to the cumulative sales tax revenues arising from sales within the municipality multiplied by the percentage which is the sum of ten percent multiplied by the percentage of the population of unincorporated county which has been annexed or incorporated after April 1, 1993, and the percentage, if greater than zero, equal to the product of seventeen multiplied by the logarithm (to base 10) of the product of 0.035 multiplied by the total of cumulative per capita sales taxes arising from sales within the municipality less the adjusted county average. From January 1, 1996, until January 1, 2000, each group A city, town and village shall receive that portion of the revenues arising from sales occurring within the municipality that remains after deducting therefrom an amount equal to the cumulative sales tax revenues arising from sales within the municipality multiplied by the percentage which is the sum of ten percent multiplied by the percentage of the population of unincorporated county which has been annexed or incorporated after April 1, 1993, and the percentage, if greater than zero, equal to the product of 25.5 multiplied by the logarithm (to base 10) of the product of 0.035 multiplied by the total of cumulative per capita sales taxes arising from sales within the municipality less the adjusted county average. From and after January 1, 2000, the distribution formula covering the period from January 1, 1996, until January 1, 2000, shall continue to apply, except that the percentage computed for sales arising within the municipalities shall be not less than 7.5 percent for municipalities within which sales tax revenues exceed the adjusted county average, nor less than 12.5 percent for municipalities within which sales tax revenues exceed the adjusted county average by at least twenty-five percent.

(3) For purposes of applying the redistribution formula to a municipality which is partly within the county levying the tax, the distribution shall be calculated alternately for the municipality as a whole, except that the factor for annexed portion of the county shall not be applied to the portion of the municipality which is not within the county levying the tax, and for the portion of the municipality within the county levying the tax. Whichever calculation results in the larger distribution to the municipality shall be used.

(4) Notwithstanding any other provision of this section, the fifty percent of additional sales taxes as described in section 99.845 arising from economic activities within the area of a redevelopment project established after July 12, 1990, pursuant to sections 99.800 to 99.865, while tax increment financing remains in effect shall be deducted from all calculations of countywide sales taxes, shall be distributed directly to the municipality involved, and shall be disregarded in calculating the amounts distributed or distributable to the municipality. Further, any agreement, contract or covenant entered into prior to July 12, 1990,

between a municipality and any other political subdivision which provides for an appropriation of incremental sales tax revenues to the special allocation fund of a tax increment financing project while tax increment financing remains in effect shall continue to be in full force and effect and the sales taxes so appropriated shall be deducted from all calculations of countywide sales taxes, shall be distributed directly to the municipality involved, and shall be disregarded in calculating the amounts distributed or distributable to the municipality. In addition, and notwithstanding any other provision of this chapter to the contrary, economic development funds shall be distributed in full to the municipality in which the sales producing them were deemed consummated. Additionally, economic development funds shall be deducted from all calculations of countywide sales taxes and shall be disregarded in calculating the amounts distributed or distributable to the municipality. As used in this subdivision, the term “economic development funds” means the amount of sales tax revenue generated in any fiscal year by projects authorized pursuant to chapter 99 or chapter 100 in connection with which such sales tax revenue was pledged as security for, or was guaranteed by a developer to be sufficient to pay, outstanding obligations under any agreement authorized by chapter 100, entered into or adopted prior to September 1, 1993, between a municipality and another public body. The cumulative amount of economic development funds allowed under this provision shall not exceed the total amount necessary to amortize the obligations involved.

6. If the qualified voters of any city, town or village vote to change or alter its boundaries by annexing any unincorporated territory included in group B or if the qualified voters of one or more city, town or village in group A and the qualified voters of one or more city, town or village in group B vote to consolidate, the area annexed or the area consolidated which had been a part of group B shall remain a part of group B after annexation or consolidation. After the effective date of the annexation or consolidation, the annexing or consolidated city, town or village shall receive a percentage of the group B distributable revenue equal to the percentage ratio that the population of the annexed or consolidated area bears to the total population of group B and such annexed area shall not be classified as unincorporated area for determination of the percentage allocable to the county. If the qualified voters of any two or more cities, towns or villages in group A each vote to consolidate such cities, towns or villages, then such consolidated cities, towns or villages shall remain a part of group A. For the purpose of sections 66.600 to 66.630, population shall be as determined by the last federal decennial census or the latest census that determines the total population of the county and all political subdivisions therein. For the purpose of calculating the adjustment based on the percentage of unincorporated county population which is annexed after April 1, 1993, the accumulated percentage immediately before each census shall be used as the new percentage base after such census. After any annexation, incorporation or other municipal boundary change affecting the unincorporated area of the county, the chief elected official of the county shall certify the new population of the unincorporated area of the county and the percentage of the population which has been annexed or incorporated since April 1, 1993, to the director of revenue. After the adoption of the county sales tax ordinance, any city, town or village in group A may by adoption of an ordinance by its governing body cease to be a part of group A and become a part of group B. Within ten days after the adoption of the ordinance transferring the city, town or village from one group to the other, the clerk of the transferring city, town or village shall forward to the director of revenue, by registered mail, a certified copy of the ordinance. Distribution to such city as a part of its former group shall cease and as a part of its new group shall begin on the first day of January of the year following notification to the director of revenue, provided such notification is received by the director of revenue on or before the first day of July of the year in which the transferring ordinance is adopted. If such notification is received by the director of revenue after the first day of July of the year in which the transferring ordinance is adopted, then distribution to such city as a part

of its former group shall cease and as a part of its new group shall begin the first day of July of the year following such notification to the director of revenue. Once a group A city, town or village becomes a part of group B, such city may not transfer back to group A.

7. If any city, town or village shall hereafter change or alter its boundaries, the city clerk of the municipality shall forward to the director of revenue, by registered mail, a certified copy of the ordinance adding or detaching territory from the municipality. The ordinance shall reflect the effective date thereof, and shall be accompanied by a map of the municipality clearly showing the territory added thereto or detached therefrom. Upon receipt of the ordinance and map, the tax imposed by sections 66.600 to 66.630 shall be redistributed and allocated in accordance with the provisions of this section on the effective date of the change of the municipal boundary so that the proper percentage of group B distributable revenue is allocated to the municipality in proportion to any annexed territory. If any area of the unincorporated county elects to incorporate subsequent to the effective date of the county sales tax as set forth in sections 66.600 to 66.630, the newly incorporated municipality shall remain a part of group B. The city clerk of such newly incorporated municipality shall forward to the director of revenue, by registered mail, a certified copy of the incorporation election returns and a map of the municipality clearly showing the boundaries thereof. The certified copy of the incorporation election returns shall reflect the effective date of the incorporation. Upon receipt of the incorporation election returns and map, the tax imposed by sections 66.600 to 66.630 shall be distributed and allocated in accordance with the provisions of this section on the effective date of the incorporation.

8. The director of revenue may [authorize the state treasurer to] make refunds from the amounts in the trust fund and credited to any county for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such counties. If any county abolishes the tax, the county shall notify the director of revenue of the action [at least ninety days prior to the effective date of the repeal] and the director of revenue may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such county, the director of revenue shall remit the balance in the account to the county and close the account of that county. The director of revenue shall notify each county of each instance of any amount refunded or any check redeemed from receipts due the county.

9. Except as modified in sections 66.600 to 66.630, all provisions of sections 32.085 [and] **to** 32.087 shall apply to the tax imposed under sections 66.600 to 66.630.

67.395. 1. [The moneys in the county anti-drug sales tax trust fund shall not be deemed to be state funds and shall not be commingled with any funds of the state.] The director of revenue shall keep accurate records of the amount of money in the trust fund which was collected in each county imposing a sales tax under sections 67.391 to 67.395, and the records shall be open to the inspection of officers of the county and the public. Not later than the tenth day of each month, the director of revenue shall distribute all moneys deposited in the trust fund during the preceding month to the county which levied the tax. Such funds shall be deposited with the county treasurer of each such county, and all expenditures of funds arising

from the county anti-drug sales tax trust fund shall be by an appropriation act to be enacted by the governing body of each such county.

2. The director of revenue may [authorize the state treasurer to] make refunds from the amounts in the trust fund and credited to any county for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such counties. If any county abolishes the tax, the county shall notify the director of revenue of the action [at least ninety days prior to the effective date of the repeal] , and the director of revenue may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such county, the director of revenue shall [authorize the state treasurer to] remit the balance in the account to the county and close the account of that county. The director of revenue shall notify each county of each instance of any amount refunded or any check redeemed from receipts due the county.

3. Except as modified in sections 67.391 to 67.395, all provisions of sections 32.085 [and] **to** 32.087 shall apply to the tax imposed under sections 67.391 to 67.395.

67.525. 1. All county sales taxes collected by the director of revenue under sections 67.500 to 67.545 on behalf of any county[, less one percent for cost of collection, which shall be deposited in the state's general revenue fund after payment of premiums for surety bonds as provided in section 32.087,] shall be deposited [with the state treasurer] in a county sales tax trust fund, which fund shall be separate and apart from the county sales tax trust fund established by section 66.620. [The moneys in such county sales tax trust fund shall not be deemed to be state funds and shall not be commingled with any funds of the state.] The director of revenue shall keep accurate records of the amount of money in the trust fund which was collected in each county imposing a county sales tax, and the records shall be open to the inspection of officers of the county and to the public. Not later than the tenth day of each month the director of revenue shall distribute all moneys deposited in the trust fund during the preceding month by distributing to the county treasurer, or such other officer as may be designated by the county ordinance or order, of each county imposing the tax authorized by sections 67.500 to 67.545, the sum due the county as certified by the director of revenue.

2. The director of revenue may [authorize the state treasurer to] make refunds from the amounts in the trust fund and credited to any county for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such counties. If any county abolishes the tax, the county shall notify the director of revenue of the action [at least ninety days prior to the effective date of the repeal], and the director of revenue may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such county, the director of revenue shall [authorize the state treasurer to] remit the balance in the account to the county and close the account of that county. The director of revenue shall notify each county of each instance of any amount refunded or any check redeemed from receipts due the county.

3. Except as modified in sections 67.500 to 67.545, all provisions of sections 32.085 [and] **to** 32.087 shall apply to the tax imposed under sections 67.500 to 67.545.

6. In the area of each county in which a sales tax has been imposed in the manner provided by sections 67.571 to 67.577, every retailer within such area shall add the tax imposed by the provisions of sections 67.571 to 67.577 to his sale price, and this tax shall be a debt of the purchaser to the retailer until paid, and

shall be recoverable at law in the same manner as the purchase price.

7. In counties imposing a tax under the provisions of sections 67.571 to 67.577, in order to permit sellers required to collect and report the sales tax to collect the amount required to be reported and remitted, but not to change the requirements of reporting or remitting the tax, or to serve as a levy of the tax, and in order to avoid fractions of pennies, the [governing body may authorize the use of a bracket system similar to that] **tax shall be calculated as** authorized by the provisions of section 144.285[, and notwithstanding the provisions of that section, this new bracket system shall be used where this tax is imposed and shall apply to all taxable transactions].

If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal, then the sales tax shall become effective [on the first day of the second calendar quarter after the director of revenue receives notice of the adoption of the tax] **as provided by subsection 19 of section 32.087**. If the proposal receives less than the required majority of votes, then the governing authority shall have no power to impose the tax unless and until the governing authority has again submitted another proposal to authorize the governing authority to impose the sales tax authorized by this section and such proposal is approved by the required majority of the qualified voters voting thereon.

3. On or after the effective date of the tax, the director of revenue shall be responsible for the administration, collection, enforcement, and operation of the tax, and sections 32.085 [and] **to 32.087** shall apply. The director may retain an amount not to exceed one percent for deposit in the general revenue fund to offset the costs of collection. YES

NO

If you are in favor of the question, place an “X” in the box opposite “YES”. If you are opposed to the question, place an “X” in the box opposite “NO”.

[If a majority of the votes cast on the proposal are in favor of repeal, that repeal shall become effective on December thirty-first of the calendar year in which the repeal was approved.]

67.581. 1. In addition to the sales tax permitted by sections 66.600 to 66.630, any county of the first class having a charter form of government and having a population of nine hundred thousand or more may impose an additional countywide sales tax upon approval by a vote of the qualified voters of the county. The proposal may be submitted to the voters by the governing body of the county and shall be submitted to the voters at the next general election upon petitions signed by a number of qualified voters residing in the county equal to at least eight percent of the votes cast in the county in the next preceding gubernatorial election filed with the governing body of the county. The submission shall include the levying of a sales tax at a rate of not to exceed two hundred seventy-five one-thousandths of one percent on the receipts from the sale at retail of all tangible personal property or taxable services within the county which are also taxable under the provisions of sections 66.600 to 66.630, and shall provide for the distribution of the proceeds in the manner provided in either subsection 4 or subsection 5 of this section. If either of the alternative distribution systems as provided in subsection 4 or subsection 5 of this section is approved by the voters, then the alternative system of distribution may not be submitted to the voters for at least three years from the date of such voter approval.

2. The ballot of submission shall contain, but is not limited to, the following language:

Shall the County of levy an additional sales tax at the rate of (insert rate) and distribute the proceeds in the manner provided in (insert proper reference) (subsection 4)(subsection 5) of section 67.581, RSMo?

YES

NO

If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal, the additional sales tax shall be levied and collected and the proceeds from the additional tax shall be distributed as provided in either subsection 4 or subsection 5 of this section. If a majority of the votes cast by the qualified voters voting thereon are opposed to the proposal, then the governing body of the county shall have no power to impose the additional sales tax authorized by this section unless and until a proposal for the levy of such tax is submitted to and approved by the voters of the county.

3. The provisions of sections 66.600 to 66.630 and sections 32.085 [and] ~~to~~ 32.087, except to the extent otherwise provided in this section, shall govern the levy, collection, distribution and other procedures related to an additional sales tax imposed pursuant to this section.

4. In any county adopting an additional sales tax pursuant to the provisions of this section, and selecting the method of distribution provided in this subsection, the proceeds from the sales tax imposed pursuant to this section, less one percent collection cost, shall be distributed first to those municipalities that did not receive during the preceding calendar year ninety-five percent of the amount the municipality would have received by multiplying the population of the municipality by the average per capita sales tax receipt for such county in an amount which will bring each municipality receipt of sales tax moneys up to ninety-five percent of the average per capita receipts from the proceeds of the sales tax imposed pursuant to sections 66.600 to 66.630. Any remainder of the money received from the sales tax imposed pursuant to this section shall be distributed to all municipalities on the ratio that the population of each municipality bears to the total population of the county. The average per capita sales tax distribution shall be calculated by dividing the sum of the total sales tax revenue derived from the tax imposed pursuant to sections 66.600 to 66.630 by the total population of the county. Population of each municipality, of the unincorporated area of the county, and the total population of the county shall be determined on the basis of the most recent federal decennial census. For the purposes of this subsection, any city, town, village or the unincorporated area of the county shall be considered a municipality.

5. In any county adopting an additional sales tax pursuant to the provisions of this section and selecting the method of distribution provided in this subsection, the proceeds from the sales tax imposed pursuant to this section, less one percent collection cost, shall be distributed to all cities, towns and villages, and the unincorporated areas of the county in group B and to such cities, towns and villages in group A as necessary so that no city, town, or village in group A receives from the combined proceeds of both the sales tax imposed pursuant to this section and the sales tax imposed pursuant to sections 66.600 to 66.630, less than the per capita amount received by the cities, towns and villages and the unincorporated area of the county in group B receives from the total proceeds from both sales taxes.

6. The governing body of any county which is imposing a sales tax under the provisions of sections 66.600 to 66.630 may on its own motion and shall, upon petitions filed with the governing body of the county signed by a number of qualified voters residing in the county equal to at least eight percent of the votes cast in the county at the next preceding gubernatorial election, submit to the qualified voters of the county a proposal to change the method of distribution of sales tax proceeds from the manner provided in subsection 2 of section 66.620 to the method provided in this subsection. (11) To have and exercise all rights and powers necessary or incidental to or implied from the specific powers granted by this section.

10. There is hereby created the “Exhibition Center and Recreational Facility District Sales Tax Trust Fund”, which shall consist of all sales tax revenue collected pursuant to this section. The director of revenue shall be custodian of the trust fund, and moneys in the trust fund shall be used solely for the purposes authorized in this section. Moneys in the trust fund shall be considered nonstate funds pursuant to section 15, article IV, Constitution of Missouri. The director of revenue shall invest moneys in the trust fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the trust fund. All sales taxes collected by the director of revenue pursuant to this section on behalf of the district, less one percent for the cost of collection which shall be deposited in the state’s general revenue fund after payment of premiums for surety bonds as provided in section 32.087, shall be deposited in the trust fund. The director of revenue shall keep accurate records of the amount of moneys in the trust fund which was collected in the district imposing a sales tax pursuant to this section, and the records shall be open to the inspection of the officers of each district and the general public. Not later than the tenth day of each month, the director of revenue shall distribute all moneys deposited in the trust fund during the preceding month to the district. The director of revenue may authorize refunds from the amounts in the trust fund and credited to the district for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of the district.

11. The sales tax authorized by this section is in addition to all other sales taxes allowed by law. **After the effective date of any tax imposed under the provisions of this section, the director of revenue shall perform all functions incident to the administration, collection, enforcement, and operation of the tax and collect, in addition to the sales tax for the state of Missouri, the additional tax authorized under the authority of this section. The tax imposed under this section and the tax imposed under the sales tax law of the state of Missouri shall be collected together and reported upon such forms and under such administrative rules and regulations as may be prescribed by the director of revenue.**

12. Except as modified in this section, all provisions of sections 32.085 [and] to 32.087 apply to the sales tax imposed pursuant to this section.

[12.] 13. Any sales tax imposed pursuant to this section shall not extend past the initial term approved by the voters unless an extension of the sales tax is submitted to and approved by the qualified voters in each

county in the manner provided in this section. Each extension of the sales tax shall be for a period not to exceed twenty years. The ballot of submission for the extension shall be in substantially the following form:

Shall the (name of district) extend the sales tax of one-fourth of one percent for a period of (insert number of years) years to fund the acquisition, construction, maintenance, operation, improvement, and promotion of an exhibition center and recreational facilities?

YES

NO

If you are in favor of the question, place an “X” in the box opposite “YES”. If you are opposed to the question, place an “X” in the box opposite “NO”.

If a majority of the votes cast favor the extension, then the sales tax shall remain in effect at the rate and for the time period approved by the voters. If a sales tax extension is not approved, the district may submit another sales tax proposal as authorized in this section, but the district shall not submit such a proposal to the voters sooner than twelve months from the date of the last extension submitted.

[13.] **14.** Once the sales tax authorized by this section is abolished or terminated by any means, all funds remaining in the trust fund shall be used solely for the purposes approved in the ballot question authorizing the sales tax. The sales tax shall not be abolished or terminated while the district has any financing or other obligations outstanding; provided that any new financing, debt, or other obligation or any restructuring or refinancing of an existing debt or obligation incurred more than ten years after voter approval of the sales tax provided in this section or more than ten years after any voter-approved extension thereof shall not cause the extension of the sales tax provided in this section or cause the final maturity of any financing or other obligations outstanding to be extended. Any funds in the trust fund which are not needed for current expenditures may be invested by the district in the securities described in subdivisions (1) to (12) of subsection 1 of section 30.270 or repurchase agreements secured by such securities. If the district abolishes the sales tax, the district shall notify the director of revenue of the action [at least ninety days] before the effective date of the repeal, and the director of revenue may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the sales tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the sales tax in the district, the director of revenue shall remit the balance in the account to the district and close the account of the district. The director of revenue shall notify the district of each instance of any amount refunded or any check redeemed from receipts due the district.

[14.] **15.** In the event that the district is dissolved or terminated by any means, the governing bodies of the counties in the district shall appoint a person to act as trustee for the district so dissolved or terminated. Before beginning the discharge of duties, the trustee shall take and subscribe an oath to faithfully discharge the duties of the office, and shall give bond with sufficient security, approved by the governing bodies of the counties, to the use of the dissolved or terminated district, for the faithful discharge of duties. The trustee shall have and exercise all powers necessary to liquidate the district, and upon satisfaction of all remaining obligations of the district, shall pay over to the county treasurer of each county in the district and take receipt for all remaining moneys in amounts based on the ratio the levy of each county bears to the total levy for the district in the previous three years or since the establishment of the district, whichever time period is shorter. Upon payment to the county treasurers, the trustee shall deliver to the clerk of the governing body of any county in the district all books, papers, records, and deeds belonging to the dissolved district.

The tax authorized by this section shall be in addition to any and all other sales taxes allowed by law, except that no ordinance or order imposing a sales tax pursuant to this section shall be effective unless the governing authority of the city submits to the qualified voters of the city, at any municipal or state general, primary, or special election, a proposal to authorize the governing authority of the city to impose a tax.

2. The ballot of submission shall be in substantially the following form:

Shall the city of (city’s name) impose a citywide sales tax of (insert amount) for the purpose of promoting tourism in the city?

If a proposal receives less than the required majority, then the governing authority of the city shall have no power to impose the sales tax unless and until the governing authority of the city has submitted another proposal to authorize the imposition of the sales tax authorized by this section and such proposal is approved by the required majority of the qualified voters voting thereon. However, in no event shall a proposal pursuant to this section be submitted to the voters sooner than twelve months from the date of the last proposal pursuant to this section.

3. [On and after the effective date of any tax authorized in this section, the city may adopt one of the two following provisions for the collection and administration of the tax:

67.2530. 1. Any note, bond, or other indebtedness of the district may be refunded at any time by the district by issuing refunding bonds in such amount as the district may deem necessary. Such bonds shall be subject to and shall have the benefit of the foregoing provisions regarding notes, bonds, and other obligations. Without limiting the generality of the foregoing, refunding bonds may include amounts necessary to finance any premium, unpaid interest, and costs of issuance in connection with the refunding bonds. Any such refunding may be effected whether the bonds to be refunded then shall have matured or thereafter shall mature, either by sale of the refunding bonds and the application of the proceeds thereof to the payment of the obligations being refunded or the exchange of the refunding bonds for the obligations being refunded with the consent of the holders of the obligations being refunded.

2. Notes, bonds, or other indebtedness of the district shall be exclusively the responsibility of the district payable solely out of the district funds and property and shall not constitute a debt or liability of the state of Missouri or any agency or political subdivision of the state. Any notes, bonds, or other indebtedness of the district shall state on their face that they are not obligations of the state of Missouri or any agency or political subdivision thereof other than the district.

3. Any district may by resolution impose a district sales tax of up to one-half of one percent on all retail sales made in such district that are subject to taxation pursuant to the provisions of sections 144.010 to 144.525. Upon voter approval, and receiving the necessary certifications from the governing body of the municipality in which the district is located, or from the circuit court if the district was formed by the circuit court, the board of directors shall have the power to impose a sales tax at its first meeting, or any meeting thereafter. Voter approval of the question of the imposing sales tax shall be in accordance with section 67.2520. [The sales tax shall become effective in those subdistricts that approve the sales tax on the first day of the first calendar quarter immediately following the passage of a resolution by the board of directors imposing the sales tax.

4. In each district in which a sales tax has been imposed in the manner provided by this section, every retailer shall add the tax imposed by the district pursuant to this section to the retailer's sale price, and when so added, such tax shall constitute a part of the price, shall be a debt of the purchaser to the retailer until paid, and shall be recoverable at law in the same manner as the purchase price.

5. In order to permit sellers required to collect and report the sales tax authorized by this section to collect the amount required to be reported and remitted, but not to change the requirements of reporting or remitting tax or to serve as a levy of the tax, and in order to avoid fractions of pennies, the district may establish appropriate brackets which shall be used in the district imposing a tax pursuant to this section in lieu of those brackets provided in section 144.285.

6.] 4. All revenue received by a district from the sales tax authorized by this section shall be deposited in a special trust fund and shall be used solely for the purposes of the district. Any funds in such special trust fund which are not needed for the district's current expenditures may be invested by the district board of directors in accordance with applicable laws relating to the investment of other district funds.

[7.] 5. The sales tax may be imposed at a rate of up to one-half of one percent on the receipts from the sale at retail of all tangible personal property or taxable services at retail within the district adopting such tax, if such property and services are subject to taxation by the state of Missouri pursuant to the provisions of sections 144.010 to 144.525. Any district sales tax imposed pursuant to this section shall be imposed at a rate that shall be uniform throughout the subdistricts approving the sales tax.

[8. The resolution imposing the sales tax pursuant to this section shall impose upon all sellers a tax for the privilege of engaging in the business of selling tangible personal property or rendering taxable services at retail to the extent and in the manner provided in sections 144.010 to 144.525 and the rules and regulations of the director of revenue issued pursuant thereto; except that the rate of the tax shall be the rate imposed by the resolution as the sales tax and the tax shall be reported and returned to and collected by the district.

9. (1) On and after the effective date of any sales tax imposed pursuant to this section, the district shall perform all functions incident to the administration, collection, enforcement, and operation of the tax. The sales tax imposed pursuant to this section shall be collected and reported upon such forms and under such administrative rules and regulations as may be prescribed by the district.

(2)] 6. After the effective date of any tax imposed under the provisions of this section, the director of revenue shall perform all functions incident to the administration, collection, enforcement, and operation of the tax and collect, in addition to the sales tax for the state of Missouri, the additional tax authorized under the authority of this section. The tax imposed under this section and the tax imposed under the sales tax law of the state of Missouri shall be collected together and reported upon such forms and under such administrative rules and regulations as may be prescribed by the director of revenue.

7. All [such] sales taxes [collected by the district] shall be deposited by the district in a special fund to be expended for the purposes authorized in this section. The district shall keep accurate records of the amount of money which was collected pursuant to this section, and the records shall be open to the inspection of officers of each district and the general public.

[(3) The district may contract with the municipality that the district is within for the municipality to collect any revenue received by the district and, after deducting the cost of such collection, but not to exceed one percent of the total amount collected, deposit such revenue in a special trust account. Such revenue and interest may be applied by the municipality to expenses, costs, or debt service of the district at the direction of the district as set forth in a contract between the municipality and the district.

10. (1) All applicable provisions contained in sections 144.010 to 144.525 governing the state sales tax, sections 32.085 and 32.087, and section 32.057, the uniform confidentiality provision, shall apply to the collection of the tax imposed by this section, except as modified in this section.

(2) All exemptions granted to agencies of government, organizations, persons, and to the sale of certain articles and items of tangible personal property and taxable services pursuant to the provisions of sections 144.010 to 144.525 are hereby made applicable to the imposition and collection of the tax imposed by this section.

(3) The same sales tax permit, exemption certificate, and retail certificate required by sections 144.010 to 144.525 for the administration and collection of the state sales tax shall satisfy the requirements of this section, and no additional permit or exemption certificate or retail certificate shall be required; except that the district may prescribe a form of exemption certificate for an exemption from the tax imposed by this section.

(4) All discounts allowed the retailer pursuant to the provisions of the state sales tax laws for the collection of and for payment of taxes pursuant to such laws are hereby allowed and made applicable to any taxes collected pursuant to the provisions of this section.

(5) The penalties provided in section 32.057 and sections 144.010 to 144.525 for violation of those sections are hereby made applicable to violations of this section.

(6) For the purpose of a sales tax imposed by a resolution pursuant to this section, all retail sales shall be deemed to be consummated at the place of business of the retailer unless the tangible personal property sold is delivered by the retailer or the retailer’s agent to an out-of-state destination or to a common carrier for delivery to an out-of-state destination. In the event a retailer has more than one place of business in this state which participates in the sale, the sale shall be deemed to be consummated at the place of business of the retailer where the initial order for the tangible personal property is taken, even though the order must be forwarded elsewhere for acceptance, approval of credit, shipment, or billing. A sale by a retailer’s employee shall be deemed to be consummated at the place of business from which the employee works.

(7)] **8.** Subsequent to the initial approval by the voters and implementation of a sales tax in the district, the rate of the sales tax may be increased, but not to exceed a rate of one-half of one percent on retail sales as provided in this subsection. The election shall be conducted in accordance with section 67.2520; provided, however, that the district board of directors may place the question of the increase of the sales tax before the voters of the district by resolution, and the municipal clerk of the city, town, or village which originally conducted the incorporation of the district, or the circuit clerk of the court which originally conducted the incorporation of the district, shall conduct the subsequent election. In subsequent elections, the election judges shall certify the election results to the district board of directors. The ballot of submission shall be in substantially the following form:

Shall (name of district) increase the (insert amount) percent district sales tax now in effect to..... (insert amount) in the (name of district)?

YES

NO

If you are in favor of the question, place an “X” in the box opposite “YES”. If you are opposed to the question, place an “X” in the box opposite “NO”.

If a majority of the votes cast on the proposal by the qualified voters of the district voting thereon are in favor of the increase, the increase shall become effective [December thirty-first of the calendar year in which such increase was approved] **as provided by subsection 19 of section 32.087.**

[11.] **9.** (1) There shall not be any election as provided for in this section while the district has any financing or other obligations outstanding.

(2) The board, when presented with a petition signed by at least one-third of the registered voters in a district that voted in the last gubernatorial election, or signed by at least two-thirds of property owners of the district, calling for an election to dissolve and repeal the tax shall submit the question to the voters using the same procedure by which the imposing tax was voted. The ballot of submission shall be in substantially the following form:

Shall (name of district) dissolve and repeal the (insert amount) percent district sales tax now in effect in the (name of district)?

YES

NO

If you are in favor of the question, place an “X” in the box opposite “YES”. If you are opposed to the question, place an “X” in the box opposite “NO”.

67.2520; provided, however, that the district board of directors may place the question of the repeal of the sales tax before the voters of the district, and the municipal clerk of the city, town, or village which originally conducted the incorporation of the district, or the circuit clerk of the court which originally conducted the incorporation of the district, shall conduct the subsequent election. In subsequent elections the election judges shall certify the election results to the district board of directors.

(3) If a majority of the votes cast on the proposal by the qualified voters of the district voting thereon are in favor of repeal, that repeal shall become effective [December thirty-first of the calendar year in which such repeal was approved or after the repayment of the district’s indebtedness, whichever occurs later] **as provided by subsection 19 of section 32.087. If the district abolishes the tax, the district shall notify the director of revenue of the action prior to the effective date of the repeal.**

[12.] **10.** (1) At such time as the board of directors of the district determines that further operation of the district is not in the best interests of the inhabitants of the district, and that the district should dissolve, the board shall submit for a vote in an election held throughout the district the question of whether the district should be abolished. The question shall be submitted in substantially the following form:

Shall the theater, cultural arts, and entertainment district be abolished?

YES

NO

If you are in favor of the question, place an “X” in the box opposite “YES”. If you are opposed to the question, place an “X” in the box opposite “NO”.

(2) The district board shall not propose the question to abolish the district while there are outstanding claims or causes of action pending against the district, while the district liabilities exceed its assets, while indebtedness of the district is outstanding, or while the district is insolvent, in receivership or under the jurisdiction of the bankruptcy court. Prior to submitting the question to abolish the district to a vote of the entire district, the state auditor shall audit the district to determine the financial status of the district, and whether the district may be abolished pursuant to law. The vote on the abolition of the district shall be conducted by the municipal clerk of the city, town, or village in which the district is located. The procedure shall be the same as in section 67.2520, except that the question shall be determined by the qualified voters of the entire district. No individual subdistrict may be abolished, except at such time as the district is abolished.

(3) While the district still exists, it shall continue to accrue all revenues to which it is entitled at law.

(4) Upon receipt by the board of directors of the district of the certification by the city, town, or village in which the district is located that the majority of those voting within the entire district have voted to abolish the district, and if the state auditor has determined that the district’s financial condition is such that it may be abolished pursuant to law, then the board of directors of the district shall:

(a) Sell any remaining district real or personal property it wishes, and then transfer the proceeds and any other real or personal property owned by the district to the city, town, or village in which the district is located, including revenues due and owing the district, for its further use and disposition;

(b) Terminate the employment of any remaining district employees, and otherwise conclude its affairs;

(c) At a public meeting of the district, declare by a resolution of the board of directors passed by a majority vote that the district has been abolished effective that date;

(d) Cause copies of that resolution under seal to be filed with the secretary of state and the city, town,

If a majority of the votes cast on the proposal, as provided in subdivision (1) of this subsection, by the qualified voters voting thereon are opposed to the proposal, then the council or other governing body of the city shall have no power to impose the tax authorized in subdivision (1) of this subsection unless and until the council or other governing body of the city submits another proposal to authorize the council or other governing body of the city to impose the tax and such proposal is approved by a majority of the qualified voters voting thereon. If more than three-sevenths of the votes cast by the qualified voters voting thereon are opposed to the proposal, as provided in subdivision (2) of this subsection to issue bonds and impose a sales tax to retire such bonds, then the council or other governing body of the city shall have no power to issue any bonds or to impose the tax authorized in subdivision (2) of this subsection unless and until the council or other governing body of the city submits another proposal to authorize the council or other governing body of the city to issue such bonds or impose the tax to retire such bonds and such proposal is approved by four-sevenths of the qualified voters voting thereon.

The board of the district may impose a museum and cultural district sales tax by resolution on all retail sales made in such museum and cultural district which are subject to taxation pursuant to the provisions of sections 144.010 to 144.525. Such museum and cultural district sales tax may be imposed for any museum or cultural purpose designated by the board of the museum and cultural district. If the resolution is adopted the board of the district may submit the question of whether to impose a sales tax authorized by this section to the qualified voters, who shall have the same voting interests as with the election of members of the board of the district.

2. The sales tax authorized by this section shall become effective on the first day of the second calendar quarter [following adoption of the tax by the board or qualified voters, if the board elects to submit the question of whether to impose a sales tax to the qualified voters] **after the director of revenue receives notification of the adoption of the local sales tax.**

3. In each museum and cultural district in which a sales tax has been imposed in the manner provided by this section, every retailer shall add the tax imposed by the museum and cultural district pursuant to this section to the retailer’s sale price, and when so added such tax shall constitute a part of the price, shall be a debt of the purchaser to the retailer until paid, and shall be recoverable at law in the same manner as the purchase price.

4. In order to permit sellers required to collect and report the sales tax authorized by this section to collect the amount required to be reported and remitted, but not to change the requirements of reporting or remitting tax or to serve as a levy of the tax, and in order to avoid fractions of pennies, the museum and cultural district may establish appropriate brackets which shall be used in the district imposing a tax pursuant to this section in lieu of those brackets provided in section 144.285.

5. All revenue received by a museum and cultural district from the tax authorized by this section which has been designated for a certain museum or cultural purpose shall be deposited in a special trust fund and shall be used solely for such designated purpose. All funds remaining in the special trust fund shall continue to be used solely for such designated museum or cultural purpose. Any funds in such special trust fund which are not needed for current expenditures may be invested by the board of directors in accordance with applicable laws relating to the investment of other museum or cultural district funds.

6. The sales tax may be imposed at a rate of one-half of one percent, three-fourths of one percent or one percent on the receipts from the sale at retail of all tangible personal property or taxable services at retail within the museum and cultural district adopting such tax, if such property and services are subject to taxation by the state of Missouri pursuant to the provisions of sections 144.010 to 144.525. Any museum and cultural district sales tax imposed pursuant to this section shall be imposed at a rate that shall be uniform throughout the district.

7. On and after the effective date of any tax imposed pursuant to this section, the [museum and cultural district] **director of revenue** shall perform all functions incident to the administration, collection, enforcement, and operation of the tax. The tax imposed pursuant to this section shall be collected and reported upon such forms and under such administrative rules and regulations as may be prescribed by the [museum and cultural district] **director**.

8. All applicable provisions contained in sections 144.010 to 144.525 governing the state sales tax, sections 32.085 [and] to 32.087, and section 32.057, the uniform confidentiality provision, shall apply to the collection of the tax imposed by this section, except as modified in this section. All revenue collected under this section by the director of the department of revenue on behalf of the museum and cultural districts, except for one percent for the cost of collection which shall be deposited in the state's general revenue fund, shall be deposited in a special trust fund, which is hereby created and shall be known as the "Missouri Museum **and** Cultural District Tax Fund", and shall be used solely for such designated purpose. [Moneys in the fund shall not be deemed to be state funds, and shall not be commingled with any funds of the state.] The director may make refunds from the amounts in the fund and credited to the district for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such county.

9. All exemptions granted to agencies of government, organizations, persons and to the sale of certain articles and items of tangible personal property and taxable services pursuant to the provisions of sections 144.010 to 144.525 are hereby made applicable to the imposition and collection of the tax imposed by this section.

10. The same sales tax permit, exemption certificate and retail certificate required by sections 144.010 to 144.525 for the administration and collection of the state sales tax shall satisfy the requirements of this section, and no additional permit or exemption certificate or retail certificate shall be required; except that the museum and cultural district may prescribe a form of exemption certificate for an exemption from the tax imposed by this section.

11. The penalties provided in section 32.057 and sections 144.010 to 144.525 for violation of those sections are hereby made applicable to violations of this section.

12. For the purpose of a sales tax imposed by a resolution pursuant to this section, all retail sales except retail sales of motor vehicles shall be deemed to be consummated at the place of business of the retailer unless the tangible personal property sold is delivered by the retailer or the retailer's agent to an out-of-state destination or to a common carrier for delivery to an out-of-state destination. In the event a retailer has more than one place of business in this state which participates in the sale, the sale shall be deemed to be consummated at the place of business of the retailer where the initial order for the tangible personal property is taken, even though the order shall be forwarded elsewhere for acceptance, approval of credit, shipment or billing. A sale by a retailer's employee shall be deemed to be consummated at the place of business from which the employee works.

13. All sales taxes collected by the museum and cultural district shall be deposited by the museum and cultural district in a special fund to be expended for the purposes authorized in this section. The museum and cultural district shall keep accurate records of the amount of money which was collected pursuant to this section, and the records shall be open to the inspection by the officers and directors of each museum and cultural district and the Missouri department of revenue. Tax returns filed by businesses within the district shall otherwise be considered as confidential in the same manner as sales tax returns filed with the Missouri department of revenue.

14. No museum and cultural district imposing a sales tax pursuant to this section may repeal or amend such sales tax unless such repeal or amendment will not impair the district’s ability to repay any liabilities which it has incurred, money which it has borrowed or revenue bonds, notes or other obligations which it has issued or which have been issued to finance any project or projects.

221.407. 1. The commission of any regional jail district may impose, by order, a sales tax in the amount of one-eighth of one percent, one-fourth of one percent, three-eighths of one percent, or one-half of one percent on all retail sales made in such region which are subject to taxation pursuant to the provisions of sections 144.010 to 144.525 for the purpose of providing jail services and court facilities and equipment for such region. The tax authorized by this section shall be in addition to any and all other sales taxes allowed by law, except that no order imposing a sales tax pursuant to this section shall be effective unless the commission submits to the voters of the district, on any election date authorized in chapter 115, a proposal to authorize the commission to impose a tax.

2. The ballot of submission shall contain, but need not be limited to, the following language:

Shall the regional jail district of (counties’ names) impose a region-wide sales tax of (insert amount) for the purpose of providing jail services and court facilities and equipment for the region?

YES

If you are in favor of the question, place an “X” in the box opposite “Yes”. If you are opposed to the question, place an “X” in the box opposite “No”.

If a majority of the votes cast on the proposal by the qualified voters of the district voting thereon are in favor of the proposal, then the order and any amendment to such order shall be in effect [on the first day of the second quarter immediately following the election approving the proposal] **as provided by subsection 19 of section 32.087**. If the proposal receives less than the required majority, the commission shall have no power to impose the sales tax authorized pursuant to this section unless and until the commission shall again have submitted another proposal to authorize the commission to impose the sales tax authorized by this section and such proposal is approved by the required majority of the qualified voters of the district voting on such proposal; however, in no event shall a proposal pursuant to this section be submitted to the voters sooner than twelve months from the date of the last submission of a proposal pursuant to this section.

3. All revenue received by a district from the tax authorized pursuant to this section shall be deposited in a special trust fund and shall be used solely for providing jail services and court facilities and equipment for such district for so long as the tax shall remain in effect.

4. Once the tax authorized by this section is abolished or terminated by any means, all funds remaining in the special trust fund shall be used solely for providing jail services and court facilities and equipment

for the district. Any funds in such special trust fund which are not needed for current expenditures may be invested by the commission in accordance with applicable laws relating to the investment of other county funds.

5. All sales taxes collected by the director of revenue pursuant to this section on behalf of any district, less one percent for cost of collection which shall be deposited in the state's general revenue fund after payment of premiums for surety bonds as provided in section 32.087, shall be deposited in a special trust fund, which is hereby created, to be known as the "Regional Jail District Sales Tax Trust Fund". The moneys in the regional jail district sales tax trust fund shall not be deemed to be state funds and shall not be commingled with any funds of the state. The director of revenue shall keep accurate records of the amount of money in the trust fund which was collected in each district imposing a sales tax pursuant to this section, and the records shall be open to the inspection of officers of each member county and the public. Not later than the tenth day of each month the director of revenue shall distribute all moneys deposited in the trust fund during the preceding month to the district which levied the tax. Such funds shall be deposited with the treasurer of each such district, and all expenditures of funds arising from the regional jail district sales tax trust fund shall be paid pursuant to an appropriation adopted by the commission and shall be approved by the commission. Expenditures may be made from the fund for any function authorized in the order adopted by the commission submitting the regional jail district tax to the voters.

6. The director of revenue may [authorize the state treasurer to] make refunds from the amounts in the trust fund and credited to any district for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such districts. If any district abolishes the tax, the commission shall notify the director of revenue of the action [at least ninety days] prior to the effective date of the repeal, and the director of revenue may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such district, the director of revenue shall remit the balance in the account to the district and close the account of that district. The director of revenue shall notify each district in each instance of any amount refunded or any check redeemed from receipts due the district.

7. Except as provided in this section, all provisions of sections 32.085 [and] to 32.087 shall apply to the tax imposed pursuant to this section.

The tax authorized by this section shall be in addition to any and all other sales taxes allowed by law, except that no sales tax imposed under the provisions of this section shall be effective unless the governing body of the county, on behalf of the transit authority, submits to the voters of the county, at a county or state general, primary or special election, a proposal to authorize the transit authority to impose a tax.

2. The ballot of submission shall contain, but need not be limited to, the following language:

YES

NO

If you are in favor of the question, place an “X” in the box opposite “YES”. If you are opposed to the question, place an “X” in the box opposite “NO”.

If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal, then the tax shall become effective [on the first day of the second calendar quarter following notification to the department of revenue of adoption of the tax] **as provided by subsection 19 of section 32.087**. If a majority of the votes cast by the qualified voters voting are opposed to the proposal, then the transit authority shall have no power to impose the sales tax authorized by this section unless and until another proposal to authorize the transit authority to impose the sales tax authorized by this section has been submitted and such proposal is approved by a majority of the qualified voters voting thereon.

3. All revenue received by the transit authority from the tax authorized under the provisions of this section shall be deposited in a special trust fund and shall be used solely by the transit authority for construction, purchase, lease, maintenance and operation of transportation facilities located within the county for so long as the tax shall remain in effect. Any funds in such special trust fund which are not needed for current expenditures may be invested by the transit authority in accordance with applicable laws relating to the investment of county funds.

4. No transit authority imposing a sales tax pursuant to this section may repeal or amend such sales tax unless such repeal or amendment is submitted to and approved by the voters of the county in the same manner as provided in subsection 1 of this section for approval of such tax. Whenever the governing body of any county in which a sales tax has been imposed in the manner provided by this section receives a petition, signed by ten percent of the registered voters of such county voting in the last gubernatorial election, calling for an election to repeal such sales tax, the governing body shall submit to the voters of such county a proposal to repeal the sales tax imposed under the provisions of this section. If a majority of the votes cast on the proposal by the registered voters voting thereon are in favor of the proposal to repeal the sales tax, then such sales tax is repealed **as provided by subsection 19 of section 32.087**. retail to the extent and in the manner provided in sections 144.010 to 144.525 and the rules and regulations of the director of revenue issued pursuant thereto; except that the rate of the tax shall be the rate approved pursuant to this section. The amount reported and returned to the director of revenue by the seller shall be computed on the basis of the combined rate of the tax imposed by sections 144.010 to 144.525 and the tax imposed by this section, plus any amounts imposed under other provisions of law.

6. After the effective date of any tax imposed under the provisions of this section, the director of revenue shall perform all functions incident to the administration, collection, enforcement, and operation of the tax, and the director of revenue shall collect in addition to the sales tax for the state of Missouri the additional tax authorized under the authority of this section. The tax imposed under this section and the tax imposed under the sales tax law of the state of Missouri shall be collected together and reported upon such forms and under such administrative rules and regulations as may be prescribed by the director of revenue. In order to permit sellers required to collect and report the sales tax to collect the amount required to be reported and remitted, but not to change the requirements of reporting or remitting tax or to serve as a levy of the tax, and in order to avoid fractions of pennies, the applicable provisions of section 144.285 shall apply to all taxable transactions.

7. All applicable provisions contained in sections 144.010 to 144.525 governing the state sales tax and section 32.057, the uniform confidentiality provision, shall apply to the collection of the tax imposed by this section, except as modified in this section. All exemptions granted to agencies of government, organizations, persons and to the sale of certain articles and items of tangible personal property and taxable services under the provisions of sections 144.010 to 144.525 are hereby made applicable to the imposition and collection of the tax imposed by this section. The same sales tax permit, exemption certificate and retail certificate required by sections 144.010 to 144.525 for the administration and collection of the state sales tax shall satisfy the requirements of this section, and no additional permit or exemption certificate or retail certificate shall be required; except that the director of revenue may prescribe a form of exemption certificate for an exemption from the tax imposed by this section. All discounts allowed the retailer under the provisions of the state sales tax law for the collection of and for payment of taxes under chapter 144 are hereby allowed and made applicable to any taxes collected under the provisions of this section. The penalties provided in section 32.057 and sections 144.010 to 144.525 for a violation of those sections are hereby made applicable to violations of this section.

8. [For the purposes of a sales tax imposed pursuant to this section, all retail sales shall be deemed to be consummated at the place of business of the retailer, except for tangible personal property sold which is delivered by the retailer or his agent to an out-of-state destination or to a common carrier for delivery to an out-of-state destination and except for the sale of motor vehicles, trailers, boats and outboard motors, which is provided for in subsection 12 of this section. In the event a retailer has more than one place of business in this state which participates in the sale, the sale shall be deemed to be consummated at the place of business of the retailer where the initial order for the tangible personal property is taken, even though the order must be forwarded elsewhere for acceptance, approval of credit, shipment or billing. A sale by a retailer's employee shall be deemed to be consummated at the place of business from which he works.

9.] All sales taxes collected by the director of revenue under this section on behalf of any transit authority, less one percent for cost of collection which shall be deposited in the state's general revenue fund after payment of premiums for surety bonds as provided in this section, shall be deposited [in the state treasury] in a special trust fund, which is hereby created, to be known as the "County Transit Authority Sales Tax Trust Fund". The moneys in the county transit authority sales tax trust fund shall not be deemed

to be state funds and shall not be commingled with any funds of the state. The director of revenue shall keep accurate records of the amount of money in the trust fund which was collected in each transit authority imposing a sales tax under this section, and the records shall be open to the inspection of officers of the county and the public. Not later than the tenth day of each month the director of revenue shall distribute all moneys deposited in the trust fund during the preceding month to the transit authority which levied the tax.

[10.] **9.** The director of revenue may [authorize the state treasurer to] make refunds from the amounts in the trust fund and credited to any transit authority for erroneous payments and overpayments made, and may [authorize the state treasurer to] redeem dishonored checks and drafts deposited to the credit of such transit authorities. If any transit authority abolishes the tax, the transit authority shall notify the director of revenue of the action [at least ninety days] prior to the effective date of the repeal and the director of revenue may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such transit authority, the director of revenue shall [authorize the state treasurer to] remit the balance in the account to the transit authority and close the account of that transit authority. The director of revenue shall notify each transit authority of each instance of any amount refunded or any check redeemed from receipts due the transit authority. The director of revenue shall annually report on his management of the trust fund and administration of the sales taxes authorized by this section. He shall provide each transit authority imposing the tax authorized by this section with a detailed accounting of the source of all funds received by him for the transit authority.

[11.] **10.** The director of revenue and any of his deputies, assistants and employees who shall have any duties or responsibilities in connection with the collection, deposit, transfer, transmittal, disbursement, safekeeping, accounting, or recording of funds which come into the hands of the director of revenue under the provisions of this section shall enter a surety bond or bonds payable to any and all transit authorities in whose behalf such funds have been collected under this section in the amount of one hundred thousand dollars; but the director of revenue may enter into a blanket bond or bonds covering himself and all such deputies, assistants and employees. The cost of the premium or premiums for the surety bond or bonds shall be paid by the director of revenue from the share of the collection retained by the director of revenue for the benefit of the state.

[12.] **11.** Sales taxes imposed pursuant to this section and use taxes on the purchase and sale of motor vehicles, trailers, boats, and outboard motors shall not be collected and remitted by the seller, but shall be collected by the director of revenue at the time application is made for a certificate of title, if the address of the applicant is within a county where a sales tax is imposed under this section. The amounts so collected, less the one percent collection cost, shall be deposited in the county transit authority sales tax trust fund. The purchase or sale of motor vehicles, trailers, boats, and outboard motors shall be deemed to be consummated at the address of the applicant. As used in this subsection, the term “boat” shall only include motorboats and vessels as the terms “motorboat” and “vessel” are defined in section 306.010.

[13.] **12.** In any county where the transit authority sales tax has been imposed, if any person is delinquent in the payment of the amount required to be paid by him under this section or in the event a determination has been made against him for taxes and penalty under this section, the limitation for bringing suit for the collection of the delinquent tax and penalty shall be the same as that provided in sections 144.010 to 144.525. Where the director of revenue has determined that suit must be filed against any person for the collection of delinquent taxes due the state under the state sales tax law, and where such person is

also delinquent in payment of taxes under this section, the director of revenue shall notify the transit authority to which delinquent taxes are due under this section by United States registered mail or certified mail at least ten days before turning the case over to the attorney general. The transit authority, acting through its attorney, may join in such suit as a party plaintiff to seek a judgment for the delinquent taxes and penalty due such transit authority. In the event any person fails or refuses to pay the amount of any sales tax due under this section, the director of revenue shall promptly notify the transit authority to which the tax would be due so that appropriate action may be taken by the transit authority.

[14.] **13.** Where property is seized by the director of revenue under the provisions of any law authorizing seizure of the property of a taxpayer who is delinquent in payment of the tax imposed by the state sales tax law, and where such taxpayer is also delinquent in payment of any tax imposed by this section, the director of revenue shall permit the transit authority to join in any sale of property to pay the delinquent taxes and penalties due the state and to the transit authority under this section. The proceeds from such sale shall first be applied to all sums due the state, and the remainder, if any, shall be applied to all sums due such transit authority under this section.

[15. The transit authority created under the provisions of sections 238.400 to 238.412 shall notify any and all affected businesses of the change in tax rate caused by the imposition of the tax authorized by sections 238.400 to 238.412.

16.] **14.** In the event that any transit authority in any county with a charter form of government and with more than two hundred fifty thousand but fewer than three hundred fifty thousand inhabitants submits a proposal in any election to increase the sales tax under this section, and such proposal is approved by the voters, the county shall be reimbursed for the costs of submitting such proposal from the funds derived from the tax levied under this section.

15. Except as provided in sections 238.400 to 238.412, all provisions of sections 32.085 to 32.087 shall apply to the tax imposed under sections 238.410 to 238.412.”; and

HOUSE AMENDMENT NO. 3

Amend Senate Committee Substitute for Senate Bill No. 921, Page 1, in the title, Line 3, by deleting the phrase “domestic violence” and inserting in lieu thereof the phrase “court procedures”; and

Further amend said bill, Page 2, Section 173.2050, Line 27, by inserting after all of said section and line the following:

“210.565. 1. Whenever a child is placed in a foster home and the court has determined pursuant to subsection 4 of this section that foster home placement with relatives is not contrary to the best interest of the child, the children's division shall give foster home placement to relatives of the child. Notwithstanding any rule of the division to the contrary, the children's division shall make diligent efforts to locate the grandparents of the child and determine whether they wish to be considered for placement of the child. Grandparents who request consideration shall be given preference and first consideration for foster home placement of the child. If more than one grandparent requests consideration, the family support team shall make recommendations to the juvenile or family court about which grandparent should be considered for placement.

2. As used in this section, the [term] **following terms shall mean:**

(1) “Kin” or “kinship”, a person who is related to the child by blood or affinity beyond the third degree, or a person who is not so related to the child but has a close relationship with the child or the child's family, including but not limited to godparents, neighbors, teachers, or close family friends; and

(2) “Relative” [means], a grandparent or any other person related to another by blood or affinity within the third degree. The status of a grandparent shall not be affected by the death or the dissolution of the marriage of a son or daughter.

3. The following shall be the order or preference for placement of a child under this section:

(1) Grandparents and relatives;

(2) [A trusted adult that has a preexisting relationship with the child, such as a godparent, teacher, neighbor, or fellow parishioner] **Kin**, who voluntarily [agrees] **agree** to care for the child; and

(3) Any foster parent who is currently licensed and capable of accepting placement of the child.

4. The preference for placement and first consideration for grandparents or preference for placement with other relatives created by this section shall only apply where the court finds that placement with such grandparents or other relatives is not contrary to the best interest of the child considering all circumstances. If the court finds that it is contrary to the best interest of a child to be placed with grandparents or other relatives, the court shall make specific findings on the record detailing the reasons why the best interests of the child necessitate placement of the child with persons other than grandparents or other relatives.

5. Recognizing the critical nature of sibling bonds for children, the children’s division shall make reasonable efforts to place siblings in the same foster care, kinship, guardianship, or adoptive placement, unless doing so would be contrary to the safety or well-being of any of the siblings. If siblings are not placed together, the children’s division shall make reasonable efforts to provide frequent visitation or other ongoing interaction between the siblings, unless this interaction would be contrary to a sibling’s safety or well-being.

6. The age of the child’s grandparent or other relative shall not be the only factor that the children’s division takes into consideration when it makes placement decisions and recommendations to the court about placing the child with such grandparent or other relative.

7. For any Native American child placed in protective custody, the children’s division shall comply with the placement requirements set forth in 25 U.S.C. Section 1915.

8. A grandparent [or], other relative, **or kin** may, on a case-by-case basis, have standards for licensure not related to safety waived for specific children in care that would otherwise impede licensing of the [grandparent’s or relative’s] home **of the grandparent, relative, or kin**. In addition, any person receiving a preference may be licensed in an expedited manner if a child is placed under such person’s care.

9. When placed in the home of a grandparent, other relative, or kin, foster children of the opposite sex who are siblings shall be permitted to sleep in the same room if doing so would be in the children’s best interests and presents no safety concerns.

10. The guardian ad litem shall ascertain the child’s wishes and feelings about his or her placement by conducting an interview or interviews with the child, if appropriate based on the child’s age and maturity level, which shall be considered as a factor in placement decisions and recommendations, but shall not supersede the preference for relative placement created by this section or be contrary to the child’s best interests.

211.093. **1.** Any order or judgment entered by the court under authority of this chapter or chapter 210 shall, so long as [such order or judgment remains in effect] **the juvenile court exercises continuing jurisdiction**, take precedence over any order or judgment concerning the status or custody of a child under **the age of twenty-one** entered by a court under authority of chapter 452, 453, 454 or 455, **and orders of**

guardianship under chapter 475, but only to the extent inconsistent therewith.

2. In addition to all other powers conveyed upon the court by this chapter and chapter 210, any court exercising jurisdiction over a juvenile pursuant to subdivision (1) of subsection 1 of section 211.031 shall have authority to enter an order placing that juvenile into the legal and physical custody of any parent of the juvenile, enter a child support order, and establish rights of visitation for the parents of the juvenile, and the court shall have authority to enter an order establishing the paternity of the juvenile's biological father under the uniform paternity act, sections 210.817 to 210.852.

3. Any custody, support, or visitation order entered by the court pursuant to subsection 2 of this section shall remain in full force and effect after the termination of juvenile court proceeding if the court's order expressly states that the order shall be continuing. Any such custody, child support, or visitation order shall take precedence over, and shall automatically stay, any prior orders concerning custody, child support, guardianship, or visitation. Such orders shall remain in full force and effect until a subsequent order with respect to custody, child support, guardianship, or visitation of the juvenile is entered by a court under authority of chapters 452, 453, 454, 455, or orders of guardianship under chapter 475.

4. If the juvenile court terminates jurisdiction without entering a continuing custody, support, or visitation order pursuant to subsections 2 and 3 of this section, then legal and physical custody of the juvenile shall be returned to the custodian or legal guardian who exercised custody prior to the juvenile court assuming jurisdiction pursuant to subdivision (1) of subsection 1 of section 211.031, and any custody or visitation orders in effect at the time the juvenile court assumed jurisdiction shall be restored.

5. The juvenile court shall not have the authority to hear modification motions or other actions to rehear any orders entered under this section after the juvenile court terminates jurisdiction on the underlying case. Any future actions shall be conducted under chapters 452, 453, 454, 455, or 475, as appropriate.

6. Any child support order entered under this section shall be established and enforced under the procedures set forth in chapter 454. The circuit clerk shall, upon the entry of a child support order, send a certified copy to the family support division for enforcement as provided for by law.

211.171. 1. The procedure to be followed at the hearing shall be determined by the juvenile court judge and may be as formal or informal as he or she considers desirable, consistent with constitutional and statutory requirements. The judge may take testimony and inquire into the habits, surroundings, conditions and tendencies of the child and the family to enable the court to render such order or judgment as will best promote the welfare of the child and carry out the objectives of this chapter.

2. The hearing may, in the discretion of the court, proceed in the absence of the child and may be adjourned from time to time.

3. The current foster parents of a child, or any preadoptive parent or relative currently providing care for the child, shall be provided with notice of, and an opportunity to be heard in, any hearing to be held with respect to the child, and a foster parent shall have standing to participate in all court hearings pertaining to a child in their care. **In a juvenile court case proceeding under subdivisions (1) or (2) of subsection 1 of section 211.031, a foster parent, relative, or kin as defined in section 210.565 with whom a child has been placed for at least three months shall have the right to intervene as a party. The court may dismiss the intervening foster parent, relative, or kin from the case if he or she no longer has the child**

in their care. The court shall not dismiss an intervening foster parent, relative, or kin for the sole purpose of terminating the foster parent, relative, or kin relationship. Nothing in this section shall be construed to authorize the court to join a foster parent as a party to the case without the foster parent's consent. No state or local agency or other governmental body shall be liable for the legal fees or associated costs incurred by the foster parent, relative, or kin intervening under this subsection.

4. All cases of children shall be heard separately from the trial of cases against adults.

5. Stenographic notes or an authorized recording of the hearing shall be required if the court so orders or, if requested by any party interested in the proceeding.

6. The general public shall be excluded and only such persons admitted as have a direct interest in the case or in the work of the court except in cases where the child is accused of conduct which, if committed by an adult, would be considered a class A or B felony; or for conduct which would be considered a class C felony, if the child has previously been formally adjudicated for the commission of two or more unrelated acts which would have been class A, B or C felonies, if committed by an adult.

7. The practice and procedure customary in proceedings in equity shall govern all proceedings in the juvenile court; except that, the court shall not grant a continuance in such proceedings absent compelling extenuating circumstances, and in such cases, the court shall make written findings on the record detailing the specific reasons for granting a continuance.

[8.] 7. The court shall allow the victim of any offense to submit a written statement to the court. The court shall allow the victim to appear before the court personally or by counsel for the purpose of making a statement, unless the court finds that the presence of the victim would not serve justice. The statement shall relate solely to the facts of the case and any personal injuries or financial loss incurred by the victim. A member of the immediate family of the victim may appear personally or by counsel to make a statement if the victim has died or is otherwise unable to appear as a result of the offense committed by the child.

211.464. [1. Where a child has been placed with a foster parent, with relatives or with other persons who are able and willing to permanently integrate the child into the family by adoption, the court shall provide the opportunity for such foster parent, relative or other person to present evidence for the consideration of the court.

2.] Current foster parents or other legal custodians who are not seeking to adopt the child shall be given an opportunity to testify at all hearings regarding the child. Upon the filing of a petition concerning a minor child who is in the care of foster parents or other legal custodians, the court shall give notice to such foster parents or legal custodians of the filing, any future hearings held on such petition and their opportunity to testify at any subsequent hearings held in relation to such petition, unless such notice and opportunity is waived by such foster or custodial parent.

302.341. 1. The centralized bureau shall collect, with any plea of guilty and payment of a fine, all court costs which would have been collected by the court of the jurisdiction from which the violation originated.

4. If a person elects not to contest the alleged violation, the person shall send payment in the amount of the fine and any court costs established for the violation to the centralized bureau. Such payment shall be payable to the central violations bureau, shall be made by mail or in any other manner established by the centralized bureau, and shall constitute a plea of guilty, waiver of trial and a conviction for purposes of section 302.302, and for purposes of imposing any collateral consequence of a criminal conviction provided by law. By paying the fine and costs, the person also consents to attendance either online or in person at any

driver-improvement program or motorcycle-rider training course ordered by the court and consents to verification of such attendance as directed by the bureau. Notwithstanding any provision of law to the contrary, the prosecutor shall not be required to sign any information, ticket or indictment if disposition is made pursuant to this subsection. In the event that any payment is made pursuant to this section by credit card or similar method, the centralized bureau may charge an additional fee in order to reflect any transaction cost, surcharge or fee imposed on the recipient of the credit card payment by the credit card company.

5. If a person elects to plead not guilty, such person shall send the plea of not guilty to the centralized bureau. The bureau shall send such plea and request for trial to the prosecutor having original jurisdiction over the offense. Any trial shall be conducted at the location designated by the court. The clerk of the court in which the case is to be heard shall notify in writing such person of the date certain for the disposition of such charges. The prosecutor shall not be required to sign any information, ticket or indictment until the commencement of any proceeding by the prosecutor with respect to the notice of violation.

6. In courts adopting a schedule of fines pursuant to this section, any person receiving a notice of violation pursuant to this section shall also receive written notification of the following:

(1) The fine and court costs established pursuant to this section for the violation or information regarding how the person may obtain the amount of the fine and court costs for the violation;

(2) That the person must respond to the notice of violation by paying the prescribed fine and court costs, or pleading not guilty and appearing at trial, and that other legal penalties prescribed by law may attach for failure to appear and dispose of the violation. The supreme court may modify the suggested forms for uniform complaint and summons for use in courts adopting the procedures provided by this section, in order to accommodate such required written notifications.

7. Any moneys received in payment of fines and court costs pursuant to this section shall not be considered to be state funds, but shall be held in trust by the centralized bureau for benefit of those persons or entities entitled to receive such funds pursuant to this subsection. All amounts paid to the centralized bureau shall be maintained by the centralized bureau, invested in the manner required of the state treasurer for state funds by sections 30.240, 30.250, 30.260 and 30.270, and disbursed as provided by the constitution and laws of this state. Any interest earned on such fund shall be payable to the director of the department of revenue for deposit into a revolving fund to be established pursuant to this subsection. The state treasurer shall be the custodian of the revolving fund, and shall make disbursements, as allowed by lawful appropriations, only to the judicial branch of state government for goods and services related to the administration of the judicial system.

8. Any person who receives a notice of violation subject to this section who fails to dispose of such violation as provided by this section shall be guilty of failure to appear provided by section 544.665; and may be subject to suspension of driving privileges in the manner provided by section 302.341. The centralized bureau shall notify the appropriate prosecutor of any person who fails to either pay the prescribed fine and court costs, or plead not guilty and request a trial within the time allotted by this section, for purposes of application of section 544.665. The centralized bureau shall also notify the department of revenue of any failure to appear subject to section 302.341, and the [department shall thereupon] **prosecutor shall determine whether to** suspend the license of the driver in the manner provided by section 302.341[, as if notified by the court].

9. In addition to the remedies provided by subsection 8 of this section, the centralized bureau and the

courts may use the remedies provided by sections 488.010 to 488.020 for the collection of court costs payable to courts, in order to collect fines and court costs for violations subject to this section.

478.705. 1. There shall be [two] **three** circuit judges in the twenty-sixth judicial circuit consisting of the counties of Camden, Laclede, Miller, Moniteau and Morgan. These judges shall sit in divisions numbered one [and], two, **and three**.

2. The circuit judge in division two shall be elected in 1980. The circuit judge in division one shall be elected in 1982. **The governor shall appoint a judge for division three and notwithstanding the provisions of section 105.030, that judge shall serve until January 1, 2021. HOUSE AMENDMENT NO. 5

Amend Senate Committee Substitute for Senate Bill No. 921, Page 3, Section 455.545, Line 4, by inserting after all of said section and line the following:

“610.205. 1. Crime scene photographs and video recordings, including photographs and video recordings created or produced by a state or local agency or by a perpetrator or suspect at a crime scene that depict or describe a deceased person in a state of dismemberment, decapitation, or similar mutilation including, without limitation, where the deceased person’s genitalia are exposed, may be designated closed by a law enforcement agency, provided, however, that this section shall not prohibit disclosure of such material to the deceased’s next of kin or to an individual who has secured a written release from the next of kin. It shall be the responsibility of the next of kin to show proof of the familial relationship. For purposes of such access, the deceased’s next of kin shall be:

(1) The spouse of the deceased if living;

- (2) **If there is no living spouse of the deceased, an adult child of the deceased; or**
 (3) **If there is no living spouse or adult child, a parent of the deceased.**

2. Subject to the provisions of subsection 3 of this section, a circuit court judge may order the disclosure of such photographs or video recordings upon findings in writing that disclosure is in the public interest and outweighs any privacy interest that may be asserted by the deceased person's next of kin. In making such determination, the court shall consider whether such disclosure is necessary for public evaluation of governmental performance, the seriousness of the intrusion into the family's right to privacy, and whether such disclosure is the least intrusive means available considering the availability of similar information in other public records. In any such action, the court shall review the photographs or video recordings in question in camera with the custodian of the crime scene materials present and may condition any disclosure on such condition as the court may deem necessary to accommodate the interests of the parties.

3. Prior to releasing any crime scene material described in subsection 1 of this section, the custodian of such material shall give the deceased person's next of kin at least two weeks' notice. No court shall order a disclosure under subsection 2 of this section which would disregard or shorten the duration of such notice requirement.

4. The provisions of this section shall apply to all undisclosed material, as described in subsection 1 of this section, which is in the custody of a state or local agency on the effective date of this section and to any such material which comes into the custody of a state or local agency after such date.

5. The provisions of this section shall not apply to disclosure of crime scene material to counsel representing a convicted defendant in a habeas corpus action, on a motion for new trial, or in a federal habeas corpus action under 28 U.S.C. Section 2254 or 2255 for the purpose of preparing to file or litigating such proceedings. Counsel may disclose such materials to his or her client and any expert or investigator assisting counsel but shall not otherwise disseminate such materials, except to the extent they may be necessary exhibits in court proceedings. A request under this subsection shall clearly state that such request is being made for the purpose of preparing to file and litigate proceedings enumerated in this subsection.

6. The director of the department of public safety shall promulgate rules and regulations governing the viewing of materials described in subsection 1 of this section by bona fide credentialed members of the press.”; and

HOUSE AMENDMENT NO. 6

Amend Senate Committee Substitute for Senate Bill No. 921, Page 3, Section 455.545, Line 4, by inserting after all of said section and line the following:

“610.100. 1. As used in sections 610.100 to 610.150, the following words and phrases shall mean:

(1) “Arrest”, an actual restraint of the person of the defendant, or by his or her submission to the custody of the officer, under authority of a warrant or otherwise for a criminal violation which results in the issuance of a summons or the person being booked;

(2) “Arrest report”, a record of a law enforcement agency of an arrest and of any detention or confinement incident thereto together with the charge therefor;

(3) “Inactive”, an investigation in which no further action will be taken by a law enforcement agency or officer for any of the following reasons:

(a) A decision by the law enforcement agency not to pursue the case;

(b) Expiration of the time to file criminal charges pursuant to the applicable statute of limitations, or ten years after the commission of the offense; whichever date earliest occurs;

(c) Finality of the convictions of all persons convicted on the basis of the information contained in the investigative report, by exhaustion of or expiration of all rights of appeal of such persons;

(4) “Incident report”, a record of a law enforcement agency consisting of the date, time, specific location, name of the victim and immediate facts and circumstances surrounding the initial report of a crime or incident, including any logs of reported crimes, accidents and complaints maintained by that agency;

(5) “Investigative report”, a record, other than an arrest or incident report, prepared by personnel of a law enforcement agency, inquiring into a crime or suspected crime, either in response to an incident report or in response to evidence developed by law enforcement officers in the course of their duties.

2. Each law enforcement agency of this state, of any county, and of any municipality shall maintain records of all incidents reported to the agency, investigations and arrests made by such law enforcement agency. All incident reports and arrest reports shall be open records. Notwithstanding any other provision of law other than the provisions of subsections [4,] 5, [and] 6, **and 7** of this section or section 320.083, investigative reports of all law enforcement agencies are closed records until the investigation becomes inactive. If any person is arrested and not charged with an offense against the law within thirty days of the person’s arrest, the arrest report shall thereafter be a closed record except that the disposition portion of the record may be accessed and except as provided in section 610.120.

3. Except as provided in subsections [4,] 5, 6, [and] 7, **and 8** of this section, if any portion of a record or document of a law enforcement officer or agency, other than an arrest report, which would otherwise be open, contains information that is reasonably likely to pose a clear and present danger to the safety of any victim, witness, undercover officer, or other person; or jeopardize a criminal investigation, including records which would disclose the identity of a source wishing to remain confidential or a suspect not in custody; or which would disclose techniques, procedures or guidelines for law enforcement investigations or prosecutions, that portion of the record shall be closed and shall be redacted from any record made available pursuant to this chapter.

4. (1) Notwithstanding any other provision of this section or law to the contrary, incident reports and investigative reports involving suicide or attempted suicide, and any medical records contained within such reports involving instances of rape, sexual assault, or any other sexual offense under chapter 566, shall not be public records or documents subject to the provisions of this chapter and

shall permanently be characterized as closed records.

(2) Except as authorized by this section or any other law or rule for purposes including administrative necessities, court adjudications, or law enforcement, such reports shall not be released for any purpose whatsoever, except that suicide and attempted suicide records shall be released upon the request of an individual who is the subject of the report of attempted suicide or upon the request of such individual's parent or guardian if the individual is a minor or is incapacitated. If a suicide did occur, then such records shall be released to the victim's familial relations within the second degree of consanguinity or affinity upon request. Reports that have not been redacted containing medical records related to rape, sexual assault, and any other sexual offense under chapter 566 shall be released only upon the request of an individual who is the reported victim of any such crime, to his or her parent or guardian if the individual is a minor, or to his or her parent or guardian if the individual is incapacitated. A law enforcement agency may release any information from reports involving suicide or attempted suicide, upon its own volition and without the consent of the individual who is the reported victim of any such act, if the release of such information is immediately necessary to the preservation of the health and safety of an individual or the public health and welfare.

(3) The sovereign immunity of a law enforcement agency from liability and suit for compensatory damages is hereby expressly waived in any instance in which a law enforcement officer or agency intentionally discloses such reports in violation of the provisions of this subsection. A violation of this subsection due to a negligent act or omission by a law enforcement officer or a law enforcement agency shall be subject to discipline by the agency and the Police Officer Standards and Training Commission under chapter 590.

5. Any person, including a family member of such person within the first degree of consanguinity if such person is deceased or [incompetent] **incapacitated**, attorney for a person, or insurer of a person involved in any incident or whose property is involved in an incident, may obtain any records closed pursuant to this section or section 610.150 for purposes of investigation of any civil claim or defense, as provided by this subsection. Any individual, his or her family member within the first degree of consanguinity if such individual is deceased or incompetent, his or her attorney or insurer, involved in an incident or whose property is involved in an incident, upon written request, may obtain a complete unaltered and unedited incident report concerning the incident, and may obtain access to other records closed by a law enforcement agency pursuant to this section. Within thirty days of such request, the agency shall provide the requested material or file a motion pursuant to this subsection with the circuit court having jurisdiction over the law enforcement agency stating that the safety of the victim, witness or other individual cannot be reasonably ensured, or that a criminal investigation is likely to be jeopardized. If, based on such motion, the court finds for the law enforcement agency, the court shall either order the record closed or order such portion of the record that should be closed to be redacted from any record made available pursuant to this subsection.

[5.] **6.** Any person may bring an action pursuant to this section in the circuit court having jurisdiction to authorize disclosure of the information contained in an investigative report of any law enforcement agency, which would otherwise be closed pursuant to this section. The court may order that all or part of the information contained in an investigative report be released to the person bringing the action. In making the determination as to whether information contained in an investigative report shall be disclosed, the court shall consider whether the benefit to the person bringing the action or to the public outweighs any harm to

the public, to the law enforcement agency or any of its officers, or to any person identified in the investigative report in regard to the need for law enforcement agencies to effectively investigate and prosecute criminal activity. The investigative report in question may be examined by the court in camera. The court may find that the party seeking disclosure of the investigative report shall bear the reasonable and necessary costs and attorneys' fees of both parties, unless the court finds that the decision of the law enforcement agency not to open the investigative report was substantially unjustified under all relevant circumstances, and in that event, the court may assess such reasonable and necessary costs and attorneys' fees to the law enforcement agency.

[6.] **7.** Any person may apply pursuant to this subsection to the circuit court having jurisdiction for an order requiring a law enforcement agency to open incident reports and arrest reports being unlawfully closed pursuant to this section. If the court finds by a preponderance of the evidence that the law enforcement officer or agency has knowingly violated this section, the officer or agency shall be subject to a civil penalty in an amount up to one thousand dollars. If the court finds that there is a knowing violation of this section, the court may order payment by such officer or agency of all costs and attorneys' fees, as provided by section 610.027. If the court finds by a preponderance of the evidence that the law enforcement officer or agency has purposely violated this section, the officer or agency shall be subject to a civil penalty in an amount up to five thousand dollars and the court shall order payment by such officer or agency of all costs and attorney fees, as provided in section 610.027. The court shall determine the amount of the penalty by taking into account the size of the jurisdiction, the seriousness of the offense, and whether the law enforcement officer or agency has violated this section previously.

[7.] **8.** The victim of an offense as provided in chapter 566 may request that his or her identity be kept confidential until a charge relating to such incident is filed.

610.200. **1. Except as provided in subsection 2 of this section,** all law enforcement agencies that maintain a daily log or record that lists suspected crimes, accidents, or complaints shall make available the following information for inspection and copying by the public:

- (1) The time, substance, and location of all complaints or requests for assistance received by the agency;
- (2) The time and nature of the agency's response to all complaints or requests for assistance; and
- (3) If the incident involves an alleged crime or infraction:
 - (a) The time, date, and location of occurrence;
 - (b) The name and age of any victim, unless the victim is a victim of a crime under chapter 566;
 - (c) The factual circumstances surrounding the incident; and
 - (d) A general description of any injuries, property or weapons involved.

2. Notwithstanding the provisions of any other law, any law enforcement agency with custody of an accident report or incident report shall not release the report containing any information about a suicide, attempted suicide, rape, sexual assault, or any other sexual offense under chapter 566, except as authorized under subsection 4 of section 610.100.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

Further amend said bill, Page 4, Section 160.545, Line 119, by inserting after all of said section and line the following:

“162.720. 1. Where a sufficient number of children are determined to be gifted and their development requires programs or services beyond the level of those ordinarily provided in regular public school programs, districts may establish special programs for such gifted children.

2. The state board of education shall determine standards for such programs. Approval of such programs shall be made by the state department of elementary and secondary education based upon project applications submitted by July fifteenth of each year.

3. No district shall make a determination as to whether a child is gifted based on the child’s participation in an advanced placement course or international baccalaureate course. Districts shall determine a child is gifted only if the child meets the definition of “gifted children” as provided in section 162.675.

163.031. 1. The department of elementary and secondary education shall calculate and distribute to each school district qualified to receive state aid under section 163.021 an amount determined by multiplying the district’s weighted average daily attendance by the state adequacy target, multiplying this product by the dollar value modifier for the district, and subtracting from this product the district’s local effort and subtracting payments from the classroom trust fund under section 163.043.

2. Other provisions of law to the contrary notwithstanding:

(1) For districts with an average daily attendance of more than three hundred fifty in the school year preceding the payment year:

(a) For the 2008-09 school year, the state revenue per weighted average daily attendance received by a district from the state aid calculation under subsections 1 and 4 of [this] section **163.031 as such section existed on July 1, 2008**, as applicable, and the classroom trust fund under section 163.043 shall not be less than the state revenue received by a district in the 2005-06 school year from the foundation formula, line 14, gifted, remedial reading, exceptional pupil aid, fair share, and free textbook payment amounts multiplied by the dollar value modifier, and dividing this product by the weighted average daily attendance computed for the 2005-06 school year;

(b) For each year subsequent to the 2008-09 school year, the amount shall be no less than that computed in paragraph (a) of this subdivision, multiplied by the weighted average daily attendance pursuant to section 163.036, less any increase in revenue received from the classroom trust fund under section 163.043;

(2) For districts with an average daily attendance of three hundred fifty or less in the school year

preceding the payment year:

(a) For the 2008-09 school year, the state revenue received by a district from the state aid calculation under subsections 1 and 4 of [this] section **163.031 as such section existed on July 1, 2008**, as applicable, and the classroom trust fund under section 163.043 shall not be less than the greater of state revenue received by a district in the 2004-05 or 2005-06 school year from the foundation formula, line 14, gifted, remedial reading, exceptional pupil aid, fair share, and free textbook payment amounts multiplied by the dollar value modifier;

(b) For each year subsequent to the 2008-09 school year, the amount shall be no less than that computed in paragraph (a) of this subdivision;

(3) The department of elementary and secondary education shall make an addition in the payment amount specified in subsection 1 of this section to assure compliance with the provisions contained in this subsection.

3. School districts that meet the requirements of section 163.021 shall receive categorical add-on revenue as provided in this subsection. The categorical add-on for the district shall be the sum of: seventy-five percent of the district allowable transportation costs under section 163.161; the career ladder entitlement for the district, as provided for in sections 168.500 to 168.515; the vocational education entitlement for the district, as provided for in section 167.332; and the district educational and screening program entitlements as provided for in sections 178.691 to 178.699. The categorical add-on revenue amounts may be adjusted to accommodate available appropriations.

4. For any school district meeting the eligibility criteria for state aid as established in section 163.021, but which is considered an option district under section 163.042 and therefore receives no state aid, the commissioner of education shall present a plan to the superintendent of the school district for the waiver of rules and the duration of said waivers, in order to promote flexibility in the operations of the district and to enhance and encourage efficiency in the delivery of instructional services as provided in section 163.042.

5. (1) No less than seventy-five percent of the state revenue received under the provisions of subsections 1 and 2 of this section shall be placed in the teachers' fund, and the remaining percent of such moneys shall be placed in the incidental fund. No less than seventy-five percent of one-half of the funds received from the school district trust fund distributed under section 163.087 shall be placed in the teachers' fund. One hundred percent of revenue received under the provisions of section 163.161 shall be placed in the incidental fund. One hundred percent of revenue received under the provisions of sections 168.500 to 168.515 shall be placed in the teachers' fund.

(2) A school district shall spend for certificated compensation and tuition expenditures each year:

(a) An amount equal to at least seventy-five percent of the state revenue received under the provisions of subsections 1 and 2 of this section;

(b) An amount equal to at least seventy-five percent of one-half of the funds received from the school district trust fund distributed under section 163.087 during the preceding school year; and

(c) Beginning in fiscal year 2008, as much as was spent per the second preceding year's weighted average daily attendance for certificated compensation and tuition expenditures the previous year from revenue produced by local and county tax sources in the teachers' fund, plus the amount of the incidental fund to teachers' fund transfer calculated to be local and county tax sources by dividing local and county

tax sources in the incidental fund by total revenue in the incidental fund.

In the event a district fails to comply with this provision, the amount by which the district fails to spend funds as provided herein shall be deducted from the district's state revenue received under the provisions of subsections 1 and 2 of this section for the following year, provided that the state board of education may exempt a school district from this provision if the state board of education determines that circumstances warrant such exemption.

6. (1) If a school district's annual audit discloses that students were inappropriately identified as eligible for free and reduced lunch, special education, or limited English proficiency and the district does not resolve the audit finding, the department of elementary and secondary education shall require that the amount of aid paid pursuant to the weighting for free and reduced lunch, special education, or limited English proficiency in the weighted average daily attendance on the inappropriately identified pupils be repaid by the district in the next school year and shall additionally impose a penalty of one hundred percent of such aid paid on such pupils, which penalty shall also be paid within the next school year. Such amounts may be repaid by the district through the withholding of the amount of state aid.

(2) In the 2017-18 school year and in each subsequent school year, if a district experiences a decrease in its gifted program enrollment of twenty percent or more from the previous school year, an amount equal to the product of the difference between the number of students enrolled in the gifted program in the current school year and the number of students enrolled in the gifted program in the previous school year multiplied by six hundred eighty dollars shall be subtracted from the district's current year payment amount. The provisions of this subdivision shall apply to districts entitled to receive state aid payments under both subsections 1 and 2 of this section but shall not apply to any school district with an average daily attendance of three hundred fifty or less.

7. Notwithstanding any provision of law to the contrary, in any fiscal year during which the total formula appropriation is insufficient to fully fund the entitlement calculation of this section, the department of elementary and secondary education shall adjust the state adequacy target in order to accommodate the appropriation level for the given fiscal year. In no manner shall any payment modification be rendered for any district qualified to receive payments under subsection 2 of this section based on insufficient appropriations.”; and

Further amend said bill, Pages 4-5, Section B, Lines 1-5, by deleting all of said lines and inserting in lieu thereof the following:

“Section B. Because of the importance of providing financial aid for Missouri high school graduates, section 160.545 of section A of this act is deemed necessary for the immediate preservation of the public health, welfare, peace, and safety, and is hereby declared to be an emergency act within the meaning of the constitution, and section 160.545 of section A of this act shall be in full force and effect upon its passage and approval.

Section C. Section 163.031 of section A of this act shall become effective July 1, 2017.”; and

This definition shall be construed as the successor to subdivision (7) of section 173.205 for purposes of eligibility requirements of other financial assistance programs that refer to section 173.205.

2. The failure of an approved virtual institution to continuously maintain all of the requirements in subdivision (4) of subsection 1 of this section shall preclude such institution’s students or applicants from being eligible for assistance under sections 173.1104 and 173.1105.

173.1104. 1. An applicant shall be eligible for initial or renewed financial assistance only if, at the time of application and throughout the period during which the applicant is receiving such assistance, the applicant:

3. Financial assistance shall be allotted for one academic year, but a recipient shall be eligible for renewed assistance until he or she has obtained a baccalaureate degree, provided such financial assistance shall not exceed a total of ten semesters or fifteen quarters or their equivalent. Standards of eligibility for renewed assistance shall be the same as for an initial award of financial assistance, except that for renewal, an applicant shall demonstrate a grade-point average of two and five-tenths on a four-point scale, or the equivalent on another scale. This subsection shall be construed as the successor to section 173.215 for purposes of eligibility requirements of other financial assistance programs that refer to section 173.215.

173.1105. 1. An applicant who is an undergraduate postsecondary student at an approved private, [or] public, **or virtual** institution and who meets the other eligibility criteria shall be eligible for financial assistance, with a minimum and maximum award amount as follows:

(1) For academic years 2010-11, 2011-12, 2012-13, and 2013-14:

maximum expected family contribution for his or her increment group. Any award amount shall be reduced by the amount of a student's payment from the A+ schools program or any successor program to it. For purposes of this subsection, the term "increment group" shall mean a group organized by expected family contribution in five hundred dollar increments into which all eligible students shall be placed.

3. If appropriated funds are insufficient to fund the program as described, the maximum award shall be reduced across all sectors by the percentage of the shortfall. If appropriated funds exceed the amount necessary to fund the program, the additional funds shall be used to increase the number of recipients by raising the cutoff for the expected family contribution rather than by increasing the size of the award.

4. Every three years, beginning with academic year 2009-10, the award amount may be adjusted to increase no more than the Consumer Price Index for All Urban Consumers (CPI-U), 1982-1984 = 100, not seasonally adjusted, as defined and officially recorded by the United States Department of Labor, or its successor agency, for the previous academic year. The coordinating board shall prepare a report prior to the legislative session for use of the general assembly and the governor in determining budget requests which shall include the amount of funds necessary to maintain full funding of the program based on the baseline established for the program upon the effective date of sections 173.1101 to 173.1107. Any increase in the award amount shall not become effective unless an increase in the amount of money appropriated to the program necessary to cover the increase in award amount is passed by the general assembly.

173.1107. A recipient of financial assistance may transfer from one approved public [or], private, **or virtual** institution to another without losing eligibility for assistance under sections 173.1101 to 173.1107, but the coordinating board shall make any necessary adjustments in the amount of the award. If a recipient of financial assistance at any time is entitled to a refund of any tuition, fees, or other charges under the rules and regulations of the institution in which he or she is enrolled, the institution shall pay the portion of the refund which may be attributed to the state grant to the coordinating board. The coordinating board will use these refunds to make additional awards under the provisions of sections 173.1101 to 173.1107."; and

2. Notwithstanding the provisions of subsection 1 of this section, the commissioner of education is authorized to reduce the required number of hours [and] **or** days in which the pupils are under the guidance and direction of teachers in the teaching process if:

(1) There is damage to or destruction of a public school facility which requires the dual utilization of another school facility; or

(2) Flooding or other inclement weather as defined in subsection 1 of section 171.033 prevents students from attending the public school facility.

Such reduction shall not extend beyond two calendar years in duration."; and

Further amend said bill, Page 4, Section 160.545, Line 119, by inserting immediately after said line the

following:

“171.031. 1. Each school board shall prepare annually a calendar for the school term, specifying the opening date, **days of planned attendance**, and providing a minimum term of at least one hundred seventy-four days for schools with a five-day school week or one hundred forty-two days for schools with a four-day school week, and one thousand forty-four hours of actual pupil attendance. **In the school year 2017-18 and subsequent years, one thousand forty-four hours of actual pupil attendance shall be required for the school term with no minimum number of school days.** In addition, such calendar shall include six make-up days for possible loss of attendance due to inclement weather as defined in subsection 1 of section 171.033. **In the school year 2017-18 and subsequent years, such calendar shall include thirty-six make-up hours for possible loss of attendance due to inclement weather, as defined under subsection 1 of section 171.033, with no minimum number of make-up days.**

2. Each local school district may set its opening date each year, which date shall be no earlier than ten calendar days prior to the first Monday in September. No public school district shall select an earlier start date unless the district follows the procedure set forth in subsection 3 of this section.

3. A district may set an opening date that is more than ten calendar days prior to the first Monday in September only if the local school board first gives public notice of a public meeting to discuss the proposal of opening school on a date more than ten days prior to the first Monday in September, and the local school board holds said meeting and, at the same public meeting, a majority of the board votes to allow an earlier opening date. If all of the previous conditions are met, the district may set its opening date more than ten calendar days prior to the first Monday in September. The condition provided in this subsection must be satisfied by the local school board each year that the board proposes an opening date more than ten days before the first Monday in September.

4. If any local district violates the provisions of this section, the department of elementary and secondary education shall withhold an amount equal to one quarter of the state funding the district generated under section 163.031 for each date the district was in violation of this section.

5. The provisions of subsections 2 to 4 of this section shall not apply to school districts in which school is in session for twelve months of each calendar year.

6. The state board of education may grant an exemption from this section to a school district that demonstrates highly unusual and extenuating circumstances justifying exemption from the provisions of subsections 2 to 4 of this section. Any exemption granted by the state board of education shall be valid for one academic year only.

7. [No school day for schools with a five-day school week shall be longer than seven hours except for vocational schools which may adopt an eight-hour day in a metropolitan school district and a school district in a first class county adjacent to a city not within a county, and any school that adopts a four-day school week in accordance with section 171.029.] **No cap on the number of hours in a school day shall be imposed on school districts.**

171.033. 1. “Inclement weather”, for purposes of this section, shall be defined as ice, snow, extreme cold, flooding, or a tornado, but such term shall not include excessive heat.

2. A district shall be required to make up the first six days of school lost or cancelled due to inclement weather and half the number of days lost or cancelled in excess of six days if the makeup of the days is

necessary to ensure that the district's students will attend a minimum of one hundred forty-two days and a minimum of one thousand forty-four hours for the school year except as otherwise provided in this section. Schools with a four-day school week may schedule such make-up days on Fridays. **Notwithstanding the above, in the school year 2017-18 and subsequent years, a district shall be required to make up the first thirty-six hours of school lost or cancelled due to inclement weather and half the number of hours lost or cancelled in excess of thirty-six if the makeup of the hours is necessary to ensure that the district's students attend a minimum of one thousand forty-four hours for the school year.**

3. In the 2009-10 school year and **all** subsequent years **through the 2016-17 school year**, a school district may be exempt from the requirement to make up days of school lost or cancelled due to inclement weather in the school district when the school district has made up the six days required under subsection 2 of this section and half the number of additional lost or cancelled days up to eight days, resulting in no more than ten total make-up days required by this section.

4. The commissioner of education may provide, for any school district [in which schools are in session for twelve months of each calendar year] that cannot meet the minimum school calendar requirement of at least one hundred seventy-four days for schools with a five-day school week or one hundred forty-two days for schools with a four-day school week and one thousand forty-four hours of actual pupil attendance **or, in the school year 2017-18 and subsequent years, one thousand forty-four hours of actual pupil attendance**, upon request, a waiver to be excused from such requirement. This waiver shall be requested from the commissioner of education and may be granted if the school was closed due to circumstances beyond school district control, including inclement weather, flooding or fire.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

(2) Stress that sexually transmitted diseases are serious, possible, health hazards of sexual activity. Pupils shall be provided with the latest medical information regarding exposure to human immunodeficiency virus, acquired immune deficiency syndrome (AIDS), human papilloma virus, hepatitis and other sexually transmitted diseases;

(5) Teach skills of conflict management, personal responsibility and positive self-esteem through discussion and role-playing at appropriate grade levels to emphasize that the pupil has the power to control personal behavior. Pupils shall be encouraged to base their actions on reasoning, self-discipline, sense of responsibility, self-control, and ethical considerations, such as respect for one's self and others. Pupils shall be taught not to make unwanted physical and verbal sexual advances or otherwise exploit another person. 4. The board of a school district or charter school shall determine the specific content of the district's or school's instruction in human sexuality, in accordance with subsections 1 to 3 of this section, and shall ensure that all instruction in human sexuality is appropriate to the age of the students receiving such instruction.

5. A school district or charter school shall notify the parent or legal guardian of each student enrolled in the district or school of:

6. A school district or charter school shall make all curriculum materials used in the district's or school's human sexuality instruction available for public inspection pursuant to chapter 610 prior to the use of such materials in actual instruction.

7. No school district or charter school, or its personnel or agents, shall provide abortion services, or permit a person or entity to offer, sponsor, or furnish in any manner any course materials or instruction relating to human sexuality or sexually transmitted diseases to its students if such person or entity is a provider of abortion services.

8. As used in this section, the following terms mean:

(1) "Abortion", the same meaning as such term is defined in section 188.015;

(2) "Abortion services":
