July 14, 2017

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you Senate Bill No. 65 entitled:

AN ACT

To repeal section 306.126, RSMo, and to enact in lieu thereof one new section relating to boat passengers.

I disapprove of Senate Bill No. 65. My reasons for disapproval are as follows:

Senate Bill No. 65 allows anyone, including children, to ride or sit on the gunwales, decking over the bow, top of the seat back, or decking over the back of a motorboat without adequate guards or railing.

To paint a picture, this bill would allow two children to ride on an open bow of a speedboat traveling in excess of 40 mph on any body of water, including the Lake of the Ozarks.

For almost 50 years, Missouri law has required the public safety measure that this law would overturn. According to data collected by the United States Coast Guard, falls overboard are the leading cause of death on Missouri waterways, and open motorboats—by far—cause the most injuries and deaths. From 2005 to 2016, 57 deaths and 95 injuries attributable to falls overboard occurred on Missouri waterways. Missouri's neighboring states have also put in place this commonsense protection. *See, e.g.*, 625 ILCS 45/5-21; Ark. Code Ann. § 27-101-202; 301 Ky. Admin. Regs. 6:030.

I respect the intentions of the sponsors of Senate Bill No. 65. Like them, I want to make Missouri a safe place for people to enjoy our many waterways and outdoor recreational activities. I also understand that one purpose of this bill may have been to exempt small boats that travel at low speeds on slow moving float streams from the provisions that prohibit passengers from riding on certain areas of the boat. The final language contained in this bill, however, may have unintended consequences.

Since this legislation passed, I have spoken with members of the Missouri State Highway Patrol responsible for public safety on Missouri's waterways. Last year, they issued more than 900 warnings or citations for the failure to comply with section 306.126, RSMo. The majority of the warnings or citations occurred at the Lake of the Ozarks, which the United States Coast Guard has consistently ranked as one of the most dangerous waterways in the country. Our State's law enforcement officers have expressed serious concerns that removing the common-sense safety measures contained in 306.126, RSMo. would directly lead to more injuries and deaths on Missouri's larger waterways where more boats operate in dangerous water conditions.

The legislature should have had—but did not have—the benefit of the testimony referenced above as this bill moved through the process, and I understand that many legislators were not made aware of these public safety concerns. I appreciate that on certain waterways we may want to revise current law, and I believe that we can do so in a way that enhances individual liberty and personal responsibility while still protecting public safety.

Going forward, I am committed to working with the sponsors of this legislation to achieve our mutual goals of enacting measures that provide common-sense protections for boaters, while at the same time maximizing enjoyment of our beautiful lakes and streams. I cannot, however, add my endorsement to this bill in its current form.

In accordance with the above stated reasons for disapproval, I am returning Senate Bill No. 65 without my approval.

Sincerely,

/s/ Eric R. Greitens
Governor

Herewith I return to you Conference Committee Substitute for Senate Committee Substitute No.

2 for Senate Bill No. 128 entitled:

AN ACT

To repeal sections 105.478, 144.026, 210.845, 302.441, 400.9-501, 452.370, 452.747, 454.500, 456.1-103, 456.4-414, 456.4-420, 456.8-808, 475.024, 478.463, 479.020, 479.170, 479.353, 488.029, 488.2206, 488.2250, 488.5050, 513.430, 513.440, 514.040, 515.575, 515.635, 552.020, 557.035, 565.076, 565.091, 566.010, 575.280, 577.001, 577.010, 577.037, 577.060, and 595.045, RSMo, and to enact in lieu thereof sixty-eight new sections relating to judicial proceedings, with penalty provisions.

I disapprove of Conference Committee Substitute for Senate Committee Substitute No. 2 for Senate Bill No. 128. My reasons for disapproval are as follows.

Conference Committee Substitute for Senate Committee Substitute No. 2 for Senate Bill No. 128 started as a one-page, 35-word bill that removed the division designations from the Jackson County courts. The final bill is no longer short or simple. Quite the opposite; now it spans 77 pages and impacts unrelated issues in 68 statutory sections.¹ This final bill violates the Missouri Constitution and contradicts other legislation passed this session and already signed.

Multiple constitutional issues plague Conference Committee Substitute for Senate Committee Substitute No. 2 for Senate Bill No. 128. The issues begin with the assortment of subjects covered by the bill. The Missouri Constitution requires that “[n]o bill shall contain more than one subject which shall be clearly expressed in its title, . . .” Article III, Section 23. “The test to determine if a bill contains more than one subject is whether all provisions of the bill fairly relate to the same subject, have a natural connection therewith or are incidents or means to accomplish its purpose.” *Hammerschmidt v. Boone County*, 877 S.W.2d 98, 102 (Mo. banc 1994) (internal quotation omitted).

Conference Committee Substitute for Senate Committee Substitute No. 2 for Senate Bill No. 128’s subject is “relating to judicial proceedings,” but many provisions are entirely non-judicial. Examples clutter the bill. For example, the bill prohibits the Department of Revenue from contacting taxpayers by mail about possible sales taxes owed. A different section authorizes conservation agents to write tickets for littering. Another portion requires the attorney general to report on claims that never reached the courthouse.² Elsewhere, the bill permits trustees to terminate up to \$250,000 trusts and allows parents to transfer their parental rights by signing a notarized form. The list could go on.

These parts of the bill cannot relate to judicial proceedings when they do not involve judicial

¹ Ironically, the final bill does not even accomplish its original objective: instead of removing the Jackson County court division designations, the final bill preserves them.

² Monthly reports already published by the Attorney General prove this point. Through May 31, almost 100 claims had been settled in 2017 that were not subject to litigation.

proceedings. As evidenced by these examples and others, Conference Committee Substitute for Senate Committee Substitute No. 2 for Senate Bill No. 128 violates the Missouri Constitution's single subject requirement. Moreover, any futile attempt to argue that every issue in the bill relates to a single subject would implicate the Missouri Constitution's clear title requirement, because the broad and amorphous "judicial proceedings" title does not give notice of the wide range of unrelated issues actually covered. *See Home Builders Ass'n of Greater St. Louis v. State*, 75 S.W.3d 267, 270 (Mo. banc 2012).

Conference Committee Substitute for Senate Committee Substitute No. 2 for Senate Bill No. 128 compounds these constitutional concerns by undermining other legislation. One of this session's important tort reform successes, Senate Substitute for Senate Bill No. 31, limited a party's damages evidence to the actual cost of medical care. *See* Section 490.715.5. Conference Committee Substitute for Senate Committee Substitute No. 2 for Senate Bill No. 128 does the exact opposite by presuming that the bills for medical care are fair and reasonable. *See* Section 595.219.5. By allowing plaintiffs' attorneys to argue conflicts with Senate Substitute for Senate Bill No. 31 or to seek potentially inconsistent outcomes, Conference Committee Substitute for Senate Committee Substitute No. 2 for Senate Bill No. 128 undercuts the hard-fought tort reform gains achieved this session.

Other inconsistencies exist. Conference Committee Substitute for House Committee Substitute for Senate Substitute for Senate Bill No. 34 helps protect the home addresses of victims of rape, human trafficking, and domestic violence. This bill contains a similar, but not identical, provision. Indeed, the language differs in a dozen different ways. I appreciate the good intentions of the legislators who worked on this important issue, but the inconsistency between the two bills can only negatively affect the protections provided by Conference Committee Substitute for House Committee Substitute for Senate Substitute for Senate Bill No. 34.

A separate and serious flaw in the bill concerns the fees charged by court reporters. The State of Missouri employs more than 140 court reporters, assigning one to each circuit judge. Each court reporter creates the courtroom's official transcript of proceedings. How much state-employed court reporters can charge is currently capped by statute. Any citizen or party seeking an official transcript of the proceedings must purchase the transcript from the court reporter. Since court reporters are the only official transcribers, they have a monopoly on courtroom transcripts.

Conference Committee Substitute for Senate Committee Substitute No. 2 for Senate Bill No. 128 would remove the price caps altogether.³ Under this bill, court reporters could charge any price they choose. A court reporter could, for example, charge \$100 per page. This is problematic because court reporters have a monopoly on producing these transcripts.

This change would limit citizen's access to justice and also negatively impact Missouri taxpayers. The Office of Administration's Budget & Planning Division estimates that the State of Missouri

³ In just the last 10 years, the price caps have more than doubled, from \$1.50 per page in early 2007 to \$3.50 per page today.

paid court reporters more than \$1 million for court transcripts last year. Removing the price caps would cost state government even more. For example, the Missouri State Public Defender predicts that Conference Committee Substitute for Senate Committee Substitute No. 2 for Senate Bill No. 128 would cost its office at least \$100,000 more per year, or the equivalent of two public defenders.

The myriad issues in Conference Committee Substitute for Senate Committee Substitute No. 2 for Senate Bill No. 128 raise serious constitutional, statutory, and policy concerns. Unfortunately, Conference Committee Substitute for Senate Committee Substitute No. 2 for Senate Bill No. 128 contained many provisions I support that were the product of the hard work of many legislators. I look forward to working with the legislature on many of these important policies next session, including improving the foster care system.

In accordance with the above stated reasons for disapproval, I am returning Conference Committee Substitute for Senate Committee Substitute No. 2 for Senate Bill No. 128 without my approval.

Sincerely,

/s/ Eric R. Greitens
