12 (3) Not less than [ten] **twenty-five** thousand dollars because of injury to,  
13 or destruction of, property of others in any one accident.

287.020. 1. The word "employee" as used in this chapter shall be  
2 construed to mean every person in the service of any employer, as defined in this  
3 chapter, under any contract of hire, express or implied, oral or written, or under  
4 any appointment or election, including executive officers of corporations. Except  
5 as otherwise provided in section 287.200, any reference to any employee who has  
6 been injured shall, when the employee is dead, also include his dependents, and  
7 other persons to whom compensation may be payable. The word "employee" shall  
8 also include all minors who work for an employer, whether or not such minors are  
9 employed in violation of law, and all such minors are hereby made of full age for  
10 all purposes under, in connection with, or arising out of this chapter. The word  
11 "employee" shall not include an individual who is the owner, as defined in  
12 [subdivision (42) of] section 301.010, and operator of a motor vehicle which is  
13 leased or contracted with a driver to a for-hire motor carrier operating within a  
14 commercial zone as defined in section 390.020 or 390.041, or operating under a  
15 certificate issued by the Missouri department of transportation or by the United  
16 States Department of Transportation, or any of its subagencies. The word  
17 "employee" also shall not include any person performing services for board,  
18 lodging, aid, or sustenance received from any religious, charitable, or relief  
19 organization.

20 2. The word "accident" as used in this chapter shall mean an unexpected  
21 traumatic event or unusual strain identifiable by time and place of occurrence  
22 and producing at the time objective symptoms of an injury caused by a specific  
23 event during a single work shift. An injury is not compensable because work was  
24 a triggering or precipitating factor.

25 3. (1) In this chapter the term "injury" is hereby defined to be an injury  
26 which has arisen out of and in the course of employment. An injury by accident  
27 is compensable only if the accident was the prevailing factor in causing both the  
28 resulting medical condition and disability. "The prevailing factor" is defined to  
29 be the primary factor, in relation to any other factor, causing both the resulting  
30 medical condition and disability.

31 (2) An injury shall be deemed to arise out of and in the course of the  
32 employment only if:

33 (a) It is reasonably apparent, upon consideration of all the circumstances,  
34 that the accident is the prevailing factor in causing the injury; and

35 (b) It does not come from a hazard or risk unrelated to the employment  
36 to which workers would have been equally exposed outside of and unrelated to the  
37 employment in normal nonemployment life.

38 (3) An injury resulting directly or indirectly from idiopathic causes is not  
39 compensable.

40 (4) A cardiovascular, pulmonary, respiratory, or other disease, or  
41 cerebrovascular accident or myocardial infarction suffered by a worker is an  
42 injury only if the accident is the prevailing factor in causing the resulting medical  
43 condition.

44 (5) The terms "injury" and "personal injuries" shall mean violence to the  
45 physical structure of the body and to the personal property which is used to make  
46 up the physical structure of the body, such as artificial dentures, artificial limbs,  
47 glass eyes, eyeglasses, and other prostheses which are placed in or on the body  
48 to replace the physical structure and such disease or infection as naturally results  
49 therefrom. These terms shall in no case except as specifically provided in this  
50 chapter be construed to include occupational disease in any form, nor shall they  
51 be construed to include any contagious or infectious disease contracted during the  
52 course of the employment, nor shall they include death due to natural causes  
53 occurring while the worker is at work.

54 4. "Death" when mentioned as a basis for the right to compensation means  
55 only death resulting from such violence and its resultant effects occurring within  
56 three hundred weeks after the accident; except that in cases of occupational  
57 disease, the limitation of three hundred weeks shall not be applicable.

58 5. Injuries sustained in company-owned or subsidized automobiles in  
59 accidents that occur while traveling from the employee's home to the employer's  
60 principal place of business or from the employer's principal place of business to  
61 the employee's home are not compensable. The extension of premises doctrine is  
62 abrogated to the extent it extends liability for accidents that occur on property  
63 not owned or controlled by the employer even if the accident occurs on customary,  
64 approved, permitted, usual or accepted routes used by the employee to get to and  
65 from their place of employment.

66 6. The term "total disability" as used in this chapter shall mean inability  
67 to return to any employment and not merely mean inability to return to the  
68 employment in which the employee was engaged at the time of the accident.

69           7. As used in this chapter and all acts amendatory thereof, the term  
70 "commission" shall hereafter be construed as meaning and referring exclusively  
71 to the labor and industrial relations commission of Missouri, and the term  
72 "director" shall hereafter be construed as meaning the director of the department  
73 of insurance, financial institutions and professional registration of the state of  
74 Missouri or such agency of government as shall exercise the powers and duties  
75 now conferred and imposed upon the department of insurance, financial  
76 institutions and professional registration of the state of Missouri.

77           8. The term "division" as used in this chapter means the division of  
78 workers' compensation of the department of labor and industrial relations of the  
79 state of Missouri.

80           9. For the purposes of this chapter, the term "minor" means a person who  
81 has not attained the age of eighteen years; except that, for the purpose of  
82 computing the compensation provided for in this chapter, the provisions of section  
83 287.250 shall control.

84           10. In applying the provisions of this chapter, it is the intent of the  
85 legislature to reject and abrogate earlier case law interpretations on the meaning  
86 of or definition of "accident", "occupational disease", "arising out of", and "in the  
87 course of the employment" to include, but not be limited to, holdings in: Bennett  
88 v. Columbia Health Care and Rehabilitation, 80 S.W.3d 524 (Mo.App. W.D. 2002);  
89 Kasl v. Bristol Care, Inc., 984 S.W.2d 852 (Mo.banc 1999); and Drewes v. TWA,  
90 984 S.W.2d 512 (Mo.banc 1999) and all cases citing, interpreting, applying, or  
91 following those cases.

92           11. For the purposes of this chapter, "occupational diseases due to toxic  
93 exposure" shall only include the following: mesothelioma, asbestosis, berylliosis,  
94 coal worker's pneumoconiosis, bronchiolitis obliterans, silicosis, silicotuberculosis,  
95 manganism, acute myelogenous leukemia, and myelodysplastic syndrome.

287.040. 1. Any person who has work done under contract on or about his  
2 premises which is an operation of the usual business which he there carries on  
3 shall be deemed an employer and shall be liable under this chapter to such  
4 contractor, his subcontractors, and their employees, when injured or killed on or  
5 about the premises of the employer while doing work which is in the usual course  
6 of his business.

7           2. The provisions of this section shall not apply to the owner of premises  
8 upon which improvements are being erected, demolished, altered or repaired by  
9 an independent contractor but such independent contractor shall be deemed to

10 be the employer of the employees of his subcontractors and their subcontractors  
11 when employed on or about the premises where the principal contractor is doing  
12 work.

13         3. In all cases mentioned in the preceding subsections, the immediate  
14 contractor or subcontractor shall be liable as an employer of the employees of his  
15 subcontractors. All persons so liable may be made parties to the proceedings on  
16 the application of any party. The liability of the immediate employer shall be  
17 primary, and that of the others secondary in their order, and any compensation  
18 paid by those secondarily liable may be recovered from those primarily liable,  
19 with attorney's fees and expenses of the suit. Such recovery may be had on  
20 motion in the original proceedings. No such employer shall be liable as in this  
21 section provided, if the employee was insured by his immediate or any  
22 intermediate employer.

23         4. The provisions of this section shall not apply to the relationship  
24 between a for-hire motor carrier operating within a commercial zone as defined  
25 in section 390.020 or 390.041 or operating under a certificate issued by the  
26 Missouri department of transportation or by the United States Department of  
27 Transportation, or any of its subagencies, and an owner, as defined in  
28 [subdivision (42) of] section 301.010, and operator of a motor vehicle.

288.035. Notwithstanding the provisions of section 288.034, in the case  
2 of an individual who is the owner, as defined in [subdivision (42) of] section  
3 301.010, and operator of a motor vehicle which is leased or contracted with a  
4 driver to a for-hire common or contract motor vehicle carrier operating within a  
5 commercial zone as defined in section 390.020 or 390.041, or operating under a  
6 certificate issued by the Missouri department of transportation or by the United  
7 States Department of Transportation or any of its subagencies, such  
8 owner/operator shall not be deemed to be an employee, provided, however, such  
9 individual owner and operator shall be deemed to be in employment if the for-hire  
10 common or contract vehicle carrier is an organization described in Section  
11 501(c)(3) of the Internal Revenue Code or any governmental entity.

301.227. 1. Whenever a vehicle is sold for salvage, dismantling or  
2 rebuilding, the purchaser shall forward to the director of revenue within ten days  
3 the certificate of ownership or salvage certificate of title and the proper  
4 application and fee of eight dollars and fifty cents, and the director shall issue a

5 negotiable salvage certificate of title to the purchaser of the salvaged vehicle. On  
6 vehicles purchased during a year that is no more than six years after the  
7 manufacturer's model year designation for such vehicle, it shall be mandatory  
8 that the purchaser apply for a salvage title. On vehicles purchased during a year  
9 that is more than six years after the manufacturer's model year designation for  
10 such vehicle, then application for a salvage title shall be optional on the part of  
11 the purchaser. Whenever a vehicle is sold for destruction and a salvage  
12 certificate of title, junking certificate, or certificate of ownership exists, the seller,  
13 if licensed under sections 301.217 to 301.221, shall forward the certificate to the  
14 director of revenue within ten days, with the notation of the date sold for  
15 destruction and the name of the purchaser clearly shown on the face of the  
16 certificate.

17         2. Whenever a vehicle is classified as "junk", as defined in section 301.010,  
18 the purchaser may forward to the director of revenue a properly completed  
19 application for a junking certificate as well as the salvage certificate of title or  
20 certificate of ownership and the director shall issue a negotiable junking  
21 certificate to the purchaser of the vehicle. The director may also issue a junking  
22 certificate to a possessor of a vehicle manufactured twenty-six years or more prior  
23 to the current model year who has a bill of sale for said vehicle but does not  
24 possess a certificate of ownership, provided no claim of theft has been made on  
25 the vehicle and the highway patrol has by letter stated the vehicle is not listed  
26 as stolen after checking the registration number through its nationwide computer  
27 system. Such junking certificate may be granted within thirty days of the  
28 submission of a request. A junking certificate shall authorize the holder to  
29 possess, transport, or, by assignment, transfer ownership in such parts, scrap, or  
30 junk.

31         3. For any vehicle issued a junking certificate or such similar document  
32 or classification pursuant to the laws of another state, regardless of whether such  
33 designation has been subsequently changed by law in any other state, the  
34 department shall only issue a junking certificate, and a salvage certificate of title  
35 or original certificate of ownership shall not thereafter be issued for such  
36 vehicle. Notwithstanding the provisions of this subsection, if the vehicle has not  
37 previously been classified as a junk vehicle, the applicant making the original  
38 junking certification application shall, within ninety days, be allowed to rescind  
39 his application for a junking certificate by surrendering the junking certificate  
40 and apply for a salvage certificate of title in his name. The seller of a vehicle for

41 which a junking certificate has been applied for or issued shall disclose such fact  
42 in writing to any prospective buyers before sale of such vehicle; otherwise the sale  
43 shall be voidable at the option of the buyer.

44 4. No scrap metal operator shall acquire or purchase a motor vehicle or  
45 parts thereof without, at the time of such acquisition, receiving the original  
46 certificate of ownership or salvage certificate of title or junking certificate from  
47 the seller of the vehicle or parts, unless the seller is a licensee under sections  
48 301.219 to 301.221.

49 5. All titles and certificates required to be received by scrap metal  
50 operators from nonlicensees shall be forwarded by the operator to the director of  
51 revenue within ten days of the receipt of the vehicle or parts.

52 6. The scrap metal operator shall keep a record, for three years, of the  
53 seller's name and address, the salvage business license number of the licensee,  
54 date of purchase, and any vehicle or parts identification numbers open for  
55 inspection as provided in section 301.225.

56 7. Notwithstanding any other provision of this section, a motor vehicle  
57 dealer as defined in section 301.550 and licensed under the provisions of sections  
58 301.550 to 301.572 may negotiate one reassignment of a salvage certificate of title  
59 on the back thereof.

60 8. Notwithstanding the provisions of subsection 1 of this section, an  
61 insurance company which settles a claim for a stolen vehicle may apply for and  
62 shall be issued a negotiable salvage certificate of title without the payment of any  
63 fee upon proper application within thirty days after settlement of the claim for  
64 such stolen vehicle. However, if the insurance company upon recovery of a stolen  
65 vehicle determines that the stolen vehicle has not sustained damage to the extent  
66 that the vehicle would have otherwise been declared a salvage vehicle pursuant  
67 to [subdivision (51) of] section 301.010, then the insurance company may have the  
68 vehicle inspected by the Missouri state highway patrol, or other law enforcement  
69 agency authorized by the director of revenue, in accordance with the inspection  
70 provisions of subsection 9 of section 301.190. Upon receipt of title application,  
71 applicable fee, the completed inspection, and the return of any previously issued  
72 negotiable salvage certificate, the director shall issue an original title with no  
73 salvage or prior salvage designation. Upon the issuance of an original title the  
74 director shall remove any indication of the negotiable salvage title previously  
75 issued to the insurance company from the department's electronic records.

76 9. Notwithstanding subsection 4 of this section or any other provision of

77 the law to the contrary, if a motor vehicle is inoperable and is at least ten model  
78 years old, or the parts are from a motor vehicle that is inoperable and is at least  
79 ten model years old, a scrap metal operator may purchase or acquire such motor  
80 vehicle or parts without receiving the original certificate of ownership, salvage  
81 certificate of title, or junking certificate from the seller of the vehicle or parts,  
82 provided the scrap metal operator verifies with the department of revenue, via  
83 the department's online record access, that the motor vehicle is not subject to any  
84 recorded security interest or lien and the scrap metal operator complies with the  
85 requirements of this subsection. In lieu of forwarding certificates of title or  
86 ownership for such motor vehicles as required by subsection 5 of this section, the  
87 scrap metal operator shall forward a copy of the seller's state identification **card**  
88 along with a bill of sale to the department of revenue. The bill of sale form shall  
89 be designed by the director and such form shall include, but not be limited to, a  
90 certification that the motor vehicle is at least ten model years old, is inoperable,  
91 is not subject to any recorded security interest or lien, and a certification by the  
92 seller that the seller has the legal authority to sell or otherwise transfer the  
93 seller's interest in the motor vehicle or parts. Upon receipt of the information  
94 required by this subsection, the department of revenue shall cancel any certificate  
95 of title or ownership and registration for the motor vehicle. If the motor vehicle  
96 is inoperable and at least twenty model years old, then the scrap metal operator  
97 shall not be required to verify with the department of revenue whether the motor  
98 vehicle is subject to any recorded security interests or liens. As used in this  
99 subsection, the term "inoperable" means a motor vehicle that is in a rusted,  
100 wrecked, discarded, worn out, extensively damaged, dismantled, and mechanically  
101 inoperative condition and the vehicle's highest and best use is for scrap  
102 purposes. The director of the department of revenue is directed to promulgate  
103 rules and regulations to implement and administer the provisions of this section,  
104 including but not limited to, the development of a uniform bill of sale. Any rule  
105 or portion of a rule, as that term is defined in section 536.010, that is created  
106 under the authority delegated in this section shall become effective only if it  
107 complies with and is subject to all of the provisions of chapter 536 and, if  
108 applicable, section 536.028. This section and chapter 536 are nonseverable and  
109 if any of the powers vested with the general assembly pursuant to chapter 536 to  
110 review, to delay the effective date, or to disapprove and annul a rule are  
111 subsequently held unconstitutional, then the grant of rulemaking authority and  
112 any rule proposed or adopted after August 28, 2012, shall be invalid and void.

2 vehicle accident within this state which has resulted in bodily injury or death, or  
3 damage to the property of any one person in excess of five hundred dollars, the  
4 director does not have on file evidence satisfactory to him that the person who  
5 would otherwise be required to file security under subsection 2 of this section has  
6 been released from liability, or has been finally adjudicated not to be liable, or  
7 has executed a duly acknowledged written agreement providing for the payment  
8 of an agreed amount in installments with respect to all claims for injuries or  
9 damages resulting from the accident, the director shall determine the amount of  
10 security which shall be sufficient in his judgment to satisfy any judgment for  
11 damages resulting from such accident as may be recovered against each operator  
12 or owner. Any person challenging the director's determination shall have the  
13 burden of proving he or she was not at fault.

14 2. The director shall, within ninety days after the receipt of such report  
15 of a motor vehicle accident, suspend the license of each operator, and all  
16 registrations of each owner of a motor vehicle, in any manner involved in such  
17 accident, and if such operator is a nonresident the privilege of operating a motor  
18 vehicle within this state, and if such owner is a nonresident the privilege of the  
19 use within this state of any motor vehicle owned by him, unless such operator or  
20 owner or both shall deposit security in the sum so determined by the director;  
21 provided notice of such suspension shall be sent by the director to such operator  
22 and owner not less than ten days prior to the effective date of such suspension  
23 and shall state the amount required as security; provided, however, that the  
24 period of suspension provided for in this section shall be in addition to any period  
25 of suspension imposed under sections 303.041 and 303.042.

26 3. Where erroneous information is given the director with respect to the  
27 matters set forth in subdivision (1), (2) or (3) of subsection 4 of this section, he  
28 shall take appropriate action as hereinbefore provided, within forty-five days  
29 after receipt by him of correct information with respect to said matters.

30 4. This section shall not apply under the conditions stated in section

33 such accident an automobile liability policy with respect to the motor vehicle

34 involved in such accident;

35 (2) To such operator, if not the owner of such motor vehicle, if there was  
36 in effect at the time of such accident an automobile liability policy or bond with  
37 respect to his operation of motor vehicles not owned by him;

38 (3) To such operator or owner if the liability of such operator or owner for  
39 damages resulting from such accident is, in the judgment of the director, covered  
40 by any other form of liability insurance policy or bond; nor

42 to any person operating a motor vehicle for such self-insurer.

43 5. No such policy or bond shall be effective under this section unless  
44 issued by an insurance company or surety company authorized to do business in  
45 this state, except that if such motor vehicle was not registered in this state, or  
46 was a motor vehicle which was registered elsewhere than in this state at the  
47 effective date of the policy or bond, or the most recent renewal thereof, such  
48 policy or bond shall not be effective under this section unless the insurance  
49 company or surety company, if not authorized to do business in this state, shall  
50 execute a power of attorney authorizing the director to accept service on its behalf  
51 of notice or process in any action upon such policy or bond arising out of such  
52 accident; provided, however, every such policy or bond is subject, if the accident  
53 has resulted in bodily injury or death, to a limit, exclusive of interest and costs,  
54 of not less than twenty-five thousand dollars because of bodily injury to or death  
55 of one person in any one accident and, subject to said limit for one person, to a  
56 limit of not less than fifty thousand dollars because of bodily injury to or death  
57 of two or more persons in any one accident, and, if the accident has resulted in  
58 injury to or destruction of property, to a limit of not less than [ten] **twenty-five**  
59 thousand dollars because of injury to or destruction of property of others in any  
60 one accident.

303.120. 1. Judgments herein referred to shall, for the purpose of this  
2 chapter only, be deemed satisfied:

3 (1) When twenty-five thousand dollars has been credited upon any  
4 judgment or judgments rendered in excess of that amount because of bodily injury  
5 to or death of one person as the result of any one accident; or

6 (2) When, subject to such limit of twenty-five thousand dollars because of  
7 bodily injury to or death of one person, the sum of fifty thousand dollars has been  
8 credited upon any judgment or judgments rendered in excess of that amount  
9 because of bodily injury to or death of two or more persons as the result of any

10 one accident; or

11 (3) When [ten] **twenty-five** thousand dollars has been credited upon any  
12 judgment or judgments rendered in excess of that amount because of injury to or  
13 destruction of property of others as a result of any one accident.

14 2. Payments made in settlement of any claims because of bodily injury,  
15 death or property damage arising from a motor vehicle accident shall be credited  
16 in reduction of the amounts provided for in this section.

303.190. 1. A "motor vehicle liability policy" as said term is used in this

3 certified as provided in section 303.170 or section 303.180 as proof of financial  
4 responsibility, and issued, except as otherwise provided in section 303.180 by an  
5 insurance carrier duly authorized to transact business in this state, to or for the  
6 benefit of the person named therein as insured.

7 2. Such owner's policy of liability insurance:

8 (1) Shall designate by explicit description or by appropriate reference all  
9 motor vehicles with respect to which coverage is thereby to be granted;

11 insured, using any such motor vehicle or motor vehicles with the express or  
12 implied permission of such named insured, against loss from the liability imposed  
13 by law for damages arising out of the ownership, maintenance or use of such  
14 motor vehicle or motor vehicles within the United States of America or the  
15 Dominion of Canada, subject to limits, exclusive of interest and costs, with  
16 respect to each such motor vehicle, as follows: twenty-five thousand dollars  
17 because of bodily injury to or death of one person in any one accident and, subject  
18 to said limit for one person, fifty thousand dollars because of bodily injury to or  
19 death of two or more persons in any one accident, and [ten] **twenty-five**  
20 thousand dollars because of injury to or destruction of property of others in any  
21 one accident; and

22 (3) May exclude coverage against loss from liability imposed by law for  
23 damages arising out of the use of such motor vehicles by a member of the named  
24 insured's household who is a specifically excluded driver in the policy.

25 3. Such operator's policy of liability insurance shall insure the person  
26 named as insured therein against loss from the liability imposed upon him or her  
27 by law for damages arising out of the use by him or her of any motor vehicle not  
28 owned by him or her, within the said territorial limits and subject to the same  
29 limits of liability as are set forth above with respect to any owner's policy of

30 liability insurance.

31           4. Such motor vehicle liability policy shall state the name and address of  
32 the named insured, the coverage afforded by the policy, the premium charged  
33 therefor, the policy period and the limits of liability, and shall contain an  
34 agreement or be endorsed that insurance is provided thereunder in accordance  
35 with the coverage defined in this chapter as respects bodily injury and death or  
36 property damage, or both, and is subject to all the provisions of this chapter.

37           5. Such motor vehicle liability policy need not insure any liability  
38 pursuant to any workers' compensation law nor any liability on account of bodily  
39 injury to or death of an employee of the insured while engaged in the  
40 employment, other than domestic, of the insured, or while engaged in the  
41 operation, maintenance or repair of any such motor vehicle nor any liability for  
42 damage to property owned by, rented to, in charge of or transported by the  
43 insured.

44           6. Every motor vehicle liability policy shall be subject to the following  
45 provisions which need not be contained therein:

46           (1) The liability of the insurance carrier with respect to the insurance  
47 required by this chapter shall become absolute whenever injury or damage  
48 covered by said motor vehicle liability policy occurs; said policy may not be  
49 cancelled or annulled as to such liability by any agreement between the insurance  
50 carrier and the insured after the occurrence of the injury or damage; no statement  
51 made by the insured or on his or her behalf and no violation of said policy shall  
52 defeat or void said policy;

53           (2) The satisfaction by the insured of a judgment for such injury or  
54 damage shall not be a condition precedent to the right or duty of the insurance  
55 carrier to make payment on account of such injury or damage;

56           (3) The insurance carrier shall have the right to settle any claim covered  
57 by the policy, and if such settlement is made in good faith, the amount thereof  
58 shall be deductible from the limits of liability specified in subdivision (2) of  
59 subsection 2 of this section;

60           (4) The policy, the written application thereof, if any, and any rider or  
61 endorsement which does not conflict with the provisions of this chapter shall  
62 constitute the entire contract between the parties.

63           7. Any policy which grants the coverage required for a motor vehicle  
64 liability policy may also grant any lawful coverage in excess of or in addition to  
65 the coverage specified for a motor vehicle liability policy and such excess or

66 additional coverage shall not be subject to the provisions of this chapter. With  
67 respect to a policy which grants such excess or additional coverage the term  
68 "motor vehicle liability policy" shall apply only to that part of the coverage which  
69 is required by this section.

70 8. Any motor vehicle liability policy may provide that the insured shall  
71 reimburse the insurance carrier for any payment the insurance carrier would not  
72 have been obligated to make under the terms of the policy except for the  
73 provisions of this chapter.

74 9. Any motor vehicle liability policy may provide for the prorating of the  
75 insurance thereunder with other valid and collectible insurance.

76 10. The requirements of a motor vehicle liability policy may be fulfilled  
77 by the policies of one or more insurance carriers which policies together meet  
78 such requirements.

80 policy shall be deemed to fulfill the requirement for such a policy.

5 ~~[sixty]~~ **seventy-five** thousand dollars. The state treasurer shall not accept any  
6 such deposit and issue a certificate therefor and the director shall not accept such  
7 certificate unless accompanied by evidence that there are no unsatisfied  
8 judgments of any character against the depositor in the county where the  
9 depositor resides.

10 2. Such deposit shall be held by the state treasurer to satisfy, in  
11 accordance with the provisions of this chapter, any execution on a judgment  
12 issued against such person making the deposit, for damages, including damages  
13 for care and loss of services because of bodily injury to or death of any person, or  
14 for damages because of injury to or destruction of property, including the loss of  
15 use thereof, resulting from the ownership, maintenance, use or operation of a  
16 motor vehicle after such deposit was made. Money or securities so deposited shall

52 twenty-eight feet in length, except that any existing semitrailer or trailer up to  
53 twenty-eight and one-half feet in length actually and lawfully operated on  
54 December 1, 1982, within a sixty-five foot overall length limit in any state, may  
55 continue to be operated upon the interstate highways of this state. On those  
56 primary highways not designated by the state highways and transportation  
57 commission as provided in subsection [10] **11** of this section, no combination of  
58 truck-tractor, semitrailer and trailer shall have an overall length, including load,  
59 in excess of sixty-five feet; provided, however, the [state highways and

60 transportation] commission may designate additional routes for such sixty-five  
61 foot combinations.

62         7. Automobile transporters, boat transporters, truck-trailer boat  
63 transporter combinations[, stinger-steered combination automobile transporters]  
64 and stinger-steered combination boat transporters having a length not in excess  
65 of seventy-five feet may be operated on the interstate highways of this state and  
66 such other highways as may be designated by the [highways and transportation]  
67 commission for the operation of such vehicles plus a distance not to exceed ten  
68 miles from such interstate or designated highway. All length provisions  
69 regarding automobile or boat transporters, truck-trailer boat transporter  
70 combinations and stinger-steered [combinations] **combination boat**  
71 **transporters** shall include a semitrailer length not to exceed fifty-three feet and  
72 are exclusive of front and rear overhang, which shall be no greater than a  
73 three-foot front overhang and no greater than a four-foot rear overhang.

74         **(1) Stinger-steered combination automobile transporters having**  
75 **a length not in excess of eighty feet may be operated on the interstate**  
76 **highways of this state and such other highways as may be designated**  
77 **by the commission for the operation of such vehicles plus a distance**  
78 **not to exceed ten miles from such interstate or designated highway. All**  
79 **length provisions regarding stinger-steered automobile combination**  
80 **transporters are exclusive of front and rear overhang, which shall be**  
81 **no greater than a four-foot front overhang and no greater than a six-**  
82 **foot rear overhang.**

83         **(2) Automobile transporters may transport cargo or general**  
84 **freight on a backhaul, so long as it complies with weight limitations for**  
85 **a truck-tractor and semitrailer combination set forth in section 304.180.**

86         8. Driveaway saddlemount combinations having a length not in excess of  
87 ninety-seven feet may be operated on the interstate highways of this state and  
88 such other highways as may be designated by the [highways and transportation]  
89 commission for the operation of such vehicles plus a distance not to exceed ten  
90 miles from such interstate or designated highway. Saddlemount combinations  
91 must comply with the safety requirements of Section 393.71 of Title 49 of the  
92 Code of Federal Regulations and may contain no more than three saddlemounted  
93 vehicles and one fullmount.

94         9. No truck-tractor semitrailer-semitrailer combination vehicles operated  
95 upon the interstate and designated primary highway system of this state shall

96 have a semitrailer length in excess of twenty-eight feet or twenty-eight and  
97 one-half feet if the semitrailer was in actual and lawful operation in any state on  
98 December 1, 1982, operating in a truck-tractor semitrailer-semitrailer  
99 combination. The B-train assembly is excluded from the measurement of  
100 semitrailer length when used between the first and second semitrailer of a  
101 truck-tractor semitrailer-semitrailer combination, except that when there is no  
102 semitrailer mounted to the B-train assembly, it shall be included in the length  
103 measurement of the semitrailer.

104       **10. No towaway trailer transporter combination vehicles**  
105 **operated upon the interstate and designated primary highway system**  
106 **of this state shall have an overall length of more than eighty-two feet.**

107       **11.** The [highways and transportation] commission is authorized to  
108 designate routes on the state highway system other than the interstate system  
109 over which those combinations of vehicles of the lengths specified in subsections  
110 5, 6, 7, 8 [and], 9, **and 10** of this section may be operated. Combinations of  
111 vehicles operated under the provisions of subsections 5, 6, 7, 8 [and], 9, **and 10**  
112 of this section may be operated at a distance not to exceed ten miles from the  
113 interstate system and such routes as designated under the provisions of this  
114 subsection.

115       **[11.] 12.** Except as provided in subsections 5, 6, 7, 8, 9 [and], 10, **and 11**  
116 of this section, no other combination of vehicles operated upon the primary or  
117 interstate highways of this state plus a distance of ten miles from a primary or  
118 interstate highway shall have an overall length, unladen or with load, in excess  
119 of sixty-five feet or in excess of fifty-five feet on any other highway[, except the  
120 state highways and transportation commission may designate additional routes  
121 for use by sixty-five foot combinations, seventy-five foot stinger-steered  
122 combinations or seventy-five foot saddlemount combinations. Any vehicle or  
123 combination of vehicles transporting automobiles, boats or other motor vehicles  
124 may carry a load which extends no more than three feet beyond the front and four  
125 feet beyond the rear of the transporting vehicle or combination of vehicles].

126       **[12.] 13.** (1) Except as hereinafter provided, these restrictions shall not  
127 apply to agricultural implements operating occasionally on the highways for short  
128 distances including tractor parades for fund-raising activities or special events,  
129 provided the tractors are driven by licensed drivers during daylight hours only  
130 and with the approval of the superintendent of the Missouri state highway patrol;  
131 or to self-propelled hay-hauling equipment or to implements of husbandry, or to

132 the movement of farm products as defined in section 400.9-102 or to vehicles  
133 temporarily transporting agricultural implements or implements of husbandry or  
134 road-making machinery, or road materials or towing for repair purposes vehicles  
135 that have become disabled upon the highways; or to implement dealers delivering  
136 or moving farm machinery for repairs on any state highway other than the  
137 interstate system.

138 (2) Implements of husbandry and vehicles transporting such machinery  
139 or equipment and the movement of farm products as defined in section 400.9-102  
140 may be operated occasionally for short distances on state highways when operated  
141 between the hours of sunrise and sunset by a driver licensed as an operator or  
142 chauffeur.

143 [13.] 14. As used in this chapter the term "implements of husbandry"  
144 means all self-propelled machinery operated at speeds of less than thirty miles  
145 per hour, specifically designed for, or especially adapted to be capable of,  
146 incidental over-the-road and primary offroad usage and used exclusively for the  
147 application of commercial plant food materials or agricultural chemicals, and not  
148 specifically designed or intended for transportation of such chemicals and  
149 materials.

150 [14.] 15. Sludge disposal units may be operated on all state highways  
151 other than the interstate system. Such units shall not exceed one hundred  
152 thirty-eight inches in width and may be equipped with over-width tires. Such  
153 units shall observe all axle weight limits. The [chief engineer of the state  
154 transportation department] **commission** shall issue special permits for the  
155 movement of such disposal units and may by such permits restrict the movements  
156 to specified routes, days and hours.

304.180. 1. No vehicle or combination of vehicles shall be moved or  
2 operated on any highway in this state having a greater weight than twenty  
3 thousand pounds on one axle, no combination of vehicles operated by transporters  
4 of general freight over regular routes as defined in section 390.020 shall be moved  
5 or operated on any highway of this state having a greater weight than the vehicle  
6 manufacturer's rating on a steering axle with the maximum weight not to exceed  
7 twelve thousand pounds on a steering axle, and no vehicle shall be moved or  
8 operated on any state highway of this state having a greater weight than  
9 thirty-four thousand pounds on any tandem axle; the term "tandem axle" shall  
10 mean a group of two or more axles, arranged one behind another, the distance  
11 between the extremes of which is more than forty inches and not more than

12 ninety-six inches apart.

13 2. An "axle load" is defined as the total load transmitted to the road by  
 14 all wheels whose centers are included between two parallel transverse vertical  
 15 planes forty inches apart, extending across the full width of the vehicle.

16 3. Subject to the limit upon the weight imposed upon a highway of this  
 17 state through any one axle or on any tandem axle, the total gross weight with  
 18 load imposed by any group of two or more consecutive axles of any vehicle or  
 19 combination of vehicles shall not exceed the maximum load in pounds as set forth  
 20 in the following table:

21 Distance in feet between the extremes of any group of two or more  
 22 consecutive axles, measured to the nearest foot, except where indicated otherwise

80 Notwithstanding the above table, two consecutive sets of tandem axles may carry  
 81 a gross load of thirty-four thousand pounds each if the overall distance between  
 82 the first and last axles of such consecutive sets of tandem axles is thirty-six feet  
 83 or more.

84 4. Whenever the state highways and transportation commission finds that  
 85 any state highway bridge in the state is in such a condition that use of such  
 86 bridge by vehicles of the weights specified in subsection 3 of this section will  
 87 endanger the bridge, or the users of the bridge, the commission may establish  
 88 maximum weight limits and speed limits for vehicles using such bridge. The  
 89 governing body of any city or county may grant authority by act or ordinance to  
 90 the [state highways and transportation] commission to enact the limitations  
 91 established in this section on those roadways within the purview of such city or  
 92 county. Notice of the weight limits and speed limits established by the  
 93 commission shall be given by posting signs at a conspicuous place at each end of  
 94 any such bridge.

95 5. Nothing in this section shall be construed as permitting lawful axle  
 96 loads, tandem axle loads or gross loads in excess of those permitted under the  
 97 provisions of Section 127 of Title 23 of the United States Code.

98 6. Notwithstanding the weight limitations contained in this section, any  
 99 vehicle or combination of vehicles operating on highways other than the interstate  
 100 highway system may exceed single axle, tandem axle and gross weight limitations  
 101 in an amount not to exceed two thousand pounds. However, total gross weight  
 102 shall not exceed eighty thousand pounds, except as provided in subsections 9  
 103 [and], 10, 12, and 13 of this section.

104 7. Notwithstanding any provision of this section to the contrary, the  
 105 [department of transportation] **commission** shall issue a single-use special  
 106 permit, or upon request of the owner of the truck or equipment, shall issue an  
 107 annual permit, for the transporting of any concrete pump truck or well-drillers'  
 108 equipment. The [department of transportation] **commission** shall set fees for  
 109 the issuance of permits pursuant to this subsection. Notwithstanding the  
 110 provisions of section 301.133, concrete pump trucks or well-drillers' equipment  
 111 may be operated on state-maintained roads and highways at any time on any day.

112 8. Notwithstanding the provision of this section to the contrary, the

113 maximum gross vehicle limit and axle weight limit for any vehicle or combination  
114 of vehicles equipped with an idle reduction technology may be increased by a  
115 quantity necessary to compensate for the additional weight of the idle reduction  
116 system as provided for in 23 U.S.C. Section 127, as amended. In no case shall the  
117 additional weight increase allowed by this subsection be greater than five  
118 hundred fifty pounds. Upon request by an appropriate law enforcement officer,  
119 the vehicle operator shall provide proof that the idle reduction technology is fully  
120 functional at all times and that the gross weight increase is not used for any  
121 purpose other than for the use of idle reduction technology.

122 9. Notwithstanding any provision of this section or any other law to the  
123 contrary, the total gross weight of any vehicle or combination of vehicles hauling  
124 milk, from a farm to a processing facility or livestock may be as much as, but  
125 shall not exceed, eighty-five thousand five hundred pounds while operating on  
126 highways other than the interstate highway system. The provisions of this  
127 subsection shall not apply to vehicles operated and operating on the Dwight D.  
128 Eisenhower System of Interstate and Defense Highways.

129 10. Notwithstanding any provision of this section or any other law to the  
130 contrary, any vehicle or combination of vehicles hauling grain or grain coproducts  
131 during times of harvest may be as much as, but not exceeding, ten percent over  
132 the maximum weight limitation allowable under subsection 3 of this section while  
133 operating on highways other than the interstate highway system. The provisions  
134 of this subsection shall not apply to vehicles operated and operating on the  
135 Dwight D. Eisenhower System of Interstate and Defense Highways.

136 11. Notwithstanding any provision of this section or any other law to the  
137 contrary, the [department of transportation] **commission** shall issue emergency  
138 utility response permits for the transporting of utility wires or cables, poles, and  
139 equipment needed for repair work immediately following a disaster where utility  
140 service has been disrupted. Under exigent circumstances, verbal approval of such  
141 operation may be made either by the **department of transportation** motor  
142 carrier compliance supervisor or other designated motor carrier services  
143 representative. Utility vehicles and equipment used to assist utility companies  
144 granted special permits under this subsection may be operated and transported  
145 on state-maintained roads and highways at any time on any day. The  
146 [department of transportation] **commission** shall promulgate all necessary rules  
147 and regulations for the administration of this section. Any rule or portion of a  
148 rule, as that term is defined in section 536.010, that is created under the

149 authority delegated in this section shall become effective only if it complies with  
150 and is subject to all of the provisions of chapter 536 and, if applicable, section  
151 536.028. This section and chapter 536 are nonseverable and if any of the powers  
152 vested with the general assembly pursuant to chapter 536 to review, to delay the  
153 effective date, or to disapprove and annul a rule are subsequently held  
154 unconstitutional, then the grant of rulemaking authority and any rule proposed  
155 or adopted after August 28, 2014, shall be invalid and void.

156 **12. Notwithstanding any provision of this section to the contrary,**  
157 **emergency vehicles designed to be used under emergency conditions to**  
158 **transport personnel and equipment and to mitigate hazardous**  
159 **situations may have a maximum gross vehicle weight of eighty-six**  
160 **thousand pounds inclusive of twenty-four thousand pounds on a single**  
161 **steering axle; thirty-three thousand five hundred pounds on a single**  
162 **drive axle; sixty-two thousand pounds on a tandem axle; or fifty-two**  
163 **thousand pounds on a tandem rear drive steer axle.**

164 **13. Notwithstanding any provision of this section or any other**  
165 **law to the contrary, a vehicle operated by an engine fueled primarily**  
166 **by natural gas may operate on the public highways of this state in**  
167 **excess of the vehicle weight limits set forth in this section by an**  
168 **amount that is equal to the difference between the weight of the vehicle**  
169 **attributable to the natural gas tank and fueling system carried by that**  
170 **vehicle and the weight of a comparable diesel tank and fueling system.**  
171 **In no event shall maximum gross vehicle weight of the vehicle**  
172 **operating with a natural gas engine exceed eighty-two thousand**  
173 **pounds.**

**307.005. For purposes of this chapter, a lamp, light, or other**  
2 **piece of lighting equipment consisting of multiple light emitting diodes**  
3 **shall be deemed to be operating properly so long as not less than**  
4 **seventy-five percent of the light emitting diodes are operating properly.**

307.175. 1. Motor vehicles and equipment which are operated by any  
2 member of an organized fire department, ambulance association, or rescue squad,  
3 whether paid or volunteer, may be operated on streets and highways in this state  
4 as an emergency vehicle under the provisions of section 304.022 while responding  
5 to a fire call or ambulance call or at the scene of a fire call or ambulance call and  
6 while using or sounding a warning siren and using or displaying thereon fixed,  
7 flashing or rotating blue lights, but sirens and blue lights shall be used only in

8 bona fide emergencies.

9           2. Motor vehicles and equipment owned **or leased** by the state highways  
10 and transportation commission or contractor or subcontractor performing work  
11 for the department of transportation may use or display thereon fixed, flashing,  
12 or rotating amber or white lights[, but amber or white lights shall be used only  
13 while such vehicle is stationary in a work zone, as defined in section 304.580,  
14 when highway workers, as defined in section 304.580, are present].

15           3. Permits for the operation of such vehicles equipped with sirens or blue  
16 lights shall be in writing and shall be issued and may be revoked by the chief of  
17 an organized fire department, organized ambulance association, rescue squad, or  
18 the state highways and transportation commission and no person shall use or  
19 display a siren or blue lights on a motor vehicle, fire, ambulance, or rescue  
20 equipment without a valid permit authorizing the use. A permit to use a siren  
21 or lights as heretofore set out does not relieve the operator of the vehicle so  
22 equipped with complying with all other traffic laws and regulations. Violation of  
23 this section constitutes a class A misdemeanor.

          407.816. 1. As used in subdivision (7) of section 407.815, the term "motor  
2 vehicle" shall not include "trailer" as such term is defined in [subdivision (60) of]  
3 section 301.010.

4           2. Prior to August 1, 2002, the provisions of section 407.817, subdivisions  
5 (13), (17) and (18) of section 407.825 and section 407.826 shall not apply to  
6 recreational vehicle dealers or manufacturers.

7           3. As of August 1, 2002, the term "motor vehicle" as used in sections  
8 407.810 to 407.835 shall not apply to recreational vehicles as defined in section  
9 407.1320.

          Section B. Because of the need to protect lives on our roads and highways,  
2 the repeal and reenactment of section 307.175 of this act is deemed necessary for  
3 the immediate preservation of the public health, welfare, peace and safety, and  
4 is hereby declared to be an emergency act within the meaning of the constitution,  
5 and the repeal and reenactment of section 307.175 of this act shall be in full force  
6 and effect upon its passage and approval.

          Section C. The repeal and reenactment of sections 105.1073, 303.020,  
2 303.030, 303.120, 303.190, and 303.240 and the enactment of section 303.022 of  
3 this act shall become effective July 1, 2018.
