26 service supplier required to remit the same shall be entitled to deduct and retain,
27 as a collection fee, an amount equal to two percent thereof.

28 3. Nothing in this section shall be construed to require any municipality

33 maintenance of communication and emergency equipment.

190.327. 1. Immediately upon the decision by the commission to utilize
2 a portion of the emergency telephone tax for central dispatching and an
3 affirmative vote of the telephone tax, the commission shall appoint the initial
4 members of a board which shall administer the funds and oversee the provision
5 of central dispatching for emergency services in the county and in municipalities
6 and other political subdivisions which have contracted for such
7 service. Beginning with the general election in 1992, all board members shall be
8 elected according to this section and other applicable laws of this state. At the
9 time of the appointment of the initial members of the board, the commission shall
10 relinquish to the board and no longer exercise the duties prescribed in this
11 chapter with regard to the provision of emergency telephone service and in
12 chapter 321, with regard to the provision of central dispatching service, and such
13 duties shall be exercised by the board.

14 2. Elections for board members may be held on general municipal election

22 partnership, association or corporation, public or private, affecting the affairs of
23 the board;
- 24 (4) To acquire, construct, purchase, maintain, dispose of and encumber
25 real and personal property, including leases and easements;
- 26 (5) To have the management, control and supervision of all the business
27 affairs of the board and the construction, installation, operation and maintenance

28 of any improvements;

29 (6) To hire and retain agents and employees and to provide for their
30 compensation including health and pension benefits;

31 (7) To adopt and amend bylaws and any other rules and regulations;

32 (8) To fix, charge and collect the taxes and fees authorized by law for the
33 purpose of implementing and operating the services described in this section;

34 (9) To pay all expenses connected with the first election and all
35 subsequent elections; and

36 (10) To have and exercise all rights and powers necessary or incidental
37 to or implied from the specific powers granted in this subsection. Such specific
38 powers shall not be considered as a limitation upon any power necessary or
39 appropriate to carry out the purposes and intent of sections 190.300 to 190.329.

40 **4. (1) Notwithstanding the provisions of subsections 1 and 2 of**
41 **this section to the contrary, the county commission may elect to**
42 **appoint the members of the board to administer the funds and oversee**
43 **the provision of central dispatching for emergency services in the**
44 **counties and municipalities and other political subdivisions which have**
45 **contracted for such service upon the request of the municipalities and**
46 **other political subdivisions. Upon appointment of the initial members**
47 **of the board, the commission shall relinquish to the board and no**
48 **longer exercise the duties prescribed in this chapter with regard to the**
49 **provision of central dispatching service and such duties shall be**
50 **exercised by the board.**

51 **(2) The board shall consist of seven members appointed without**
52 **regard to political affiliation. The members shall include:**

53 **(a) Five members who shall serve for so long as they remain in**
54 **their respective county or municipal positions as follows:**

55 **a. The county sheriff, or his or her designee;**

59 **and**

60 **c. The heads of the municipal fire departments or fire divisions**
61 **who have contracted for central dispatching service in the two largest**
62 **municipalities wholly contained within the county, or their designees;**

63 **(b) Two members who shall serve two-year terms appointed from**
64 **among the following:**

65 a. The head of any of the county's fire protection districts who

71 his or her designee, excluding those mentioned in subparagraph b of
72 paragraph (a) of subdivision (2) of this subsection; and

73 d. The head of any of the municipal fire departments in the
74 county who have contracted for central dispatching service, or his or
75 her designee, excluding those mentioned in subparagraph c of
76 paragraph (a) of subdivision (2) of this subsection.

77 (3) Upon the appointment of the board under this subsection, the
78 board shall have the powers provided in subsection 3 of this section
79 and the commission shall relinquish all powers and duties relating to
80 the provision of central dispatching service under this chapter to the
81 board.

190.328. 1. Beginning in 1997, within the area from which voters and the
2 commission have approved the provision of central dispatching for emergency
3 services by a public agency for an area containing third or fourth class cities in
4 counties of the third classification with a population of at least thirty-two
5 thousand but no greater than forty thousand that border a county of the first
6 classification but do not border the Mississippi River, the initial board shall
7 consist of two members from each township within such area and one at-large
8 member who shall serve as the initial chairperson of such board.

9 2. Within the area from which voters and the commission have approved
10 the provision of central dispatching for emergency services by a public agency for
11 an area containing third or fourth class cities in counties of the third
12 classification with a population of at least thirty-two thousand but no greater
13 than forty thousand that border a county of the first classification, voters shall
14 elect a board to administer funds and oversee the provision of central dispatching
15 for emergency services. Such board shall consist of two members elected from
16 each of the townships within such area and one member elected at large who
17 shall serve as the chairperson of the board.

18 3. Of those initially elected to the board as provided in this section, four
19 from the townships shall be elected to a term of two years, and four from the

20 townships and the at-large member shall be elected to a term of four years. Upon
21 the expiration of these initial terms, all members shall thereafter be elected to
22 terms of four years; **provided that, if a board established in this section**
23 **consolidates with a board established under section 190.327 or 190.335,**
24 **under the provisions of section 190.460, the term of office for the**
25 **existing board members shall end on the thirtieth day following the**
26 **appointment of the initial board of directors for the consolidated**
27 **district.**

190.329. 1. Except in areas from which voters and the commission have
2 approved the provision of central dispatching for emergency services by a public
3 agency for an area containing third or fourth class cities located in counties of the
4 third classification with a population of at least thirty-two thousand but no
5 greater than forty thousand that border a county of the first classification but do
6 not border the Mississippi River, the initial board shall consist of seven members
7 appointed without regard for political party who shall be selected from and shall
8 represent the fire protection districts, ambulance districts, sheriff's department,
9 municipalities, any other emergency services and the general public. This initial
10 board shall serve until its successor board is duly elected and installed in
11 office. The commission shall ensure geographic representation of the county by
12 appointing no more than four members from any one commission district of the
13 county.

14 2. Beginning in 1992, three members shall be elected from each
15 commission district and one member shall be elected at large, with such at-large
16 member to be a voting member and chairman of the board. Of those first elected,
17 four members from commission districts shall be elected for terms of two years
18 and two members from commission districts and the member at large shall be
19 elected for terms of four years. In 1994, and thereafter, all terms of office shall
20 be for four years, except as **otherwise provided in this subsection or as**
21 **provided in subsection 3 of this section.** Any vacancy on the board shall be filled
22 in the same manner as the initial appointment was made. Four members shall
23 constitute a quorum. **If a board established in section 190.327**
24 **consolidates with a board established under section 190.327, 190.328, or**
25 **190.335, under the provisions of section 190.460, the term of office for**
26 **the existing board members shall end on the thirtieth day following the**
27 **appointment of the initial board of directors for the consolidated**
28 **district.**

29 3. Upon approval by the county commission for the election of board
30 members to be held on general municipal election day, pursuant to subsection 2
31 of section 190.327, the terms of those board members then holding office shall be
32 reduced by seven months. After a board member's term has been reduced, all
33 following terms for that position shall be for four years, **except as otherwise**
34 **provided under subsection 2 of this section.**

190.335. 1. In lieu of the tax levy authorized under section 190.305 for
2 emergency telephone services, the county commission of any county may impose
3 a county sales tax for the provision of central dispatching of fire protection,
4 including law enforcement agencies, emergency ambulance service or any other
5 emergency services, including emergency telephone services, which shall be
6 collectively referred to herein as "emergency services", and which may also
7 include the purchase and maintenance of communications and emergency
8 equipment, including the operational costs associated therein, in accordance with
9 the provisions of this section.

10 2. Such county commission may, by a majority vote of its members, submit
11 to the voters of the county, at a public election, a proposal to authorize the county
12 commission to impose a tax under the provisions of this section. If the residents
13 of the county present a petition signed by a number of residents equal to ten
14 percent of those in the county who voted in the most recent gubernatorial
15 election, then the commission shall submit such a proposal to the voters of the
16 county.

17 3. The ballot of submission shall be in substantially the following form:

18 Shall the county of (insert name of county) impose a county sales
19 tax of (insert rate of percent) percent for the purpose of providing central
20 dispatching of fire protection, emergency ambulance service, including emergency
21 telephone services, and other emergency services?

22 ☐ YES ☐ NO

23 If a majority of the votes cast on the proposal by the qualified voters voting
24 thereon are in favor of the proposal, then the ordinance shall be in effect as
25 provided herein. If a majority of the votes cast by the qualified voters voting are
26 opposed to the proposal, then the county commission shall have no power to
27 impose the tax authorized by this section unless and until the county commission
28 shall again have submitted another proposal to authorize the county commission
29 to impose the tax under the provisions of this section, and such proposal is
30 approved by a majority of the qualified voters voting thereon.

31 4. The sales tax may be imposed at a rate not to exceed one percent on the
32 receipts from the sale at retail of all tangible personal property or taxable
33 services at retail within any county adopting such tax, if such property and
34 services are subject to taxation by the state of Missouri under the provisions of
35 sections 144.010 to 144.525. The sales tax shall not be collected prior to thirty-six
36 months before operation of the central dispatching of emergency services.

37 5. Except as modified in this section, all provisions of sections 32.085 and
38 32.087 shall apply to the tax imposed under this section.

39 6. Any tax imposed pursuant to section 190.305 shall terminate at the end
40 of the tax year in which the tax imposed pursuant to this section for emergency
41 services is certified by the board to be fully operational. Any revenues collected
42 from the tax authorized under section 190.305 shall be credited for the purposes
43 for which they were intended.

44 7. At least once each calendar year, the board shall establish a tax rate,
45 not to exceed the amount authorized, that together with any surplus revenues
46 carried forward will produce sufficient revenues to fund the expenditures
47 authorized by this act. Amounts collected in excess of that necessary within a
48 given year shall be carried forward to subsequent years. The board shall make
49 its determination of such tax rate each year no later than September first and
50 shall fix the new rate which shall be collected as provided in this
51 act. Immediately upon making its determination and fixing the rate, the board
52 shall publish in its minutes the new rate, and it shall notify every retailer by
53 mail of the new rate.

54 8. Immediately upon the affirmative vote of voters of such a county on the
55 ballot proposal to establish a county sales tax pursuant to the provisions of this
56 section, the county commission shall appoint the initial members of a board to
57 administer the funds and oversee the provision of emergency services in the
58 county. Beginning with the general election in 1994, all board members shall be
59 elected according to this section and other applicable laws of this state. At the
60 time of the appointment of the initial members of the board, the commission shall
61 relinquish and no longer exercise the duties prescribed in this chapter with
62 regard to the provision of emergency services and such duties shall be exercised
63 by the board.

64 9. The initial board shall consist of seven members appointed without
65 regard to political affiliation, who shall be selected from, and who shall represent,
66 the fire protection districts, ambulance districts, sheriff's department,

67 municipalities, any other emergency services and the general public. This initial
68 board shall serve until its successor board is duly elected and installed in
69 office. The commission shall ensure geographic representation of the county by
70 appointing no more than four members from each district of the county
71 commission.

72 10. Beginning in 1994, three members shall be elected from each district
73 of the county commission and one member shall be elected at large, such member
74 to be the chairman of the board. Of those first elected, four members from
75 districts of the county commission shall be elected for terms of two years and two
76 members from districts of the county commission and the member at large shall
77 be elected for terms of four years. In 1996, and thereafter, all terms of office
78 shall be four years; **provided that, if a board established in this section**
79 **consolidates with a board established under this section, section**
80 **190.327, or section 190.328, under the provisions of section 190.460, the**
81 **term of office for the existing board members shall end on the thirtieth**
82 **day following the appointment of the initial board of directors for the**
83 **consolidated district.** Notwithstanding any other provision of law, if there is
84 no candidate for an open position on the board, then no election shall be held for
85 that position and it shall be considered vacant, to be filled pursuant to the
86 provisions of section 190.339, and, if there is only one candidate for each open
87 position, no election shall be held and the candidate or candidates shall assume
88 office at the same time and in the same manner as if elected.

89 11. Notwithstanding the provisions of subsections 8 to 10 of this section
90 to the contrary, in any county of the first classification with more than two
91 hundred forty thousand three hundred but fewer than two hundred forty
92 thousand four hundred inhabitants or in any county of the third classification
93 with a township form of government and with more than twenty-eight thousand
94 but fewer than thirty-one thousand inhabitants, any emergency telephone service
95 911 board appointed by the county under section 190.309 which is in existence on
96 the date the voters approve a sales tax under this section shall continue to exist
97 and shall have the powers set forth under section 190.339. Such boards which
98 existed prior to August 25, 2010, shall not be considered a body corporate and a
99 political subdivision of the state for any purpose, unless and until an order is
100 entered upon an unanimous vote of the commissioners of the county in which
101 such board is established reclassifying such board as a corporate body and
102 political subdivision of the state. The order shall approve the transfer of the

103 assets and liabilities related to the operation of the emergency **telephone** service
104 911 system to the new entity created by the reclassification of the board.

105 12. (1) Notwithstanding the provisions of subsections 8 to 10 of this
106 section to the contrary, in any county of the second classification with more than
107 fifty-four thousand two hundred but fewer than fifty-four thousand three hundred
108 inhabitants or any county of the first classification with more than fifty thousand
109 but fewer than seventy thousand inhabitants that has approved a sales tax under
110 this section, the county commission shall appoint the members of the board to
111 administer the funds and oversee the provision of emergency services in the
112 county.

113 (2) The board shall consist of seven members appointed without regard
114 to political affiliation. Except as provided in subdivision (4) of this subsection,
115 each member shall be one of the following:

116 (a) The head of any of the county's fire protection districts, or a designee;

117 (b) The head of any of the county's ambulance districts, or a designee;

118 (c) The county sheriff, or a designee;

2 as the "[Wireless Service Provider Enhanced] **Missouri 911 Service Trust** Fund".
3 All fees collected pursuant to sections 190.400 to [190.440 by wireless service
4 providers] **190.451** shall be remitted to the director of the department of revenue.

5 2. The director of the department of revenue shall deposit such payments
6 into the [wireless service provider enhanced] **Missouri 911 service trust**
7 fund. Moneys in the fund shall be used for the purpose of reimbursing
8 expenditures actually incurred in the implementation and operation of the
9 [wireless service provider enhanced] **Missouri 911 [system] systems and for**
10 **the answering and dispatching of emergency calls as determined to be**
11 **appropriate by the governing body of the county or city imposing the**
12 **fee.**

13 3. Any unexpended balance in the fund shall be exempt from the
14 provisions of section 33.080, relating to the transfer of unexpended balances to
15 the general revenue fund, and shall remain in the fund. Any interest earned on

16 the moneys in the fund shall be deposited into the fund, and may be used to
17 fund the study required under subsection 18 of section 190.450.

18 4. The moneys in the trust fund shall not be deemed to be state
19 funds and shall not be commingled with any funds of the state. The
20 director of revenue shall keep accurate records of the amount of
21 moneys in the trust fund which were collected in each county, city not
22 within a county, or home rule city with more than fifteen thousand but
23 fewer than seventeen thousand inhabitants and partially located in any
24 county of the third classification without a township form of
25 government and with more than thirty-seven thousand but fewer than
26 forty-one thousand inhabitants under sections 190.400 to 190.451, and
27 the records shall be open to the inspection of officers of a participating
28 county or city and the public.

190.450. 1. Except as provided under subsections 9 and 10 of this
2 section, in lieu of the tax levy authorized under section 190.305 or
3 190.325 or the sales tax imposed under section 190.292 or 190.335, the
4 governing body of any county, city not within a county, or home rule
5 city with more than fifteen thousand but fewer than seventeen
6 thousand inhabitants and partially located in any county of the third
7 classification without a township form of government and with more
8 than thirty-seven thousand but fewer than forty-one thousand
9 inhabitants may impose, by order or ordinance, a monthly fee on
10 subscribers of any communications service that has been enabled to
11 contact 911. The monthly fee authorized in this section shall not
12 exceed one dollar and fifty cents and shall be assessed to the subscriber
13 of the communications service, regardless of technology, based upon
14 the number of active telephone numbers, or their functional
15 equivalents or successors, assigned by the provider and capable of
16 simultaneously contacting the public safety answering point; provided
17 that, for multiline telephone systems and for facilities provisioned with
18 capacity greater than a voice capable grade channel or its equivalent,
19 regardless of technology, the charge shall be assessed on the number
20 of voice-capable grade channels as provisioned by the provider that
21 allow simultaneous contact with the public safety answering
22 point. Only one fee may be assessed per active telephone number, or
23 its functional equivalent or successor, used to provide a
24 communications service. No fee imposed under this section shall be

25 imposed on more than one hundred voice-grade channels or their
26 equivalent per person per location. Notwithstanding any provision to
27 the contrary in this section, the monthly fee shall not be assessed on
28 the provision of broadband internet access service. The fee shall be
29 imposed solely for the purpose of funding 911 service in such county or
30 city. The monthly fee authorized in this section shall be limited to one
31 fee per device. The fee authorized in this section shall be in addition
32 to all other taxes and fees imposed by law and may be stated separately
33 from all other charges and taxes. The fee shall be the liability of the
34 subscriber, not the provider, except that the provider shall be liable to
35 remit all fees that the provider collects under this section.

36 2. No such order or ordinance adopted under this section shall
37 become effective unless the governing body of the county or city
38 submits to the voters residing within the county or city at a state
39 general, primary, or special election a proposal to authorize the
40 governing body to impose a fee under this section. The question
41 submitted shall be in substantially the following form:

42 "Shall (insert name of county or city) impose a monthly fee of
43 (insert amount) on a subscriber of any communications service that
44 has been enabled to contact 911 for the purpose of funding 911 service
45 in the (county or city)?"

46 ☐ YES ☐ NO

47 If a majority of the votes cast on the question by the qualified voters
48 voting thereon are in favor of the question, then the fee shall become
49 effective on the first day of the second calendar quarter after the
50 director of revenue receives notification of adoption of the fee. If a
51 majority of the votes cast on the question by the qualified voters voting
52 thereon are opposed to the question, then the fee shall not become
53 effective unless and until the question is resubmitted under this section
54 to the qualified voters and such question is approved by a majority of
55 the qualified voters voting on the question. The question shall not be
56 resubmitted within three hundred fifty-nine days of the previous
57 election at which a majority of the votes cast were opposed to the
58 question.

59 3. Except as modified in this section, all provisions of sections
60 32.085 and 32.087 and subsection 7 of section 144.190 shall apply to the

61 fee imposed under this section.

62 4. All revenue collected under this section by the director of the
63 department of revenue on behalf of the county or city, except for two
64 percent to be withheld by the provider for the cost of administering the
65 collection and remittance of the fee and one percent for the cost of
66 collection which shall be deposited in the state's general revenue fund,
67 shall be deposited in the Missouri 911 service trust fund created in
68 section 190.420. The director of the department of revenue shall remit
69 such funds to the county or city on a monthly basis. The governing
70 body of any such county or city shall control such funds remitted to the
71 county or city unless the county or city has established an elected
72 board for the purpose of administering such funds. In the event that
73 any county or city has established a board under any other provision
74 of state law for the purpose of administering funds for 911 service, such
75 existing board may continue to perform such functions after the county
76 or city has adopted the monthly fee under this section.

77 5. Nothing in this section imposes any obligation upon a provider
78 of a communications service to take any legal action to enforce the
79 collection of the tax imposed in this section. The tax shall be collected
80 in compliance, as applicable, with the federal Mobile
81 Telecommunications Sourcing Act, 4 U.S.C. Sections 116 to 124, as
82 amended.

83 6. Notwithstanding any other provision of law to the contrary,
84 proprietary information submitted under this section shall only be
85 subject to subpoena or lawful court order. Information collected under
86 this section shall only be released or published in aggregate amounts
87 that do not identify or allow identification of numbers of subscribers
88 or revenues attributable to an individual communications service
89 provider.

90 7. Notwithstanding any other provision of law to the contrary,
91 in no event shall any communications service provider, its officers,
92 employees, assigns, agents, vendors, or anyone acting on behalf of such
93 persons, be liable for any form of civil damages or criminal liability
94 that directly or indirectly results from, or is caused by:

95 (1) An act or omission in the development, design, installation,
96 operation, maintenance, performance, or provision of service to a
97 public safety answering point or to subscribers that use such service,

98 whether providing such service is required by law or is voluntary; or
99 (2) The release of subscriber information to any governmental
100 entity under this section unless such act, release of subscriber
101 information, or omission constitutes gross negligence, recklessness, or
102 intentional misconduct.

103 Nothing in this section is intended to void or otherwise override any
104 contractual obligation pertaining to equipment or services sold to a
105 public safety answering point by a communications service provider.
106 No cause of action shall lie in any court of law against any provider of
107 communications service, commercial mobile service, or other
108 communications-related service, or its officers, employees, assignees,
109 agents, vendors, or anyone acting on behalf of such persons, for
110 providing call location information concerning the user of any such
111 service in an emergency situation to a law enforcement official or
112 agency in order to respond to a call for emergency service by a
113 subscriber, customer, or user of such service or for providing caller
114 location information or doing a ping locate in an emergency situation
115 that involves danger of death or serious physical injury to any person
116 where disclosure of communications relating to the emergency is
117 required without delay, whether such provision of information is
118 required by law or voluntary.

119 8. The fee imposed under this section shall not be imposed on
120 customers who pay for service prospectively, known as purchasers of
121 prepaid wireless telecommunications service customers.

122 9. No county or city shall submit a proposal to the voters under
123 this section for a fee of more than one dollar until the county or city
124 receives approval for the fee amount from the Missouri 911 service
125 board established under section 650.325. Once a fee of more than one
126 dollar has been approved by the Missouri 911 service board and the
127 voters, the county or city shall not subsequently increase the fee until
128 the increased fee amount has been approved by the Missouri 911
129 service board and the voters under this section. Any county or city
130 seeking to impose or increase a fee of more than one dollar shall submit
131 to the Missouri 911 service board information to justify the fee
132 amount. The information to be provided shall include, but not be
133 limited to, the following:

134 (1) Estimated costs of services to be provided;

135 (2) Estimated revenue from all sources intended to financially
136 support the proposed 911 service;

137 (3) Prior revenue amounts and sources of financial support for
138 the previously funded 911 or emergency dispatch service;

139 (4) Efforts to secure revenue to support the proposed 911 service
140 other than the proposed fee under this section;

141 (5) Current level of 911 service provided and the proposed level
142 of 911 service to be provided;

143 (6) Any previous efforts regarding the consolidation of 911
144 services and any currently proposed efforts regarding the consolidation
145 of 911 services; and

146 (7) Expected level of training of personnel and expected number
147 of telecommunications per shift.

148 10. The fee imposed under this section shall not be imposed in
149 conjunction with any tax imposed under section 190.292, 190.305,
150 190.325, or 190.335. No county or city shall simultaneously impose more
151 than one tax authorized in this section or section 190.292, 190.305,
152 190.325, or 190.335. No fee imposed under this section shall be imposed
153 on more than one hundred exchange access facilities or their
154 equivalent per person per location.

155 11. No county shall submit a proposal to the voters of the county
156 under this section or section 190.335 until the department of public
157 safety has issued a state consolidation plan to the Missouri 911 service
158 board and either:

159 (1) All providers of emergency telephone service as defined in
160 section 190.300 and public safety answering point operations within the
161 county are consolidated into one public agency as defined in section
162 190.300 that provides emergency telephone service for the county; and

163 (2) The county develops a plan for consolidation of emergency
164 telephone service as defined in section 190.300, and public safety
165 answering point operations within the county are consolidated into one
166 public agency as defined in section 190.300 that provides emergency
167 telephone service for the county; or

168 (3) The county develops a plan for consolidation of emergency
169 telephone service as defined in section 190.300 and public safety
170 answering point operations within the county that includes either
171 consolidation or entering into a shared services agreement for such

172 services, which shall be implemented on approval of the fee by the
173 voters.

174 12. Any plan developed under subdivision (2) or (3) of subsection
175 11 of this section shall be filed with the Missouri 911 service board
176 under subsection 4 of section 650.330, and the board shall review the
177 plan to ensure it is not inconsistent with the state consolidation plan
178 issued under subsection 18 of this section. Any plan that is filed under
179 this subsection shall provide for the establishment of a joint emergency
180 communications board as described in section 70.260. The director of
181 the department of revenue shall not remit any funds as provided under
182 this section until the department receives notification from the
183 Missouri 911 service board that the county has filed a plan that is ready
184 for implementation and that the board has received the state
185 consolidation plan issued under subsection 18 of this section. If after
186 one year following the enactment of the fee described in subsection 1
187 of this section the county has not complied with the plan that the
188 county submitted under subdivision (2) or (3) of subsection 11 of this
189 section, but the county has substantially complied with the plan, then
190 the Missouri 911 service board may grant the county an extension of up
191 to six months to comply with its plan. Not more than one extension
192 may be granted to a county. The authority to impose the fee granted
193 to the county in subsection 1 of this section shall be null and void if
194 after one year following the enactment of the fee described in
195 subsection 1 of this section the county has not complied with the plan
196 and has not been granted an extension by the Missouri 911 service
197 board, or if the six-month extension expires and the county has not
198 complied with the plan.

199 13. Each county that does not have a public agency as defined in
200 section 190.300 that provides emergency telephone service as defined
201 in section 190.300 for the county shall either:

202 (1) Enter into a shared services agreement for providing
203 emergency telephone services with a public agency that provides
204 emergency telephone service, if such an agreement is feasible; or

205 (2) Form with one or more counties an emergency telephone
206 services district in conjunction with any county with a public agency
207 that provides emergency telephone service within the county. If such
208 a district is formed under this subdivision, the governing body of such

209 district shall be the county commissioners of each county within the
210 district, and each county within such district shall submit to the voters
211 of the county a proposal to impose the fee under this section.

212 14. A county operating joint or shared emergency telephone
213 service as defined in section 190.300 may submit to the voters of the
214 county a proposal to impose the fee to support joint operations and
215 further consolidation under this section.

216 15. All 911 fees shall be imposed as provided in the Mobile
217 Telecommunications Sourcing Act, 4 U.S.C. Sections 116 to 124, as
218 amended.

219 16. Nothing in subsections 11, 12, 13, and 14 of this section shall
220 apply to a county with a charter form of government where all public
221 safety answering points within the county utilize a common 911
222 communication service as implemented by the appropriate local and
223 county agencies prior to August 28, 2017.

224 17. No county which contains any portion of a home rule city
225 with more than four hundred thousand inhabitants and located in more
226 than one county shall submit a proposal to the voters under this section
227 until the county and the home rule city with more than four hundred
228 thousand inhabitants and located in more than one county enter into
229 an agreement for equitable sharing of revenue under this section and
230 section 190.451.

231 18. By December 31, 2017, the department of public safety shall
232 complete a study of the number of public safety answering points
233 necessary to provide the best possible 911 technology and service to all
234 areas of the state in the most efficient and economical manner possible,
235 issue a state public safety answering point consolidation plan based on
236 the study, and provide such plan to the Missouri 911 service board.

190.451. 1. As used in this section, the following terms mean:

2 (1) "Board", the Missouri 911 service board established under
3 section 650.325;

4 (2) "Consumer", a person who purchases prepaid wireless
5 telecommunications service in a retail transaction;

6 (3) "Department", the department of revenue;

7 (4) "Prepaid wireless service provider", a provider that provides
8 prepaid wireless service to an end user;

9 (5) "Prepaid wireless telecommunications service", a wireless

10 telecommunications service that allows a caller to dial 911 to access the
11 911 system and which service shall be paid for in advance and is sold
12 in predetermined units or dollars of which the number declines with
13 use in a known amount;

14 (6) "Retail transaction", the purchase of prepaid wireless
15 telecommunications service from a seller for any purpose other than
16 resale. The purchase of more than one item that provides prepaid
17 wireless telecommunication service, when such items are sold
18 separately, constitutes more than one retail transaction;

19 (7) "Seller", a person who sells prepaid wireless
20 telecommunications service to another person;

21 (8) "Wireless telecommunications service", commercial mobile
22 radio service as defined by 47 CFR 20.3, as amended.

23 2. (1) Beginning January 1, 2018, there is hereby imposed a
24 prepaid wireless emergency telephone service charge on each retail
25 transaction. The amount of such charge shall be equal to three percent
26 of each retail transaction. However, if a minimal amount of prepaid
27 wireless telecommunications service is sold with a prepaid wireless
28 device for a single nonitemized price, then the seller may elect not to
29 apply such service charge to such transaction. For purposes of this
30 subdivision, an amount of service denominated as ten or fewer minutes,
31 or five dollars or less is minimal.

32 (2) The prepaid wireless emergency telephone service charge
33 shall be collected by the seller from the consumer with respect to each
34 retail transaction occurring in this state. The amount of the prepaid
35 wireless emergency telephone service charge shall be either separately
36 stated on an invoice, receipt, or other similar document that is
37 provided to the consumer by the seller or otherwise disclosed to the
38 consumer.

39 (3) For purposes of this subsection, a retail transaction that is
40 effected in person by a consumer at a business location of the seller
41 shall be treated as occurring in this state if that business location is in
42 this state; and any other retail transaction shall be treated as occurring
43 in this state if the retail transaction is treated as occurring in this state
44 under state law.

45 (4) The prepaid wireless emergency telephone service charge is
46 the liability of the consumer and not of the seller or of any provider;

47 except that, the seller shall be liable to remit all charges that the seller
48 is deemed to collect if the amount of the charge has not been separately
49 stated on an invoice, receipt, or other similar document provided to the
50 consumer by the seller.

51 (5) The amount of the prepaid wireless emergency telephone
52 service charge that is collected by a seller from a consumer, if such
53 amount is separately stated on an invoice, receipt, or other similar
54 document provided to the consumer by the seller, shall not be included
55 in the base for measuring any tax, fee, surcharge, or other charge that
56 is imposed by this state, any political subdivision of this state, or any
57 intergovernmental agency.

58 3. (1) Prepaid wireless emergency telephone service charges
59 collected by sellers shall be remitted to the department at the times
60 and in the manner provided by state law with respect to sales and use
61 taxes. The department shall establish registration and payment
62 procedures that substantially coincide with the registration and
63 payment procedures that apply under state law.

64 (2) Beginning on January 1, 2018, and ending on January 31,
65 2018, when a consumer purchases prepaid wireless telecommunications
66 service in a retail transaction from a seller under this section, the
67 seller shall be allowed to retain one hundred percent of the prepaid
68 wireless emergency telephone service charges that are collected by the
69 seller from the consumer. Beginning on February 1, 2018, a seller shall
70 be permitted to deduct and retain three percent of prepaid wireless
71 emergency telephone service charges that are collected by the seller
72 from consumers.

73 (3) The department shall establish procedures by which a seller
74 of prepaid wireless telecommunications service may document that a
75 sale is not a retail transaction, which procedures shall substantially
76 coincide with the procedures for documenting sale for resale
77 transactions for sales and use purposes under state law.

78 (4) The department shall deposit all remitted prepaid wireless
79 emergency telephone service charges into the general revenue fund for
80 the department's use until eight hundred thousand one hundred fifty
81 dollars is collected to reimburse its direct costs of administering the
82 collection and remittance of prepaid wireless emergency telephone
83 service charges. From then onward, the department shall deposit all

84 remitted prepaid wireless emergency telephone service charges into the
85 Missouri 911 service trust fund created in section 190.420 within thirty
86 days of receipt for use by the board. After the initial eight hundred
87 thousand one hundred fifty dollars is collected, the department may
88 deduct an amount not to exceed one percent of collected charges to be
89 retained by the department to reimburse its direct costs of
90 administering the collection and remittance of prepaid wireless
91 emergency telephone service charges.

92 (5) The board shall set a rate between twenty-five and seventy-
93 five percent of the prepaid wireless emergency telephone service
94 charges deposited in the Missouri 911 service trust fund collected in
95 counties without a charter form of government, less the deductions
96 authorized in subdivision (4) of this subsection, that shall be remitted
97 to such counties in direct proportion to the amount of charges collected
98 in each county. The board shall set a rate between sixty-five and
99 seventy-five percent of the prepaid wireless emergency telephone
100 service charges deposited in the Missouri 911 service trust fund
101 collected in counties with a charter form of government and any city

103 of this subsection, that shall be remitted to each such county or city not
104 within a county in direct proportion to the amount of charges collected
105 in each such county or city not within a county. The initial percentage
106 rate set by the board for counties with and without a charter form of
107 government and any city not within a county may be adjusted after
108 three years, and thereafter the rate may be adjusted every two years;
109 however, at no point shall the board set rates that fall below
110 twenty-five percent for counties without a charter form of government
111 and sixty-five percent for counties with a charter form of government
112 and any city not within a county.

113 (6) Any amounts received by a county or city under subdivision
114 (5) of this subsection shall be used only for purposes authorized in
115 sections 190.305 and 190.335.

116 4. (1) A seller that is not a provider shall be entitled to the
117 immunity and liability protections under section 190.450,
118 notwithstanding any requirement in state law regarding compliance
119 with Federal Communications Commission Order 05-116.

120 (2) A provider shall be entitled to the immunity and liability

121 protections under section 190.450.

122 (3) In addition to the protection from liability provided in
123 subdivisions (1) and (2) of this subsection, each provider and seller and
124 its officers, employees, assigns, agents, vendors, or anyone acting on
125 behalf of such persons shall be entitled to the further protection from
126 liability, if any, that is provided to providers and sellers of wireless
127 telecommunications service that is not prepaid wireless
128 telecommunications service under section 190.450.

129 5. The prepaid wireless emergency telephone service charge
130 imposed by this section shall be in addition to any other tax, fee,
131 surcharge, or other charge imposed by this state, any political
132 subdivision of this state, or any intergovernmental agency for 911
133 funding purposes, except that such prepaid wireless emergency
134 telephone service charge shall be charged in lieu of, and not imposed
135 in addition to, any tax imposed under sections 190.292 or 190.335.

136 6. The provisions of this section shall expire on December 31,
137 2024.

190.455. 1. In order to provide the best possible 911 technology
2 and service to all areas of the state in the most efficient and economical
3 manner possible, it is the public policy of this state to encourage the
4 consolidation of emergency communications operations.

5 2. Any county, city, or 911 or emergency services board
6 established under chapter 190 or under section 321.243 may contract
7 and cooperate with any other county, city, or 911 or emergency services
8 board established under chapter 190 or under section 321.243 as
9 provided in sections 70.210 to 70.320. Any contracting counties or
10 boards may seek assistance and advice from the Missouri 911 service
11 board established in section 650.325 regarding the terms of the joint
12 contract and the administration and operation of the contracting
13 counties, cities, and boards.

14 3. If two or more counties, cities, 911 districts, or existing
15 emergency communications entities desire to consolidate their
16 emergency communications operations, a joint emergency
17 communications entity may be established by the parties through an
18 agreement identifying the conditions and provisions of the
19 consolidation and the operation of the joint entity. This agreement may
20 include the establishment of a joint governing body that may be

21 comprised of the boards of the entities forming the agreement currently
22 authorized by statute or an elected or appointed joint board authorized
23 in section 70.260; provided that, the representation on the joint board
24 of each of the entities forming the agreement shall be equal. If the
25 entities entering into an agreement under this subsection decide that
26 any 911 service center responsible for the answering of 911 calls and
27 the dispatch of assistance shall be physically located in a county other
28 than a county with the lowest average county wage from the set of
29 counties where the entities entering into an agreement under this
30 subsection are located in whole or part, then such entities shall provide
31 a written reason for this decision to the Missouri 911 service board and
32 such document shall be a public record under chapter 610. The county
33 average wage comparison shall be conducted using the information
34 from the Missouri department of economic development, which
35 calculates such county average wages under section 135.950.

36 4. After August 28, 2017, no public safety answering point
37 operation may be established as a result of its separation from an
38 existing public safety answering point operation without a study by
39 and the approval of the Missouri 911 service board.

40 5. No provision of this law shall be construed to prohibit or
41 discourage in any manner the formation of multiagency or
42 multijurisdictional public safety answering point operations.

190.460. 1. As an alternative to the procedure provided in
2 section 190.455, two or more 911 central dispatch centers that are
3 organized under sections 190.327 to 190.329 or section 190.335 and
4 funded by public taxes may consolidate into one 911 central dispatch
5 center by following the procedures set forth in this section.

6 2. If the consolidation of existing 911 central dispatch centers is
7 desired, a number of voters residing in the existing 911 central
8 dispatch centers' service areas equal to ten percent of the votes cast for
9 governor in those service areas in the preceding gubernatorial election
10 may file with the county clerk in which the territory or greater part of
11 the proposed consolidated 911 central dispatch center service area will
12 be situated a petition requesting consolidation of two or more 911
13 central dispatch centers.

14 3. The petition shall be in the following form:

15 "We, the undersigned voters residing in the service areas for the

16 following 911 central dispatch centers, do hereby petition that the
17 following existing 911 central dispatch centers be consolidated into one
18 911 central dispatch center."

19 4. An alternative procedure of consolidation may be followed if
20 each of the boards of directors of the existing 911 central dispatch
21 centers passes a resolution in the following form:

22 "The board of directors of the 911 central dispatch center
23 resolves that the and 911 central dispatch centers be
24 consolidated into one consolidated 911 central dispatch center."

25 5. Upon the filing of a petition or resolution with the county
26 clerk from each of the service areas of the 911 central dispatch centers
27 to be consolidated, the clerk shall present the petition or resolution to
28 the commissioners of the county commission having jurisdiction, who
29 shall thereupon order the submission of the question to voters within
30 the affected 911 central dispatch center service areas. The filing of a
31 petition shall be no later than twelve months after any original voter's
32 signature contained therein.

33 6. The notice of election shall contain the names of the existing
34 911 central dispatch centers to be included in the consolidated 911
35 central dispatch center.

36 7. The question shall be submitted in substantially the following
37 form:

38 "Shall the existing 911 central dispatch centers be
39 consolidated into one 911 central dispatch center?"

40 ☐ YES ☐ NO

41 8. If the question of consolidation of the 911 central dispatch
42 centers receives a majority of the votes cast in each service area, the
43 county commissions having joint jurisdiction shall each enter an order
44 declaring the proposition passed.

45 9. Within thirty days after the 911 central dispatch center has
46 been declared consolidated, the respective county commissions having
47 jurisdiction shall jointly meet to appoint a new seven-person board
48 consisting of the agencies and professions listed in subsection 9 of
49 section 190.335, and shall ensure geographic representation by
50 appointing no more than four members from any one county having
51 jurisdiction within the consolidated area for the newly consolidated 911

52 central dispatch center.

53 10. Within thirty days after the appointment of the initial board
54 of directors of the newly consolidated 911 central dispatch center, the
55 board of directors shall meet at a time and place designated by the
56 county commissions. At the first meeting, the newly appointed board
57 of directors shall choose a name for the consolidated 911 central
58 dispatch center and shall notify the clerks of the county commission of
59 each county within which the newly consolidated 911 central dispatch
60 center's service area now subsumes.

61 11. Starting with the April election in the year after the
62 appointment of the initial board of directors, one member shall be
63 subject to running at large as chair for a four-year term. Four members
64 shall be selected by lot to run for two-year terms, and two members
65 shall be selected by lot to run for four-year terms. Thereafter, all terms
66 shall be four-year terms.

67 12. On the thirtieth day following the appointment of the initial
68 board of directors, the existing 911 central dispatch centers shall cease
69 to exist and the consolidated 911 central dispatch center shall assume
70 all of the powers and duties exercised by the 911 central dispatch
71 centers. All assets and obligations of the existing 911 central dispatch
72 centers shall become the assets and obligations of the newly
73 consolidated 911 central dispatch center.

74 13. In any county that has a single board established under
75 chapter 190 or under section 321.243, if a consolidation under this
76 section only affects existing 911 central dispatch centers located wholly
77 within said county, then the existing board shall vote as to whether the
78 existing board shall continue to exist. Upon a majority vote for
79 approval of the existing board continuing to exist, subsections 9 to 12
80 of this section shall not apply, and the existing board shall continue to
81 exist and have the powers set forth under the applicable section or
82 sections within chapter 190 or under section 321.243. Upon a majority
83 vote in disapproval of the existing board continuing to exist, all
84 applicable subsections of this section shall apply to the consolidation.
85 A tied vote shall be considered a disapproval of the existing board
86 continuing to exist.

190.475. The director of the department of revenue shall
2 maintain a centralized database, which shall be made available to the

3 **Missouri 911 service board established under section 650.325, specifying**
