EXPLANATION—Matter enclosed in bold-faced brackets [thus] in this bill is not enacted and is intended to be omitted in the law.

19 (1) Act with the same care, skill, prudence, and diligence under
20 the circumstances then prevailing that a prudent person acting in a
21 similar capacity and familiar with those matters would use in the
22 conduct of a similar enterprise with similar aims;

23 (2) Act with due regard for the management, reputation, and
24 stability of the issuer and the character of the particular investments
25 being considered;

26 (3) Make investments for the purpose of supporting, maintaining,
27 and beautifying any public or private cemetery or any particular part
28 thereof, which may be designated by the person, persons, or firm or
29 association making said gift or bequest, and of defraying reasonable
30 expenses of investing the assets;

31 (4) Give appropriate consideration to those facts and
32 circumstances that the investment fiduciary knows or should know are
33 relevant to the particular investment or investment course of action
34 involved, including the role the investment or investment course of
35 action plays in that portion of the investments for which the
36 investment fiduciary has responsibility. For purposes of this
37 subdivision, "appropriate consideration" shall include, but is not limited
38 to, a determination by the investment fiduciary that a particular
39 investment or investment course of action is reasonably designed to
40 further the purposes of supporting, maintaining, and beautifying any
41 public or private cemetery or any particular part thereof, which may
42 be designated by the person, persons, or firm or association making
43 said gift or bequest, while considering the risk of loss and the
44 opportunity for gain or other return associated with the investment or
45 investment course of action and considering the following factors as
46 they relate to the investment or investment course of action:

47 (a) The diversification of the investments;

48 (b) The liquidity and current return of the investments relative
49 to the anticipated cash flow requirements; and

50 (c) The projected return of the investments relative to the
51 funding objectives; and

52 (5) Give appropriate consideration to investments that would
53 enhance the general welfare of this state and its citizens if those
54 investments offer the safety and rate of return comparable to other
55 investments available to the investment fiduciary at the time the

56 investment decision is made.

57 3. As used in this section, "invest" or "investment" means
58 utilization of moneys in the expectation of future returns in the form
59 of income or capital gain.
