## AN ACT

To repeal sections 195.015 and 195.017, RSMo, and to enact in lieu thereof two new sections relating to schedules of controlled substances.

---

*Be it enacted by the General Assembly of the State of Missouri, as follows:*

Section A. Sections 195.015 and 195.017, RSMo, are repealed and two new  
2 sections enacted in lieu thereof, to be known as sections 195.015 and 195.017, to  
3 read as follows:

195.015. 1. The department of health and senior services shall administer  
2 this chapter and may add substances to the schedules after public notice and  
3 hearing. In making a determination regarding a substance, the department of  
4 health and senior services shall consider the following:

- 5 (1) The actual or relative potential for abuse;
- 6 (2) The scientific evidence of its pharmacological effect, if known;
- 7 (3) The state of current scientific knowledge regarding the substance;
- 8 (4) The history and current pattern of abuse;
- 9 (5) The scope, duration, and significance of abuse;
- 10 (6) The risk to the public health;
- 11 (7) The potential of the substance to produce psychic or physiological  
12 dependence liability; and
- 13 (8) Whether the substance is an immediate precursor of a substance  
14 already controlled under this chapter.

15 2. After considering the factors enumerated in subsection 1 of this section  
16 the department of health and senior services shall make findings with respect

**EXPLANATION—Matter enclosed in bold-faced brackets [thus] in this bill is not enacted and is intended to be omitted in the law.**

17 thereto and issue a rule controlling the substance if it finds the substance has a  
18 potential for abuse.

19           3. If the department of health and senior services designates a substance  
20 as an immediate precursor, substances which are precursors of the controlled  
21 precursor shall not be subject to control solely because they are precursors of the  
22 controlled precursor.

23           4. If any substance is designated, rescheduled, or deleted as a controlled  
24 substance under federal law and notice thereof is given to the department of  
25 health and senior services, the department of health and senior services shall  
26 similarly control the substance under this chapter [after the expiration of] **and**  
27 **shall submit emergency rules to the secretary of state under section**  
28 **536.025 within** thirty days [from] of publication in the federal register of a final  
29 order designating a substance as a controlled substance or rescheduling or  
30 deleting a substance, unless within that thirty-day period, the department of  
31 health and senior services objects to inclusion, rescheduling, or deletion. In that  
32 case, the department of health and senior services shall publish the reasons for  
33 objection and afford all interested parties an opportunity to be heard. At the  
34 conclusion of the hearing, the department of health and senior services shall  
35 publish its decision, which shall be final unless altered by statute. Upon  
36 publication of objection to inclusion, rescheduling or deletion under this chapter  
37 by the department of health and senior services, control under this chapter is  
38 stayed as to the substance in question until the department of health and senior  
39 services publishes its decision. **If the department promulgates emergency**  
40 **rules under this subsection, such rules may, notwithstanding the**  
41 **provisions of subsection 7 of section 536.025, remain in effect until the**  
42 **general assembly concludes its next regular session following the**  
43 **imposition of any such rules.**

44           5. The department of health and senior services shall exclude any  
45 nonnarcotic substance from a schedule if such substance may, under the federal  
46 Food, Drug, and Cosmetic Act and the law of this state, be lawfully sold over the  
47 counter without a prescription.

48           6. The department of health and senior services shall prepare a list of all  
49 drugs falling within the purview of controlled substances. Upon preparation, a  
50 copy of the list shall be filed in the office of the secretary of state.

195.017. 1. The department of health and senior services shall place a  
2 substance in Schedule I if it finds that the substance:

3 (1) Has high potential for abuse; and

4 (2) Has no accepted medical use in treatment in the United States or  
5 lacks accepted safety for use in treatment under medical supervision.
