And we pray that You will bless our work that it may go forth and accomplish what You have intended it to do. 354.603. 1. A health carrier shall maintain a network that is sufficient in number and types of providers to assure that all services to enrollees shall be accessible without unreasonable delay. In the case of emergency services, enrollees shall have access twenty-four hours per day, seven days per week. The health carrier's medical director shall be responsible for the sufficiency and supervision of the health carrier's network. Sufficiency shall be determined by the director in accordance with the requirements of this section and by reference to any reasonable criteria, including but not limited to provider-enrollee ratios by specialty, primary care provider-enrollee ratios, geographic accessibility, reasonable distance accessibility criteria for pharmacy and other services, waiting times for appointments with participating providers, hours of operation, and the volume of technological and specialty services available to serve the needs of enrollees requiring technologically advanced or specialty care.

(1) In any case where the health carrier has an insufficient number or type of participating providers to provide a covered benefit, the health carrier shall ensure that the enrollee obtains the covered benefit at no greater cost than if the benefit was obtained from a participating provider, or shall make other arrangements acceptable to the director.

(2) The health carrier shall establish and maintain adequate arrangements to ensure reasonable proximity of participating providers, including local pharmacists, to the business or personal residence of enrollees. In determining whether a health carrier has complied with this provision, the director shall give due consideration to the relative availability of health care providers in the service area under, especially rural areas, consideration.

(3) A health carrier shall monitor, on an ongoing basis, the ability, clinical capacity, and legal authority of its providers to furnish all contracted benefits to enrollees. The provisions of this subdivision shall not be construed to require any health care provider to submit copies of such health care provider's income tax returns to a health carrier. A health carrier may require a health care provider to obtain audited financial statements if such health care provider received ten percent or more of the total medical expenditures made by the health carrier.

(4) A health carrier shall make its entire network available to all enrollees unless a contract holder has agreed in writing to a different or reduced network.

2. A health carrier shall file with the director, in a manner and form defined by rule of the department of insurance, financial institutions and professional registration, an access plan meeting the requirements of sections 354.600 to 354.636 for each of the managed care plans that the health carrier offers in this state. The health carrier may request the director to deem sections of the access plan as proprietary or competitive information that shall not be made public. For the purposes of this section, information is proprietary or competitive if revealing the information will cause the health carrier's competitors to obtain valuable business information. The health carrier shall provide such plans, absent any information deemed by the director to be proprietary, to any interested party upon request. The health carrier shall prepare an access plan prior to offering a new managed care plan, and shall update an existing access plan whenever it makes any change as defined by the director to an existing managed care plan. The director shall approve or

disapprove the access plan, or any subsequent alterations to the access plan, within sixty days of filing. The access plan shall describe or contain at a minimum the following:

- (1) The health carrier's network;
- (2) The health carrier's procedures for making referrals within and outside its network;
- (3) The health carrier's process for monitoring and assuring on an ongoing basis the sufficiency of the network to meet the health care needs of enrollees of the managed care plan;
- (4) The health carrier's methods for assessing the health care needs of enrollees and their satisfaction with services;
- (5) The health carrier's method of informing enrollees of the plan's services and features, including but not limited to the plan's grievance procedures, its process for choosing and changing providers, and its procedures for providing and approving emergency and specialty care;
- (6) The health carrier's system for ensuring the coordination and continuity of care for enrollees referred to specialty physicians, for enrollees using ancillary services, including social services and other community resources, and for ensuring appropriate discharge planning;
- (7) The health carrier's process for enabling enrollees to change primary care professionals;
- (8) The health carrier's proposed plan for providing continuity of care in the event of contract termination between the health carrier and any of its participating providers, in the event of a reduction in service area or in the event of the health carrier's insolvency or other inability to continue operations. The description shall explain how enrollees shall be notified of the contract termination, reduction in service area or the health carrier's insolvency or other modification or cessation of operations, and transferred to other health care professionals in a timely manner; and
- (9) Any other information required by the director to determine compliance with the provisions of sections 354.600 to 354.636.

3. In reviewing an access plan filed pursuant to subsection 2 of this section, the director shall deem a managed care plan's network to be adequate if it meets one or more of the following criteria:

- (2) The managed care plan is being offered by a health carrier that has been accredited by the National Committee for Quality Assurance at a level of "accredited" or better, and such accreditation is in effect at the time the access plan is filed;
- (3) The managed care plan's network has been accredited by the Joint Commission on the Accreditation of Health Organizations for Network Adequacy, and such accreditation is in effect at the time the access plan is filed. **2. Health care professionals may send any claim for charges incurred for unanticipated out-of-network care to the patient’s health carrier within one hundred and eighty days of the delivery of the unanticipated out-of-network care on a U.S. Centers of Medicare and Medicaid Services Form 1500, or its successor form, or electronically using the 837 HIPAA format, or its successor.**

**(1) Within forty-five processing days, as defined in 376.383, of receiving the health care professional’s claim, the health carrier shall offer to pay the health care professional a reasonable reimbursement for unanticipated out-of-network care based on the health care professional’s services. If the health care professional participates in one or more of the carrier’s commercial networks, the offer of reimbursement for unanticipated out-of-network care shall be the amount from the network which has the highest reimbursement.**

**(2) If the health care professional declines the health carrier’s initial offer of reimbursement, the**

health carrier and health care professional shall have sixty days from the date of the initial offer of reimbursement to negotiate in good faith to attempt to determine the reimbursement for the unanticipated out-of-network care.

(4) To initiate arbitration proceedings, either the health carrier or health care professional must provide written notification to the director and the other party within 120 days of the end of the negotiation period, indicating their intent to arbitrate the matter and notifying the director of the billed amount and the date and amount of the final offer by each party. A claim for unanticipated out of network care may be resolved between the parties at any point prior to the commencement of the arbitration proceedings. Claims may be combined for purposes of arbitration, but only to the extent the claims represent similar circumstances and services provided by the same health care professional, and the parties attempted to resolve the dispute in accordance with subdivisions (2) through (4) of this subsection.

(5) No health care professional who sends a claim to a health carrier under subsection 2 of this section shall send a bill to the patient for any difference between the reimbursement rate as determined under this subsection and the health care professional's billed charge.

3. When unanticipated out-of-network care is provided, the health care professional who sends a claim to a health carrier under subsection 2 of this section may bill a patient for no more than the cost-sharing requirements described under this section.

(1) Cost-sharing requirements shall be based on the reimbursement amount as determined under subsection 2 of this section.

6. The arbitrator shall determine a dollar amount due under subsection 2 of this section between one hundred twenty percent of the Medicare allowed amount and the seventieth percentile of the usual and customary rate for the unanticipated out-of-network care, as determined by benchmarks from independent nonprofit organizations that are not affiliated with insurance carriers or provider organizations.

(4) The circumstances and complexity of the particular case, including the time and place the services were provided; and

Any rule or portion of a rule, as that term is defined in section 536.010 that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2018, shall be invalid and void.
