MISSOURI SENATE

Dear Friends and Neighbors:

There are many resources available to Missouri citizens through state and local agencies. However, in many cases, people often fail to take advantage of these services because they are unfamiliar with existing organizations and the programs they offer.

It is my pleasure to present to you the 2017 Community Services Directory for the 13th Senatorial District. I hope you will find it to be a quick and easy reference for locating city, county, state and federal telephone numbers and addresses for your convenience. This guide also includes other pertinent data you may find helpful.

If you do not find the information you need in this directory, or find your questions still unanswered, please do not hesitate to contact my office. My staff will be pleased to assist you.

As your state senator, it is a privilege to serve you, and I take great pride in representing you in the 13th District. I am always interested in discussing legislative issues or assisting you with any problems involving state government. Your concerns are important to me, and my door is always open to you.

Sincerely,

Gina Walsh

NOTICE REQUIRED ON UTILITY CUTOFFS

During the winter heating season, Missouri gas and electric utilities regulated by the Missouri Public Service Commission must give customers at least 10 days written notice before service may be disconnected and additional written or personal contact at least 96 hours prior to disconnection. Additionally, no disconnections may occur on any day in which the temperature is forecast to be below 30 degrees.

These rules, which are in effect between Nov. 1 and March 31, also require customers whose service is about to be cut off are told that they might qualify for financial aid to help pay their utility bills. Elderly or handicapped customers who register with utilities in advance are given even greater protection by the new rules.

Customers can get more information on these regulations by calling:
