32.070. 1. The director of the department of revenue shall enter into the streamlined sales and use tax agreement with one or more states to simplify and modernize sales and use tax administration in order to substantially reduce the burden of tax compliance for all sellers and for all types of commerce. In furtherance of the streamlined sales and use tax agreement, the director of the department of revenue may act jointly with other states that are members of the streamlined sales and use tax agreement to establish standards for certification of a certified service provider and certified automated system and establish performance standards for multistate sellers.

2. The director of the department of revenue may take other

action reasonably required to implement the provisions set forth in the streamlined sales and use tax agreement, including, but not limited to, the promulgation of rules and the joint procurement, with other member states, of goods and services in furtherance of the streamlined sales and use tax agreement.

3. For the purposes of representing the state as a member of the agreement and, if necessary, amending the agreement, the state shall be represented by four delegates, one of whom shall be appointed by the governor, one shall be a member of the general assembly appointed by the president pro tempore of the senate, one shall be a member of the general assembly appointed by the speaker of the house of representatives, with the director of the department of revenue or the director's designee as the fourth delegate. The delegates shall recommend to the committees responsible for reviewing tax issues in the senate and the house of representatives each year any amendment of state statutes required to be substantially in compliance with the agreement. Such delegates shall make a written report by the fifteenth day of January each year regarding the status of the agreement.

4. The department of revenue shall promulgate rules necessary to implement the provisions of the streamlined sales and use tax agreement. Any rule or portion of a rule, as that term is defined in section 536.010 that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, to review, to

delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2018, shall be invalid and void.

32.086. Notwithstanding any other provision of law, for all local sales and use taxes collected by the department and remitted to a political jurisdiction or taxing district, the department shall remit one percent of the amount collected to the general revenue fund to offset the cost of collection, unless a greater amount is specified in the local sales and use tax law. The department shall not commingle the remaining amounts collected with general revenues and shall remit the remaining amounts collected to the political jurisdiction or taxing district less any credits for erroneous payments, overpayments, and dishonored checks.

32.087. 1. Within ten days after the adoption of any ordinance or order in favor of adoption of any local sales tax authorized under the local sales tax law by the voters of a taxing entity, the governing body or official of such taxing entity shall forward to the director of revenue by United States registered mail or certified mail a certified copy of the ordinance or order. [The ordinance or order shall reflect the effective date thereof.]

2. Any local sales tax so adopted shall become effective [on the first day of the second calendar quarter after the director of revenue receives notice of adoption of the local sales tax, except] as provided in subsection [18] 19 of this section, and shall be imposed on all transactions on which the

Missouri state sales tax is imposed.

3. Every retailer within the jurisdiction of one or more taxing entities which has imposed one or more local sales taxes under the local sales tax law shall add all taxes so imposed along with the tax imposed by the sales tax law of the state of Missouri to the sale price and, when added, the combined tax shall constitute a part of the price, and shall be a debt of the purchaser to the retailer until paid, and shall be recoverable at law in the same manner as the purchase price. The combined rate of the state sales tax and all local sales taxes shall be the sum of the rates, multiplying the combined rate times the amount of the sale.

4. [The brackets required to be established by the director of revenue under the provisions of section 144.285 shall be based upon the sum of the combined rate of the state sales tax and all local sales taxes imposed under the provisions of the local sales tax law.

5.] (1) The ordinance or order imposing a local sales tax under the local sales tax law shall impose a tax upon all transactions upon which the Missouri state sales tax is imposed to the extent and in the manner provided in [sections 144.010 to 144.525] chapter 144, and the rules and regulations of the director of revenue issued pursuant thereto[; except that the rate of the tax shall be the sum of the combined rate of the state sales tax or state highway use tax and all local sales taxes imposed under the provisions of the local sales tax law].

(2) Notwithstanding any other provision of law to the contrary, local taxing jurisdictions, except those in which

voters have approved a local use tax under section 144.757, shall have placed on the ballot on or after the general election in November 2014, but no later than the general election in November 2018, whether to repeal application of the local sales tax to the titling of motor vehicles, trailers, boats, and outboard motors that are subject to state sales tax under section 144.020 and purchased from a source other than a licensed Missouri dealer. The ballot question presented to the local voters shall contain substantially the following language:

Shall the \_\_\_\_\_ (local jurisdiction's name) discontinue applying and collecting the local sales tax on the titling of motor vehicles, trailers, boats, and outboard motors that were purchased from a source other than a licensed Missouri dealer?

Approval of this measure will result in a reduction of local revenue to provide for vital services for \_\_\_\_\_ (local jurisdiction's name) and it will place Missouri dealers of motor vehicles, outboard motors, boats, and trailers at a competitive disadvantage to non-Missouri dealers of motor vehicles, outboard motors, boats, and trailers.

☐ YES

☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

(3) If the ballot question set forth in subdivision (2) of this subsection receives a majority of the votes cast in favor of the proposal, or if the local taxing jurisdiction fails to place the ballot question before the voters on or before the general

election in November 2018, the local taxing jurisdiction shall cease applying the local sales tax to the titling of motor vehicles, trailers, boats, and outboard motors that were purchased from a source other than a licensed Missouri dealer.

(4) In addition to the requirement that the ballot question set forth in subdivision (2) of this subsection be placed before the voters, the governing body of any local taxing jurisdiction that had previously imposed a local use tax on the use of motor vehicles, trailers, boats, and outboard motors may, at any time, place a proposal on the ballot at any election to repeal application of the local sales tax to the titling of motor vehicles, trailers, boats, and outboard motors purchased from a source other than a licensed Missouri dealer. If a majority of the votes cast by the registered voters voting thereon are in favor of the proposal to repeal application of the local sales tax to such titling, then the local sales tax shall no longer be applied to the titling of motor vehicles, trailers, boats, and outboard motors purchased from a source other than a licensed Missouri dealer. If a majority of the votes cast by the registered voters voting thereon are opposed to the proposal to repeal application of the local sales tax to such titling, such application shall remain in effect.

(5) In addition to the requirement that the ballot question set forth in subdivision (2) of this subsection be placed before the voters on or after the general election in November 2014, and on or before the general election in November 2018, whenever the governing body of any local taxing jurisdiction imposing a local sales tax on the sale of motor vehicles, trailers, boats, and

outboard motors receives a petition, signed by fifteen percent of the registered voters of such jurisdiction voting in the last gubernatorial election, and calling for a proposal to be placed on the ballot at any election to repeal application of the local sales tax to the titling of motor vehicles, trailers, boats, and outboard motors purchased from a source other than a licensed Missouri dealer, the governing body shall submit to the voters of such jurisdiction a proposal to repeal application of the local sales tax to such titling. If a majority of the votes cast by the registered voters voting thereon are in favor of the proposal to repeal application of the local sales tax to such titling, then the local sales tax shall no longer be applied to the titling of motor vehicles, trailers, boats, and outboard motors purchased from a source other than a licensed Missouri dealer. If a majority of the votes cast by the registered voters voting thereon are opposed to the proposal to repeal application of the local sales tax to such titling, such application shall remain in effect.

(6) Nothing in this subsection shall be construed to authorize the voters of any jurisdiction to repeal application of any state sales or use tax.

(7) If any local sales tax on the titling of motor vehicles, trailers, boats, and outboard motors purchased from a source other than a licensed Missouri dealer is repealed, such repeal shall take effect [on the first day of the second calendar quarter after the election] as provided in subsection 19 of this section. If any local sales tax on the titling of motor vehicles, trailers, boats, and outboard motors purchased from a

source other than a licensed Missouri dealer is required to cease to be applied or collected due to failure of a local taxing jurisdiction to hold an election pursuant to subdivision (2) of this subsection, such cessation shall take effect on March 1, 2019.

(8) Notwithstanding any provision of law to the contrary, if any local sales tax on the titling of motor vehicles, trailers, boats, and outboard motors purchased from a source other than a licensed Missouri dealer is repealed after the general election in November 2014, or if the taxing jurisdiction failed to present the ballot to the voters at a general election on or before November 2018, then the governing body of such taxing jurisdiction may, at any election subsequent to the repeal or after the general election in November 2018, if the jurisdiction failed to present the ballot to the voters, place before the voters the issue of imposing a sales tax on the titling of motor vehicles, trailers, boats, and outboard motors that are subject to state sales tax under section 144.020 that were purchased from a source other than a licensed Missouri dealer. The ballot question presented to the local voters shall contain substantially the following language:

Shall the \_\_\_\_\_ (local jurisdiction's name) apply and collect the local sales tax on the titling of motor vehicles, trailers, boats, and outboard motors that are subject to state sales tax under section 144.020 and purchased from a source other than a licensed Missouri dealer?

Approval of this measure will result in an increase of local

revenue to provide for vital services for \_\_\_\_\_ (local jurisdiction's name), and it will remove a competitive advantage that non-Missouri dealers of motor vehicles, outboard motors, boats, and trailers have over Missouri dealers of motor vehicles, outboard motors, boats, and trailers.

☐ YES

☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

(9) If any local sales tax on the titling of motor vehicles, trailers, boats, and outboard motors purchased from a source other than a licensed Missouri dealer is adopted, such tax shall take effect and be imposed [on the first day of the second calendar quarter after the election] as provided in subsection 19 of this section.

[6.] 5. On and after the effective date of any local sales tax imposed under the provisions of the local sales tax law, the director of revenue shall perform all functions incident to the administration, collection, enforcement, and operation of the tax, and the director of revenue shall collect in addition to the sales tax for the state of Missouri all additional local sales taxes authorized under the authority of the local sales tax law. All local sales taxes imposed under the local sales tax law together with all taxes imposed under the sales tax law of the state of Missouri shall be collected together and reported upon such forms and under such administrative rules and regulations as may be prescribed by the director of revenue.

[7.] 6. All applicable provisions contained in sections

144.010 to 144.525 governing the state sales tax and section 32.057, the uniform confidentiality provision, shall apply to the collection of any local sales tax imposed under the local sales tax law except as modified by the local sales tax law.

[8.] 7. All exemptions granted to agencies of government, organizations, persons and to the sale of certain articles and items of tangible personal property and taxable services under the provisions of sections 144.010 to 144.525, as these sections now read and as they may hereafter be amended, it being the intent of this general assembly to ensure that the same sales tax exemptions granted from the state sales tax law also be granted under the local sales tax law, are hereby made applicable to the imposition and collection of all local sales taxes imposed under the local sales tax law.

[9.] 8. The same sales tax permit, exemption certificate and retail certificate required by sections 144.010 to 144.525 for the administration and collection of the state sales tax shall satisfy the requirements of the local sales tax law, and no additional permit or exemption certificate or retail certificate shall be required; except that the director of revenue may prescribe a form of exemption certificate for an exemption from any local sales tax imposed by the local sales tax law.

[10.] 9. All discounts allowed the retailer under the provisions of the state sales tax law for the collection of and for payment of taxes under the provisions of the state sales tax law are hereby allowed and made applicable to any local sales tax collected under the provisions of the local sales tax law.

[11.] 10. The penalties provided in section 32.057 and

sections 144.010 to 144.525 for a violation of the provisions of those sections are hereby made applicable to violations of the provisions of the local sales tax law.

[12. (1)] 11. For the purposes of any local sales tax imposed by an ordinance or order under the local sales tax law, all sales[, except the sale of motor vehicles, trailers, boats, and outboard motors required to be titled under the laws of the state of Missouri, shall be deemed to be consummated at the place of business of the retailer unless the tangible personal property sold is delivered by the retailer or his agent to an out-of-state destination. In the event a retailer has more than one place of business in this state which participates in the sale, the sale shall be deemed to be consummated at the place of business of the retailer where the initial order for the tangible personal property is taken, even though the order must be forwarded elsewhere for acceptance, approval of credit, shipment or billing. A sale by a retailer's agent or employee shall be deemed to be consummated at the place of business from which he works.

(2) For the purposes of any local sales tax imposed by an ordinance or order under the local sales tax law, the sales tax upon the titling of all motor vehicles, trailers, boats, and outboard motors shall be imposed at the rate in effect at the location of the residence of the purchaser, and remitted to that local taxing entity, and not at the place of business of the retailer, or the place of business from which the retailer's agent or employee works.

(3) For the purposes of any local tax imposed by an

ordinance or under the local sales tax law on charges for mobile telecommunications services, all taxes of mobile telecommunications service shall be imposed as provided in the Mobile Telecommunications Sourcing Act, 4 U.S.C. Sections 116 through 124, as amended] shall be sourced as provided by sections 144.111 to 144.114.

[13.] 12. Local sales taxes shall not be imposed on the seller of motor vehicles, trailers, boats, and outboard motors required to be titled under the laws of the state of Missouri, but shall be collected from the purchaser by the director of revenue at the time application is made for a certificate of title, if the address of the applicant is within a taxing entity imposing a local sales tax under the local sales tax law.

[14.] 13. The director of revenue and any of his deputies, assistants and employees who have any duties or responsibilities in connection with the collection, deposit, transfer, transmittal, disbursement, safekeeping, accounting, or recording of funds which come into the hands of the director of revenue under the provisions of the local sales tax law shall enter a surety bond or bonds payable to any and all taxing entities in whose behalf such funds have been collected under the local sales tax law in the amount of one hundred thousand dollars for each such tax; but the director of revenue may enter into a blanket bond covering himself and all such deputies, assistants and employees. The cost of any premium for such bonds shall be paid by the director of revenue from the share of the collections under the sales tax law retained by the director of revenue for the benefit of the state.

[15.] 14. The director of revenue shall annually report on his management of each trust fund which is created under the local sales tax law and administration of each local sales tax imposed under the local sales tax law. He shall provide each taxing entity imposing one or more local sales taxes authorized by the local sales tax law with a detailed accounting of the source of all funds received by him for the taxing entity. Notwithstanding any other provisions of law, the state auditor shall annually audit each trust fund. A copy of the director's report and annual audit shall be forwarded to each taxing entity imposing one or more local sales taxes.

[16.] 15. Within the boundaries of any taxing entity where one or more local sales taxes have been imposed, if any person is delinquent in the payment of the amount required to be paid by him under the local sales tax law or in the event a determination has been made against him for taxes and penalty under the local sales tax law, the limitation for bringing suit for the collection of the delinquent tax and penalty shall be the same as that provided in sections 144.010 to 144.525. Where the director of revenue has determined that suit must be filed against any person for the collection of delinquent taxes due the state under the state sales tax law, and where such person is also delinquent in payment of taxes under the local sales tax law, the director of revenue shall notify the taxing entity in the event any person fails or refuses to pay the amount of any local sales tax due so that appropriate action may be taken by the taxing entity.

[17.] 16. Where property is seized by the director of revenue under the provisions of any law authorizing seizure of

the property of a taxpayer who is delinquent in payment of the tax imposed by the state sales tax law, and where such taxpayer is also delinquent in payment of any tax imposed by the local sales tax law, the director of revenue shall permit the taxing entity to join in any sale of property to pay the delinquent taxes and penalties due the state and to the taxing entity under the local sales tax law. The proceeds from such sale shall first be applied to all sums due the state, and the remainder, if any, shall be applied to all sums due such taxing entity.

[18.] 17. If a local sales tax has been in effect for at least one year under the provisions of the local sales tax law and voters approve reimposition of the same local sales tax at the same rate at an election as provided for in the local sales tax law prior to the date such tax is due to expire, the tax [so] reimposed shall become effective [the first day of the first calendar quarter after the director receives a certified copy of the ordinance, order or resolution accompanied by a map clearly showing the boundaries thereof and the results of such election, provided that such ordinance, order or resolution and all necessary accompanying materials are received by the director at least thirty days prior to the expiration of such tax. Any administrative cost or expense incurred by the state as a result of the provisions of this subsection shall be paid by the city or county reimposing such tax] as provided by subsection 19 of this section.

18. If the boundaries of a city in which a sales tax has been imposed shall thereafter be changed or altered, the city clerk shall forward to the director of revenue by United States

registered mail or certified mail a certified copy of the ordinance adding or detaching territory from the city within ten days of adoption of the ordinance. The ordinance shall reflect the effective date of the ordinance and shall be accompanied by a map of the city clearly showing the territory added or detached from the city boundaries. Upon receipt of the ordinance and map, the tax imposed under the local sales tax law shall be effective in the added territory or abolished in the detached territory on the first day of a calendar quarter after one hundred twenty days' notice to sellers.

19. (1) The effective date for the imposition, repeal, or rate change of each local sales and use tax is the first day of the calendar quarter after a minimum of one hundred twenty days' notice to sellers. In all cases where notice is required to be made to the director of revenue by a local taxing jurisdiction, such notice shall be made at least one hundred twenty days prior to the effective date for the imposition, repeal, or rate change of a local sales and use tax.

(2) The effective date for any local jurisdiction boundary change for sales and use tax purposes is the first day of the calendar quarter after a minimum of one hundred twenty days' notice to sellers.

### Article III

1. Any taxpayer subject to an income tax whose income is subject to apportionment and allocation for tax purposes pursuant to the laws of a party state or pursuant to the laws of subdivisions in two or more party states may elect to apportion and allocate his income in the manner provided by the laws of such state or by the laws of such states and subdivisions without reference to this compact, or may elect to apportion and allocate in accordance with article IV; except that for tax years beginning on or after January 1, 2019, any taxpayer subject to the tax imposed by section 143.071 shall apportion and allocate in accordance with the provisions of Chapter 143 and shall not apportion or allocate in accordance with article IV. This election for any tax year may be made in all party states or subdivisions thereof or in any one or more of the party states or subdivisions thereof without reference to the election made in the others. For the purposes of this paragraph, taxes imposed by subdivisions shall be considered separately from state taxes and the apportionment and allocation also may be applied to the entire tax base. In no instance wherein article IV is employed for all subdivisions of a state may the sum of all apportionments and allocations to subdivisions within a state be greater than the apportionment and allocation that would be assignable to that state if the apportionment or allocation were being made with respect to a state income tax.

2. Each party state or any subdivision thereof which imposes an income tax shall provide by law that any taxpayer

required to file a return, whose only activities within the taxing jurisdiction consist of sales and do not include owning or renting real estate or tangible personal property, and whose dollar volume of gross sales made during the tax year within the state or subdivision, as the case may be, is not in excess of \$100,000 may elect to report and pay any tax due on the basis of a percentage of such volume, and shall adopt rates which shall produce a tax which reasonably approximates the tax otherwise due. The multistate tax commission, not more than once in five years, may adjust the \$100,000 figure in order to reflect such changes as may occur in the real value of the dollar, and such adjusted figure, upon adoption by the commission, shall replace the \$100,000 figure specifically provided herein. Each party state and subdivision thereof may make the same election available to taxpayers additional to those specified in this paragraph.

3. Nothing in this article relates to the reporting or payment of any tax other than an income tax.

#### Article IV

1. As used in this article, unless the context otherwise requires:

(1) "Business income" means income arising from transactions and activity in the regular course of the taxpayer's trade or business and includes income from tangible and intangible property if the acquisition, management, and disposition of the property constitute integral parts of the taxpayer's regular trade or business operations.

(2) "Commercial domicile" means the principal place from

which the trade or business of the taxpayer is directed or managed.

(3) "Compensation" means wages, salaries, commissions and any other form of remuneration paid to employees for personal services.

(4) "Financial organization" means any bank, trust company, savings bank, industrial bank, land bank, safe deposit company, private banker, savings and loan association, credit union, cooperative bank, small loan company, sales finance company, investment company, or any type of insurance company.

(5) "Nonbusiness income" means all income other than business income.

(6) "Public utility" means any business entity

(a) which owns or operates any plant, equipment, property, franchise, or license for the transmission of communications, transportation of goods or persons, except by pipeline, or the production, transmission, sale, delivery, or furnishing of electricity, water or steam; and

(b) whose rates of charges for goods or services have been established or approved by a federal, state or local government or governmental agency.

(7) "Sales" means all gross receipts of the taxpayer not allocated under paragraphs of this article.

(8) "State" means any state of the United States, the District of Columbia, the Commonwealth of Puerto Rico, any territory or possession of the United States, and any foreign country or political subdivision thereof.

(9) "This state" means the state in which the relevant tax

return is filed or, in the case of application of this article, to the apportionment and allocation of income for local tax purposes, the subdivision or local taxing district in which the relevant tax return is filed.

2. Any taxpayer having income from business activity which is taxable both within and without this state, other than activity as a financial organization or public utility or the rendering of purely personal services by an individual, shall allocate and apportion his net income as provided in this article. If a taxpayer has income from business activity as a public utility but derives the greater percentage of his income from activities subject to this article, the taxpayer may elect to allocate and apportion his entire net income as provided in this article.

3. For purposes of allocation and apportionment of income under this article, a taxpayer is taxable in another state if

(1) in that state he is subject to a net income tax, a franchise tax measured by net income, a franchise tax for the privilege of doing business, or a corporate stock tax; or

(2) that state has jurisdiction to subject the taxpayer to a net income tax regardless of whether, in fact, the state does or does not.

4. Rents and royalties from real or tangible personal property, capital gains, interest, dividends or patent or copyright royalties, to the extent that they constitute nonbusiness income, shall be allocated as provided in paragraphs 5 through 8 of this article.

5. (1) Net rents and royalties from real property located

in this state are allocable to this state.

(2) Net rents and royalties from tangible personal property are allocable to this state:

(a) if and to the extent that the property is utilized in this state; or

(b) in their entirety if the taxpayer's commercial domicile is in this state and the taxpayer is not organized under the laws of or taxable in the state in which the property is utilized.

(3) The extent of utilization of tangible personal property in a state is determined by multiplying the rents and royalties by a fraction, the numerator of which is the number of days of physical location of the property in the state during the rental or royalty period in the taxable year and the denominator of which is the number of days of physical location of the property everywhere during all rental or royalty periods in the taxable year. If the physical location of the property during the rental or royalty period is unknown or unascertainable by the taxpayer, tangible personal property is utilized in the state in which the property was located at the time the rental or royalty payer obtained possession.

6. (1) Capital gains and losses from sales of real property located in this state are allocable to this state.

(2) Capital gains and losses from sales of tangible personal property are allocable to this state if

(a) the property had a situs in this state at the time of the sale; or

(b) the taxpayer's commercial domicile is in this state and the taxpayer is not taxable in the state in which the property

had a situs.

(3) Capital gains and losses from sales of intangible personal property are allocable to this state if the taxpayer's commercial domicile is in this state.

7. Interest and dividends are allocable to this state if the taxpayer's commercial domicile is in this state.

8. (1) Patent and copyright royalties are allocable to this state:

(a) if and to the extent that the patent or copyright is utilized by the payer in this state; or

(b) if and to the extent that the patent copyright is utilized by the payer in a state in which the taxpayer is not taxable and the taxpayer's commercial domicile is in this state.

(2) A patent is utilized in a state to the extent that it is employed in production, fabrication, manufacturing, or other processing in the state or to the extent that a patented product is produced in the state. If the basis of receipts from patent royalties does not permit allocation to states or if the accounting procedures do not reflect states of utilization, the patent is utilized in the state in which the taxpayer's commercial domicile is located.

(3) A copyright is utilized in a state to the extent that printing or other publication originates in the state. If the basis of receipts from copyright royalties does not permit allocation to states or if the accounting procedures do not reflect states of utilization, the copyright is utilized in the state in which the taxpayer's commercial domicile is located.

9. All business income shall be apportioned to this state

by multiplying the income by a fraction, the numerator of which is the property factor plus the payroll factor plus the sales factor, and the denominator of which is three.

10. The property factor is a fraction, the numerator of which is the average value of the taxpayer's real and tangible personal property owned or rented and used in this state during the tax period and the denominator of which is the average value of all the taxpayer's real and tangible personal property owned or rented and used during the tax period.

11. Property owned by the taxpayer is valued at its original cost. Property rented by the taxpayer is valued at eight times the net annual rental rate. Net annual rental rate is the annual rental rate paid by the taxpayer less any annual rental rate received by the taxpayer from subrentals.

12. The average value of property shall be determined by averaging the values at the beginning and ending of the tax period but the tax administrator may require the averaging of monthly values during the tax period if reasonably required to reflect properly the average value of the taxpayer's property.

13. The payroll factor is a fraction, the numerator of which is the total amount paid in this state during the tax period by the taxpayer for compensation and the denominator of which is the total compensation paid everywhere during the tax period.

14. Compensation is paid in this state if:

(1) the individual's service is performed entirely within the state;

(2) the individual's service is performed both within and

without the state, but the service performed without the state is incidental to the individual's service within the state; or

(3) some of the service is performed in the state; and

(a) the base of operations or, if there is no base of operations, the place from which the service is directed or controlled is in the state; or

(b) the base of operations or the place from which the service is directed or controlled is not in any state in which some part of the service is performed, but the individual's residence is in this state.

15. The sales factor is a fraction, the numerator of which is the total sales of the taxpayer in this state during the tax period, and the denominator of which is the total sales of the taxpayer everywhere during the tax period.

16. Sales of tangible personal property are in this state if:

(1) the property is delivered or shipped to a purchaser, other than the United States government, within this state regardless of the f.o.b. point or other conditions of the sale; or

(2) the property is shipped from an office, store, warehouse, factory, or other place of storage in this state; and

(a) the purchaser is the United States government; or

(b) the taxpayer is not taxable in the state of the purchaser.

17. Sales, other than sales of tangible personal property, are in this state if:

(1) the income-producing activity is performed in this

state; or

(2) the income-producing activity is performed both in and outside this state and a greater proportion of the income-producing activity is performed in this state than in any other state, based on costs of performance.

18. If the allocation and apportionment provisions of this article do not fairly represent the extent of the taxpayer's business activity in this state, the taxpayer may petition for or the tax administrator may require, in respect to all or any part of the taxpayer's business activity, if reasonable:

(1) separate accounting;

(2) the exclusion of any one or more of the factors;

(3) the inclusion of one or more additional factors which will fairly represent the taxpayer's business activity in this state; or

(4) the employment of any other method to effectuate an equitable allocation and apportionment of the taxpayer's income.

#### Article V

1. Each purchaser liable for a use tax on tangible personal property shall be entitled to full credit for the combined amount or amounts of legally imposed sales or use taxes paid by him with respect to the same property to another state and any subdivision thereof. The credit shall be applied first against the amount of any use tax due the state, and any unused portion of the credit shall then be applied against the amount of any use tax due a subdivision.

2. Whenever a vendor receives and accepts in good faith from a purchaser a resale or other exemption certificate or other

written evidence of exemption authorized by the appropriate state or subdivision taxing authority, the vendor shall be relieved of liability for a sales or use tax with respect to the transaction.

#### Article VI

1. (a) The multistate tax commission is hereby established. It shall be composed of one "member" from each party state who shall be the head of the state agency charged with the administration of the types of taxes to which this compact applies. If there is more than one such agency the state shall provide by law for the selection of the commission member from the heads of the relevant agencies. State law may provide that a member of the commission be represented by an alternate but only if there is on file with the commission written notification of the designation and identity of the alternate. The attorney general of each party state or his designee, or other counsel if the laws of the party state specifically provide, shall be entitled to attend the meetings of the commission, but shall not vote. Such attorneys general, designees, or other counsel shall receive all notices of meetings required under paragraph 1 (e) of this article.

(b) Each party state shall provide by law for the selection of representatives from its subdivisions affected by this compact to consult with the commission member from that state.

(c) Each member shall be entitled to one vote. The commission shall not act unless a majority of the members are present, and no action shall be binding unless approved by a majority of the total number of members.

(d) The commission shall adopt an official seal to be used

as it may provide.

(e) The commission shall hold an annual meeting and such other regular meetings as its bylaws may provide and such special meetings as its executive committee may determine. The commission bylaws shall specify the dates of the annual and any other regular meetings, and shall provide for the giving of notice of annual, regular and special meetings. Notices of special meetings shall include the reasons therefor and an agenda of the items to be considered.

(f) The commission shall elect annually, from among its members, a chairman, a vice chairman and a treasurer. The commission shall appoint an executive director who shall serve at its pleasure, and it shall fix his duties and compensation. The executive director shall be secretary of the commission. The commission shall make provision for the bonding of such of its officers and employees as it may deem appropriate.

(g) Irrespective of the civil service, personnel or other merit system laws of any party state, the executive director shall appoint or discharge such personnel as may be necessary for the performance of the functions of the commission and shall fix their duties and compensation. The commission bylaws shall provide for personnel policies and programs.

(h) The commission may borrow, accept or contract for the services of personnel from any state, the United States, or any other governmental entity.

(i) The commission may accept for any of its purposes and functions any and all donations and grants of money, equipment, supplies, materials and services, conditional or otherwise, from

any governmental entity, and may utilize and dispose of the same.

(j) The commission may establish one or more offices for the transacting of its business.

(k) The commission shall adopt bylaws for the conduct of its business. The commission shall publish its bylaws in convenient form, and shall file a copy of the bylaws and any amendments thereto with the appropriate agency or officer in each of the party states.

(l) The commission annually shall make to the governor and legislature of each party state a report covering its activities for the preceding year. Any donation or grant accepted by the commission or services borrowed shall be reported in the annual report of the commission, and shall include the nature, amount and conditions, if any, of the donation, gift, grant or services borrowed and the identity of the donor or lender. The commission may make additional reports as it may deem desirable.

2. (a) To assist in the conduct of its business when the full commission is not meeting, the commission shall have an executive committee of seven members, including the chairman, vice chairman, treasurer and four other members elected annually by the commission. The executive committee, subject to the provisions of this compact and consistent with the policies of the commission, shall function as provided in the bylaws of the commission.

(b) The commission may establish advisory and technical committees, membership on which may include private persons and public officials, in furthering any of its activities. Such committees may consider any matter of concern to the commission,

including problems of special interest to any party state and problems dealing with particular types of taxes.

(c) The commission may establish such additional committees as its bylaws may provide.

3. In addition to powers conferred elsewhere in this compact, the commission shall have power to:

(a) Study state and local tax systems and particular types of state and local taxes.

(b) Develop and recommend proposals for an increase in uniformity or compatibility of state and local tax laws with a view toward encouraging the simplification and improvement of state and local tax law and administration.

(c) Compile and publish information as in its judgment would assist the party states in implementation of the compact and taxpayers in complying with state and local tax laws.

(d) Do all things necessary and incidental to the administration of its functions pursuant to this compact.

4. (a) The commission shall submit to the governor or designated officer or officers of each party state a budget of its estimated expenditures for such period as may be required by the laws of that state for presentation to the legislature thereof.

(b) Each of the commission's budgets of estimated expenditures shall contain specific recommendations of the amounts to be appropriated by each of the party states. The total amount of appropriations requested under any such budget shall be apportioned among the party states as follows: one-tenth in equal shares; and the remainder in proportion to the amount of

revenue collected by each party state and its subdivisions from income taxes, capital stock taxes, gross receipts taxes, sales and use taxes. In determining such amounts, the commission shall employ such available public sources of information as, in its judgment, present the most equitable and accurate comparisons among the party states. Each of the commission's budgets of estimated expenditures and requests for appropriations shall indicate the sources used in obtaining information employed in applying the formula contained in this paragraph.

(c) The commission shall not pledge the credit of any party state. The commission may meet any of its obligations in whole or in part with funds available to it under paragraph 1 (i) of this article; provided that the commission takes specific action setting aside such funds prior to incurring any obligation to be met in whole or in part in such manner. Except where the commission makes use of funds available to it under paragraph 1 (i), the commission shall not incur any obligation prior to the allotment of funds by the party states adequate to meet the same.

(d) The commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission shall be subject to the audit and accounting procedures established under its bylaws. All receipts and disbursements of funds handled by the commission shall be audited yearly by a certified or licensed public accountant and the report of the audit shall be included in and become part of the annual report of the commission.

(e) The accounts of the commission shall be open at any reasonable time for inspection by duly constituted officers of

the party states and by any persons authorized by the commission.

(f) Nothing contained in this article shall be construed to prevent commission compliance with laws relating to audit or inspection of accounts by or on behalf of any government contributing to the support of the commission.

#### Article VII

1. Whenever any two or more party states, or subdivisions of party states, have uniform or similar provisions of law relating to an income tax, capital stock tax, gross receipts tax, sales or use tax, the commission may adopt uniform regulations for any phase of the administration of such law, including assertion of jurisdiction to tax, or prescribing uniform tax forms. The commission may also act with respect to the provisions of article IV of this compact.

2. Prior to the adoption of any regulation, the commission shall:

(a) As provided in its bylaws, hold at least one public hearing on due notice to all affected party states and subdivisions thereof and to all taxpayers and other persons who have made timely request of the commission for advance notice of its regulation-making proceedings.

(b) Afford all affected party states and subdivisions and interested persons an opportunity to submit relevant written data and views, which shall be considered fully by the commission.

3. The commission shall submit any regulations adopted by it to the appropriate officials of all party states and subdivisions to which they might apply. Each such state and subdivision shall consider any such regulation for adoption in

accordance with its own laws and procedures.

#### Article VIII

1. This article shall be in force only in those party states that specifically provide therefor by statute.

2. Any party state or subdivision thereof desiring to make or participate in an audit of any accounts, books, papers, records or other documents may request the commission to perform the audit on its behalf. In responding to the request, the commission shall have access to and may examine, at any reasonable time, such accounts, books, papers, records, and other documents and any relevant property or stock of merchandise. The commission may enter into agreements with party states or their subdivisions for assistance in performance of the audit. The commission shall make charges, to be paid by the state or local government or governments for which it performs the service, for any audits performed by it in order to reimburse itself for the actual costs incurred in making the audit.

3. The commission may require the attendance of any person within the state where it is conducting an audit or part thereof at a time and place fixed by it within such state for the purpose of giving testimony with respect to any account, book, paper, document, other record, property or stock of merchandise being examined in connection with the audit. If the person is not within the jurisdiction, he may be required to attend for such purpose at any time and place fixed by the commission within the state of which he is a resident; provided that such state has adopted this article.

4. The commission may apply to any court having power to

issue compulsory process for orders in aid of its powers and responsibilities pursuant to this article and any and all such courts shall have jurisdiction to issue such orders. Failure of any person to obey any such order shall be punishable as contempt of the issuing court. If the party or subject matter on account of which the commission seeks an order is within the jurisdiction of the court to which application is made, such application may be to a court in the state or subdivision on behalf of which the audit is being made or a court in the state in which the object of the order being sought is situated. The provisions of this paragraph apply only to courts in a state that has adopted this article.

5. The commission may decline to perform any audit requested if it finds that its available personnel or other resources are insufficient for the purpose or that, in the terms requested, the audit is impracticable of satisfactory performance. If the commission, on the basis of its experience, has reason to believe that an audit of a particular taxpayer, either at a particular time or on a particular schedule, would be of interest to a number of party states or their subdivisions, it may offer to make the audit or audits, the offer to be contingent on sufficient participation therein as determined by the commission.

6. Information obtained by any audit pursuant to this article shall be confidential and available only for tax purposes to party states, their subdivisions or the United States. Availability of information shall be in accordance with the laws of the states or subdivisions on whose account the commission

performs the audit, and only through the appropriate agencies or officers of such states or subdivisions. Nothing in this article shall be construed to require any taxpayer to keep records for any period not otherwise required by law.

7. Other arrangements made or authorized pursuant to law for cooperative audit by or on behalf of the party states or any of their subdivisions are not superseded or invalidated by this article.

8. In no event shall the commission make any charge against a taxpayer for an audit.

9. As used in this article, "tax" in addition to the meaning ascribed to it in article II, means any tax or license fee imposed in whole or in part for revenue purposes.

#### Article IX

1. Whenever the commission finds a need for settling disputes concerning apportionments and allocations by arbitration, it may adopt a regulation placing this article in effect, notwithstanding the provisions of article VII.

2. The commission shall select and maintain an arbitration panel composed of officers and employees of state and local governments and private persons who shall be knowledgeable and experienced in matters of tax law and administration.

3. Whenever a taxpayer who has elected to employ article IV, or whenever the laws of the party state or subdivision thereof are substantially identical with the relevant provisions of article IV, the taxpayer, by written notice to the commission and to each party state or subdivision thereof that would be affected, may secure arbitration of an apportionment or

allocation, if he is dissatisfied with the final administrative determination of the tax agency of the state or subdivision with respect thereto on the ground that it would subject him to double or multiple taxation by two or more party states or subdivisions thereof. Each party state and subdivision thereof hereby consents to the arbitration as provided herein, and agrees to be bound thereby.

4. The arbitration board shall be composed of one person selected by the taxpayer, one by the agency or agencies involved, and one member of the commission's arbitration panel. If the agencies involved are unable to agree on the person to be selected by them, such person shall be selected by lot from the total membership of the arbitration panel. The two persons selected for the board in the manner provided by the foregoing provisions of this paragraph shall jointly select the third member of the board. If they are unable to agree on the selection, the third member shall be selected by lot from among the total membership of the arbitration panel. No member of a board selected by lot shall be qualified to serve if he is an officer or employee or is otherwise affiliated with any party to the arbitration proceeding. Residence within the jurisdiction of a party to the arbitration proceeding shall not constitute affiliation within the meaning of this paragraph.

5. The board may sit in any state or subdivision party to the proceeding, in the state of the taxpayer's incorporation, residence or domicile, in any state where the taxpayer does business, or in any place that it finds most appropriate for gaining access to evidence relevant to the matter before it.

6. The board shall give due notice of the times and places of its hearings. The parties shall be entitled to be heard, to present evidence, and to examine and cross-examine witnesses. The board shall act by majority vote.

7. The board shall have power to administer oaths, take testimony, subpoena and require the attendance of witnesses and the production of accounts, books, papers, records, and other documents, and issue commissions to take testimony. Subpoenas may be signed by any member of the board. In case of failure to obey a subpoena, and upon application by the board, any judge of a court of competent jurisdiction of the state in which the board is sitting or in which the person to whom the subpoena is directed may be found may make an order requiring compliance with the subpoena, and the court may punish failure to obey the order as a contempt. The provisions of this paragraph apply only in states that have adopted this article.

8. Unless the parties otherwise agree the expenses and other costs of the arbitration shall be assessed and allocated among the parties by the board in such manner as it may determine. The commission shall fix a schedule of compensation for members of arbitration boards and of other allowable expenses and costs. No officer or employee of a state or local government who serves as a member of a board shall be entitled to compensation therefor unless he is required on account of his service to forego the regular compensation attaching to his public employment, but any such board member shall be entitled to expenses.

9. The board shall determine the disputed apportionment or

allocation and any matters necessary thereto. The determinations of the board shall be final for purposes of making the apportionment or allocation, but for no other purpose.

10. The board shall file with the commission and with each tax agency represented in the proceeding: the determination of the board; the board's written statement of its reasons therefor; the record of the board's proceedings; and any other documents required by the arbitration rules of the commission to be filed.

11. The commission shall publish the determinations of boards together with the statements of the reasons therefor.

12. The commission shall adopt and publish rules of procedure and practice and shall file a copy of such rules and of any amendment thereto with the appropriate agency or officer in each of the party states.

13. Nothing contained herein shall prevent at any time a written compromise of any matter or matters in dispute, if otherwise lawful, by the parties to the arbitration proceeding.

#### Article X

1. This compact shall enter into force when enacted into law by any seven states. Thereafter, this compact shall become effective as to any other state upon its enactment thereof. The commission shall arrange for notification of all party states whenever there is a new enactment of the compact.

2. Any party state may withdraw from this compact by enacting a statute repealing the same. No withdrawal shall affect any liability already incurred by or chargeable to a party state prior to the time of such withdrawal.

3. No proceeding commenced before an arbitration board

prior to the withdrawal of a state and to which the withdrawing state or any subdivision thereof is a party shall be discontinued or terminated by the withdrawal, nor shall the board thereby lose jurisdiction over any of the parties to the proceeding necessary to make a binding determination therein.

#### Article XI

Nothing in this compact shall be construed to:

(a) Affect the power of any state or subdivision thereof to fix rates of taxation, except that a party state shall be obligated to implement article III 2 of this compact.

(b) Apply to any tax or fixed fee imposed for the registration of a motor vehicle or any tax on motor fuel, other than a sales tax; provided that the definition of "tax" in article VIII 9 may apply for the purposes of that article and the commission's powers of study and recommendation pursuant to article VI 3 may apply.

(c) Withdraw or limit the jurisdiction of any state or local court or administrative officer or body with respect to any person, corporation or other entity or subject matter, except to the extent that such jurisdiction is expressly conferred by or pursuant to this compact upon another agency or body.

(d) Supersede or limit the jurisdiction of any court of the United States.

#### Article XII

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the

constitution of any state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state participating therein, the compact shall remain in full force and effect as to the remaining party states and in full force and effect as to the state affected as to all severable matters.

66.620. 1. All county sales taxes collected by the director of revenue under sections 66.600 to 66.630 on behalf of any county[, less one percent for cost of collection which shall be deposited in the state's general revenue fund after payment of premiums for surety bonds as provided in section 32.087,] shall be deposited in a special trust fund, which is hereby created, to be known as the "County Sales Tax Trust Fund". [The moneys in the county sales tax trust fund shall not be deemed to be state funds and shall not be commingled with any funds of the state.] The director of revenue shall keep accurate records of the amount of money in the trust fund which was collected in each county imposing a county sales tax, and the records shall be open to the inspection of officers of the county and the public. Not later than the tenth day of each month, the director of revenue shall distribute all moneys deposited in the trust fund during the preceding month to the county which levied the tax; such funds shall be deposited with the treasurer of the county and all expenditures of funds arising from the county sales tax trust

fund shall be by an appropriation act to be enacted by the legislative council of the county, and to the cities, towns and villages located wholly or partly within the county which levied the tax in the manner as set forth in sections 66.600 to 66.630.

2. In any county not adopting an additional sales tax and alternate distribution system as provided in section 67.581, for the purposes of distributing the county sales tax, the county shall be divided into two groups, "Group A" and "Group B". Group A shall consist of all cities, towns and villages which are located wholly or partly within the county which levied the tax and which had a city sales tax in effect under the provisions of sections 94.500 to 94.550 on the day prior to the adoption of the county sales tax ordinance, except that beginning January 1, 1980, group A shall consist of all cities, towns and villages which are located wholly or partly within the county which levied the tax and which had a city sales tax approved by the voters of such city under the provisions of sections 94.500 to 94.550 on the day prior to the effective date of the county sales tax. For the purposes of determining the location of consummation of sales for distribution of funds to cities, towns and villages in group A, the boundaries of any such city, town or village shall be the boundary of that city, town or village as it existed on March 19, 1984. Group B shall consist of all cities, towns and villages which are located wholly or partly within the county which levied the tax and which did not have a city sales tax in effect under the provisions of sections 94.500 to 94.550 on the day prior to the adoption of the county sales tax ordinance, and shall also include all unincorporated areas of the county which levied the

tax; except that, beginning January 1, 1980, group B shall consist of all cities, towns and villages which are located wholly or partly within the county which levied the tax and which did not have a city sales tax approved by the voters of such city under the provisions of sections 94.500 to 94.550 on the day prior to the effective date of the county sales tax and shall also include all unincorporated areas of the county which levied the tax.

3. Until January 1, 1994, the director of revenue shall distribute to the cities, towns and villages in group A the taxes based on the location in which the sales were deemed consummated under section 66.630 and subsection 12 of section 32.087. Except for distribution governed by section 66.630, after deducting the distribution to the cities, towns and villages in group A, the director of revenue shall distribute the remaining funds in the county sales tax trust fund to the cities, towns and villages and the county in group B as follows: to the county which levied the tax, a percentage of the distributable revenue equal to the percentage ratio that the population of the unincorporated areas of the county bears to the total population of group B; and to each city, town or village in group B located wholly within the taxing county, a percentage of the distributable revenue equal to the percentage ratio that the population of such city, town or village bears to the total population of group B; and to each city, town or village located partly within the taxing county, a percentage of the distributable revenue equal to the percentage ratio that the population of that part of the city, town or village located within the taxing county bears to the total

population of group B.

4. From January 1, 1994, until December 31, 2016, the director of revenue shall distribute to the cities, towns and villages in group A a portion of the taxes based on the location in which the sales were deemed consummated under section 66.630 and subsection 12 of section 32.087 in accordance with the formula described in this subsection and in subsection 6. After deducting the distribution to the cities, towns and villages in group A, the director of revenue shall distribute funds in the county sales tax trust fund to the cities, towns and villages and the county in group B as follows: to the county which levied the tax, ten percent multiplied by the percentage of the population of unincorporated county which has been annexed or incorporated since April 1, 1993, multiplied by the total of all sales tax revenues countywide, and a percentage of the remaining distributable revenue equal to the percentage ratio that the population of unincorporated areas of the county bears to the total population of group B; and to each city, town or village in group B located wholly within the taxing county, a percentage of the remaining distributable revenue equal to the percentage ratio that the population of such city, town or village bears to the total population of group B; and to each city, town or village located partly within the taxing county, a percentage of the remaining distributable revenue equal to the percentage ratio that the population of that part of the city, town or village located within the taxing county bears to the total population of group B.

5. (1) From and after January 1, 2017, in each year in

which the total revenues from the county sales tax collected under sections 66.600 to 66.630 in the previous calendar year are less than or equal to the amount of such revenues which were collected in the calendar year 2014, the director of revenue shall distribute to the cities, towns, and villages in group A and the cities, towns, and villages, and the county in group B, the amounts required to be distributed under the formula described in subsection 4 and in subsection 6 of this section. From and after January 1, 2017, in each year in which the total revenues from the county sales tax collected under sections 66.600 to 66.630 in the previous calendar year is greater than the amount of such revenues which were collected in the calendar year 2014, the director of revenue shall distribute to the cities, towns, and villages in group A a portion of the taxes based on the location in which the sales were deemed consummated under section 66.630 and subsection 12 of section 32.087, in accordance with the formula described in this subsection and in subsection 6. After deducting the distribution to the cities, towns, and villages in group A, the director of revenue shall, subject to the limitation described in subdivision (2) of this subsection, distribute funds in the county sales tax trust fund to the cities, towns, and villages, and the county in group B as follows: to the county which levied the tax, ten percent multiplied by the percentage of the population of unincorporated county which has been annexed or incorporated since April 1, 1993, multiplied by the total of all sales tax revenues countywide, and a percentage of the remaining distributable revenue equal to the percentage ratio that the population of

unincorporated areas of the county bears to the total population of group B as adjusted such that no city, town, or village in group B shall receive a distribution that is less than fifty percent of the amount of taxes generated within such city, town, or village based on the location in which the sales were deemed consummated under section 66.630 and subsection 12 of section 32.087; and to each city, town, or village in group B located wholly within the taxing county, a percentage of the remaining distributable revenue equal to the percentage ratio that the population of such city, town, or village bears to the total population of group B, as adjusted such that no city, town, or village in group B shall receive a distribution that is less than fifty percent of the amount of taxes generated within such city, town, or village based on the location in which the sales were deemed consummated under section 66.630 and subsection 12 of section 32.087; and to each city, town, or village located partly within the taxing county, a percentage of the remaining distributable revenue equal to the percentage ratio that the population of that part of the city, town, or village located within the taxing county bears to the total population of group B, as adjusted such that no city, town, or village in group B shall receive a distribution that is less than fifty percent of the amount of taxes generated within such city, town, or village based on the location in which the sales were deemed consummated under section 66.630 and subsection 12 of section 32.087.

(2) For purposes of making any adjustment required by this subsection, the director of revenue shall, prior to any distribution to the county or to each city, town, or village in

group B located wholly or partly within the taxing county, identify each city, town, or village in group B located wholly or partly within the taxing county that would receive a distribution that is less than fifty percent of the amount of taxes generated within such city, town, or village based on the location in which the sales were deemed consummated under section 66.630 and subsection 12 of section 32.087 if no adjustments were made and calculate the difference between the amount that the distribution to each such city, town, or village would have been without any adjustment and the amount that equals fifty percent of the amount of taxes generated within such city, town, or village based on the location in which the sales were deemed consummated under section 66.630 and subsection 12 of section 32.087. Thereafter, the director of revenue shall determine the amount of any adjustment under this subsection as follows:

(a) If the aggregate amount of the difference calculated in accordance with this subsection is less than or equal to the aggregate increase in the remaining distributable revenue for the applicable period in the current calendar year over the remaining distributable revenue for the corresponding period in the calendar year 2014, the director of revenue shall deduct the amount of such difference from the remaining distributable revenue and distribute an allocable portion of the amount of such difference to each city, town, or village that would otherwise have received a distribution that is less than fifty percent of the amount of taxes generated within such city, town, or village based on the location in which the sales were deemed consummated under section 66.630 and subsection 12 of section 32.087 if no

adjustment were made, such that each such city, town, or village receives a distribution that is equal to fifty percent of the amount of taxes generated within such city, town, or village based on the location in which the sales were deemed consummated under section 66.630 and subsection 12 of section 32.087;

(b) If, however, the aggregate amount of the difference calculated in accordance with this subsection is greater than the aggregate increase in the remaining distributable revenue for the applicable period in the current calendar year over the remaining distributable revenue for the corresponding period in the calendar year 2014, the director of revenue shall deduct from the remaining distributable revenue an amount equal to the difference between the remaining distributable revenue for the applicable period in the current calendar year and the remaining distributable revenue for the corresponding period in the calendar year 2014 and distribute an allocable portion of the amount of such difference to each city, town, or village that would otherwise have received a distribution that is less than fifty percent of the amount of taxes generated within such city, town, or village based on the location in which the sales were deemed consummated under section 66.630 and subsection 12 of section 32.087 if no adjustment were made, such that each such city, town, or village receives a distribution that includes an adjustment that is proportionate to the amount of the adjustment that would otherwise have been made if such adjustment were calculated in accordance with paragraph (a) of this subdivision;

(c) After determining the amount of the adjustment and making the allocation in accordance with paragraph (a) or (b) of

this subdivision, as applicable, the director of revenue shall thereafter distribute the remaining distributable revenue, as adjusted, to the county and to each city, town, or village in group B located wholly or partly within the taxing county in the manner provided in this subsection.

(3) For purposes of this subsection, if a city, town, or village is partly in group A and partly in group B, the director of revenue shall calculate fifty percent of the amount of taxes generated within such city, town, or village based on the location in which the sales were deemed consummated under section 66.630 and subsection 12 of section 32.087 by multiplying fifty percent by the amount of all county sales taxes collected by the director of revenue under sections 66.600 to 66.630, less one percent for cost of collection, that are generated within such city, town, or village based on the location in which the sales were deemed consummated under section 66.630 and subsection 12 of section 32.087, regardless of whether such taxes are deemed consummated in group A or group B.

6. (1) For purposes of administering the distribution formula of subsections 4 and 5 of this section, the revenues arising each year from sales occurring within each group A city, town or village shall be distributed as follows: until such revenues reach the adjusted county average, as hereinafter defined, there shall be distributed to the city, town or village all of such revenues reduced by the percentage which is equal to ten percent multiplied by the percentage of the population of unincorporated county which has been annexed or incorporated after April 1, 1993; and once revenues exceed the adjusted county

average, total revenues shall be shared in accordance with the redistribution formula as defined in this subsection.

(2) For purposes of this subsection, the "adjusted county average" is the per capita countywide average of all sales tax distributions during the prior calendar year reduced by the percentage which is equal to ten percent multiplied by the percentage of the population of unincorporated county which has been annexed or incorporated after April 1, 1993; the redistribution formula is as follows: during 1994, each group A city, town and village shall receive that portion of the revenues arising from sales occurring within the municipality that remains after deducting therefrom an amount equal to the cumulative sales tax revenues arising from sales within the municipality multiplied by the percentage which is the sum of ten percent multiplied by the percentage of the population of unincorporated county which has been annexed or incorporated after April 1, 1993, and the percentage, if greater than zero, equal to the product of 8.5 multiplied by the logarithm (to base 10) of the product of 0.035 multiplied by the total of cumulative per capita sales taxes arising from sales within the municipality less the adjusted county average. During 1995, each group A city, town and village shall receive that portion of the revenues arising from sales occurring within the municipality that remains after deducting therefrom an amount equal to the cumulative sales tax revenues arising from sales within the municipality multiplied by the percentage which is the sum of ten percent multiplied by the percentage of the population of unincorporated county which has been annexed or incorporated after April 1, 1993, and the

percentage, if greater than zero, equal to the product of seventeen multiplied by the logarithm (to base 10) of the product of 0.035 multiplied by the total of cumulative per capita sales taxes arising from sales within the municipality less the adjusted county average. From January 1, 1996, until January 1, 2000, each group A city, town and village shall receive that portion of the revenues arising from sales occurring within the municipality that remains after deducting therefrom an amount equal to the cumulative sales tax revenues arising from sales within the municipality multiplied by the percentage which is the sum of ten percent multiplied by the percentage of the population of unincorporated county which has been annexed or incorporated after April 1, 1993, and the percentage, if greater than zero, equal to the product of 25.5 multiplied by the logarithm (to base 10) of the product of 0.035 multiplied by the total of cumulative per capita sales taxes arising from sales within the municipality less the adjusted county average. From and after January 1, 2000, the distribution formula covering the period from January 1, 1996, until January 1, 2000, shall continue to apply, except that the percentage computed for sales arising within the municipalities shall be not less than 7.5 percent for municipalities within which sales tax revenues exceed the adjusted county average, nor less than 12.5 percent for municipalities within which sales tax revenues exceed the adjusted county average by at least twenty-five percent.

(3) For purposes of applying the redistribution formula to a municipality which is partly within the county levying the tax, the distribution shall be calculated alternately for the

municipality as a whole, except that the factor for annexed portion of the county shall not be applied to the portion of the municipality which is not within the county levying the tax, and for the portion of the municipality within the county levying the tax. Whichever calculation results in the larger distribution to the municipality shall be used.

(4) Notwithstanding any other provision of this section, the fifty percent of additional sales taxes as described in section 99.845 arising from economic activities within the area of a redevelopment project established after July 12, 1990, pursuant to sections 99.800 to 99.865, while tax increment financing remains in effect shall be deducted from all calculations of countywide sales taxes, shall be distributed directly to the municipality involved, and shall be disregarded in calculating the amounts distributed or distributable to the municipality. Further, any agreement, contract or covenant entered into prior to July 12, 1990, between a municipality and any other political subdivision which provides for an appropriation of incremental sales tax revenues to the special allocation fund of a tax increment financing project while tax increment financing remains in effect shall continue to be in full force and effect and the sales taxes so appropriated shall be deducted from all calculations of countywide sales taxes, shall be distributed directly to the municipality involved, and shall be disregarded in calculating the amounts distributed or distributable to the municipality. In addition, and notwithstanding any other provision of this chapter to the contrary, economic development funds shall be distributed in full

to the municipality in which the sales producing them were deemed consummated. Additionally, economic development funds shall be deducted from all calculations of countywide sales taxes and shall be disregarded in calculating the amounts distributed or distributable to the municipality. As used in this subdivision, the term "economic development funds" means the amount of sales tax revenue generated in any fiscal year by projects authorized pursuant to chapter 99 or chapter 100 in connection with which such sales tax revenue was pledged as security for, or was guaranteed by a developer to be sufficient to pay, outstanding obligations under any agreement authorized by chapter 100, entered into or adopted prior to September 1, 1993, between a municipality and another public body. The cumulative amount of economic development funds allowed under this provision shall not exceed the total amount necessary to amortize the obligations involved.

7. If the qualified voters of any city, town or village vote to change or alter its boundaries by annexing any unincorporated territory included in group B or if the qualified voters of one or more city, town or village in group A and the qualified voters of one or more city, town or village in group B vote to consolidate, the area annexed or the area consolidated which had been a part of group B shall remain a part of group B after annexation or consolidation. After the effective date of the annexation or consolidation, the annexing or consolidated city, town or village shall receive a percentage of the group B distributable revenue equal to the percentage ratio that the population of the annexed or consolidated area bears to the total

population of group B and such annexed area shall not be classified as unincorporated area for determination of the percentage allocable to the county. If the qualified voters of any two or more cities, towns or villages in group A each vote to consolidate such cities, towns or villages, then such consolidated cities, towns or villages shall remain a part of group A. For the purpose of sections 66.600 to 66.630, population shall be as determined by the last federal decennial census or the latest census that determines the total population of the county and all political subdivisions therein. For the purpose of calculating the adjustment based on the percentage of unincorporated county population which is annexed after April 1, 1993, the accumulated percentage immediately before each census shall be used as the new percentage base after such census. After any annexation, incorporation or other municipal boundary change affecting the unincorporated area of the county, the chief elected official of the county shall certify the new population of the unincorporated area of the county and the percentage of the population which has been annexed or incorporated since April 1, 1993, to the director of revenue. After the adoption of the county sales tax ordinance, any city, town or village in group A may by adoption of an ordinance by its governing body cease to be a part of group A and become a part of group B. Within ten days after the adoption of the ordinance transferring the city, town or village from one group to the other, the clerk of the transferring city, town or village shall forward to the director of revenue, by registered mail, a certified copy of the ordinance. Distribution to such city as a part of its former

group shall cease and as a part of its new group shall begin on the first day of January of the year following notification to the director of revenue, provided such notification is received by the director of revenue on or before the first day of July of the year in which the transferring ordinance is adopted. If such notification is received by the director of revenue after the first day of July of the year in which the transferring ordinance is adopted, then distribution to such city as a part of its former group shall cease and as a part of its new group shall begin the first day of July of the year following such notification to the director of revenue. Once a group A city, town or village becomes a part of group B, such city may not transfer back to group A.

8. If any city, town or village shall hereafter change or alter its boundaries, the city clerk of the municipality shall forward to the director of revenue, by registered mail, a certified copy of the ordinance adding or detaching territory from the municipality. The ordinance shall reflect the effective date thereof, and shall be accompanied by a map of the municipality clearly showing the territory added thereto or detached therefrom. Upon receipt of the ordinance and map, the tax imposed by sections 66.600 to 66.630 shall be redistributed and allocated in accordance with the provisions of this section on the effective date of the change of the municipal boundary so that the proper percentage of group B distributable revenue is allocated to the municipality in proportion to any annexed territory. If any area of the unincorporated county elects to incorporate subsequent to the effective date of the county sales

tax as set forth in sections 66.600 to 66.630, the newly incorporated municipality shall remain a part of group B. The city clerk of such newly incorporated municipality shall forward to the director of revenue, by registered mail, a certified copy of the incorporation election returns and a map of the municipality clearly showing the boundaries thereof. The certified copy of the incorporation election returns shall reflect the effective date of the incorporation. Upon receipt of the incorporation election returns and map, the tax imposed by sections 66.600 to 66.630 shall be distributed and allocated in accordance with the provisions of this section on the effective date of the incorporation.

9. The director of revenue may authorize the state treasurer to make refunds from the amounts in the trust fund and credited to any county for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such counties. If any county abolishes the tax, the county shall notify the director of revenue of the action [at least ninety days prior to the effective date of the repeal] and the director of revenue may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such county, the director of revenue shall remit the balance in the account to the county and close the account of that county. The director of revenue shall notify each county of each instance of

any amount refunded or any check redeemed from receipts due the county.

10. Except as modified in sections 66.600 to 66.630, all provisions of sections 32.085 [and] to 32.087 shall apply to the tax imposed under sections 66.600 to 66.630.

67.395. 1. All sales taxes collected by the director of revenue under sections 67.391 to 67.395 on behalf of any county[, less one percent for cost of collection which shall be deposited in the state's general revenue fund after payment of premiums for surety bonds as provided in section 32.087] shall be deposited with the state treasurer in a special trust fund, which is hereby created, to be known as the "County Anti-Drug Sales Tax Trust Fund". [The moneys in the county anti-drug sales tax trust fund shall not be deemed to be state funds and shall not be commingled with any funds of the state.] The director of revenue shall keep accurate records of the amount of money in the trust fund which was collected in each county imposing a sales tax under sections 67.391 to 67.395, and the records shall be open to the inspection of officers of the county and the public. Not later than the tenth day of each month, the director of revenue shall distribute all moneys deposited in the trust fund during the preceding month to the county which levied the tax. Such funds shall be deposited with the county treasurer of each such county, and all expenditures of funds arising from the county anti-drug sales tax trust fund shall be by an appropriation act to be enacted by the governing body of each such county.

2. The director of revenue may authorize the state treasurer to make refunds from the amounts in the trust fund and

credited to any county for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such counties. If any county abolishes the tax, the county shall notify the director of revenue of the action [at least ninety days prior to the effective date of the repeal] and the director of revenue may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such county, the director of revenue shall authorize the state treasurer to remit the balance in the account to the county and close the account of that county. The director of revenue shall notify each county of each instance of any amount refunded or any check redeemed from receipts due the county.

3. Except as modified in sections 67.391 to 67.395, all provisions of sections 32.085 [and] to 32.087 shall apply to the tax imposed under sections 67.391 to 67.395.

67.525. 1. All county sales taxes collected by the director of revenue under sections 67.500 to 67.545 on behalf of any county[, less one percent for cost of collection, which shall be deposited in the state's general revenue fund after payment of premiums for surety bonds as provided in section 32.087,] shall be deposited with the state treasurer in a county sales tax trust fund, which fund shall be separate and apart from the county sales tax trust fund established by section 66.620. [The moneys in such county sales tax trust fund shall not be deemed to be

state funds and shall not be commingled with any funds of the state.】 The director of revenue shall keep accurate records of the amount of money in the trust fund which was collected in each county imposing a county sales tax, and the records shall be open to the inspection of officers of the county and to the public. Not later than the tenth day of each month the director of revenue shall distribute all moneys deposited in the trust fund during the preceding month by distributing to the county treasurer, or such other officer as may be designated by the county ordinance or order, of each county imposing the tax authorized by sections 67.500 to 67.545, the sum due the county as certified by the director of revenue.

2. The director of revenue may authorize the state treasurer to make refunds from the amounts in the trust fund and credited to any county for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such counties. If any county abolishes the tax, the county shall notify the director of revenue of the action [at least ninety days prior to the effective date of the repeal,] and the director of revenue may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such county, the director of revenue shall authorize the state treasurer to remit the balance in the account to the county and close the account of that county. The director of revenue shall

notify each county of each instance of any amount refunded or any check redeemed from receipts due the county.

3. Except as modified in sections 67.500 to 67.545, all provisions of sections 32.085 [and] to 32.087 shall apply to the tax imposed under sections 67.500 to 67.545.

67.571. 1. The governing body of any county of the first classification with a population of more than eighty-two thousand inhabitants and less than ninety thousand inhabitants may, in addition to any tourism sales tax imposed pursuant to sections 67.671 to 67.685, by a majority vote, impose a sales tax on all retail sales made in the county which are subject to sales tax under chapter 144 for the funding of museums and festivals. For purposes of this section, the term "funding of museums and festivals" shall mean:

(1) Funding of museums operating in the county, which are registered with the United States Internal Revenue Service as a 501(C)(3) corporation and which are considered by the board to be tourism attractions; and

(2) Funding of organizations that are registered as 501(C)(3) corporations which promote cultural heritage tourism including festivals and the arts.

2. Any question submitted to the voters of such county to establish a sales tax pursuant to this section shall be submitted in substantially the following form:

Shall the county of \_\_\_\_\_ (insert the name of the county) impose a sales tax of \_\_\_\_\_ (insert rate of percent) percent to be used to fund (museums, cultural heritage, festivals) in certain areas of the county?

☐ YES

☐ NO

3. If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal, and the tax takes effect pursuant to this section, the museums and festivals board appointed pursuant to subsection 5 of this section shall determine in what manner the tax revenue moneys will be expended, and disbursements of these moneys shall be made strictly in accordance with directions of the board which are consistent with the provisions of sections 67.571 to 67.577. Expenditures of these tax moneys may be made for the employment of personnel selected by the board to assist in carrying out the duties of the board, and the board is expressly authorized to employ such personnel. Expenditures of these tax moneys may be made directly to corporations pursuant to subsection 1 of this section. No such tax revenue moneys shall be disbursed to or on behalf of any corporation, organization or entity that is not duly registered with the Internal Revenue Service as a 501(C)(3) organization.

4. Any sales tax imposed pursuant to this section shall be imposed at a rate not to exceed two-tenths of one percent on receipts from the sale of certain tangible personal property or taxable services within the county pursuant to sections 67.571 to 67.577.

5. The governing body of any county which imposes a sales tax pursuant to this section may establish a museums and festivals board for the purpose of expending funds collected from any sales tax submitted and approved by the county's voters pursuant to this section. The board shall be comprised of six

members who are appointed by the governing body of the county from a list of candidates supplied by the chair of each of the two major political parties of the county. The board shall be comprised of three members from each of the two political parties. Members shall serve for three-year terms, but of the members first appointed, one shall be appointed for a term of one year, two shall be appointed for a term of two years, and two shall be appointed for a term of three years. Each member shall be a resident of the county from which he or she is appointed. The members of the board shall not receive compensation for service on the board, but shall be reimbursed from the tax revenue money for any reasonable and necessary expenses incurred in service on the board.

6. In the area of each county in which a sales tax has been imposed in the manner provided by sections 67.571 to 67.577, every retailer within such area shall add the tax imposed by the provisions of sections 67.571 to 67.577 to his sale price, and this tax shall be a debt of the purchaser to the retailer until paid, and shall be recoverable at law in the same manner as the purchase price.

7. In counties imposing a tax under the provisions of sections 67.571 to 67.577, in order to permit sellers required to collect and report the sales tax to collect the amount required to be reported and remitted, but not to change the requirements of reporting or remitting the tax, or to serve as a levy of the tax, and in order to avoid fractions of pennies, the [governing body may authorize the use of a bracket system similar to that] tax shall be calculated as authorized by the provisions of

section 144.285[, and notwithstanding the provisions of that section, this new bracket system shall be used where this tax is imposed and shall apply to all taxable transactions].

8. Except as modified in this section, all provisions of sections 32.085 to 32.087 shall apply to the tax imposed under this section.

67.576. 1. The following provisions shall govern the collection of the tax imposed by the provisions of sections 67.571 to 67.577:

(1) All applicable provisions contained in sections 144.010 to 144.510 governing the state sales tax and section 32.057, the uniform confidentiality provision, shall apply to the collection of the tax imposed by the provisions of sections 67.571 to 67.577;

(2) All exemptions granted to agencies of government, organizations, and persons under the provisions of sections 144.010 to 144.510 are hereby made applicable to the imposition and collection of the tax imposed by sections 67.571 to 67.577.

2. The same sales tax permit, exemption certificate and retail certificate required by sections 144.010 to 144.510 for the administration and collection of the state sales tax shall satisfy the requirements of sections 67.571 to 67.577, and no additional permit or exemption certificate or retail certificate shall be required; except that, the director of revenue may prescribe a form of exemption certificate for an exemption from the tax imposed by sections 67.571 to 67.577.

3. All discounts allowed the retailer pursuant to the provisions of the state sales tax law for the collection of and

for payment of taxes pursuant to that act are hereby allowed and made applicable to any taxes collected pursuant to the provisions of sections 67.571 to 67.577.

4. The penalties provided in section 32.057 and sections 144.010 to 144.510 for a violation of those acts are hereby made applicable to violations of the provisions of sections 67.571 to 67.577.

5. [For the purposes of the sales tax imposed by an order pursuant to sections 67.571 to 67.577, all retail sales shall be deemed to be consummated at the place of business of the retailer] Except as provided in sections 67.571 to 67.577, all provisions of sections 32.085 to 32.087 shall apply to the tax imposed under sections 67.571 to 67.577.

67.578. 1. The governing authority of any county of the third classification without a township form of government and with more than sixteen thousand four hundred but less than sixteen thousand five hundred inhabitants may impose a sales tax in an amount not to exceed one-fifth of one percent on all retail sales made in the county which are subject to taxation [pursuant to sections 144.010 to 144.525] under chapter 144, to be used solely for the funding of museums. For purposes of this section, the term "museums" means museums operating in the county, which are registered with the United States Internal Revenue Service as a 501(c)(3) corporation and which are considered by the board to be a tourism attraction. The tax authorized by this section shall be in addition to any and all other sales taxes allowed by law, except that no sales tax shall be imposed pursuant to this section unless the governing authority submits to the voters of

the county, at a county or state general, primary, or special election, a proposal to authorize the governing authority to impose the tax.

2. The ballot of submission shall contain, but need not be limited to, the following language:

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal, then the sales tax shall become effective [on the first day of the second calendar quarter after the director of revenue receives notice of the adoption of the tax] as provided by subsection 19 of section 32.087. If the proposal receives less than the required majority of votes, then the governing authority shall have no power to impose the tax unless and until the governing authority has again submitted another proposal to authorize the governing authority to impose the sales tax authorized by this section and such proposal is approved by the required majority of the qualified

voters voting thereon.

3. On or after the effective date of the tax, the director of revenue shall be responsible for the administration, collection, enforcement, and operation of the tax, and sections 32.085 [and] to 32.087 shall apply. [The director may retain an amount not to exceed one percent for deposit in the general revenue fund to offset the costs of collection.] In order to permit sellers required to collect and report the sales tax to collect the amount required to be reported and remitted, but not to change the requirements of reporting or remitting the tax, or to serve as a levy of the tax, and in order to avoid fractions of pennies, the [governing authority may authorize the use of a bracket system similar to that] tax shall be calculated as authorized [in] by section 144.285[, and notwithstanding the provisions of that section, this new bracket system shall be used where this tax is imposed and shall apply to all taxable transactions]. 4. All applicable provisions in [sections 144.010 to 144.525] chapter 144 governing the state sales tax, and section 32.057, the uniform confidentiality provision, shall apply to the collection of the tax, and all exemptions granted to agencies of government, organizations, and persons pursuant to sections

The same sales tax permit, exemption certificate, and retail certificate required by sections 144.010 to 144.525 for the administration and collection of the state sales tax shall satisfy the requirements of this section, and no additional permit or exemption certificate or retail certificate shall be required; except that, the director of revenue may prescribe a form of exemption certificate for an exemption from the tax. All discounts allowed the retailer pursuant to the state sales tax law for the collection of and for payment of taxes are hereby allowed and made applicable to the tax. The penalties for violations provided in section 32.057 and [sections 144.010 to 144.525] chapter 144 are hereby made applicable to violations of this section. If any person is delinquent in the payment of the amount required to be paid pursuant to this section, or in the event a determination has been made against the person for taxes and penalty pursuant to this section, the limitation for bringing suit for the collection of the delinquent tax and penalty shall be the same as that provided in [sections 144.010 to 144.525] chapter 144.

5. The governing authority may authorize any museum board already existing in the county, or may establish a museum board, to expend revenue collected pursuant to this section. Expenditures may be made for the employment of personnel selected by the board to assist in carrying out the duties of the board, and the board is expressly authorized to employ such personnel.

6. The governing authority may submit the question of repeal of the tax to the voters at any county or state general, primary, or special election. The ballot of submission shall contain, but need not be limited to, the following language:

☐ YES

☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

[If a majority of the votes cast on the proposal are in favor of repeal, that repeal shall become effective on December

67.581. 1. In addition to the sales tax permitted by sections 66.600 to 66.630, any county of the first class having a charter form of government and having a population of nine hundred thousand or more may impose an additional countywide sales tax on all retail sales made in the county which are subject to sales tax under chapter 144 upon approval by a vote of the qualified voters of the county. The proposal may be submitted to the voters by the governing body of the county and shall be submitted to the voters at the next general election upon petitions signed by a number of qualified voters residing in the county equal to at least eight percent of the votes cast in the county in the next preceding gubernatorial election filed with the governing body of the county. The submission shall include the levying of a sales tax at a rate of not to exceed two hundred seventy-five one-thousandths of one percent on the receipts from the sale at retail of all tangible personal property or taxable services within the county which are also taxable under the provisions of sections 66.600 to 66.630, and shall provide for the distribution of the proceeds in the manner provided in either subsection 4 or subsection 5 of this section. If either of the alternative distribution systems as provided in subsection 4 or subsection 5 of this section is approved by the voters, then the alternative system of distribution may not be submitted to the voters for at least three years from the date of such voter approval.

2. The ballot of submission shall contain, but is not

limited to, the following language:

Shall the County of \_\_\_\_\_ levy an additional sales tax at the rate of \_\_\_\_\_ (insert rate) and distribute the proceeds in the manner provided in \_\_\_\_\_ (insert proper reference) (subsection 4) (subsection 5) of section 67.581, RSMo?

☐ YES

☐ NO

If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal, the additional sales tax shall be levied and collected and the proceeds from the additional tax shall be distributed as provided in either subsection 4 or subsection 5 of this section. If a majority of the votes cast by the qualified voters voting thereon are opposed to the proposal, then the governing body of the county shall have no power to impose the additional sales tax authorized by this section unless and until a proposal for the levy of such tax is submitted to and approved by the voters of the county.

3. The provisions of sections 66.600 to 66.630 and sections 32.085 **[and]** to 32.087, except to the extent otherwise provided in this section, shall govern the levy, collection, distribution and other procedures related to an additional sales tax imposed pursuant to this section.

4. In any county adopting an additional sales tax pursuant to the provisions of this section, and selecting the method of distribution provided in this subsection, the proceeds from the sales tax imposed pursuant to this section, less one percent collection cost, shall be distributed first to those

municipalities that did not receive during the preceding calendar year ninety-five percent of the amount the municipality would have received by multiplying the population of the municipality by the average per capita sales tax receipt for such county in an amount which will bring each municipality receipt of sales tax moneys up to ninety-five percent of the average per capita receipts from the proceeds of the sales tax imposed pursuant to sections 66.600 to 66.630. Any remainder of the money received from the sales tax imposed pursuant to this section shall be distributed to all municipalities on the ratio that the population of each municipality bears to the total population of the county. The average per capita sales tax distribution shall be calculated by dividing the sum of the total sales tax revenue derived from the tax imposed pursuant to sections 66.600 to 66.630 by the total population of the county. Population of each municipality, of the unincorporated area of the county, and the total population of the county shall be determined on the basis of the most recent federal decennial census. For the purposes of this subsection, any city, town, village or the unincorporated area of the county shall be considered a municipality.

5. In any county adopting an additional sales tax pursuant to the provisions of this section and selecting the method of distribution provided in this subsection, the proceeds from the sales tax imposed pursuant to this section, less one percent collection cost, shall be distributed to all cities, towns and villages, and the unincorporated areas of the county in group B and to such cities, towns and villages in group A as necessary so that no city, town, or village in group A receives from the

combined proceeds of both the sales tax imposed pursuant to this section and the sales tax imposed pursuant to sections 66.600 to 66.630, less than the per capita amount received by the cities, towns and villages and the unincorporated area of the county in group B receives from the total proceeds from both sales taxes.

6. The governing body of any county which is imposing a sales tax under the provisions of sections 66.600 to 66.630 may on its own motion and shall, upon petitions filed with the governing body of the county signed by a number of qualified voters residing in the county equal to at least eight percent of the votes cast in the county at the next preceding gubernatorial election, submit to the qualified voters of the county a proposal to change the method of distribution of sales tax proceeds from the manner provided in subsection 2 of section 66.620 to the method provided in this subsection. The ballot of submission shall be in substantially the following form:

Shall the proceeds from the county sales tax be distributed among the county of \_\_\_\_\_ and the various cities, towns and villages therein in the manner provided in subdivisions (1) and (2) of subsection 6 of section 67.581, RSMo, in lieu of the present manner of distribution?

☐ YES

☐ NO

If a majority of the votes cast on the proposal by the qualified voters of the county voting thereon are in favor of the proposal, the sales tax imposed by the county under the provisions of sections 66.600 to 66.630 shall be distributed in the manner provided in this subsection and not in the manner provided in

subsection 2 of section 66.620. If a majority of the votes cast by the qualified voters of the county voting thereon are opposed to the proposal, then the governing body of the county shall have no power to order the proceeds from the sales tax imposed pursuant to the provisions of sections 66.600 to 66.630 in the manner provided in this subsection in lieu of the method provided in subsection 2 of section 66.620, unless and until a proposal authorizing such method of distribution is submitted to and approved by the voters of the county. If the voters approve the change in the method of distribution of the sales tax proceeds in the manner provided in this subsection, the county clerk of the county shall notify the director of revenue of the change in the method of distribution within ten days after adoption of the proposal and shall inform the director of the effective date of the change in the method of distribution, which shall be on the first day of the third calendar quarter after the director of revenue receives notice. After the effective date of the change in the manner of distribution, the director of revenue shall distribute the proceeds of the sales tax imposed by such county under the provisions of sections 66.600 to 66.630 in the manner provided in this subsection in lieu of the manner of distribution provided in subsection 2 of section 66.620. The proceeds of the sales tax imposed under the provisions of sections 66.600 to 66.630 in any county which elects to have the proceeds distributed in the manner provided in this subsection shall be distributed in the following manner:

(1) The proceeds from the sales taxes shall be distributed to the cities, towns and villages in group A and to the cities,

towns and villages, and the county in group B as defined in section 66.620 in the manner provided in subsection 2 of section 66.620, until an amount equal to the total amount distributed under section 66.620 for the twelve-month period immediately preceding the effective date of the tax levied pursuant to the provisions of this section has been distributed;

(2) All moneys received in excess of the total amount distributed under section 66.620 for the twelve-month period immediately preceding the effective date of the tax levied pursuant to the provisions of this section shall be distributed to all cities, towns and villages and to the county on the basis that the population of each city, town or village, and in the case of the county the basis that the population of the unincorporated area of the county, bears to the total population of the county. The average per capita sales tax distribution shall be calculated by dividing the sum of the remaining amount of the total sales tax revenues by the total population of the county. Population of each city, town or village, of the unincorporated area of the county, and the total population of the county shall be determined on the basis of the most recent federal decennial census.

7. No municipality incorporated after the adoption of the tax authorized by this section shall be included as other than part of the unincorporated area of the county nor receive any share of either the proceeds from the tax levied pursuant to the provisions of this section or the tax levied pursuant to the provisions of sections 66.600 to 66.630 unless, at the time of incorporation, such municipality had a population of ten thousand

or more.

8. The county sales tax imposed pursuant to this section on the purchase and sale of motor vehicles shall not be collected and remitted by the seller, but shall be collected by the director of revenue at the time application is made for a certificate of title, if the address of the applicant is within the county imposing the additional sales tax. [The amounts so collected, less one percent collection cost, shall be deposited in the county sales tax trust fund to be distributed in accordance with section 66.620. The purchase or sale of motor vehicles shall be deemed to be consummated at the address of the applicant for a certificate of title.]

10. The director of revenue may authorize the state treasurer to make refunds from the amounts in the trust fund and credited to any county for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such counties. If any county abolishes the tax, the county shall notify the director of revenue of the action [at least ninety days prior to the effective date of the repeal] and the director of revenue may order retention in the trust fund, for a period of one year, of two percent of the amount collected

after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such county, the director of revenue shall remit the balance in the account to the county and close the account of that county. The director of revenue shall notify each county of each instance of any amount refunded or any check redeemed from receipts due the county.

The tax authorized by this section shall be in addition to any and all other sales taxes allowed by law, except that no ordinance or order imposing a sales tax under the provisions of this section shall be effective unless the governing body of the county submits to the voters of the county, at a county or state general, primary or special election, a proposal to authorize the governing body of the county to impose a tax.

2. The ballot of submission shall contain, but need not be limited to, the following language:

2. The director of revenue may authorize the state treasurer to make refunds from the amounts in the trust fund and credited to any county for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to

revenue fund after payment of premiums for surety bonds as provided in sections 67.700 to 67.727,] shall be deposited in a special trust fund, which is hereby created, to be known as the "County-Municipal Storm Water and Public Works Sales Tax Trust Fund". [The moneys in the county-municipal storm water and public works sales tax trust fund shall not be deemed to be state funds and shall not be commingled with any funds of the state.] The director of revenue shall keep accurate records of the amount of money in the trust fund which was collected in each county and the records shall be open to the inspection of officers of the county and of the municipalities within the county and the public. The director of revenue shall notify each county or municipality of each instance of any amount refunded or any check redeemed from receipts due the county or municipality.

[10.] 9. Notwithstanding the provisions of chapter 115, an election for a district sales and use tax under this section shall be conducted in accordance with the provisions of this section.

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

If a majority of the votes cast favor the extension, then the sales tax shall remain in effect at the rate and for the time period approved by the voters. If a sales tax extension is not approved, the district may submit another sales tax proposal as authorized in this section, but the district shall not submit such a proposal to the voters sooner than twelve months from the date of the last extension submitted.

[13.] 14. Once the sales tax authorized by this section is abolished or terminated by any means, all funds remaining in the trust fund shall be used solely for the purposes approved in the ballot question authorizing the sales tax. The sales tax shall not be abolished or terminated while the district has any financing or other obligations outstanding; provided that any new financing, debt, or other obligation or any restructuring or refinancing of an existing debt or obligation incurred more than ten years after voter approval of the sales tax provided in this section or more than ten years after any voter-approved extension

thereof shall not cause the extension of the sales tax provided in this section or cause the final maturity of any financing or other obligations outstanding to be extended. Any funds in the trust fund which are not needed for current expenditures may be invested by the district in the securities described in subdivisions (1) to (12) of subsection 1 of section 30.270 or repurchase agreements secured by such securities. If the district abolishes the sales tax, the district shall notify the director of revenue of the action [at least ninety days before the effective date of the repeal,] and the director of revenue may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the sales tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the sales tax in the district, the director of revenue shall remit the balance in the account to the district and close the account of the district. The director of revenue shall notify the district of each instance of any amount refunded or any check redeemed from receipts due the district.

[14.] 15. In the event that the district is dissolved or terminated by any means, the governing bodies of the counties in the district shall appoint a person to act as trustee for the district so dissolved or terminated. Before beginning the discharge of duties, the trustee shall take and subscribe an oath to faithfully discharge the duties of the office, and shall give bond with sufficient security, approved by the governing bodies of the counties, to the use of the dissolved or terminated

district, for the faithful discharge of duties. The trustee shall have and exercise all powers necessary to liquidate the district, and upon satisfaction of all remaining obligations of the district, shall pay over to the county treasurer of each county in the district and take receipt for all remaining moneys in amounts based on the ratio the levy of each county bears to the total levy for the district in the previous three years or since the establishment of the district, whichever time period is shorter. Upon payment to the county treasurers, the trustee shall deliver to the clerk of the governing body of any county in the district all books, papers, records, and deeds belonging to the dissolved district.

67.2030. 1. The governing authority of any city of the fourth classification with more than one thousand six hundred but less than one thousand seven hundred inhabitants and located in any county of the first classification with more than seventy-three thousand seven hundred but less than seventy-three thousand eight hundred inhabitants is hereby authorized to impose, by ordinance or order, a sales tax in the amount not to exceed one-half of one percent on all retail sales made in such city which are subject to taxation [pursuant to sections 144.010 to 144.525] under chapter 144 for the promotion of tourism in such city. The tax authorized by this section shall be in addition to any and all other sales taxes allowed by law, except that no ordinance or order imposing a sales tax pursuant to this section shall be effective unless the governing authority of the city submits to the qualified voters of the city, at any municipal or state general, primary, or special election, a

proposal to authorize the governing authority of the city to impose a tax.

2. The ballot of submission shall be in substantially the following form:

Shall the city of \_\_\_\_\_ (city's name) impose a citywide sales tax of \_\_\_\_\_ (insert amount) for the purpose of promoting tourism in the city?

☐ YES

☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal, then the ordinance or order and any amendments thereto shall be in effect [on the first day of the first calendar quarter immediately following notification to the director of the department of revenue of the election approving the proposal] as provided by subsection 19 of section 32.087. If a proposal receives less than the required majority, then the governing authority of the city shall have no power to impose the sales tax unless and until the governing authority of the city has submitted another proposal to authorize the imposition of the sales tax authorized by this section and such proposal is approved by the required majority of the qualified voters voting thereon. However, in no event shall a proposal pursuant to this section be submitted to the voters sooner than twelve months from the date of the last

proposal pursuant to this section.

3. [On and after the effective date of any tax authorized in this section, the city may adopt one of the two following provisions for the collection and administration of the tax:

(1) The city may adopt rules and regulations for the internal collection of such tax by the city officers usually responsible for collection and administration of city taxes; or

(2) The city may enter into an agreement with the director of revenue of the state of Missouri for the purpose of collecting the tax authorized in this section. In the event any city enters into an agreement with the director of revenue of the state of Missouri for the collection of the tax authorized in this section, the director of revenue shall perform all functions incident to the administration, collection, enforcement, and operation of such tax, and the director of revenue shall collect the additional tax authorized in this section. The tax authorized in this section shall be collected and reported upon such forms and under such administrative rules and regulations as may be prescribed by the director of revenue, and the director of revenue shall retain an amount not to exceed one percent for cost of collection.

4. If a tax is imposed by a city pursuant to this section, the city may collect a penalty of one percent and interest not to exceed two percent per month on unpaid taxes which shall be considered delinquent thirty days after the last day of each quarter] After the effective date of any tax imposed under the provisions of this section, the director of revenue shall perform all functions incident to the administration, collection,

enforcement, and operation of the tax and collect, in addition to the sales tax for the state of Missouri, the additional tax authorized under the authority of this section. The tax imposed under this section and the tax imposed under the sales tax law of the state of Missouri shall be collected together and reported upon such forms and under such administrative rules and regulations as may be prescribed by the director of revenue.

[5.] 4. (1) The governing authority of any city that has adopted any sales tax pursuant to this section shall, upon filing of a petition calling for the repeal of such sales tax signed by at least ten percent of the qualified voters in the city, submit the question of repeal of the sales tax to the qualified voters at any primary or general election. The ballot of submission shall be in substantially the following form:

Shall \_\_\_\_\_ (insert name of city) repeal the sales tax of \_\_\_\_\_ (insert rate of percent) percent for tourism purposes now in effect in \_\_\_\_\_ (insert name of city)?

☐ YES

☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

If a majority of the votes cast on the proposal are in favor of repeal, that repeal shall become effective [on December thirty-first of the calendar year in which such repeal was approved] as provided by subsection 19 of section 32.087. If the city or county abolishes the tax, the city or county shall notify

the director of revenue of the action prior to the effective date of the repeal.

(2) Once the tax is repealed as provided in this section, all funds remaining in any trust fund or account established to receive revenues generated by the tax shall be used solely for the original stated purpose of the tax. Any funds which are not needed for current expenditures may be invested by the governing authority in accordance with applicable laws relating to the investment of other city funds.

(3) The governing authority of a city repealing a tax pursuant to this section shall notify the director of revenue of the action [at least forty-five days before] prior to the effective date of the repeal and the director of revenue may order retention in any trust fund created in the state treasury associated with the tax, for a period of one year, of two percent of the amount collected after receipt of such notice to cover refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of repeal of the tax in the city, the director of revenue shall remit the balance in the trust fund to the city and close the account of that city. The director of revenue shall notify each city of each instance of any amount refunded or any check redeemed from receipts due the city.

(4) In the event that the repeal of a sales tax pursuant to this section dissolves or terminates a taxing district, the governing authority of the city shall appoint a person to act as trustee for the district so dissolved or terminated. Before

beginning the discharge of duties, the trustee shall take and subscribe an oath to faithfully discharge the duties of the office, and shall give bond with sufficient security, approved by the governing authority of the city, to the use of the dissolved or terminated district, for the faithful discharge of duties. The trustee shall have and exercise all powers necessary to liquidate the district, and upon satisfaction of all remaining obligations of the district, shall pay over to the city treasurer or the equivalent official and take receipt for all remaining moneys. Upon payment to the city treasurer, the trustee shall deliver to the clerk of the governing authority of the city all books, papers, records, and deeds belonging to the dissolved district.

[6.] 5. Except as modified in this section, all provisions of sections 32.085 [and] to 32.087 shall apply to the tax imposed pursuant to this section.

67.2525. 1. Each member of the board of directors shall have the following qualifications:

(1) As to those subdistricts in which there are registered voters, a resident registered voter in the subdistrict that he or she represents, or be a property owner or, as to those subdistricts in which there are not registered voters who are residents, a property owner or representative of a property owner in the subdistrict he or she represents;

(2) Be at least twenty-one years of age and a registered voter in the district.

2. The district shall be subdivided into at least five but not more than fifteen subdistricts, which shall be represented by

one representative on the district board of directors. All board members shall have terms of four years, including the initial board of directors. All members shall take office upon being appointed and shall remain in office until a successor is appointed by the mayor or chairman of the municipality in which the district is located, or elected by the property owners in those subdistricts without registered voters.

3. For those subdistricts which contain one or more registered voters, the mayor or chairman of the city, town, or village shall, with the consent of the governing body, appoint a registered voter residing in the subdistrict to the board of directors.

4. For those subdistricts which contain no registered voters, the property owners who collectively own one or more parcels of real estate comprising more than half of the land situated in each subdistrict shall meet and shall elect a representative to serve upon the board of directors. The clerk of the city, town, or village in which the petition was filed shall, unless waived in writing by all property owners in the subdistrict, give notice by causing publication to be made once a week for two consecutive weeks in a newspaper of general circulation in the county, the last publication of which shall be at least ten days before the day of the meeting required by this section, to call a meeting of the owners of real property within the subdistrict at a day and hour specified in a public place in the city, town, or village in which the petition was filed for the purpose of electing members of the board of directors.

5. The property owners, when assembled, shall organize by

the election of a temporary chairman and secretary of the meeting who shall conduct the election. An election shall be conducted for each subdistrict, with the eligible property owners voting in that subdistrict. At the election, each acre of real property within the subdistrict shall represent one share, and each owner, including corporations and other entities, may have one vote in person or for every acre of real property owned by such person within the subdistrict. Each voter which is not an individual shall determine how to cast its vote as provided for in its articles of incorporation, articles of organization, articles of partnership, bylaws, or other document which sets forth an appropriate mechanism for the determination of the entity's vote. If a voter has no such mechanism, then its vote shall be cast as determined by a majority of the persons who run the day-to-day affairs of the voter. The results of the meeting shall be certified by the temporary chairman and secretary to the municipal clerk if the district is established by a municipality described in this section, or to the circuit clerk if the district is established by a circuit court.

6. Successor boards shall be appointed or elected, depending upon the presence or absence of resident registered voters, by the mayor or chairman of a city, town, or village described in this section, or the property owners as set forth above; provided, however, that elections held by the property owners after the initial board is elected shall be certified to the municipal clerk of the city, town, or village where the district is located and the board of directors of the district.

7. Should a vacancy occur on the board of directors, the

mayor or chairman of the city, town, or village if there are registered voters within the subdistrict, or a majority of the owners of real property in a subdistrict if there are not registered voters in the subdistrict, shall have the authority to appoint or elect, as set forth in this section, an interim director to complete any unexpired term of a director caused by resignation or disqualification.

8. The board shall possess and exercise all of the district's legislative and executive powers, including:

(1) The power to fund, promote and provide educational, civic, musical, theatrical, cultural, concerts, lecture series, and related or similar entertainment events or activities, and fund, promote, plan, design, construct, improve, maintain, and operate public improvements, transportation projects, and related facilities within the district;

(2) The power to accept and disburse tax or other revenue collected in the district; and

(3) The power to receive property by gift or otherwise.

9. Within thirty days after the selection of the initial directors, the board shall meet. At its first meeting and annually thereafter the board shall elect a chairman from its members.

10. The board shall appoint an executive director, district secretary, treasurer, and such other officers or employees as it deems necessary.

11. At the first meeting, the board, by resolution, shall define the first and subsequent fiscal years of the district, and shall adopt a corporate seal.

12. A simple majority of the board shall constitute a quorum. If a quorum exists, a majority of those voting shall have the authority to act in the name of the board, and approve any board resolution.

13. At the first meeting, the board, by resolution, shall receive the certification of the election regarding the sales tax, and may impose the sales tax in all subdistricts approving the imposing sales tax. In those subdistricts that approve the sales tax, the sales tax shall become effective [on the first day of the first calendar quarter immediately following the action by the district board of directors imposing the tax] as provided by section 32.087.

14. Each director shall devote such time to the duties of the office as the faithful discharge thereof may require and be reimbursed for his or her actual expenditures in the performance of his or her duties on behalf of the district. Directors may be compensated, but such compensation shall not exceed one hundred dollars per month.

15. In addition to all other powers granted by sections 67.2500 to 67.2530, the district shall have the following general powers:

(1) To sue and be sued in its own name, and to receive service of process, which shall be served upon the district secretary;

(2) To fix compensation of its employees and contractors;

(3) To enter into contracts, franchises, and agreements with any person or entity, public or private, affecting the affairs of the district, including contracts with any

municipality, district, or state, or the United States, and any of their agencies, political subdivisions, or instrumentalities, for the funding, including without limitation, interest rate exchange or swap agreements, planning, development, construction, acquisition, maintenance, or operation of a district facility or to assist in such activity;

(4) To acquire, develop, construct, equip, transfer, donate, lease, exchange, mortgage, and encumber real and personal property in furtherance of district purposes;

(5) To collect and disburse funds for its activities;

(6) To collect taxes and other revenues;

(7) To borrow money and incur indebtedness and evidence the same by certificates, notes, bonds, debentures, or refunding of any such obligations for the purpose of paying all or any part of the cost of land, construction, development, or equipping of any facilities or operations of the district;

(8) To own or lease real or personal property for use in connection with the exercise of powers pursuant to this subsection;

(9) To provide for the election or appointment of officers, including a chairman, treasurer, and secretary. Officers shall not be required to be residents of the district, and one officer may hold more than one office;

(10) To hire and retain agents, employees, engineers, and attorneys;

(11) To enter into entertainment contracts binding the district and artists, agencies, or performers, management contracts, contracts relating to the booking of entertainment and

the sale of tickets, and all other contracts which relate to the purposes of the district;

(12) To contract with a local government, a corporation, partnership, or individual regarding funding, promotion, planning, designing, constructing, improving, maintaining, or operating a project or to assist in such activity;

(13) To contract for transfer to a city, town, or village such district facilities and improvements free of cost or encumbrance on such terms set forth by contract;

(14) To exercise such other powers necessary or convenient for the district to accomplish its purposes which are not inconsistent with its express powers.

16. A district may at any time authorize or issue notes, bonds, or other obligations for any of its powers or purposes. Such notes, bonds, or other obligations:

(1) Shall be in such amounts as deemed necessary by the district, including costs of issuance thereof;

(2) Shall be payable out of all or any portion of the revenues or other assets of the district;

(3) May be secured by any property of the district which may be pledged, assigned, mortgaged, or otherwise encumbered for payment;

(4) Shall be authorized by resolution of the district, and if issued by the district, shall bear such date or dates, and shall mature at such time or times, but not in excess of forty years, as the resolution shall specify;

(5) Shall be in such denomination, bear interest at such rates, be in such form, be issued as current interest bonds,

compound interest bonds, variable rate bonds, convertible bonds, or zero coupon bonds, be issued in such manner, be payable in such place or places and subject to redemption as such resolution may provide; and

(6) May be sold at either public or private sale, at such interest rates, and at such price or prices as the district shall determine.

The provisions of this subsection are applicable to the district notwithstanding the provisions of section 108.170.

67.2530. 1. Any note, bond, or other indebtedness of the district may be refunded at any time by the district by issuing refunding bonds in such amount as the district may deem necessary. Such bonds shall be subject to and shall have the benefit of the foregoing provisions regarding notes, bonds, and other obligations. Without limiting the generality of the foregoing, refunding bonds may include amounts necessary to finance any premium, unpaid interest, and costs of issuance in connection with the refunding bonds. Any such refunding may be effected whether the bonds to be refunded then shall have matured or thereafter shall mature, either by sale of the refunding bonds and the application of the proceeds thereof to the payment of the obligations being refunded or the exchange of the refunding bonds for the obligations being refunded with the consent of the holders of the obligations being refunded.

2. Notes, bonds, or other indebtedness of the district shall be exclusively the responsibility of the district payable solely out of the district funds and property and shall not

constitute a debt or liability of the state of Missouri or any agency or political subdivision of the state. Any notes, bonds, or other indebtedness of the district shall state on their face that they are not obligations of the state of Missouri or any agency or political subdivision thereof other than the district.

3. Any district may by resolution impose a district sales tax of up to one-half of one percent on all retail sales made in such district that are subject to taxation [pursuant to the provisions of sections 144.010 to 144.525] under chapter 144. Upon voter approval, and receiving the necessary certifications from the governing body of the municipality in which the district is located, or from the circuit court if the district was formed by the circuit court, the board of directors shall have the power to impose a sales tax at its first meeting, or any meeting thereafter. Voter approval of the question of the imposing sales tax shall be in accordance with section 67.2520. [The sales tax shall become effective in those subdistricts that approve the sales tax on the first day of the first calendar quarter immediately following the passage of a resolution by the board of directors imposing the sales tax.

4. In each district in which a sales tax has been imposed in the manner provided by this section, every retailer shall add the tax imposed by the district pursuant to this section to the retailer's sale price, and when so added, such tax shall constitute a part of the price, shall be a debt of the purchaser to the retailer until paid, and shall be recoverable at law in the same manner as the purchase price.

5. In order to permit sellers required to collect and

report the sales tax authorized by this section to collect the amount required to be reported and remitted, but not to change the requirements of reporting or remitting tax or to serve as a levy of the tax, and in order to avoid fractions of pennies, the district may establish appropriate brackets which shall be used in the district imposing a tax pursuant to this section in lieu of those brackets provided in section 144.285.

6.] 4. All revenue received by a district from the sales tax authorized by this section shall be deposited in a special trust fund and shall be used solely for the purposes of the district. Any funds in such special trust fund which are not needed for the district's current expenditures may be invested by the district board of directors in accordance with applicable laws relating to the investment of other district funds.

[7.] 5. The sales tax may be imposed at a rate of up to one-half of one percent on the receipts from the sale at retail of all [tangible personal property or taxable services] sales at retail within the district adopting such tax, if such property and services are subject to taxation by the state of Missouri [pursuant to the provisions of sections 144.010 to 144.525] under chapter 144. Any district sales tax imposed pursuant to this section shall be imposed at a rate that shall be uniform throughout the subdistricts approving the sales tax.

[8. The resolution imposing the sales tax pursuant to this section shall impose upon all sellers a tax for the privilege of engaging in the business of selling tangible personal property or rendering taxable services at retail to the extent and in the manner provided in sections 144.010 to 144.525 and the rules and

regulations of the director of revenue issued pursuant thereto; except that the rate of the tax shall be the rate imposed by the resolution as the sales tax and the tax shall be reported and returned to and collected by the district.

9. (1) On and after the effective date of any sales tax imposed pursuant to this section, the district shall perform all functions incident to the administration, collection, enforcement, and operation of the tax. The sales tax imposed pursuant to this section shall be collected and reported upon such forms and under such administrative rules and regulations as may be prescribed by the district.

(2) ]

6. After the effective date of any tax imposed under the provisions of this section, the director of revenue shall perform all functions incident to the administration, collection, enforcement, and operation of the tax and collect, in addition to the sales tax for the state of Missouri, the additional tax authorized under the authority of this section. The tax imposed under this section and the tax imposed under the sales tax law of the state of Missouri shall be collected together and reported upon such forms and under such administrative rules and regulations as may be prescribed by the director of revenue.

7. All [such] sales taxes [collected by the district] shall be deposited by the district in a special fund to be expended for the purposes authorized in this section. The district shall keep accurate records of the amount of money which was collected pursuant to this section, and the records shall be open to the inspection of officers of each district and the general public.

[(3) The district may contract with the municipality that the district is within for the municipality to collect any revenue received by the district and, after deducting the cost of such collection, but not to exceed one percent of the total amount collected, deposit such revenue in a special trust account. Such revenue and interest may be applied by the municipality to expenses, costs, or debt service of the district at the direction of the district as set forth in a contract between the municipality and the district.

10. (1) All applicable provisions contained in sections 144.010 to 144.525 governing the state sales tax, sections 32.085 and 32.087, and section 32.057, the uniform confidentiality provision, shall apply to the collection of the tax imposed by this section, except as modified in this section.

(2) All exemptions granted to agencies of government, organizations, persons, and to the sale of certain articles and items of tangible personal property and taxable services pursuant to the provisions of sections 144.010 to 144.525 are hereby made applicable to the imposition and collection of the tax imposed by this section.

(3) The same sales tax permit, exemption certificate, and retail certificate required by sections 144.010 to 144.525 for the administration and collection of the state sales tax shall satisfy the requirements of this section, and no additional permit or exemption certificate or retail certificate shall be required; except that the district may prescribe a form of exemption certificate for an exemption from the tax imposed by this section.

(4) All discounts allowed the retailer pursuant to the provisions of the state sales tax laws for the collection of and for payment of taxes pursuant to such laws are hereby allowed and made applicable to any taxes collected pursuant to the provisions of this section.

(5) The penalties provided in section 32.057 and sections 144.010 to 144.525 for violation of those sections are hereby made applicable to violations of this section.

(6) For the purpose of a sales tax imposed by a resolution pursuant to this section, all retail sales shall be deemed to be consummated at the place of business of the retailer unless the tangible personal property sold is delivered by the retailer or the retailer's agent to an out-of-state destination or to a common carrier for delivery to an out-of-state destination. In the event a retailer has more than one place of business in this state which participates in the sale, the sale shall be deemed to be consummated at the place of business of the retailer where the initial order for the tangible personal property is taken, even though the order must be forwarded elsewhere for acceptance, approval of credit, shipment, or billing. A sale by a retailer's employee shall be deemed to be consummated at the place of business from which the employee works.

(7)] 8. Subsequent to the initial approval by the voters and implementation of a sales tax in the district, the rate of the sales tax may be increased, but not to exceed a rate of one-half of one percent on retail sales made in the district which are subject to sales tax under chapter 144 as provided in this subsection. The election shall be conducted in accordance

with section 67.2520; provided, however, that the district board of directors may place the question of the increase of the sales tax before the voters of the district by resolution, and the municipal clerk of the city, town, or village which originally conducted the incorporation of the district, or the circuit clerk of the court which originally conducted the incorporation of the district, shall conduct the subsequent election. In subsequent elections, the election judges shall certify the election results to the district board of directors. The ballot of submission shall be in substantially the following form:

Shall \_\_\_\_\_ (name of district) increase the \_\_\_\_\_ (insert amount) percent district sales tax now in effect to \_\_\_\_\_ (insert amount) in the \_\_\_\_\_ (name of district)?

☐ YES

☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

If a majority of the votes cast on the proposal by the qualified voters of the district voting thereon are in favor of the increase, the increase shall become effective [December thirty-first of the calendar year in which such increase was approved] as provided by subsection 19 of section 32.087.

[11.] 9. (1) There shall not be any election as provided for in this section while the district has any financing or other obligations outstanding.

(2) The board, when presented with a petition signed by at

least one-third of the registered voters in a district that voted in the last gubernatorial election, or signed by at least two-thirds of property owners of the district, calling for an election to dissolve and repeal the tax shall submit the question to the voters using the same procedure by which the imposing tax was voted. The ballot of submission shall be in substantially the following form:

Shall \_\_\_\_\_ (name of district) dissolve and repeal the \_\_\_\_\_ (insert amount) percent district sales tax now in effect in the \_\_\_\_\_ (name of district)?

☐ YES

☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

Such subsequent elections for the repeal of the sales tax shall be conducted in accordance with section 67.2520; provided, however, that the district board of directors may place the question of the repeal of the sales tax before the voters of the district, and the municipal clerk of the city, town, or village which originally conducted the incorporation of the district, or the circuit clerk of the court which originally conducted the incorporation of the district, shall conduct the subsequent election. In subsequent elections the election judges shall certify the election results to the district board of directors.

(3) If a majority of the votes cast on the proposal by the qualified voters of the district voting thereon are in favor of

repeal, that repeal shall become effective [December thirty-first of the calendar year in which such repeal was approved or after the repayment of the district's indebtedness, whichever occurs later] as provided by subsection 19 of section 32.087. If the district abolishes the tax, the district shall notify the director of revenue of the action prior to the effective date of the repeal.

[12.] 10. (1) At such time as the board of directors of the district determines that further operation of the district is not in the best interests of the inhabitants of the district, and that the district should dissolve, the board shall submit for a vote in an election held throughout the district the question of whether the district should be abolished. The question shall be submitted in substantially the following form:

Shall the \_\_\_\_\_ theater, cultural arts, and entertainment district be abolished?

☐ YES

☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

(2) The district board shall not propose the question to abolish the district while there are outstanding claims or causes of action pending against the district, while the district liabilities exceed its assets, while indebtedness of the district is outstanding, or while the district is insolvent, in receivership or under the jurisdiction of the bankruptcy court. Prior to submitting the question to abolish the district to a

vote of the entire district, the state auditor shall audit the district to determine the financial status of the district, and whether the district may be abolished pursuant to law. The vote on the abolition of the district shall be conducted by the municipal clerk of the city, town, or village in which the district is located. The procedure shall be the same as in section 67.2520, except that the question shall be determined by the qualified voters of the entire district. No individual subdistrict may be abolished, except at such time as the district is abolished.

(3) While the district still exists, it shall continue to accrue all revenues to which it is entitled at law.

(4) Upon receipt by the board of directors of the district of the certification by the city, town, or village in which the district is located that the majority of those voting within the entire district have voted to abolish the district, and if the state auditor has determined that the district's financial condition is such that it may be abolished pursuant to law, then the board of directors of the district shall:

(a) Sell any remaining district real or personal property it wishes, and then transfer the proceeds and any other real or personal property owned by the district to the city, town, or village in which the district is located, including revenues due and owing the district, for its further use and disposition;

(b) Terminate the employment of any remaining district employees, and otherwise conclude its affairs;

(c) At a public meeting of the district, declare by a resolution of the board of directors passed by a majority vote

that the district has been abolished effective that date;

(d) Cause copies of that resolution under seal to be filed with the secretary of state and the city, town, or village in which the district is located.

Upon the completion of the final act specified in this subsection, the legal existence of the district shall cease.

(5) The legal existence of the district shall not cease for a period of two years after voter approval of the abolition.

11. Except as provided in this section, all provisions of sections 32.085 to 32.087 shall apply to the tax imposed under this section.

94.578. 1. Section 31 [(tax withheld on wages)], 26 U.S.C. Section 27 [(tax of foreign country and United States possessions)], and 26 U.S.C. Section 34 [(tax on certain uses of gasoline, special fuels and lubricating oils)].

[3. If a federal income tax liability for a tax year prior to the applicability of sections 143.011 to 143.996 for which he was not previously entitled to a Missouri deduction is later paid

or accrued, he may deduct the federal tax in the later year to the extent it would have been deductible if paid or accrued in the prior year.】

4. Notwithstanding any other provision of law to the contrary, for all tax years beginning on or after January 1, 2019, no deduction for any federal income tax liability under Chapter 1 of the Internal Revenue Code shall be allowed to any corporate taxpayer.

143.261. 1. For every remittance to the director of revenue made on or before the date the remittance becomes due, the employer, other than the United States and its agencies, the state of Missouri and political subdivisions thereof, may deduct and retain the following percentages of the total amount of tax withheld and paid in each calendar year:

- (1) Two percent of five thousand dollars or less;
- (2) One percent of amount collected in excess of five thousand dollars and up to and including ten thousand dollars;
- (3) One-half percent of amount collected in excess of ten thousand dollars.

2. Notwithstanding any other provision of law to the contrary, for all tax years beginning on or after January 1, 2019, no deduction under subsection 1 shall be allowed.

143.451. 1. Missouri taxable income of a corporation shall include all income derived from sources within this state.

2. For all tax years beginning before January 1, 2019, a corporation described in subdivision (1) of subsection 1 of section 143.441 shall include in its Missouri taxable income all income from sources within this state, including that from the

transaction of business in this state and that from the transaction of business partly done in this state and partly done in another state or states. However:

(1) Where income results from a transaction partially in this state and partially in another state or states, and income and deductions of the portion in the state cannot be segregated, then such portions of income and deductions shall be allocated in this state and the other state or states as will distribute to this state a portion based upon the portion of the transaction in this state and the portion in such other state or states.

(2) The taxpayer may elect to compute the portion of income from all sources in this state in the following manner, or the manner set forth in subdivision (3) of this subsection:

(a) The income from all sources shall be determined as provided, excluding therefrom the figures for the operation of any bridge connecting this state with another state.

(b) The amount of sales which are transactions wholly in this state shall be added to one-half of the amount of sales which are transactions partly within this state and partly without this state, and the amount thus obtained shall be divided by the total sales or in cases where sales do not express the volume of business, the amount of business transacted wholly in this state shall be added to one-half of the amount of business transacted partly in this state and partly outside this state and the amount thus obtained shall be divided by the total amount of business transacted, and the net income shall be multiplied by the fraction thus obtained, to determine the proportion of income to be used to arrive at the amount of Missouri taxable income.

The investment or reinvestment of its own funds, or sale of any such investment or reinvestment, shall not be considered as sales or other business transacted for the determination of said fraction.

(c) For the purposes of this subdivision, a transaction involving the sale of tangible property is:

a. "Wholly in this state" if both the seller's shipping point and the purchaser's destination point are in this state;

b. "Partly within this state and partly without this state" if the seller's shipping point is in this state and the purchaser's destination point is outside this state, or the seller's shipping point is outside this state and the purchaser's destination point is in this state;

c. Not "wholly in this state" or not "partly within this state and partly without this state" only if both the seller's shipping point and the purchaser's destination point are outside this state.

(d) For purposes of this subdivision:

a. The purchaser's destination point shall be determined without regard to the FOB point or other conditions of the sale; and

b. The seller's shipping point is determined without regard to the location of the seller's principle office or place of business.

(3) The taxpayer may elect to compute the portion of income from all sources in this state in the following manner:

(a) The income from all sources shall be determined as provided, excluding therefrom the figures for the operation of

any bridge connecting this state with another state;

(b) The amount of sales which are transactions in this state shall be divided by the total sales, and the net income shall be multiplied by the fraction thus obtained, to determine the proportion of income to be used to arrive at the amount of Missouri taxable income. The investment or reinvestment of its own funds, or sale of any such investment or reinvestment, shall not be considered as sales or other business transacted for the determination of said fraction;

(c) For the purposes of this subdivision, a transaction involving the sale of tangible property is:

a. "In this state" if the purchaser's destination point is in this state;

b. Not "in this state" if the purchaser's destination point is outside this state;

(d) For purposes of this subdivision, the purchaser's destination point shall be determined without regard to the FOB point or other conditions of the sale and shall not be in this state if the purchaser received the tangible personal property from the seller in this state for delivery to the purchaser's location outside this state;

(e) For the purposes of this subdivision, a transaction involving the sale other than the sale of tangible property is "in this state" if the taxpayer's market for the sales is in this state. The taxpayer's market for sales is in this state:

a. In the case of sale, rental, lease, or license of real property, if and to the extent the property is located in this state;

b. In the case of rental, lease, or license of tangible personal property, if and to the extent the property is located in this state;

c. In the case of sale of a service, if and to the extent the ultimate beneficiary of the service is located in this state and shall not be in this state if the ultimate beneficiary of the service rendered by the taxpayer or the taxpayer's designee is located outside this state; and

d. In the case of intangible property:

(i) That is rented, leased, or licensed, if and to the extent the property is used in this state by the rentee, lessee, or licensee, provided that intangible property utilized in marketing a good or service to a consumer is "used in this state" if that good or service is purchased by a consumer who is in this state. Franchise fees or royalties received for the rent, lease, license, or use of a trade name, trademark, service mark, or franchise system or provides a right to conduct business activity in a specific geographic area are "used in this state" to the extent the franchise location is in this state; and

(ii) That is sold, if and to the extent the property is used in this state, provided that:

i. A contract right, government license, or similar intangible property that authorizes the holder to conduct a business activity in a specific geographic area is "used in this state" if the geographic area includes all or part of this state;

ii. Receipts from intangible property sales that are contingent on the productivity, use, or disposition of the intangible property shall be treated as receipts from the rental,

lease, or licensing of such intangible property under item (i) of this subparagraph; and

iii. All other receipts from a sales of intangible property shall be excluded from the numerator and denominator of the sales factor;

(f) If the state or states of assignment under paragraph (e) of this subdivision cannot be determined, the state or states of assignment shall be reasonably approximated;

(g) If the state of assignment cannot be determined under paragraph (e) of this subdivision or reasonably approximated under paragraph (f) of this subdivision, such sales shall be excluded from the denominator of the sales factor;

(h) The director may prescribe such rules and regulations as necessary or appropriate to carry out the purposes of this section.

(4) For purposes of this subsection, the following words shall, unless the context otherwise requires, have the following meaning:

(a) "Administration services" include, but are not limited to, clerical, fund or shareholder accounting, participant record keeping, transfer agency, bookkeeping, data processing, custodial, internal auditing, legal and tax services performed for an investment company;

(b) "Affiliate", the meaning as set forth in 15 U.S.C. Section 80a-2(a)(3)(C), as may be amended from time to time;

(c) "Distribution services" include, but are not limited to, the services of advertising, servicing, marketing, underwriting or selling shares of an investment company, but, in

the case of advertising, servicing or marketing shares, only where such service is performed by a person who is, or in the case of a closed end company, was, either engaged in the services of underwriting or selling investment company shares or affiliated with a person that is engaged in the service of underwriting or selling investment company shares. In the case of an open end company, such service of underwriting or selling shares must be performed pursuant to a contract entered into pursuant to 15 U.S.C. Section 80a-15(b), as from time to time amended;

(d) "Investment company", any person registered under the federal Investment Company Act of 1940, as amended from time to time, (the act) or a company which would be required to register as an investment company under the act except that such person is exempt to such registration pursuant to Section 80a-3(c)(1) of the act;

(e) "Investment funds service corporation" includes any corporation or S corporation doing business in the state which derives more than fifty percent of its gross income in the ordinary course of business from the provision directly or indirectly of management, distribution or administration services to or on behalf of an investment company or from trustees, sponsors and participants of employee benefit plans which have accounts in an investment company. An investment funds service corporation shall include any corporation or S corporation providing management services as an investment advisory firm registered under Section 203 of the Investment Advisors Act of 1940, as amended from time to time, regardless of the percentage

of gross revenues consisting of fees from management services provided to or on behalf of an investment company;

(f) "Management services" include but are not limited to, the rendering of investment advice directly or indirectly to an investment company making determinations as to when sales and purchases of securities are to be made on behalf of the investment company, or the selling or purchasing of securities constituting assets of an investment company, and related activities, but only where such activity or activities are performed:

a. Pursuant to a contract with the investment company entered into pursuant to 15 U.S.C. Section 80a-15(a), as from time to time amended;

b. For a person that has entered into such contract with the investment company; or

c. For a person that is affiliated with a person that has entered into such contract with an investment company;

(g) "Qualifying sales", gross income derived from the provision directly or indirectly of management, distribution or administration services to or on behalf of an investment company or from trustees, sponsors and participants of employee benefit plans which have accounts in an investment company. For purposes of this section, "gross income" is defined as that amount of income earned from qualifying sources without deduction of expenses related to the generation of such income;

(h) "Residence", presumptively the fund shareholder's mailing address on the records of the investment company. If, however, the investment company or the investment funds service

corporation has actual knowledge that the fund shareholder's primary residence or principal place of business is different than the fund shareholder's mailing address such presumption shall not control. To the extent an investment funds service corporation does not have access to the records of the investment company, the investment funds service corporation may employ reasonable methods to determine the investment company fund shareholder's residence.

(5) Notwithstanding other provisions of law to the contrary, qualifying sales of an investment funds service corporation, or S corporation, shall be considered wholly in this state only to the extent that the fund shareholders of the investment companies, to which the investment funds service corporation, or S corporation, provide services, are resided in this state. Wholly in this state qualifying sales of an investment funds service corporation, or S corporation, shall be determined as follows:

(a) By multiplying the investment funds service corporation's total dollar amount of qualifying sales from services provided to each investment company by a fraction, the numerator of which shall be the average of the number of shares owned by the investment company's fund shareholders resided in this state at the beginning of and at the end of the investment company's taxable year that ends with or within the investment funds service corporation's taxable year, and the denominator of which shall be the average of the number of shares owned by the investment company's fund shareholders everywhere at the beginning of and at the end of the investment company's taxable

year that ends with or within the investment funds service corporation's taxable year;

(b) A separate computation shall be made to determine the wholly in this state qualifying sales from each investment company. The qualifying sales for each investment company shall be multiplied by the respective percentage of each fund, as calculated pursuant to paragraph (a) of this subdivision. The product of this equation shall result in the wholly in this state qualifying sales. The qualifying sales for each investment company which are not wholly in this state will be considered wholly without this state;

(c) To the extent an investment funds service corporation has sales which are not qualifying sales, those nonqualified sales shall be apportioned to this state based on the methodology utilized by the investment funds service corporation without regard to this subdivision.

3. Any corporation described in subdivision (1) of subsection 1 of section 143.441 organized in this state or granted a permit to operate in this state for the transportation or care of passengers shall report its gross earnings within the state on intrastate business and shall also report its gross earnings on all interstate business done in this state which report shall be subject to inquiry for the purpose of determining the amount of income to be included in Missouri taxable income. The previous sentence shall not apply to a railroad.

4. A corporation described in subdivision (2) of subsection 1 of section 143.441 shall include in its Missouri taxable income all income arising from all sources in this state and all income

from each transportation service wholly within this state, from each service where the only lines of such corporation used are those in this state, and such proportion of revenue from each service where the facilities of such corporation in this state and in another state or states are used, as the mileage used over the lines of such corporation in the state shall bear to the total mileage used over the lines of such corporation. The taxpayer may elect to compute the portion of income from all sources within this state in the following manner:

(1) The income from all sources shall be determined as provided;

(2) The amount of investment of such corporation on December thirty-first of each year in this state in fixed transportation facilities, real estate and improvements, plus the value on December thirty-first of each year of any fixed transportation facilities, real estate and improvements in this state leased from any other railroad shall be divided by the sum of the total amount of investment of such corporation on December thirty-first of each year in fixed transportation facilities, real estate and improvements, plus the value on December thirty-first of each year, of any fixed transportation facilities, real estate and improvements leased from any other railroad. Where any fixed transportation facilities, real estate or improvements are leased by more than one railroad, such portion of the value shall be used by each railroad as the rental paid by each shall bear to the rental paid by all lessees. The income shall be multiplied by the fraction thus obtained to determine the proportion to be used to arrive at the amount of

Missouri taxable income.

5. A corporation described in subdivision (3) of subsection 1 of section 143.441 shall include in its Missouri taxable income one-half of the net income from the operation of a bridge between this and another state. If any such bridge is owned or operated by a railroad corporation or corporations, or by a corporation owning a railroad corporation using such bridge, then the figures for operation of such bridge may be included in the return of such railroad or railroads; or if such bridge is owned or operated by any other corporation which may now or hereafter be required to file an income tax return, one-half of the income or loss to such corporation from such bridge may be included in such return by adding or subtracting same to or from another net income or loss shown by the return.

6. A corporation described in subdivision (4) of subsection 1 of section 143.441 shall include in its Missouri taxable income all income arising from all sources within this state. Income shall include revenue from each telephonic or telegraphic service rendered wholly within this state; from each service rendered for which the only facilities of such corporation used are those in this state; and from each service rendered over the facilities of such corporation in this state and in other state or states, such proportion of such revenue as the mileage involved in this state shall bear to the total mileage involved over the lines of said company in all states. The taxpayer may elect to compute the portion of income from all sources within this state in the following manner:

- (1) The income from all sources shall be determined as

provided;

(2) The amount of investment of such corporation on December thirty-first of each year in this state in telephonic or telegraphic facilities, real estate and improvements thereon, shall be divided by the amount of the total investment of such corporation on December thirty-first of each year in telephonic or telegraphic facilities, real estate and improvements. The income of the taxpayer shall be multiplied by fraction thus obtained to determine the proportion to be used to arrive at the amount of Missouri taxable income.

7. From the income determined in subsections 2, 3, 4, 5 and 6 of this section to be from all sources within this state shall be deducted such of the deductions for expenses in determining Missouri taxable income as were incurred in this state to produce such income and all losses actually sustained in this state in the business of the corporation.

8. If a corporation derives only part of its income from sources within Missouri, its Missouri taxable income shall only reflect the effect of the following listed deductions to the extent applicable to Missouri. The deductions are: (a) its deduction for federal income taxes pursuant to section 143.171, and (b) the effect on Missouri taxable income of the deduction for net operating loss allowed by Section 172 of the Internal Revenue Code. The extent applicable to Missouri shall be determined by multiplying the amount that would otherwise affect Missouri taxable income by the ratio for the year of the Missouri taxable income of the corporation for the year divided by the Missouri taxable income for the year as though the corporation

had derived all of its income from sources within Missouri. For the purpose of the preceding sentence, Missouri taxable income shall not reflect the listed deductions.

9. Any investment funds service corporation organized as a corporation or S corporation which has any shareholders resided in this state shall be subject to Missouri income tax as provided in this chapter.

10. The provisions of this section do not impact any other apportionment election available to a taxpayer under Missouri statutes.

143.455. 1. Missouri taxable income of a corporation shall include all income derived from sources within this state.

2. For all tax years beginning on or after January 1, 2019, a corporation described in subdivision (1) of subsection 1 of section 143.441 shall determine its income derived from sources within this state by allocating and apportioning its net income as provided in this section.

3. As used in this section, unless the context otherwise requires, the following terms mean:

(1) "Apportionable income":

(a) All income that is apportionable under the Constitution of the United States and is not allocated under the laws of this state, including:

a. Income arising from transactions and activity in the regular course of the corporation's trade or business; and

b. Income arising from tangible and intangible property if the acquisition, management, employment, development, or disposition of the property is or was related to the operation of

the corporation's trade or business; and

(b) Any income that would be allocable to this state under the Constitution of the United States, but that is apportioned rather than allocated pursuant to the laws of this state;

(2) "Commercial domicile", the principal place from which the trade or business of the corporation is directed or managed;

(3) "Financial organization", any bank, trust company, savings bank, industrial bank, land bank, safe deposit company, private banker, savings and loan association, credit union, cooperative bank, small loan company, sales finance company, investment company, or any type of insurance company;

(4) "Non-apportionable income", all income other than apportionable income;

(5) "Public utility", any business entity:

(a) Which owns or operates any plant, equipment, property, franchise, or license for the transmission of communications, transportation of goods or persons, except by pipeline, or the production, transmission, sale, delivery, or furnishing of electricity, water or steam; and

(b) Whose rates of charges for goods or services have been established or approved by a federal, state, or local government or governmental agency;

(6) "Receipts", all gross receipts of the corporation that are not allocated under the provisions of this section, and that are received from transactions and activity in the regular course of the corporation's trade or business; except that receipts of a corporation from hedging transactions and from the maturity, redemption, sale, exchange, loan or other disposition of cash or

securities, shall be excluded.

4. For purposes of allocation and apportionment of income under this section, a corporation is taxable in another state if:

(1) In that state it is subject to a net income tax, a franchise tax measured by net income, a franchise tax for the privilege of doing business, or a corporate stock tax; or

(2) That state has jurisdiction to subject the corporation to a net income tax regardless of whether, in fact, the state does or does not do so.

5. Rents and royalties from real or tangible personal property, capital gains, interest, dividends or patent or copyright royalties, to the extent that they constitute nonapportionable income, shall be allocated as provided in subsections 6 to 9 of this section.

6. (1) Net rents and royalties from real property located in this state are allocable to this state.

(2) Net rents and royalties from tangible personal property are allocable to this state:

(a) If and to the extent the property is utilized in this state; or

(b) In their entirety if the corporation's commercial domicile is in this state and the corporation is not organized under the laws of or taxable in the state in which the property is utilized.

(3) The extent of utilization of tangible personal property in a state is determined by multiplying the rents and royalties by a fraction, the numerator of which is the number of days of physical location of the property in the state during the rental

or royalty period in the taxable year and the denominator of which is the number of days of physical location of the property everywhere during all rental or royalty periods in the taxable year. If the physical location of the property during the rental or royalty period is unknown or unascertainable by the corporation, tangible personal property is utilized in the state in which the property was located at the time the rental or royalty payer obtained possession.

7. (1) Capital gains and losses from sales of real property located in this state are allocable to this state.

(2) Capital gains and losses from sales of tangible personal property are allocable to this state if:

(a) The property had a situs in this state at the time of the sale; or

(b) The corporation's commercial domicile is in this state and the corporation is not taxable in the state in which the property had a situs.

(3) Capital gains and losses from sales of intangible personal property are allocable to this state if the corporation's commercial domicile is in this state.

8. Interest and dividends are allocable to this state if the corporation's commercial domicile is in this state.

9. (1) Patent and copyright royalties are allocable to this state:

(a) If and to the extent that the patent or copyright is utilized by the payer in this state; or

(b) If and to the extent that the patent or copyright is utilized by the payer in a state in which the corporation is not

taxable and the corporation's commercial domicile is in this state.

(2) A patent is utilized in a state to the extent that it is employed in production, fabrication, manufacturing, or other processing in the state or to the extent that a patented product is produced in the state. If the basis of receipts from patent royalties does not permit allocation to states or if the accounting procedures do not reflect states of utilization, the patent is utilized in the state in which the corporation's commercial domicile is located.

(3) A copyright is utilized in a state to the extent that printing or other publication originates in the state. If the basis of receipts from copyright royalties does not permit allocation to states or if the accounting procedures do not reflect states of utilization, the copyright is utilized in the state in which the corporation's commercial domicile is located.

10. All apportionable income shall be apportioned to this state by multiplying the net income by a fraction, the numerator of which is the total receipts of the corporation in this state during the tax period and the denominator of which is the total receipts of the corporation everywhere during the tax period.

11. Receipts from the sale of tangible personal property are in this state if:

(1) The property is delivered or shipped to a purchaser, other than the United States government, within this state regardless of the f.o.b. point or other conditions of the sale;  
or

(2) The property is shipped from an office, store,

warehouse, factory, or other place of storage in this state; and

(a) The purchaser is the United States government; or

(b) The corporation is not taxable in the state of the purchaser.

12. (1) Receipts, other than receipts described in subsection 11 of this section, are in this state if the corporation's market for the sales is in this state. The corporation's market for sales is in this state:

(a) In the case of sale, rental, lease, or license of real property, if and to the extent the property is located in this state;

(b) In the case of rental, lease, or license of tangible personal property, if and to the extent the property is located in this state;

(c) In the case of sale of a service, if and to the extent the ultimate beneficiary of the service is located in this state and shall not be in this state if the ultimate beneficiary of the service rendered by the corporation or the corporation's designee is located outside this state; and

(d) In the case of intangible property:

a. That is rented, leased, or licensed, if and to the extent the property is used in this state, provided that intangible property utilized in marketing a good or service to a consumer is "used in this state" if that good or service is purchased by a consumer who is in this state. Franchise fees or royalties received for the rent, lease, license, or use of a trade name, trademark, service mark, or franchise system or provides a right to conduct business activity in a specific

geographic area "are used in this state" to the extent the franchise is located in this state; and

b. That is sold, if and to the extent the property is used in this state, provided that:

(i) A contract right, government license, or similar intangible property that authorizes the holder to conduct a business activity in a specific geographic area is "used in this state" if the geographic area includes all or part of this state;

(ii) Receipts from intangible property sales that are contingent on the productivity, use, or disposition of the intangible property shall be treated as receipts from the rental, lease, or licensing of such intangible property under subparagraph a. of this paragraph; and

(iii) All other receipts from a sale of intangible property shall be excluded from the numerator and denominator of the receipts factor.

(2) If the state or states of assignment under subdivision (1) of this subsection cannot be determined, the state or states of assignment shall be reasonably approximated.

(3) If the corporation is not taxable in a state to which a receipt is assigned under subdivision (1) or (2) of this subsection, or if the state of assignment cannot be determined under subsection (1) of this subsection or reasonably approximated under subsection (2) of this subsection, such receipt shall be excluded from the numerator and the denominator of the receipts factor.

(4) The director may prescribe regulations as necessary or appropriate to carry out the purposes of this section.

13. (1) In the case of certain industries where unusual factual situations produce inequitable results under the apportionment and allocation provisions of this section, the director shall promulgate rules for determining the apportionment and allocation factors for each such industry, but such rules shall be applied uniformly.

(2) If the allocation and apportionment provisions of this section do not fairly represent the extent of the corporation's income applicable to this state, the corporation may petition for or the director may require:

(a) Separate accounting;

(b) The inclusion of one or more additional factors which will fairly represent the corporation's income applicable to this state; or

(c) The employment of any other method to effectuate an equitable allocation and apportionment of the corporation's income.

(3) The party petitioning for, or the director requiring, the use of any method to effectuate an equitable allocation and apportionment of the corporation's income pursuant to subdivision (2) of this subsection shall prove by a preponderance of evidence:

(a) That the allocation and apportionment provisions of this section do not fairly represent the extent of the corporation's income applicable to this state; and

(b) That the alternative to such provisions is reasonable.

The same burden of proof shall apply whether the corporation is

petitioning for, or the director is requiring, the use of any reasonable method to effectuate an equitable allocation and apportionment of the corporation's income. Notwithstanding the previous sentence, if the director can show that in any two of the prior five tax years, the corporation had used an allocation or apportionment method at variance with its allocation or apportionment method or methods used for such other tax years, then the director shall not bear the burden of proof in imposing a different method pursuant to subdivision (2) of this subsection.

(4) If the director requires any method to effectuate an equitable allocation and apportionment of the corporation's income, the director cannot impose any civil or criminal penalty with reference to the tax due that is attributable to the corporation's reasonable reliance solely on the allocation and apportionment provisions of this section.

(5) A corporation that has received written permission from the director to use a reasonable method to effectuate an equitable allocation and apportionment of the corporation's income shall not have that permission revoked with respect to transactions and activities that have already occurred unless there has been a material change in, or a material misrepresentation of, the facts provided by the corporation upon which the director reasonably relied.

14. Any corporation described in subdivision (1) of subsection 1 of section 143.441 organized in this state or granted a permit to operate in this state for the transportation or care of passengers shall report its gross earnings within the

state on intrastate business and shall also report its gross earnings on all interstate business done in this state. Such report shall be subject to inquiry for the purpose of determining the amount of income to be included in Missouri taxable income. This subsection shall not apply to a railroad.

15. A corporation described in subdivision (2) of subsection 1 of section 143.441 shall include in its Missouri taxable income all income arising from all sources in this state and all income from each transportation service wholly within this state, from each service where the only rails and lines of such corporation used are those in this state, and such proportion of revenue from each service where the facilities of such corporation in this state and in another state or states are used, as the mileage used over the rails and lines of such corporation in the state shall bear to the total mileage used over the rails and lines of such corporation. The corporation may elect to compute the portion of income from all sources within this state in the following manner:

(1) The income from all sources shall be determined as provided;

(2) The amount of investment of such corporation on December thirty-first of each year in this state in fixed transportation facilities, real estate and improvements, plus the value on December thirty-first of each year of any fixed transportation facilities, real estate and improvements in this state leased from any other railroad shall be divided by the sum of the total amount of investment of such corporation on December thirty-first of each year in fixed transportation facilities,

real estate and improvements, plus the value on December thirty-first of each year, of any fixed transportation facilities, real estate and improvements leased from any other railroad. Where any fixed transportation facilities, real estate or improvements are leased by more than one railroad, such portion of the value shall be used by each railroad as the rental paid by each shall bear to the rental paid by all lessees. The income shall be multiplied by the fraction thus obtained to determine the proportion to be used to arrive at the amount of Missouri taxable income.

16. A corporation described in subdivision (3) of subsection 1 of section 143.441 shall include in its Missouri taxable income one-half of the net income from the operation of a bridge between this and another state. If any such bridge is owned or operated by a railroad corporation or corporations, or by a corporation owning a railroad corporation using such bridge, then the figures for operation of such bridge may be included in the return of such railroad or railroads; or if such bridge is owned or operated by any other corporation which may now or hereafter be required to file an income tax return, one-half of the income or loss to such corporation from such bridge may be included in such return by adding or subtracting the same to or from another net income or loss shown by the return.

17. A corporation described in subdivision (4) of subsection 1 of section 143.441 shall include in its Missouri taxable income all income arising from all sources within this state. Income shall include revenue from each telephonic or telegraphic service rendered wholly within this state; from each

service rendered for which the only facilities of such corporation used are those in this state; and from each service rendered over the facilities of such corporation in this state and in other state or states, such proportion of such revenue as the mileage involved in this state shall bear to the total mileage involved over the lines of said company in all states. The corporation may elect to compute the portion of income from all sources within this state in the following manner:

(1) The income from all sources shall be determined as provided;

(2) The amount of investment of such corporation on December thirty-first of each year in this state in telephonic or telegraphic facilities, real estate and improvements thereon, shall be divided by the amount of the total investment of such corporation on December thirty-first of each year in telephonic or telegraphic facilities, real estate and improvements. The income of the corporation shall be multiplied by the fraction thus obtained to determine the proportion to be used to arrive at the amount of Missouri taxable income.

18. From the income determined in this section to be from all sources within this state shall be deducted such of the deductions for expenses in determining Missouri taxable income as were incurred in this state to produce such income and all losses actually sustained in this state in the business of the corporation.

19. If a corporation derives only part of its income from sources within Missouri, its Missouri taxable income shall only reflect the effect on Missouri taxable income of the deduction

for net operating loss allowed by Section 172 of the Internal Revenue Code. The extent applicable to Missouri shall be determined by multiplying the amount that would otherwise affect Missouri taxable income by the ratio for the year of the Missouri taxable income of the corporation for the year divided by the Missouri taxable income for the year as though the corporation had derived all of its income from sources within Missouri. For the purpose of the preceding sentence, Missouri taxable income shall not reflect the deduction.

20. Any investment funds service corporation organized as a corporation or S corporation which has any shareholders resided in this state shall be subject to Missouri income tax as provided in this chapter.

143.461. 1. A corporation shall elect to determine income applicable to this state by multiplying the total income from all sources by the fraction determined in the manner in section [143.451] 143.455; first, by filing written notice with the director of revenue on or before the due date of the return (including extensions of time) of the taxpayer's election, or, second, by failing to keep its books and records in such manner as to show the income applicable to this state, including gross income and deductions applicable thereto.

2. If the corporation shall keep its books and records so as to show the income applicable to this state by any other method of allocation between this state and other states [involved of income from transactions partially within and partially without this state], including gross income and deductions applicable thereto, and such method shows the income

applicable to this state, including gross income and deductions applicable thereto, then it may, on or before sixty days before the end of any taxable year, petition the director of revenue, in writing, to be permitted in its return required to be filed to apportion to this state according to the method shown by such books or records. If the director of revenue finds that such method does show the income applicable to this state including gross income and the deductions applicable thereto, he or she shall notify the corporation, at least thirty days prior to the last day on which such corporation's return for that taxable year is to be filed, that it may use that method for the shorter of five years or as long as such method shows the income applicable to this state, including gross income and deductions applicable thereto.

3. The corporation shall cease using such method after the shorter of five years or whenever the director of revenue finds and notifies such corporation on or before ninety days before the end of the taxable year, that such method does not so show. Upon and after such expiration or revocation the corporation shall be permitted to petition to use the same or another method of allocation that will show such income including gross income and deductions applicable thereto as though no petition had ever been filed.

4. Failure, after a method has expired or been revoked by the director of revenue, to submit a method which the director of revenue finds will show such income applicable to this state including gross income and deductions applicable thereto, on or before sixty days before the end of any taxable year, or failure

to make a return on the basis, which has been approved by the director of revenue on petition of the corporation and which stands unrevoked or unexpired, shall constitute an election to accept the determination of income applicable to this state by multiplying the total income from all sources by the fraction determined in the manner set forth in section 143.451 or, for a tax year beginning on or after January 1, 2019, in the manner set forth in section 143.455.

143.471. 1. An S corporation, as defined by Section 1361 (a)(1) of the Internal Revenue Code, shall not be subject to the taxes imposed by section 143.071, or other sections imposing income tax on corporations.

2. A shareholder of an S corporation shall determine such shareholder's S corporation modification and pro rata share, including its character, by applying the following:

(1) Any modification described in sections 143.121 and 143.141 which relates to an item of S corporation income, gain, loss, or deduction shall be made in accordance with the shareholder's pro rata share, for federal income tax purposes, of the item to which the modification relates. Where a shareholder's pro rata share of any such item is not required to be taken into account separately for federal income tax purposes, the shareholder's pro rata share of such item shall be determined in accordance with his pro rata share, for federal income tax purposes, of S corporation taxable income or loss generally;

(2) Each item of S corporation income, gain, loss, or deduction shall have the same character for a shareholder pursuant to sections 143.005 to 143.998 as it has for federal

income tax purposes. Where an item is not characterized for federal income tax purposes, it shall have the same character for a shareholder as if realized directly from the source from which realized by the S corporation or incurred in the same manner as incurred by the S corporation.

3. A nonresident shareholder of an S corporation shall determine such shareholder's Missouri nonresident adjusted gross income and his or her nonresident shareholder modification by applying the provisions of this subsection. Items shall be determined to be from sources within this state pursuant to regulations of the director of revenue in a manner consistent with the division of income provisions of section 143.451, section 143.461, or section 32.200 (Multistate Tax Compact). In determining the adjusted gross income of a nonresident shareholder of any S corporation, there shall be included only that part derived from or connected with sources in this state of the shareholder's pro rata share of items of S corporation income, gain, loss or deduction entering into shareholder's federal adjusted gross income, as such part is determined pursuant to regulations prescribed by the director of revenue in accordance with the general rules in section 143.181. Any modification described in subsections 2 and 3 of section 143.121 and in section 143.141, which relates to an item of S corporation income, gain, loss, or deduction shall be made in accordance with the shareholder's pro rata share, for federal income tax purposes, of the item to which the modification relates, but limited to the portion of such item derived from or connected with sources in this state.

4. Notwithstanding subsection 3 of this section to the contrary, for all tax years beginning on or after January 1, 2019, the items referred to in that subsection shall be determined to be from sources within this state pursuant to regulations of the director of revenue in a manner consistent with the division of income provisions of section 143.455 and section 143.461.

5. The director of revenue shall permit S corporations to file composite returns and to make composite payments of tax on behalf of its nonresident shareholders not otherwise required to file a return. If the nonresident shareholder's filing requirements result solely from one or more interests in any other partnerships or subchapter S corporations, that nonresident shareholder may be included in the composite return.

[5.] 6. If an S corporation pays or credits amounts to any of its nonresident individual shareholders as dividends or as their share of the S corporation's undistributed taxable income for the taxable year, the S corporation shall either timely file with the department of revenue an agreement as provided in subsection 6 of this section or withhold Missouri income tax as provided in subsection 7 of this section. An S corporation that timely files an agreement as provided in subsection 6 of this section with respect to a nonresident shareholder for a taxable year shall be considered to have timely filed such an agreement for each subsequent taxable year. An S corporation that does not timely file such an agreement for a taxable year shall not be precluded from timely filing such an agreement for subsequent taxable years. An S corporation is not required to deduct and

withhold Missouri income tax for a nonresident shareholder if:

(1) The nonresident shareholder not otherwise required to file a return agrees to have the Missouri income tax due paid as part of the S corporation's composite return;

(2) The nonresident shareholder not otherwise required to file a return had Missouri assignable federal adjusted gross income from the S corporation of less than twelve hundred dollars;

(3) The S corporation is liquidated or terminated;

(4) Income was generated by a transaction related to termination or liquidation; or

(5) No cash or other property was distributed in the current and prior taxable year.

[6.] 7. The agreement referred to in subdivision (1) of subsection [5] 6 of this section is an agreement of a nonresident shareholder of the S corporation to:

(1) File a return in accordance with the provisions of section 143.481 and to make timely payment of all taxes imposed on the shareholder by this state with respect to income of the S corporation; and

(2) Be subject to personal jurisdiction in this state for purposes of the collection of income taxes, together with related interest and penalties, imposed on the shareholder by this state with respect to the income of the S corporation.

The agreement will be considered timely filed for a taxable year, and for all subsequent taxable years, if it is filed at or before the time the annual return for such taxable year is required to

be filed pursuant to section 143.511.

[7.] 8. The amount of Missouri income tax to be withheld is determined by multiplying the amount of dividends or undistributed income allocable to Missouri that is paid or credited to a nonresident shareholder during the taxable year by the highest rate used to determine a Missouri income tax liability for an individual, except that the amount of the tax withheld may be determined based on withholding tables provided by the director of revenue if the shareholder submits a Missouri withholding allowance certificate.

[8.] 9. An S corporation shall be entitled to recover for a shareholder on whose behalf a tax payment was made pursuant to this section, if such shareholder has no tax liability.

[9.] 10. With respect to S corporations that are banks or bank holding companies, a pro rata share of the tax credit for the tax payable pursuant to chapter 148 shall be allowed against each S corporation shareholders' state income tax as follows, provided the bank otherwise complies with section 148.112:

(2) The tax credit authorized in this subsection shall be permitted only to the shareholders that qualify as S corporation

shareholders, provided the stock at all times during the taxable period qualifies as S corporation stock as defined in 26 U.S.C. Section 1361, and such stock is held by the shareholder during the taxable period. The credit created by this section on a yearly basis is available to each qualifying shareholder, including shareholders filing joint returns. A bank holding company is not allowed this credit, except that, such credit shall flow through to such bank holding company's qualified shareholders, and be allocated to such shareholders under the same conditions; and

(3) In the event such shareholder cannot use all or part of the tax credit in the taxable period of receipt, such shareholder may carry forward such tax credit for a period of the lesser of five years or until used, provided such credits are used as soon as the taxpayer has Missouri taxable income.

[10.] 11. With respect to S corporations that are associations, a pro rata share of the tax credit for the tax payable under chapter 148 shall be allowed against each S corporation shareholders' state income tax as follows, provided the association otherwise complies with section 148.655:

(1) The credit allowed by this subsection shall be equal to the savings and loan association tax calculated under chapter 148 based on the computations provided in section 148.630 on an association that makes an election under 26 U.S.C. Section 1362, and such credit shall be allocated to the qualifying shareholder according to stock ownership, determined by multiplying a fraction, where the numerator is the shareholder's stock, and the denominator is the total stock issued by the association;

(2) The tax credit authorized in this subsection shall be permitted only to the shareholders that qualify as S corporation shareholders, provided the stock at all times during the taxable period qualifies as S corporation stock as defined in 26 U.S.C. Section 1361, and such stock is held by the shareholder during the taxable period. The credit created by this section on a yearly basis is available to each qualifying shareholder, including shareholders filing joint returns. A savings and loan association holding company is not allowed this credit, except that, such credit shall flow through to such savings and loan association holding company's qualified shareholders, and be allocated to such shareholders under the same conditions; and

(3) In the event such shareholder cannot use all or part of the tax credit in the taxable period of receipt, such shareholder may carry forward such tax credit for a period of the lesser of five years or until used, provided such credits are used as soon as the taxpayer has Missouri taxable income.

[11.] 12. With respect to S corporations that are credit institutions, a pro rata share of the tax credit for the tax payable under chapter 148 shall be allowed against each S corporation shareholders' state income tax as follows, provided the credit institution otherwise complies with section 148.657:

(1) The credit allowed by this subsection shall be equal to the credit institution tax calculated under chapter 148 based on the computations provided in section 148.150 on a credit institution that makes an election under 26 U.S.C. Section 1362, and such credit shall be allocated to the qualifying shareholder according to stock ownership, determined by multiplying a

fraction, where the numerator is the shareholder's stock, and the denominator is the total stock issued by such credit institution;

(2) The tax credit authorized in this subsection shall be permitted only to the shareholders that qualify as S corporation shareholders, provided the stock at all times during the taxable period qualifies as S corporation stock as defined in 26 U.S.C. Section 1361, and such stock is held by the shareholder during the taxable period. The credit created by this section on a yearly basis is available to each qualifying shareholder, including shareholders filing joint returns. A credit institution holding company is not allowed this credit, except that, such credit shall flow through to such credit institution holding company's qualified shareholders, and be allocated to such shareholders under the same conditions; and

(3) In the event such shareholder cannot use all or part of the tax credit in the taxable period of receipt, such shareholder may carry forward such tax credit for a period of the lesser of five years or until used, provided such credits are used as soon as the taxpayer has Missouri taxable income.

144.032. The provisions of section 144.030 to the contrary notwithstanding, any city imposing a sales tax under the provisions of sections 94.500 to 94.570, or any county imposing a sales tax under the provisions of sections 66.600 to 66.635, or any county imposing a sales tax under the provisions of sections 67.500 to 67.729, or any hospital district imposing a sales tax under the provisions of section 205.205 may by ordinance impose a

electricity, [electrical current and natural, artificial or  
propane gas, wood, coal, or home heating oil] pipel natural or

domestic use only. Such tax shall be administered by the  
department of revenue and assessed by the retailer in the same  
manner as any other city, county, or hospital district sales tax.  
Domestic use shall be determined in the same manner as the  
determination of domestic use for exemption of such sales from  
the state sales tax under the provisions of section 144.030.

144.049. 1. [For purposes of this section, the following  
terms mean:

(1) "Clothing", any article of wearing apparel, including

exemption. The term shall not include watches, watchbands,  
jewelry, handbags, handkerchiefs, umbrellas, scarves, ties,  
headbands, or belt buckles; and

(2) "Personal computers", a laptop, desktop, or tower

disk drive, daughterboard, digitizer, microphone, modem,  
motherboard, mouse, multimedia speaker, printer, scanner,  
single-user hardware, single-user operating system, soundcard, or

(3) "School supplies", any item normally used by students in a standard classroom for educational purposes, including but not limited to textbooks, notebooks, paper, writing instruments, crayons, art supplies, rulers, book bags, backpacks, handheld calculators, chalk, maps, and globes. The term shall not include watches, radios, CD players, headphones, sporting equipment, portable or desktop telephones, copiers or other office equipment, furniture, or fixtures. School supplies shall also include computer software having a taxable value of three hundred fifty dollars or less and any graphing calculator having a taxable value of one hundred fifty dollars or less.

Where a purchaser and seller are located in two different time zones, the time zone of the seller's location shall determine the authorized exemption

period.

[3. If the governing body of any political subdivision adopted an ordinance that applied to the 2004 sales tax holiday to prohibit the provisions of this section from allowing the sales tax holiday to apply to such political subdivision's local sales tax, then, notwithstanding any provision of a local ordinance to the contrary, the 2005 sales tax holiday shall not apply to such political subdivision's local sales tax. However, any such political subdivision may enact an ordinance to allow the 2005 sales tax holiday to apply to its local sales taxes. A political subdivision must notify the department of revenue not less than forty-five calendar days prior to the beginning date of the sales tax holiday occurring in that year of any ordinance or order rescinding an ordinance or order to opt out.

4.] 2. This section shall not apply to any sales which take place within the Missouri state fairgrounds.

[5.] 3. This section applies to sales of items bought for personal use only.

[6. After the 2005 sales tax holiday, any political subdivision may, by adopting an ordinance or order, choose to prohibit future annual sales tax holidays from applying to its local sales tax. After opting out, the political subdivision may rescind the ordinance or order. The political subdivision must notify the department of revenue not less than forty-five calendar days prior to the beginning date of the sales tax holiday occurring in that year of any ordinance or order rescinding an ordinance or order to opt out.

7.] 4. This section may not apply to any retailer when less

than two percent of the retailer's merchandise offered for sale qualifies for the sales tax holiday. The retailer [shall] may offer a sales tax refund in lieu of the sales tax holiday.

5. A sale of property which is eligible for an exemption under subsection 1 of this section but is purchased under a layaway sale shall only qualify for an exemption if:

(1) Final payment on a layaway order is made by, and the property is given to, the purchaser during the exemption period;  
or

(2) The purchaser selects the property and the seller accepts the order for the property during the exemption period, for immediate delivery upon full payment, even if delivery is made after the exemption period.

6. The exemption of a bundled transaction shall be calculated as provided by law for all other bundled transactions.

7. (1) For any discount offered by a seller that is a reduction of the sales price of the product, the discounted sales price shall determine whether the sales price falls below the price threshold provided in subsection 1 of this section. A coupon that reduces the sales price shall be treated as a discount only if the seller is not reimbursed for the coupon amount by a third party.

(2) If a discount applies to the total amount paid by a purchaser rather than to the sales price of a particular product and the purchaser has purchased both exempt property and taxable property, the seller shall allocate the discount based on the total sales prices of the taxable property compared to the total sales prices of all property sold in the same transaction.

8. Items that are normally sold as a single unit shall continue to be sold in that manner and shall not be priced separately and sold as individual items.

9. Items that are purchased during an exemption period but that are not delivered to the purchaser until after the exemption period due to the item not being in stock shall qualify for an exemption. The provisions of this subsection shall not apply to an item that was delivered during an exemption period but was purchased prior to or after the exemption period.

10. (1) If a purchaser purchases an item of eligible property during an exemption period, but later exchanges the item for a similar eligible item after the exemption period, no additional tax shall be due on the new item.

(2) If a purchaser purchases an item of eligible property during an exemption period, but later returns the item after the exemption period and receives credit on the purchase of a different nonexempt item, the appropriate sales tax shall be due on the sale of the newly purchased item.

(3) If a purchaser purchases an item of eligible property before an exemption period, but during the exemption period returns the item and receives credit on the purchase of a different item of eligible property, no sales tax shall be due on the sale of the new item if the new item is purchased during the exemption period.

(4) For a sixty day period immediately following the end of the exemption period, if a purchaser returns an exempt item no credit for or refund of sales tax shall be given unless the purchaser provides a receipt or invoice that shows tax was paid,

or the seller has sufficient documentation to show that tax was paid on the item being returned.

11. For items that require delivery, an item shall be considered exempt if:

(1) The item is both delivered to and paid for by the purchaser during the exemption period; or

(2) The purchaser orders and pays for the item and the seller accepts the order during the exemption period for immediate shipment, even if delivery is made after the exemption period. For the purposes of this subdivision, a seller shall be considered to have accepted an order when the seller has taken action to fill the order for immediate shipment. Actions to fill an order shall include placement of an "in date" stamp on a mail order or the assignment of an "order number" to a telephone order. An order shall be considered for immediate shipment when the purchaser does not request delayed shipment. An order shall be considered for immediate shipment notwithstanding a shipment that may be delayed because of a backlog of orders or because an item is currently unavailable or on back order.

144.054. 1. As used in this section, the following terms mean:

(1) "Processing", any mode of treatment, act, or series of acts performed upon materials to transform or reduce them to a different state or thing, including treatment necessary to maintain or preserve such processing by the producer at the production facility;

(2) "Recovered materials", those materials which have been diverted or removed from the solid waste stream for sale, use,

reuse, or recycling, whether or not they require subsequent separation and processing.

2. In addition to all other exemptions granted under this chapter, there is hereby specifically exempted from the provisions of [sections 144.010 to 144.525 and 144.600 to 144.761, and from the computation of the tax levied, assessed, or payable under sections 144.010 to 144.525 and 144.600 to 144.761,] this chapter and from the computation of the tax levied, assessed, or payable under this chapter electrical energy and gas, whether natural, artificial, or propane, water, coal, and energy sources, chemicals, machinery, equipment, and materials used or consumed in the manufacturing, processing, compounding, mining, or producing of any product, or used or consumed in the processing of recovered materials, or used in research and development related to manufacturing, processing, compounding, mining, or producing any product. [The exemptions granted in this subsection shall not apply to local sales taxes as defined in section 32.085 and the provisions of this subsection shall be in addition to any state and local sales tax exemption provided in section 144.030.]

3. In addition to all other exemptions granted under this chapter, there is hereby specifically exempted from the provisions of [sections 144.010 to 144.525 and 144.600 to 144.761, and section 238.235, and the local sales tax law as defined in section 32.085, and from the computation of the tax levied, assessed, or payable under sections 144.010 to 144.525 and 144.600 to 144.761, and section 238.235, and the local sales tax law as defined in section 32.085] this chapter and from the

computation of the tax levied, assessed, and payable under this chapter, all utilities, machinery, and equipment used or consumed directly in television or radio broadcasting and all sales and purchases of tangible personal property, utilities, services, or any other transaction that would otherwise be subject to the state or local sales or use tax when such sales are made to or purchases are made by a contractor for use in fulfillment of any obligation under a defense contract with the United States government, and all sales and leases of tangible personal property by any county, city, incorporated town, or village, provided such sale or lease is authorized under chapter 100, and such transaction is certified for sales tax exemption by the department of economic development, and tangible personal property used for railroad infrastructure brought into this state for processing, fabrication, or other modification for use outside the state in the regular course of business.

4. In addition to all other exemptions granted under this chapter, there is hereby specifically exempted from the provisions of [sections 144.010 to 144.525 and 144.600 to 144.761, and section 238.235, and the local sales tax law as defined in section 32.085, and from the computation of the tax levied, assessed, or payable under sections 144.010 to 144.525 and 144.600 to 144.761, and section 238.235, and the local sales tax law as defined in section 32.085] this chapter and from the computation of the tax levied, assessed, and payable under this chapter, all sales and purchases of tangible personal property, utilities, services, or any other transaction that would otherwise be subject to the state or local sales or use tax when

such sales are made to or purchases are made by a private partner for use in completing a project under sections 227.600 to 227.669.

5. In addition to all other exemptions granted under this chapter, there is hereby specifically exempted from the provisions of [sections 144.010 to 144.525 and 144.600 to 144.761, and section 238.235, and the local sales tax law as defined in section 32.085, and from the computation of the tax levied, assessed, or payable under sections 144.010 to 144.525 and 144.600 to 144.761, and section 238.235, and the local sales tax law as defined in section 32.085,] this chapter and from the computation of the tax levied, assessed, and payable under this chapter all materials, manufactured goods, machinery and parts, electrical energy and gas, whether natural, artificial or propane, water, coal and other energy sources, chemicals, soaps, detergents, cleaning and sanitizing agents, and other ingredients and materials inserted by commercial or industrial laundries to treat, clean, and sanitize textiles in facilities which process at least five hundred pounds of textiles per hour and at least sixty thousand pounds per week.

144.060. 1. It shall be the duty of every person making any purchase or receiving any service upon which a tax is imposed by sections 144.010 to 144.510 to pay, to the extent possible under the provisions of section 144.285, the amount of such tax to the person making such sale or rendering such service. Any person who shall willfully and intentionally refuse to pay such tax shall be guilty of a misdemeanor. The provisions of this section shall not apply to any person making any purchase or sale

of a motor vehicle subject to sales tax as provided by the Missouri sales tax law, unless such person making the sale is a motor vehicle dealer authorized to collect and remit sales tax pursuant to subsection 8 of section 144.070.

2. A purchaser shall be relieved from any additional tax, interest, additions, or penalties for failure to collect and remit the proper amount of tax owed on a purchase subject to sales tax under chapter 144 if:

(1) A purchaser's seller or a certified service provider relied on erroneous data provided by the director on tax rates, boundaries, taxing jurisdiction assignments, or in the taxability matrix created pursuant to section 144.124;

(2) A purchaser holding a direct pay permit created pursuant to section 144.079 relied on erroneous data provided by the director on tax rates, boundaries, taxing jurisdiction assignments, or in the taxability matrix created pursuant to section 144.124;

(3) A purchaser using a database created pursuant to section 144.123 received erroneous data provided by the director on tax rates, boundaries, or taxing jurisdiction assignments; or

(4) A purchaser relied on erroneous data provided by the director in the taxability matrix created pursuant to section 144.124.

144.079. 1. The provisions of section 144.080 notwithstanding, the director shall promulgate rules to allow for the issuance of direct pay permits to purchasers. Purchasers holding such a permit shall be permitted to purchase goods and services which are subject to sales tax under chapter 144 without

remitting payment of the tax to the seller at the time of purchase. Such purchaser shall make a determination of the amount of tax owed and shall report and remit such amount directly to the taxing jurisdiction.

2. The director shall promulgate rules to implement the provisions of this section. Such rules shall include an application process for the issuance of a permit created under this section. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after January 1, 2019, shall be invalid and void.

144.080. 1. Every person receiving any payment or consideration upon the sale of property or rendering of service, subject to the tax imposed by the provisions of sections 144.010 to 144.525, is exercising the taxable privilege of selling the property or rendering the service at retail and is subject to the tax levied in section 144.020. The person shall be responsible not only for the collection of the amount of the tax imposed on the sale or service to the extent possible under the provisions of section 144.285, but shall, on or before the last day of the

month following each calendar quarterly period of three months, file a return with the director of revenue showing the person's gross receipts and the amount of tax levied in section 144.020 for the preceding quarter, and shall remit to the director of revenue, with the return, the taxes levied in section 144.020, except as provided in [subsections 2 and 3] subsection 2 of this section. The director of revenue may promulgate rules or regulations changing the filing and payment requirements of sellers, but shall not require any seller to file and pay more frequently than required in this section.

2. [Where the aggregate amount levied and imposed upon a seller by section 144.020 is in excess of two hundred fifty dollars for either the first or second month of a calendar quarter, the seller shall file a return and pay such aggregate amount for such months to the director of revenue by the twentieth day of the succeeding month.

3.] Where the aggregate amount levied and imposed upon a seller by section 144.020 is less than forty-five dollars in a calendar quarter, the director of revenue shall by regulation permit the seller to file a return for a calendar year. The return shall be filed and the taxes paid on or before January thirty-first of the succeeding year.

[4.] 3. The seller of any property or person rendering any service, subject to the tax imposed by sections 144.010 to 144.525, shall collect the tax from the purchaser of such property or the recipient of the service to the extent possible under the provisions of section 144.285, but the seller's inability to collect any part or all of the tax does not relieve

the seller of the obligation to pay to the state the tax imposed by section 144.020; except that the collection of the tax imposed by sections 144.010 to 144.525 on motor vehicles and trailers shall be made as provided in sections 144.070 and 144.440.

[5.] 4. Any person may advertise or hold out or state to the public or to any customer directly that the tax or any part thereof imposed by sections 144.010 to 144.525, and required to be collected by the person, will be assumed or absorbed by the person, provided that the amount of tax assumed or absorbed shall be stated on any invoice or receipt for the property sold or service rendered. Any person violating any of the provisions of this section shall be guilty of a misdemeanor. This subsection shall not apply to any retailer prohibited from collecting and remitting sales tax under section 66.630.

144.082. 1. The director shall participate in an online registration system that will allow sellers to register in this state and other member states.

2. By registering, the seller agrees to collect and remit sales and use taxes for all taxable sales into this state as well as the other member states, including member states joining after the seller's registration. Withdrawal or revocation of this state from the agreement shall not relieve a seller of its responsibility to remit taxes previously or subsequently collected on behalf of this state.

3. If the seller has a requirement to register prior to registering under the agreement, such seller shall obtain a retail sales license under section 144.083 and register under section 144.650.

4. Registration with the central registration system and the collection of sales and use taxes in this state shall not be used as a factor in determining whether the seller has nexus with this state for any tax at any time.

144.083. 1. The director of revenue shall require all persons who are responsible for the collection of taxes under the provisions of section 144.080 to procure a retail sales license at no cost to the licensee which shall be prominently displayed at the licensee's place of business, and the license is valid until revoked by the director or surrendered by the person to whom issued when sales are discontinued. The director shall issue the retail sales license within ten working days following the receipt of a properly completed application. Any person applying for a retail sales license or reinstatement of a revoked sales tax license who owes any tax under sections 144.010 to 144.510 or sections 143.191 to 143.261 must pay the amount due plus interest and penalties before the department may issue the applicant a license or reinstate the revoked license. All persons beginning business subsequent to August 13, 1986, and who are required to collect the sales tax shall secure a retail sales license prior to making sales at retail. Such license may, after ten days' notice, be revoked by the director of revenue only in the event the licensee shall be in default for a period of sixty days in the payment of any taxes levied under section 144.020 or sections 143.191 to 143.261. Notwithstanding the provisions of section 32.057 in the event of revocation, the director of revenue may publish the status of the business account including the date of revocation in a manner as determined by the director.

2. The possession of a retail sales license and a statement from the department of revenue that the licensee owes no tax due under sections 144.010 to 144.510 or sections 143.191 to 143.261 shall be a prerequisite to the issuance or renewal of any city or county occupation license or any state license which is required for conducting any business where goods are sold at retail. The date of issuance on the statement that the licensee owes no tax due shall be no more than ninety days before the date of submission for application or renewal of the local license. The revocation of a retailer's license by the director shall render the occupational license or the state license null and void.

3. No person responsible for the collection of taxes under section 144.080 shall make sales at retail unless such person is the holder of a valid retail sales license. After all appeals have been exhausted, the director of revenue may notify the county or city law enforcement agency representing the area in which the former licensee's business is located that the retail sales license of such person has been revoked, and that any county or city occupation license of such person is also revoked. The county or city may enforce the provisions of this section, and may prohibit further sales at retail by such person.

4. In addition to the provisions of subsection 2 of this section, beginning January 1, 2009, the possession of a statement from the department of revenue stating no tax is due under sections 143.191 to 143.265 or sections 144.010 to 144.510 shall also be a prerequisite to the issuance or renewal of any city or county occupation license or any state license required for conducting any business where goods are sold at retail. The

statement of no tax due shall be dated no longer than ninety days before the date of submission for application or renewal of the city or county license.

[5. Notwithstanding any law or rule to the contrary, sales tax shall only apply to the sale price paid by the final purchaser and not to any off-invoice discounts or other pricing discounts or mechanisms negotiated between manufacturers, wholesalers, and retailers.]

144.084. 1. The director shall promulgate rules and regulations for remittance of returns. Such rules shall:

(1) Allow for electronic payments by all remitters by both ACH credit and ACH debit;

(2) Provide an alternative method for making "same day" payments if an electronic funds transfer fails;

(3) Provide that if a due date falls on a Saturday, Sunday, or legal holiday in the member state or on a day the Federal Reserve Bank is closed that prohibits a person from being able to make a payment by ACH debit or credit, the taxes shall be due on the next succeeding business day; and

(4) Require that any data that accompanies a remittance be formatted using uniform tax type and payment type codes approved by the streamlined sales and use tax governing board.

2. All model 1, model 2, and model 3 sellers shall file returns electronically. Any model 1, model 2, or model 3 seller shall submit its sales and use tax returns in a simplified format approved by the director at such times as may be prescribed by the director.

3. (1) The director shall make available to all sellers,

whether or not the seller is registered under the streamlined sales and use tax agreement, a simplified electronic return that is in a form approved by the streamlined sales and use tax governing board and shall contain only those fields approved by the governing board. Such simplified electronic return shall contain two parts, with part one containing information relating to remittances and allocations and part two containing information relating to exempt sales.

(2) The director shall not require the submission of part two information from a model 4 seller which has no legal requirement to register in the state.

4. (1) Certified service providers shall file a simplified electronic return on behalf of its model 1 sellers and shall be required to file part one of the simplified electronic return at the times provided in sections 144.080 and 144.090. The director shall allow model 1 sellers to file parts one and two of the simplified electronic return.

(2) Model 2 and model 3 sellers shall file a simplified electronic return at the times provided in sections 144.080 and 144.090 for each taxing period for which they anticipate making sales in the state. Such sellers shall file part two information:

(a) At the same time as the seller files part one information; or

(b) At the time of the final due date of part one information in a given calendar year. A submission under this paragraph shall include data for all previous months of the same calendar year and shall be presented as yearly totals.

(3) The director shall allow model 4 sellers to file a simplified electronic return at the times provided in sections 144.080 and 144.090. Such sellers shall file part two information:

(a) At the same time as the seller files part one information; or

(b) At the time of the final due date of part one information in a given calendar year. A submission under this paragraph shall include data for all previous months of the same calendar year and shall be presented as yearly totals.

(4) Model 4 sellers that elect not to file a simplified electronic return shall file returns in the form and at the times afforded to sellers not registered under the streamlined sales and use tax agreement.

(5) The director shall allow sellers not registered under the streamlined sales and use tax agreement that are registered in the state to file a simplified electronic return at the times provided in sections 144.080 and 144.090. Such sellers shall file part two information:

(a) At the same time as the seller files part one information; or

(b) At the time of the final due date of part one information in a given calendar year. A submission under this paragraph shall include data for all previous months of the same calendar year and shall be presented as yearly totals.

5. A seller that is registered under the streamlined sales and use tax agreement and that has indicated at the time of registration that it anticipates making no sales which would be

sourced to the state under the streamlined sales and use tax agreement shall not be required to file a return. A seller shall be disqualified for such exemption for any quarter in which the seller makes any taxable sales in the state and shall file a return for such quarter as provided in sections 144.080 and 144.090.

6. The director shall provide for a standardized transmission process that allows for receipt of uniform tax returns and other formatted information. Such process shall provide for the filing of separate returns for multiple legal entities in a single transmission and shall not include any requirement for manual entry or input by a seller. The process shall allow a certified service provider, a tax preparer, or any other authorized entity to do so, to file returns for more than one seller in a single transmission. However, sellers filing returns for multiple legal entities shall only do so for affiliated legal entities.

7. The director shall give notice to a seller registered under the streamlined sales and use tax agreement which has no legal requirement to register in the state of a failure to file a required return and shall provide such seller at least thirty days following such notice to file a return prior to holding the seller liable for any penalties based on a failure to file a timely return.

144.100. 1. Every person making any taxable sales of property or service, except transactions provided for in sections 144.070 and 144.440, individually or by duly authorized officer or agent, shall make and file a written return with the director

of revenue in such manner as he may prescribe.

2. The returns shall be on blanks designed and furnished by the director of the department of revenue and shall be filed at the times provided in sections 144.080 and 144.090. The returns shall [show the amount of gross receipts from sales of taxable property and services by the person and the amount of tax due thereon by that person during and for the period covered by the return] state:

(1) The name and address of the retailer;

(2) The total amount of gross sales of all tangible personal property and taxable services rendered by the retailer during the period for which the return is made;

(3) The total amount received during the period for which the return is made on charge and time sales of tangible personal property made and taxable services rendered prior to the period for which the return is made;

(4) Deductions allowed by law from such total amount of gross sales and from total amount received during the period for which the return is made on such charge and time sales;

(5) Receipts during the period for which the return is made from the total amount of sales of tangible personal property and taxable services rendered during such period in the course of such business, after deductions allowed by law have been made;

(6) Receipts during the period for which the return is made from charge and time sales of tangible personal property made and taxable services rendered prior to such period in the course of such business, after deductions allowed by law have been made;

(7) Gross receipts during the period for which the return

is made from sales of tangible personal property and taxable services rendered in the course of such business upon the basis of which the tax is imposed; and

(8) Such other pertinent information as the director may require.

3. In making such return, the retailer shall determine the market value of any consideration, other than money, received in connection with the sale of any tangible personal property in the course of the business and shall include such value in the return. Such value shall be subject to review and revision by the director as hereinafter provided. Refunds made by a retailer during the period for which the return is made on account of tangible personal property returned to the retailer shall be allowed as a deduction under subdivision (4) of subsection 2 of this section in case the retailer has included the receipts from such sale in a return made by such retailer and paid taxes on such sale. The retailer shall, at the time of making such return, pay to the director the amount of tax owed, except as otherwise provided in this section. The director may extend the time for making returns and paying the tax required by this section for any period not to exceed sixty days under such rules and regulations as the director of revenue may prescribe.

4. The director shall only require a single tax return for each taxing period and such return shall include only the taxing jurisdictions in which the seller makes sales within the state. With each return, the person shall remit to the director of revenue the full amount of the tax due.

[3.] 5. In case of charge and time sales the gross receipts

thereof shall be included as sales in the returns as and when payments are received by the person, without any deduction therefrom whatsoever.

[4.] 6. If an error or omission is discovered in a return or a change be necessary to show the true facts, the error may be corrected, the omission supplied, or the change made in the return next filed with the director for the filing period immediately following the filing period in which the error was made or the omission occurred, as prescribed by law, except that no refund under this chapter shall be allowed for any amount of tax paid by a seller which is based upon charges incident to credit card discounts. Any other omission or error must be corrected by filing an amended return for the erroneously reported period if the amount of tax is less than that originally reported, or an additional return if the amount of tax is greater than that originally reported. An additional return shall be deemed filed on the date the envelope in which it is mailed is postmarked or the date it is received by the director, whichever is earlier. Any payment of tax, interest, penalty or additions to tax shall be deemed filed on the date the envelope containing the payment is postmarked or the date the payment is received by the director, whichever is earlier. If a refund or credit results from the filing of an amended return, no refund or credit shall be allowed unless an application for refund or credit is properly completed and submitted to the director pursuant to section 144.190.

[5.] 7. The amount of gross receipts from sales and the amount of tax due returned by the person, as well as all matters

contained in the return, is subject to review and revision in the manner herein provided for the correction of the returns.

144.105. 1. A seller shall be allowed a deduction from taxable sales for bad debts attributable to taxable sales of such seller that have become uncollectable. Any deduction taken that is attributed to bad debts shall not include interest.

2. The amount of the bad debt deduction shall be calculated pursuant to 26 U.S.C. Section 166(b), except that such amount shall be adjusted to exclude financing charges or interest, sales, or use taxes charged on the purchase price, uncollectable amounts on property that remain in the possession of the seller until the full purchase price is paid, and expenses incurred in attempting to collect any debt or repossessed property.

3. Bad debts may be deducted on the return for the period during which the bad debt is written off as uncollectable in the seller's books and records and is eligible to be deducted for federal income tax purposes. For purposes of this subsection, a seller who is not required to file federal income tax returns may deduct a bad debt on a return filed for the period in which the bad debt is written off as uncollectable in the seller's books and records and would be eligible for a bad debt deduction for federal income tax purposes if the seller was required to file a federal income tax return.

4. If a deduction is taken for a bad debt and the debt is subsequently collected in whole or in part, the tax on the amount so collected shall be paid and reported on the return filed for the period in which the collection is made.

5. When the amount of bad debt exceeds the amount of

taxable sales for the period during which the bad debt is written off, a refund claim may be filed by the seller within the applicable statute of limitations for refund claim; however, the statute of limitations shall be measured from the due date of the return on which the bad debt could first be claimed.

6. Where filing responsibilities have been assumed by a certified service provider, such service provider may claim, on behalf of the seller, any bad debt allowance provided by this section. The certified service provider shall credit or refund the full amount of any bad debt allowance or refund received to the seller.

7. For the purposes of reporting a payment received on a previously claimed bad debt, any payments made on a debt or account shall first be applied proportionally to the taxable price of the property or service and the sales tax thereon, and secondly to interest, service charges, and any other charges.

8. In situations where the books and records of the seller, or certified service provider on behalf of the seller, claiming the bad debt allowance support an allocation of the bad debts among the member states, such an allocation shall be permitted.

144.109. 1. Certified service providers providing services to model 1 sellers shall not be certified unless:

(1) The provider's system has been designed and tested to ensure the anonymity of purchasers unless otherwise required by law;

(2) Personally identifiable information is only used and retained to the extent necessary for the administration of model 1 with respect to exempt purchasers, and for the identification

of taxing jurisdictions;

(3) The provider provides consumers with clear and conspicuous notice of its information practices, including what information it collects, how it collects such information, how it uses such information, how long, if at all, it retains such information, and whether it discloses such information to the state. Such notice shall be satisfied by a written privacy policy statement accessible by the public on the certified service provider's website;

(4) The providers's collection, use, and retention of personally identifiable information will be limited to that required by the state to ensure the validity of exemptions from taxation that are claimed by reason of a purchaser's status or the intended use of the goods or services purchased, and for the documentation of correct assignment of taxing jurisdictions; and

(5) The provider provides adequate technical, physical, and administrative safeguards so as to protect personally identifiable information from unauthorized access and disclosure.

2. (1) When any personally identifiable information that has been collected and retained is no longer required for the purposes set forth in subdivision (4) of subsection 1 of this section, such information shall no longer be retained by the state.

(2) When personally identifiable information regarding an individual is retained by or on behalf of the state, the state shall provide reasonable access by such individual to his or her own information in the state's possession, as well as a right to correct any inaccurately recorded information.

(3) If anyone other than the state, or a person authorized by the state, seeks to discover personally identifiable information of an individual, the state shall make a reasonable and timely effort to notify the individual of such request.

3. The attorney general for the state of Missouri shall have the power to enforce the provisions of this section.

144.110. 1. The state shall review software submitted to the streamlined sales and use tax governing board for certification as a certified automated system (CAS) under Section 501 of the streamlined sales and use tax agreement. Such review shall include a review to determine that the program adequately classifies the state's product-based exemptions. Upon completion of the review, the state shall certify to the governing board its acceptance of the classifications made by the system. The state shall relieve a certified service provider (CSP) or model 2 seller from liability to this state and its local jurisdictions for failure to collect sales or use taxes resulting from the CSP or model 2 seller's reliance on the certification provided by the state.

2. The streamlined sales and use tax governing board and this state shall not be responsible for classification of an item or transaction with the product-based exemptions. The relief from liability provided in this section shall not be available for a CSP or model 2 seller that has incorrectly classified an item or transaction into a product-based exemption certified by this state. This subsection shall not apply to the individual listing of items or transactions within a product definition approved by the governing board or the state.

3. If the state determines that an item or transaction is incorrectly classified as to its taxability, it shall notify the CSP or model 2 seller of the incorrect classification. The CSP or model 2 seller shall have ten days to revise the classification after receipt of notice from the state of the determination. Upon expiration of the ten days, such CSP or model 2 seller shall be liable for failure to collect the correct amount of sales or use taxes due and owing to the state.

144.111. 1. (1) All retail sales in Missouri, excluding leases and rentals, of tangible personal property or digital goods shall be sourced to the location where the order is received by the seller.

(2) This subsection shall apply only if:

(a) The location where the order is received by the seller and the location where the purchaser receives the product are both in Missouri;

(b) The location where receipt of the product by the purchaser occurs is determined in accordance with subsection 2 of this section; and

(c) At the time the order is received, the recordkeeping system of the seller used to calculate the proper amount of sales or use tax to be imposed captures the location where the order is received.

(3) When the sale is sourced under this section to the location where the order is received by the seller, only the sales tax for the location where the order is received by the seller may be levied. No additional sales or use tax based on the location where the product is delivered to the purchaser may

be levied on that sale. The purchaser shall not be entitled to any refund if the combined state and local rate or rates at the location where the product is received by the purchaser is lower than the rate where the order is received by the seller.

(4) A purchaser shall have no additional liability to the state for tax, penalty, or interest on a sale for which the purchaser remits tax to the seller in the amount invoiced by the seller if such invoice amount is calculated at either the rate applicable to the location where receipt by the purchaser occurs or at the rate applicable to the location where the order is received by the seller. A purchaser may rely on a written representation by the seller as to the location where the order for such sale was received by the seller. When the purchaser does not have a written representation by the seller as to the location where the order for such sale was received by the seller, the purchaser may use a location indicated by a business address for the seller that is available from the business records of the purchaser that are maintained in the ordinary course of the purchaser's business to determine the rate applicable to the location where the order was received.

(5) The location where the order is received by or on behalf of the seller means the physical location of a seller or third party such as an established outlet, office location, or automated order receipt system operated by or on behalf of the seller where an order is initially received by or on behalf of the seller and not where the order may be subsequently accepted, completed, or fulfilled. An order is received when all of the information from the purchaser necessary to the determination

whether the order can be accepted has been received by or on behalf of the seller. The location from which a product is shipped shall not be used in determining the location where the order is received by the seller.

(6) When taxable services are sold with tangible personal property or digital products pursuant to a single contract or in the same transaction, are billed on the same billing statement or statements, and, because of the application of this section, would be sourced to different jurisdictions, this subsection shall apply to determine the source for tax.

2. Except as provided in section 144.112, when the location where the order is received by the seller and the location where the receipt of the product by the purchaser (or the purchaser's donee, designated as such by the purchaser) occurs are in different states, the retail sale, excluding lease or rental, of a product shall be sourced as follows:

(1) When the product is received by the purchaser at a business location of the seller, the sale shall be sourced to such business location;

(2) When the product is not received by the purchaser at a business location of the seller, the sale shall be sourced to the location where receipt by the purchaser (or the purchaser's donee, designated as such by the purchaser) occurs, including the location indicated by instructions for delivery to the purchaser or donee, known to the seller;

(3) When subdivisions (1) and (2) of this subsection do not apply, the sale shall be sourced to the location indicated by an address for the purchaser that is available from the business

records of the seller that are maintained in the ordinary course of the seller's business when use of this address does not constitute bad faith;

(4) When subdivisions (1), (2), and (3) of this subsection do not apply, the sale shall be sourced to the location indicated by an address for the purchaser obtained during the consummation of the sale, including the address of a purchaser's payment instrument, if no other address is available, when use of this address does not constitute bad faith;

(5) When none of the previous rules of subdivisions (1), (2), (3), and (4) of this subsection apply, including the circumstances in which the seller is without sufficient information to apply the previous rules, then the location will be determined by the address from which tangible personal property was shipped, from which the digital good or computer software delivered electronically was first available for transmission from the seller, or from which the service was provided (disregarding for these purposes any location that merely provided the digital transfer of the product sold).

3. Notwithstanding subsections 1 and 2 of this section, all sales of motor vehicles, trailers, semi-trailers, watercraft, outboard motors, and aircraft that do not qualify as transportation equipment shall be sourced to the address of the owner thereof.

4. The lease or rental of tangible personal property, other than property identified in subsection 2 or 3 of this section or transactions regulated under sections 407.660 to 407.665, shall be sourced as follows:

(1) For a lease or rental that requires recurring periodic payments, the first periodic payment is sourced the same as a retail sale in accordance with the provisions of subsection 2 of this section. Periodic payments made subsequent to the first payment are sourced to the primary property location for each period covered by the payment. The primary property location shall be as indicated by an address for the property provided by the lessee that is available to the lessor from its records maintained in the ordinary course of business, when use of this address does not constitute bad faith. The property location shall not be altered by intermittent use at different locations, such as use of business property that accompanies employees on business trips and service calls;

(2) For a lease or rental that does not require recurring periodic payments, the payment is sourced the same as a retail sale in accordance with the provisions of subsection 2 of this section;

(3) This subsection does not affect the imposition or computation of sales or use tax on leases or rentals based on a lump sum or accelerated basis, or on the acquisition of property for lease.

5. The lease or rental of motor vehicles, trailers, semi-trailers, or aircraft that do not qualify as transportation equipment, as defined in section 144.010, shall be sourced as follows:

(1) For a lease or rental that requires recurring periodic payments, each periodic payment is sourced to the primary property location. The primary property location shall be as

indicated by an address for the property provided by the lessee that is available to the lessor from its records maintained in the ordinary course of business, when use of such address does not constitute bad faith. Such location shall not be altered by intermittent use at different locations;

(2) For a lease or rental that does not require recurring periodic payments, the payment is sourced the same as a retail sale in accordance with the provisions of subsection 2 of this section;

(3) This subsection does not affect the imposition or computation of sales or use tax on leases or rentals based on a lump sum or accelerated basis, or on the acquisition of property for lease.

6. The retail sale, including lease or rental, of transportation equipment shall be sourced the same as a retail sale in accordance with the provisions of subsection 2 of this section, notwithstanding the exclusion of lease or rental in subsection 2 of this section.

144.112. 1. The retail sale of a product shall be sourced in accordance with section 144.111. The provisions of section 144.111 shall apply regardless of the characterization of a product as tangible personal property, a digital good, or a service. The provisions of section 144.111 shall only apply to determine a seller's obligation to pay or collect and remit sales or use tax with respect to the seller's retail sale of a product. The provisions of this subsection shall not affect the obligation of a purchaser or lessee to remit tax on the use of the product to the taxing jurisdictions of that use.

2. Section 144.111 shall not apply to sales or use taxes levied on the following:

(1) Retail sales or transfers of watercraft, modular homes, manufactured homes, or mobile homes; and

(2) Telecommunications services and ancillary services.

144.113. 1. (1) A purchaser of advertising and promotional direct mail may provide the seller with either:

(a) A direct pay permit;

(b) An agreement certificate of exemption claiming direct mail (or other written statement approved, authorized, or accepted by the state); or

(c) Information showing the jurisdictions to which the advertising and promotional direct mail is to be delivered to recipients.

(2) If the purchaser provides the permit, certificate, or statement referred to in paragraph (a) or (b) of subdivision (1) of this subsection, the seller, in the absence of bad faith, is relieved of all obligations to collect, pay, or remit any tax on any transaction involving advertising and promotional direct mail to which the permit, certificate, or statement applies. The purchaser shall source the sale to the jurisdictions to which the advertising and promotional direct mail is to be delivered to the recipients and shall report and pay any applicable tax due.

(3) If the purchaser provides the seller information showing the jurisdictions to which the advertising and promotional direct mail is to be delivered to recipients, the seller shall source the sale to the jurisdictions to which the advertising and promotional direct mail is to be delivered and

shall collect and remit the applicable tax. In the absence of bad faith, the seller is relieved of any further obligation to collect any additional tax on the sale of advertising and promotional direct mail where the seller has sourced the sale according to the delivery information provided by the purchaser.

(4) If the purchaser does not provide the seller with any of the items listed in paragraph (a), (b), or (c) of subdivision (1) of this subsection, the sale shall be sourced according to subdivision (5) of subsection 2 of section 144.111. The state to which the advertising and promotional direct mail is delivered may disallow credit for tax paid on sales sourced under this subdivision.

(5) Notwithstanding section 144.111, this subsection shall apply to sales of advertising and promotional direct mail.

2. (1) Except as otherwise provided in this subsection, sales of other direct mail are sourced in accordance with subdivision (3) of subsection 2 of section 144.111.

(2) A purchaser of other direct mail may provide the seller with either:

(a) A direct pay permit; or

(b) An agreement certificate of exemption claiming direct mail (or other written statement approved, authorized, or accepted by the state).

(3) If the purchaser provides the permit, certificate, or statement referred to in paragraph (a) or (b) of subdivision (2) of this subsection, the seller, in the absence of bad faith, is relieved of all obligations to collect, pay, or remit any tax on any transaction involving other direct mail to which the permit,

certificate, or statement apply. Notwithstanding subdivision (1) of this subsection, the sale shall be sourced to the jurisdictions to which the other direct mail is to be delivered to the recipients and the purchaser shall report and pay applicable tax due.

(4) Notwithstanding section 144.111, this subsection shall apply to sales of other direct mail.

3. (1) (a) This section applies to a transaction characterized under state law as the sale of services only if the service is an integral part of the production and distribution of printed material that meets the definition of direct mail.

(b) This section does not apply to any transaction that includes the development of billing information or the provision of any data processing service that is more than incidental regardless of whether advertising and promotional direct mail is included in the same mailing.

(2) If a transaction is a bundled transaction that includes advertising and promotion direct mail, this section applies only if the primary purpose of the transaction is the sale of products or services that meet the definition of advertising and promotional direct mail.

(3) Nothing in this section shall limit any purchaser's:

(a) Obligation for sales or use tax to any state to which the direct mail is delivered;

(b) Right under local, state, federal, or constitutional law, to a credit for sales or use taxes legally due and paid to other jurisdictions; or

(c) Right to a refund of sales or use taxes overpaid to any

jurisdiction.

(4) This section applies for purposes of uniformly sourcing direct mail transactions and does not impose requirements on states regarding the taxation of products that meet the definition of direct mail or to the application of sales for resale or other exemptions.

[144.043.] 144.114. 1. [As used in this section, the following terms mean:

(1) "Light aircraft", a light airplane that seats no more than four persons, with a gross weight of three thousand pounds or less, which is primarily used for recreational flying or flight training;

purchased in another state or country. Such purchaser shall not base such aircraft in this state and such purchaser shall not be a resident of the state unless such purchaser has paid sales or use tax on such aircraft in another state.

2. In addition to the exemptions granted under the provisions of section 144.030, there shall also be specifically exempted from the provisions of sections 144.010 to 144.525, sections 144.600 to 144.748, section 238.235, and from the provisions of any local sales tax law, as defined in section 32.085, and from the computation of the tax levied, assessed or payable under sections 144.010 to 144.525, sections 144.600 to 144.748, section 238.235, and under any local sales tax law, as defined in section 32.085, all sales of new light aircraft, light aircraft kits, parts or components manufactured or substantially completed within this state, when such new light aircraft, light aircraft kits, parts or components are sold by the manufacturer to a qualified purchaser. The director of revenue shall prescribe the manner for a purchaser of a light aircraft, light aircraft kit, parts or components to establish that such person is a qualified purchaser and is eligible for the exemption established in this section] Except for the defined telecommunication services in subsection 3 of this section, the sale of telecommunication service sold on a call-by-call basis shall be sourced to:

(1) Each level of taxing jurisdiction where the call originates and terminates in that jurisdiction; or

(2) Each level of taxing jurisdiction where the call either originates or terminates and in which the service address is also

located.

2. Except for the defined telecommunication services in subsection 3 of this section, a sale of telecommunications services sold on a basis other than a call-by-call basis, is sourced to the customer's place of primary use.

3. The sale of the following telecommunication services shall be sourced to each level of taxing jurisdiction as follows:

(1) A sale of mobile telecommunications services other than air-to-ground radiotelephone service and prepaid calling service, is sourced to the customer's place of primary use as required by the Mobile Telecommunications Sourcing Act;

(2) A sale of post-paid calling service is sourced to the origination point of the telecommunications signal as first identified by either:

(a) The seller's telecommunications system; or

(b) Information received by the seller from its service provider, where the system used to transport such signals is not that of the seller;

(3) A sale of prepaid calling service or a sale of a prepaid wireless calling service is sourced in accordance with section 144.111, provided however, in the case of a sale of prepaid wireless calling service, the rule provided in subdivision (5) of subsection 2 of section 144.111 shall include as an option the location associated with the mobile telephone number;

4. The sale of internet access service is sourced to the customer's place of primary use.

5. The sale of an ancillary service is sourced to the customer's place of primary use.

144.123. 1. The director shall provide and maintain a database that describes boundary changes for all taxing jurisdictions and the effective dates of such changes for sales and use tax purposes.

2. The director shall provide and maintain a database of all sales and use tax rates for all taxing jurisdictions. For

the identification of counties and cities, codes corresponding to the rates shall be provided according to Federal Information Processing Standards (FIPS) as developed by the National Institute of Standards and Technology. For the identification of all other jurisdictions, codes corresponding to the rates shall be in a format determined by the director.

3. The director shall provide and maintain a database that assigns each five- and nine-digit zip code to the proper rates and taxing jurisdictions. The lowest combined tax rate imposed in the zip code area shall apply if the area includes more than one tax rate in any level of taxing jurisdiction. If a nine-digit zip code designation is not available for a street address, or if a seller or a certified service provider (CSP) is unable to determine the nine-digit zip code designation applicable to a purchase after exercising due diligence to determine the designation, the seller or CSP may apply the rate for the five-digit zip code area. For purposes of this section, there shall be a rebuttable presumption that a seller or CSP has exercised due diligence if the seller has attempted to determine the nine-digit zip code designation by utilizing software approved by the governing board that makes this designation from the street address and the five-digit zip code applicable to a purchase.

4. The director may provide address-based boundary database records for assigning taxing jurisdictions and associated rates which shall be in addition to the requirements of subsection 3 of this section. The database records shall be in the same approved format as the database records required under subsection 3 of this section and shall meet the requirements developed pursuant

to the federal Mobile Telecommunications Sourcing Act, 4 U.S.C. Section 119(a). If the director develops address-based assignment database records pursuant to the agreement, sellers that register under the agreement shall be required to use such database. A seller or CSP shall use such database records in place of the five- and nine-digit zip code database records provided for in subsection 3 of this section. If a seller or CSP is unable to determine the applicable rate and jurisdiction using an address-based database record after exercising due diligence, the seller or CSP may apply the nine-digit zip code designation applicable to a purchase. If a nine-digit zip code designation is not available for a street address or if a seller or CSP is unable to determine the nine-digit zip code designation applicable to a purchase after exercising due diligence to determine the designation, the seller or CSP may apply the rate for the five-digit zip code area. For the purposes of this section, there shall be a rebuttable presumption that a seller or CSP has exercised due diligence if the seller or CSP has attempted to determine the tax rate and jurisdiction by utilizing software approved by the director and makes the assignment from the address and zip code information applicable to the purchase. If the director has met the requirements of subsection 3 of this section, the director may also elect to certify vendor provided address-based databases for assigning tax rates and jurisdictions. The databases shall be in the same approved format as the database records under this section and meet the requirements developed pursuant to the federal Mobile Telecommunications Sourcing Act, 4 U.S.C. Section 119(a). If the

director certifies a vendor address-based database, a seller or CSP may use such database in place of the database provided for in this subsection.

5. The electronic databases provided for in subsections 1, 2, 3, and 4 of this section shall be in downloadable format as determined by the director. The databases may be directly provided by the director or provided by a vendor as designated by the director. A database provided by a vendor as designated by the director shall be applicable and subject to the provisions of section 144.1031 and this section. The databases shall be provided at no cost to the user of the database. The provisions of subsections 3 and 4 of this section shall not apply when the purchased product is received by the purchaser at the business location of the seller.

6. No seller or CSP shall be liable for reliance upon erroneous data provided by the director on tax rates, boundaries, or taxing jurisdiction assignments.

144.124. 1. The director shall complete a taxability matrix. The state's entries in the matrix shall be provided and maintained by the director in a database that is in a downloadable format.

2. The director shall provide reasonable notice of changes in the taxability of the products or services listed in the taxability matrix.

3. A seller or CSP shall be relieved from liability to this state or any local taxing jurisdiction for having charged and collected the incorrect amount of state or local sales or use tax resulting from such seller's or CSP's reliance upon erroneous

data provided by the director in the taxability matrix.

144.125. 1. (1) Amnesty shall be granted for uncollected or unpaid sales or use tax to a seller who registers to pay or to collect and remit applicable sales or use tax on sales made to purchasers in this state in accordance with the terms of the agreement, provided that the seller was not so registered in this state in the twelve-month period preceding the effective date of this state's participation in the agreement.

(2) Amnesty shall preclude assessment for uncollected or unpaid sales or use tax together with penalty or interest for sales made during the period the seller was not registered in this state, provided registration occurs within twelve months of the effective date of this state's participation in the agreement.

(3) Amnesty shall be provided if this state joins the agreement after the seller has registered.

2. Amnesty shall not be available to a seller with respect to any matter or matters for which the seller received notice of the commencement of an audit and which audit is not yet finally resolved including any related administrative and judicial processes. The amnesty shall not be available for sales or use taxes already paid or remitted to this state or to taxes collected by the seller.

3. Amnesty provided under this section shall be fully effective, absent the seller's fraud or intentional misrepresentation of a material fact, as long as the seller continues registration and payment or collection and remittance of applicable sales or use taxes for a period of at least thirty-

six months. The statute of limitations applicable to asserting a tax liability during this thirty-six month period shall be tolled.

4. Amnesty provided under this section shall be applicable only to sales or use taxes due from a seller in its capacity as a seller and not to sales or use taxes due from a seller in its capacity as a purchaser.

5. The provisions of this section shall become effective as of the date that the state joins and becomes a member state of the agreement.

144.140. 1. From every remittance to the director of revenue made on or before the date when the same becomes due, the person required to remit the same shall be entitled to deduct and retain an amount equal to two percent thereof.

2. Notwithstanding any other provision of law to the contrary, for all tax years beginning on or after January 1, 2019, no deduction under subsection 1 of this section shall be allowed.

3. If the director of the department of revenue enters into the streamlined sales and use tax agreement under section 32.070, the director shall provide a monetary allowance from the taxes collected to each of the following:

(1) A CSP, in accordance with the agreement and under the terms of the contract signed with the provider, provided that such allowance shall be funded entirely from money collected in Model 1;

(2) Any vendor registered under the agreement that selects a certified automated system to perform part of its sales or use

tax functions;

(3) Any vendor registered under the agreement that uses a proprietary system to calculate taxes due and has entered into a performance agreement with states that are members of the streamlined sales and use tax agreement.

4. The monetary allowance provided for vendors in subdivision (2) or (3) of subsection 1 of this section shall be determined in accordance with the agreement entered into with these parties by the governing board.

144.190. 1. If a tax has been incorrectly computed by reason of a clerical error or mistake on the part of the director of revenue, such fact shall be set forth in the records of the director of revenue, and the amount of the overpayment shall be credited on any taxes then due from the person legally obligated to remit the tax pursuant to sections 144.010 to 144.525, and the balance shall be refunded to the person legally obligated to remit the tax, such person's administrators or executors, as provided for in section 144.200.

2. If any tax, penalty or interest has been paid more than once, or has been erroneously or illegally collected, or has been erroneously or illegally computed, such sum shall be credited on any taxes then due from the person legally obligated to remit the tax pursuant to sections 144.010 to 144.525, and the balance, with interest as determined by section 32.065, shall be refunded to the person legally obligated to remit the tax, but no such credit or refund shall be allowed unless duplicate copies of a claim for refund are filed within three years from date of overpayment.

3. Every claim for refund must be in writing and signed by the applicant, and must state the specific grounds upon which the claim is founded. Any refund or any portion thereof which is erroneously made, and any credit or any portion thereof which is erroneously allowed, may be recovered in any action brought by the director of revenue against the person legally obligated to remit the tax. In the event that a tax has been illegally imposed against a person legally obligated to remit the tax, the director of revenue shall authorize the cancellation of the tax upon the director's record.

4. Notwithstanding the provisions of section 32.057, a purchaser that originally paid sales or use tax to a vendor or seller may submit a refund claim directly to the director of revenue for such sales or use taxes paid to such vendor or seller and remitted to the director, provided no sum shall be refunded more than once, any such claim shall be subject to any offset, defense, or other claim the director otherwise would have against either the purchaser or vendor or seller, and such claim for refund is accompanied by either:

(1) A notarized assignment of rights statement by the vendor or seller to the purchaser allowing the purchaser to seek the refund on behalf of the vendor or seller. An assignment of rights statement shall contain the Missouri sales or use tax registration number of the vendor or seller, a list of the transactions covered by the assignment, the tax periods and location for which the original sale was reported to the director of revenue by the vendor or seller, and a notarized statement signed by the vendor or seller affirming that the vendor or

seller has not received a refund or credit, will not apply for a refund or credit of the tax collected on any transactions covered by the assignment, and authorizes the director to amend the seller's return to reflect the refund; or

(2) In the event the vendor or seller fails or refuses to provide an assignment of rights statement within sixty days from the date of such purchaser's written request to the vendor or seller, or the purchaser is not able to locate the vendor or seller or the vendor or seller is no longer in business, the purchaser may provide the director a notarized statement confirming the efforts that have been made to obtain an assignment of rights from the vendor or seller. Such statement shall contain a list of the transactions covered by the assignment, the tax periods and location for which the original sale was reported to the director of revenue by the vendor or seller.

The director shall not require such vendor, seller, or purchaser to submit amended returns for refund claims submitted under the provisions of this subsection. Notwithstanding the provisions of section 32.057, if the seller is registered with the director for collection and remittance of sales tax, the director shall notify the seller at the seller's last known address of the claim for refund. If the seller objects to the refund within thirty days of the date of the notice, the director shall not pay the refund. If the seller agrees that the refund is warranted or fails to respond within thirty days, the director may issue the refund and amend the seller's return to reflect the refund. For purposes of

section 32.069, the refund claim shall not be considered to have been filed until the seller agrees that the refund is warranted or thirty days after the date the director notified the seller and the seller failed to respond.

5. Notwithstanding the provisions of section 32.057, when a vendor files a refund claim on behalf of a purchaser and such refund claim is denied by the director, notice of such denial and the reason for the denial shall be sent by the director to the vendor and each purchaser whose name and address is submitted with the refund claim form filed by the vendor. A purchaser shall be entitled to appeal the denial of the refund claim within sixty days of the date such notice of denial is mailed by the director as provided in section 144.261. The provisions of this subsection shall apply to all refund claims filed after August 28, 2012. The provisions of this subsection allowing a purchaser to appeal the director's decision to deny a refund claim shall also apply to any refund claim denied by the director on or after January 1, 2007, if an appeal of the denial of the refund claim is filed by the purchaser no later than September 28, 2012, and if such claim is based solely on the issue of the exemption of the electronic transmission or delivery of computer software.

6. Notwithstanding the provisions of this section, the director of revenue shall authorize direct-pay agreements to purchasers which have annual purchases in excess of seven hundred fifty thousand dollars pursuant to rules and regulations adopted by the director of revenue. For the purposes of such direct-pay agreements, the taxes authorized pursuant to chapters 66, 67, 70, 92, 94, 162, 190, 238, 321, and 644 shall be remitted based upon

the location of the place of business of the purchaser.

7. Special rules applicable to error corrections requested by customers of mobile telecommunications service are as follows:

(1) For purposes of this subsection, the terms "customer", "home service provider", "place of primary use", "electronic database", and "enhanced zip code" shall have the same meanings as defined in the Mobile Telecommunications Sourcing Act incorporated by reference in section 144.013;

(2) Notwithstanding the provisions of this section, if a customer of mobile telecommunications services believes that the amount of tax, the assignment of place of primary use or the taxing jurisdiction included on a billing is erroneous, the customer shall notify the home service provider, in writing, within three years from the date of the billing statement. The customer shall include in such written notification the street address for the customer's place of primary use, the account name and number for which the customer seeks a correction of the tax assignment, a description of the error asserted by the customer and any other information the home service provider reasonably requires to process the request;

(3) Within sixty days of receiving the customer's notice, the home service provider shall review its records and the electronic database or enhanced zip code to determine the customer's correct taxing jurisdiction. If the home service provider determines that the review shows that the amount of tax, assignment of place of primary use or taxing jurisdiction is in error, the home service provider shall correct the error and, at its election, either refund or credit the amount of tax

erroneously collected to the customer for a period of up to three years from the last day of the home service provider's sixty-day review period. If the home service provider determines that the review shows that the amount of tax, the assignment of place of primary use or the taxing jurisdiction is correct, the home service provider shall provide a written explanation of its determination to the customer.

8. For all refund claims submitted to the department of revenue on or after September 1, 2003, notwithstanding any provision of this section to the contrary, if a person legally obligated to remit the tax levied pursuant to sections 144.010 to 144.525 has received a refund of such taxes for a specific issue and submits a subsequent claim for refund of such taxes on the same issue for a tax period beginning on or after the date the original refund check issued to such person, no refund shall be allowed. This subsection shall not apply and a refund shall be allowed if the refund claim is filed by a purchaser under the provisions of subsection 4 of this section, the refund claim is for use tax remitted by the purchaser, or an additional refund claim is filed by a person legally obligated to remit the tax due to any of the following:

(1) Receipt of additional information or an exemption certificate from the purchaser of the item at issue;

(2) A decision of a court of competent jurisdiction or the administrative hearing commission; or

(3) Changes in regulations or policy by the department of revenue.

9. Notwithstanding any provision of law to the contrary,

the director of revenue shall respond to a request for a binding letter ruling filed in accordance with section 536.021 within sixty days of receipt of such request. If the director of revenue fails to respond to such letter ruling request within sixty days of receipt by the director, the director of revenue shall be barred from pursuing collection of any assessment of sales or use tax with respect to the issue which is the subject of the letter ruling request. For purposes of this subsection, the term "letter ruling" means a written interpretation of law by the director to a specific set of facts provided by a specific taxpayer or his or her agent.

10. If any tax was paid more than once, was incorrectly collected, or was incorrectly computed, such sum shall be credited on any taxes then due from the person legally obligated to remit the tax pursuant to sections 144.010 to 144.510 against any deficiency or tax due discovered through an audit of the person by the department of revenue through adjustment during the same tax filing period for which the audit applied.

11. A cause of action against the seller by a purchaser for a tax erroneously or illegally collected under this chapter does not accrue until a purchaser has provided written notice to a seller and the seller has had sixty days to respond. Such notice to the seller must contain the information necessary to determine the validity of the request. A seller shall be presumed to have a reasonable business practice if in the collection of such tax, the seller uses a provider or a system certified by the director and has remitted to the state all tax collected less any deductions, credits, or allowances.

144.210. 1. The burden of proving that a sale of tangible personal property, services, substances or things was not a sale at retail shall be upon the person who made the sale, except that with respect to sales, services, or transactions provided for in section 144.070. [The seller shall obtain and maintain exemption certificates signed by the purchaser or his agent as evidence for any exempt sales claimed; provided, however, that before any administrative tribunal of this state, a seller may prove that sale is exempt from tax under this chapter in accordance with proof admissible under the applicable rules of evidence; except that when a purchaser has purchased tangible personal property or services sales tax free under a claim of exemption which is found to be improper, the director of revenue may collect the proper amount of tax, interest, additions to tax and penalty from the purchaser directly. Any tax, interest, additions to tax or penalty collected by the director from the purchaser shall be credited against the amount otherwise due from the seller on the purchases or sales where the exemption was claimed.]

2. If the director of revenue is not satisfied with the return and payment of the tax made by any person, he is hereby authorized and empowered to make an additional assessment of tax due from such person, based upon the facts contained in the return or upon any information within his possession or that shall come into his possession.

3. The director of revenue shall give to the person written notice of such additional or revised assessment by certified or registered mail to the person at his or its last known address.

144.212. 1. In addition to all other provisions of law

provided for exemptions, when an exemption is claimed by a purchaser:

(1) The seller shall obtain identifying information of the purchaser and the reason for claiming a tax exemption at the time of the purchase;

(2) A purchaser shall not be required to provide a signature to claim an exemption from tax unless a paper exemption certificate is used;

(3) The seller shall use the standard form for claiming an exemption electronically prescribed by the director of the department of revenue and acceptable to the streamlined sales and use tax governing board;

(4) The seller shall obtain the same information for proof of a claimed exemption regardless of the medium in which the transaction occurred;

(5) The seller shall maintain proper records of exempt transactions and provide such records to the director of the department of revenue or the director's designee upon request;

(6) In the case of drop shipment sales, a third-party vendor, such as a drop shipper, may claim a resale exemption based on an exemption certificate provided by its customer or any other acceptable information available to the third-party vendor evidencing qualification for a resale exemption, regardless of whether the customer is registered to collect and remit sales and use tax in the state where the sale is sourced.

2. Sellers that comply with the requirements of this section shall be relieved from collecting and remitting tax otherwise applicable if it is determined that the purchaser

improperly claimed an exemption and such purchaser shall be liable for the nonpayment of tax. Relief from liability provided under this section shall not apply to a seller who fraudulently fails to collect tax; to a seller who solicits purchasers to participate in the unlawful claim of an exemption; to a seller who accepts an exemption certificate when the purchaser claims an entity-based exemption when the subject of the transaction sought to be covered by the exemption certificate is actually received by the purchaser at a location operated by the seller and the state in which that location resides provides an exemption certificate that clearly and affirmatively indicates that the claimed exemption is not available in such state; or to a seller who accepts an exemption certificate claiming multiple points of use for tangible personal property other than computer software for which an exemption claiming multiple points of use.

(1) A seller shall be relieved from collecting and remitting tax otherwise applicable if the seller obtains a fully completed exemption certificate or captures the relevant data elements required under the agreement within ninety days subsequent to the date of sale.

(2) If a seller fails to obtain an exemption certificate or all relevant data elements as provided in this section, the seller may, within one hundred twenty days subsequent to a request for substantiation by the director of the department of revenue or the director's designee, either prove that the transaction was not subject to tax by other means or obtain a fully completed exemption certificate from the purchaser, taken in good faith.

3. Nothing in this section shall affect the ability of the director of the department of revenue or the director's designee to require purchasers to update exemption certificate information or to reapply with the state to claim certain exemptions.

4. Notwithstanding the provisions of subsection 2 of this section to the contrary, the director shall relieve a seller of the tax otherwise applicable if the seller obtains a blanket exemption certificate for a purchaser with which the seller has a recurring business relationship. The director shall not request from the seller renewal of blanket certificates or updates of exemption certificate information or data elements when there is a recurring business relationship between the buyer and seller. For purposes of this section, a recurring business relationship exists when a period of no more than twelve months elapses between sales transactions.

144.285. 1. [In order to permit sellers required to collect and report the sales tax to collect the amount required to be reported and remitted, but not to change the requirements of reporting or remitting tax or to serve as a levy of the tax, and in order to avoid fractions of pennies, the director of revenue shall establish brackets, showing the amounts of tax to be collected on sales of specified amounts, which shall be applicable to all taxable transactions] When the seller is computing the amount of tax owed by the purchaser and remitted to the state:

(1) Tax computation shall be carried to the third decimal place; and

(2) The tax shall be rounded to a whole cent using a method

that rounds up to the next cent whenever the third decimal place is greater than four.

2. [In all instances where statements covering taxable purchases are rendered to the taxpayer on a monthly or other periodic basis, the amount of tax shall be determined by applying the applicable tax rate to the taxable purchases represented on the statement, rounded to the nearest whole cent, or by application of the brackets established by the director of revenue, at the option of the retail vendor] Sellers may elect to compute the tax due on a transaction on an item or an invoice basis. The provision of this subsection may be applied to the aggregated state and local taxes.

3. No vendor or seller shall knowingly charge or receive from a purchaser as a sales tax any sum in excess of the sums provided for in this section.

4. [A vendor may, at his option, determine the amount charged to and received from each purchaser by use of a formula which applies the applicable tax rate to each taxable purchase, rounded to the nearest whole cent. The formula shall be uniformly and consistently applied to all purchases similarly situated.

5.] Amounts which a vendor charges to and receives from the purchaser in accordance with this section shall not be includable in his gross receipts if the amounts are separately charged or stated.

[6.] 5. If sales tax for one or more local political subdivisions is owed by a taxpayer pursuant to chapter 66, 67, 92, or 94 and that taxpayer remits less than all sales tax due

for a filing period specified in section 144.080, the director of revenue shall deposit the tax remitted proportionately to each taxing jurisdiction in accordance with the percentage that each such jurisdiction's share of the tax due for the filing period bears to the total tax due from such taxpayer for such period. The unpaid balance due along with penalties and interest shall be similarly prorated among the state and all local jurisdictions for which tax was due during the filing period for which an underpayment occurs. The provisions of this subsection shall apply to all returns or remittances relating to sales made on or after January 1, 1984.

144.526. 1. This section shall be known and may be cited as the "Show Me Green Sales Tax Holiday".

2. [For purposes of this section, the following terms mean:

(1) "Appliance", clothes washers and dryers, water heaters, trash compactors, dishwashers, conventional ovens, ranges, stoves, air conditioners, furnaces, refrigerators and freezers; and

(2) "Energy star certified", any appliance approved by both the United States Environmental Protection Agency and the United States Department of Energy as eligible to display the energy star label, as amended from time to time.

3.] In each year beginning on or after January 1, 2009, there is hereby specifically exempted from state sales tax law and all local sales and use taxes all retail sales of any [energy star certified] new appliance that is an energy star qualified product with a sales price of, up to one thousand five hundred dollars per appliance, during a seven-day period beginning at

12:01 a.m. on April nineteenth and ending at midnight on April twenty-fifth. Where a purchaser and seller are located in two different time zones, the time zone of the seller's location shall determine the authorized exemption period.

[4. A political subdivision may allow the sales tax holiday under this section to apply to its local sales taxes by enacting an ordinance to that effect. Any such political subdivision shall notify the department of revenue not less than forty-five calendar days prior to the beginning date of the sales tax holiday occurring in that year of any such ordinance or order.

5. This section may not apply to any retailer when less than two percent of the retailer's merchandise offered for sale qualifies for the sales tax holiday. The retailer shall offer a sales tax refund in lieu of the sales tax holiday.]

3. A sale of property which is eligible for an exemption under subsection 1 of this section but is purchased under a layaway sale shall only qualify for an exemption if:

(1) Final payment on a layaway order is made by, and the property is given to, the purchaser during the exemption period;  
or

(2) The purchaser selects the property and the seller accepts the order for the property during the exemption period, for immediate delivery upon full payment, even if delivery is made after the exemption period.

4. The exemption of a bundled transaction shall be calculated as provided by law for all other bundled transactions.

5. (1) For any discount offered by a seller that is a reduction of the sales price of the product, the discounted sales

price shall determine whether the sales price falls below the price threshold provided in subsection 1 of this section. A coupon that reduces the sales price shall be treated as a discount only if the seller is not reimbursed for the coupon amount by a third party.

(2) If a discount applies to the total amount paid by a purchaser rather than to the sales price of a particular product and the purchaser has purchased both exempt property and taxable property, the seller shall allocate the discount based on the total sales prices of the taxable property compared to the total sales prices of all property sold in the same transaction.

6. Items that are normally sold as a single unit shall continue to be sold in that manner and shall not be priced separately and sold as individual items.

7. Items that are purchased during an exemption period but that are not delivered to the purchaser until after the exemption period due to the item not being in stock shall qualify for an exemption. The provisions of this subsection shall not apply to an item that was delivered during an exemption period but was purchased prior to or after the exemption period.

8. (1) If a purchaser purchases an item of eligible property during an exemption period, but later exchanges the item for a similar eligible item after the exemption period, no additional tax shall be due on the new item.

(2) If a purchaser purchases an item of eligible property during an exemption period, but later returns the item after the exemption period and receives credit on the purchase of a different nonexempt item, the appropriate sales tax shall be due

on the sale of the newly purchased item.

(3) If a purchaser purchases an item of eligible property before an exemption period, but during the exemption period returns the item and receives credit on the purchase of a different item of eligible property, no sales tax shall be due on the sale of the new item if the new item is purchased during the exemption period.

(4) For a sixty day period immediately following the end of the exemption period, if a purchaser returns an exempt item no credit for or refund of sales tax shall be given unless the purchaser provides a receipt or invoice that shows tax was paid, or the seller has sufficient documentation to show that tax was paid on the item being returned.

9. For items that require delivery, an item shall be considered exempt if:

(1) The item is both delivered to and paid for by the purchaser during the exemption period; or

(2) The purchaser orders and pays for the item and the seller accepts the order during the exemption period for immediate shipment, even if delivery is made after the exemption period. For the purposes of this subdivision, a seller shall be considered to have accepted an order when the seller has taken action to fill the order for immediate shipment. Actions to fill an order shall include placement of an "in date" stamp on a mail order or the assignment of an "order number" to a telephone order. An order shall be considered for immediate shipment when the purchaser does not request delayed shipment. An order shall be considered for immediate shipment notwithstanding a shipment

that may be delayed because of a backlog of orders or because an item is currently unavailable or on back order.

144.600. 1. This law may be cited as the "Compensating Use Tax Law".

2. All provisions in sections 144.010 to 144.527 with respect to sales into this state by out-of-state sellers apply to the Compensating Use Tax Law.

144.612. A vendor is required to register with the director under this chapter for the collection and remittance of use tax if the vendor is engaged in business activities within this state. For purposes of this chapter, "engages in business activities within this state" includes:

(1) Maintaining or having a franchisee or licensee operating under the seller's trade name in this state if the franchisee or licensee is required to collect sales tax pursuant to sections 144.010 to 144.525;

(2) Soliciting sales or taking orders by sales agents or traveling representatives;

(3) A vendor is presumed to engage in business activities within this state if any person, other than a common carrier acting in its capacity as such, that has substantial nexus with this state:

(a) Sells a similar line of products as the vendor and does so under the same or a similar business name;

(b) Maintains an office, distribution facility, warehouse, or storage place, or similar place of business in the state to facilitate the delivery of property or services sold by the vendor to the vendor's customers;

(c) Delivers, installs, assembles, or performs maintenance services for the vendor's customers within the state;

(d) Facilitates the vendor's delivery of property to customers in the state by allowing the vendor's customers to pick up property sold by the vendor at an office, distribution facility, warehouse, storage place, or similar place of business maintained by the person in the state; or

(e) Conducts any other activities in the state that are significantly associated with the vendor's ability to establish and maintain a market in the state for the sales;

(4) The presumption in subdivision (3) of this section may be rebutted by demonstrating that the person's activities in the state are not significantly associated with the vendor's ability to establish or maintain a market in this state for the vendor's sales;

(5) Notwithstanding subdivision (3) of this section, a vendor shall be presumed to engage in business activities within this state if the vendor enters into an agreement with one or more residents of this state under which the resident, for a commission or other consideration, directly or indirectly refers potential customers, whether by a link on an internet website, an in-person oral presentation, telemarketing, or otherwise, to the vendor, if the cumulative gross receipts from sales by the vendor to customers in the state who are referred to the vendor by all residents with this type of an agreement with the vendor is in excess of ten thousand dollars during the preceding twelve months;

(6) The presumption in subdivision (5) of this section may

be rebutted by submitting proof that the residents with whom the vendor has an agreement did not engage in any activity within the state that was significantly associated with the vendor's ability to establish or maintain the vendor's market in the state during the preceding twelve months. Such proof may consist of sworn written statements from all of the residents with whom the vendor has an agreement stating that they did not engage in any solicitation in the state on behalf of the vendor during the preceding year provided that such statements were provided and obtained in good faith.

144.655. 1. Every vendor, on or before the last day of the month following each calendar quarterly period of three months, shall file with the director of revenue a return of all taxes collected for the preceding quarter in the form prescribed by the director of revenue, showing the total sales price of the tangible personal property sold by the vendor, the storage, use or consumption of which is subject to the tax levied by this law, and other information the director of revenue deems necessary. The return shall be accompanied by a remittance of the amount of the tax required to be collected by the vendor during the period covered by the return. Returns shall be signed by the vendor or the vendor's authorized agent. The director of revenue may promulgate rules or regulations changing the filing and payment requirements of vendors, but shall not require any vendor to file and pay more frequently than required in this section.

2. Where the aggregate amount of tax required to be collected by a vendor is in excess of two hundred and fifty dollars for either the first or second month of a calendar

quarter, the vendor shall pay such aggregate amount for such months to the director of revenue by the twentieth day of the succeeding month. The amount so paid shall be allowed as a credit against the liability shown on the vendor's quarterly return required by this section.

3. Where the aggregate amount of tax required to be collected by a vendor is less than forty-five dollars in a calendar quarter, the director of revenue shall by regulation permit the vendor to file a return for a calendar year. The return shall be filed and the taxes paid on or before January thirty-first of the succeeding year.

4. Except as provided in subsection 5 of this section, every person purchasing tangible personal property, the storage, use or consumption of which is subject to the tax levied by sections 144.600 to 144.748, who has not paid the tax due to a vendor registered in accordance with the provisions of section 144.650, shall file with the director of revenue a return for the preceding reporting period in the form and manner that the director of revenue prescribes, showing the total sales price of the tangible property purchased during the preceding reporting period and any other information that the director of revenue deems necessary for the proper administration of sections 144.600 to 144.748. The return shall be accompanied by a remittance of the amount of the tax required by sections 144.600 to 144.748 to be paid by the person. Returns shall be signed by the person liable for the tax or such person's duly authorized agent. For purposes of this subsection, the reporting period shall be determined by the director of revenue and may be a calendar

quarter or a calendar year. Annual returns and payments required by the director pursuant to this subsection shall be due on or before April fifteenth of the year for the preceding calendar year and quarterly returns and payments shall be due on or before the last day of the month following each calendar period of three months. Upon the taxpayer's request, the director may allow the filing of such returns and payments on a monthly basis. If a taxpayer elects to file a monthly return and payment, such return and payment shall be due on or before the twentieth day of the succeeding month.

5. Any person purchasing tangible personal property subject to the taxes imposed by sections 144.600 to 144.748 shall not be required to file a use tax return with the director of revenue if such purchases on which such taxes were not paid do not exceed in the aggregate two thousand dollars in any calendar year.

6. Nothing in subsection 5 of this section shall relieve a vendor of liability to collect the tax imposed pursuant to sections 144.600 to 144.748 on the total gross receipts of all sales of tangible personal property used, stored or consumed in this state and to remit all taxes collected to the director of revenue in accordance with the provisions of this section nor shall it relieve a purchaser from paying such taxes to a vendor registered in accordance with the provisions of section 144.650.

7. Any out-of-state seller which is not legally required to register for use tax in this state but chooses to collect and remit use tax under sections 144.600 to 144.761 shall file a return for the calendar year. The return shall be filed and the taxes paid on or before January thirty-first of the succeeding

year.

144.710. 1. From every remittance made by a vendor as required by sections 144.600 to 144.745 to the director of revenue on or before the date when the remittance becomes due, the vendor may deduct and retain an amount equal to two percent thereof.

2. Notwithstanding any other provision of law to the contrary, for all tax years beginning on or after January 1, 2019, no deduction under subsection 1 of this section shall be allowed.

144.759. 1. All local use taxes collected by the director of revenue pursuant to sections 144.757 to 144.761 on behalf of any county or municipality, less one percent for cost of collection, which shall be deposited in the state's general revenue fund after payment of premiums for surety bonds as provided in section 32.087 shall be deposited with the state treasurer in a local use tax trust fund, which fund shall be separate and apart from the local sales tax trust funds. The moneys in such local use tax trust fund shall not be deemed to be state funds and shall not be commingled with any funds of the state. The director of revenue shall keep accurate records of the amount of money in the trust fund which was collected in each county or municipality imposing a local use tax, and the records shall be open to the inspection of officers of the county or municipality and to the public. No later than the tenth day of each month, the director of revenue shall distribute all moneys deposited in the trust fund during the preceding month, except as provided in subsection 2 of this section, to the county or

municipality treasurer, or such other officer as may be designated by the county or municipality ordinance or order, of each county or municipality imposing the tax authorized by sections 144.757 to 144.761, the sum due the county or municipality as certified by the director of revenue.

2. The director of revenue shall distribute all moneys which would be due any county having a charter form of government and having a population of nine hundred thousand or more to the county treasurer or such other officer as may be designated by county ordinance, who shall distribute such moneys as follows: the portion of the use tax imposed by the county which equals one-half the rate of sales tax in effect for such county shall be disbursed to the county treasurer for expenditure throughout the county for public safety, parks, and job creation, subject to any qualifications and regulations adopted by ordinance of the county. Such ordinance shall require an audited comprehensive financial report detailing the management and use of such funds each year. Such ordinance shall also require that the county and the municipal league of the county jointly prepare a strategy to guide expenditures of funds and conduct an annual review of the strategy. The treasurer or such other officer as may be designated by county ordinance shall distribute one-third of the balance to the county and to each city, town and village in group B according to section 66.620 as modified by this section, a portion of the two-thirds remainder of such balance equal to the percentage ratio that the population of each such city, town or village bears to the total population of all such group B cities, towns and villages. For the purposes of this subsection,

population shall be determined by the last federal decennial census or the latest census that determines the total population of the county and all political subdivisions therein. For the purposes of this subsection, each city, town or village in group A according to section 66.620 but whose per capita sales tax receipts during the preceding calendar year pursuant to sections 66.600 to 66.630 were less than the per capita countywide average of all sales tax receipts during the preceding calendar year, shall be treated as a group B city, town or village until the per capita amount distributed to such city, town or village equals the difference between the per capita sales tax receipts during the preceding calendar year and the per capita countywide average of all sales tax receipts during the preceding calendar year.

3. The director of revenue may authorize the state treasurer to make refunds from the amounts in the trust fund and credited to any county or municipality for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such counties or municipalities. If any county or municipality abolishes the tax, the county or municipality shall notify the director of revenue of the action [at least ninety days prior to the effective date of the repeal,] and the director of revenue may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such county or municipality, the director of revenue shall

authorize the state treasurer to remit the balance in the account to the county or municipality and close the account of that county or municipality. The director of revenue shall notify each county or municipality of each instance of any amount refunded or any check redeemed from receipts due the county or municipality.

4. Except as modified in sections 144.757 to 144.761, all provisions of sections 32.085 [and] to 32.087 applicable to the local sales tax, except for subsection 12 of section 32.087, and all provisions of sections 144.600 to 144.745 shall apply to the tax imposed pursuant to sections 144.757 to 144.761, and the director of revenue shall perform all functions incident to the administration, collection, enforcement, and operation of the tax.

144.761. 1. No county or municipality imposing a local use tax pursuant to sections 144.757 to 144.761 may repeal or amend such local use tax unless such repeal or amendment is submitted to and approved by the voters of the county or municipality in the manner provided in section 144.757; provided, however, that the repeal of the local sales tax within the county or municipality shall be deemed to repeal the local use tax imposed pursuant to sections 144.757 to 144.761.

2. Whenever the governing body of any county or municipality in which a local use tax has been imposed in the manner provided by sections 144.757 to 144.761 receives a petition, signed by fifteen percent of the registered voters of such county or municipality voting in the last gubernatorial election, calling for an election to repeal such local use tax,

the governing body shall submit to the voters of such county or municipality a proposal to repeal the county or municipality use tax imposed pursuant to sections 144.757 to 144.761. If a majority of the votes cast on the proposal by the registered voters voting thereon are in favor of the proposal to repeal the local use tax, then the ordinance or order imposing the local use tax, along with any amendments thereto, is repealed. If a majority of the votes cast by the registered voters voting thereon are opposed to the proposal to repeal the local use tax, then the ordinance or order imposing the local use tax, along with any amendments thereto, shall remain in effect. Subsection 19 of section 32.087 shall apply to such repeal of the tax authorized under sections 144.757 to 144.761.

184.845. 1. The board of the district may impose a museum and cultural district sales tax by resolution on all retail sales made in such museum and cultural district which are subject to [taxation pursuant to the provisions of sections 144.010 to 144.525] sales tax under chapter 144. Such museum and cultural district sales tax may be imposed for any museum or cultural purpose designated by the board of the museum and cultural district. If the resolution is adopted the board of the district may submit the question of whether to impose a sales tax authorized by this section to the qualified voters, who shall have the same voting interests as with the election of members of the board of the district.

2. The sales tax authorized by this section shall become effective [on the first day of the second calendar quarter following adoption of the tax by the board or qualified voters]

as provided in subsection 19 of section 32.087, if the board elects to submit the question of whether to impose a sales tax to the qualified voters.

3. In each museum and cultural district in which a sales tax has been imposed in the manner provided by this section, every retailer shall add the tax imposed by the museum and cultural district pursuant to this section to the retailer's sale price, and when so added such tax shall constitute a part of the price, shall be a debt of the purchaser to the retailer until paid, and shall be recoverable at law in the same manner as the purchase price.

4. In order to permit sellers required to collect and report the sales tax authorized by this section to collect the amount required to be reported and remitted, but not to change the requirements of reporting or remitting tax or to serve as a levy of the tax, and in order to avoid fractions of pennies, the [museum and cultural district may establish appropriate brackets which shall be used in the district imposing a tax pursuant to this section in lieu of those brackets provided in] tax shall be calculated as authorized by the provisions of section 144.285.

5. All revenue received by a museum and cultural district from the tax authorized by this section which has been designated for a certain museum or cultural purpose shall be deposited in a special trust fund and shall be used solely for such designated purpose. All funds remaining in the special trust fund shall continue to be used solely for such designated museum or cultural purpose. Any funds in such special trust fund which are not needed for current expenditures may be invested by the board of

directors in accordance with applicable laws relating to the investment of other museum or cultural district funds.

6. The sales tax may be imposed at a rate of one-half of one percent, three-fourths of one percent or one percent on the receipts from the sale at retail of all tangible personal property or taxable services at retail within the museum and cultural district adopting such tax, if such property and services are subject to taxation by the state of Missouri [pursuant to the provisions of sections 144.010 to 144.525] under chapter 144. Any museum and cultural district sales tax imposed pursuant to this section shall be imposed at a rate that shall be uniform throughout the district.

7. On and after the effective date of any tax imposed pursuant to this section, the [museum and cultural district] director of revenue shall perform all functions incident to the administration, collection, enforcement, and operation of the tax. The tax imposed pursuant to this section shall be collected and reported upon such forms and under such administrative rules and regulations as may be prescribed by the [museum and cultural district] director of revenue.

8. All applicable provisions contained in sections 144.010 to 144.525 governing the state sales tax, sections 32.085 [and] to 32.087, and section 32.057, the uniform confidentiality provision, shall apply to the collection of the tax imposed by this section, except as modified in this section. All revenue collected under this section by the director of the department of revenue on behalf of the museum and cultural districts[, except for one percent for the cost of collection which shall be

deposited in the state's general revenue fund,] shall be deposited in a special trust fund, which is hereby created and shall be known as the "Missouri Museum Cultural District Tax Fund", and shall be used solely for such designated purpose. [Moneys in the fund shall not be deemed to be state funds, and shall not be commingled with any funds of the state.] The director may make refunds from the amounts in the fund and credited to the district for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such county.

9. All exemptions granted to agencies of government, organizations, persons and to the sale of certain articles and items of tangible personal property and taxable services pursuant to the provisions of sections 144.010 to 144.525 are hereby made applicable to the imposition and collection of the tax imposed by this section.

10. The same sales tax permit, exemption certificate and retail certificate required by sections 144.010 to 144.525 for the administration and collection of the state sales tax shall satisfy the requirements of this section, and no additional permit or exemption certificate or retail certificate shall be required; except that the museum and cultural district may prescribe a form of exemption certificate for an exemption from the tax imposed by this section.

11. The penalties provided in section 32.057 and sections 144.010 to 144.525 for violation of those sections are hereby made applicable to violations of this section.

12. [For the purpose of a sales tax imposed by a resolution

pursuant to this section, all retail sales except retail sales of motor vehicles shall be deemed to be consummated at the place of business of the retailer unless the tangible personal property sold is delivered by the retailer or the retailer's agent to an out-of-state destination or to a common carrier for delivery to an out-of-state destination. In the event a retailer has more than one place of business in this state which participates in the sale, the sale shall be deemed to be consummated at the place of business of the retailer where the initial order for the tangible personal property is taken, even though the order shall be forwarded elsewhere for acceptance, approval of credit, shipment or billing. A sale by a retailer's employee shall be deemed to be consummated at the place of business from which the employee works.

13.] All sales taxes collected by the museum and cultural district shall be deposited by the museum and cultural district in a special fund to be expended for the purposes authorized in this section. The museum and cultural district shall keep accurate records of the amount of money which was collected pursuant to this section, and the records shall be open to the inspection by the officers and directors of each museum and cultural district and the Missouri department of revenue. Tax returns filed by businesses within the district shall otherwise be considered as confidential in the same manner as sales tax returns filed with the Missouri department of revenue.

[14.] 13. No museum and cultural district imposing a sales tax pursuant to this section may repeal or amend such sales tax unless such repeal or amendment will not impair the district's

ability to repay any liabilities which it has incurred, money which it has borrowed or revenue bonds, notes or other obligations which it has issued or which have been issued to finance any project or projects.

14. Except as modified in this section, all provisions of sections 32.085 to 32.087 shall apply to the tax imposed under this section.

221.407. 1. The commission of any regional jail district may impose, by order, a sales tax in the amount of one-eighth of one percent, one-fourth of one percent, three-eighths of one percent, or one-half of one percent on all retail sales made in such region which are subject to taxation [pursuant to the provisions of sections 144.010 to 144.525] under chapter 144 for the purpose of providing jail services and court facilities and equipment for such region. The tax authorized by this section shall be in addition to any and all other sales taxes allowed by law, except that no order imposing a sales tax pursuant to this section shall be effective unless the commission submits to the voters of the district, on any election date authorized in chapter 115, a proposal to authorize the commission to impose a tax.

2. The ballot of submission shall contain, but need not be limited to, the following language:

Shall the regional jail district of \_\_\_\_\_ (counties' names) impose a region-wide sales tax of \_\_\_\_\_ (insert amount) for the purpose of providing jail services and court facilities and equipment for the region?

☐ YES

☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

If a majority of the votes cast on the proposal by the qualified voters of the district voting thereon are in favor of the proposal, then the order and any amendment to such order shall be in effect [on the first day of the second quarter immediately following the election approving the proposal] as provided by subsection 19 of section 32.087. If the proposal receives less than the required majority, the commission shall have no power to impose the sales tax authorized pursuant to this section unless and until the commission shall again have submitted another proposal to authorize the commission to impose the sales tax authorized by this section and such proposal is approved by the required majority of the qualified voters of the district voting on such proposal; however, in no event shall a proposal pursuant to this section be submitted to the voters sooner than twelve months from the date of the last submission of a proposal pursuant to this section.

3. All revenue received by a district from the tax authorized pursuant to this section shall be deposited in a special trust fund and shall be used solely for providing jail services and court facilities and equipment for such district for so long as the tax shall remain in effect.

4. Once the tax authorized by this section is abolished or terminated by any means, all funds remaining in the special trust fund shall be used solely for providing jail services and court

facilities and equipment for the district. Any funds in such special trust fund which are not needed for current expenditures may be invested by the commission in accordance with applicable laws relating to the investment of other county funds.

5. All sales taxes collected by the director of revenue pursuant to this section on behalf of any district[, less one percent for cost of collection which shall be deposited in the state's general revenue fund after payment of premiums for surety bonds as provided in section 32.087,] shall be deposited in a special trust fund, which is hereby created, to be known as the "Regional Jail District Sales Tax Trust Fund". [The moneys in the regional jail district sales tax trust fund shall not be deemed to be state funds and shall not be commingled with any funds of the state.] The director of revenue shall keep accurate records of the amount of money in the trust fund which was collected in each district imposing a sales tax pursuant to this section, and the records shall be open to the inspection of officers of each member county and the public. Not later than the tenth day of each month the director of revenue shall distribute all moneys deposited in the trust fund during the preceding month to the district which levied the tax. Such funds shall be deposited with the treasurer of each such district, and all expenditures of funds arising from the regional jail district sales tax trust fund shall be paid pursuant to an appropriation adopted by the commission and shall be approved by the commission. Expenditures may be made from the fund for any function authorized in the order adopted by the commission submitting the regional jail district tax to the voters.

6. The director of revenue may make refunds from the amounts in the trust fund and credited to any district for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such districts. If any district abolishes the tax, the commission shall notify the director of revenue of the action [at least ninety days prior to the effective date of the repeal,] and the director of revenue may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such district, the director of revenue shall remit the balance in the account to the district and close the account of that district. The director of revenue shall notify each district in each instance of any amount refunded or any check redeemed from receipts due the district.

7. Except as provided in this section, all provisions of sections 32.085 [and] to 32.087 shall apply to the tax imposed pursuant to this section.

8. The provisions of this section shall expire September 30, 2028.

238.235. 1. (1) Any transportation development district may by resolution impose a transportation development district sales tax on all retail sales made in such transportation development district which are subject to taxation [pursuant to the provisions of sections 144.010 to 144.525] under chapter 144, except such transportation development district sales tax shall

not apply to the sale or use of motor vehicles, trailers, boats or outboard motors [nor to all sales of electricity or electrical current, water and gas, natural or artificial, nor to sales of service to telephone subscribers, either local or long distance], electricity piped natural or artificial gas, or other fuels delivered by the seller. Such transportation development district sales tax may be imposed for any transportation development purpose designated by the transportation development district in its ballot of submission to its qualified voters, except that no resolution enacted pursuant to the authority granted by this section shall be effective unless:

(a) The board of directors of the transportation development district submits to the qualified voters of the transportation development district a proposal to authorize the board of directors of the transportation development district to impose or increase the levy of an existing tax pursuant to the provisions of this section; or

(b) The voters approved the question certified by the petition filed pursuant to subsection 5 of section 238.207.

(2) If the transportation district submits to the qualified voters of the transportation development district a proposal to authorize the board of directors of the transportation development district to impose or increase the levy of an existing tax pursuant to the provisions of paragraph (a) of subdivision (1) of this subsection, the ballot of submission shall contain, but need not be limited to, the following language:

Shall the transportation development district of \_\_\_\_\_

(transportation development district's name) impose a transportation development district-wide sales tax at the rate of \_\_\_\_\_ (insert amount) for a period of \_\_\_\_\_ (insert number) years from the date on which such tax is first imposed for the purpose of \_\_\_\_\_ (insert transportation development purpose)?

☐ YES

☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal, then the resolution and any amendments thereto shall be in effect as provided by subsection 19 of section 32.087. If a majority of the votes cast by the qualified voters voting are opposed to the proposal, then the board of directors of the transportation development district shall have no power to impose the sales tax authorized by this section unless and until the board of directors of the transportation development district shall again have submitted another proposal to authorize it to impose the sales tax pursuant to the provisions of this section and such proposal is approved by a majority of the qualified voters voting thereon.

(3) [The sales tax authorized by this section shall become effective on the first day of the second calendar quarter after the department of revenue receives notification of the tax.

(4) In each transportation development district in which a

sales tax has been imposed in the manner provided by this section, every retailer shall add the tax imposed by the transportation development district pursuant to this section to the retailer's sale price, and when so added such tax shall constitute a part of the price, shall be a debt of the purchaser to the retailer until paid, and shall be recoverable at law in the same manner as the purchase price.

(5) In order to permit sellers required to collect and report the sales tax authorized by this section to collect the amount required to be reported and remitted, but not to change the requirements of reporting or remitting tax or to serve as a levy of the tax, and in order to avoid fractions of pennies, the transportation development district may establish appropriate brackets which shall be used in the district imposing a tax pursuant to this section in lieu of those brackets provided in section 144.285.

(6)] All revenue received by a transportation development district from the tax authorized by this section which has been designated for a certain transportation development purpose shall be deposited in a special trust fund and shall be used solely for such designated purpose. Upon the expiration of the period of years approved by the qualified voters pursuant to subdivision (2) of this subsection or if the tax authorized by this section is repealed pursuant to subsection 6 of this section, all funds remaining in the special trust fund shall continue to be used solely for such designated transportation development purpose. Any funds in such special trust fund which are not needed for current expenditures may be invested by the board of directors in

accordance with applicable laws relating to the investment of other transportation development district funds.

[(7)] (4) The sales tax may be imposed in increments of one-eighth of one percent, up to a maximum of one percent on the receipts from the sale at retail of all tangible personal property or taxable services at retail within the transportation development district adopting such tax, if such property and services are subject to taxation by the state of Missouri pursuant to [the provisions of sections 144.010 to 144.525] chapter 144, except such transportation development district sales tax shall not apply to the sale or use of motor vehicles, trailers, boats or outboard motors [nor to public utilities]. Any transportation development district sales tax imposed pursuant to this section shall be imposed at a rate that shall be uniform throughout the district.

2. The resolution imposing the sales tax pursuant to this section shall impose upon all sellers a tax for the privilege of engaging in the business of selling tangible personal property or rendering taxable services at retail to the extent and in the manner provided [in sections 144.010 to 144.525] under chapter 144, and the rules and regulations of the director of revenue issued pursuant thereto; except that the rate of the tax shall be the rate imposed by the resolution as the sales tax and the tax shall be reported and returned to and collected by the transportation development district.

3. [On and after the effective date of any tax imposed pursuant to this section, the director of revenue shall perform all functions incident to the administration, collection,

enforcement, and operation of the tax, and the director of revenue shall collect, in addition to all other sales taxes imposed by law, the additional tax authorized pursuant to this section. The tax imposed pursuant to this section and the taxes imposed pursuant to all other laws of the state of Missouri shall be collected together and reported upon such forms and pursuant to such administrative rules and regulations as may be prescribed by the director of revenue.

4. (1) All applicable provisions contained in sections 144.010 to 144.525, governing the state sales tax, sections 32.085 and 32.087 and section 32.057, the uniform confidentiality provision, shall apply to the collection of the tax imposed by this section, except as modified in this section.

(2) All exemptions granted to agencies of government, organizations, persons and to the sale of certain articles and items of tangible personal property and taxable services pursuant to the provisions of sections 144.010 to 144.525 are hereby made applicable to the imposition and collection of the tax imposed by this section.

(3) The same sales tax permit, exemption certificate and retail certificate required by sections 144.010 to 144.525 for the administration and collection of the state sales tax shall satisfy the requirements of this section, and no additional permit or exemption certificate or retail certificate shall be required; except that the transportation development district may prescribe a form of exemption certificate for an exemption from the tax imposed by this section.

(4) All discounts allowed the retailer pursuant to the

provisions of the state sales tax laws for the collection of and for payment of taxes pursuant to such laws are hereby allowed and made applicable to any taxes collected pursuant to the provisions of this section.

(5) The penalties provided in section 32.057 and sections 144.010 to 144.525 for violation of those sections are hereby made applicable to violations of this section.

(6) For the purpose of a sales tax imposed by a resolution pursuant to this section, all retail sales except retail sales of motor vehicles shall be deemed to be consummated at the place of business of the retailer unless the tangible personal property sold is delivered by the retailer or the retailer's agent to an out-of-state destination or to a common carrier for delivery to an out-of-state destination. In the event a retailer has more than one place of business in this state which participates in the sale, the sale shall be deemed to be consummated at the place of business of the retailer where the initial order for the tangible personal property is taken, even though the order must be forwarded elsewhere for acceptance, approval of credit, shipment or billing. A sale by a retailer's employee shall be deemed to be consummated at the place of business from which the employee works.

5.] All sales taxes received by the transportation development district shall be deposited by the director of revenue in a special fund to be expended for the purposes authorized in this section. The director of revenue shall keep accurate records of the amount of money which was collected pursuant to this section, and the records shall be open to the

inspection of officers of each transportation development district and the general public.

[6.] 4. (1) No transportation development district imposing a sales tax pursuant to this section may repeal or amend such sales tax unless such repeal or amendment will not impair the district's ability to repay any liabilities which it has incurred, money which it has borrowed or revenue bonds, notes or other obligations which it has issued or which have been issued by the commission or any local transportation authority to finance any project or projects.

(2) Whenever the board of directors of any transportation development district in which a transportation development sales tax has been imposed in the manner provided by this section receives a petition, signed by ten percent of the qualified voters calling for an election to repeal such transportation development sales tax, the board of directors shall, if such repeal will not impair the district's ability to repay any liabilities which it has incurred, money which it has borrowed or revenue bonds, notes or other obligations which it has issued or which have been issued by the commission or any local transportation authority to finance any project or projects, submit to the qualified voters of such transportation development district a proposal to repeal the transportation development sales tax imposed pursuant to the provisions of this section. If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal to repeal the transportation development sales tax, then the resolution imposing the transportation development sales tax, along with any

amendments thereto, is repealed as provided by subsection 19 of section 32.087. If a majority of the votes cast by the qualified voters voting thereon are opposed to the proposal to repeal the transportation development sales tax, then the ordinance or resolution imposing the transportation development sales tax, along with any amendments thereto, shall remain in effect.

[7.] 5. Notwithstanding any provision of sections 99.800 to 99.865 and this section to the contrary, the sales tax imposed by a district whose project is a public mass transportation system shall not be considered economic activity taxes as such term is defined under sections 99.805 and 99.918 and shall not be subject to allocation under the provisions of subsection 3 of section 99.845, or subsection 4 of section 99.957.

6. After the effective date of any tax imposed under the provisions of this section, the director of revenue shall perform all functions incident to the administration, collection, enforcement, and operation of the tax and collect, in addition to the sales tax for the state of Missouri, the additional tax authorized under the authority of this section. The tax imposed under this section and the tax imposed under the sales tax law of the state of Missouri shall be collected together and reported upon such forms and under such administrative rules and regulations as may be prescribed by the director of revenue.

7. Except as provided in this section, all provisions of sections 32.085 to 32.087 shall apply to the tax imposed under this section.

238.410. 1. Any county transit authority established pursuant to section 238.400 may impose a sales tax of up to one

percent on all retail sales made in such county which are subject to taxation under [the provisions of sections 144.010 to 144.525] chapter 144. The tax authorized by this section shall be in addition to any and all other sales taxes allowed by law, except that no sales tax imposed under the provisions of this section shall be effective unless the governing body of the county, on behalf of the transit authority, submits to the voters of the county, at a county or state general, primary or special election, a proposal to authorize the transit authority to impose a tax.

2. The ballot of submission shall contain, but need not be limited to, the following language:

Shall the \_\_\_\_\_ Transit Authority impose a countywide sales tax of \_\_\_\_\_ (insert amount) in order to provide revenues for the operation of transportation facilities operated by the transit authority?

☐ YES

☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal, then the tax shall become effective [on the first day of the second calendar quarter following notification to the department of revenue of adoption of the tax] as provided by subsection 19 of section 32.087. If a majority of the votes cast by the qualified voters

voting are opposed to the proposal, then the transit authority shall have no power to impose the sales tax authorized by this section unless and until another proposal to authorize the transit authority to impose the sales tax authorized by this section has been submitted and such proposal is approved by a majority of the qualified voters voting thereon.

3. All revenue received by the transit authority from the tax authorized under the provisions of this section shall be deposited in a special trust fund and shall be used solely by the transit authority for construction, purchase, lease, maintenance and operation of transportation facilities located within the county for so long as the tax shall remain in effect. Any funds in such special trust fund which are not needed for current expenditures may be invested by the transit authority in accordance with applicable laws relating to the investment of county funds.

4. No transit authority imposing a sales tax pursuant to this section may repeal or amend such sales tax unless such repeal or amendment is submitted to and approved by the voters of the county in the same manner as provided in subsection 1 of this section for approval of such tax. Whenever the governing body of any county in which a sales tax has been imposed in the manner provided by this section receives a petition, signed by ten percent of the registered voters of such county voting in the last gubernatorial election, calling for an election to repeal such sales tax, the governing body shall submit to the voters of such county a proposal to repeal the sales tax imposed under the provisions of this section. If a majority of the votes cast on

the proposal by the registered voters voting thereon are in favor of the proposal to repeal the sales tax, then such sales tax is repealed as provided by subsection 19 of section 32.087. If a majority of the votes cast by the registered voters voting thereon are opposed to the proposal to repeal the sales tax, then such sales tax shall remain in effect.

5. The sales tax imposed under the provisions of this section shall impose upon all sellers a tax for the privilege of engaging in the business of selling tangible personal property or rendering taxable services at retail to the extent and in the manner provided in [sections 144.010 to 144.525] chapter 144 and the rules and regulations of the director of revenue issued pursuant thereto; except that the rate of the tax shall be the rate approved pursuant to this section. The amount reported and returned to the director of revenue by the seller shall be computed on the basis of the combined rate of the tax imposed by [sections 144.010 to 144.525] chapter 144 and the tax imposed by this section, plus any amounts imposed under other provisions of law.

6. After the effective date of any tax imposed under the provisions of this section, the director of revenue shall perform all functions incident to the administration, collection, enforcement, and operation of the tax, and the director of revenue shall collect in addition to the sales tax for the state of Missouri the additional tax authorized under the authority of this section. The tax imposed under this section and the tax imposed under the sales tax law of the state of Missouri shall be collected together and reported upon such forms and under such

administrative rules and regulations as may be prescribed by the director of revenue. In order to permit sellers required to collect and report the sales tax to collect the amount required to be reported and remitted, but not to change the requirements of reporting or remitting tax or to serve as a levy of the tax, and in order to avoid fractions of pennies, the applicable provisions of section 144.285 shall apply to all taxable transactions.

7. All applicable provisions contained in [sections 144.010 to 144.525] chapter 144 governing the state sales tax and section 32.057, the uniform confidentiality provision, shall apply to the collection of the tax imposed by this section, except as modified in this section. All exemptions granted to agencies of government, organizations, persons and to the sale of certain articles and items of tangible personal property and taxable services under the provisions of [sections 144.010 to 144.525] chapter 144 are hereby made applicable to the imposition and collection of the tax imposed by this section. The same sales tax permit, exemption certificate and retail certificate required by [sections 144.010 to 144.525] chapter 144 for the administration and collection of the state sales tax shall satisfy the requirements of this section, and no additional permit or exemption certificate or retail certificate shall be required; except that the director of revenue may prescribe a form of exemption certificate for an exemption from the tax imposed by this section. All discounts allowed the retailer under the provisions of the state sales tax law for the collection of and for payment of taxes under chapter 144 are

hereby allowed and made applicable to any taxes collected under the provisions of this section. The penalties provided in section 32.057 and sections 144.010 to 144.525 for a violation of those sections are hereby made applicable to violations of this section.

8. [For the purposes of a sales tax imposed pursuant to this section, all retail sales shall be deemed to be consummated at the place of business of the retailer, except for tangible personal property sold which is delivered by the retailer or his agent to an out-of-state destination or to a common carrier for delivery to an out-of-state destination and except for the sale of motor vehicles, trailers, boats and outboard motors, which is provided for in subsection 12 of this section. In the event a retailer has more than one place of business in this state which participates in the sale, the sale shall be deemed to be consummated at the place of business of the retailer where the initial order for the tangible personal property is taken, even though the order must be forwarded elsewhere for acceptance, approval of credit, shipment or billing. A sale by a retailer's employee shall be deemed to be consummated at the place of business from which he works.

9.] All sales taxes collected by the director of revenue under this section on behalf of any transit authority[, less one percent for cost of collection which shall be deposited in the state's general revenue fund after payment of premiums for surety bonds as provided in this section,] shall be deposited in the state treasury in a special trust fund, which is hereby created, to be known as the "County Transit Authority Sales Tax Trust

Fund". [The moneys in the county transit authority sales tax trust fund shall not be deemed to be state funds and shall not be commingled with any funds of the state.] The director of revenue shall keep accurate records of the amount of money in the trust fund which was collected in each transit authority imposing a sales tax under this section, and the records shall be open to the inspection of officers of the county and the public. Not later than the tenth day of each month the director of revenue shall distribute all moneys deposited in the trust fund during the preceding month to the transit authority which levied the tax.

[10.] 9. The director of revenue may authorize the state treasurer to make refunds from the amounts in the trust fund and credited to any transit authority for erroneous payments and overpayments made, and may authorize the state treasurer to redeem dishonored checks and drafts deposited to the credit of such transit authorities. If any transit authority abolishes the tax, the transit authority shall notify the director of revenue of the action [at least ninety days prior to the effective date of the repeal] and the director of revenue may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such transit authority, the director of revenue shall authorize the state treasurer to remit the balance in the account to the transit authority and close the account of that transit

authority. The director of revenue shall notify each transit authority of each instance of any amount refunded or any check redeemed from receipts due the transit authority. The director of revenue shall annually report on his management of the trust fund and administration of the sales taxes authorized by this section. He shall provide each transit authority imposing the tax authorized by this section with a detailed accounting of the source of all funds received by him for the transit authority.

[11.] 10. Where the director of revenue has determined that suit must be filed against any person for the collection of delinquent taxes due the state under the state sales tax law, and where such person is also delinquent in payment of taxes under this section, the director of revenue shall notify the transit authority to which delinquent taxes are due under this section by United States registered mail or certified mail at least ten days before turning the case over to the attorney general. The transit authority, acting through its attorney, may join in such suit as a party plaintiff to seek a judgment for the delinquent taxes and penalty due such transit authority. In the event any person fails or refuses to pay the amount of any sales tax due under this section, the director of revenue shall promptly notify the

transit authority to which the tax would be due so that appropriate action may be taken by the transit authority.

[14.] 13. Where property is seized by the director of revenue under the provisions of any law authorizing seizure of the property of a taxpayer who is delinquent in payment of the tax imposed by the state sales tax law, and where such taxpayer is also delinquent in payment of any tax imposed by this section, the director of revenue shall permit the transit authority to join in any sale of property to pay the delinquent taxes and penalties due the state and to the transit authority under this section. The proceeds from such sale shall first be applied to all sums due the state, and the remainder, if any, shall be applied to all sums due such transit authority under this section.

[15. The transit authority created under the provisions of sections 238.400 to 238.412 shall notify any and all affected businesses of the change in tax rate caused by the imposition of the tax authorized by sections 238.400 to 238.412.

16.] 14. In the event that any transit authority in any county with a charter form of government and with more than two hundred fifty thousand but fewer than three hundred fifty thousand inhabitants submits a proposal in any election to increase the sales tax under this section, and such proposal is approved by the voters, the county shall be reimbursed for the costs of submitting such proposal from the funds derived from the tax levied under this section.

3. Notwithstanding the provisions of subsection 2 of this section to the contrary, for all tax years beginning on or after January 1, 2019, an investment funds service corporation or S corporation, certified pursuant to this section and sections 620.1355 and 620.1360, shall compute the portion of income derived from sources within this state pursuant to section

(5) The agreement should provide for reduction of the burdens of complying with local sales and use taxes through the following so long as they do not conflict with the provisions of section 144.1012:

(a) Restricting variances between the state and local tax bases;

(b) Requiring states to administer any sales and use taxes levied by local jurisdictions within the state so that sellers collecting and remitting these taxes will not have to register or file returns with, remit funds to, or be subject to independent audits from local taxing jurisdictions;

(c) Restricting the frequency of changes in the local sales and use tax rates and setting effective dates for the application of local jurisdictional

boundary changes to local sales and use taxes; and

(d) Providing notice of changes in local sales and use tax rates and of changes in the boundaries of local taxing jurisdictions;

(6) The agreement should outline any monetary allowances that are to be provided by the states to sellers or certified service providers. The agreement must allow for a joint public and private sector study of the compliance cost on sellers and certified service providers to collect sales and use taxes for state and local governments under various levels of complexity to be completed by July 1, 2003;

(7) The agreement should require each state to certify compliance with the terms of the agreement prior to joining and to maintain compliance, under the laws of the member state, with all provisions of the agreement while a member, only if the agreement and any amendment thereto complies with the provisions of section 144.1012;

(8) The agreement should require each state to adopt a uniform policy for certified service providers that protects the privacy of consumers and maintains the confidentiality of tax information; and

(9) The agreement should provide for the appointment of an advisory council of private sector representatives and an advisory council of nonmember state representatives to consult with in the administration of the agreement.】

Section B. This act shall become effective January 1, 2019.
