July 12, 2019

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you Conference Committee Substitute No. 2 for House Committee Substitute for Senate Committee Substitute for Senate Bill No. 147 entitled:

AN ACT

To repeal sections 32.056, 136.055, 144.070, 300.155, 301.010, 301.020, 301.030, 301.032, 301.067, 301.191, 302.020, 302.170, 302.341, 302.720, 302.768, 304.153, 304.281, and 307.350, RSMo, and to enact in lieu thereof twenty new sections relating to motor vehicles, with penalty provisions and an effective date for certain sections.

I disapprove of Conference Committee Substitute No. 2 for House Committee Substitute for Senate Committee Substitute for Senate Bill No. 147. My reasons for disapproval are as follows:

Senate Bill No. 147 contains many provisions of which I approve. However, it also includes a provision that significantly undermines one of the provisions of Senate Bill No. 5, which was enacted in 2015.

Senate Bill No. 5 modified numerous provisions relating to municipal courts, including exempting all minor traffic violations from the driver's license suspension provisions in Section 302.341, RSMo. This bill modifies that section so that only minor traffic violations that occurred in St. Louis City or St. Louis County are exempt from driver's license suspension proceedings. This provision reverses a beneficial component of Senate Bill No. 5.

Furthermore, the provisions in Section 302.341 contained in this bill are likely unconstitutional. The 2017 Missouri Supreme Court case of *City of Normandy v. Greitens*, 518 S.W.3d 183 (Mo. banc 2017) held that a separate provision in Senate Bill No. 5 was unconstitutional because it constituted a special law without substantial justification. The provision at issue in that case lowered the cap on the percentage of revenue that political subdivisions can receive from municipal traffic violations to 20%, except for St. Louis County, which was reduced to a cap of 12.5%. The Missouri Supreme Court held that a separate cap on one county, without evidence of substantial justification, was a special law in violation of Article III, Section 40(30) of the Missouri Constitution. The provision contained in Senate Bill No. 147 that singles out St. Louis City and St. Louis County would also constitute a special law.

Senate Bill No. 147 also contains a provision establishing the “Towing Task Force,” which is directed to make recommendations relating to a process for the adjudication of consumer complaints regarding nonconsensual tow charges. The Attorney General’s office has a system in place to handle such complaints, which is managed by the Consumer Complaint Division. As I believe adequate protections already exist to address these matters, I cannot support the establishment of a redundant task force.

July 12, 2019

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you Conference Committee Substitute for House Committee Substitute for Senate Bill No. 202 entitled:

AN ACT

To amend chapter 256, RSMo, by adding thereto one new section relating to mining royalties on federal land.

I disapprove of Conference Committee Substitute for House Committee Substitute for Senate Bill No. 202. My reasons for disapproval are as follows:

While I agree with the goal of distributing mining royalties to the counties where such royalties accrued, this bill's provisions contradict federal law. Payments the Office of Administration receives from the United States Department of the Interior, Office of Natural Resources Revenue (ONRR), represent 25 percent of the amount of mining revenues collected from companies that extract natural resources from federal land. The distribution of mining revenues received by the state from ONRR is controlled by federal statute, 16 U.S.C. Section 500. That section limits the use of mining revenues to "the benefit of

the public schools and public roads of the county or counties in which such national forest is situated.” It goes on to specify that when any national forest is located in more than one county, the distributive share to each county from the proceeds of such forest shall be proportional to its area therein.

Senate Bill No. 202 allows counties to expend such mining “royalties”, a term that is not defined and is more limited than the broader mining “revenues” collected, for public safety purposes. This conflicts with the above mentioned limitations found in 16 U.S.C. Section 500. Senate Bill No. 202 also requires such mining royalties to be distributed on a proportional basis to each county where such mining royalties accrued. Under 16 U.S.C. Section 500, mining revenues generated from the Mark Twain National Forest are distributed to all counties that have national forest land. Senate Bill No. 202 would limit the distribution of such royalties to only counties where mining occurs, in direct contravention of federal statute.

I understand the plight of these counties and agree that, logically, mining revenues should be distributed to the locations where such mining actually occurred. However, federal law would need to change to achieve this goal. Unfortunately, that cannot be accomplished by a change to state statute.

In accordance with the above stated reasons for disapproval, I am returning Conference Committee Substitute for House Committee Substitute for Senate Bill No. 202 without my approval.

Respectfully Submitted,

Governor

I disapprove of House Committee Substitute for Senate Bill No. 282. My reasons for disapproval are as follows:

Sections 333.011 and 333.072 of the bill allow for licensed funeral establishments to perform outdoor cremations. The burial of our loved ones or the disposal of their remains is deeply personal and should be treated with the utmost care and respect. Without more thorough vetting to ensure that outdoor cremations can be conducted in a manner that fully disposes of the entire remains while also addressing the health and safety concerns of individuals who may be impacted nearby, I am not comfortable with allowing these types of ceremonies to be conducted in our state.

In accordance with the above stated reasons for disapproval, I am returning House Committee Substitute for Senate Bill No. 282 without my approval.

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you Senate Substitute for Senate Bill No. 414 entitled:

AN ACT

To amend chapter 376, RSMo, by adding thereto two new sections relating to innovations in health insurance.

I disapprove of Senate Substitute for Senate Bill No. 414. My reasons for disapproval are as follows: While I recognize the leadership shown by the General Assembly in their efforts to identify innovations and improvements to the health insurance market in this state, I cannot approve this bill as presented to me.

Senate Bill No. 414 seeks to identify these innovations and improvements by establishing a Health Insurance Innovation Task Force. This task force would be charged with developing recommendations for an application to be submitted to the Centers for Medicare and Medicaid Services, seeking approval of a Section 1332 innovation waiver under the Patient Protection and Affordable Care Act.

Such a waiver could provide meaningful improvements in access to health care to 1.6 million Missourians. It could also increase the types of health insurance coverage currently available in the 101 counties that have only one insurance company from which to choose. It could positively impact the uninsured rates in our rural counties, 43 of which have uninsured rates exceeding 15%. A waiver would potentially encompass the redirection of approximately \$1 billion annually in premium tax credits and cost-sharing reduction payments. This administration is supportive of such efforts.

However, because of the impact to our state, any recommendations presented to my office and the General Assembly for legislation necessary to qualify for a Section 1332 waiver should be given adequate time to develop and consider. Senate Bill No. 414 places several deadlines on the work of the task force in developing their recommendations for a Section 1332 waiver that would be difficult to meet since an emergency clause was not adopted.

An issue of this importance should be carefully considered, with ample time to fully form recommendations and possible solutions.

In accordance with the above stated reasons for disapproval, I am returning Senate Substitute for Senate Bill No. 414 without my approval.

Respectfully Submitted,

/s/ Michael L. Parson  
Governor
