

FIRST REGULAR SESSION

# SENATE BILL NO. 131

100TH GENERAL ASSEMBLY

INTRODUCED BY SENATOR EMERY.

Pre-filed December 1, 2018, and ordered printed.

ADRIANE D. CROUSE, Secretary.

0380S.01I

## AN ACT

To amend chapter 620, RSMo, by adding thereto one new section relating to the comprehensive state energy plan.

*Be it enacted by the General Assembly of the State of Missouri, as follows:*

Section A. Chapter 620, RSMo, is amended by adding thereto one new  
2 section, to be known as section 620.3150, to read as follows:

**620.3150. 1. The comprehensive state energy plan developed by  
2 the division of energy shall be reviewed by the division by January 1,  
3 2021, and biennially thereafter, and updated if necessary, in accordance  
4 with the provisions of this section.**

**5 2. The state's comprehensive state energy plan shall be reviewed  
6 to ensure that it:**

**7 (1) Is consistent with Article I, Section 2 of the Missouri  
8 Constitution;**

**9 (2) Encourages private investment in energy solutions that will  
10 help customers better manage their energy bills and help reduce fuel  
11 costs while ensuring fairness;**

**12 (3) Develops free market strategies to attract private capital  
13 investment;**

**14 (4) Identifies and evaluates transportation alternatives;**

**15 (5) Creates an uncumbersome regulatory environment that  
16 allows the state's energy utilities to chart a vibrant changing future by  
17 operating with greater efficiency, consumer flexibility, and reliability,  
18 and that supports pricing that is predictable and sustainable;**

**19 (6) Supports public and private efforts to foster a supply of  
20 energy to consumers that is abundant, reliable, and cost efficient; and**

**21 (7) Monitors areas of potential growth or development, including**

22 forecasts of five and ten years for energy demand and supply,  
23 infrastructure demands, and identification of additional costs, risks,  
24 benefits, uncertainties, and market potential of energy supply resource  
25 alternatives.

26       3. The division of energy, either directly or through contracting  
27 with an organization that is qualified to adequately meet the  
28 aforementioned goals, shall use a diverse stakeholder system through  
29 both online engagement and in-person meetings throughout the state  
30 to conduct the review.

31       4. A report shall be issued by the division of energy, along with  
32 the review required under this section, that shall suggest policy  
33 changes for the state that:

34       (1) Provide improved reliability of the energy systems within the  
35 state;

36       (2) Insulate customers from volatility in market prices;

37       (3) Reduce the overall cost of energy in the state;

38       (4) Reasonably address public health and environmental impacts;

39       (5) Identify and analyze emerging trends in supply, price,  
40 demand, and technology, as well as energy policies and programs that  
41 impact the state; and

42       (6) Protect against adversarial threats to cybersecurity, grid  
43 security, and the physical integrity of energy infrastructure.
