scholars certificate a maximum of two times, based upon the completion of the
requirements listed under paragraphs (a), (b), and (d) of this subdivision;
completion of professional development required by the school district and school;
and attainment of a satisfactory performance-based teacher evaluation.

2. All valid teaching certificates issued pursuant to law or state board
policies and regulations prior to September 1, 1988, shall be exempt from the
professional development requirements of this section and shall continue in effect
until they expire, are revoked or suspended, as provided by law. When such
certificates are required to be renewed, the state board or its designee shall grant
to each holder of such a certificate the certificate most nearly equivalent to the
one so held. Anyone who holds, as of August 28, 2003, a valid PC-I, PC-II, or
continuous professional certificate shall, upon expiration of his or her current
certificate, be issued the appropriate level of certificate based upon the
classification system established pursuant to subsection 3 of this section.

3. (1) Certificates of license to teach in the public schools of the state
shall be based upon minimum requirements prescribed by the state board of
education which shall include completion of a background check as prescribed in
section 168.133. The state board shall provide for the following levels of
professional certification: an initial professional certificate and a career
continuous professional certificate.

(2) The initial professional certificate shall be issued upon completion of
requirements established by the state board of education and shall be valid based
upon verification of actual teaching within a specified time period established by
the state board of education. The state board shall require holders of the
four-year initial professional certificate to:

(a) Participate in a mentoring program approved and provided by the
district for a minimum of two years;

(b) Complete thirty contact hours of professional development, which may include hours spent in class in an appropriate college curriculum, or for holders of a certificate under subdivision (4) of subsection 1 of this section, an amount of professional development in proportion to the certificate holder's hours in the classroom, if the certificate holder is employed less than full time; and

(c) Participate in a beginning teacher assistance program.

(3) (a) The career continuous professional certificate shall be issued upon verification of completion of four years of teaching under the initial professional certificate and upon verification of the completion of the requirements articulated in paragraphs (a), (b), and (c) of subdivision (2) of this subsection or paragraphs (a), (b), (c), and (d) of subdivision (5) of subsection 1 of this section.

(b) The career continuous professional certificate shall be continuous based upon verification of actual employment in an educational position as provided for in state board guidelines and completion of fifteen contact hours of professional development per year which may include hours spent in class in an appropriate college curriculum. Should the possessor of a valid career continuous professional certificate fail, in any given year, to meet the fifteen-hour professional development requirement, the possessor may, within two years, make up the missing hours. In order to make up for missing hours, the possessor shall first complete the fifteen-hour requirement for the current year and then may count hours in excess of the current year requirement as make-up hours. Should the possessor fail to make up the missing hours within two years, the certificate shall become inactive. In order to reactivate the certificate, the possessor shall complete twenty-four contact hours of professional development which may include hours spent in the classroom in an appropriate college curriculum within the six months prior to or after reactivating his or her certificate. The requirements of this paragraph shall be monitored and verified by the local school district which employs the holder of the career continuous professional certificate.

(c) A holder of a career continuous professional certificate shall be exempt from the professional development contact hour requirements of paragraph (b) of this subdivision if such teacher has a local professional development plan in place within such teacher's school district and meets two of the following criteria:

a. Has ten years of teaching experience as defined by the state board of education;

b. Possesses a master's degree; or
c. Obtains a rigorous national certification as approved by the state board of education.

4. Policies and procedures shall be established by which a teacher who was not retained due to a reduction in force may retain the current level of certification. There shall also be established policies and procedures allowing a teacher who has not been employed in an educational position for three years or more to reactivate his or her last level of certification by completing twenty-four contact hours of professional development which may include hours spent in the classroom in an appropriate college curriculum within the six months prior to or after reactivating his or her certificate.

5. The state board shall, upon completion of a background check as prescribed in section 168.133, issue a professional certificate classification in the areas most closely aligned with an applicant’s current areas of certification, commensurate with the years of teaching experience of the applicant, to any person who is hired to teach in a public school in this state and who possesses a valid teaching certificate from another state or certification under subdivision (4) of subsection 1 of this section, provided that the certificate holder shall annually complete the state board’s requirements for such level of certification, and shall establish policies by which residents of states other than the state of Missouri may be assessed a fee for a certificate of license to teach in the public schools of Missouri. Such fee shall be in an amount sufficient to recover any or all costs associated with the issuing of a certificate of license to teach. The board shall promulgate rules to authorize the issuance of a provisional certificate of license, which shall be valid for three years and shall allow the holder to assume classroom duties pending the completion of a criminal background check under section 168.133, for any applicant who:

1. Is the spouse of a member of the Armed Forces stationed in Missouri;
2. Relocated from another state within one year of the date of application;
3. Underwent a criminal background check in order to be issued a teaching certificate of license from another state; and
4. Otherwise qualifies under this section.

6. The state board may assess to holders of an initial professional certificate a fee, to be deposited into the excellence in education revolving fund established pursuant to section 160.268, for the issuance of the career continuous professional certificate. However, such fee shall not exceed the combined costs
of issuance and any criminal background check required as a condition of issuance. Applicants for the initial ABCTE certificate shall be responsible for any fees associated with the program leading to the issuance of the certificate, but nothing in this section shall prohibit a district from developing a policy that permits fee reimbursement.

7. Any member of the public school retirement system of Missouri who entered covered employment with ten or more years of educational experience in another state or states and held a certificate issued by another state and subsequently worked in a school district covered by the public school retirement system of Missouri for ten or more years who later became certificated in Missouri shall have that certificate dated back to his or her original date of employment in a Missouri public school.

8. Within thirty days of receiving an application from a spouse of an active duty member of the Armed Forces of the United States who has been transferred or is scheduled to be transferred to the state of Missouri, or who has been transferred or is scheduled to be transferred to an adjacent state and is or will be domiciled in the state of Missouri, or has moved to the state of Missouri on a permanent change-of-station basis and has successfully completed the background check described under subsection 5 of this section and section 168.133, the state board shall issue to such applicant a full certificate of license to teach, provided that the applicant has paid all necessary fees and has otherwise met all requirements to be issued such a certificate.

192.2305. 1. ombudsman;

   (2) Make the necessary inquiries and review such information and records
as the ombudsman or representative of the office deems necessary to accomplish
the objective of verifying these complaints.

5. The office shall acknowledge complaints, report its findings, make
recommendations, gather and disseminate information and other material, and
publicize its existence.

6. The ombudsman may recommend to the relevant governmental agency
changes in the rules and regulations adopted or proposed by such governmental
agency which do or may adversely affect the health, safety, welfare, or civil or
human rights of any resident in a facility. The office shall analyze and monitor
the development and implementation of federal, state and local laws, regulations
and policies with respect to long-term care facilities, Missouri veterans'

in such laws, regulations and policies deemed by the office to be appropriate.

7. The office shall promote community contact and involvement with
residents of facilities through the use of volunteers and volunteer programs
directed by the regional ombudsman coordinators.

8. The office shall develop and establish by regulation of the department
statewide policies and standards for implementing the activities of the
ombudsman program, including the qualifications and the training of regional
ombudsman coordinators and ombudsman volunteers.

9. The office shall develop and propose programs for use, training and
coordination of volunteers in conjunction with the regional ombudsman
 coordinators and may:

   (1) Establish and conduct recruitment programs for volunteers;

The department shall establish procedures by rule in accordance with chapter 536 for implementation of this subsection.

12. The office shall prepare and distribute to each facility written notices which set forth the address and telephone number of the office, a brief explanation of the function of the office, the procedure to follow in filing a complaint and other pertinent information.

13. The administrator of each facility shall ensure that such written notice is given to every resident or the resident's guardian upon admission to the facility and to every person already in residence, or to his or her guardian. The administrator shall also post such written notice in a conspicuous, public place in the facility in the number and manner set forth in the regulations adopted by the department.

14. The office shall inform residents, their guardians or their families of their rights and entitlements under state and federal laws and rules and regulations by means of the distribution of educational materials and group meetings.

Services, or its successor agency;

(14) Children who have attained six years of age but have not attained nineteen years of age. For children who have attained six years of age but have
not attained nineteen years of age, the family support division shall use an

Upon notification of such child's birth, the family support division shall assign a MO HealthNet eligibility identification number to the child so that claims may be submitted and paid under such child's identification number;

(18) Pregnant women and children eligible for MO HealthNet benefits pursuant to subdivision (12), (13) or (14) of this subsection shall not as a condition of eligibility for MO HealthNet benefits be required to apply for aid to families with dependent children. (20) Pregnant women who are eligible for, have applied for and have received MO HealthNet benefits under subdivision (2), (10), (11) or (12) of this subsection shall continue to be considered eligible for all pregnancy-related and postpartum MO HealthNet benefits provided under section 208.152 until the end of the sixty-day period beginning on the last day of their pregnancy. Pregnant women receiving substance abuse treatment within sixty days of giving birth shall, subject to appropriations and any necessary federal approval, be eligible for MO HealthNet benefits for substance abuse treatment and mental health services for the treatment of substance abuse for no more than twelve additional months, as long as the woman remains adherent with treatment. To the greatest extent possible, and in compliance with federal law and regulations, the department of health and senior services shall provide case management services to pregnant women by contract or agreement with the department of social services through local health departments organized under the provisions of chapter 192 or chapter 205 or a city health department operated under a city charter or a combined city-county health department or other department of health and senior services designees. To the greatest extent possible the department of social services and the department of health and senior services shall mutually coordinate all services for pregnant women and children with the crippled children's program, the prevention of intellectual disability and developmental disability program and the prenatal care program administered by the department of health and senior services. The department of social services shall by regulation establish the
methodology for reimbursement for case management services provided by the department of health and senior services. For purposes of this section, the term "case management" shall mean those activities of local public health personnel to identify prospective MO HealthNet-eligible high-risk mothers and enroll them in the state's MO HealthNet program, refer them to local physicians or local health departments who provide prenatal care under physician protocol and who participate in the MO HealthNet program for prenatal care and to ensure that said high-risk mothers receive support from all private and public programs for which they are eligible and shall not include involvement in any MO HealthNet prepaid, case-managed programs;

(22) By January 1, 1988, the department of social services and the department of health and senior services shall study all significant aspects of presumptive eligibility for pregnant women and submit a joint report on the subject, including projected costs and the time needed for implementation, to the general assembly. The department of social services, at the direction of the general assembly, may implement presumptive eligibility by regulation promulgated pursuant to chapter 207;

(b) All persons who would be determined to be eligible for aid to the blind benefits under the eligibility standards in effect December 31, 1973, as authorized by 42 U.S.C. Section 1396a(f), or less restrictive methodologies as contained in the MO HealthNet state plan as of January 1, 2005, except that less restrictive income methodologies, as authorized in 42 U.S.C. Section 1396a(r)(2), shall be used to raise the income limit to one hundred percent of the federal poverty level;

(c) All persons who would be determined to be eligible for permanent and total disability benefits under the eligibility standards in effect December 31, 1973, as authorized by 42 U.S.C. Section 1396a(f); or less restrictive
