

SENATE SUBSTITUTE  
FOR  
SENATE BILL NO. 176  
AN ACT

To amend chapter 304, RSMo, by adding thereto one new section relating to personal delivery devices.

---

---

*Be it enacted by the General Assembly of the State of Missouri, as follows:*

Section A. Chapter 304, RSMo, is amended by adding thereto  
2 one new section, to be known as section 304.900, to read as  
3 follows:

304.900. 1. As used in this section, the following  
2 terms mean:

3 (1) "Agent", a person given the responsibility, by an  
4 entity, of navigating and operating a personal delivery  
5 device;

6 (2) "Personal delivery device", a powered device  
7 operated primarily on sidewalks and crosswalks, intended  
8 primarily for the transport of property on public rights-of-  
9 way, and capable of navigating with or without the active  
10 control or monitoring of a natural person. Notwithstanding  
11 any other provision of law, a "personal delivery device"  
12 shall not be defined as a motor vehicle or a vehicle;

13 (3) "Personal delivery device operator", an entity or  
14 its agent that exercises physical control or monitoring over  
15 the navigation system and operation of a personal delivery  
16 device. A "personal delivery device operator" does not  
17 include an entity or person that requests or receives the  
18 services of a personal delivery device for the purpose of  
19 transporting property or an entity or person who merely  
20 arranges for and dispatches the requested services of a  
21 personal delivery device.

22        2. Notwithstanding any other provision of law, a  
23 personal delivery device is authorized to operate in this  
24 state:

25        (1) On any sidewalk or crosswalk of any county or  
26 municipality in the state; and

27        (2) On any roadway of any county or municipality in  
28 the state, provided that the personal delivery device shall  
29 not unreasonably interfere with motor vehicles or traffic.

30        3. A personal delivery device shall:

31        (1) Not block public rights-of-way;

32        (2) Obey all traffic and pedestrian control signals  
33 and devices;

34        (3) Operate at a speed that does not exceed a maximum  
35 speed of ten miles per hour on a sidewalk or crosswalk;

36        (4) Contain a unique identifying number that is  
37 displayed on the device;

38        (5) Include a means of identifying the personal  
39 delivery device operator; and

40        (6) Be equipped with a system that enables the  
41 personal delivery device to come to a controlled stop.

42        4. Subject to the requirements of this section, a  
43 personal delivery device operating on a sidewalk or  
44 crosswalk shall have all the rights and responsibilities  
45 applicable to a pedestrian under the same circumstances.

46        5. A personal delivery device shall be exempt from  
47 motor vehicle registration requirements.

48        6. A personal delivery device operator shall maintain  
49 an insurance policy that provides general liability coverage  
50 of at least one hundred thousand dollars for damages arising  
51 from the combined operations of personal delivery devices  
52 under a personal delivery device operator's control.

53        7. If the personal delivery device is being operated  
54 between sunset and sunrise, it shall be equipped with

55 lighting on both the front and rear of the personal delivery  
56 device visible in clear weather from a distance of at least  
57 five hundred feet to the front and rear of the personal  
58 delivery device.

59 8. A personal delivery device shall not be used for  
60 the transportation of hazardous material regulated under the  
61 Hazardous Materials Transportation Act, 49 USC Section 5103,  
62 and required to be placarded under 49 CFR Part 172, Subpart  
63 F.

64 9. Nothing in this section shall prohibit a political  
65 subdivision from regulating the operation of personal  
66 delivery devices on a highway or pedestrian area to insure  
67 the welfare and safety of its residents. However, political  
68 subdivisions shall not regulate the design, manufacture and  
69 maintenance of a personal delivery device nor the types of  
70 property that may be transported by a personal delivery  
71 device. Additionally, no political subdivision shall treat  
72 personal delivery devices differently for the purposes of  
73 assessment and taxation or other charges from personal  
74 property that is similar in nature.
