- 27 sections 304.050 to 304.070 shall be equipped with a
- 28 mechanical and electrical signaling device approved by the
- 29 state board of education, which will display a signal
- 30 plainly visible from the front and rear and indicating
- 31 intention to stop.
- 32 3. Every school bus operated to transport students in
- 33 the public school system which has a gross vehicle weight
- 34 rating of more than ten thousand pounds, which has the
- 35 engine mounted entirely in front of the windshield and the
- 36 entrance door behind the front wheels, and which is used for
- 37 the transportation of school children shall be equipped no
- 38 later than August 1, 1998, with a crossing control arm. The
- 39 crossing control arm, when activated, shall extend a minimum

- 41 The crossing control arm shall be attached on the right side
- 42 of the front bumper and shall be activated by the same
- 43 controls which activate the mechanical and electrical
- 44 signaling devices described in subsection 2 of this
- 45 section. This subsection may be cited as "Jessica's Law" in
- 46 commemoration of Jessica Leicht and all other Missouri
- 47 schoolchildren who have been injured or killed during the
- 48 operation of a school bus.
- 4. Except as otherwise provided in this section, the
- 50 driver of a school bus in the process of loading or
- 51 unloading students upon a street or highway shall activate
- 52 the mechanical and electrical signaling devices, in the
- 53 manner prescribed by the state board of education, to
- 54 communicate to drivers of other vehicles that students are
- 55 loading or unloading. A public school district shall have
- 56 the authority pursuant to this section to adopt a policy
- 57 which provides that the driver of a school bus in the
- 58 process of loading or unloading students upon a divided
- 59 highway of four or more lanes may pull off of the main

roadway and load or unload students without activating the mechanical and electrical signaling devices in a manner which gives the signal for other drivers to stop and may use the amber signaling devices to alert motorists that the school bus is slowing to a stop; provided that the passengers are not required to cross any traffic lanes and also provided that the emergency flashing signal lights are activated in a manner which indicates that drivers should proceed with caution, and in such case, the driver of a vehicle may proceed past the school bus with due caution.

- 5. No driver of a school bus shall take on or discharge passengers at any location upon a highway consisting of four or more lanes of traffic, whether or not divided by a median or barrier, in such manner as to require the passengers to cross more than two lanes of traffic; nor shall any passengers be taken on or discharged while the vehicle is upon the road or highway proper unless the vehicle so stopped is plainly visible for at least five hundred feet in each direction to drivers of other vehicles in the case of a highway with no shoulder and a speed limit greater than sixty miles per hour and at least three hundred feet in each direction to drivers of other vehicles upon other highways, and on all highways, only for such time as is actually necessary to take on and discharge passengers.
- [5.] <u>6.</u> The driver of a vehicle upon a highway with separate roadways need not stop upon meeting or overtaking a school bus which is on a different roadway, or which is proceeding in the opposite direction on a highway containing four or more lanes of traffic, or which is stopped in a loading zone constituting a part of, or adjacent to, a limited or controlled access highway at a point where pedestrians are not permitted to cross the roadway.

- [6.] 7. The driver of any school bus driving upon the highways of this state after loading or unloading school children, shall remain stopped if the bus is followed by three or more vehicles, until such vehicles have been permitted to pass the school bus, if the conditions prevailing make it safe to do so.
- [7.] 8. If any vehicle is witnessed by a peace officer 98 99 or the driver of a school bus to have violated the 100 provisions of this section and the identity of the operator 101 is not otherwise apparent, it shall be a rebuttable 102 presumption that the person in whose name such vehicle is 103 registered committed the violation. In the event that 104 charges are filed against multiple owners of a motor 105 vehicle, only one of the owners may be convicted and court 106 costs may be assessed against only one of the owners. If 107 the vehicle which is involved in the violation is registered 108 in the name of a rental or leasing company and the vehicle is rented or leased to another person at the time of the 109 110 violation, the rental or leasing company may rebut the presumption by providing the peace officer or prosecuting 111 authority with a copy of the rental or lease agreement in 112 effect at the time of the violation. No prosecuting 113 authority may bring any legal proceedings against a rental 114 115 or leasing company under this section unless prior written 116 notice of the violation has been given to that rental or leasing company by registered mail at the address appearing 117 on the registration and the rental or leasing company has 118 failed to provide the rental or lease agreement copy within 119 fifteen days of receipt of such notice. 120
