SENATE AMENDMENT NO. 1

Amend Senate Substitute for Senate Committee Substitute for Senate Bill No. 354, Page 1, In the Title, Line 5, by inserting after “provision” the following: “and an emergency clause for a certain section”; and

Further amend said bill, page 26, Section 620.1039, line 170, by inserting after all of said line the following:

“620.2020. 1. The department shall respond to a written request, by or on behalf of a qualified company or qualified military project, for a proposed benefit award under the provisions of this program within five business days of receipt of such request. The department shall respond to a written request, by or on behalf of a qualified manufacturing company, for a proposed benefit award under the provisions of this program within fifteen business days of receipt of such request. Such response shall contain either a proposal of benefits for the qualified company or qualified military project, or a written response refusing to provide such a proposal and stating the reasons for such refusal. A qualified company or qualified military project that intends to seek benefits under the program shall submit to the department a notice of intent. The department shall respond within thirty days to a notice of intent with an approval or a rejection, provided that the department may withhold approval or provide a contingent approval until it is satisfied that proper documentation of eligibility has been provided. The department shall certify or reject the qualifying company’s plan outlined in their notice of intent as satisfying good faith efforts made to employ, at a minimum, commensurate with the percentage of minority populations in the state of Missouri, as reported in the previous decennial census, the following: racial minorities, contractors who are racial minorities, and contractors that, in turn, employ at a minimum racial minorities commensurate with the percentage of minority populations in the state of Missouri, as reported in the previous decennial census. Failure to respond on behalf of the department shall result in the notice of intent being deemed approved. A qualified company receiving approval for program benefits may receive additional benefits for subsequent new jobs at the same facility after the full initial project period if the applicable minimum job requirements are met. There shall be no limit on the number of project periods a qualified company may participate in the program, and a qualified company may elect to file a notice of intent to begin a new project period concurrent with an existing project period if the applicable minimum job requirements are achieved, the qualified company provides the department with the required annual reporting, and the qualified company is in compliance with this program and any other state programs in which the qualified company is currently or has previously participated. However, the qualified company shall not receive any further program benefits under the original approval for any new jobs created after the date of the new notice of intent, and any jobs created before the new notice of intent shall not be included as new jobs for purposes of the benefit

calculation for the new approval. When a qualified company has filed and received approval of a notice of intent and subsequently files another notice of intent, the department shall apply the definition of project facility under subdivision (24) of section 620.2005 to the new notice of intent as well as all previously approved notices of intent and shall determine the application of the definitions of new job, new payroll, project facility base employment, and project facility base payroll accordingly.

2. Notwithstanding any provision of law to the contrary, the benefits available to the qualified company under any other state programs for which the company is eligible and which utilize withholding tax from the new or retained jobs of the company shall first be credited to the other state program before the withholding retention level applicable under this program will begin to accrue. If any qualified company also participates in a job training program utilizing withholding tax, the company shall retain no withholding tax under this program, but the department shall issue a refundable tax credit for the full amount of benefit allowed under this program. The calendar year annual maximum amount of tax credits which may be issued to a qualifying company that also participates in a job training program shall be increased by an amount equivalent to the withholding tax retained by that company under a jobs training program.

3. **(1)** A qualified company or qualified military project receiving benefits under this program shall provide an annual report of the number of jobs, along with minority jobs created or retained, and such other information as may be required by the department to document the basis for program benefits available no later than ninety days prior to the end of the qualified company's or industrial development authority's tax year immediately following the tax year for which the benefits provided under the program are attributed. In such annual report, if the average wage is below the applicable percentage of the county average wage, the qualified company or qualified military project has not maintained the employee insurance as required, if the department after a review determines the qualifying company fails to satisfy other aspects of their notice of intent, including failure to make good faith efforts to employ, at a minimum, commensurate with the percentage of minority populations in the state of Missouri, as reported in the previous decennial census, the following: racial minorities, contractors who are racial minorities, and contractors that, in turn, employ at a minimum racial minorities commensurate with the percentage of minority populations in the state of Missouri, as reported in the previous decennial census, or if the number of jobs is below the number required, the qualified company or qualified military project shall not receive tax credits or retain the withholding tax for the balance of the project period. Failure to timely file the annual report required under this section shall result in the forfeiture of tax credits attributable to the year for which the reporting was required and a recapture of withholding taxes retained by the qualified company or qualified military project during such year.

**(2) If a qualified company fails to timely file the annual report required in subdivision (1) of this subsection, the department shall communicate with an employee that is separate from the original point of contact for the department, provided such employee is designated in writing by the qualified company and preferably of an equivalent or higher supervisory role than the original point of contact, and using multiple means of communications if necessary, to inform the qualified company of the failure to timely file the annual report. If the qualified company requests an extension in writing to the department within thirty days following the deadline to file the annual report, the department shall grant one thirty day extension beginning on the date that the request was received by the department to file the report without penalty. A failure to submit the report by the end of any extension granted by the department shall result in the forfeiture of tax credits and a recapture of withholding tax as provided in subdivision (1) of this subsection. A qualified company that had an**

**annual report due between January 1, 2020, and September 1, 2021, shall not be subject to the forfeiture of tax credits attributable to the year for which the reporting was required or to the recapture of withholding taxes retained by the qualified company or qualified military project during such year so long as the annual report is filed with the department by November 1, 2021.**

4. The department may withhold the approval of any benefits under this program until it is satisfied that proper documentation has been provided, and shall reduce the benefits to reflect any reduction in full-time employees or payroll. Upon approval by the department, the qualified company may begin the retention of the withholding taxes when it reaches the required number of jobs and the average wage meets or exceeds the applicable percentage of county average wage. Tax credits, if any, may be issued upon satisfaction by the department that the qualified company has exceeded the applicable percentage of county average wage and the required number of jobs; provided that, tax credits awarded under subsection 7 of section 620.2010 may be issued following the qualified company's acceptance of the department's proposal and pursuant to the requirements set forth in the written agreement between the department and the qualified company under subsection 4 of section 620.2010.

5. Any qualified company or qualified military project approved for benefits under this program shall provide to the department, upon request, any and all information and records reasonably required to monitor compliance with program requirements. This program shall be considered a business recruitment tax credit under subdivision (4) of subsection 2 of section 135.800, and any qualified company or qualified military project approved for benefits under this program shall be subject to the provisions of sections 135.800 to 135.830.

6. Any taxpayer who is awarded benefits under this program who knowingly hires individuals who are not allowed to work legally in the United States shall immediately forfeit such benefits and shall repay the state an amount equal to any state tax credits already redeemed and any withholding taxes already retained.

7. (1) The maximum amount of tax credits that may be authorized under this program for any fiscal year shall be limited as follows, less the amount of any tax credits previously obligated for that fiscal year under any of the tax credit programs referenced in subsection 14 of this section:

(a) For the fiscal year beginning on July 1, 2013, but ending on or before June 30, 2014, no more than one hundred six million dollars in tax credits may be authorized;

(b) For the fiscal year beginning on July 1, 2014, but ending on or before June 30, 2015, no more than one hundred eleven million dollars in tax credits may be authorized;

(c) For fiscal years beginning on or after July 1, 2015, but ending on or before June 30, 2020, no more than one hundred sixteen million dollars in tax credits may be authorized for each fiscal year; and

(d) For all fiscal years beginning on or after July 1, 2020, no more than one hundred six million dollars in tax credits may be authorized for each fiscal year. The provisions of this paragraph shall not apply to tax credits issued to qualified companies under a notice of intent filed prior to July 1, 2020.

(2) For all fiscal years beginning on or after July 1, 2020, in addition to the amount of tax credits that may be authorized under paragraph (d) of subdivision (1) of this subsection, an additional ten million dollars in tax credits may be authorized for each fiscal year for the purpose of the completion of infrastructure projects directly connected with the creation or retention of jobs under the provisions of sections 620.2000 to 620.2020 and an additional ten million dollars in tax credits may be authorized for each fiscal year for

a qualified manufacturing company based on a manufacturing capital investment as set forth in section 620.2010.

8. For all fiscal years beginning on or after July 1, 2020, the maximum total amount of withholding tax that may be authorized for retention for the creation of new jobs under the provisions of sections 620.2000 to 620.2020 by qualified companies with a project facility base employment of at least fifty shall not exceed seventy-five million dollars for each fiscal year. The provisions of this subsection shall not apply to withholding tax authorized for retention for the creation of new jobs by qualified companies with a project facility base employment of less than fifty.

9. For tax credits for the creation of new jobs under section 620.2010, the department shall allocate the annual tax credits based on the date of the approval, reserving such tax credits based on the department's best estimate of new jobs and new payroll of the project, and any other applicable factors in determining the amount of benefits available to the qualified company or qualified military project under this program; provided that, the department may reserve up to twenty-one and one-half percent of the maximum annual amount of tax credits that may be authorized under subsection 7 of this section for award under subsection 7 of section 620.2010. However, the annual issuance of tax credits shall be subject to annual verification of actual payroll by the department or, for qualified military projects, annual verification of average salary for the jobs directly created by the qualified military project. Any authorization of tax credits shall expire if, within two years from the date of commencement of operations, or approval if applicable, the qualified company has failed to meet the applicable minimum job requirements. The qualified company may retain authorized amounts from the withholding tax under the project once the applicable minimum job requirements have been met for the duration of the project period. No benefits shall be provided under this program until the qualified company or qualified military project meets the applicable minimum new job requirements or, for benefits awarded under subsection 7 of section 620.2010, until the qualified company has satisfied the requirements set forth in the written agreement between the department and the qualified company under subsection 4 of section 620.2010. In the event the qualified company or qualified military project does not meet the applicable minimum new job requirements, the qualified company or qualified military project may submit a new notice of intent or the department may provide a new approval for a new project of the qualified company or qualified military project at the project facility or other facilities.

10. Tax credits provided under this program may be claimed against taxes otherwise imposed by chapters 143 and 148, and may not be carried forward, but shall be claimed within one year of the close of the taxable year for which they were issued. Tax credits provided under this program may be transferred, sold, or assigned by filing a notarized endorsement thereof with the department that names the transferee, the amount of tax credit transferred, and the value received for the credit, as well as any other information reasonably requested by the department. For a qualified company with flow-through tax treatment to its members, partners, or shareholders, the tax credit shall be allowed to members, partners, or shareholders in proportion to their share of ownership on the last day of the qualified company's tax period.

11. Prior to the issuance of tax credits or the qualified company beginning to retain withholding taxes, the department shall verify through the department of revenue and any other applicable state department that the tax credit applicant does not owe any delinquent income, sales, or use tax or interest or penalties on such taxes, or any delinquent fees or assessments levied by any state department and through the department of commerce and insurance that the applicant does not owe any delinquent insurance taxes or other fees. Such delinquency shall not affect the approval, except that any tax credits issued shall be first applied to the delinquency and any amount issued shall be reduced by the applicant's tax delinquency. If

the department of revenue, the department of commerce and insurance, or any other state department concludes that a taxpayer is delinquent after June fifteenth but before July first of any year and the application of tax credits to such delinquency causes a tax deficiency on behalf of the taxpayer to arise, then the taxpayer shall be granted thirty days to satisfy the deficiency in which interest, penalties, and additions to tax shall be tolled. After applying all available credits toward a tax delinquency, the administering agency shall notify the appropriate department and that department shall update the amount of outstanding delinquent tax owed by the applicant. If any credits remain after satisfying all insurance, income, sales, and use tax delinquencies, the remaining credits shall be issued to the applicant, subject to the restrictions of other provisions of law.

12. The director of revenue shall issue a refund to the qualified company to the extent that the amount of tax credits allowed under this program exceeds the amount of the qualified company's tax liability under chapter 143 or 148.

13. An employee of a qualified company shall receive full credit for the amount of tax withheld as provided in section 143.211.

14. Notwithstanding any provision of law to the contrary, beginning August 28, 2013, no new benefits shall be authorized for any project that had not received from the department a proposal or approval for such benefits prior to August 28, 2013, under the development tax credit program created under sections 32.100 to 32.125, the rebuilding communities tax credit program created under section 135.535, the enhanced enterprise zone tax credit program created under sections 135.950 to 135.973, and the Missouri quality jobs program created under sections 620.1875 to 620.1890. The provisions of this subsection shall not be construed to limit or impair the ability of any administering agency to authorize or issue benefits for any project that had received an approval or a proposal from the department under any of the programs referenced in this subsection prior to August 28, 2013, or the ability of any taxpayer to redeem any such tax credits or to retain any withholding tax under an approval issued prior to that date. The provisions of this subsection shall not be construed to limit or in any way impair the ability of any governing authority to provide any local abatement or designate a new zone under the enhanced enterprise zone program created by sections 135.950 to 135.963. Notwithstanding any provision of law to the contrary, no qualified company that is awarded benefits under this program shall:

(1) Simultaneously receive benefits under the programs referenced in this subsection at the same capital investment; or

(2) Receive benefits under the provisions of section 620.1910 for the same jobs.

15. If any provision of sections 620.2000 to 620.2020 or application thereof to any person or circumstance is held invalid, the invalidity shall not affect other provisions or application of these sections which can be given effect without the invalid provisions or application, and to this end, the provisions of sections 620.2000 to 620.2020 are hereby declared severable.

16. By no later than January 1, 2014, and the first day of each calendar quarter thereafter, the department shall present a quarterly report to the general assembly detailing the benefits authorized under this program during the immediately preceding calendar quarter to the extent such information may be disclosed under state and federal law. The report shall include, at a minimum:

(1) A list of all approved and disapproved applicants for each tax credit;

(2) A list of the aggregate amount of new or retained jobs that are directly attributable to the tax credits authorized;

(3) A statement of the aggregate amount of new capital investment directly attributable to the tax credits authorized;

(4) Documentation of the estimated net state fiscal benefit for each authorized project and, to the extent available, the actual benefit realized upon completion of such project or activity; and

(5) The department's response time for each request for a proposed benefit award under this program.

17. The department may adopt such rules, statements of policy, procedures, forms, and guidelines as may be necessary to carry out the provisions of sections 620.2000 to 620.2020. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2013, shall be invalid and void.

18. Under section 23.253 of the Missouri sunset act:

(1) The provisions of the program authorized under sections 620.2000 to 620.2020 shall be reauthorized as of August 28, 2018, and shall expire on August 28, 2030; and

(2) If such program is reauthorized, the program authorized under this section shall automatically sunset twelve years after the effective date of the reauthorization of sections 620.2000 to 620.2020; and

(3) Sections 620.2000 to 620.2020 shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under sections 620.2000 to 620.2020 is sunset.”; and

Further amend said bill, page 33, Section 620.3210, line 223, by inserting after all of said line the following:

“Section B. Because of the importance of economic development to the state of Missouri, the repeal and reenactment of section 620.2020 is deemed necessary for the immediate preservation of the public health, welfare, peace, and safety, and is hereby declared to be an emergency act within the meaning of the constitution, and the repeal and reenactment of section 620.2020 shall be in full force and effect upon its passage and approval.”; and

Further amend the title and enacting clause accordingly.

The division may promulgate necessary rules authorized or as required to explain or clarify sections 324.950 to 324.983 including, but not limited to, rules relating to professional conduct, continuing competency requirements for the renewal of licenses, approval of continuing competency programs, fees, and the establishment of ethical standards of business practice for persons holding a license under sections 324.950 to 324.983. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2021, shall be invalid and void.**

**2. For the purpose of sections 324.950 to 324.983, the division shall:**

**(1) Establish all applicable fees, set at an amount which shall not substantially exceed the cost of administering sections 324.950 to 324.983; and**

**(2) Deposit all fees collected under sections 324.950 to 324.983 by transmitting such funds to the department of revenue for deposit to the state treasury to the credit of the Missouri mechanical contractor licensing fund.”; and**

Further amend said bill, pages 4-5, Section 324.956, lines 1-16, by striking all of said lines and inserting in lieu thereof the following:

**“324.956. There is hereby created the “Office of Mechanical Contractors” to be housed within the**

**division. The division shall:**

**(1) Employ, within the limits of the funds appropriated, persons as are necessary to carry out the provisions of sections 324.950 to 324.983, including both administrative and professional staff and legal counsel, with the discretion to hire experts in mechanical contracting to advise the division on technical matters related to mechanical contracting;**

**(2) Exercise all budgeting, purchasing, reporting, and related management functions;**

**(3) Conduct investigations to determine compliance with sections 324.950 to 324.983; and**

**(4) File suit in its own name on behalf of the office to enforce the provisions of sections 324.950 to 324.983.”; and**

Further amend said bill, pages 5-7, Section 324.959, lines 1-73, by striking all of said lines and inserting in lieu thereof the following:

**“324.959. 1. The applicant for a statewide mechanical contractor license shall satisfy the following requirements:**

**(1) Be at least twenty-five years of age;**

**(2) Provide proof of liability insurance in the amount of one million dollars and post bond in the amount of twenty-five thousand dollars with each political subdivision in which he or she will perform work as required by that political subdivision. If a political subdivision requires any license holder to be named on a document, including but not limited to the bond, the license holder of the mechanical contractor shall be allowed to provide services in the political subdivision;**

**(3) Pass one of the following standardized and nationally offered mechanical assessment tests:**

**(a) International Code Council;**

**(b) International Association of Plumbing and Mechanical Officials (IAPMO); or**

**(c) A similar test that is administered by an independent professional testing agency not affiliated with any political subdivision or the state of Missouri and is approved by the division.**

**The applicant shall pay for all costs associated with the examinations. The division shall take every step necessary to adopt the most current editions of the International Code Council and IAPMO mechanical codes as they become available to test applicants for a statewide mechanical contractor license;**

**(4) Complete the application form provided by the division and pay any applicable application fees; and**

**(5) Have completed one of the following:**

**(a) Sixteen thousand hours of verifiable practical field experience installing varied mechanical equipment and associated piping in mechanical contracting work;**

**(b) Ten thousand hours of verifiable practical experience installing equipment and associated piping, with an apprentice completion certificate from a mechanical apprenticeship program approved and registered with the United States Department of Labor;**

**(c) Eight thousand hours of verifiable practical experience installing equipment and associated piping, with an associate's degree in a state-accredited program in mechanical contracting work; or**

**(d) Four thousand verifiable hours supervising the installation of equipment and associated piping, with a four-year mechanical engineering degree and a license as a professional engineer under sections 327.181 to 327.271;**

**2. If a corporation, firm, institution, organization, company, or representative thereof desires to engage in mechanical contracting under sections 324.950 to 324.985, it shall have in its employ at least one statewide license holder in accordance with sections 324.950 to 324.983. A statewide mechanical license holder shall represent only one corporation, firm, institution, organization, or company at one time. A mechanical contractor shall be responsible for offering Missouri-based field employees eight contact hours of division-approved industry training per year; such mechanical contractor shall be responsible for providing proof of training to the division upon request. In the event of a loss of a license holder, a mechanical contractor shall remain in good standing with the division for six months after notifying the division of the change in status. Within the six-month period, a new license holder shall be registered with the division. If no license holder is registered within such six-month period, the division shall declare the mechanical contractor inactive.**

**3. The division may issue a mechanical contractor license to any person who holds a current and active license to engage in the practice of a mechanical contractor or as a master pipefitter or master plumber issued by any other state, the District of Columbia, or territories of the United States that require standards for licensure, registration, or certification considered to be equivalent or more stringent than the requirements for licensure under sections 324.950 to 324.983, if such jurisdiction grants mechanical contractors licensed under sections 324.950 to 324.983 the same privilege.”; and**

Further amend said bill, pages 7-9, Section 324.962, lines 1-58, by striking all of said lines and inserting in lieu thereof the following:

**“324.962. 1. Political subdivisions shall not be prohibited from establishing their own local mechanical contractor's license but shall recognize a statewide license in lieu of a local license for the purposes of performing contracting work or obtaining permits to perform work within such political subdivision. However, political subdivisions may require the field employees of a licensed statewide mechanical contractor to obtain any individual occupational licenses the political subdivision deems appropriate.**

**2. If a political subdivision does not recognize a statewide license in lieu of a local license for the purposes of performing contracting work with appropriately licensed field employees or obtaining permits to perform work within the political subdivision, a statewide mechanical contractor licensee may file a complaint with the division. The division shall perform an investigation into the complaint, and if the division finds that the political subdivision failed to recognize a statewide license in accordance with this section, the division shall notify the political subdivision that the political subdivision has violated the provisions of this section and has thirty days to comply with this section. If after thirty days the political subdivision still does not recognize a statewide license, the division shall notify the director of the department of revenue, who shall withhold any moneys the noncompliant political subdivision would otherwise be entitled to from local sales tax, as defined in section 32.085, until the director has received notice from the division that the political subdivision is in compliance with this section. Upon the political subdivision coming into compliance with the**

provisions of this section, the division shall notify the director of the department of revenue, who shall disburse all funds held under this subsection. Moneys held by the director of the department of revenue under this subsection shall not be deemed to be state funds and shall not be commingled with any funds of the state.

3. The provisions of this section shall not prohibit any political subdivision in this state from:

(1) Enforcing any technical code or law contained in this section;

(2) Requiring a business license to perform mechanical contracting work;

(3) Issuing mechanical contracting permits;

(4) Enforcing technical codes of the political subdivision;

(5) Inspecting the work of a statewide mechanical contractor;

(6) Implementing a mechanical code based upon the International Code Council (ICC) or International Association of Plumbing and Mechanical Officials (IAPMO);

(7) Issuing a mechanical contractor license valid for that political subdivision; or

(8) Licensing mechanical workers provided that such licenses are based upon professional experience and passage of a relevant, nationally accredited examination of the International Code Council (ICC) or International Association of Plumbing and Mechanical Officials (IAPMO) that is administered on a routine and accessible schedule.”; and

Further amend said bill, page 9, Section 324.965, lines 1-20, by striking all of said lines and inserting in lieu thereof the following:

“324.965. There is hereby created in the state treasury the “Missouri Mechanical Contractor Licensing Fund”, which shall consist of moneys collected under sections 324.950 to 324.983. The state treasurer shall be custodian of the fund and may approve disbursements from the fund in accordance with sections 30.170 and 30.180. Upon appropriation, moneys in the fund shall be used solely for the administration of sections 324.950 to 324.983. The provisions of section 33.080 to the contrary notwithstanding, moneys in this fund shall not be transferred and placed to the credit of general revenue until the amount in the fund at the end of the biennium exceeds three times the amount of the appropriation from the fund for the preceding fiscal year. The amount, if any, in the fund which shall lapse is that amount in the fund which exceeds the appropriate multiple of the appropriations from the fund for the preceding fiscal year. The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.”; and

Further amend said bill, pages 9-10, Section 324.968, lines 1-17, by striking all of said lines and inserting in lieu thereof the following:

The division shall mail a renewal notice to the last known address of each person licensed under sections 324.950 to 324.983 prior to the renewal date. Failure to provide the division with the information required for renewal or to pay the required fee after such notice shall result in the license being declared inactive. The licensee shall not practice until he or she applies for reinstatement and pays the required fees. The license shall be restored if the application

for reinstatement is received within two years of the renewal date.

**2. In addition to other requirements provided by sections 324.950 to 324.983 and established by the division, in order to renew such license under this section, the person shall have at least sixteen contact hours of industry-related training.”; and**

Further amend said bill, page 10, Section 324.971, lines 1-8, by striking all of said lines and inserting in lieu thereof the following:

**“324.971. Any person operating as a mechanical contractor in a political subdivision that does not require the mechanical contractor to hold a local license, or who operates as a mechanical contractor in a political subdivision that requires a local license possessed by that person, shall not be required to possess a statewide license under sections 324.950 to 324.983 to operate as a mechanical contractor in such political subdivision.”; and**

Further amend said bill and page, Section 324.977, lines 1-3, by striking all of said lines and inserting in lieu thereof the following:

**“324.977. The statewide license shall be regulated by the division and not a state-appointed licensing board.”; and**

Further amend said bill, pages 10-14, Section 324.980, lines 1-127, by striking all of said lines and inserting in lieu thereof the following:

**“324.980. 1. The division may refuse to issue any certificate of registration or authority, permit, or license required under sections 324.950 to 324.983 for one or any combination of causes stated in subsection 2 of this section. The division shall notify the applicant in writing of the reasons for the refusal and shall advise the applicant of his or her right to file a complaint with the administrative hearing commission as provided by chapter 621.**

**2. The division may cause a complaint to be filed with the administrative hearing commission as provided by chapter 621 against any holder of any certificate of registration or authority, permit, or license required by sections 324.950 to 324.983, or any person who has failed to renew or has surrendered his or her certificate of registration or authority, permit, or license for any one or any combination of the following causes:**

**(1) Use of any controlled substance, as defined in chapter 195, or alcoholic beverage to an extent that such use impairs a person’s ability to perform the work of any profession licensed or regulated by sections 324.950 to 324.983;**

**(2) The person has been finally adjudicated and found guilty, or entered a plea of guilty or nolo contendere, in a criminal prosecution under the laws of any state or of the United States, for any offense reasonably related to the qualifications, functions, or duties of any profession licensed or regulated under sections 324.950 to 324.983, for any offense involving a controlled substance, or for any offense an essential element of which is fraud, dishonesty, or an act of violence;**

**(4) Obtaining or attempting to obtain any fee, charge, tuition, or other compensation by fraud,**

deception, or misrepresentation;

(5) Incompetency, misconduct, gross negligence, fraud, misrepresentation, or dishonesty in the performance of the functions or duties of any profession licensed or regulated by sections 324.950 to 324.983;

(6) Violation of, or assisting or enabling any person to violate, any provision of sections 324.950 to 324.983, or of any lawful rule or regulation adopted thereunder;

(7) Impersonation of any person holding a certificate of registration or authority, permit, or license or allowing any person to use his or her certificate of registration or authority, permit, license, or diploma from any school;

(8) Disciplinary action against the holder of a license or other right to practice any profession regulated by sections 324.950 to 324.983 granted by another political subdivision, state, territory, federal agency, or country upon grounds for which revocation or suspension is authorized in this state;

(9) A person is finally adjudged mentally incompetent by a court of competent jurisdiction;

(10) Assisting or enabling any person to practice or offer to practice any profession licensed or regulated by sections 324.950 to 324.983 who is not licensed or registered and currently eligible to practice thereunder;

(11) Issuance of a certificate of registration or authority, permit, or license based upon a material mistake of fact;

(12) Failure to maintain liability coverage as required for initial licensure;

(13) Violation of any professional trust or confidence;

(14) Use of any advertisement or solicitation which is false, misleading, or deceptive to the general public or persons to whom the advertisement or solicitation is primarily directed; or

(15) Failure to post bond as required by any local jurisdiction.

3. After the filing of such complaint, the proceedings shall be conducted in accordance with the provisions of chapter 621. Upon a finding by the administrative hearing commission that the grounds provided in subsection 2 of this section for disciplinary action are met, the division may, singly or in combination, censure or place the person named in the complaint on probation on such terms and conditions as the division deems appropriate for a period not to exceed five years, or may suspend, for a period not to exceed three years, or revoke any certificate of registration or authority, permit, or license issued under sections 324.950 to 324.983.

4. An individual whose certificate of registration or authority, permit, or license has been revoked shall wait three years from the date of revocation to apply for any certificate of registration or authority, permit, or license under sections 324.950 to 324.983. Any certificate of registration or authority, permit, or license shall be issued at the discretion of the board after compliance with all the requirements of sections 324.950 to 324.983 relative to the licensing or registration of the applicant for the first time.

5. The division may file suit to enforce compliance, including the authority to seek injunctions and

restraining orders to enjoin any person from:

(3) Refusing to recognize a statewide license as a valid license within any political subdivision.

6. The division may assess fines for violations of any of the provisions of sections 324.950 to 324.983 in an amount not to exceed five thousand dollars per occurrence upon a judicial or administrative finding of violation of law.

7. The division may compel the production of documents, things, or persons by subpoena.
