68 encompasses some portion of the district;

69 (4) Any private four-year college or university with  
70 an enrollment of at least one thousand students, with its

77 primary campus in Missouri;

78 (6) The Missouri charter public school commission  
79 created in section 160.425.

80 4. [Changes in a school district's accreditation  
81 status that affect charter schools shall be addressed as  
82 follows, except for the districts described in subdivisions  
83 (1) and (2) of subsection 2 of this section:

84 (1) As a district transitions from unaccredited to  
85 provisionally accredited, the district shall continue to  
86 fall under the requirements for an unaccredited district  
87 until it achieves three consecutive full school years of  
88 provisional accreditation;

89 (2) As a district transitions from provisionally  
90 accredited to full accreditation, the district shall  
91 continue to fall under the requirements for a provisionally  
92 accredited district until it achieves three consecutive full  
93 school years of full accreditation;

94 (3) In any school district classified as unaccredited  
95 or provisionally accredited where a charter school is

99 to be sponsored by the entity sponsoring it prior to the  
100 classification of accredited without provisions and shall  
101 not be limited to the local school board as a sponsor.

102 A charter school operating in a school district identified  
103 in subdivision (1) or (2) of subsection 2 of this section

104 may be sponsored by any of the entities identified in  
105 subsection 3 of this section, irrespective of the  
106 accreditation classification of the district in which it is  
107 located. A charter school in a district described in this  
108 subsection whose charter provides for the addition of grade  
109 levels in subsequent years may continue to add levels until  
110 the planned expansion is complete to the extent of grade  
111 levels in comparable schools of the district in which the  
112 charter school is operated.

113 5. The mayor of a city not within a county may request  
114 a sponsor under subdivision (2), (3), (4), (5), or (6) of  
115 subsection 3 of this section to consider sponsoring a  
116 "workplace charter school", which is defined for purposes of  
117 sections 160.400 to 160.425 as a charter school with the  
118 ability to target prospective students whose parent or  
119 parents are employed in a business district, as defined in  
120 the charter, which is located in the city.

121 6.] No sponsor shall receive from an applicant for a  
122 charter school any fee of any type for the consideration of  
123 a charter, nor may a sponsor condition its consideration of  
124 a charter on the promise of future payment of any kind.

125 [7.] 5. The charter school shall be organized as a  
126 Missouri nonprofit corporation incorporated pursuant to  
127 chapter 355. The charter provided for herein shall  
128 constitute a contract between the sponsor and the charter  
129 school.

130 [8.] 6. As a nonprofit corporation incorporated  
131 pursuant to chapter 355, the charter school shall select the  
132 method for election of officers pursuant to section 355.326  
133 based on the class of corporation selected. Meetings of the  
134 governing board of the charter school shall be subject to  
135 the provisions of sections 610.010 to 610.030.

136            [9.] 7. A sponsor of a charter school, its agents and  
137 employees are not liable for any acts or omissions of a  
138 charter school that it sponsors, including acts or omissions  
139 relating to the charter submitted by the charter school, the  
140 operation of the charter school and the performance of the  
141 charter school.

142            [10.] 8. A charter school may affiliate with a four-  
143 year college or university, including a private college or  
144 university, or a community college as otherwise specified in  
145 subsection 3 of this section when its charter is granted by  
146 a sponsor other than such college, university or community  
147 college. Affiliation status recognizes a relationship  
148 between the charter school and the college or university for  
149 purposes of teacher training and staff development,  
150 curriculum and assessment development, use of physical  
151 facilities owned by or rented on behalf of the college or  
152 university, and other similar purposes. A university,  
153 college or community college may not charge or accept a fee  
154 for affiliation status.

155            [11.] 9. The expenses associated with sponsorship of  
156 charter schools shall be defrayed by the department of  
157 elementary and secondary education retaining one and five-  
158 tenths percent of the amount of state and local funding  
159 allocated to the charter school under section 160.415, not  
160 to exceed one hundred twenty-five thousand dollars, adjusted  
161 for inflation. The department of elementary and secondary  
162 education shall remit the retained funds for each charter  
163 school to the school's sponsor, provided the sponsor remains  
164 in good standing by fulfilling its sponsorship obligations  
165 under sections 160.400 to 160.425 and 167.349 with regard to  
166 each charter school it sponsors, including appropriate  
167 demonstration of the following:

168 (1) Expends no less than ninety percent of its charter  
169 school sponsorship funds in support of its charter school  
170 sponsorship program, or as a direct investment in the  
171 sponsored schools;

172 (2) Maintains a comprehensive application process that  
173 follows fair procedures and rigorous criteria and grants  
174 charters only to those developers who demonstrate strong  
175 capacity for establishing and operating a quality charter  
176 school;

177 (3) Negotiates contracts with charter schools that  
178 clearly articulate the rights and responsibilities of each  
179 party regarding school autonomy, expected outcomes, measures  
180 for evaluating success or failure, performance consequences  
181 based on the annual performance report, and other material  
182 terms;

183 (4) Conducts contract oversight that evaluates  
184 performance, monitors compliance, informs intervention and  
185 renewal decisions, and ensures autonomy provided under  
186 applicable law; and

187 (5) Designs and implements a transparent and rigorous  
188 process that uses comprehensive data to make merit-based  
189 renewal decisions.

190 [12.] 10. Sponsors receiving funds under subsection  
191 [11] 9 of this section shall be required to submit annual  
192 reports to the joint committee on education demonstrating  
193 they are in compliance with subsection [17] 15 of this  
194 section.

195 [13.] 11. No university, college or community college  
196 shall grant a charter to a nonprofit corporation if an  
197 employee of the university, college or community college is  
198 a member of the corporation's board of directors.

199 [14.] 12. No sponsor shall grant a charter under  
200 sections 160.400 to 160.425 and 167.349 without ensuring

201 that a criminal background check and family care safety  
202 registry check are conducted for all members of the  
203 governing board of the charter schools or the incorporators  
204 of the charter school if initial directors are not named in  
205 the articles of incorporation, nor shall a sponsor renew a  
206 charter without ensuring a criminal background check and  
207 family care safety registry check are conducted for each  
208 member of the governing board of the charter school.

209        [15.] 13. No member of the governing board of a  
210 charter school shall hold any office or employment from the  
211 board or the charter school while serving as a member, nor  
212 shall the member have any substantial interest, as defined  
213 in section 105.450, in any entity employed by or contracting  
214 with the board. No board member shall be an employee of a  
215 company that provides substantial services to the charter  
216 school. All members of the governing board of the charter  
217 school shall be considered decision-making public servants  
218 as defined in section 105.450 for the purposes of the  
219 financial disclosure requirements contained in sections  
220 105.483, 105.485, 105.487, and 105.489.

221        [16.] 14. A sponsor shall develop the policies and  
222 procedures for:

223        (1) The review of a charter school proposal including  
224 an application that provides sufficient information for  
225 rigorous evaluation of the proposed charter and provides  
226 clear documentation that the education program and academic  
227 program are aligned with the state standards and grade-level  
228 expectations, and provides clear documentation of effective  
229 governance and management structures, and a sustainable  
230 operational plan;

231        (2) The granting of a charter;

232        (3) The performance contract that the sponsor will use  
233 to evaluate the performance of charter schools. Charter

234 schools shall meet current state academic performance  
235 standards as well as other standards agreed upon by the  
236 sponsor and the charter school in the performance contract;

237 (4) The sponsor's intervention, renewal, and  
238 revocation policies, including the conditions under which  
239 the charter sponsor may intervene in the operation of the  
240 charter school, along with actions and consequences that may  
241 ensue, and the conditions for renewal of the charter at the  
242 end of the term, consistent with subsections 8 and 9 of  
243 section 160.405;

244 (5) Additional criteria that the sponsor will use for  
245 ongoing oversight of the charter; and

246 (6) Procedures to be implemented if a charter school  
247 should close, consistent with the provisions of subdivision  
248 (15) of subsection 1 of section 160.405.

249 The department shall provide guidance to sponsors in  
250 developing such policies and procedures.

251 [17.] 15. (1) A sponsor shall provide timely  
252 submission to the state board of education of all data  
253 necessary to demonstrate that the sponsor is in material  
254 compliance with all requirements of sections 160.400 to  
255 160.425 and section 167.349. The state board of education  
256 shall ensure each sponsor is in compliance with all  
257 requirements under sections 160.400 to 160.425 and 167.349  
258 for each charter school sponsored by any sponsor. The state  
259 board shall notify each sponsor of the standards for  
260 sponsorship of charter schools, delineating both what is  
261 mandated by statute and what best practices dictate. The  
262 state board shall evaluate sponsors to determine compliance  
263 with these standards every three years. The evaluation  
264 shall include a sponsor's policies and procedures in the  
265 areas of charter application approval; required charter  
266 agreement terms and content; sponsor performance evaluation

267 and compliance monitoring; and charter renewal,  
268 intervention, and revocation decisions. Nothing shall  
269 preclude the department from undertaking an evaluation at  
270 any time for cause.

271 (2) If the department determines that a sponsor is in  
272 material noncompliance with its sponsorship duties, the  
273 sponsor shall be notified and given reasonable time for  
274 remediation. If remediation does not address the compliance  
275 issues identified by the department, the commissioner of  
276 education shall conduct a public hearing and thereafter  
277 provide notice to the charter sponsor of corrective action  
278 that will be recommended to the state board of education.  
279 Corrective action by the department may include withholding  
280 the sponsor's funding and suspending the sponsor's authority  
281 to sponsor a school that it currently sponsors or to sponsor  
282 any additional school until the sponsor is reauthorized by  
283 the state board of education under section 160.403.

284 (3) The charter sponsor may, within thirty days of  
285 receipt of the notice of the commissioner's recommendation,  
286 provide a written statement and other documentation to show  
287 cause as to why that action should not be taken. Final  
288 determination of corrective action shall be determined by  
289 the state board of education based upon a review of the  
290 documentation submitted to the department and the charter  
291 sponsor.

292 (4) If the state board removes the authority to  
293 sponsor a currently operating charter school under any  
294 provision of law, the Missouri charter public school  
295 commission shall become the sponsor of the school.

296 [18.] 16. If a sponsor notifies a charter school of  
297 closure under subsection 8 of section 160.405, the  
298 department of elementary and secondary education shall  
299 exercise its financial withholding authority under

300 subsection 12 of section 160.415 to assure all obligations  
301 of the charter school shall be met. The state, charter  
302 sponsor, or resident district shall not be liable for any  
303 outstanding liability or obligations of the charter school.

160.415. 1. For the purposes of calculation and  
2 distribution of state school aid under section 163.031,  
3 pupils enrolled in a charter school shall be included in the  
4 pupil enrollment of the school district within which each  
5 pupil resides. Each charter school shall report the [names,  
6 addresses, and] eligibility for free and reduced price  
7 lunch, special education, or limited English proficiency  
8 status, as well as eligibility for categorical aid, of  
9 pupils resident in a school district who are enrolled in the  
10 charter school to the school district in which those pupils  
11 reside. The charter school shall report the average daily  
12 attendance data, free and reduced price lunch count, special  
13 education pupil count, and limited English proficiency pupil  
14 count to the state department of elementary and secondary  
15 education. Each charter school shall promptly notify the  
16 state department of elementary and secondary education and  
17 the pupil's school district when a student discontinues  
18 enrollment at a charter school.

19 2. This subsection shall apply to all school years  
20 ending on or before June 30, 2022. Except as provided in  
21 subsections 3 and 4 of this section, the aid payments for  
22 charter schools shall be as described in this subsection.

23 (1) A school district having one or more resident  
24 pupils attending a charter school shall pay to the charter  
25 school an annual amount equal to the product of the charter  
26 school's weighted average daily attendance and the state  
27 adequacy target, multiplied by the dollar value modifier for  
28 the district, plus local tax revenues per weighted average  
29 daily attendance from the incidental and teachers' funds in

30 excess of the performance levy as defined in section 163.011  
31 plus all other state aid attributable to such pupils.

32 (2) The district of residence of a pupil attending a  
33 charter school shall also pay to the charter school any  
34 other federal or state aid that the district receives on  
35 account of such [child] pupil.

36 (3) If the department overpays or underpays the amount  
37 due to the charter school, such overpayment or underpayment  
38 shall be repaid by the [public] charter school or credited  
39 to the [public] charter school in twelve equal payments in  
40 the next fiscal year.

41 (4) The amounts provided pursuant to this subsection  
42 shall be prorated for partial year enrollment for a pupil.

43 (5) A school district shall pay the amounts due  
44 pursuant to this subsection as the disbursal agent and no  
45 later than twenty days following the receipt of any such  
46 funds. The department of elementary and secondary education  
47 shall pay the amounts due when it acts as the disbursal  
48 agent within five days of the required due date.

49 3. This subsection shall apply to all school years  
50 ending on or before June 30, 2022. A workplace charter  
51 school shall receive payment for each eligible pupil as  
52 provided under subsection 2 of this section, except that if  
53 the student is not a resident of the district and is  
54 participating in a voluntary interdistrict transfer program,  
55 the payment for such pupils shall be the same as provided  
56 under section 162.1060.

57 4. This subsection shall apply to all school years  
58 ending on or before June 30, 2022. A charter school that  
59 has declared itself as a local educational agency shall  
60 receive from the department of elementary and secondary  
61 education an annual amount equal to the product of the  
62 charter school's weighted average daily attendance and the

63 state adequacy target, multiplied by the dollar value  
64 modifier for the district, plus local tax revenues per  
65 weighted average daily attendance from the incidental and  
66 teachers funds in excess of the performance levy as defined  
67 in section 163.011 plus all other state aid attributable to  
68 such pupils. If a charter school declares itself as a local  
69 educational agency, the department of elementary and  
70 secondary education shall, upon notice of the declaration,  
71 reduce the payment made to the school district by the amount  
72 specified in this subsection and pay directly to the charter  
73 school the annual amount reduced from the school district's  
74 payment.

75 5. This subsection shall apply to all school years  
76 ending on or before June 30, 2022. If a school district  
77 fails to make timely payments of any amount for which it is  
78 the disbursal agent, the state department of elementary and  
79 secondary education shall authorize payment to the charter  
80 school of the amount due pursuant to subsection 2 of this  
81 section and shall deduct the same amount from the next state  
82 school aid apportionment to the owing school district. If a  
83 charter school is paid more or less than the amounts due  
84 pursuant to this section, the amount of overpayment or  
85 underpayment shall be adjusted equally in the next twelve  
86 payments by the school district or the department of  
87 elementary and secondary education, as appropriate. Any  
88 dispute between the school district and a charter school as  
89 to the amount owing to the charter school shall be resolved  
90 by the department of elementary and secondary education, and  
91 the department's decision shall be the final administrative  
92 action for the purposes of review pursuant to chapter 536.  
93 During the period of dispute, the department of elementary  
94 and secondary education shall make every administrative and

95 statutory effort to allow the continued education of  
96 children in their current [public] charter school setting.

97 6. The charter school and a local school board may  
98 agree by contract for services to be provided by the school  
99 district to the charter school. The charter school may  
100 contract with any other entity for services. Such services  
101 may include but are not limited to food service, custodial  
102 service, maintenance, management assistance, curriculum  
103 assistance, media services and libraries and shall be  
104 subject to negotiation between the charter school and the  
105 local school board or other entity. Documented actual costs  
106 of such services shall be paid for by the charter school.

107 7. In the case of a proposed charter school that  
108 intends to contract with an education service provider for  
109 substantial educational services or management services, the  
110 request for proposals shall additionally require the charter  
111 school applicant to:

112 (1) Provide evidence of the education service  
113 provider's success in serving student populations similar to  
114 the targeted population, including demonstrated academic  
115 achievement as well as successful management of nonacademic  
116 school functions, if applicable;

117 (2) Provide a term sheet setting forth the proposed  
118 duration of the service contract; roles and responsibilities  
119 of the governing board, the school staff, and the service  
120 provider; scope of services and resources to be provided by  
121 the service provider; performance evaluation measures and  
122 time lines; compensation structure, including clear  
123 identification of all fees to be paid to the service  
124 provider; methods of contract oversight and enforcement;  
125 investment disclosure; and conditions for renewal and  
126 termination of the contract;

127           (3) Disclose any known conflicts of interest between  
128 the school governing board and proposed service provider or  
129 any affiliated business entities;

130           (4) Disclose and explain any termination or nonrenewal  
131 of contracts for equivalent services for any other charter  
132 school in the United States within the past five years;

133           (5) Ensure that the legal counsel for the charter  
134 school shall report directly to the charter school's  
135 governing board; and

136           (6) Provide a process to ensure that the expenditures  
137 that the education service provider intends to bill to the  
138 charter school shall receive prior approval of the governing  
139 board or its designee.

140           8. A charter school may enter into contracts with  
141 community partnerships and state agencies acting in  
142 collaboration with such partnerships that provide services  
143 to children and their families linked to the school.

144           9. A charter school shall be eligible for  
145 transportation state aid pursuant to section 163.161 and  
146 shall be free to contract with the local district, or any  
147 other entity, for the provision of transportation to the  
148 students of the charter school.

149           10. (1) The proportionate share of state and federal  
150 resources generated by students with disabilities or staff  
151 serving them shall be paid in full to charter schools  
152 enrolling those students by their school district where such  
153 enrollment is through a contract for services described in  
154 this section. The proportionate share of money generated  
155 under other federal or state categorical aid programs shall  
156 be directed to charter schools serving such students  
157 eligible for that aid.

158           (2) A charter school shall provide the special  
159 services provided pursuant to section 162.705 and may

160 provide the special services pursuant to a contract with a  
161 school district or any provider of such services.

162 11. A charter school [may] shall not charge tuition or  
163 impose fees that a school district is prohibited from  
164 charging or imposing, except that a charter school may  
165 receive tuition payments from districts in the same or an  
166 adjoining county for nonresident students who transfer to an  
167 approved charter school, as defined in section 167.895, from  
168 an unaccredited district.

169 12. A charter school is authorized to incur debt in  
170 anticipation of receipt of funds. A charter school may also  
171 borrow to finance facilities and other capital items. A  
172 school district may incur bonded indebtedness or take other  
173 measures to provide for physical facilities and other  
174 capital items for charter schools that it sponsors or  
175 contracts with. Except as otherwise specifically provided  
176 in sections 160.400 to 160.425, upon the dissolution of a  
177 charter school, any liabilities of the corporation will be  
178 satisfied through the procedures of chapter 355. A charter  
179 school shall satisfy all its financial obligations within  
180 twelve months of notice from the sponsor of the charter  
181 school's closure under subsection 8 of section 160.405.  
182 After satisfaction of all its financial obligations, a  
183 charter school shall return any remaining state and federal  
184 funds to the department of elementary and secondary  
185 education for disposition as stated in subdivision (17) of  
186 subsection 1 of section 160.405. The department of  
187 elementary and secondary education may withhold funding at a  
188 level the department determines to be adequate during a  
189 school's last year of operation until the department  
190 determines that school records, liabilities, and reporting  
191 requirements, including a full audit, are satisfied.

192 13. Charter schools shall not have the power to  
193 acquire property by eminent domain.

194 14. The governing [body] board of a charter school is  
195 authorized to accept grants, gifts or donations of any kind  
196 and to expend or use such grants, gifts or donations. A  
197 grant, gift or donation [may] shall not be accepted by the  
198 governing [body] board if it is subject to any condition  
199 contrary to law applicable to the charter school or other  
200 public schools, or contrary to the terms of the charter.

201 15. (1) As used in this subsection, the following  
202 terms mean:

203 (a) "Department", the department of elementary and  
204 secondary education;

205 (b) "Local aid", all local and county revenue received  
206 by the school district and charter schools within the school  
207 district. The term "local aid":

208 a. Includes, but is not limited to, the following:

209 (i) Property taxes and delinquent taxes;

210 (ii) Merchants' and manufacturers' tax revenues;

211 (iii) Financial institutions' tax revenues;

212 (iv) City sales tax revenue, including city sales tax  
213 collected in any city not within a county;

214 (v) Payments in lieu of taxes;

215 (vi) Revenues from state-assessed railroad and  
216 utilities tax; and

217 (vii) Any future aid; and

219 (i) Charitable contributions, gifts, and grants made  
220 to school districts and charter schools;

222 schools;

223 (iii) Student fees paid to school districts and  
224 charter schools;

225           (iv) Debt service authorized by a public vote for the  
226 purpose of making payments on a bond issuance of a school  
227 district;

228           (v) Proposition C revenues received for school  
229 purposes from the school district trust fund under section  
230 163.087; or

231           (vi) Any other funding solely intended for a  
232 particular school district or charter school and its  
233 respective employees, schools, foundations, or organizations.

234           (2) Each charter school and each school district  
235 responsible for distributing local aid to charter schools  
236 under this subsection shall include as part of its annual  
237 independent audit an audit of pupil residency, enrollment,  
238 and attendance in order to verify pupil residency in the  
239 school district or local education agency.

240           (3) A school district having one or more resident  
241 pupils attending a charter school shall pay to the charter  
242 school an annual amount equal to the product of the charter  
243 school's weighted average daily attendance and the state  
244 adequacy target, multiplied by the dollar value modifier for  
245 the district, less the charter school's share of local  
246 effort as defined in section 163.011 plus all other state  
247 aid attributable to such pupils plus local aid received by  
248 the school district divided by the total weighted average  
249 daily attendance of the school district and all charter  
250 schools within the school district per weighted average  
251 daily attendance of the charter school.

252           (4) A charter school that has declared itself a local  
253 educational agency shall receive all state aid calculated  
254 under this subsection from the department and all local aid  
255 calculated under this subsection from the school district.  
256 A charter school shall receive an annual amount equal to the  
257 product of the charter school's weighted average daily

258 attendance and the state adequacy target, multiplied by the  
259 dollar value modifier for the district, less the charter  
260 school's share of local effort as defined in section 163.011  
261 plus all other state aid attributable to such pupils plus  
262 local aid received by the school district divided by the  
263 total weighted average daily attendance of the school  
264 district and all charter schools within the school district  
265 per weighted average daily attendance of the charter school.

266 (5) (a) The school district shall withhold, from the  
267 total of all January local aid payments owed to the charter  
268 schools in the district, an annual administrative fee in an  
269 amount equal to two percent of the prior year's total  
270 funding of the school district, calculated as the school  
271 district's state aid plus the school district's local  
272 effort, as defined in section 163.011, and the prior year's  
273 total funding of the charter schools within the district.  
274 As used in this subdivision, "state aid" means the product  
275 of the school district's weighted average daily attendance  
276 and the state adequacy target, multiplied by the dollar  
277 value modifier for the district, less the school district's  
278 share of local effort as defined in section 163.011.

279 (b) On or before December thirty-first of each year,  
280 the school district shall transmit to the department the  
281 total annual local aid calculation described in subdivision  
282 (6) of this subsection. If the school district fails to  
283 transmit the annual local aid calculation to the department,  
284 the school district shall not withhold the administrative  
285 fee.

286 (c) The department shall calculate the administrative  
287 fee under the formula in this subdivision using data from  
288 the previous school year. On or before January fifteenth of  
289 the following year, the department shall transmit to the  
290 school district the calculation of the administrative fee

291 and make such calculation publicly available on the  
292 department's website.

293 (6) Each month the school district shall calculate the  
294 amount of local aid received by the school district that is  
295 owed to the charter school by the school district under this  
296 subsection. The school district shall pay to the charter  
297 school the amount of local aid owed to the charter school,  
298 as calculated by the school district using the previous  
299 month's weighted average daily attendance of the charter  
300 school. If any payment of local aid is due, the school  
301 district shall make monthly payments on the twenty-first day  
302 of each month or upon the closest business day beginning in  
303 July of each year.

304 (a) If the school district fails to make timely  
305 payment, the department shall impose any penalty the  
306 department deems appropriate.

307 (b) The school district shall, as part of its annual  
308 audit as required by section 165.111, include a report  
309 converting the local aid received from an accrual basis to a  
310 cash basis. Such report shall be made publicly available on  
311 its district website in a searchable format or as a  
312 downloadable and searchable document.

313 (7) The department shall conduct an annual review of  
314 any payments made in the previous fiscal year under  
315 subdivision (6) of this subsection to determine if there has  
316 been any underpayment or overpayment. The annual review, to  
317 be conducted in January of each year, shall include a  
318 calculation of the amount of local aid owed to charter  
319 schools using the first preceding year's annual audit  
320 required by section 165.111. The school district shall pay  
321 to the charter school the amount of local aid owed to the  
322 charter school as calculated by the department. In the  
323 event of an underpayment, the school district shall remit

324 the underpayment amount to the charter school. In the event  
325 of an overpayment, the charter school shall remit the  
326 overpayment amount to the school district.

327 (a) If the school district fails to remit any  
328 underpayment amount to the charter school within thirty days  
329 of notification of the underpayment amount, the department  
330 shall impose any penalty the department deems appropriate.

331 (b) If the charter school fails to remit any  
332 overpayment amount to the school district within thirty days  
333 of notification of the overpayment amount, the department  
334 shall impose any penalty the department deems appropriate.

335 (8) If a prior year correction of the amount of local  
336 aid is necessary, the school district shall recalculate the  
337 amount owed to a charter school and either remit any  
338 underpayment amount to the charter school or provide a bill  
339 to the charter school for any overpayment amount. Any  
340 underpayment or overpayment amount shall be remitted under  
341 the schedules in paragraphs (a) and (b) of subdivision (7)  
342 of this subsection.

343 (9) This subsection shall become effective on July 1,  
344 2022.

345 16. The department may promulgate rules for the annual  
346 review of payments and any penalties to be assessed under  
347 subsection 15 of this section. Any rule or portion of a  
348 rule, as that term is defined in section 536.010, that is  
349 created under the authority delegated in this section shall  
350 become effective only if it complies with and is subject to  
351 all of the provisions of chapter 536 and, if applicable,  
352 section 536.028. This section and chapter 536 are  
353 nonseverable, and if any of the powers vested with the  
354 general assembly pursuant to chapter 536 to review, to delay  
355 the effective date, or to disapprove and annul a rule are  
356 subsequently held unconstitutional, then the grant of

357 rulemaking authority and any rule proposed or adopted after  
358 August 28, 2021, shall be invalid and void.

160.422. 1. Any city not within a county shall not  
2 adopt, enforce, impose, or administer an ordinance, local  
3 policy, or local resolution that prohibits property sold,  
4 leased, or transferred by the city not within a county from  
5 being used for any lawful educational purpose by a charter  
6 school.

7 2. Any city not within a county shall not impose,  
8 enforce, or apply any deed restriction that expressly, or by  
9 its operation, prohibits property sold, leased, or  
10 transferred by the city not within a county from being used  
11 for any lawful educational purpose by a charter school. Any  
12 deed restriction or affirmative use deed restriction that  
13 affirmatively allows for only one or more specified uses or  
14 purposes that do not include any educational use or purpose  
15 is prohibited under this section. Any deed restriction or  
16 affirmative use deed restriction in effect on the effective  
17 date of this section that prohibits or does not permit  
18 property previously used for any educational purpose from  
19 being used for any future educational purpose is void.

20 3. If any city not within a county offers property of  
21 the city not within a county for sale, lease, or rent, the  
22 city not within a county shall not refuse to sell, lease, or  
23 rent the property to a charter school solely because the  
24 charter school intends to use the property for an  
25 educational purpose, if the intent of the charter school is  
26 to use the property for a lawful educational purpose. If  
27 the city not within a county offers property of the city not  
28 within a county for sale, lease, or rent, the city not  
29 within a county is not required to sell, lease, or rent the  
30 property to a charter school solely because the charter

31 school intends to use the property for an educational  
32 purpose.

33 4. Any ordinance, policy, regulation, deed, or  
34 contract made in violation of this section shall be void  
35 from its inception.

160.425. 1. The "Missouri Charter Public School  
2 Commission" is hereby created with the authority to sponsor

13 years, two for a term of three years, and two for a term of  
14 four years. At the expiration of the term of each member,  
15 the governor, by and with the advice and consent of the  
16 senate, shall appoint a successor.

17 3. The appointees to the commission shall be selected  
18 as follows:

19 (1) One member selected by the governor from a slate  
20 of three recommended by the commissioner of education;

29           (5) Five additional members appointed by the governor,  
30 one of whom shall be selected from a slate of three nominees  
31 recommended by the Missouri School Boards Association.

32           4. Members appointed to the commission shall  
33 collectively possess strong experience and expertise in  
34 governance, management and finance, school leadership,  
35 assessment, curriculum and instruction, and education law.  
36 All members of the commission shall have demonstrated  
37 understanding of and commitment to charter schooling as a  
38 strategy for strengthening public education.

39           5. The commission shall annually elect a chairperson  
40 and vice chairperson, who shall act as chairperson in his or  
41 her absence. The commission shall meet at the call of the  
42 chairperson. The chairperson may call meetings at such  
43 times as he or she deems advisable and shall call a meeting  
44 when requested to do so by three or more members of the  
45 commission. Members of the commission are not eligible to  
46 receive compensation.

47           6. The commission may approve proposed charters for  
48 its sponsorship under sections 160.400 to 160.425 and shall:

49           (1) Comply with all of the requirements applicable to  
50 sponsors under sections 160.400 to 160.425;

51           (2) Exercise sponsorship over charters approved by the  
52 commission under sections 160.400 to 160.425, including  
53 receipt of sponsorship funding under subsection [11] 9 of  
54 section 160.400. Sponsorship funding due to the commission  
55 shall be deposited to the credit of the charter public  
56 school commission revolving fund created pursuant to this  
57 section.

58           7. Charter schools sponsored by the commission shall  
59 comply with all of the requirements applicable to charter  
60 schools under sections 160.400 to 160.425.

61           8. The commission shall conduct its business in  
62 accordance with chapter 610.

63           9. The department of elementary and secondary  
64 education shall provide start-up funding for the commission  
65 to operate. The commission shall reimburse the department's  
66 costs from any funds it receives as sponsor under section  
67 160.400.

68           10. The commission is authorized to receive and expend  
69 gifts, grants, and donations of any kind from any public or  
70 private entity to carry out the purposes of sections 160.400  
71 to 160.425, subject to the terms and conditions under which  
72 they are given, provided that all such terms and conditions  
73 are permissible under law.

74           11. There is hereby created in the state treasury the  
75 "Charter Public School Commission Revolving Fund", which  
76 shall consist of moneys collected under this section. The  
77 state treasurer shall be custodian of the fund. In  
78 accordance with sections 30.170 and 30.180, the state  
79 treasurer may approve disbursements. Notwithstanding the  
80 provisions of section 33.080 to the contrary, any moneys  
81 remaining in the fund at the end of the biennium shall not  
82 revert to the credit of the general revenue fund. The state  
83 treasurer shall invest moneys in the fund in the same manner  
84 as other funds are invested. Subject to appropriation,  
85 moneys in the fund shall be used solely for the  
86 administration of this section.

          160.518. 1. Consistent with the provisions contained  
2 in section 160.526, the state board of education shall  
3 develop, modify, and revise, as necessary, a statewide  
4 assessment system [that provides maximum flexibility] for  
5 local school districts to determine the degree to which  
6 students in the public schools of the state are proficient  
7 in the knowledge, skills, and competencies adopted by such

8 board pursuant to section 160.514. The statewide assessment  
9 system shall assess problem solving, analytical ability,  
10 evaluation, creativity, and application ability in the  
11 different content areas and shall be performance-based to  
12 identify what students know, as well as what they are able  
13 to do, and shall enable teachers to evaluate actual academic  
14 performance. The statewide assessment system shall neither  
15 promote nor prohibit rote memorization and shall not include  
16 existing versions of tests approved for use pursuant to the  
17 provisions of section 160.257, nor enhanced versions of such  
18 tests. After the state board of education adopts and  
19 implements academic performance standards as required under  
20 section 161.855, the state board of education shall develop  
21 and adopt a standardized assessment instrument under this  
22 section based on the academic performance standards adopted  
23 under section 161.855. The statewide assessment system  
24 shall measure, where appropriate by grade level, a student's  
25 knowledge of academic subjects including, but not limited  
26 to, reading skills, writing skills, mathematics skills,  
27 world and American history, forms of government, geography  
28 and science.

29 2. [The statewide assessment system shall only permit  
30 the academic performance of students in each school in the  
31 state to be tracked against prior academic performance in  
32 the same school.

33 3.] The state board of education shall suggest, but not  
34 mandate, criteria for a school to demonstrate that its  
35 students learn the knowledge, skills and competencies at  
36 exemplary levels worthy of imitation by students in other  
37 schools in the state and nation. Exemplary levels shall be  
38 measured by the statewide assessment system developed  
39 pursuant to subsection 1 of this section, or until said  
40 statewide assessment system is available, by indicators

41 approved for such use by the state board of education. The  
42 provisions of other law to the contrary notwithstanding, the  
43 commissioner of education may, upon request of the school  
44 district, present a plan for the waiver of rules and  
45 regulations to any such school, to be known as "Outstanding  
46 Schools Waivers", consistent with the provisions of  
47 subsection [4] 3 of this section.

48 [4.] 3. For any school that meets the criteria  
49 established by the state board of education for three  
50 successive school years pursuant to the provisions of  
51 subsection [3] 2 of this section, by August first following  
52 the third such school year, the commissioner of education  
53 shall present a plan to the superintendent of the school  
54 district in which such school is located for the waiver of  
55 rules and regulations to promote flexibility in the  
56 operations of the school and to enhance and encourage  
57 efficiency in the delivery of instructional services. The  
58 provisions of other law to the contrary notwithstanding, the  
59 plan presented to the superintendent shall provide a summary  
60 waiver, with no conditions, for the pupil testing  
61 requirements pursuant to section 160.257, in the school.  
62 Further, the provisions of other law to the contrary  
63 notwithstanding, the plan shall detail a means for the  
64 waiver of requirements otherwise imposed on the school  
65 related to the authority of the state board of education to  
66 classify school districts pursuant to subdivision (9) of  
67 subsection 2 of section 161.092 and such other rules and  
68 regulations as determined by the commissioner of education,  
69 excepting such waivers shall be confined to the school and  
70 not other schools in the district unless such other schools  
71 meet the criteria established by the state board of  
72 education consistent with subsection [3] 2 of this section  
73 and the waivers shall not include the requirements contained

74 in this section and section 160.514. Any waiver provided to  
75 any school as outlined in this subsection shall be void on  
76 June thirtieth of any school year in which the school fails  
77 to meet the criteria established by the state board of  
78 education consistent with subsection ~~[3]~~ 2 of this section.

79 ~~[5.]~~ 4. The score on any assessment test developed  
80 pursuant to this section or this chapter of any student for  
81 whom English is a second language shall not be counted until  
82 such time as such student has been educated for three full  
83 school years in a school in this state, or in any other  
84 state, in which English is the primary language.

85 ~~[6.]~~ 5. The state board of education shall identify  
86 or, if necessary, establish one or more developmentally  
87 appropriate alternate assessments for students who receive  
88 special educational services, as that term is defined  
89 pursuant to section 162.675. In the development of such  
90 alternate assessments, the state board shall establish an  
91 advisory panel consisting of a majority of active special  
92 education teachers residing in Missouri and other education  
93 professionals as appropriate to research available  
94 assessment options. The advisory panel shall attempt to  
95 identify preexisting developmentally appropriate alternate  
96 assessments but shall, if necessary, develop alternate  
97 assessments and recommend one or more alternate assessments  
98 for adoption by the state board. The state board shall  
99 consider the recommendations of the advisory council in  
100 establishing such alternate assessment or assessments. Any  
101 student who receives special educational services, as that  
102 term is defined pursuant to section 162.675, shall be  
103 assessed by an alternate assessment established pursuant to  
104 this subsection upon a determination by the student's  
105 individualized education program team that such alternate  
106 assessment is more appropriate to assess the student's

107 knowledge, skills and competencies than the assessment  
108 developed pursuant to subsection 1 of this section. The  
109 alternate assessment shall evaluate the student's  
110 independent living skills, which include how effectively the  
111 student addresses common life demands and how well the  
112 student meets standards for personal independence expected  
113 for someone in the student's age group, sociocultural  
114 background, and community setting.

115 [7.] 6. The state board of education shall also  
116 develop recommendations regarding alternate assessments for  
117 any military dependent who relocates to Missouri after the  
118 commencement of a school term, in order to accommodate such  
119 student while ensuring that [he or she] such student is  
120 proficient in the knowledge, skills, and competencies  
121 adopted under section 160.514.

160.545. 1. There is hereby established within the  
2 department of elementary and secondary education the "A+  
3 Schools Program" to be administered by the commissioner of  
4 education. The program shall consist of grant awards made  
5 to public secondary schools that demonstrate a commitment to  
6 ensure that:

7 (1) All students be graduated from school;

8 (2) All students complete a selection of high school  
9 studies that is challenging and for which there are  
10 identified learning expectations; and

11 (3) All students:

12 (a) Earn credits toward any type of college degree  
13 while in high school; or

14 (b) Proceed from high school graduation to a college  
15 or postsecondary vocational or technical school or high-wage  
16 job with work place skill development opportunities.

17           2. The state board of education shall promulgate rules  
18 and regulations for the approval of grants made under the  
19 program to schools that:

20           (1) Establish measurable districtwide performance  
21 standards for the goals of the program outlined in  
22 subsection 1 of this section; and

23           (2) Specify the knowledge, skills and competencies, in  
24 measurable terms, that students must demonstrate to  
25 successfully complete any individual course offered by the  
26 school, and any course of studies [which] that will qualify  
27 a student for graduation from the school; and

28           (3) Do not offer a general track of courses that, upon  
29 completion, can lead to a high school diploma; and

30           (4) Require rigorous coursework with standards of  
31 competency in basic academic subjects for students pursuing  
32 vocational and technical education as prescribed by rule and  
33 regulation of the state board of education; and

34           (5) Have a partnership plan developed in cooperation  
35 and with the advice of local business persons, labor  
36 leaders, parents, and representatives of college and  
37 postsecondary vocational and technical school  
38 representatives, with the plan then approved by the local  
39 board of education. The plan shall specify a mechanism to  
40 receive information on an annual basis from those who  
41 developed the plan in addition to senior citizens, community  
42 leaders, and teachers to update the plan in order to best  
43 meet the goals of the program as provided in subsection 1 of  
44 this section. Further, the plan shall detail the procedures  
45 used in the school to identify students that may drop out of  
46 school and the intervention services to be used to meet the  
47 needs of such students. The plan shall outline counseling  
48 and mentoring services provided to students who will enter  
49 the work force upon graduation from high school, address

50 apprenticeship and intern programs, and shall contain  
51 procedures for the recruitment of volunteers from the  
52 community of the school to serve in schools receiving  
53 program grants.

54         3. Any nonpublic school in this state may apply to the  
55 state board of education for certification that it meets the  
56 requirements of this section subject to the same criteria as  
57 public high schools. Every nonpublic school that applies  
58 and has met the requirements of this section shall have its  
59 students eligible for reimbursement of postsecondary  
60 education under subsection 8 of this section on an equal  
61 basis to students who graduate from public schools that meet  
62 the requirements of this section. Any nonpublic school that  
63 applies shall not be eligible for any grants under this  
64 section. Students of certified nonpublic schools shall be  
65 eligible for reimbursement of postsecondary education under  
66 subsection 8 of this section so long as they meet the other  
67 requirements of such subsection. For purposes of  
68 subdivision (5) of subsection 2 of this section, the  
69 nonpublic school shall be included in the partnership plan  
70 developed by the public school district in which the  
71 nonpublic school is located. For purposes of subdivision  
72 (1) of subsection 2 of this section, the nonpublic school  
73 shall establish measurable performance standards for the  
74 goals of the program for every school and grade level over  
75 which the nonpublic school maintains control.

76         4. A school district may participate in the program  
77 irrespective of its accreditation classification by the  
78 state board of education, provided it meets all other  
79 requirements.

80         5. By rule and regulation, the state board of  
81 education may determine a local school district variable  
82 fund match requirement in order for a school or schools in

87 assuming a minimum of one-half the cost of the salary and  
88 other benefits provided to the coordinator. Further, no  
89 school in any district shall receive a grant under the

140 date of the parent's retirement from active duty who meet  
141 all other requirements of this subsection and are attending  
142 a school that meets the requirements of subsection 2 of this

2 establish standards and procedures by which it will evaluate  
3 all teacher training institutions in this state for the  
4 approval of teacher education programs. The state board of  
5 education shall not require teacher training institutions to  
6 meet national or regional accreditation as a part of its  
7 standards and procedures in making those evaluations, but it  
8 may accept such accreditations in lieu of such approval if  
9 standards and procedures set thereby are at least as  
10 stringent as those set by the board. The state board of

11 education's standards and procedures for evaluating teacher  
12 training institutions shall equal or exceed those of

22 the teacher education program at a particular teacher

28 or regulation shall require that the program from which the  
29 person graduates be accredited by any national or regional  
30 accreditation association.

31 4. The state board of education shall require literacy  
32 and reading instruction coursework for teacher education

50 defined in section 536.010, that is created under the  
51 authority delegated in this section shall become effective  
52 only if it complies with and is subject to all of the  
53 provisions of chapter 536 and, if applicable, section  
54 536.028. This section and chapter 536 are nonseverable and  
55 if any of the powers vested with the general assembly  
56 pursuant to chapter 536 to review, to delay the effective  
57 date, or to disapprove and annul a rule are subsequently  
58 held unconstitutional, then the grant of rulemaking  
59 authority and any rule proposed or adopted after August 28,  
60 2014, shall be invalid and void.

5 the level of those ordinarily provided in regular public  
6 school programs, districts may establish special programs  
7 for such gifted children.

8 (2) For all school years beginning on or after July 1,  
9 2023, if three percent or more of students enrolled in a  
10 school district are determined to be gifted and their  
11 development requires programs or services beyond the level  
12 of those ordinarily provided in regular public school  
13 programs, the district shall establish a state-approved  
14 gifted program for gifted children.

15 2. For all school years beginning on or after July 1,  
16 2023, any teacher providing gifted services to students in  
17 districts with an average daily attendance of more than  
18 three hundred fifty students shall be certificated in gifted  
19 education. In districts with an average daily attendance of  
20 three hundred fifty students or fewer, any teacher providing  
21 gifted services shall not be required to be certificated to  
22 teach gifted education but such teacher shall annually  
23 participate in at least six clock hours of professional  
24 development focused on gifted services.

25 3. The state board of education shall determine

33 whether a child is gifted based on the child's participation

34 in an advanced placement course or international  
35 baccalaureate course. Districts shall determine a child is  
36 gifted only if the child meets the definition of gifted  
37 children as provided in section 162.675.

38 [4.] 5. Any district with a gifted education program  
39 approved under subsection [2] 3 of this section shall have a  
40 policy, approved by the board of education of the district,  
41 that establishes a process that outlines the procedures and  
42 conditions under which parents or guardians may request a  
43 review of the decision that determined that their child did  
44 not qualify to receive services through the district's  
45 gifted education program.

46 [5.] 6. School districts and school district employees  
47 shall be immune from liability for any and all acts or  
48 omissions relating to the decision that a child did not  
49 qualify to receive services through the district's gifted  
50 education program.

51 7. The department of elementary and secondary  
52 education may promulgate rules to implement the provisions  
53 of this section and may develop a process to certify  
54 teachers in gifted education. Any rule or portion of a  
55 rule, as that term is defined in section 536.010, that is  
56 created under the authority delegated in this section shall  
57 become effective only if it complies with and is subject to  
58 all of the provisions of chapter 536 and, if applicable,  
59 section 536.028. This section and chapter 536 are  
60 nonseverable and if any of the powers vested with the  
61 general assembly pursuant to chapter 536 to review, to delay  
62 the effective date, or to disapprove and annul a rule are  
63 subsequently held unconstitutional, then the grant of  
64 rulemaking authority and any rule proposed or adopted after  
65 August 28, 2021, shall be invalid and void.

163.011. As used in this chapter unless the context  
2 requires otherwise:

3 (1) "Adjusted operating levy", the sum of tax rates  
4 for the current year for teachers' and incidental funds for  
5 a school district as reported to the proper officer of each  
6 county pursuant to section 164.011;

7 (2) "Average daily attendance", the quotient or the  
8 sum of the quotients obtained by dividing the total number  
9 of hours attended in a term by resident pupils between the  
10 ages of five and twenty-one by the actual number of hours  
11 school was in session in that term. To the average daily  
12 attendance of the following school term shall be added the  
13 full-time equivalent average daily attendance of summer  
14 school students. "Full-time equivalent average daily  
15 attendance of summer school students" shall be computed by  
16 dividing the total number of hours, except for physical  
17 education hours that do not count as credit toward  
18 graduation for students in grades nine, ten, eleven, and  
19 twelve, attended by all summer school pupils by the number  
20 of hours required in section 160.011 in the school term.  
21 For purposes of determining average daily attendance under  
22 this subdivision, the term "resident pupil" shall include  
23 all children between the ages of five and twenty-one who are  
24 residents of the school district and who are attending  
25 kindergarten through grade twelve in such district. If a  
26 child is attending school in a district other than the  
27 district of residence and the child's parent is teaching in  
28 the school district or is a regular employee of the school  
29 district which the child is attending, then such child shall  
30 be considered a resident pupil of the school district which  
31 the child is attending for such period of time when the  
32 district of residence is not otherwise liable for tuition.  
33 Average daily attendance for students below the age of five

34 years for which a school district may receive state aid  
35 based on such attendance shall be computed as regular school  
36 term attendance unless otherwise provided by law;

37 (3) "Current operating expenditures":

38 (a) For the fiscal year 2007 calculation, "current  
39 operating expenditures" shall be calculated using data from  
40 fiscal year 2004 and shall be calculated as all expenditures  
41 for instruction and support services except capital outlay  
42 and debt service expenditures minus the revenue from federal  
43 categorical sources; food service; student activities;  
44 categorical payments for transportation costs pursuant to  
45 section 163.161; state reimbursements for early childhood  
46 special education; the career ladder entitlement for the  
47 district, as provided for in sections 168.500 to 168.515;  
48 the vocational education entitlement for the district, as  
49 provided for in section 167.332; and payments from other  
50 districts;

51 (b) In every fiscal year subsequent to fiscal year  
52 2007, current operating expenditures shall be the amount in  
53 paragraph (a) of this subdivision plus any increases in  
54 state funding pursuant to sections 163.031 and 163.043  
55 subsequent to fiscal year 2005, not to exceed five percent,  
56 per recalculation, of the state revenue received by a  
57 district in the 2004-05 school year from the foundation  
58 formula, line 14, gifted, remedial reading, exceptional  
59 pupil aid, fair share, and free textbook payments for any  
60 district from the first preceding calculation of the state  
61 adequacy target;

62 (4) "District's tax rate ceiling", the highest tax  
63 rate ceiling in effect subsequent to the 1980 tax year or  
64 any subsequent year. Such tax rate ceiling shall not  
65 contain any tax levy for debt service;

66 (5) "Dollar-value modifier", an index of the relative  
67 purchasing power of a dollar, calculated as one plus fifteen  
68 percent of the difference of the regional wage ratio minus  
69 one, provided that the dollar value modifier shall not be  
70 applied at a rate less than 1.0:

71 (a) "County wage per job", the total county wage and  
72 salary disbursements divided by the total county wage and  
73 salary employment for each county and the City of St. Louis  
74 as reported by the Bureau of Economic Analysis of the United  
75 States Department of Commerce for the fourth year preceding  
76 the payment year;

77 (b) "Regional wage per job":

78 a. The total Missouri wage and salary disbursements of  
79 the metropolitan area as defined by the Office of Management  
80 and Budget divided by the total Missouri metropolitan wage  
81 and salary employment for the metropolitan area for the  
82 county signified in the school district number or the City  
83 of St. Louis, as reported by the Bureau of Economic Analysis  
84 of the United States Department of Commerce for the fourth  
85 year preceding the payment year and recalculated upon every  
86 decennial census to incorporate counties that are newly  
87 added to the description of metropolitan areas; or if no  
88 such metropolitan area is established, then:

89 b. The total Missouri wage and salary disbursements of  
90 the micropolitan area as defined by the Office of Management  
91 and Budget divided by the total Missouri micropolitan wage  
92 and salary employment for the micropolitan area for the  
93 county signified in the school district number, as reported  
94 by the Bureau of Economic Analysis of the United States  
95 Department of Commerce for the fourth year preceding the  
96 payment year, if a micropolitan area for such county has  
97 been established and recalculated upon every decennial

98 census to incorporate counties that are newly added to the  
99 description of micropolitan areas; or

100 c. If a county is not part of a metropolitan or  
101 micropolitan area as established by the Office of Management  
102 and Budget, then the county wage per job, as defined in  
103 paragraph (a) of this subdivision, shall be used for the  
104 school district, as signified by the school district number;

105 (c) "Regional wage ratio", the ratio of the regional  
106 wage per job divided by the state median wage per job;

107 (d) "State median wage per job", the fifty-eighth  
108 highest county wage per job;

109 (6) "Free and reduced price lunch pupil count", for  
110 school districts not eligible for and those that do not  
111 choose the USDA Community Eligibility Option, the number of  
112 pupils eligible for free and reduced price lunch on the last  
113 Wednesday in January for the preceding school year who were  
114 enrolled as students of the district, as approved by the  
115 department in accordance with applicable federal  
116 regulations. For eligible school districts that choose the  
117 USDA Community Eligibility Option, the free and reduced  
118 price lunch pupil count shall be the percentage of free and  
119 reduced price lunch students calculated as eligible on the  
120 last Wednesday in January of the most recent school year  
121 that included household applications to determine free and  
122 reduced price lunch count multiplied by the district's  
123 average daily attendance figure;

124 (7) "Free and reduced price lunch threshold" shall be  
125 calculated by dividing the total free and reduced price  
126 lunch pupil count of every performance district that falls  
127 entirely above the bottom five percent and entirely below  
128 the top five percent of average daily attendance, when such  
129 districts are rank-ordered based on their current operating  
130 expenditures per average daily attendance, by the total

131 average daily attendance of all included performance  
132 districts;

133 (8) "Limited English proficiency pupil count", the  
134 number in the preceding school year of pupils aged three  
135 through twenty-one enrolled or preparing to enroll in an  
136 elementary school or secondary school who were not born in  
137 the United States or whose native language is a language  
138 other than English or are Native American or Alaskan native,  
139 or a native resident of the outlying areas, and come from an  
140 environment where a language other than English has had a  
141 significant impact on such individuals' level of English  
142 language proficiency, or are migratory, whose native  
143 language is a language other than English, and who come from  
144 an environment where a language other than English is  
145 dominant; and have difficulties in speaking, reading,  
146 writing, or understanding the English language sufficient to  
147 deny such individuals the ability to meet the state's  
148 proficient level of achievement on state assessments  
149 described in Public Law [107-10] 107-110, the ability to  
150 achieve successfully in classrooms where the language of  
151 instruction is English, or the opportunity to participate  
152 fully in society;

153 (9) "Limited English proficiency threshold" shall be  
154 calculated by dividing the total limited English proficiency  
155 pupil count of every performance district that falls  
156 entirely above the bottom five percent and entirely below  
157 the top five percent of average daily attendance, when such  
158 districts are rank-ordered based on their current operating  
159 expenditures per average daily attendance, by the total  
160 average daily attendance of all included performance  
161 districts;

162 (10) "Local effort":

163           (a) For the fiscal year 2007 calculation, "local  
164 effort" shall be computed as the equalized assessed  
165 valuation of the property of a school district in calendar  
166 year 2004 divided by one hundred and multiplied by the  
167 performance levy less the percentage retained by the county  
168 assessor and collector plus one hundred percent of the  
169 amount received in fiscal year 2005 for school purposes from  
170 intangible taxes, fines, escheats, payments in lieu of taxes  
171 and receipts from state-assessed railroad and utility tax,  
172 one hundred percent of the amount received for school  
173 purposes pursuant to the merchants' and manufacturers' taxes  
174 under sections 150.010 to 150.370, one hundred percent of  
175 the amounts received for school purposes from federal  
176 properties under sections 12.070 and 12.080 except when such  
177 amounts are used in the calculation of federal impact aid  
178 pursuant to P.L. 81-874, fifty percent of Proposition C  
179 revenues received for school purposes from the school  
180 district trust fund under section 163.087, and one hundred  
181 percent of any local earnings or income taxes received by  
182 the district for school purposes. Under this paragraph, for  
183 a special district established under sections 162.815 to  
184 162.940 in a county with a charter form of government and  
185 with more than one million inhabitants, a tax levy of zero  
186 shall be utilized in lieu of the performance levy for the  
187 special school district;

188           (b) In every year subsequent to fiscal year 2007,  
189 "local effort" shall be the amount calculated under  
190 paragraph (a) of this subdivision plus any increase in the  
191 amount received for school purposes from fines. If a  
192 district's assessed valuation has decreased subsequent to  
193 the calculation outlined in paragraph (a) of this  
194 subdivision, the district's local effort shall be calculated  
195 using the district's current assessed valuation in lieu of

196 the assessed valuation utilized in the calculation outlined  
197 in paragraph (a) of this subdivision. When a change in a  
198 school district's boundary lines occurs because of a  
199 boundary line change, annexation, attachment, consolidation,  
200 reorganization, or dissolution under section 162.071,  
201 162.081, sections 162.171 to 162.201, section 162.221,  
202 162.223, 162.431, 162.441, or 162.451, or in the event that  
203 a school district assumes any territory from a district that  
204 ceases to exist for any reason, the department of elementary  
205 and secondary education shall make a proper adjustment to  
206 each affected district's local effort, so that each  
207 district's local effort figure conforms to the new boundary  
208 lines of the district. The department shall compute the  
209 local effort figure by applying the calendar year 2004  
210 assessed valuation data to the new land areas resulting from  
211 the boundary line change, annexation, attachment,  
212 consolidation, reorganization, or dissolution and otherwise  
213 follow the procedures described in this subdivision;

214 (11) "Membership" shall be the average of:

215 (a) The number of resident full-time students and the  
216 full-time equivalent number of part-time students who were  
217 enrolled in the public schools of the district on the last  
218 Wednesday in September of the previous year and who were in  
219 attendance one day or more during the preceding ten school  
220 days; and

221 (b) The number of resident full-time students and the  
222 full-time equivalent number of part-time students who were  
223 enrolled in the public schools of the district on the last  
224 Wednesday in January of the previous year and who were in  
225 attendance one day or more during the preceding ten school  
226 days, plus the full-time equivalent number of summer school  
227 pupils. "Full-time equivalent number of part-time students"  
228 is determined by dividing the total number of hours for

229 which all part-time students are enrolled by the number of  
230 hours in the school term. "Full-time equivalent number of  
231 summer school pupils" is determined by dividing the total  
232 number of hours for which all summer school pupils were  
233 enrolled by the number of hours required pursuant to section  
234 160.011 in the school term. Only students eligible to be  
235 counted for average daily attendance shall be counted for  
236 membership;

237 (12) "Operating levy for school purposes", the sum of  
238 tax rates levied for teachers' and incidental funds plus the  
239 operating levy or sales tax equivalent pursuant to section  
240 162.1100 of any transitional school district containing the  
241 school district, in the payment year, not including any  
242 equalized operating levy for school purposes levied by a  
243 special school district in which the district is located;

244 (13) "Performance district", any district that has met  
245 performance standards and indicators as established by the  
246 department of elementary and secondary education for  
247 purposes of accreditation under section 161.092 and as  
248 reported on the final annual performance report for that  
249 district each year; for calculations to be utilized for  
250 payments in fiscal years subsequent to fiscal year 2018, the  
251 number of performance districts shall not exceed twenty-five  
252 percent of all public school districts;

253 (14) "Performance levy", three dollars and forty-three  
254 cents;

255 (15) "School purposes" pertains to teachers' and  
256 incidental funds;

257 (16) "Special education pupil count", the number of  
258 public school students with a current individualized  
259 education program or services plan and receiving services  
260 from the resident district as of December first of the  
261 preceding school year, except for special education services

262 provided through a school district established under  
263 sections 162.815 to 162.940 in a county with a charter form  
264 of government and with more than one million inhabitants, in  
265 which case the sum of the students in each district within  
266 the county exceeding the special education threshold of each  
267 respective district within the county shall be counted  
268 within the special district and not in the district of  
269 residence for purposes of distributing the state aid derived  
270 from the special education pupil count;

271 (17) "Special education threshold" shall be calculated  
272 by dividing the total special education pupil count of every  
273 performance district that falls entirely above the bottom  
274 five percent and entirely below the top five percent of  
275 average daily attendance, when such districts are rank-  
276 ordered based on their current operating expenditures per  
277 average daily attendance, by the total average daily  
278 attendance of all included performance districts;

279 (18) "State adequacy target", the sum of the current  
280 operating expenditures of every performance district that  
281 falls entirely above the bottom five percent and entirely  
282 below the top five percent of average daily attendance, when  
283 such districts are rank-ordered based on their current  
284 operating expenditures per average daily attendance, divided  
285 by the total average daily attendance of all included  
286 performance districts. The department of elementary and  
287 secondary education shall first calculate the state adequacy  
288 target for fiscal year 2007 and recalculate the state  
289 adequacy target every two years using the most current  
290 available data. The recalculation shall never result in a  
291 decrease from the state adequacy target as calculated for  
292 fiscal years 2017 and 2018 and any state adequacy target  
293 figure calculated subsequent to fiscal year 2018. Should a  
294 recalculation result in an increase in the state adequacy

295 target amount, fifty percent of that increase shall be  
296 included in the state adequacy target amount in the year of  
297 recalculation, and fifty percent of that increase shall be  
298 included in the state adequacy target amount in the  
299 subsequent year. The state adequacy target may be adjusted  
300 to accommodate available appropriations as provided in  
301 subsection 7 of section 163.031;

302 (19) "Teacher", any teacher, teacher-secretary,  
303 substitute teacher, supervisor, principal, supervising  
304 principal, superintendent or assistant superintendent,  
305 school nurse, social worker, counselor or librarian who  
306 shall, regularly, teach or be employed for no higher than  
307 grade twelve more than one-half time in the public schools  
308 and who is certified under the laws governing the  
309 certification of teachers in Missouri;

310 (20) "Weighted average daily attendance", the average  
311 daily attendance plus the product of [twenty-five  
312 hundredths] two hundred seventy-five thousandths multiplied  
313 by the free and reduced price lunch pupil count that exceeds  
314 the free and reduced price lunch threshold, plus the product  
315 of seventy-five hundredths multiplied by the number of  
316 special education pupil count that exceeds the special  
317 education threshold, plus the product of six-tenths  
318 multiplied by the number of limited English proficiency  
319 pupil count that exceeds the limited English proficiency  
320 threshold. For special districts established under sections  
321 162.815 to 162.940 in a county with a charter form of  
322 government and with more than one million inhabitants,  
323 weighted average daily attendance shall be the average daily  
324 attendance plus the product of [twenty-five hundredths] two  
325 hundred seventy-five thousandths multiplied by the free and  
326 reduced price lunch pupil count that exceeds the free and  
327 reduced price lunch threshold, plus the product of seventy-

328 five hundredths multiplied by the sum of the special  
329 education pupil count that exceeds the threshold for each  
330 county district, plus the product of six-tenths multiplied  
331 by the limited English proficiency pupil count that exceeds  
332 the limited English proficiency threshold. None of the  
333 districts comprising a special district established under  
334 sections 162.815 to 162.940 in a county with a charter form  
335 of government and with more than one million inhabitants[,]  
336 shall use any special education pupil count in calculating  
337 their weighted average daily attendance.

163.023. 1. Commencing September 1, 1997, a school  
2 district that has an operating levy for school purposes as  
3 defined in section 163.011, of less than the minimum value  
4 required by section 163.021, shall be classified as  
5 unaccredited by the state board of education and shall be  
6 deemed to be an unclassified school district for all  
7 purposes under force of law, pursuant to the authority of  
8 the state board of education to classify school districts  
9 pursuant to section 161.092, except that no school district  
10 shall be classified as unaccredited or deemed to be an  
11 unclassified school district pursuant to this section if  
12 such district is ineligible to receive state aid under  
13 section 163.031, exclusive of categorical add-ons, because  
14 the district's local effort is greater than its weighted  
15 average daily attendance multiplied by the state adequacy  
16 target multiplied by the dollar value modifier. No school  
17 district, except a district [which] that is ineligible to  
18 receive state aid under section 163.031, exclusive of  
19 categorical add-ons, because the district's local effort is  
20 greater than its weighted average daily attendance  
21 multiplied by the state adequacy target multiplied by the  
22 dollar value modifier, may be classified or reclassified as  
23 accredited until such district has an operating levy for

24 school purposes [which] that is equal to or greater than the  
25 minimum value required by section 163.021. Beginning July  
26 1, 1998, the state board of education shall consider the  
27 results for a school district from the statewide assessment  
28 system developed pursuant to the provisions of section  
29 160.518 when classifying a school district as authorized by  
30 subdivision (9) of subsection 2 of section 161.092.  
31 Further, the state board of education shall consider the  
32 condition and adequacy of facilities of a school district  
33 when determining such classification.

34 2. For any school district classified unaccredited for  
35 any school year, the state board of education shall conduct  
36 procedures to classify said school district for the first  
37 school year following.

24 paper-and-pencil tests promulgated by nationally recognized  
25 organizations and other recognized methods of determining a  
26 student's reading accuracy, expression, fluency and  
27 comprehension in order to make a determination of the  
28 student's grade-level reading ability. Assessments [which]

29 that do not give a grade-level result may be used in  
30 combination with other assessments to reach a grade-level  
31 determination. Districts and charter schools are encouraged

73 includes an element addressing reading, and to students  
74 determined to have such insufficient cognitive ability. The  
75 assessment required by this subsection shall also be  
76 required for students who enter a school district or charter  
77 school in grades four, five, or six unless such student has  
78 been determined in the current school year to be reading at  
79 grade level or above.

80 3. [Beginning with school year 2002-03, for each  
81 student whose third-grade reading assessment determines that

135 student within forty-five days following the identification  
136 of a reading deficiency by such student's teacher and other
