<p>Page 66. Business and Community Solutions has a need for additional FTE to efficiently complete excess work within the division. Over time new programs have been added with no new FTE to support those programs. These FTE would be used across programs and functions in order to efficiently process any large influx of workflow at any given time. This would result in a significant decrease in backlogs to approve or issue tax credits, as well as to close out projects. This will significantly impact customers by decreasing the amount of time for review and approval of projects and tax credit applications. Programs impacted would include but are not limited to Historic Preservation, Neighborhood Preservation, Tax Increment Financing, Missouri Works, Neighborhood Assistance, and Youth Opportunities Program. House recommended funding source change from General Revenue to Economic Development Advancement Fund (EDAF).</p>

Economic Development Advancement Fund Refunds – Section 7.020

Page 71

Description: The Economic Development Advancement Fund (EDAF) was created per 620.1900, RSMo, in order to receive fees from the recipients of certain tax credits issued by the department, in an amount up to 2.5% of the amount of the issued tax credit. Upon issuance of the tax credits, the fees are paid by the recipient. This core item provides the Department of Economic Development the ability to refund an overpayment or erroneous payment of any amount credited to the EDAF.

In 2018, SB 590 authorized a 4% fee of the amount of tax credits issued under the Historic Preservation Tax Credit program. The fee will first be applied in FY 2020 projects.

Page 120. The CARES Act provided \$5 billion of Community Development Block Grant funds (CDBG-CV funds) to help communities prevent, prepare for, and respond to COVID-19 in a variety of ways. Missouri has been allocated \$43,033,423 of CDBG-CV funds; therefore, this New Decision Item requests an additional \$23,033,423 FED. These funds will be used to address COVID-related needs that remain or emerge after the CARES Act's Coronavirus Relief Fund expires on December 30, 2020.

Possible uses of the funds include: public services activities such as job training or costs associated with COVID-19 testing, special economic development assistance such as grants or loans to small businesses to create or retain jobs, infrastructure such as acquiring and rehabilitating property necessary for COVID-19 response, and grant administration and planning for communities across the State.

Community Service Commission - Section 7.080

Page 203

Description: The Community Service Commission (MCSC) was established to promote volunteerism in the state, with a special focus on youth. The program provides opportunities for individuals to serve their communities as full-time or less than full-time AmeriCorps volunteers. AmeriCorps is a national service network and is supported by the Corporation for National and Community Service (CNCS), a federal agency. MCSC receives funding from CNCS to administer the AmeriCorps program in Missouri. The program provides communities and neighborhoods with the human resources necessary to address their most pressing civic needs and gives individuals a way to serve their country by completing community service projects.

Page 212. This new decision item is being requested in order to increase the FY2022 federal Personal Service appropriation authority for the Missouri Community Service Commission (MCSC), Section 7.070 in House Bill 2007. The increase is needed because while 1.0 FTE was moved from General Revenue to Federal for FY2021, the federal appropriation authority was not increased. This increase is needed, so that all 5.0 FTE can be paid entirely from federal funds. Federal funds are awarded by the Corporation for National and Community Service (CNCS). MCSC has received an increase in federal grant awards over the past two to three years; therefore, having adequate appropriation authority for all 5.0 positions is critical. Governor did not recommend funding.
