101ST GENERAL ASSEMBLY

INTRODUCED BY SENATOR ARTHUR.

AN ACT

To amend chapters 161 and 162, RSMo, by adding thereto three new sections relating to competency-based education in elementary and secondary schools.

Be it enacted by the General Assembly of the State of Missouri, as follows:

Section A. Chapters 161 and 162, RSMo, are amended by adding thereto three new sections, to be known as sections 161.380, 161.385, and 162.1255, to read as follows:

161.380. 1. Subject to appropriations, the department of elementary and secondary education shall establish the "Competency-Based Education Grant Program".

2. (1) There is hereby created in the state treasury the "Competency-Based Education Grant Program Fund". The fund shall consist of any appropriations to such fund and any gifts, contributions, grants, or bequests received from private or other sources for the purpose of providing competency-based education programs. The state treasurer shall be custodian of the fund. In accordance with sections 30.170 and 30.180, the state treasurer may approve disbursements of public moneys in accordance with distribution requirements and procedures developed by the department of elementary and secondary education. The fund shall be a dedicated fund and, upon appropriation, moneys in the fund shall be used solely for the administration of this section.
(2) Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund.

(3) The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

3. The department of elementary and secondary education shall award grants from the competency-based education grant program fund to eligible school districts for the purpose of providing competency based education programs. A school district wishing to receive such a grant shall submit an application to the department of elementary and secondary education addressing:

(1) A core mission that competency-based education courses shall help achieve;

(2) A plan that outlines competency-based education courses and key metrics that will show success;

(3) Resources available to the school and in the community that will assist in creating successful competency-based outcomes; and

(4) Resources and support needed to help the school succeed in implementing competency-based education courses.

4. The department of elementary and secondary education shall facilitate the creation, sharing, and development of course assessments, curriculum, training and guidance for teachers, and best practices for the school districts that offer competency-based education courses.

5. For purposes of this section, the term "competency-based education program" means an educational program that:
(1) Affords students flexibility to progress and earn
course credit upon demonstration of mastery, including
through early high school graduation;
(2) Provides individual learning and assessment
options, including through experiential and project-based
learning, online or blended learning, additional remedial
education time, and accelerated-pace curricula;
(3) Assesses student proficiency based on graduate

(4) Assesses student proficiency through tasks
developed both locally and at the state level, performance
of which demonstrate mastery.
6. The department of elementary and secondary
education shall promulgate all necessary rules and
regulations for the administration of this section. Any
rule or portion of a rule, as that term is defined in
section 536.010, that is created under the authority
delegated in this section shall become effective only if it
complies with and is subject to all of the provisions of
chapter 536 and, if applicable, section 536.028. This
section and chapter 536 are nonseverable and if any of the
powers vested with the general assembly pursuant to chapter
536 to review, to delay the effective date, or to disapprove
and annul a rule are subsequently held unconstitutional,
then the grant of rulemaking authority and any rule proposed
or adopted after August 28, 2021, shall be invalid and void.
161.385. 1. There is hereby established the
"Competency-Based Education Task Force" to study and develop
competency-based education programs in public schools. Task
force members shall be chosen to represent the geographic

Members of the task force shall serve without compensation, but shall be entitled to reimbursement for actual and necessary expenses incurred in the performance of their official duties.

3. The department of elementary and secondary education shall provide such legal, research, clerical, and technical services as the task force may require in the performance of its duties.

(c) Complies with all applicable federal law, including 20 U.S.C. Section 6311(b)(1)(B). To the extent that implementing a competency-based performance assessment would require the department of elementary and secondary education to obtain innovative assessment and accountability demonstration authority under 20 U.S.C. Section 6364, the task force shall develop findings and recommendations for obtaining such authority.

5. Beginning in 2022, the task force shall present its findings and recommendations to the speaker of the house of representatives, the president pro tempore of the senate, the joint committee on education, and the state board of education by December first annually.
