AN ACT

To repeal sections 8.250, 8.260, 8.420, 34.055, 34.057, 34.058, 34.100, 34.203, 34.206, 34.209, 34.212, 34.217, and 34.218, RSMo, and to enact in lieu thereof sixteen new sections relating to procedures for certain public projects for facilities.

Be it enacted by the General Assembly of the State of Missouri, as follows:

Section A. Sections 8.250, 8.260, 8.420, 34.055, 34.057,
2 34.058, 34.100, 34.203, 34.206, 34.209, 34.212, 34.217, and
3 34.218, RSMo, are repealed and sixteen new sections enacted in
4 lieu thereof, to be known as sections 8.250, 8.260, 8.420,
5 8.690, 8.960, 8.962, 8.964, 8.966, 8.968, 8.970, 8.972, 8.974,
6 34.055, 34.100, 34.800, and 67.5065, to read as follows:

8.250. 1. "Project" for the purposes of this chapter
2 means the labor or material necessary for the construction,
3 renovation, or repair of improvements to real property so
4 that the work, when complete, shall be ready for service for
5 its intended purpose and shall require no other work to be a
6 completed system or component.

7 2. All contracts for projects, the cost of which
8 exceeds twenty-five thousand dollars, entered into by any
9 city containing five hundred thousand inhabitants or more
10 shall be let to the lowest, responsive, responsible bidder
11 or bidders after [notice and] publication of an
12 advertisement for [five days in a daily newspaper in the
13 county where the work is located, or at least twice over] a

14 period of ten days or more in a newspaper in the county
15 where the work is located, [and] in two daily newspapers in
16 the state which do not have less than fifty thousand daily
17 circulation, and [by such other means as are determined to
18 be most likely to reach potential bidders] on the website of
19 the city or through an electronic procurement system.

20 3. All contracts for projects, the cost of which
21 exceeds one hundred thousand dollars, entered into by an
22 officer or agency of this state shall be let to the lowest,
23 responsive, responsible bidder or bidders based on
24 preestablished criteria after [notice and] publication of an
25 advertisement for [five days in a daily newspaper in the
26 county where the work is located, or at least twice over] a
27 period of ten days or more in a newspaper in the county
28 where the work is located [and], in one daily newspaper in
29 the state which does not have less than fifty thousand daily
30 circulation, and [by such other means as determined to be
31 most likely to reach potential bidders] on the website of
32 the officer or agency or through an electronic procurement
33 system. For all contracts for projects between twenty-five
34 thousand dollars and one hundred thousand dollars, a minimum
35 of three contractors shall be solicited with the award being
36 made to the lowest responsive, responsible bidder based on
37 preestablished criteria.

38 4. The number of such public bids shall not be
39 restricted or curtailed, but shall be open to all persons
40 complying with the terms upon which the bids are requested
41 or solicited unless debarred for cause. No contract shall
42 be awarded when the amount appropriated for same is not
43 sufficient to complete the work ready for service.

44 5. Dividing a project into component labor or material
45 allocations for the purpose of avoiding bidding or

46 advertising provisions required by this section is
47 specifically prohibited.

8.260. All appropriations made by the general assembly
2 amounting to one hundred thousand dollars or more for the
3 construction, renovation, or repair of facilities shall be
4 expended in the following manner:

5 (1) The agency requesting payment shall provide the
6 commissioner of administration with satisfactory evidence
7 that a bona fide contract, procured in accordance with all
8 applicable procedures, exists for the work for which payment
9 is requested;

10 (2) All requests for payment shall be approved by the
11 architect or engineer registered to practice in the state of
12 Missouri who designed the project or who has been assigned
13 to oversee it;

14 (3) In order to guarantee completion of the contract,
15 the agency or officer shall retain a portion of the contract
16 value in accordance with the provisions of section [34.057]
17 8.960;

18 (4) A contractor may be paid for materials delivered
19 to the site or to a storage facility approved by the
20 director of the division of facilities management, design
21 and construction as having adequate safeguards against loss,
22 theft or conversion.

23 In no case shall the amount contracted for exceed the amount
24 appropriated by the general assembly for the purpose.

8.420. 1. Bonds issued under and pursuant to the
2 provisions of sections 8.370 to 8.450 shall be of such
3 denomination or denominations, shall bear such rate or rates
4 of interest not to exceed fifteen percent per annum, and
5 shall mature at such time or times within forty years from
6 the date thereof, as the board determines. The bonds may be
7 either serial bonds or term bonds.

8 2. Serial bonds may be issued with or without the
9 reservation of the right to call them for payment and
10 redemption in advance of their maturity, upon the giving of
11 such notice, and with or without a covenant requiring the
12 payment of a premium in the event of such payment and
13 redemption prior to maturity, as the board determines.

14 3. Term bonds shall contain a reservation of the right
15 to call them for payment and redemption prior to maturity at
16 such time or times and upon the giving of such notice, and
17 upon the payment of such premium, if any, as the board
18 determines.

19 4. The bonds, when issued, shall be sold at public
20 sale for the best price obtainable after giving such
21 reasonable notice of such sale as may be determined by the
22 board, but in no event shall such bonds be sold for less
23 than ninety-eight percent of the par value thereof, and
24 accrued interest. Any such bonds may be sold to the United
25 States of America or to any agency or instrumentality
26 thereof, at a price not less than par and accrued interest,
27 without public sale and without the giving of notice as
28 herein provided.

29 5. The bonds, when issued and sold, shall be
30 negotiable instruments within the meaning of the law
31 merchant and the negotiable instruments law, and the
32 interest thereon shall be exempt from income taxes under the
33 laws of the state of Missouri.

34 6. The board shall not issue revenue bonds pursuant to
35 the provisions of sections 8.370 to 8.450 for one or more
36 projects, as defined in section 8.370, in excess of a total
37 par value of one billion one hundred seventy-five million
38 dollars.

39 7. Any bonds which may be issued pursuant to the
40 provisions of sections 8.370 to 8.450 shall be issued only

41 for projects which have been approved by a majority of the
42 house members and a majority of the senate members of the
43 committee on legislative research of the general assembly,
44 and the approval by the committee on legislative research
45 required by the provisions of section 8.380 shall be given
46 only in accordance with this provision. For the purposes of
47 approval of a project, the total amount of bonds issued for
48 purposes of energy retrofitting in state-owned facilities
49 shall be treated as a single project.

50 [8. Any bonds which may be issued due to the increase
51 of the cap amount in subsection 6 of this section occurring
52 on August 28, 2014, shall not be issued for construction of
53 new buildings and shall only be used for repair or
54 renovation of existing buildings and facilities, except that
55 bonds may be issued for the construction of a new mental
56 health facility in any county of the first classification
57 with more than forty thousand but fewer than fifty thousand
58 inhabitants and with a home rule city with more than twelve
59 thousand one hundred but fewer than twelve thousand two
60 hundred inhabitants as the county seat.]

8.690. 1. The office of administration shall have the
2 authority to utilize:

3 (1) The construction manager-at-risk delivery method,
4 as provided for in section 67.5050; and

5 (2) The design-build delivery method, as provided for
6 in section 67.5060, only as follows:

7 (a) For noncivil works projects, as that term is used
8 in section 67.5060, in excess of seven million dollars; and

9 (b) No more than five noncivil works projects, as that
10 term is used in section 67.5060, may be contracted for in
11 any fiscal year that are less than seven million dollars.

12 2. The office of administration shall not be subject
13 to subsection 15 of section 67.5050 and subsection 22 of

14 section 67.5060 in executing contracts pursuant to this
15 section.

16 3. The office of administration shall not be subject
17 to subsection 4 of section 67.5060. The office of
18 administration shall publish its advertisement for proposals
19 in the publications; and on the website of the officer or
20 agency or through an electronic procurement system as set
21 forth in subsection 3 of section 8.250. The selection and
22 award shall follow sections 67.5050 and 67.5060, as
23 applicable.

[34.057.] 8.960. 1. Unless contrary to any federal
2 funding requirements or unless funds from a state grant are
3 not timely received by the contracting public municipality
4 but notwithstanding any other law to the contrary, all
5 public works contracts made and awarded by the appropriate
6 officer, board or agency of the state or of a political
7 subdivision of the state or of any district therein,
8 including any municipality, county and any board referred to
9 as the public owner, for construction, reconstruction or
10 alteration of any public works project, shall provide for
11 prompt payment by the public owner to the contractor, and
12 any professional engineer, architect, landscape architect,
13 or land surveyor, as well as prompt payment by the
14 contractor to the subcontractor and material supplier in
15 accordance with the following:

16 (1) A public owner shall make progress payments to the
17 contractor and any professional engineer, architect,
18 landscape architect, or land surveyor on at least a monthly
19 basis as the work progresses, or, on a lump sum basis
20 according to the terms of the lump sum contract. Except in
21 the case of lump sum contracts, payments shall be based upon
22 estimates prepared at least monthly of work performed and
23 material delivered, as determined by the project architect

24 or engineer. Retainage withheld on any construction
25 contract or subcontract for public works projects shall not
26 exceed five percent of the value of the contract or
27 subcontract. If the contractor is not required to obtain a
28 bond under section 107.170 because the cost of the public
29 works contract is not estimated to exceed fifty thousand
30 dollars, the public owner may withhold retainage on the
31 public works project in an amount not to exceed ten percent
32 of the value of the contract or subcontract. The public
33 owner shall pay the contractor the amount due, less a
34 retainage, within thirty days following the latter of the
35 following:

36 (a) The date of delivery of materials or construction
37 services purchased;

38 (b) The date, as designated by the public owner, upon
39 which the invoice is duly delivered to the person or place
40 designated by the public owner; or

41 (c) In those instances in which the contractor
42 approves the public owner's estimate, the date upon which
43 such notice of approval is duly delivered to the person or
44 place designated by the public owner;

45 (2) Payments shall be considered received within the
46 context of this section when they are duly posted with the
47 United States Postal Service or other agreed upon delivery
48 service or when they are hand-delivered to an authorized
49 person or place as agreed to by the contracting parties;

50 (3) If, in the discretion of the owner and the project
51 architect or engineer and the contractor, it is determined
52 that a subcontractor's performance has been completed and
53 the subcontractor can be released prior to substantial
54 completion of the public works contract without risk to the
55 public owner, the contractor shall request such adjustment
56 in retainage, if any, from the public owner as necessary to

57 enable the contractor to pay the subcontractor in full. The
58 public owner may reduce or eliminate retainage on any
59 contract payment if, in the public owner's opinion, the work
60 is proceeding satisfactorily. If retainage is released and
61 there are any remaining minor items to be completed, an
62 amount equal to one hundred fifty percent of the value of
63 each item as determined by the public owner's duly
64 authorized representatives shall be withheld until such item
65 or items are completed;

66 (4) The public owner shall pay at least ninety-eight
67 percent of the retainage, less any offsets or deductions
68 authorized in the contract or otherwise authorized by law,
69 to the contractor. The contractor shall pay the
70 subcontractor or supplier after substantial completion of
71 the contract work and acceptance by the public owner's
72 authorized contract representative, or as may otherwise be
73 provided by the contract specifications for state highway,
74 road or bridge projects administered by the state highways
75 and transportation commission. Such payment shall be made
76 within thirty days after acceptance, and the invoice and all
77 other appropriate documentation and certifications in
78 complete and acceptable form are provided, as may be
79 required by the contract documents. If the public owner or
80 the owner's representative determines the work is not
81 substantially completed and accepted, then the owner or the
82 owner's representative shall provide a written explanation
83 of why the work is not considered substantially completed
84 and accepted within fourteen calendar days to the
85 contractor, who shall then provide such notice to the
86 subcontractor or suppliers responsible for such work. If
87 such written explanation is not given by the public body,
88 the public body shall pay at least ninety-eight percent of
89 the retainage within thirty calendar days. If at that time

90 there are any remaining minor items to be completed, an
91 amount equal to one hundred fifty percent of the value of
92 each item as determined by the public owner's representative
93 shall be withheld until such items are completed;

94 (5) All estimates or invoices for supplies and
95 services purchased, approved and processed, or final
96 payments, shall be paid promptly and shall be subject to
97 late payment charges provided in this section. Except as
98 provided in subsection 4 of this section, if the contractor
99 has not been paid within thirty days as set forth in
100 subdivision (1) of subsection 1 of this section, the
101 contracting agency shall pay the contractor, in addition to
102 the payment due him, interest at the rate of one and one-
103 half percent per month calculated from the expiration of the
104 thirty-day period until fully paid;

105 (6) When a contractor receives any payment, the
106 contractor shall pay each subcontractor and material
107 supplier in proportion to the work completed by each
108 subcontractor and material supplier his application less any
109 retention not to exceed five percent. If the contractor
110 receives less than the full payment due under the public
111 construction contract, the contractor shall be obligated to
112 disburse on a pro rata basis those funds received, with the
113 contractor, subcontractors and material suppliers each
114 receiving a prorated portion based on the amount of
115 payment. When, however, the public owner does not release
116 the full payment due under the contract because there are
117 specific areas of work or materials he is rejecting or
118 because he has otherwise determined such areas are not
119 suitable for payment then those specific subcontractors or
120 suppliers involved shall not be paid for that portion of the
121 work rejected or deemed not suitable for payment; provided
122 the public owner or the owner's representative gives a

123 written explanation to the contractor, subcontractor, or
124 supplier involved as to why the work or supplies were
125 rejected or deemed not suitable for payment, and all other
126 subcontractors and suppliers shall be paid in full;

127 (7) If the contractor, without reasonable cause, fails
128 to make any payment to his subcontractors and material
129 suppliers within fifteen days after receipt of payment under
130 the public construction contract, the contractor shall pay
131 to his subcontractors and material suppliers, in addition to
132 the payment due them, interest in the amount of one and one-
133 half percent per month, calculated from the expiration of
134 the fifteen-day period until fully paid. This subdivision
135 shall also apply to any payments made by subcontractors and
136 material suppliers to their subcontractors and material
137 suppliers and to all payments made to lower tier
138 subcontractors and material suppliers throughout the
139 contracting chain;

140 (8) The public owner shall make final payment of all
141 moneys owed to the contractor, including any retainage
142 withheld under subdivision (4) of this subsection, less any
143 offsets or deductions authorized in the contract or
144 otherwise authorized by law, within thirty days of the due
145 date. Final payment shall be considered due upon the
146 earliest of the following events:

147 (a) Completion of the project and filing with the
148 owner of all required documentation and certifications, in
149 complete and acceptable form, in accordance with the terms
150 and conditions of the contract;

151 (b) The project is certified by the architect or
152 engineer authorized to make such certification on behalf of
153 the owner as having been completed, including the filing of
154 all documentation and certifications required by the
155 contract, in complete and acceptable form; or

156 (c) The project is certified by the contracting
157 authority as having been completed, including the filing of
158 all documentation and certifications required by the
159 contract, in complete and acceptable form.

160 2. Nothing in this section shall prevent the
161 contractor or subcontractor, at the time of application or
162 certification to the public owner or contractor, from
163 withholding such applications or certifications to the owner
164 or contractor for payment to the subcontractor or material
165 supplier. Amounts intended to be withheld shall not be
166 included in such applications or certifications to the
167 public owner or contractor. Reasons for withholding such
168 applications or certifications shall include, but not be
169 limited to, the following: unsatisfactory job progress;
170 defective construction work or material not remedied;
171 disputed work; failure to comply with other material
172 provisions of the contract; third-party claims filed or
173 reasonable evidence that a claim will be filed; failure of
174 the subcontractor to make timely payments for labor,
175 equipment and materials; damage to a contractor or another
176 subcontractor or material supplier; reasonable evidence that
177 the contract cannot be completed for the unpaid balance of
178 the subcontract sum or a reasonable amount for retention,
179 not to exceed the initial percentage retained by the owner.

180 3. Should the contractor determine, after application
181 or certification has been made and after payment has been
182 received from the public owner, or after payment has been
183 received by a contractor based upon the public owner's
184 estimate of materials in place and work performed as
185 provided by contract, that all or a portion of the moneys
186 needs to be withheld from a specific subcontractor or
187 material supplier for any of the reasons enumerated in this
188 section, and such moneys are withheld from such

189 subcontractor or material supplier, then such undistributed
190 amounts shall be specifically identified in writing and
191 deducted from the next application or certification made to
192 the public owner or from the next estimate by the public
193 owner of payment due the contractor, until a resolution of
194 the matter has been achieved. Disputes shall be resolved in
195 accordance with the terms of the contract documents. Upon
196 such resolution the amounts withheld by the contractor from
197 the subcontractor or material supplier shall be included in
198 the next application or certification made to the public
199 owner or the next estimate by the public owner and shall be
200 paid promptly in accordance with the provisions of this
201 section. This subsection shall also apply to applications
202 or certifications made by subcontractors or material
203 suppliers to the contractor and throughout the various tiers
204 of the contracting chain.

205 4. The contracts which provide for payments to the
206 contractor based upon the public owner's estimate of
207 materials in place and work performed rather than
208 applications or certifications submitted by the contractor,
209 the public owner shall pay the contractor within thirty days
210 following the date upon which the estimate is required by
211 contract to be completed by the public owner, the amount due
212 less a retainage not to exceed five percent. All such
213 estimates by the public owner shall be paid promptly and
214 shall be subject to late payment charges as provided in this
215 subsection. After the thirtieth day following the date upon
216 which the estimate is required by contract to be completed
217 by the public owner, the contracting agency shall pay the
218 contractor, in addition to the payment due him, interest at
219 a rate of one and one-half percent per month calculated from
220 the expiration of the thirty-day period until fully paid.

221 5. The public owner shall pay or cause to be paid to
222 any professional engineer, architect, landscape architect,
223 or land surveyor the amount due within thirty days following
224 the receipt of an invoice prepared and submitted in
225 accordance with the contract terms. In addition to the
226 payment due, the contracting agency shall pay interest at
227 the rate of one and one-half percent per month calculated
228 from the expiration of the thirty-day period until fully
229 paid.

230 6. Nothing in this section shall prevent the owner
231 from withholding payment or final payment from the
232 contractor, or a subcontractor or material supplier.
233 Reasons for withholding payment or final payment shall
234 include, but not be limited to, the following: liquidated
235 damages; unsatisfactory job progress; defective construction
236 work or material not remedied; disputed work; failure to
237 comply with any material provision of the contract; third
238 party claims filed or reasonable evidence that a claim will
239 be filed; failure to make timely payments for labor,
240 equipment or materials; damage to a contractor,
241 subcontractor or material supplier; reasonable evidence that
242 a subcontractor or material supplier cannot be fully
243 compensated under its contract with the contractor for the
244 unpaid balance of the contract sum; or citation by the
245 enforcing authority for acts of the contractor or
246 subcontractor which do not comply with any material
247 provision of the contract and which result in a violation of
248 any federal, state or local law, regulation or ordinance
249 applicable to that project causing additional costs or
250 damages to the owner.

251 7. Nothing in this section shall be construed to
252 require direct payment by a public owner to a subcontractor
253 or supplier, except in the case of the default, as

254 determined by a court, of the contractor on the contract
255 with the public owner where no performance or payment bond
256 is required or where the surety fails to execute its duties,
257 as determined by a court.

258 8. Notwithstanding any other provisions in this
259 section to the contrary, no late payment interest shall be
260 due and owing for payments which are withheld in good faith
261 for reasonable cause pursuant to subsections 2, 5, and 6 of
262 this section. If it is determined by a court of competent
263 jurisdiction that a payment which was withheld pursuant to
264 subsections 2, 5, and 6 of this section was not withheld in
265 good faith for reasonable cause, the court may impose
266 interest at the rate of one and one-half percent per month
267 calculated from the date of the invoice and may, in its
268 discretion, award reasonable attorney fees to the prevailing
269 party. In any civil action or part of a civil action
270 brought pursuant to this section, if a court determines
271 after a hearing for such purpose that the cause was
272 initiated, or a defense was asserted, or a motion was filed,
273 or any proceeding therein was done frivolously and in bad
274 faith, the court shall require the party who initiated such
275 cause, asserted such defense, filed such motion, or caused
276 such proceeding to be had to pay the other party named in
277 such action the amount of the costs attributable thereto and
278 reasonable expenses incurred by such party, including
279 reasonable attorney fees.

[34.058.] 8.962. 1. As used in this section, the term
2 "public works contract" means a contract of the state,
3 county, city and other political subdivisions of the state,
4 except the Missouri transportation department, for the
5 construction, alteration, repair, or maintenance of any
6 building, structure, highway, bridge, viaduct, pipeline,
7 public works, or any other works dealing with construction,

8 which shall include, but need not be limited to, moving,
9 demolition, or excavation performed in conjunction with such
10 work.

11 2. Any clause in a public works contract that purports
12 to waive, release, or extinguish the rights of a contractor
13 to recover costs or damages, or obtain an equitable
14 adjustment, for delays in performing such contract, if such
15 delay is caused in whole, or in part, by acts or omissions
16 within the control of the contracting public entity or
17 persons acting on behalf thereof, is against public policy
18 and is void and unenforceable.

19 3. Subsection 2 of this section is not intended to
20 render void any contract provision of a public works
21 contract that:

22 (1) Precludes a contractor from recovering that
23 portion of delay costs caused by the acts or omissions of
24 the contractor or its agents;

25 (2) Requires notice of any delay by the party
26 responsible for such delay;

27 (3) Provides for reasonable liquidated damages; or

28 (4) Provides for arbitration or any other procedure
29 designed to settle contract disputes.

[34.203.] 8.964. The provisions of sections [34.203 to
2 34.216] 8.964 to 8.974 shall be known and may be cited as
3 the "Fairness in Public Construction Act".

[34.206.] 8.966. The purpose of sections [34.203 to
2 34.216] 8.964 to 8.974 is to fulfill the state's proprietary
3 objectives in maintaining and promoting the economical,
4 nondiscriminatory, and efficient expenditures of public
5 funds in connection with publicly funded or assisted
6 construction projects. Nothing in sections [34.203 to
7 34.216] 8.964 to 8.974 shall prohibit employers or other
8 parties covered by the National Labor Relations Act from

9 entering into agreements or engaging in any other activity
10 arguably protected by law, nor shall any aspect of sections
11 [34.203 to 34.216] 8.964 to 8.974 be interpreted in such a
12 way as to interfere with the labor relations of parties
13 covered by the National Labor Relations Act.

[34.209.] 8.968. 1. The state, any agency of the
2 state, any political subdivision of the state, or any
3 instrumentality thereof, when engaged in procuring or
4 letting contracts for construction, repair, remodeling, or
5 demolition of a facility shall ensure that bid
6 specification, project agreements, and other controlling
7 documents entered into, required, or subject to approval by
8 the state, agency, political subdivision, or instrumentality
9 do not:

10 (1) Require or prohibit bidders, offerors,
11 contractors, or subcontractors to enter into or adhere to
12 agreements with one or more labor organizations on the same
13 or related projects; or

10 3. The prosecuting attorney or circuit attorney with
11 jurisdiction over the location where a violation of sections
12 ~~[34.203 to 34.217]~~ 8.964 to 8.974 occurs, or the attorney
