“Section 6. 1. All property, real and personal, of the state, counties and other political subdivisions, and nonprofit cemeteries, [and] all real property used as a homestead as defined by law of any citizen of this state who is a former prisoner of war, as defined by law, and [who has a total service-connected disability,] **all real property used as a homestead as defined by law of any disabled veteran** shall be exempt from taxation; all personal property held as industrial inventories, including raw materials, work in progress and finished work on hand, by manufacturers and refiners, and all personal property held as goods, wares, merchandise, stock in trade or inventory for resale by distributors, wholesalers, or retail merchants or establishments shall be exempt from taxation; and all property, real and personal, not held for private or corporate profit and used exclusively for religious worship, for schools and colleges, for purposes purely charitable, for agricultural and horticultural societies, or for veterans’ organizations may be exempted from taxation by general law. In addition to the above, household goods, furniture, wearing apparel and articles of personal use and adornment owned and used by a person in his home or dwelling place may be exempt from taxation by general law but any such law may provide for approximate restitution to the respective political subdivisions of revenues lost by reason of the exemption. All laws exempting from taxation property other than the property enumerated in this article, shall be void. The provisions of this section exempting certain personal property of manufacturers, refiners, distributors, wholesalers, and retail merchants and establishments from taxation shall become effective, unless otherwise provided by law, in each county on January 1 of the year in which that county completes its first general reassessment as defined by law.

For the year in which the exemption becomes effective, the county clerk shall calculate the total revenue lost by all taxing authorities in the county and extend upon all property in subclass 3 of class 1 within the county, a tax at the rate necessary to produce that amount. The rate of tax levied in each county according to this subsection shall not be increased above the rate first imposed and will stand levied at that rate unless later reduced according to the provisions of subsection 3. The county collector shall disburse the proceeds according to the revenue lost by each taxing authority because of the exemption of such property in that county. Restitution of the revenues lost by any taxing district contained in more than one county shall be from the several counties according to the revenue lost because of the exemption of property in each county. Each year after the first year the replacement tax is imposed, the amount distributed to each taxing authority in a county shall be increased or decreased by an amount equal to the amount resulting from the change in that district’s total assessed value of property in subclass 3 of class 1 at the countywide replacement tax rate. In order to implement the provisions of this subsection, the limits set in section 11(b) of this article may be exceeded, without voter approval, if necessary to allow each county listed in section 11(b) to comply with this subsection.

3. Any increase in the tax rate imposed pursuant to subsection 2 of this section shall be decreased if such decrease is approved by a majority of the voters of the county voting on such decrease. A decrease in the increased tax rate imposed under subsection 2 of this section may be submitted to the voters of a county by the governing body thereof upon its own order, ordinance, or resolution and shall be submitted upon the petition of at least eight percent of the qualified voters who voted in the immediately preceding gubernatorial election.

4. **(1)** As used in this section, the terms “revenues lost” and “lost revenues” shall mean that revenue which each taxing authority received from the imposition of a tangible personal property tax on all personal property held as industrial inventories, including raw materials, work in progress and finished work on hand, by manufacturers and refiners, and all personal property held as goods, wares, merchandise, stock in trade or inventory for resale by distributors, wholesalers, or retail merchants or establishments in the last full tax year immediately preceding the effective date of the exemption from taxation granted for such property under subsection 1 of this section, and which was no longer received after such exemption became effective.
