DEPARTMENT OF REVENUE

HOUSE BILL 3004

Vetoed: None

101st General Assembly
Second Regular Session

Prepared by Senate Appropriations Committee Staff

DEPARTMENT OF REVENUE
Section 4.005 – Highway Collections

Book 1, Page 40

The Highway Collections core is comprised of the highway funding appropriated to the Department pursuant to Constitutional Amendment 3 and the amount of the General Revenue needed to fund the motor fuel tax, motor vehicle sales and use tax, and the motor vehicle and driver license fee responsibilities of the Department as set out in statute. Constitutional Amendment 3 limits the amount of highway funding the Department of Revenue may spend to the cost collection up to but not exceeding 3% of the collection of a particular tax or fee collected.

In FY22, funding in the amount of \$150,000 was approved for the Department to operate, on a temporary basis, the Lincoln County license office during an unforeseen transition period. This funding allowed the Department to continue Motor Vehicle and Driver Licensing support for our customers in and around Lincoln County. The Department is requesting the funding be continued and used for necessary equipment and expenses, as well as additional funding to support up to three temporary state-operated license offices across Missouri as needed. Currently, there are 173 license offices operated by private sector contractors selected through the state's competitive procurement process. This funding supports a continuity of operations concept to provide motor vehicle and driver license services to Missourians in areas around the state impacted by contract cancelations, terminations or other unforeseen circumstances.

The Department requires all CDL drivers to visit a local license office to update their certification. To promote social distancing and reduce high foot traffic in local license offices, the Department will accept Medical Certificates for update by mail, fax, or e-mail, per a COVID allowance. Funding to expand this process to allow an on-going alternative submission for the citizens will not only aid in reducing the congestion in local license offices, but also reduce the burden to licensed commercial drivers in Missouri by allowing them to submit a copy of their certification to the Department, no matter where in the country they may be located.

The Department of Revenue's postage appropriations support the annual processing of approximately 12 million pieces of outgoing mail through its Mail Service Center and contracted vendors. The Department's outgoing mail volume is the largest in state government. Effective August 29, 2021, the United States Postal Service increased mailing rates for letters an average of 7 percent, postcards 14 percent, and certified mail rates 4.2 percent.

The Department is requesting additional funding with this new decision item to hire full time team members for the duration of the modernized integrated system project. Current team members will need to be utilized as dedicated subject matter experts to ensure the success of the modernization project and the requested full time team mebers will be utilized to support and maintain the Department's current business needs and projects, and ensure that we continue to process customer transactions and provide all current services to Missourians. Through the Department's extensive research with other states (over 10) and current vendors involved in the modernization of legacy systems, the number one lesson learned from those states and vendors was to guarantee that there were dedicated resources to ensure the successful implementation of the new system.

DEPARTMENT OF REVENUE
Section 4.010 – Taxation Division

Book 1, Page 80

The Taxation Division is responsible for collecting and processing taxes mandated by Missouri statutes. The division provides services to Missouri by collecting revenue to fund services, issuing refunds, and minimizing the administrative burden of tax compliance. It is also the responsibility of the division to encourage compliance by using focused enforcement actions, and identifying and addressing areas of unintentional noncompliance. The division communicates with its constituencies by informing them of tax laws, regulations, and available services. The division requests continued core funding to effectively and efficiently administer and enforce Missouri laws.

The core includes an appropriation for organization dues to the Multistate Tax Commission of \$218,373. The Multistate Tax Commission keeps the Department informed of tax operations and procedures in other states and the national level. Membership is mandated by Section 32.200, RSMo, and allows Missouri to participate in and receive revenue collections from multi-state audits. Additional divisional costs are included in the Highway Collections budget unit.

DEPARTMENT OF REVENUE
Section 4.010 cont. – Integrated Tax System

Book 1, Page 136

DOR awarded a contract in February 2012 for implementation of an integrated tax collection system. The Department collects approximately \$11 billion in GR and \$1 billion in highway related revenue annually through the integrated tax system. The final release was deployed on August 8, 2020.

The Integrated Tax System enables the Missouri Department of Revenue to collect the following tax types: Tire and Battery, Sales, Use, Employer Withholding, Individual Income (including Property Tax Credits) and Corporate Income. These tax types comprise the majority of the state's collections for general revenue. In addition, the system allows businesses to register for sales and use tax collection and generates the necessary licenses and documents that businesses need to operate retail businesses in Missouri. Administrative functions include maintaining all financial and administrative activities for each taxpayer, generating notices, collections functions and creating the files needed to generate sales and use tax distributions to all local political subdivisions that have enacted a sales or use tax.

Section 4.030 – Port Authority AIM Zone Funding Authority

Book 1, Page 237

This would provide appropriation authority for funds collected in the Port Authority Advanced Industrial Manufacturing Zone Fund (0583) pursuant to SB861 (2016). SB861 creates the Advanced Industrial Manufacturing Zones Act. Port authorities located in Missouri are authorized to establish an advanced industrial manufacturing ("AIM") zone, which is an area that is being developed or redeveloped for any purpose so long as any infrastructure and building built or improved is in the development area. A zone may include any portion of the area located in the authority's jurisdiction, and its boundaries must be determined by the authority. More than one zone may exist within the authority's jurisdiction.
