AN ACT

To repeal sections 208.151 and 208.662, RSMo, and to enact in lieu thereof two new sections relating to Medicaid services for certain low-income women, with an emergency clause.

Be it enacted by the General Assembly of the State of Missouri, as follows:

Section A. Sections 208.151 and 208.662, RSMo, are repealed and two new sections enacted in lieu thereof, to be known as sections 208.151 and 208.662, to read as follows:

208.151. 1. Medical assistance on behalf of needy persons shall be known as "MO HealthNet". For the purpose of paying MO HealthNet benefits and to comply with Title XIX, Public Law 89-97, 1965 amendments to the federal Social Security Act (42 U.S.C. Section 301, et seq.) as amended, the following needy persons shall be eligible to receive MO HealthNet benefits to the extent and in the manner hereinafter provided:

(1) All participants receiving state supplemental payments for the aged, blind and disabled;

(2) All participants receiving aid to families with dependent children benefits, including all persons under nineteen years of age who would be classified as dependent children except for the requirements of subdivision (1) of subsection 1 of section 208.040. Participants eligible under this subdivision who are participating in treatment...
court, as defined in section 478.001, shall have their eligibility automatically extended sixty days from the time their dependent child is removed from the custody of the participant, subject to approval of the Centers for Medicare and Medicaid Services;

(3) All participants receiving blind pension benefits;

(4) All persons who would be determined to be eligible for old age assistance benefits, permanent and total disability benefits, or aid to the blind benefits under the eligibility standards in effect December 31, 1973, or less restrictive standards as established by rule of the family support division, who are sixty-five years of age or over and are patients in state institutions for mental diseases or tuberculosis;

(5) All persons under the age of twenty-one years who would be eligible for aid to families with dependent children except for the requirements of subdivision (2) of subsection 1 of section 208.040, and who are residing in an intermediate care facility, or receiving active treatment as inpatients in psychiatric facilities or programs, as defined in 42 U.S.C. Section 1396d, as amended;

(6) All persons under the age of twenty-one years who would be eligible for aid to families with dependent children benefits except for the requirement of deprivation of parental support as provided for in subdivision (2) of subsection 1 of section 208.040;

(7) All persons eligible to receive nursing care benefits;

(8) All participants receiving family foster home or nonprofit private child-care institution care, subsidized adoption benefits and parental school care wherein state funds are used as partial or full payment for such care;
(9) All persons who were participants receiving old age assistance benefits, aid to the permanently and totally disabled, or aid to the blind benefits on December 31, 1973, and who continue to meet the eligibility requirements, except income, for these assistance categories, but who are no longer receiving such benefits because of the implementation of Title XVI of the federal Social Security Act, as amended;

(10) Pregnant women who meet the requirements for aid to families with dependent children, except for the existence of a dependent child in the home;

(11) Pregnant women who meet the requirements for aid to families with dependent children, except for the existence of a dependent child who is deprived of parental support as provided for in subdivision (2) of subsection 1 of section 208.040;

(12) Pregnant women or infants under one year of age, or both, whose family income does not exceed an income eligibility standard equal to one hundred eighty-five percent of the federal poverty level as established and amended by the federal Department of Health and Human Services, or its successor agency;

(13) Children who have attained one year of age but have not attained six years of age who are eligible for medical assistance under 6401 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989) (42 U.S.C. Sections 1396a to 1396b). The family support division shall use an income eligibility standard equal to one hundred thirty-three percent of the federal poverty level established by the Department of Health and Human Services, or its successor agency;
(14) Children who have attained six years of age but have not attained nineteen years of age. For children who have attained six years of age but have not attained nineteen years of age, the family support division shall use an income assessment methodology which provides for eligibility when family income is equal to or less than equal to one hundred percent of the federal poverty level established by the Department of Health and Human Services, or its successor agency. As necessary to provide MO HealthNet coverage under this subdivision, the department of social services may revise the state MO HealthNet plan to extend coverage under 42 U.S.C. Section 1396a(a)(10)(A)(i)(III) to children who have attained six years of age but have not attained nineteen years of age as permitted by paragraph (2) of subsection (n) of 42 U.S.C. Section 1396d using a more liberal income assessment methodology as authorized by paragraph (2) of subsection (r) of 42 U.S.C. Section 1396a;

(15) The family support division shall not establish a resource eligibility standard in assessing eligibility for persons under subdivision (12), (13) or (14) of this subsection. The MO HealthNet division shall define the amount and scope of benefits which are available to individuals eligible under each of the subdivisions (12), (13), and (14) of this subsection, in accordance with the requirements of federal law and regulations promulgated thereunder;

(16) Notwithstanding any other provisions of law to the contrary, ambulatory prenatal care shall be made available to pregnant women during a period of presumptive eligibility pursuant to 42 U.S.C. Section 1396r-1, as amended;
(17) A child born to a woman eligible for and receiving MO HealthNet benefits under this section on the date of the child's birth shall be deemed to have applied for MO HealthNet benefits and to have been found eligible for such assistance under such plan on the date of such birth and to remain eligible for such assistance for a period of time determined in accordance with applicable federal and state law and regulations so long as the child is a member of the woman's household and either the woman remains eligible for such assistance or for children born on or after January 1, 1991, the woman would remain eligible for such assistance if she were still pregnant. Upon notification of such child's birth, the family support division shall assign a MO HealthNet eligibility identification number to the child so that claims may be submitted and paid under such child's identification number;

(18) Pregnant women and children eligible for MO HealthNet benefits pursuant to subdivision (12), (13) or (14) of this subsection shall not as a condition of eligibility for MO HealthNet benefits be required to apply for aid to families with dependent children. The family support division shall utilize an application for eligibility for such persons which eliminates information requirements other than those necessary to apply for MO HealthNet benefits. The division shall provide such application forms to applicants whose preliminary income information indicates that they are ineligible for aid to families with dependent children. Applicants for MO HealthNet benefits under subdivision (12), (13) or (14) of this subsection shall be informed of the aid to families with dependent children program and that they are entitled to apply for such benefits. Any forms utilized by the
family support division for assessing eligibility under this chapter shall be as simple as practicable;

(19) Subject to appropriations necessary to recruit and train such staff, the family support division shall provide one or more full-time, permanent eligibility specialists to process applications for MO HealthNet benefits at the site of a health care provider, if the health care provider requests the placement of such eligibility specialists and reimburses the division for the expenses including but not limited to salaries, benefits, travel, training, telephone, supplies, and equipment of such eligibility specialists. The division may provide a health care provider with a part-time or temporary eligibility specialist at the site of a health care provider if the health care provider requests the placement of such an eligibility specialist and reimburses the division for the expenses, including but not limited to the salary, benefits, travel, training, telephone, supplies, and equipment, of such an eligibility specialist. The division may seek to employ such eligibility specialists who are otherwise qualified for such positions and who are current or former welfare participants. The division may consider training such current or former welfare participants as eligibility specialists for this program;

(20) Pregnant women who are eligible for, have applied for and have received MO HealthNet benefits under subdivision (2), (10), (11) or (12) of this subsection shall continue to be considered eligible for all pregnancy-related and postpartum MO HealthNet benefits provided under section 208.152 until the end of the sixty-day period beginning on the last day of their pregnancy. Pregnant women receiving mental health treatment for postpartum depression or related
mental health conditions within sixty days of giving birth
shall, subject to appropriations and any necessary federal
approval, be eligible for MO HealthNet benefits for mental
health services for the treatment of postpartum depression
and related mental health conditions for up to twelve
additional months. Pregnant women receiving substance abuse
treatment within sixty days of giving birth shall, subject
to appropriations and any necessary federal approval, be
eligible for MO HealthNet benefits for substance abuse
treatment and mental health services for the treatment of
substance abuse for no more than twelve additional months,
as long as the woman remains adherent with treatment. The
department of mental health and the department of social
services shall seek any necessary waivers or state plan
amendments from the Centers for Medicare and Medicaid
Services and shall develop rules relating to treatment plan
adherence. No later than fifteen months after receiving any
necessary waiver, the department of mental health and the
department of social services shall report to the house of
representatives budget committee and the senate
appropriations committee on the compliance with federal cost
neutrality requirements;

(21) Case management services for pregnant women and
young children at risk shall be a covered service. To the
greatest extent possible, and in compliance with federal law
and regulations, the department of health and senior
services shall provide case management services to pregnant
women by contract or agreement with the department of social
services through local health departments organized under
the provisions of chapter 192 or chapter 205 or a city
health department operated under a city charter or a
combined city-county health department or other department
of health and senior services designees. To the greatest extent possible the department of social services and the department of health and senior services shall mutually coordinate all services for pregnant women and children with the crippled children's program, the prevention of intellectual disability and developmental disability program and the prenatal care program administered by the department of health and senior services. The department of social services shall by regulation establish the methodology for reimbursement for case management services provided by the department of health and senior services. For purposes of this section, the term "case management" shall mean those activities of local public health personnel to identify prospective MO HealthNet-eligible high-risk mothers and enroll them in the state's MO HealthNet program, refer them to local physicians or local health departments who provide prenatal care under physician protocol and who participate in the MO HealthNet program for prenatal care and to ensure that said high-risk mothers receive support from all private and public programs for which they are eligible and shall not include involvement in any MO HealthNet prepaid, case-managed programs;

(22) By January 1, 1988, the department of social services and the department of health and senior services shall study all significant aspects of presumptive eligibility for pregnant women and submit a joint report on the subject, including projected costs and the time needed for implementation, to the general assembly. The department of social services, at the direction of the general assembly, may implement presumptive eligibility by regulation promulgated pursuant to chapter 207;
(23) All participants who would be eligible for aid to families with dependent children benefits except for the requirements of paragraph (d) of subdivision (1) of section 208.150;

(24) (a) All persons who would be determined to be eligible for old age assistance benefits under the eligibility standards in effect December 31, 1973, as authorized by 42 U.S.C. Section 1396a(f), or less restrictive methodologies as contained in the MO HealthNet state plan as of January 1, 2005; except that, on or after July 1, 2005, less restrictive income methodologies, as authorized in 42 U.S.C. Section 1396a(r)(2), may be used to change the income limit if authorized by annual appropriation;

(b) All persons who would be determined to be eligible for aid to the blind benefits under the eligibility standards in effect December 31, 1973, as authorized by 42 U.S.C. Section 1396a(f), or less restrictive methodologies as contained in the MO HealthNet state plan as of January 1, 2005, except that less restrictive income methodologies, as authorized in 42 U.S.C. Section 1396a(r)(2), shall be used to raise the income limit to one hundred percent of the federal poverty level;

(c) All persons who would be determined to be eligible for permanent and total disability benefits under the eligibility standards in effect December 31, 1973, as authorized by 42 U.S.C. Section 1396a(f); or less restrictive methodologies as contained in the MO HealthNet state plan as of January 1, 2005; except that, on or after July 1, 2005, less restrictive income methodologies, as authorized in 42 U.S.C. Section 1396a(r)(2), may be used to change the income limit if authorized by annual
appropriations. Eligibility standards for permanent and
total disability benefits shall not be limited by age;

(25) Persons who have been diagnosed with breast or
cervical cancer and who are eligible for coverage pursuant
to 42 U.S.C. Section 1396a(a)(10)(A)(ii)(XVIII). Such
persons shall be eligible during a period of presumptive
eligibility in accordance with 42 U.S.C. Section 1396r-1;

(26) Persons who are in foster care under the
responsibility of the state of Missouri on the date such
persons attained the age of eighteen years, or at any time
during the thirty-day period preceding their eighteenth
birthday, or persons who received foster care for at least
six months in another state, are residing in Missouri, and
are at least eighteen years of age, without regard to income
or assets, if such persons:
(a) Are under twenty-six years of age;
(b) Are not eligible for coverage under another
mandatory coverage group; and
(c) Were covered by Medicaid while they were in foster
care;

(27) Any homeless child or homeless youth, as those
terms are defined in section 167.020, subject to approval of
a state plan amendment by the Centers for Medicare and
Medicaid Services;

(28) (a) Beginning April 1, 2022, or the effective
date of this act, whichever is later, pregnant women who are
eligible for, have applied for, and have received MO
HealthNet benefits under subdivision (2), (10), (11), or
(12) of this subsection shall be eligible for medical
assistance during the pregnancy and during the twelve-month
period that begins on the last day of the woman's pregnancy
and ends on the last day of the month in which such twelve-
month period ends, consistent with the provisions of 42
U.S.C. Section 1396a(e)(16). The department shall submit a
state plan amendment to the Centers for Medicare and
Medicaid Services within sixty days of the effective date of
this act;

(b) The provisions of this subdivision shall remain in
effect for any period of time during which the federal
authority under 42 U.S.C. Section 1396a(e)(16), as amended,
or any successor statutes or implementing regulations, is in
effect.

2. Rules and regulations to implement this section
shall be promulgated in accordance with chapter 536. Any
rule or portion of a rule, as that term is defined in
section 536.010, that is created under the authority
delegated in this section shall become effective only if it
complies with and is subject to all of the provisions of
chapter 536 and, if applicable, section 536.028. This
section and chapter 536 are nonseverable and if any of the
powers vested with the general assembly pursuant to chapter
536 to review, to delay the effective date or to disapprove
and annul a rule are subsequently held unconstitutional,
then the grant of rulemaking authority and any rule proposed
or adopted after August 28, 2002, shall be invalid and void.

3. After December 31, 1973, and before April 1, 1990,
any family eligible for assistance pursuant to 42 U.S.C.
Section 601, et seq., as amended, in at least three of the
last six months immediately preceding the month in which
such family became ineligible for such assistance because of
increased income from employment shall, while a member of
such family is employed, remain eligible for MO HealthNet
benefits for four calendar months following the month in
which such family would otherwise be determined to be
ineligible for such assistance because of income and resource limitation. After April 1, 1990, any family receiving aid pursuant to 42 U.S.C. Section 601, et seq., as amended, in at least three of the six months immediately preceding the month in which such family becomes ineligible for such aid, because of hours of employment or income from employment of the caretaker relative, shall remain eligible for MO HealthNet benefits for six calendar months following the month of such ineligibility as long as such family includes a child as provided in 42 U.S.C. Section 1396r-6.

Each family which has received such medical assistance during the entire six-month period described in this section and which meets reporting requirements and income tests established by the division and continues to include a child as provided in 42 U.S.C. Section 1396r-6 shall receive MO HealthNet benefits without fee for an additional six months. The MO HealthNet division may provide by rule and as authorized by annual appropriation the scope of MO HealthNet coverage to be granted to such families.

4. When any individual has been determined to be eligible for MO HealthNet benefits, such medical assistance will be made available to him or her for care and services furnished in or after the third month before the month in which he made application for such assistance if such individual was, or upon application would have been, eligible for such assistance at the time such care and services were furnished; provided, further, that such medical expenses remain unpaid.

5. The department of social services may apply to the federal Department of Health and Human Services for a MO HealthNet waiver amendment to the Section 1115 demonstration waiver or for any additional MO HealthNet waivers necessary
not to exceed one million dollars in additional costs to the state, unless subject to appropriation or directed by statute, but in no event shall such waiver applications or amendments seek to waive the services of a rural health clinic or a federally qualified health center as defined in 42 U.S.C. Section 1396d(l)(1) and (2) or the payment requirements for such clinics and centers as provided in 42 U.S.C. Section 1396a(a)(15) and 1396a(bb) unless such waiver application is approved by the oversight committee created in section 208.955. A request for such a waiver so submitted shall only become effective by executive order not sooner than ninety days after the final adjournment of the session of the general assembly to which it is submitted, unless it is disapproved within sixty days of its submission to a regular session by a senate or house resolution adopted by a majority vote of the respective elected members thereof, unless the request for such a waiver is made subject to appropriation or directed by statute.

6. Notwithstanding any other provision of law to the contrary, in any given fiscal year, any persons made eligible for MO HealthNet benefits under subdivisions (1) to (22) of subsection 1 of this section shall only be eligible if annual appropriations are made for such eligibility. This subsection shall not apply to classes of individuals listed in 42 U.S.C. Section 1396a(a)(10)(A)(i).

7. (1) Notwithstanding any provision of law to the contrary, a military service member, or an immediate family member residing with such military service member, who is a legal resident of this state and is eligible for MO HealthNet developmental disability services, shall have his or her eligibility for MO HealthNet developmental disability services temporarily suspended for any period of time during
which such person temporarily resides outside of this state for reasons relating to military service, but shall have his or her eligibility immediately restored upon returning to this state to reside.

(2) Notwithstanding any provision of law to the contrary, if a military service member, or an immediate family member residing with such military service member, is not a legal resident of this state, but would otherwise be eligible for MO HealthNet developmental disability services, such individual shall be deemed eligible for MO HealthNet developmental disability services for the duration of any time in which such individual is temporarily present in this state for reasons relating to military service.

208.662. 1. There is hereby established within the department of social services the "Show-Me Healthy Babies Program" as a separate children's health insurance program (CHIP) for any low-income unborn child. The program shall be established under the authority of Title XXI of the federal Social Security Act, the State Children's Health Insurance Program, as amended, and 42 CFR 457.1.

2. For an unborn child to be enrolled in the show-me healthy babies program, his or her mother shall not be eligible for coverage under Title XIX of the federal Social Security Act, the Medicaid program, as it is administered by the state, and shall not have access to affordable employer-subsidized health care insurance or other affordable health care coverage that includes coverage for the unborn child. In addition, the unborn child shall be in a family with income eligibility of no more than three hundred percent of the federal poverty level, or the equivalent modified adjusted gross income, unless the income eligibility is set lower by the general assembly through appropriations. In
calculating family size as it relates to income eligibility, the family shall include, in addition to other family members, the unborn child, or in the case of a mother with a multiple pregnancy, all unborn children.

3. Coverage for an unborn child enrolled in the show-me healthy babies program shall include all prenatal care and pregnancy-related services that benefit the health of the unborn child and that promote healthy labor, delivery, and birth. Coverage need not include services that are solely for the benefit of the pregnant mother, that are unrelated to maintaining or promoting a healthy pregnancy, and that provide no benefit to the unborn child. However, the department may include pregnancy-related assistance as defined in 42 U.S.C. Section 1397ll.

4. There shall be no waiting period before an unborn child may be enrolled in the show-me healthy babies program. In accordance with the definition of child in 42 CFR 457.10, coverage shall include the period from conception to birth. The department shall develop a presumptive eligibility procedure for enrolling an unborn child. There shall be verification of the pregnancy.

5. Coverage for the child shall continue for up to one year after birth, unless otherwise prohibited by law or unless otherwise limited by the general assembly through appropriations.

6. (1) Pregnancy-related and postpartum coverage for the mother shall begin on the day the pregnancy ends and extend through the last day of the month that includes the sixtieth day after the pregnancy ends, unless otherwise prohibited by law or unless otherwise limited by the general assembly through appropriations. The department may include
pregnancy-related assistance as defined in 42 U.S.C. Section 1397ll.

(2) Beginning April 1, 2022, or the effective date of this act, whichever is later, mothers eligible to receive coverage under this section shall receive medical assistance benefits during the pregnancy and during the twelve-month period that begins on the last day of the woman's pregnancy and ends on the last day of the month in which such twelve-month period ends, consistent with the provisions of 42 U.S.C. Section 1397gg(e)(1)(J). The department shall seek any necessary state plan amendments or waivers to implement the provisions of this subdivision within sixty days of the effective date of this act. The provisions of this subdivision shall remain in effect for any period of time during which the federal authority under 42 U.S.C. Section 1397gg(e)(1)(J), as amended, or any successor statutes or implementing regulations, is in effect.

7. The department shall provide coverage for an unborn child enrolled in the show-me healthy babies program in the same manner in which the department provides coverage for the children's health insurance program (CHIP) in the county of the primary residence of the mother.

8. The department shall provide information about the show-me healthy babies program to maternity homes as defined in section 135.600, pregnancy resource centers as defined in section 135.630, and other similar agencies and programs in the state that assist unborn children and their mothers. The department shall consider allowing such agencies and programs to assist in the enrollment of unborn children in the program, and in making determinations about presumptive eligibility and verification of the pregnancy.
9. Within sixty days after August 28, 2014, the department shall submit a state plan amendment or seek any necessary waivers from the federal Department of Health and Human Services requesting approval for the show-me healthy babies program.

10. At least annually, the department shall prepare and submit a report to the governor, the speaker of the house of representatives, and the president pro tempore of the senate analyzing and projecting the cost savings and benefits, if any, to the state, counties, local communities, school districts, law enforcement agencies, correctional centers, health care providers, employers, other public and private entities, and persons by enrolling unborn children in the show-me healthy babies program. The analysis and projection of cost savings and benefits, if any, may include but need not be limited to:

   (1) The higher federal matching rate for having an unborn child enrolled in the show-me healthy babies program versus the lower federal matching rate for a pregnant woman being enrolled in MO HealthNet or other federal programs;

   (2) The efficacy in providing services to unborn children through managed care organizations, group or individual health insurance providers or premium assistance, or through other nontraditional arrangements of providing health care;

   (3) The change in the proportion of unborn children who receive care in the first trimester of pregnancy due to a lack of waiting periods, by allowing presumptive eligibility, or by removal of other barriers, and any resulting or projected decrease in health problems and other problems for unborn children and women throughout pregnancy;
113 at labor, delivery, and birth; and during infancy and
114 childhood;
115
116 (4) The change in healthy behaviors by pregnant women,
117 such as the cessation of the use of tobacco, alcohol,
118 illicit drugs, or other harmful practices, and any resulting
119 or projected short-term and long-term decrease in birth
120 defects; poor motor skills; vision, speech, and hearing
121 problems; breathing and respiratory problems; feeding and
122 digestive problems; and other physical, mental, educational,
123 and behavioral problems; and
124
125 (5) The change in infant and maternal mortality,
126 preterm births and low birth weight babies and any resulting
127 or projected decrease in short-term and long-term medical
128 and other interventions.
129
130 11. The show-me healthy babies program shall not be
debemed an entitlement program, but instead shall be subject
to a federal allotment or other federal appropriations and
matching state appropriations.
131
132 12. Nothing in this section shall be construed as
obligating the state to continue the show-me healthy babies
program if the allotment or payments from the federal
government end or are not sufficient for the program to
operate, or if the general assembly does not appropriate
funds for the program.
133
134 13. Nothing in this section shall be construed as
expanding MO HealthNet or fulfilling a mandate imposed by
the federal government on the state.
135
136 Section B. Because of the importance of ensuring
137 healthy pregnancies and healthy women and children in
138 Missouri in the face of growing maternal mortality, section
139 A of this act is deemed necessary for the immediate
140 preservation of the public health, welfare, peace, and
safety, and is hereby declared to be an emergency act within
the meaning of the constitution, and section A of this act
shall be in full force and effect upon its passage and
approval.
