SENATE BILL NO. 1377

102ND GENERAL ASSEMBLY

AN ACT

To amend chapter 590, RSMo, by adding thereto one new section relating to automated license plate reader systems.

Be it enacted by the General Assembly of the State of Missouri, as follows:

Section A. Chapter 590, RSMo, is amended by adding thereto
2 one new section, to be known as section 590.1100, to read as
3 follows:

590.1100. 1. As used in this section, the following
2 terms shall mean:
3   (1) "Automated license plate reader system", a system
4 of one or more cameras combined with computer algorithms to
5 convert images of license plates into data readable by a
6 computer;
7   (2) "Captured plate data", the global positioning
8 device coordinates, date and time, photograph, license plate
9 number, and any other data captured by an automated license
10 plate reader system;
11   (3) "License plate", the same meaning as is ascribed
12 to such term or the term "registration plate" in chapter 301;
13   (4) "Public highway", any public thoroughfare for
14 vehicles, including state highways, county roads, and public
15 streets, avenues, boulevards, parkways, and alleys in any
16 municipality.
17   2. No agency or political subdivision of this state
18 shall purchase, install, or use any automated license plate

19   reader system, or access or use captured plate data captured

20   from vehicles located on a public highway.

21   3. This section shall not apply with regard to

22   automated license plate reader systems affixed to vehicles

23   occupied by a peace officer.

24   4. This section shall not apply with regard to the

25   accessing or use of captured plate data captured by a third-

26   party vendor in accordance with sections 303.420 to 303.440.
