FIRST REGULAR SESSION

FORTY-NINTH DAY - WEDNESDAY, APRIL 9, 2025

The Senate met pursuant to adjournment.

Senator Henderson in the Chair.

The Reverend Stephen George offered the following prayer:

"Do not worry about anything, but in everything by prayer and supplication with thanksgiving let your requests be made known to God." (Philippians 4:6 NRSV)

Heavenly Father, we gather in this chamber with grateful hearts, heeding Your Word in Philippians to set aside worry and turn to You in prayer. We thank You for the privilege of serving our state, for the strength of our communities, and for the freedoms we cherish. As we deliberate today, let our work be a testament to Your grace, bringing stability and hope to all we represent. We ask this in Jesus' name, Amen.

SENATE RESOLUTION NO. 352

Whereas, April is National Autism Acceptance Month, a time to recognize and support children and families affected by autism and other learning differences; and

Whereas, thousands of Missouri students are on Individualized Education Programs (IEPs), including many with autism, and they bring unique strengths and challenges into our classrooms; and

Whereas, these students are often required to take standardized tests such as the Missouri Assessment Program assessments, even when those tests may not reflect their true learning or progress; and

Whereas, Missouri's public schools continue to open their doors to every child, regardless of ability, when no one else will, providing care, support, and education with compassion and commitment; and

Whereas, teachers, aides, therapists, and school staff work tirelessly to help students with IEPs succeed, often going above and beyond to meet individual needs:

Now, Therefore, Be It Resolved that the members of the Missouri Senate, One Hundred and Third General Assembly, First Regular Session, hereby celebrate the month of April as Autism Acceptance Month, honor the students who face learning challenges with courage, and give special thanks to our public education system for embracing and supporting these children every day.

SENATE AMENDMENT NO. 1

Amend Senate Substitute for Senate Committee Substitute for Senate Bill No. 54, Page 2-6, Section 195.900, by striking all of said section and inserting in lieu thereof the following:

“195.900. 1. As used in this section, the following terms mean:

(1) “Cannabinoids”, ligands that are either plant-derived, synthetic, or semisynthetic, and have an affinity for and activity at cannabinoid receptors;

(2) “Department”, the department of health and senior services;

(3) “Intoxicating cannabinoids”:

(a) Any cannabinoid, however derived or created, that has an intoxicating effect when consumed or otherwise ingested, irrespective of whether the cannabinoid was created or developed through natural means or through chemical conversion, isomerization, synthetic derivation, heat, or any other process by which molecules may be manipulated, including, without limitation, THC-A; and

(b) Any cannabinoid, semisynthetic or synthetic cannabinoid, or precursor to an intoxicating cannabinoid that may become intoxicating when heated, decarboxylated, or otherwise manipulated, excluding, without limitation, cannabidiol (CBD).

2. Any person or entity selling, or offering for sale, in this state any intoxicating cannabinoid shall not be prohibited from doing so by any law regulating or restricting the sale of any form of *Cannabis sativa L.*; provided, that such products are:

(1) Derived from the hemp flower and accompanied by a certificate of authenticity from a U.S. Department of Agriculture-approved hemp testing facility;

(2) Kept behind the retail counter prior to sale;

(3) Sold only to adults twenty-one years of age or older upon age verification;

(4) Sold in a location that has a valid hemp retail business license issued by the department;

(5) Compliant with packaging and labeling regulations promulgated by the department in order to protect minors; and

(6) Compliant with other regulations promulgated by the department under subsection 5 of this section.

3. (1) Any person or entity selling an intoxicating cannabinoid in this state shall be licensed by the department prior to selling such intoxicating cannabinoid. Each location shall have a separate license. Such license shall be renewed annually. The department shall charge each applicant for a retail license a nonrefundable fee of one thousand dollars per license application or renewal. The fee shall be used for purposes of enforcement and administration of the provisions of this section.

(2) Any person or entity manufacturing an intoxicating cannabinoid in this state or distributing an intoxicating cannabinoid to retailers in this state shall be licensed by the department prior to manufacturing or distributing such intoxicating cannabinoid. Such license shall be renewed annually. The department shall charge each applicant for a manufacturer or distributor license a nonrefundable fee of one thousand dollars per license application or renewal. The fee shall be used for purposes of enforcement and administration of the provisions of this section.

(3) Any person or entity manufacturing, distributing, or selling intoxicating cannabinoids in this state prior to August 28, 2025, shall have forty-five days to become licensed by the department, during which time such person or entity may continue to manufacture, distribute, or sell intoxicating cannabinoids pending licensure. All other persons or entities manufacturing, distributing, or selling intoxicating cannabinoids on or after August 28, 2025, shall be required to become licensed by department prior to engaging in such manufacture, distribution, or sale in this state.

4. The department shall have the authority to conduct up to ten inspections per year per licensed location to ensure compliance with the provisions of this section. The cost of such inspections shall be paid by the licensed facility.

5. The department shall promulgate all rules and regulations necessary to implement the provisions of this section, including, but not limited to, licensure applications and rules designed to protect public health and safety, establish potency limits and expiration dates for products, implement recall procedures of dangerous products, establish advertising standards, establish testing standards, and create mechanisms for compliance and enforcement. Such labeling, testing, advertising, packaging, and other standards shall be no more stringent than comparable rules for the sale of marijuana products in this state. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2025, shall be invalid and void.

6. (1) A tax shall be levied upon the retail sale of intoxicating cannabinoids sold to consumers at facilities licensed pursuant to this section within the state. The tax shall be at a rate of six percent

of the retail price. The tax shall be collected by each facility licensed under this section and paid to the department of revenue. After retaining no more than two percent of the total tax collected or its actual collection costs, whichever is less, amounts generated by the retail sales tax levied in this section shall be deposited by the department of revenue into the intoxicating cannabinoid fund created under this subsection. Licensed entities making intoxicating cannabinoid retail sales within the state shall be allowed approved credit for returns provided the tax was paid on the returned item and the purchaser was given the refund or credit.

(2) There is hereby created in the state treasury the “Intoxicating Cannabinoid Fund” which shall consist of taxes and fees collected under this section. The state treasurer shall be custodian of the fund, and he or she shall invest monies in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund. Notwithstanding any other provision of law, any monies remaining in the fund at the end of a biennium shall not revert to the credit of the general revenue fund. The commissioner of administration is authorized to make cash operating transfers to the fund for purposes of meeting the cash requirements of the department in advance of it receiving application, licensing, and tax revenue, with any such transfers to be repaid as provided by law. The fund shall be a dedicated fund and shall be used for the administration of the provisions of this section.

7. The governing body of any local government is authorized to impose, by ordinance or order, an additional sales tax in an amount not to exceed three percent on all retail sales of intoxicating cannabinoids sold in such political subdivision. The tax authorized by this subsection shall be in addition to any and all other tangible personal property retail sales taxes allowed by law, except that no ordinance or order imposing a tangible personal property retail sales tax under the provisions of this subsection shall be effective unless the governing body of the political subdivision submits to the voters of the political subdivision, at a municipal, county or state general, primary or special election, a proposal to authorize the governing body of the political subdivision to impose a tax. Any additional local retail sales tax shall be collected pursuant to general laws for the collection of local sales taxes.”.
