2. 4. A contract between a political subdivision and a licensed ambulance service for the provision of ambulance services for that political subdivision shall expand, without further action by the department, the ambulance service area of the licensed ambulance service to include the jurisdictional boundaries of the political subdivision. The termination of the aforementioned contract shall result in a reduction of the licensed ambulance service's ambulance service area by removing the geographic area of the political subdivision from its ambulance service area, except that licensed ambulance service providers may provide ambulance services as are needed at and around the state fair grounds for protection of attendees at the state fair.

5. The department shall renew a ground ambulance service license if the applicant meets the requirements established pursuant to sections 190.001 to 190.245, and the rules adopted by the department pursuant to sections 190.001 to 190.245.

7. Application for a ground ambulance service license shall be made upon such forms as prescribed by the department in rules adopted pursuant to sections 190.001 to 190.245. The application form shall contain such information as the department deems necessary to make a determination as to whether the ground ambulance service meets all the requirements of sections 190.001 to 190.245 and rules promulgated pursuant to sections 190.001 to 190.245.

**190.112. 1. Each ambulance service licensed under this chapter shall identify to the department the individual serving as the ambulance service administrator who is responsible for the operations and staffing of the ambulance service. The ambulance service administrator shall be required to have achieved basic training of at least forty hours regarding the operations of an ambulance service and two hours of annual continuing education. In addition to the provisions of section 190.165, the department of health and senior services may refuse to issue, deny renewal of, or suspend a license required under section 190.109, or take other corrective actions as described in this section, based on the following considerations:**

**(1) The license holder is determined to be financially insolvent;**

**(2) The ambulance service has inadequate personnel to operate the ambulance service to provide basic emergency operations. The ambulance service shall not be deemed to have such inadequate personnel as long as the ambulance service is staffed to meet the needs of its emergency call volume. Each ambulance service shall have the ability to staff a minimum of one ambulance unit twenty-four hours each day, seven days each week, with at least two licensed emergency medical technicians. Any ambulance service operating only one ambulance unit shall have a reasonable plan and schedule for the services of a second ambulance unit;**

**(3) The ambulance service requires an inordinate amount of mutual aid from neighboring services, such as more than ten percent of the total runs in the service area in any given month or more than would be considered prudent, and thus cannot provide an appropriate level of emergency response for the service area as would be considered prudent by the typical ground ambulance services operator;**

**(4) The principal manager, board members, or other executives are determined to be criminally liable for actions related to the license or service provided;**

**(5) The license holder or principal manager, board members, or other executives are determined by the Centers for Medicare and Medicaid Services to be ineligible for participation in Medicare;**

**(6) The license holder or principal manager, board members, or other executives are determined by the MO HealthNet division to be ineligible for participation in MO HealthNet;**

**(7) The ambulance service administrator has failed to meet the required qualifications or failed to complete the training required under section 190.112; or**

**(8) If the ambulance service is an ambulance district, three or more board members have failed to complete required training under section 190.053.**

**2. If the department makes a determination of insolvency or insufficiency of operations of a license holder under subsection 1 of this section, the department may require the license holder to submit a corrective plan within fifteen days and require implementation of the corrective plan within thirty days.**

**3. The department shall be required to provide notice of any determination by the department of insolvency or insufficiency of operations of a license holder to other license holders operating in the license holder's vicinity, members of the general assembly who represent the license holder's service area, the governing officials of any county or municipal entity in the license holder's service area, the appropriate regional emergency medical services advisory committee, and the state advisory council on emergency medical services.**

**4. The department shall immediately engage with other license holders in the area to determine the extent to which ground ambulance service may be provided to the affected service area during the time in which the license holder is unable to provide adequate services, including any long-term service arrangements. The nature of the agreement between the license holder and other license holders providing services to the affected area may include an agreement to provide services, a joint powers agreement, formal consideration, or some payment for services rendered.**

**5. Any license holder who provides assistance in the service area of another license holder whose license has been suspended under this section shall have the right to seek reasonable compensation from the license holder whose license to operate has been suspended for all calls, stand-by time, and responses to medical emergencies during such time as the license remains suspended. The reasonable compensation shall not be limited to those expenses incurred in actual responses but may also include reasonable expenses to maintain ambulance service including, but not limited to, the daily operation costs of maintaining the service, personnel wages and benefits, equipment purchases and maintenance, and other costs incurred in the operation of a ground ambulance service. The license holder providing assistance shall be entitled to an award of costs and reasonable attorney's fees in any action to enforce the provisions of this subsection."; and**

No certificate of registration of any motor vehicle or trailer, or number plate therefor, shall be issued by the director of revenue unless the applicant therefor shall make application for and be granted a certificate of ownership of such motor vehicle or trailer, or shall present satisfactory evidence that such certificate has been previously issued to the applicant for such motor vehicle or trailer. Application shall be made within thirty days after the applicant acquires the motor vehicle or trailer, unless the motor vehicle was acquired under section 301.213 or subsection 5 of section 301.210 in which case the applicant shall make application within thirty days after receiving title from the dealer, upon a blank form furnished by the director of revenue and shall contain the applicant's identification number, a full description of the motor vehicle or trailer, the vehicle identification number, and the mileage registered on the odometer at the time of transfer of ownership, as required by section 407.536, together with a statement of the applicant's source of title and of any liens or encumbrances on the motor vehicle or trailer, provided that for good cause shown the director of revenue may extend the period of time for making such application. When an owner wants to add or delete a name or names on an application for certificate of ownership of a motor vehicle or trailer that would cause it to be inconsistent with the name or names listed on the notice of lien, the owner shall provide the director with documentation evidencing the lienholder's authorization to add or delete a name or names on an application for certificate of ownership.

2. The director of revenue shall use reasonable diligence in ascertaining whether the facts stated in such application are true and shall, to the extent possible without substantially delaying processing of the

application, review any odometer information pertaining to such motor vehicle that is accessible to the director of revenue. If satisfied that the applicant is the lawful owner of such motor vehicle or trailer, or otherwise entitled to have the same registered in his name, the director shall thereupon issue an appropriate certificate over his signature and sealed with the seal of his office, procured and used for such purpose. The certificate shall contain on its face a complete description, vehicle identification number, and other evidence of identification of the motor vehicle or trailer, as the director of revenue may deem necessary, together with the odometer information required to be put on the face of the certificate pursuant to section 407.536, a statement of any liens or encumbrances which the application may show to be thereon, and, if ownership of the vehicle has been transferred, the name of the state issuing the transferor's title and whether the transferor's odometer mileage statement executed pursuant to section 407.536 indicated that the true mileage is materially different from the number of miles shown on the odometer, or is unknown.

3. The director of revenue shall appropriately designate on the current and all subsequent issues of the certificate the words "Reconstructed Motor Vehicle", "Motor Change Vehicle", "Specially Constructed Motor Vehicle", or "Non-USA-Std Motor Vehicle", as defined in section 301.010. Effective July 1, 1990, on all original and all subsequent issues of the certificate for motor vehicles as referenced in subsections 2 and 3 of section 301.020, the director shall print on the face thereof the following designation: "Annual odometer updates may be available from the department of revenue.". (2) Any other mileage information provided to the director of revenue, and the date the director obtained or recorded that information.

4. The certificate of ownership issued by the director of revenue shall be manufactured in a manner to prohibit as nearly as possible the ability to alter, counterfeit, duplicate, or forge such certificate without ready detection. In order to carry out the requirements of this subsection, the director of revenue may contract with a nonprofit scientific or educational institution specializing in the analysis of secure documents to determine the most effective methods of rendering Missouri certificates of ownership nonalterable or noncounterfeitable.

5. The fee for each original certificate so issued shall be eight dollars and fifty cents, in addition to the fee for registration of such motor vehicle or trailer. If application for the certificate is not made within thirty days after the vehicle is acquired by the applicant, or where the motor vehicle was acquired under section 301.213 or subsection 5 of section 301.210 and the applicant fails to make application within thirty days after receiving title from the dealer, a delinquency penalty fee of twenty-five dollars for the first thirty days of delinquency and twenty-five dollars for each thirty days of delinquency thereafter, not to exceed a total of two hundred dollars, but such penalty may be waived by the director for a good cause

If the director of revenue learns that any person has failed to obtain a certificate within thirty days after acquiring a motor vehicle or trailer, or where the motor vehicle was acquired under section 301.213 or subsection 5 of section 301.210 and the applicant fails to make application within thirty days after receiving title from the dealer, or has sold a vehicle without obtaining a certificate, he shall cancel the registration of all vehicles registered in the name of the person, either as sole owner or as a co-owner, and shall notify the person that the cancellation will remain in force until the person pays the delinquency penalty fee provided in this section, together with all fees, charges and payments which the person should have paid in connection with the certificate of ownership and registration of the vehicle. The certificate shall be good for the life of the motor vehicle or trailer so long as the same is owned or held by the original holder of the certificate and shall not have to be renewed annually.

6. Any applicant for a certificate of ownership requesting the department of revenue to process an application for a certificate of ownership in an expeditious manner requiring special handling shall pay a fee of five dollars in addition to the regular certificate of ownership fee.

7. It is unlawful for any person to operate in this state a motor vehicle or trailer required to be registered under the provisions of the law unless a certificate of ownership has been applied for as provided in this section.

8. Before an original Missouri certificate of ownership is issued, an inspection of the vehicle and a verification of vehicle identification numbers shall be made by the Missouri state highway patrol on vehicles for which there is a current title issued by another state if a Missouri salvage certificate of title has been issued for the same vehicle but no prior inspection and verification has been made in this state, except that if such vehicle has been inspected in another state by a law enforcement officer in a manner comparable to the inspection process in this state and the vehicle identification numbers have been so verified, the applicant shall not be liable for the twenty-five dollar inspection fee if such applicant submits proof of inspection and vehicle identification number verification to the director of revenue at the time of the application. The applicant, who has such a title for a vehicle on which no prior inspection and verification have been made, shall pay a fee of twenty-five dollars for such verification and inspection, payable to the director of revenue at the time of the request for the application, which shall be deposited in the state treasury to the credit of the state highways and transportation department fund.

The vehicle examination shall include a verification of vehicle identification numbers and a determination of the classification of the vehicle. The owner of a vehicle which requires a vehicle examination certificate shall present the vehicle for examination and

obtain a completed vehicle examination certificate prior to submitting an application for a certificate of ownership to the director of revenue. Notwithstanding any provision of the law to the contrary, an owner presenting a motor vehicle which has been issued a salvage title and which is ten years of age or older to a vehicle examination described in this subsection in order to obtain a certificate of ownership with the designation prior salvage motor vehicle shall not be required to repair or restore the vehicle to its original appearance in order to pass or complete the vehicle examination. The fee for the vehicle examination application shall be twenty-five dollars and shall be collected by the director of revenue at the time of the request for the application and shall be deposited in the state treasury to the credit of the state highways and transportation department fund. If the vehicle is also to be registered in Missouri, the safety inspection required in chapter 307 and the emissions inspection required under chapter 643 shall be completed and the fees required by section 307.365 and section 643.315 shall be charged to the owner.

10. When an application is made for an original Missouri certificate of ownership for a motor vehicle previously registered or titled in a state other than Missouri or as required by section 301.020, it shall be accompanied by a current inspection form certified by a duly authorized official inspection station as described in chapter 307, **except that such inspection may be completed by an employee of a licensed new or used motor vehicle dealer for a motor vehicle sold to a person who lives outside of this state and intends to register the vehicle outside of this state or for a motor vehicle having less than thirty thousand miles for the three-year period following the model year of manufacture.** The completed form shall certify that the manufacturer's identification number for the vehicle has been inspected, that it is correctly displayed on the vehicle and shall certify the reading shown on the odometer at the time of inspection. The inspection station **or, in the case of a motor vehicle sold to a person who lives outside of this state and intends to register the vehicle outside of this state or a motor vehicle having less than thirty thousand miles for the three-year period following the model year of manufacture, the licensed new or used motor vehicle dealer** shall collect the same fee as authorized in section 307.365 for making the inspection, and the fee shall be deposited in the same manner as provided in section 307.365. If the vehicle is also to be registered in Missouri, the safety inspection required in chapter 307 and the emissions inspection required under chapter 643 shall be completed and only the fees required by section 307.365 and section 643.315 shall be charged to the owner. This section shall not apply to vehicles being transferred on a manufacturer's statement of origin.

11. Motor vehicles brought into this state in a wrecked or damaged condition or after being towed as an abandoned vehicle pursuant to another state's abandoned motor vehicle procedures shall, in lieu of the inspection required by subsection 10 of this section, be inspected by the Missouri state highway patrol in accordance with subsection 9 of this section. If the inspection reveals the vehicle to be in a salvage or junk condition, the director shall so indicate on any Missouri certificate of ownership issued for such vehicle. Any salvage designation shall be carried forward on all subsequently issued certificates of title for the motor vehicle.

12. When an application is made for an original Missouri certificate of ownership for a motor vehicle previously registered or titled in a state other than Missouri, and the certificate of ownership has been appropriately designated by the issuing state as a reconstructed motor vehicle, motor change vehicle, specially constructed motor vehicle, or prior salvage vehicle, the director of revenue shall appropriately designate on the current Missouri and all subsequent issues of the certificate of ownership the name of the issuing state and such prior designation. The absence of any prior designation shall not relieve a transferor of the duty to exercise due diligence with regard to such certificate of ownership prior to the transfer of a certificate. If a transferor exercises any due diligence with regard to a certificate of ownership, the legal transfer of a certificate of ownership without any designation that is subsequently discovered to have or should have had a designation shall be a transfer free and clear of any liabilities of the transferor associated with the missing designation.

13. When an application is made for an original Missouri certificate of ownership for a motor vehicle previously registered or titled in a state other than Missouri, and the certificate of ownership has been appropriately designated by the issuing state as non-USA-std motor vehicle, the director of revenue shall appropriately designate on the current Missouri and all subsequent issues of the certificate of ownership the words "Non-USA-Std Motor Vehicle".

14. The director of revenue and the superintendent of the Missouri state highway patrol shall make and enforce rules for the administration of the inspections required by this section.

15. Each application for an original Missouri certificate of ownership for a vehicle which is classified as a reconstructed motor vehicle, manufactured forty or more years prior to the current model year, and which has a value of three thousand dollars or less shall be accompanied by:

(1) A proper affidavit submitted by the owner explaining how the motor vehicle or trailer was acquired and, if applicable, the reasons a valid certificate of ownership cannot be furnished;

(2) Photocopies of receipts, bills of sale establishing ownership, or titles, and the source of all major component parts used to rebuild the vehicle;

(3) A fee of one hundred fifty dollars in addition to the fees described in subsection 5 of this section. Such fee shall be deposited in the state treasury to the credit of the state highways and transportation department fund; and

(4) An inspection certificate, other than a motor vehicle examination certificate required under subsection 9 of this section, completed and issued by the Missouri state highway patrol, or other law enforcement agency as authorized by the director of revenue. The inspection performed by the highway patrol or other authorized local law enforcement agency shall include a check for stolen vehicles.

The department of revenue shall issue the owner a certificate of ownership designated with the words "Reconstructed Motor Vehicle" and deliver such certificate of ownership in accordance with the provisions of this chapter. Notwithstanding subsection 9 of this section, no owner of a reconstructed motor vehicle described in this subsection shall be required to obtain a vehicle examination certificate issued by the Missouri state highway patrol."; and

"307.380. 1. Every vehicle of the type required to be inspected upon having been involved in an accident and when so directed by a police officer must be inspected and an official certificate of inspection and approval, sticker, seal or other device be obtained for such vehicle before it is again operated on the highways of this state.

2. At the seller's expense every used motor vehicle of the type required to be inspected by section 307.350 shall immediately prior to sale be fully inspected regardless of any current certificate of inspection and approval, and an appropriate new certificate of inspection and approval, sticker, seal or other device shall be obtained **no more than sixty days prior to the date of sale, except that such inspection shall not be required for a motor vehicle sold to a person who lives outside of this state and intends to register the vehicle outside of this state or for a motor vehicle having less than thirty thousand miles for the three-year period following the model year of manufacture when:**

**(1) Sold by a private seller; or**

**(2) Sold by a licensed new or used motor vehicle dealer, provided that such dealer has sold at least two hundred motor vehicles in the previous calendar year.**

**The seller of a motor vehicle required to be inspected under this subsection shall present the certificate of inspection and approval to the buyer at the point of sale and the buyer shall be required to submit the certificate of inspection when applying for registration of the vehicle.**

[2.] 3. Nothing contained in the provisions of this section shall be construed to prohibit a dealer or any other person from selling a vehicle without a certificate of inspection and approval if the vehicle is sold for junk, salvage, or for rebuilding, or for vehicles sold at public auction or from dealer to dealer. The purchaser of any vehicle which is purchased for junk, salvage, or for rebuilding shall give to the seller an affidavit, on a form prescribed by the superintendent of the Missouri state highway patrol, stating that the vehicle is being purchased for one of the reasons stated herein. No vehicle of the type required to be inspected by section 307.350 which is purchased as junk, salvage, or for rebuilding shall again be registered in this state until the owner has submitted the vehicle for inspection and obtained an official certificate of inspection and approval, sticker, seal or other device for such vehicle.

#### HOUSE AMENDMENT NO. 11

Amend House Committee Substitute for Senate Bill No. 189, Page 46, Section 301.551, Line 19, by inserting after said section and line the following:

"302.304. 1. The director shall notify by ordinary mail any operator of the point value charged against the operator's record when the record shows four or more points have been accumulated in a twelve-month period.

2. In an action to suspend or revoke a license or driving privilege under this section points shall be accumulated on the date of conviction. No case file of any conviction for a driving violation for which points may be assessed pursuant to section 302.302 may be closed until such time as a copy of the record of such conviction is forwarded to the department of revenue.

3. The director shall suspend the license and driving privileges of any person whose driving record shows the driver has accumulated eight points in eighteen months.

4. The license and driving privilege of any person whose license and driving privilege have been suspended under the provisions of sections 302.010 to 302.540 except those persons whose license and driving privilege have been suspended under the provisions of subdivision (8) of subsection 1 of section 302.302 or has accumulated sufficient points together with a conviction under subdivision (10) of subsection 1 of section 302.302 and who has filed proof of financial responsibility with the department of revenue, in accordance with chapter 303, and is otherwise eligible, shall be reinstated as follows:

(1) In the case of an initial suspension, thirty days after the effective date of the suspension;

(2) In the case of a second suspension, sixty days after the effective date of the suspension;

(3) In the case of the third and subsequent suspensions, ninety days after the effective date of the suspension.

Unless proof of financial responsibility is filed with the department of revenue, a suspension shall continue in effect for two years from its effective date.

5. The period of suspension of the driver's license and driving privilege of any person under the provisions of subdivision (8) of subsection 1 of section 302.302 or who has accumulated sufficient points together with a conviction under subdivision (10) of subsection 1 of section 302.302 shall be thirty days, followed by a sixty-day period of restricted driving privilege as defined in section 302.010. Upon completion of such period of restricted driving privilege, upon compliance with other requirements of law and upon filing of proof of financial responsibility with the department of revenue, in accordance with chapter 303, the license and driving privilege shall be reinstated. If a person, otherwise subject to the provisions of this subsection, files proof of installation with the department of revenue that any vehicle operated by such person is equipped with a functioning, certified ignition interlock device, there shall be no period of suspension. However, in lieu of a suspension the person shall instead complete a ninety-day period of restricted driving privilege. If the person fails to maintain such proof of the device with the director of revenue as required, the restricted driving privilege shall be terminated. Upon completion of such ninety-day period of restricted driving privilege, upon compliance with other requirements of law, and upon filing of proof of financial responsibility with the department of revenue, in accordance with chapter 303, the license and driving privilege shall be reinstated. However, if the monthly monitoring reports during such ninety-day period indicate that the ignition interlock device has registered a confirmed blood alcohol concentration level above the alcohol setpoint established by the department of transportation or such reports indicate that the ignition interlock device has been tampered with or circumvented, then the license and driving privilege of such person shall not be reinstated until the person completes an additional thirty-day period of restricted driving privilege.

6. If the person fails to maintain proof of financial responsibility in accordance with chapter 303, or, if applicable, if the person fails to maintain proof that any vehicle operated is equipped with a functioning, certified ignition interlock device installed pursuant to subsection 5 of this section, the person's driving privilege and license shall be resuspended.

7. The director shall revoke the license and driving privilege of any person when the person's driving record shows such person has accumulated twelve points in twelve months or eighteen points in twenty-four months or twenty-four points in thirty-six months. The revocation period of any person whose license and driving privilege have been revoked under the provisions of sections 302.010 to 302.540 and who has filed proof of financial responsibility with the department of revenue in accordance with chapter 303 and is otherwise eligible, shall be terminated by a notice from the director of revenue after one year from the effective date of the revocation. Unless proof of financial responsibility is filed with the department of

revenue, except as provided in subsection 2 of section 302.541, the revocation shall remain in effect for a period of two years from its effective date. If the person fails to maintain proof of financial responsibility in accordance with chapter 303, the person's license and driving privilege shall be rerevoked. Any person whose license and driving privilege have been revoked under the provisions of sections 302.010 to 302.540 shall, upon receipt of the notice of termination of the revocation from the director, pass the complete driver examination and apply for a new license before again operating a motor vehicle upon the highways of this state.

8. If, prior to conviction for an offense that would require suspension or revocation of a person's license under the provisions of this section, the person's total points accumulated are reduced, pursuant to the provisions of section 302.306, below the number of points required for suspension or revocation pursuant to the provisions of this section, then the person's license shall not be suspended or revoked until the necessary points are again obtained and accumulated.

9. If any person shall neglect or refuse to surrender the person's license, as provided herein, the director shall direct the state highway patrol or any peace or police officer to secure possession thereof and return it to the director.

10. Upon the issuance of a reinstatement or termination notice after a suspension or revocation of any person's license and driving privilege under the provisions of sections 302.010 to 302.540, the accumulated point value shall be reduced to four points, except that the points of any person serving as a member of the Armed Forces of the United States outside the limits of the United States during a period of suspension or revocation shall be reduced to zero upon the date of the reinstatement or termination of notice. It shall be the responsibility of such member of the Armed Forces to submit copies of official orders to the director of revenue to substantiate such overseas service. Any other provision of sections 302.010 to 302.540 to the contrary notwithstanding, the effective date of the four points remaining on the record upon reinstatement or termination shall be the date of the reinstatement or termination notice.

11. No credit toward reduction of points shall be given during periods of suspension or revocation or any period of driving under a limited driving privilege granted by a court or the director of revenue.

12. Any person or nonresident whose license or privilege to operate a motor vehicle in this state has been suspended or revoked under this or any other law shall, before having the license or privilege to operate a motor vehicle reinstated, pay to the director a reinstatement fee of twenty dollars which shall be in addition to all other fees provided by law.

13. Notwithstanding any other provision of law to the contrary, if after two years from the effective date of any suspension or revocation issued under this chapter, except any suspension or revocation issued under section 302.410, 302.462, or 302.574, the person or nonresident has not paid the reinstatement fee of twenty dollars, the director shall reinstate such license or privilege to operate a motor vehicle in this

state. Any person who has had his or her license suspended or revoked under section 302.410, 302.462, or 302.574, shall be required to pay the reinstatement fee.

14. No person who has had a license to operate a motor vehicle suspended or revoked as a result of an assessment of points for a violation under subdivision (8), (9) or (10) of subsection 1 of section 302.302 shall have that license reinstated until such person has participated in and successfully completed a substance abuse traffic offender program defined in section 302.010, or a program determined to be comparable by the department of mental health. Assignment recommendations, based upon the needs assessment as described in subdivision (24) of section 302.010, shall be delivered in writing to the person with written notice that the person is entitled to have such assignment recommendations reviewed by the court if the person objects to the recommendations. The person may file a motion in the associate division of the circuit court of the county in which such assignment was given, on a printed form provided by the state courts administrator, to have the court hear and determine such motion pursuant to the provisions of chapter 517. The motion shall name the person or entity making the needs assessment as the respondent and a copy of the motion shall be served upon the respondent in any manner allowed by law. Upon hearing the motion, the court may modify or waive any assignment recommendation that the court determines to be unwarranted based upon a review of the needs assessment, the person's driving record, the circumstances surrounding the offense, and the likelihood of the person committing a like offense in the future, except that the court may modify but may not waive the assignment to an education or rehabilitation program of a person determined to be a prior or persistent offender as defined in section 577.001 or of a person determined to have operated a motor vehicle with fifteen-hundredths of one percent or more by weight in such person's blood. Compliance with the court determination of the motion shall satisfy the provisions of this section for the purpose of reinstating such person's license to operate a motor vehicle. The respondent's personal appearance at any hearing conducted pursuant to this subsection shall not be necessary unless directed by the court.

15. The fees for the program authorized in subsection 14 of this section, or a portion thereof to be determined by the department of mental health, shall be paid by the person enrolled in the program. Any person who is enrolled in the program shall pay, in addition to any fee charged for the program, a supplemental fee in an amount to be determined by the department of mental health for the purposes of funding the substance abuse traffic offender program defined in section 302.010 or a program determined to be comparable by the department of mental health. The administrator of the program shall remit to the division of alcohol and drug abuse of the department of mental health on or before the fifteenth day of each month the supplemental fee for all persons enrolled in the program, less two percent for administrative costs. Interest shall be charged on any unpaid balance of the supplemental fees due the division of alcohol and drug abuse pursuant to this section and shall accrue at a rate not to exceed the annual rate established pursuant to the provisions of section 32.065, plus three percentage points. The supplemental fees and any interest received by the department of mental health pursuant to this section shall be deposited in the mental health earnings fund which is created in section 630.053.

16. Any administrator who fails to remit to the division of alcohol and drug abuse of the department of mental health the supplemental fees and interest for all persons enrolled in the program pursuant to this section shall be subject to a penalty equal to the amount of interest accrued on the supplemental fees due the division pursuant to this section. If the supplemental fees, interest, and penalties are not remitted to the division of alcohol and drug abuse of the department of mental health within six months of the due date, the attorney general of the state of Missouri shall initiate appropriate action of the collection of said fees and interest accrued. The court shall assess attorney fees and court costs against any delinquent program.

17. Any person who has had a license to operate a motor vehicle suspended or revoked as a result of:

(1) An assessment of points for a conviction for an intoxication-related traffic offense, as defined under section 577.001, **in which the person's blood alcohol content was found to be at least eight-hundredths of one percent but less than fifteen-hundredths of one percent by weight of alcohol in such person's blood** and who has a prior alcohol-related enforcement contact as defined under section 302.525[,]; or

(2) An assessment of points for a conviction for an intoxication-related traffic offense, as defined under section 577.001, **in which the person's blood alcohol content was found to be fifteen-hundredths of one percent or more by weight of alcohol in such person's blood**

shall be required to file proof with the director of revenue that any motor vehicle operated by the person is equipped with a functioning, certified ignition interlock device as a required condition of reinstatement of the license. The ignition interlock device shall further be required to be maintained on all motor vehicles operated by the person for a period of not less than six months immediately following the date of reinstatement. If the monthly monitoring reports show that the ignition interlock device has registered any confirmed blood alcohol concentration readings above the alcohol setpoint established by the department of transportation or that the person has tampered with or circumvented the ignition interlock device within the last three months of the six-month period of required installation of the ignition interlock device, then the period for which the person must maintain the ignition interlock device following the date of reinstatement shall be extended until the person has completed three consecutive months with no violations as described in this section. If the person fails to maintain such proof with the director, the license shall be resuspended or revoked and the person shall be guilty of a class A misdemeanor.

302.440. In addition to any other provisions of law, a court may require that any person who is found guilty of a first intoxication-related traffic offense, as defined in section 577.001, and a court shall require that any person who is found guilty of a second or subsequent intoxication-related traffic offense, as defined in section 577.001, **or any person who is found guilty of an intoxication-related traffic offense, as defined under section 577.001, in which the person's blood alcohol content was found to be fifteen-hundredths of one percent or more by weight of alcohol in such person's blood** shall not operate any

motor vehicle unless that vehicle is equipped with a functioning, certified ignition interlock device **that the person must use** for a period of not less than six months from the date of reinstatement of the person's driver's license. In addition, any court authorized to grant a limited driving privilege under section 302.309 to any person who is found guilty of a second or subsequent intoxication-related traffic offense **or to any person who is found guilty of an intoxication-related traffic offense, as defined under section 577.001, in which the person's blood alcohol content was found to be fifteen-hundredths of one percent or more by weight of alcohol in such person's blood** shall require the use of an ignition interlock device on all vehicles operated by the person as a required condition of the limited driving privilege, except as provided in section 302.441. These requirements shall be in addition to any other provisions of this chapter or chapter 577 requiring installation and maintenance of an ignition interlock device. Any person required to use an ignition interlock device shall comply with such requirement subject to the penalties provided by section 577.599.

302.520. 1. Whenever the chemical test results are available to the law enforcement officer while the arrested person is still in custody, and where the results show an alcohol concentration of eight-hundredths of one percent or more by weight of alcohol in such person's blood or where such person is less than twenty-one years of age and the results show that there is two-hundredths of one percent or more of alcohol in the person's blood, the officer, acting on behalf of the department, shall serve the notice of suspension or revocation personally on the arrested person.

2. When the law enforcement officer serves the notice of suspension or revocation, [the officer shall take possession of any driver's license issued by this state which is held by the person. When the officer takes possession of a valid driver's license issued by this state,] the officer, acting on behalf of the department, shall issue a temporary permit which is valid for fifteen days after its date of issuance and shall also give the person arrested a notice which shall inform the person of all rights and responsibilities pursuant to sections 302.500 to 302.540. The notice shall be in such form so that the arrested person may sign the original as evidence of receipt thereof. The notice shall also contain a detachable form permitting the arrested person to request a hearing. Signing the hearing request form and mailing such request to the department shall constitute a formal application for a hearing.

3. A copy of the completed notice of suspension or revocation form, a copy of any completed temporary permit form, a copy of the notice of rights and responsibilities given to the arrested person, including any request for hearing, and any driver's license taken into possession pursuant to this section shall be forwarded to the department by the officer along with the report required in section 302.510.

4. The department shall provide forms for notice of suspension or revocation, for notice of rights and responsibilities, for request for a hearing and for temporary permits to law enforcement agencies.

302.525. 1. The license suspension or revocation shall become effective fifteen days after the subject person has received the notice of suspension or revocation as provided in section 302.520, or is deemed

to have received the notice of suspension or revocation by mail as provided in section 302.515. If a request for a hearing is received by or postmarked to the department within that fifteen-day period, the effective date of the suspension or revocation shall be stayed until a final order is issued following the hearing; provided, that any delay in the hearing which is caused or requested by the subject person or counsel representing that person without good cause shown shall not result in a stay of the suspension or revocation during the period of delay.

2. The period of license suspension or revocation under this section shall be as follows:

(1) If the person's driving record shows no prior alcohol-related enforcement contacts during the immediately preceding five years, the period of suspension shall be thirty days after the effective date of suspension, followed by a sixty-day period of restricted driving privilege as defined in section 302.010 and issued by the director of revenue. The restricted driving privilege shall not be issued until he or she has filed proof of financial responsibility with the department of revenue, in accordance with chapter 303, and is otherwise eligible. The restricted driving privilege shall indicate [whether] **that** a functioning, certified ignition interlock device is required as a condition of operating a motor vehicle. A copy of the restricted driving privilege shall be given to the person and such person shall carry a copy of the restricted driving privilege while operating a motor vehicle. In no case shall restricted driving privileges be issued pursuant to this section or section 302.535 until the person has completed the first thirty days of a suspension under this section. If a person otherwise subject to the provisions of this subdivision files proof of installation with the department of revenue that any vehicle that he or she operates is equipped with a functioning, certified ignition interlock device, there shall be no period of suspension. However, in lieu of a suspension the person shall instead complete a ninety-day period of restricted driving privilege. Upon completion of such ninety-day period of restricted driving privilege, compliance with other requirements of law, and filing of proof of financial responsibility with the department of revenue, in accordance with chapter 303, the license and driving privilege shall be reinstated. However, if the monthly monitoring reports during such ninety-day period indicate that the ignition interlock device has registered a confirmed blood alcohol concentration level above the alcohol setpoint established by the department of transportation or such reports indicate that the ignition interlock device has been tampered with or circumvented, then the license and driving privilege of such person shall not be reinstated until the person completes an additional thirty-day period of restricted driving privilege. If the person fails to maintain such proof of the device with the director of revenue as required, the restricted driving privilege shall be terminated;

(2) The period of revocation shall be one year if the person's driving record shows one or more prior alcohol-related enforcement contacts during the immediately preceding five years;

(3) In no case shall restricted driving privileges be issued under this section to any person whose driving record shows one or more prior alcohol-related enforcement contacts **or to any person whose**

**driving record shows a conviction of an intoxication-related traffic offense, as defined under section 577.001, in which the person's blood alcohol content was found to be fifteen-hundredths of one percent or more by weight of alcohol in such person's blood** until the person has filed proof with the department of revenue that any motor vehicle operated by the person is equipped with a functioning, certified ignition interlock device as a required condition of the restricted driving privilege. If the person fails to maintain such proof the restricted driving privilege shall be terminated.

3. For purposes of this section, "alcohol-related enforcement contacts" shall include any suspension or revocation under sections 302.500 to 302.540, any suspension or revocation entered in this or any other state for a refusal to submit to chemical testing under an implied consent law, and any conviction in this or any other state for a violation which involves driving while intoxicated, driving while under the influence of drugs or alcohol, or driving a vehicle while having an unlawful alcohol concentration.

4. Where a license is suspended or revoked under this section and the person is also convicted on charges arising out of the same occurrence for a violation of section 577.010 or 577.012 or for a violation of any county or municipal ordinance prohibiting driving while intoxicated or alcohol-related traffic offense, both the suspension or revocation under this section and any other suspension or revocation arising from such convictions shall be imposed, but the period of suspension or revocation under sections 302.500 to 302.540 shall be credited against any other suspension or revocation arising from such convictions, and the total period of suspension or revocation shall not exceed the longer of the two suspension or revocation periods.

5. Any person who has had a license to operate a motor vehicle revoked under this section or suspended under this section with one or more prior alcohol-related enforcement contacts **or a conviction for an intoxication-related traffic offense, as defined under section 577.001, in which the person's blood alcohol content was found to be fifteen-hundredths of one percent or more by weight of alcohol in such person's blood** showing on their driver record shall be required to file proof with the director of revenue that any motor vehicle operated by that person is equipped with a functioning, certified ignition interlock device as a required condition of reinstatement. The ignition interlock device shall further be required to be maintained on all motor vehicles operated by the person for a period of not less than six months immediately following the date of reinstatement. If the monthly monitoring reports show that the ignition interlock device has registered any confirmed blood alcohol concentration readings above the alcohol setpoint established by the department of transportation or that the person has tampered with or circumvented the ignition interlock device within the last three months of the six-month period of required installation of the ignition interlock device, then the period for which the person must maintain the ignition interlock device following the date of reinstatement shall be extended until the person has completed three consecutive months with no violations as described in this section. If the person fails to maintain such proof with the director, the license shall be suspended or revoked, until proof as required by this section is filed with the director, and the person shall be guilty of a class A misdemeanor.

302.530. 1. Any person who has received a notice of suspension or revocation may make a request within fifteen days of receipt of the notice for a review of the department's determination at a hearing. [If the person's driver's license has not been previously surrendered, it may be surrendered at the time the request for a hearing is made.]

2. At the time the request for a hearing is made, if it appears from the record that the person is the holder of a valid driver's license issued by this state, [and that the driver's license has been surrendered,] the department shall issue a temporary permit which shall be valid until the scheduled date for the hearing. The department may later issue an additional temporary permit or permits in order to stay the effective date of the suspension or revocation until the final order is issued following the hearing, as required by section 302.520.

3. The hearing may be held by telephone, or if requested by the person, such person's attorney or representative, at a regional location as designated by the director. The hearing shall be conducted by examiners who are licensed to practice law in the state of Missouri and who are employed by the department on a part-time or full-time basis as the department may determine.

4. The sole issue at the hearing shall be whether by a preponderance of the evidence the person was driving a vehicle pursuant to the circumstances set out in section 302.505. The burden of proof shall be on the state to adduce such evidence. If the department finds the affirmative of this issue, the suspension or revocation order shall be sustained. If the department finds the negative of the issue, the suspension or revocation order shall be rescinded.

5. The procedure at such hearing shall be conducted in accordance with chapter 536, with sections 302.500 to 302.540. A report certified under subsection 2 of section 302.510 shall be admissible in a like manner as a verified report as evidence of the facts stated therein and any provision of chapter 536 to the contrary shall not apply.

6. The department shall promptly notify the person of its decision including the reasons for that decision. Such notification shall include a notice advising the person that the department's decision shall be final within fifteen days from the date such notice was mailed unless the person challenges the department's decision within that time period by filing an appeal in the circuit court in the county where the arrest occurred.

7. Unless the person, within fifteen days after being notified of the department's decision, files an appeal for judicial review pursuant to section 302.535, the decision of the department shall be final.

8. The director may adopt any rules and regulations necessary to carry out the provisions of this section.

302.574. 1. If a person who was operating a vehicle refuses upon the request of the officer to submit to any chemical test under section 577.041, the officer shall, on behalf of the director of revenue, serve the notice of license revocation personally upon the person and shall take possession of any license to operate a vehicle issued by this state which is held by that person. The officer shall issue a temporary permit, on behalf of the director of revenue, which is valid for fifteen days and shall also give the person notice of his or her right to file a petition for review to contest the license revocation.

2. Such officer shall make a certified report under penalties of perjury for making a false statement to a public official. The report shall be forwarded to the director of revenue and shall include the following:

(1) That the officer has:

(a) Reasonable grounds to believe that the arrested person was driving a motor vehicle while in an intoxicated condition; or

(b) Reasonable grounds to believe that the person stopped, being under the age of twenty-one years, was driving a motor vehicle with a blood alcohol content of two-hundredths of one percent or more by weight; or

(c) Reasonable grounds to believe that the person stopped, being under the age of twenty-one years, was committing a violation of the traffic laws of the state, or political subdivision of the state, and such officer has reasonable grounds to believe, after making such stop, that the person had a blood alcohol content of two-hundredths of one percent or greater;

(2) That the person refused to submit to a chemical test;

(3) Whether the officer secured the license to operate a motor vehicle of the person;

(4) Whether the officer issued a fifteen-day temporary permit;

(5) Copies of the notice of revocation, the fifteen-day temporary permit, and the notice of the right to file a petition for review. The notices and permit may be combined in one document; and

(6) Any license, which the officer has taken into possession, to operate a motor vehicle.

3. Upon receipt of the officer's report, the director shall revoke the license of the person refusing to take the test for a period of one year; or if the person is a nonresident, such person's operating permit or privilege shall be revoked for one year; or if the person is a resident without a license or permit to operate a motor vehicle in this state, an order shall be issued denying the person the issuance of a license or permit for a period of one year.

4. If a person's license has been revoked because of the person's refusal to submit to a chemical test, such person may petition for a hearing before a circuit division or associate division of the court in the county in which the arrest or stop occurred. Pursuant to local court rule promulgated pursuant to Section 15 of Article V of the Missouri Constitution, the case may also be assigned to a traffic judge pursuant to section 479.500. The person may request such court to issue an order staying the revocation until such time as the petition for review can be heard. If the court, in its discretion, grants such stay, it shall enter the order upon a form prescribed by the director of revenue and shall send a copy of such order to the director. Such order shall serve as proof of the privilege to operate a motor vehicle in this state and the director shall maintain possession of the person's license to operate a motor vehicle until termination of any revocation under this section. Upon the person's request, the clerk of the court shall notify the prosecuting attorney of the county and the prosecutor shall appear at the hearing on behalf of the director of revenue. At the hearing, the court shall determine only:

(1) Whether the person was arrested or stopped;

(2) Whether the officer had:

(a) Reasonable grounds to believe that the person was driving a motor vehicle while in an intoxicated or drugged condition; or

(b) Reasonable grounds to believe that the person stopped, being under the age of twenty-one years, was driving a motor vehicle with a blood alcohol content of two-hundredths of one percent or more by weight; or

(c) Reasonable grounds to believe that the person stopped, being under the age of twenty-one years, was committing a violation of the traffic laws of the state, or political subdivision of the state, and such officer had reasonable grounds to believe, after making such stop, that the person had a blood alcohol content of two-hundredths of one percent or greater; and

(3) Whether the person refused to submit to the test.

5. If the court determines any issue not to be in the affirmative, the court shall order the director to reinstate the license or permit to drive.

6. Requests for review as provided in this section shall go to the head of the docket of the court wherein filed.

7. No person who has had a license to operate a motor vehicle suspended or revoked under the provisions of this section shall have that license reinstated until such person has participated in and successfully completed a substance abuse traffic offender program defined in section 302.010, or a program determined to be comparable by the department of mental health. Assignment recommendations,

based upon the needs assessment as described in subdivision (24) of section 302.010, shall be delivered in writing to the person with written notice that the person is entitled to have such assignment recommendations reviewed by the court if the person objects to the recommendations. The person may file a motion in the associate division of the circuit court of the county in which such assignment was given, on a printed form provided by the state courts administrator, to have the court hear and determine such motion under the provisions of chapter 517. The motion shall name the person or entity making the needs assessment as the respondent and a copy of the motion shall be served upon the respondent in any manner allowed by law. Upon hearing the motion, the court may modify or waive any assignment recommendation that the court determines to be unwarranted based upon a review of the needs assessment, the person's driving record, the circumstances surrounding the offense, and the likelihood of the person committing a similar offense in the future, except that the court may modify but shall not waive the assignment to an education or rehabilitation program of a person determined to be a prior or persistent offender as defined in section 577.001, or of a person determined to have operated a motor vehicle with a blood alcohol content of fifteen-hundredths of one percent or more by weight. Compliance with the court determination of the motion shall satisfy the provisions of this section for the purpose of reinstating such person's license to operate a motor vehicle. The respondent's personal appearance at any hearing conducted under this subsection shall not be necessary unless directed by the court.

8. The fees for the substance abuse traffic offender program, or a portion thereof, to be determined by the division of behavioral health of the department of mental health, shall be paid by the person enrolled in the program. Any person who is enrolled in the program shall pay, in addition to any fee charged for the program, a supplemental fee to be determined by the department of mental health for the purposes of funding the substance abuse traffic offender program defined in section 302.010. The administrator of the program shall remit to the division of behavioral health of the department of mental health on or before the fifteenth day of each month the supplemental fee for all persons enrolled in the program, less two percent for administrative costs. Interest shall be charged on any unpaid balance of the supplemental fees due to the division of behavioral health under this section, and shall accrue at a rate not to exceed the annual rates established under the provisions of section 32.065, plus three percentage points. The supplemental fees and any interest received by the department of mental health under this section shall be deposited in the mental health earnings fund, which is created in section 630.053.

9. Any administrator who fails to remit to the division of behavioral health of the department of mental health the supplemental fees and interest for all persons enrolled in the program under this section shall be subject to a penalty equal to the amount of interest accrued on the supplemental fees due to the division under this section. If the supplemental fees, interest, and penalties are not remitted to the division of behavioral health of the department of mental health within six months of the due date, the attorney general of the state of Missouri shall initiate appropriate action for the collection of said fees and accrued interest. The court shall assess attorneys' fees and court costs against any delinquent program.

10. Any person who has had a license to operate a motor vehicle revoked under this section and who has a prior alcohol-related enforcement contact, as defined in section 302.525, **or who has been convicted of an intoxication-related traffic offense, as defined under section 577.001, in which the person's blood alcohol content was found to be fifteen-hundredths of one percent or more by weight of alcohol in such person's blood** shall be required to file proof with the director of revenue that any motor vehicle operated by the person is equipped with a functioning, certified ignition interlock device as a required condition of license reinstatement. Such ignition interlock device shall further be required to be maintained on all motor vehicles operated by the person for a period of not less than six months immediately following the date of reinstatement. If the monthly monitoring reports show that the ignition interlock device has registered any confirmed blood alcohol concentration readings above the alcohol setpoint established by the department of transportation or that the person has tampered with or circumvented the ignition interlock device within the last three months of the six-month period of required installation of the ignition interlock device, then the period for which the person shall maintain the ignition interlock device following the date of reinstatement shall be extended until the person has completed three consecutive months with no violations as described in this section. If the person fails to maintain such proof with the director as required by this section, the license shall be rerevoked until proof as required by this section is filed with the director, and the person shall be guilty of a class A misdemeanor.

11. The revocation period of any person whose license and driving privilege has been revoked under this section and who has filed proof of financial responsibility with the department of revenue in accordance with chapter 303 and is otherwise eligible shall be terminated by a notice from the director of revenue after one year from the effective date of the revocation. Unless proof of financial responsibility is filed with the department of revenue, the revocation shall remain in effect for a period of two years from its effective date. If the person fails to maintain proof of financial responsibility in accordance with chapter 303, the person's license and driving privilege shall be rerevoked.

12. A person commits the offense of failure to maintain proof with the Missouri department of revenue if, when required to do so, he or she fails to file proof with the director of revenue that any vehicle operated by the person is equipped with a functioning, certified ignition interlock device or fails to file proof of financial responsibility with the department of revenue in accordance with chapter 303. The offense of failure to maintain proof with the Missouri department of revenue is a class A misdemeanor."; and

Further amend said bill, Page 106, Section 556.039, Line 7, by inserting after said section and line the following:

**"557.520. 1. For purposes of this section, the following terms shall mean:**

**(1) "Failed start", any attempt to start a vehicle with a breath alcohol concentration exceeding twenty-five thousandths of one percent by weight of alcohol in a person's breath, unless a**

subsequent retest performed within ten minutes registers a breath alcohol concentration not exceeding twenty-five thousandths of one percent by weight of alcohol in such person's breath;

(2) "Running retest", failure to take a breath test performed by a driver upon a certified ignition interlock device at random intervals after an initial engine startup breath test and while the vehicle's motor is running or failure to take a breath retest with a breath alcohol concentration not exceeding twenty-five thousandths of one percent by weight of alcohol in such driver's breath;

(3) "Vehicle", any mechanical device on wheels, designed primarily for use, or used, on highways.

2. In any criminal case involving an intoxication-related traffic offense, the defendant may request to divert the criminal case to a driving while intoxicated (DWI) diversion program described in this section by submitting a request to the prosecuting or circuit attorney and sending a copy of such request to the department of revenue within fifteen days of his or her arrest. The prosecuting or circuit attorney may divert the criminal case to this DWI diversion program by filing a motion with the court to stay the criminal proceeding, if the defendant meets the following criteria for eligibility for entry into the DWI diversion program:

(1) The defendant has not previously pled guilty to or been convicted of an intoxication-related traffic offense in violation of section 577.010, 577.012, 577.013, 577.014, 577.015, or 577.016;

(2) The defendant is not currently enrolled in, and has not in the previous five years completed, a diversion program pursuant to this section;

(3) The defendant does not hold a commercial driver's license;

(4) The offense did not occur while operating a commercial vehicle;

(5) The offense did not result in the injury or death of another person; and

(6) The defendant did not refuse to submit to any test allowed pursuant to section 577.020.

3. Upon a motion filed by the prosecuting or circuit attorney, the court may continue a diverted case involving an intoxication-related traffic offense if the prosecuting or circuit attorney deems appropriate based on the specific situation of the defendant. The case shall be diverted for a period not to exceed twenty-four months and order the defendant to comply with terms, conditions, or requirements.

4. The DWI diversion plan shall be for a specified period and be in writing. The prosecuting or circuit attorney has the sole authority to develop diversionary program requirements, but shall require installation of an ignition interlock device for a period of not less than one year, require the

defendant to participate in a victim impact panel sponsored by a nonprofit organization, and require other terms deemed necessary by the court.

5. If the court continues the criminal case to divert the defendant to this DWI diversion program, a copy of such order shall be sent to the department of revenue and, upon receipt, the department shall rescind its order of suspension or revocation, if issued, and shall continue any proceeding to suspend or revoke a license pursuant to chapter 302 for a period not to exceed twenty-four months. After the defendant successfully completes the requirements of the DWI diversion program, the department shall dismiss any proceeding against the defendant.

6. The court shall notify the defendant that he or she is required to install a functioning, certified ignition interlock device on each vehicle that the defendant operates and the defendant is prohibited from operating a motor vehicle unless that vehicle is equipped with a functioning, certified ignition interlock device pursuant to this section. These requirements shall be in addition to any other provisions of this chapter or chapter 302 requiring installation and maintenance of an ignition interlock device. Any person required to use an ignition interlock device shall comply with such requirement subject to the penalties provided by section 577.599.

7. The department of revenue shall inform the defendant of the requirements of this section, including the term for which the defendant is required to have a certified ignition interlock device installed and shall notify the defendant that installation of a functioning, certified ignition interlock device on a vehicle does not allow the defendant to drive without a valid driver's license. The department shall record the mandatory use of the device for the term required and the time when the device is required to be installed pursuant to the court order. A defendant who is notified by the department shall do all of the following:

(1) Arrange for each vehicle operated by the defendant to be equipped with a functioning, certified ignition interlock device by a certified ignition interlock device provider as determined by the department of transportation; and

(2) Arrange for each vehicle with a functioning, certified ignition interlock device to be serviced by the installer at least once every thirty days for the installer to recalibrate and monitor the operation of the device.

8. The certified ignition interlock device provider shall notify the department:

(1) If the device is removed or indicates that the defendant has attempted to remove, bypass by a running retest, or tamper with the device;

(2) If the defendant fails three or more times to comply with any requirement for the maintenance or calibration of the ignition interlock device; or

**(3) If the device registers a failed start.**

If a defendant has any failed start that occurs within the last ninety days of the required period of installation of the ignition interlock device, the term may be extended for a period of up to ninety days.

**9. After the completion of the DWI diversion program and if the defendant has complied with all the imposed terms and conditions, the court shall dismiss the criminal case against the defendant, record the dismissal, and transmit the record to the central repository upon dismissal. Any court automation system, including any pilot project, that provides public access to electronic record on the internet shall redact any personal identifying information of the defendant, including name, address, and year of birth. Such information shall be provided in a confidential filing sheet contemporaneously filed with the court or entered by the court, which shall not be subject to public inspection or availability.**

**10. In the event of noncompliance by the defendant with the terms and conditions of the DWI diversion program, the prosecuting or circuit attorney may file a motion to terminate the defendant from the diversion program and may recommend the prosecution of the underlying case. Upon the filing of such motion, after notice to the defendant, the court shall hold a hearing to determine by preponderance of the evidence whether the defendant has failed to comply with the terms and conditions of the diversion program. If the court finds that the defendant has not complied with the terms and conditions of the diversion program, the court may end the diversion program and set the case on the next available criminal docket.**

**11. Any defendant who is found guilty of any intoxication-related traffic offense and who has previously utilized the DWI diversion program pursuant to this section shall be considered a prior offender as defined in section 577.001, provided that the prior offense occurred within five years of the intoxication-related offense for which the person is charged, as provided in subsection 20 of section 577.001.**

**12. For the limited purpose of determining whether a defendant is a chronic, habitual, persistent, or prior offender under section 577.001, a criminal case diverted to a DWI diversion program and successfully completed by a defendant shall be counted as one intoxication-related traffic offense.**

**13. A certified ignition interlock device provider shall adopt a discounted fee schedule that provides for the payment of the costs of the certified ignition interlock device by offenders with an income at or below one hundred and fifty percent of the federal poverty level. A person with an income at or below one hundred and fifty percent of the federal poverty level who provides income verification shall be responsible for ten percent of the cost of the ignition interlock device. Any additional costs accrued by the person for noncompliance with program requirements are not**

subject to discounted rates and are the sole responsibility of the person. The certified ignition interlock provider shall verify the offender's income to determine the cost of the ignition interlock device by verifying from the offender the previous year's federal income tax return, the previous three months of weekly or monthly income statements, or a court order declaring the person with an income at or below one hundred and fifty percent of the federal poverty level.

**14. Nothing in this section shall prohibit a prosecuting or circuit attorney from diverting a criminal case pursuant to section 557.014 in any criminal case involving an intoxication-related traffic offense.";** and

Amend House Committee Substitute for Senate Bill No. 189, Page 92, Section 443.702, Line 35, by inserting after said section and line the following:

**"454.1050. 1. This section shall be known and may be cited as "Bentley's Law".**

**2. If a person is convicted of the offense of driving while intoxicated, such offense caused the death of a parent or parents of a child or children, and a surviving parent or guardian files a petition to receive child maintenance from the person convicted of such offense, such person shall be ordered by the court to pay child maintenance to the child or children until the child or children:**

**(1) Die;**

**(2) Marry;**

**(3) Enter active military duty;**

**(4) Reach eighteen years of age unless the provisions of subsection 3 of this section apply; or**

**(5) Reach twenty-one years of age unless the provisions of the maintenance order specifically extend beyond the child's or children's twenty-first birthdays for reasons provided under subdivision (1) of subsection 3 of this section.**

**3. (1) If the child or children are physically or mentally incapacitated from supporting themselves and insolvent and unmarried, the court may extend the maintenance obligation past the child's or children's eighteenth birthday.**

**(2) (a) If the child or children reach eighteen years of age and are enrolled in and attending a secondary school program of instruction, maintenance shall continue, if the child or children continue to attend and progress toward completion of such program, until the child or children complete such program or reach twenty-one years of age, whichever first occurs.**

**(b) If the child or children are enrolled in an institution of vocational or higher education no later than October first following graduation from a secondary school or completion of a graduation equivalence degree program and so long as the child or children enroll for and complete at least twelve hours of credit each semester, not including the summer semester, at an institution of vocational or higher education and achieve grades sufficient to reenroll at such institution, maintenance shall continue until the child or children complete their education or until the child or children reach twenty-one years of age, whichever first occurs. To remain eligible for such continued maintenance, at the beginning of each semester the child or children shall submit to the court a transcript or similar official document provided by the institution of vocational or higher education that includes the courses the child or children are enrolled in and have completed for each term, the grades and credits received for each such course, and an official document from the institution listing the courses that the child or children are enrolled in for the upcoming term and the number of credits for each such course. When enrolled in at least twelve credit hours, if the child or children receive failing grades in half or more of the child's or children's course load in any one semester, payment of maintenance for the child or children receiving the failing grades may be terminated and shall not be eligible for reinstatement. Upon request for notification of the child's or children's grades by the court, the child or children shall produce the required documents to the court within thirty days of receipt of grades from the education institution. If the child or children fail to produce the required documents, payment of maintenance may terminate without the accrual**

of any maintenance arrearage and shall not be eligible for reinstatement. If the circumstances of the child or children manifestly dictate, the court may waive the October first deadline for enrollment required by this subdivision. As used in this subdivision, "institution of vocational education" means any postsecondary training or schooling for which the child is assessed a fee and attends classes regularly. "Higher education" means any community college, college, or university at which the child attends classes regularly. A child or children who have been diagnosed with a developmental disability, as defined under section 630.005, or whose physical disability or diagnosed health problem limits the child's or children's ability to carry the number of credit hours prescribed in this subdivision, shall remain eligible for maintenance so long as such child or children are enrolled in and attending an institution of vocational or higher education and the child or children continue to meet the other requirements of this subdivision. A child or children who are employed at least fifteen hours per week during the semester may take as few as nine credit hours per semester and remain eligible for maintenance so long as all other requirements of this subdivision are complied with.

4. The court shall order the person convicted of the offense of driving while intoxicated as provided under subsection 2 of this section to pay maintenance in an amount that is reasonable or necessary for the maintenance of the child or children after considering all relevant factors, including:

(1) The financial needs and resources of the child or children;

(2) The financial resources and needs of the surviving parent or, if no other parent is alive or capable of caring for the child or children, the guardian of the child or children, including the state if the state is the guardian;

(3) The standard of living the child or children would have enjoyed;

(4) The physical and emotional condition of the child or children and the child's or children's educational needs;

(5) The child's or children's physical and legal custody arrangements; and

(6) The reasonable work-related child care expenses of the surviving parent or guardian.

5. In addition to the relevant factors listed under subsection 4 of this section, the court shall consider the guidelines set out under subsection 8 of section 452.340 and Missouri Supreme Court Civil Procedure Rule Form 14 in determining the amount reasonable or necessary for the maintenance of the child or children.

**6. (1) The court shall order that child maintenance payments be made to the circuit clerk as trustee for remittance to the surviving parent or guardian entitled to receive the payments. The circuit clerk shall remit such payments to the surviving parent or guardian within three working days of receipt by the circuit clerk. Circuit clerks shall deposit all receipts no later than the next working day after receipt.**

**(2) As an alternative to subdivision (1) of this subsection, the court may, upon its own motion, order that maintenance payments be made to the family support payment center established under section 454.530 as trustee for remittance to the surviving parent or guardian. However, the court shall not order payments to be made to the payment center if the family support division notifies the court that such payments shall not be made to the center. In such cases, payments shall be made to the clerk as trustee until the division notifies the court that payments shall be directed to the payment center.**

**7. In addition to any other remedy provided by law for the enforcement of child maintenance, if a maintenance order has been entered, the director of the family support division or the director's designee shall issue an order directing any employer or other payer of the person required to pay child maintenance under this section to withhold and pay over to the family support division or the clerk of the circuit court in the county in which a trusteeship is or will be established moneys due or to become due to the surviving parent or guardian for the child or children in an amount not to exceed federal wage garnishment limitations.**

**8. If a person ordered to pay child maintenance under this section is incarcerated and unable to pay the required maintenance, the person shall have up to one year after the release from incarceration to begin payment, including any arrearage. If any obligation under this section is to terminate as provided under subsection 2 of this section but the person's obligation is not paid in full, payments shall continue until the entire arrearage is paid.**

**9. (1) If the surviving parent or guardian of the child or children brings a civil action against the person convicted of driving while intoxicated prior to any child maintenance order under this section and the surviving parent or guardian obtains a judgment in his or her favor in the civil suit, no maintenance shall be ordered under this section.**

**(2) If the court orders child maintenance under this section but the surviving parent or guardian brings a civil action and obtains a judgment in his or her favor, the child maintenance order shall offset the judgment awarded in the civil action.**

**10. The provisions of any order respecting maintenance under this section may be modified only upon a showing of changed circumstances so substantial and continuing as to make the terms unreasonable."; and**

**(2) If the installing, concealing, or placing of an electronic tracking device in or on a motor vehicle is by, or at the direction of, a parent or legal guardian who owns or leases the vehicle, and if the device is used solely for the purpose of monitoring the minor child of the parent or legal guardian when the child is an occupant of the vehicle, the installation, concealment, or placement of the device in or on the vehicle without the consent of any or all occupants of the vehicle shall not be an offense under this section.**

**(3) It shall not be an offense under this section if the installing, concealing, or placing of an electronic tracking device in or on a motor vehicle is for the purpose of tracking the location of stolen goods being transported in the vehicle or for the purpose of tracking the location of the vehicle if the motor vehicle is stolen.**

**(4) It shall not be an offense under this section if the installing, concealing, or placing of an electronic tracking device in or on a motor vehicle is by a legally authorized representative of a vulnerable adult. "Voluntary usage-based insurance program" shall mean any program implemented by, or on behalf of, an insurance company that collects, records, or transmits information relating to driving behavior of an insured party.**

**3. The provisions of this section shall not apply to a tracking system installed by the manufacturer of a motor vehicle.**

"324.009. 1. For purposes of this section, the following terms mean:

(1) "License", a license, certificate, registration, permit, accreditation, or military occupational speciality that enables a person to legally practice an occupation or profession in a particular jurisdiction;

(2) "Military", the Armed Forces of the United States including the Air Force, Army, Coast Guard, Marine Corps, Navy, Space Force, National Guard and any other military branch that is designated by Congress as part of the Armed Forces of the United States, and all reserve components and auxiliaries. Such term also includes the military reserves and militia of any United States territory or state;

**(3) "Missouri law enforcement officer", any person employed by or otherwise serving in a position for the state or a local governmental entity as a police officer, peace officer certified under chapter 590, auxiliary police officer, sheriff, sheriff's deputy, member of the patrol as that term is defined in section 43.010, or in some like position involving the enforcement of the law and protection of the public interest at the risk of that person's life and who is a permanent resident of the state of Missouri or who is domiciled in the state of Missouri;**

**(4) "Nonresident military or law enforcement spouse"[,]:**

**(a) A nonresident spouse of an active duty member of the Armed Forces of the United States who has been transferred or is scheduled to be transferred to the state of Missouri, or who has been transferred or is scheduled to be transferred to an adjacent state and is or will be domiciled in the state of Missouri, or has moved to the state of Missouri on a permanent change-of-station basis; or**

**(b) A nonresident spouse of a person residing outside the state who has accepted an offer of employment from the state or a local governmental entity in the state and who will become a Missouri law enforcement officer upon the commencement of such employment;**

[(4)] (5) "Oversight body", any board, department, agency, or office of a jurisdiction that issues licenses;

[(5)] (6) "Resident military **or law enforcement** spouse", a spouse of an active duty member of the Armed Forces of the United States who has been transferred or is scheduled to be transferred to the state of Missouri or an adjacent state and who is a permanent resident of the state of Missouri, who is domiciled in the state of Missouri, or who has Missouri as his or her home of record **or a spouse of a Missouri law enforcement officer.**

2. Any person who holds a valid current license issued by another state, a branch or unit of the military, a territory of the United States, or the District of Columbia, and who has been licensed for at least one year in such other jurisdiction, may submit an application for a license in Missouri in the same occupation or profession, and at the same practice level, for which he or she holds the current license, along with proof of current licensure and proof of licensure for at least one year in the other jurisdiction, to the relevant oversight body in this state.

3. The oversight body in this state shall:

(1) Within six months of receiving an application described in subsection 2 of this section, waive any examination, educational, or experience requirements for licensure in this state for the applicant if it determines that there were minimum education requirements and, if applicable, work experience and clinical supervision requirements in effect and the other state verifies that the person met those requirements in order to be licensed or certified in that state. An oversight body that administers an examination on laws of this state as part of its licensing application requirement may require an applicant to take and pass an examination specific to the laws of this state; or

(2) Within thirty days of receiving an application described in subsection 2 of this section from a nonresident military **or law enforcement** spouse or a resident military **or law enforcement** spouse, waive any examination, educational, or experience requirements for licensure in this state for the applicant and issue such applicant a license under this section if such applicant otherwise meets the requirements of this section.

4. (1) The oversight body shall not waive any examination, educational, or experience requirements for any applicant who has had his or her license revoked by an oversight body outside the state; who is currently under investigation, who has a complaint pending, or who is currently under disciplinary action, except as provided in subdivision (2) of this subsection, with an oversight body outside the state; who

does not hold a license in good standing with an oversight body outside the state; who has a criminal record that would disqualify him or her for licensure in Missouri; or who does not hold a valid current license in the other jurisdiction on the date the oversight body receives his or her application under this section.

(2) If another jurisdiction has taken disciplinary action against an applicant, the oversight body shall determine if the cause for the action was corrected and the matter resolved. If the matter has not been resolved by that jurisdiction, the oversight body may deny a license until the matter is resolved.

5. Nothing in this section shall prohibit the oversight body from denying a license to an applicant under this section for any reason described in any section associated with the occupation or profession for which the applicant seeks a license.

6. Any person who is licensed under the provisions of this section shall be subject to the applicable oversight body's jurisdiction and all rules and regulations pertaining to the practice of the licensed occupation or profession in this state.

7. This section shall not be construed to waive any requirement for an applicant to pay any fees, post any bonds or surety bonds, or submit proof of insurance associated with the license the applicant seeks.

8. This section shall not apply to business, professional, or occupational licenses issued or required by political subdivisions.

9. The provisions of this section shall not impede an oversight body's authority to require an applicant to submit fingerprints as part of the application process.

10. [The provisions of this section shall not apply to an oversight body that has entered into a licensing compact with another state for the regulation of practice under the oversight body's jurisdiction.] The provisions of this section shall not be construed to alter the authority granted by, or any requirements promulgated pursuant to, any interjurisdictional or interstate compacts adopted by Missouri statute or any reciprocity agreements with other states in effect [on August 28, 2018], and whenever possible this section shall be interpreted so as to imply no conflict between it and any compact, or any reciprocity agreements with other states in effect [on August 28, 2018].

11. Notwithstanding any other provision of law, a license issued under this section shall be valid only in this state and shall not make a licensee eligible to be part of an interstate compact. An applicant who is licensed in another state pursuant to an interstate compact shall not be eligible for licensure by an oversight body under the provisions of this section.

12. The provisions of this section shall not apply to any occupation set forth in subsection 6 of section 290.257, or any electrical contractor licensed under sections 324.900 to 324.945"; and
