7. In addition to the provisions of subsection 6, the provider shall provide written information to the applicant before the applicant signs the application, which describes the information obtainable and the process involved in conducting a criminal record review. The department of health and the department of social services may jointly promulgate rules in accordance with chapter 536, RSMo, relating to the preparation of written information pursuant to this subsection.

2. Notwithstanding the provisions of subsection 1 of this section, no child care facility shall be exempt from licensure if such facility receives any state or federal funds for providing care for children **except for federal funds for those programs that meet the requirements for participation in the Child and Adult Care Food Program, 42 U.S.C. 1766**. Grants to parents for child care under this act shall not be construed to be funds received by the facility.

210.221. 1. The department of health shall have the following powers and duties:

(1) After inspection, to grant licenses to persons to operate child care facilities if satisfied as to the good character and intent of the applicant and that such applicant is qualified and equipped to render care or service conducive to the welfare of children, and to renew the same when expired. No license shall be granted for a term exceeding two years. Each license shall specify the kind of child care services the licensee is authorized to perform, the number of children that can be received or maintained, and their ages and sex;

(2) To inspect the conditions of the homes and other places in which the applicant operates a child care facility, inspect their books and records, premises and children being served, examine their officers and agents, [and] **deny, suspend, place on probation** or revoke the license of such persons as fail to obey the provisions of sections 210.201 to 210.245 or the rules and regulations made by the department of health. **The director also may revoke or suspend a license when the licensee fails to renew or surrenders the license;**

(3) To promulgate and issue rules and regulations the department deems necessary or proper in order to establish standards of service and care to be rendered by such licensees to children. No rule or regulation promulgated by the division shall in any manner restrict or interfere with any religious instruction, philosophies or ministries provided by the facility and shall not apply to facilities operated by religious organizations which are not required to be licensed; and

(4) To determine what records shall be kept by such persons and the form thereof, and the methods to be used in keeping such records, and to require reports to be made to the department at regular intervals.

2. Any child care facility may request a variance from a rule or regulation promulgated pursuant to this section. The request for a variance shall be made in writing to the department of health and shall include the reasons the facility is requesting the variance. The department shall approve any variance request that does not endanger the health or safety of the children served by the facility. The burden of proof at any appeal of a disapproval of a variance application

shall be with the department of health. Local inspectors may grant a variance, subject to approval by the department of health.

3. The department shall deny, suspend or revoke a license if it receives official written notice that the local governing body has found that license is prohibited by any local law related to the health and safety of children. The department may after inspection find the licensure, denial of licensure, suspension or revocation may be in the best interest of the state.

[3.] **4.** No rule or portion of a rule promulgated under the authority of sections 210.201 to 210.245 shall become effective unless it has been promulgated pursuant to the provisions of section 536.024, RSMo.

Any person who violates any provision of sections 210.201 to 210.245, or who for [himself] **such person** or for any other person makes materially false statements in order to obtain a license or the renewal thereof [under] **pursuant to** sections 210.201 to 210.245, shall be guilty of an infraction for the first offense and shall be assessed a fine not to exceed two hundred dollars and shall be guilty of a class A misdemeanor for subsequent offenses. In case such guilty person is a corporation, association, institution or society, the officers thereof who participate in such misdemeanor shall be subject to the penalties provided by law.

2. If the department of health proposes to deny, suspend or revoke a license, the department of health shall serve upon the applicant or licensee written notice of the proposed action to be taken. The notice shall contain a statement of the type of action proposed, the basis for it, the date the action will become effective, and a statement that the applicant or licensee shall have thirty days to request in writing a hearing before the administrative hearing commission. If no written request for a hearing is received by the department of health within thirty days of the applicant or licensee's receipt of the notice, the proposed discipline shall take effect thirty-one days from the date the original notice was received by the applicant or licensee. If the applicant or licensee makes a written request for a hearing, the department of health shall file a complaint with the administrative hearing commission within ninety days of receipt of the request for a hearing. The complaint shall comply with the laws and regulations for actions brought before the administrative hearing commission.

3. The department of health may issue letters of censure or warning and may place a licensee on probation without formal notice or hearing.

4. The department of health may suspend any license simultaneously with the notice of the proposed action to be taken in subsection 2 of section 210.245, if the department of health finds that there is a threat of imminent bodily harm to the children in care. The notice of suspension shall include the basis of the suspension and the appeal rights of the licensee. The licensee may appeal the decision to suspend the license to the department of health. The appeal must be filed within ten days from the

receipt of the notice of appeal. A hearing shall be conducted by the department of health within ten days from the date the appeal is filed. The suspension shall continue in effect until the conclusion of the proceedings, including review thereof, unless sooner withdrawn by the department of health, dissolved by a court of competent jurisdiction or stayed by the administrative hearing commission.

5. In addition to initiating proceedings [under] **pursuant to** subsection 1 of this section, or in lieu thereof, the prosecuting attorney of the county where the child care facility is located may file suit for a preliminary and permanent order overseeing or preventing the operation of a child care facility for violating any provision of sections 210.201 to 210.245. The order shall remain in force until such a time as the court determines that the child care facility is in substantial compliance. If the prosecuting attorney refuses to act or fails to act [within thirty days of] **after** receipt of notice from the department of health, the department of health may request that the attorney general seek an injunction of the operation of such child care facility.

[3.] **6.** In cases of imminent bodily harm to children in the care of a child care facility, the department may file suit in the circuit court of the county in which the child care facility is located for injunctive relief, which may include removing the children from the facility, overseeing the operation of the facility or closing the facility.

210.251. 1. By January 1, 1994, financial incentives shall be provided by the department of health through the child development block grant and other public moneys for child care facilities wishing to upgrade their standard of care and which meet quality standards.

2. The department of health shall make federal funds available to licensed **and inspected** child care centers pursuant to federal law as set forth in the Child and Adult Food Program, 42 U.S.C. 1766.

210.252. 1. Evidence of compliance with the inspections required by this section shall be kept on file and available to parents of children enrolling in the child care facility.

2. Local inspection of child care facilities may be accomplished if the standards employed by local personnel are substantially equivalent to state standards and local personnel are available for enforcement of such standards.

3. Any child care facility may request a variance from a rule or regulation promulgated pursuant to this section. The request for a variance shall be made in writing to the department of health and shall include the reasons the facility is requesting the variance. The department shall approve any variance request that does not endanger the health or safety of the children

served by the facility. The burden of proof at any appeal of a disapproval of a variance application shall be with the department of health. Local inspectors may grant a variance, subject to approval by the department.

4. The department of health shall administer the provisions of sections 210.252 to 210.256, with the cooperation of the state fire marshal, local fire departments and local health agencies.

5. The department of health shall promulgate rules and regulations to implement and administer the provisions of sections 210.252 to 210.256. Such rules and regulations shall provide for the protection of children in all child care facilities whether or not such facility is subject to the licensing provisions of sections 210.201 to 210.245.

210.256. 1. Any person who violates any provision of sections 210.252 to 210.255, or who for [himself] **such person** or for any other person makes a materially false statement in the notice of parental responsibility required by sections 210.254 and 210.255, shall be guilty of an infraction for the first offense and shall be assessed a fine not to exceed two hundred dollars and shall be guilty of a class A misdemeanor for subsequent offenses. In case such guilty person is a corporation, association, institution, or society, the officers thereof who participate in such violation shall be subject to the same penalties.

2. In addition to initiating proceedings [under] **pursuant to** subsection 1 of this section, or in lieu thereof, the prosecuting attorney of the county where the child care facility is located may file suit for a preliminary and permanent order overseeing or preventing the operation of a child care facility [for violating any provision of section 210.252] **and if a prosecutor has declined or fails to prosecute within thirty days of a request, the department may request that the attorney general seek an injunction to prevent the operation of the child care facility for violating any provision of sections 210.252 to 210.259.** The injunction shall remain in force until such a time as the court determines that the child care facility is in substantial compliance.

3. In cases of imminent bodily harm to children in the care of a child care facility, the department of health may apply to the circuit court of the county in which the child care facility is located for injunctive relief, which may include removing the children from the facility, overseeing the operation of the facility or closing the facility.

2. A careline registry and hotline is hereby established in the department to register careline providers for the purpose of protection of children. Any person other than child care workers or employees at a child care agency where such person would have direct contact with minors may provide child care services, including but not limited to casual services, without registration as established in sections 210.301 to 210.319; however, such persons may voluntarily apply for careline registration. When a person submits a completed careline application supplied by the department, the department shall enter in the careline registry the person's name, identification card

number pursuant to subsection 3 of this section and an indicator that the person has submitted the application. The department shall coordinate with the department of social services to conduct a search of the central registry, established under section 210.145, to determine if the applicant has a probable cause finding of child abuse or neglect pursuant to section 210.145.

3. Notwithstanding any other provision of law to the contrary, the department shall initiate a criminal record review pursuant to section 43.540, RSMo, of a prospective careline applicant if the applicant possesses any one of the following identification cards:

If no reported information is found which would disqualify the applicant as a child care provider, the department shall enter that finding in the person's record in the careline registry and shall notify the person of the action.

2. A careline applicant or registered careline provider shall not be registered if, in any of the searches or in any report that is received by the department subsequent to those searches, any of the following information is found:

(3) The review discloses conduct which demonstrates that initial or continuing registration of the person would be adverse to the health and safety of children in this state.

3. The department shall notify any such person in writing of the determination that he or she is disqualified from inclusion and the reason thereof. Records concerning the person shall be removed from the careline registry immediately.

4. If the department denies inclusion in the careline registry pursuant to subsection 2 of this section, its written notification also shall advise the person of the right to appeal the denial. Notification of an appeal shall be filed in writing at the office of the director of the department of health. An administrative appeal shall be set

within thirty days of the receipt of the notification, and a decision shall be made within sixty days. If the appeal is decided in favor of the disqualified person, the records shall be restored in the careline registry. If the appeal is decided against the disqualified person, that person may seek judicial review of such decision pursuant to sections 536.100 to 536.150, RSMo.

210.305. 1. The department shall require periodic re-registration of careline providers by rule.

The department shall review the information reported from this comparison to determine if a currently registered careline provider should be disqualified. The department of health and the department of social services may enter into an interagency agreement to determine procedures and financing of the provision and updating of information for comparison of the careline registry with the central registry, and for searches of the central registry performed under subsection 2 of section 210.301.

3. The patrol and the department may enter into an interagency agreement to determine procedures and financing of the provision and continual updating of information on criminal convictions to the careline registry pursuant to the actions required in subsections 2 to 6 of section 210.303.

210.307. Notwithstanding any provision of law to the contrary, state officials or employees shall not be liable for any damages caused by their conduct in connection with a criminal record review pursuant to sections 210.301 to 210.319 except for intentional acts or gross negligence.

210.309. The department shall:

(1) Establish and maintain a careline hotline service, which may be toll-free, to allow parents and guardians, employment agencies, child care referral groups and registries, child care programs that do not receive state subsidies and are exempt from state licensing laws and others to determine if a child care provider is a careline applicant or a registered careline provider;

(2) Develop a statewide promotion plan for the purposes of publicizing the existence, benefits, and methods of accessing the careline hotline for both parents and child care providers, and distribute careline applications statewide;

(3) Collect data for the purposes of evaluations conducted under section 210.319;

(4) Accept other public and private financial support for the careline registry and careline hotline;

(5) Ensure that criminal record review and central registry information is continually maintained and updated in the careline registry; and

(6) Ensure that information obtained from the department under sections 210.301 to 210.319 shall be confidential and disseminated only to the person who is the subject of the criminal record review and to the participants in a hiring or approval process upon written request from the careline applicant or registered careline provider. Information obtained from the department under sections 210.301 to 210.319 shall not be used for any purpose other than that for which it was disseminated.

210.311. It shall be a class B misdemeanor for a person to falsely represent or present oneself as a careline applicant or a registered careline provider.

210.312. It shall be a class B misdemeanor for a person to fail to disclose in a careline application a conviction for a criminal offense or the existence of substantiated information that the person has committed child abuse or neglect.

210.314. 1. (1) Except as provided in subdivision (2) of this subsection, beginning June 1, 1999, any applicant for the position of child care worker or other employee at a child care agency where such person would have direct contact with minors who professes to be a registered careline provider, as defined in section 210.301, shall provide documentation to establish that the person is a careline applicant as defined in section 210.301, or shall, prior to employment by a child care agency, disclose to the administrators of the child care agency the applicant's criminal history, whether the applicant is listed in the central registry as provided in section 198.032, RSMo, or section 210.110, and whether the applicant is listed on the employee disqualification list as provided in section 660.315, RSMo.

(2) Any person employed by a child care agency on June 1, 1999, may be a registered careline provider, as defined in section 210.301, or shall disclose to the administrators of the child care agency by July 1, 1999, the person's criminal history, whether the person is listed in the central registry as provided in section 198.032, RSMo, or section 210.110, and whether the person is listed on the employee disqualification list as provided in section 660.315, RSMo.

(3) Beginning June 1, 1999, any child care provider or child care worker who is not qualified to meet the requirements for a registered careline provider shall not be eligible for state or federal direct reimbursements.

2. (1) Within three business days from the date a person is employed as a child care worker for a position where such person would have direct contact with minors, a person who operates or administers a child care agency shall:

(a) Contact the careline hotline service established and maintained by the department of health, pursuant to section 210.309, to determine whether such person is a registered careline provider; or

(b) Apply for a copy of the person's criminal history from the Missouri highway patrol pursuant to section 43.540, RSMo, and shall inquire whether the person is listed

in the central registry as provided in section 198.032, RSMo, or section 210.110, whether the person is listed in the employee disqualification list as provided in section 660.315, RSMo, or with any other source allowed by law.

(2) A child care provider, as defined in section 43.540, RSMo, shall disclose to the parent or guardian of a child, before the child is placed under the temporary supervision of the child care provider, in the care and custody of the child care provider or, if the child care provider is an employment agency as defined in subdivision (5) of section 289.005, RSMo, before making a placement of a child care worker:

(a) Factual information about the careline program and registry; and

(b) Whether the provider or child care worker is or is not either a careline applicant or a registered careline provider.

3. A person, other than a person denied employment or dismissed under sections 210.301 to 210.319 who in good faith denies employment to an individual or dismisses an individual from employment under sections 210.301 to 210.319, who testifies or participates in an investigation or an administrative or a judicial proceeding arising from sections 210.301 to 210.319, the central registry as provided in section 198.032, RSMo, or section 210.110, or the employee disqualification list as provided in section 660.315, RSMo, is immune from both civil and criminal liability arising from those actions unless such person created the report in bad faith or with malicious purpose.

4. Each child care agency shall maintain a personnel record for each child care worker and all other employees of the child care agency that includes the child care worker's or other employee's criminal history and other information required by this section. The personnel records of each facility shall be available for inspection by the department of social services, the department of health, the prosecuting attorney of the county where the child care agency is located, and the attorney general, as provided in section 210.245 to assure compliance with this section.

210.317. The department shall, in consultation with representatives of private industry, parents, child care resource and referral agencies and the pediatric health sector, review recommendations concerning the operation of the careline registry and telephone service.

210.319. 1. The department shall use a competitive process to select and contract with an independent consultant for the purpose of evaluating the careline. The evaluation shall at a minimum address the following:

(1) The extent to which the careline's registration system identifies persons seeking child care employment who have a reported criminal conviction or about whom there is substantiated child abuse information;

(2) The level of participation by parents, guardians and child care providers;

(3) The total public cost for investigation, registration or denial of registration per applicant; and

(4) Obstacles to maximizing the benefits of the careline registry.
