dollars for each location so registered and a fee of five dollars for each additional device or instrument at such location. Thereafter, by January thirty-first of each year, each person who is required to register pursuant to this subdivision shall pay an annual fee of ten dollars for each location so registered and an additional five dollars for each additional machine at each location. The fee on newly purchased devices shall be paid within thirty days after the date of purchase. Application for registration of a place of business shall be made on forms provided by the director and shall require information concerning the make, model and serial number of the device and such other information as the director shall deem necessary. 4. Fees not paid within thirty days from the date of the original invoice shall bear interest of one percent per month until the total amount is paid. Any fee not paid within ninety days after the date of the original invoice will be assessed a penalty of one hundred dollars in addition to the one percent interest per month. Fees plus interest and penalty not paid prior to the next scheduled inspection will be cause for the director to deem the device as incorrect and it shall be condemned and taken out of service, and may be seized by the director until all fees and penalties are paid.

5.] No fee provided for by this section shall be required of any person owning or operating a moisture-measuring device or instrument who uses such device or instrument solely in agricultural or horticultural operations on such person's own land, and not in performing services, whether with or without compensation, for another person.
