"144.010. 1. The following words, terms, and phrases when used in sections 144.010 to 144.525 have the meanings ascribed to them in this section, except when the context indicates a different meaning:

(1) "Admission" includes seats and tables, reserved or otherwise, and other similar accommodations and charges made therefor and amount paid for admission, exclusive of any admission tax imposed by the federal government or by sections 144.010 to 144.525;

(2) "Business" includes any activity engaged in by any person, or caused to be engaged in by him, with the object of gain, benefit or advantage, either direct or indirect, and the classification of which business is of such character as to be subject to the terms of sections 144.010 to 144.525. The isolated or occasional sale of tangible personal property, service, substance, or thing, by a person not engaged in such business, does not constitute engaging in business within the meaning of sections 144.010 to 144.525 unless the total amount of the gross receipts from such sales, exclusive of receipts from the sale of tangible personal property by persons which property is sold in the course of the partial or complete liquidation of a household, farm or nonbusiness enterprise, exceeds three thousand dollars in any calendar year. The provisions of this subdivision shall not be construed to make any sale of property which is exempt from sales tax or use tax on June 1, 1977, subject to that tax thereafter;

(3) "Gross receipts", except as provided in section 144.012, means the total amount of the sale price of the sales at retail including any services other than charges incident to the extension of credit that are a part of such sales made by the businesses herein referred to, capable of being valued in money, whether received in money or otherwise; except that, the term "gross receipts" shall not include the sale price of property returned by customers when the full sale price thereof is refunded either in cash or by credit. In determining any tax due under sections 144.010 to 144.525 on the gross receipts, charges incident to the extension of credit shall be specifically exempted. For the purposes of sections 144.010 to 144.525 the total

amount of the sale price above mentioned shall be deemed to be the amount received. It shall also include the lease or rental consideration where the right to continuous possession or use of any article of tangible personal property is granted under a lease or contract and such transfer of possession would be taxable if outright sale were made and, in such cases, the same shall be taxable as if outright sale were made and considered as a sale of such article, and the tax shall be computed and paid by the lessee upon the rentals paid;

(4) "Livestock", cattle, calves, sheep, swine, ratite birds, including but not limited to, ostrich and emu, aquatic products as defined in section 277.024, RSMo, elk documented as obtained from a legal source and not from the wild, goats, horses, other equine, or rabbits raised in confinement for human consumption;

(6) "Person" includes any individual, firm, copartnership, joint adventure, association, corporation, municipal or private, and whether organized for profit or not, state, county, political subdivision, state department, commission, board, bureau or agency, except the state transportation department, estate, trust, business trust, receiver or trustee appointed by the state or federal court, syndicate, or any other group or combination acting as a unit, and the plural as well as the singular number;

(7) "Purchaser" means a person who purchases tangible personal property or to whom are rendered services, receipts from which are taxable under sections 144.010 to 144.525;

[(8)] (9) "Sale" or "sales" includes installment and credit sales, and the exchange of properties as well as the sale thereof for money, every closed transaction constituting a sale, and means any transfer, exchange or barter, conditional or otherwise, in any manner or by any means whatsoever, of tangible personal property for valuable consideration and the rendering, furnishing or selling for a valuable consideration any of the substances, things and services herein designated and defined as taxable under the terms of sections 144.010 to 144.525;

[(9)] (10) "Sale at retail" means any transfer made by any person engaged in business as defined herein of the ownership of, or title to, tangible personal property to the purchaser, for use or consumption and not for resale in any form as tangible personal property, for a valuable consideration; except that, for the purposes of sections 144.010 to 144.525 and the tax imposed thereby: (i) purchases of tangible personal property made by duly licensed physicians, dentists, optometrists and veterinarians and used in the practice of their professions shall be deemed to be purchases for use or consumption and not for resale; and (ii) the selling of computer printouts, computer output or microfilm or microfiche and computer-assisted photo compositions to a purchaser to enable the purchaser to obtain for his own use the desired information contained in such computer printouts, computer output on microfilm or microfiche and computer-assisted photo compositions shall be considered as the sale of a service and not as the sale of tangible personal property. [(10)] **(11)** "Seller" means a person selling or furnishing tangible personal property or rendering services, on the receipts from which a tax is imposed under section 144.020;

[(11)] **(12)** The noun "tax" means either the tax payable by the purchaser of a commodity or service subject to tax, or the aggregate amount of taxes due from the vendor of such commodities or services during the period for which he is required to report his collections, as the context may require;

"Section 1. As used in this section, the following terms shall mean:

"(1) "Contribution", a donation of cash, stock, bonds or other marketable securities;

(2) "Director", the director of the department of economic development;

(3) "Scholarship charity", a charitable organization in this state that is exempt from federal taxation pursuant to section 501(c)(3) of the Internal Revenue Code, as amended, and that allocates at least ninety percent of its annual revenue for educational scholarships to children to allow them to attend a qualified school. For purposes of this section, the phrase "qualified school" means any elementary or secondary school of a child's parents' choice which is situated in this state and does not discriminate on the basis of race, color, handicap, national origin or ancestry which a child may attend to meet the requirements of section 167.031, RSMo. To qualify as a scholarship charity the charitable organization shall provide educational scholarships to students without limiting availability to students attending a particular school and shall give preference to students of families who demonstrate financial need;

(4) "State tax liability", in the case of a business taxpayer, any liability incurred by such taxpayer pursuant to the provisions of chapter 143, RSMo, chapter 147, RSMo, chapter 148, RSMo, and chapter 153, RSMo, exclusive of the provisions relating to the withholding of tax as provided for in sections 143.191 to 143.265, RSMo, and related provisions, and in the case of an individual taxpayer, any liability incurred by such taxpayer pursuant to the provisions of chapter 143, RSMo;

(5) "Taxpayer", a person, firm, a partner in a firm, corporation or a shareholder in an S corporation doing business in the state of

Missouri and subject to the state income tax imposed by the provisions of chapter 143, RSMo, or a corporation subject to the annual corporation franchise tax imposed by the provisions of chapter 147, RSMo, or an insurance company paying an annual tax on its gross premium receipts in this state, or other financial institution paying taxes to the state of Missouri or any political subdivision of this state pursuant to the provisions of chapter 148, RSMo, or an express company which pays an annual tax on its gross receipts in this state pursuant to chapter 153, RSMo, or an individual subject to the state income tax imposed by the provisions of chapter 143, RSMo.

2. A taxpayer shall be allowed to claim a tax credit against the taxpayer's state tax liability, in an amount equal to fifty percent of the amount such taxpayer contributed to a scholarship charity. However, the tax credit shall not be allowed if the taxpayer designates the taxpayer's donation for the direct benefit of any dependent of the taxpayer.

3. The amount of the tax credit claimed shall not exceed the amount of the taxpayer's state tax liability for the taxable year that the credit is claimed, and such taxpayer shall not be allowed to claim a tax credit in excess of fifty thousand dollars per taxable year. However, any tax credit that cannot be claimed in the taxable year the contribution was made may be carried over to the next four succeeding taxable years until the full credit has been claimed.

4. Except for any excess credit which is carried over pursuant to subsection 3 of this section, a taxpayer shall not be allowed to claim a tax credit unless the total amount of such taxpayer's contribution to a scholarship charity in such taxpayer's taxable year has a value of at least one hundred dollars.

5. The director shall determine, at least annually, which charities in this state may be classified as scholarship charities. 6. The director shall establish a procedure by which a taxpayer can determine if a charity has been classified as a scholarship charity, and by which such taxpayer can then contribute to such scholarship charity and claim a tax credit. The cumulative amount of tax credits which may be claimed by all the taxpayers contributing to scholarship charities in any one fiscal year shall not exceed five million dollars.

7. The director shall establish a procedure by which, from the beginning of the fiscal year until some point in time later in the fiscal year to be determined by the director, the cumulative amount of tax credits are equally apportioned among all charities classified as scholarship charities. If a scholarship charity fails to use all, or some percentage to be determined by the director, of its apportioned tax credits during this predetermined period of time, the director may reapportion these unused tax credits to those scholarship charities that have used all, or some percentage to be determined by the director, of their apportioned tax credits during this predetermined period of time. The director may establish more than one period of time and reapportion more than once during each fiscal year. To the maximum extent possible, the director shall establish the procedure described in this subsection in such a manner as to ensure that taxpayers can claim all the tax credits possible up to the cumulative amount of tax credits available for the fiscal year.

8. No rule or portion of a rule promulgated pursuant to the authority of this section shall become effective unless it has been promulgated pursuant to the provisions of chapter 536, RSMo."
