FISCAL ANALYSIS

ASSUMPTION

Officials of the **Department of Revenue** assume no additional administrative impact. The Department of Revenue currently collects the tax and this proposal extends the end date from January 1, 2004 to January 1, 2011.

Officials from the **Department of Transportation, Department of Economic Development and Attorney General's Office** assume no fiscal impact.

Officials from the **Department of Natural Resources (DNR)** assume the proposed legislation would extend the sunset date on the waste tire fee. The waste tire fee generates about \$2.1 million dollars annually. The DNR assumes the revenue will be used to fund continued removal of illegally dumped tires, educational programs, and grants to end users.
