FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

DESCRIPTION

This proposal asserts that, upon the recommendation of a state-approved baccalaureate-level teacher preparation program, successful attainment of the Missouri qualifying score on the exit assessment for teachers and administrators, and completion of a background check, the state board shall issue teaching certificates valid for the life span of the teacher. The act supplies any person who holds, as of August 28, 2003, a valid life classification, professional classification I, professional classification II or a continuous professional classification certificate of license to teach in the public schools of this state with a lifetime certificate of license to teach in the public schools of this state.

Additionally, the act mandates that the State Board grant life-time certificates to any person, upon an appropriate background check, who is hired to teach in a public school in this state and who possesses a valid teaching certificate from another state.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
