ESTIMATED NET EFFECT ON LOCAL FUNDS			
FUND AFFECTED	FY 2004	FY 2005	FY 2006
Local Government	\$0	\$0	\$0

FISCAL ANALYSIS

ASSUMPTION

St. Louis County did not respond to this fiscal note request. **Oversight** assumes this is permissive legislation and would have no fiscal impact unless the board of the ambulance district would choose to use the authority granted by this proposal. Therefore, as this proposal is written, **Oversight** assumes that there would be no local fiscal impact.

Officials from the **Department of Health and Senior Services (DOH)** state ambulance services wanting to provide critical care services would already be licensed by the Bureau of Emergency Medical Services (BEMS). The ambulance service would have to provide documentation to the BEMS that the ambulance is adequately staffed to be considered a critical care ambulance service. This documentation could be provided by mail or fax. DOH assumes this proposal would not have a fiscal impact.

<u>FISCAL IMPACT - State Government</u>	FY 2004 (10 Mo.)	FY 2005	FY 2006

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

DESCRIPTION

This proposal provides that a licensed ground ambulance service located within Saint Louis County may provide critical care ground ambulance service. Critical care ground ambulance service is defined as the ground transport of a patient who requires a level of care which is within the scope of training and qualifications of a critical care nurse.

Such critical care transport may only occur between two licensed hospitals. The transport shall be done in an ambulance designed and equipped for such purpose and must include certain personnel trained in critical care. An ambulance service providing critical care ground ambulance service must maintain at least 120% of the insurance required in regulation for a licensed ambulance service. The ambulance service may only provide such critical care ground ambulance service within its service area and no more than 125 miles away from its address of record.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
