DESCRIPTION

The proposed legislation would modify provisions of the tort victims' compensation fund. Tort victims of uninsured motorists whose claims were settled within the policy limits of applicable uninsured motorist insurance coverage would be added to coverage from the fund.

The proposal would provide that claims from the fund would be paid on a pro rata basis before September 30<sup>th</sup> in the next succeeding year based upon the annual claims period in which the application to the fund was made. Currently, claims from the fund are paid in chronological order with the oldest claim being paid first. If no funds are available for the payment of claims, the division of workers' compensation would be authorized to suspend any investigation or hearing of claims until such time as moneys in the fund exceed \$500,000. Currently, the division is authorized to suspend action on claims until such time as the fund exceeds \$100,000. Once an award is paid in full or on a pro rata basis, a claimant would not collect additional payment from the fund.

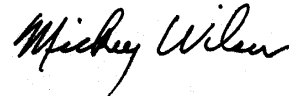

The proposed legislation contains an emergency clause.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
