FISCAL ANALYSIS

ASSUMPTION

Officials of the **Departments of Labor and Industrial Relations** and **Public Safety- Fire Safety** assume no fiscal impact.

Oversight assumes this proposal is permissive and would have no fiscal impact unless the governing body of Jefferson County would adopt an ordinance creating a Mechanical Code along with provisions for enforcement of that code. Oversight assumes for the purpose of this fiscal note that should the Jefferson County Commission decide to regulate contractors that they would be allowed to charge a license fee, as well as a permit fee, and possibly an inspection fee for enforcement purposes. This proposal does not indicate whether the County Commission could charge any types of fees. Oversight assumes that they could.

<u>FISCAL IMPACT - State Government</u>	FY 2005 (10 Mo.)	FY 2006	FY 2007
	\$0	\$0	\$0

<u>FISCAL IMPACT - Local Government</u>	FY 2005 (10 Mo.)	FY 2006	FY 2007
JEFFERSON COUNTY MECHANICAL CODE FUND			
<u>Income</u> to Mechanical Code Fund from license, permit, and inspection fees.	Unknown	Unknown	Unknown
<u>Costs</u> to Mechanical Code Fund Administration and enforcement costs	<u>(Unknown)</u>	<u>(Unknown)</u>	<u>(Unknown)</u>
ESTIMATED NET EFFECT TO LOCAL GOVERNMENT *	<u>\$0</u>	<u>\$0</u>	<u>\$0</u>

*** Oversight assumes that license fees, permits, and inspection fees would be allowed to be charged by the County. Oversight assumes that annual costs would not exceed income resulting in either a positive fund balance or a zero fund balance.**

FISCAL IMPACT - Small Business

If the County Commission of Jefferson County would adopt an ordinance to create a mechanical code to regulate and license small businesses in the heating, refrigeration, fire safety systems business, the business would be expected to be fiscally impacted to the extent that they would pay license, permit, and possibly inspection fees as a result of this proposal.

DESCRIPTION

This act allows Jefferson County adopt an ordinance that would enact a mechanical code to ensure proper licensing of mechanical contractors and workers.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
