FISCAL ANALYSIS

ASSUMPTION

Oversight assumes this proposal would allow all counties of the first classification to eradicate a nuisance. Currently this law only applies to Jefferson County. Oversight assumes this proposal is discretionary and would have no fiscal impact unless the governing body would enact the provisions of this proposal. Oversight assumes this proposal adds noxious weeds to the universe of items for which these provisions may be used.

Oversight assumes that this proposal provides a way for first class counties to clean up obnoxious weeds and recover the expenses involved. Oversight assumes no fiscal impact to the counties.

DESCRIPTION

This act enables any first class county to enact ordinances for the purpose of abating trash, weeds, and derelict items from a piece of property. Current law enables this for only Jefferson County.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
