DESCRIPTION

This legislation pertains to the Missouri Propane Education and Research Council.

The change in this substitute involved deleting the word "producers" from subsection 3 and replacing it with "wholesalers or resellers".

This act modifies the membership requirements for the council; first by increasing the number of members from six to nine, clarifying that members may be appointed to a maximum of two consecutive terms, stating that members filling unexpired terms will not have any partial term of service count against the two-term limitation, and by limiting former members from being reappointed if they have not been members for one year.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
