FISCAL ANALYSIS

ASSUMPTION

The **Joint Committee on Public Employee Retirement (JCPER)** has reviewed this proposal and has determined an actuarial study is not needed under the provisions of section 105.660, subdivision (5).

Officials from the **Missouri State Employees' Retirement System** assume if MOSERS receives the individual employee and MDFB employer contributions as outlined in the legislation, and provided MDFB pays the expected first year contributions of \$72,495 and future contributions at the actuarially determined rate for all MOSERS participants, there would be no fiscal impact on MOSERS.

Officials from the **Public School Retirement System** assume there will be no fiscal impact to their agency.
