## FISCAL ANALYSIS

### ASSUMPTION

Officials from the **Department of Social Services (DSS) - MO HealthNet Division (MHD)** state the MHD currently allows payment of controlled substances when prescribed by an advanced practice registered nurse. There may be less of a delay in participants getting their prescriptions, but MHD does not anticipate an increase in prescriptions and, therefore, there will be no fiscal impact to MHD regarding these provisions.

Officials from the **Department of Insurance, Financial Institutions, and Professional Registration** and the **Department of Health and Senior Services** assume the proposal would not fiscally impact their agency.

Officials from the **Office of Secretary of State (SOS)** state many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the act. The Secretary of State's office is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact for this fiscal note to the SOS for Administrative Rules is less than \$2,500. The SOS recognizes this is a small amount and does not expect that additional funding would be required to meet these costs. However, it is also recognized that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of what the office can sustain within its core budget. Therefore, the SOS reserves the right to request funding for the cost of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the governor.

Officials from the **Office of Attorney General** assume any potential costs arising from this proposal can be absorbed with existing resources.

Officials from the **Joint Committee on Administrative Rules (JCAR)** state the legislation is not anticipated to cause a fiscal impact to JCAR beyond its current appropriation.

Officials from the **Office of Prosecution Services (OPS)** assume the proposal will have no measurable fiscal impact on the OPS.

Officials from the **Office of Administration - Administrative Hearing Commission** anticipate this legislation will not significantly alter its caseload. However, if similar bills pass, resulting in more cases, there will be a fiscal impact.

<u>FISCAL IMPACT - State Government</u>	FY 2014 (10 Mo.)	FY 2015	FY 2016
	<u>\$0</u>	<u>\$0</u>	<u>\$0</u>
<u>FISCAL IMPACT - Local Government</u>	FY 2014 (10 Mo.)	FY 2015	FY 2016
	<u>\$0</u>	<u>\$0</u>	<u>\$0</u>
<u>FISCAL IMPACT - Small Business</u>			

The proposal may positively impact small business healthcare providers by reducing administrative costs associated with collaborative practice arrangements.

FISCAL DESCRIPTION

The proposed legislation appears to have no direct fiscal impact.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
