## FISCAL ANALYSIS

### ASSUMPTION

#### SJR 28 - Right to Hunt, Fish, and Harvest:

Officials at the **Office of Secretary of State (SOS)** assume each year, a number of joint resolutions that would refer to a vote of the people a constitutional amendment and bills that would refer to a vote of the people the statutory issue in the legislation may be considered by the General Assembly.

Unless a special election is called for the purpose, Joint Resolutions proposing a constitutional amendment are submitted to a vote of the people at the next general election. Article XII section 2(b) of the Missouri Constitution authorizes the governor to order a special election for constitutional amendments referred to the people. If a special election is called to submit a Joint Resolution to a vote of the people, subsection 115.063.2, RSMo, requires the state to pay the costs. The cost of the special election has been estimated to be \$7.1 million based on the cost of the 2012 Presidential Preference Primary. This figure was determined through analyzing and totaling expense reports from the 2012 Presidential Preference Primary received from local election authorities.

The Secretary of State's Office is required to pay for publishing in local newspapers the full text of each statewide ballot measure as directed by Article XII, Section 2(b) of the Missouri Constitution and sections 116.230-116.290, RSMo. The Secretary of State's Office is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. Funding for this item is adjusted each year depending upon the election cycle with \$1.3 million historically appropriated in odd numbered fiscal years and \$100,000 appropriated in even numbered fiscal years to meet these requirements. The appropriation has historically been an estimated appropriation because the final cost is dependent upon the number of ballot measures approved by the General Assembly and the initiative petitions certified for the ballot. In FY 2013, at the August and November elections, there were 5 statewide Constitutional Amendments or ballot propositions that cost \$2.17 million to publish (an average of \$434,000 per issue). Therefore, the Secretary of State's Office assumes, for the purposes of this fiscal note, that it should have the full appropriation authority it needs to meet the publishing requirements. However, because these requirements are mandatory, we reserve the right to request funding to meet the cost of our publishing requirements if the Governor and the General Assembly change the amount or eliminate the estimated nature of our appropriation.

ASSUMPTION (continued)

**Oversight** has reflected in this fiscal note, the state potentially reimbursing local political subdivisions the cost of having this joint resolution voted on during a special election in fiscal year 2015. This reflects the decision made by the Joint Committee on Legislative Research, that the potential cost of elections should be reflected in the fiscal note. The next scheduled general election is in November 2014 (FY 2015). It is assumed the subject within this proposal could be on that ballot; however, it could also be on a special election called for by the Governor. Therefore, Oversight will reflect a potential election cost reimbursement to local political subdivisions in FY 2015.

Officials from the **Department of Conservation (MDC)** assume this proposal could result in litigation in enforcement matters, challenging the commission's authority to manage and regulate. MDC assumes an unknown fiscal impact from this proposal.

**Oversight** assumes MDC is provided with core funding to handle a certain amount of activity each year to the Conservation Commission fund. **Oversight** assumes, upon voter approval, MDC could absorb the costs related to this proposal.

FISCAL DESCRIPTION

SJR 28 - Right to Hunt, Fish, and Harvest:

Upon approval by the qualified voters of this state, this constitutional amendment creates the right to hunt, fish, and harvest wildlife. No law, rule, or regulation shall unreasonably restrict hunting, fishing, or harvesting wildlife, but shall only have the purpose of wildlife conservation and management. Public hunting and fishing shall remain the preferred way of managing wildlife.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
