FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Public Safety - Office of the Director (DPS)** state this bill requires DPS to regulate and license all corporate Security Advisors. DPS will have to promulgate rules to implement the provisions of the law and shall oversee the licensing of Security Advisors. The addition of the program will necessitate the hiring of a Program Representative II. DPS assumes the total cost for this additional FTE to be approximately \$55,000 per year.

Officials from the **Office of the State Courts Administrator** assume the proposal would not fiscally impact their agency.

According to officials from the **Office of the Secretary of State (SOS)**, many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the act. The SOS is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact for this fiscal note to the SOS for Administrative Rules is less than \$2,500. The SOS recognizes that this is a small amount and does not expect that additional funding would be required to meet these costs. However, we also recognize that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of what our office can sustain with our core budget. Therefore, we reserve the right to request funding for the cost of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the governor.

Oversight assumes the SOS could absorb the costs of printing and distributing regulations related to this proposal. If multiple bills pass which require the printing and distribution of regulations at substantial costs, the SOS could request funding through the appropriation process.

Officials from the Office of Prosecution Services, the St. Louis Metropolitan Police Department, and the Kansas City Police Department did not respond to our request for fiscal impact.

Oversight assumes DPS will be able to charge fees for the licensing and renewal of licenses for corporate security advisors. Oversight does not know the number of corporate security advisors that are licensed each year by the St. Louis Metropolitan Police Department and the Kansas City Police Department. In the Code of State Regulations (17 CSR 10-2.040), the Board of Police

ASSUMPTION (continued)

Commissioners of Kansas City, Missouri has established the following fee schedule:

Annual Company License	\$300
Class A - Armed License	\$145
Class A - Armed License Renewal	\$ 90
Replacement of Lost/Stolen License	\$ 65
Rescheduling Fee	\$ 85

Oversight doesn't know how many licenses DPS will need to issue, or what fees DPS will charge; therefore, we will reflect an unknown amount of revenue into the General Revenue Fund for these fees. However, Oversight assumes DPS will charge fees sufficient to cover their costs of administering this license.

Oversight will also reflect a loss of fees to the local political subdivisions as well as a savings for not having to administer the licensing. Oversight will assume the two will offset.

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

FISCAL DESCRIPTION

This proposal moves the authority to regulate corporate security advisors from the Board of Police Commissioners to the Department of Public Safety.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
