Fiscal Analysis

§ 537.325 - Liability for Livestock Activities:

Officials from the **Department of Agriculture** and **Office of the Attorney General** each assume the proposal would not fiscally impact their respective agencies.

This proposal would provide small business livestock farmers, livestock facilities, and livestock auction markets an expanded limited liability for livestock activities, which may lower their insurance rates and provide them protection in a lawsuit. Also, this legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
