FISCAL ANALYSIS

ASSUMPTION

In response to similar legislation filed this year regarding §115.105, officials at the **Office of the Secretary of State, Platte County Board of Election Commission, Kansas City Board of Election Commission, and St. Louis Board of Election Commission, Mississippi County and Buchanan County** each assumed no fiscal impact from this proposal to their respective organizations.

In response to a previous version, officials at the **Office of Prosecution Services** assumed the proposal has no measurable impact to their office.

In response to a previous version, officials at the **Office of the Attorney General** assumed that any potential costs arising from this proposal could be absorbed with existing resources.

In response to a previous version, officials at the **Callaway County, Platte County Board of Election Commission St. Louis County Board of Election Commission** each assumed no fiscal impact from this proposal to their respective organizations.

In response to similar legislation filed this year (HB 1477), officials at the **Buchanan County, Office of the Secretary of State and the Jackson County Board of Election Commission** each assumed no fiscal impact from this proposal to their respective organizations.

§130.026

In response to a similar proposal (SCS for HCS for HB 1474), officials at the **Missouri Ethics Commission (MEC)** assumed §130.026.3 would require all candidates running for political office to file financial disclosure reports under subdivisions §130.026.2(2),(3),(4) with the Missouri Ethics Commission.

This change would require the MEC to do the following:

- Provide information to public officials and the public as specified in the Commission duties in §105.491, 105.955.14 (4), RSMo, about the new statutory requirements; examples include providing education, developing informational materials, and fielding telephone and email questions.
- Provide oversight to ensure the necessary information is being included in the campaign finance filings
- Provide oversight to ensure those individuals required to file the financial disclosure reports in a timely manner.

ASSUMPTION (continued)

- Assess late fees for the required reports. Assessment of late fees requires identifying and tracking late or non-filers; creating late filer and/or non-filer notices; communicating with the late filer and/or non-filer through written correspondence, telephone, and email; tracking the receipt of payments; receipting and depositing collection of late fee; referring those individuals who do not pay the late fee assessment to the Attorney General's office for collection.
- Respond to written complaints, as established in §105.955.14, RSMo, through conducting investigations and any legal actions arising from those investigations.

The proposed legislation will require all candidates running for political office to file financial disclosure reports under subdivisions §130.026.2(2),(3),(4) with the Missouri Ethics Commission. The implementation will require the following resources.

MEC anticipated the need for 2 Business Analysts to conduct the routine work necessary in reviewing and providing oversight for the area of Campaign Finance and Assessment of Late Fees. The Business Analyst would review reports for compliance, prepare necessary notices, track the filings, assist the filers in completing the necessary reports, track non-filings and assess late fees for late filers. Currently, our office assesses a total of 761 late fees for late filers in the areas of campaign finance, lobbying and personal financial disclosure (PFD). Our current percentage of Campaign Finance filers assessed for filing late is approximately 1.5%. We estimate approximately 557 additional late Campaign Finance filings. Each non-filer and late filer must be notified via certified mail.

1 Auditor/Investigator to perform investigative work which requires identifying necessary documentation and records to request and/or subpoena, identifying witnesses and interviewing witnesses, reviewing all relevant documentation, performing complex and detailed analysis of data and information and witness interviews, communicating with Commission management and legal staff; reviewing Missouri statutes and constitution; drafting investigative report; presenting report to Commission.

In 2008, Senate Bill 1038 repealed campaign finance contribution limits in Missouri. At that time, the MEC did not reduce its number of FTE due to the cutback in the number of complaints and investigations caused by the campaign limits being repealed. Therefore, **Oversight** assumes the current FTE should be able to handle the increased number of complaints and investigations due to the limits being reimposed. Oversight assumes this proposal has no fiscal impact on the MEC.

ASSUMPTION (continued)

Oversight assumes that should MEC have a significant increase in complaints, the MEC can seek additional resources through the appropriation process.

In response to a previous version, officials at the **Office of the Attorney General (AGO)** assumed any potential costs arising from this proposal can be absorbed with existing resources. AGO may seek additional appropriations if the proposal results in a significant increase in cases.

<u>FISCAL IMPACT - State Government</u>	FY 2017 (10 Mo.)	FY 2018	FY 2019
	<u>\$0</u>	<u>\$0</u>	<u>\$0</u>
<u>FISCAL IMPACT - Local Government</u>	FY 2017 (10 Mo.)	FY 2018	FY 2019
	<u>\$0</u>	<u>\$0</u>	<u>\$0</u>

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

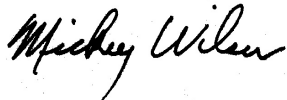

FISCAL DESCRIPTION

The proposed legislation appears to have no direct fiscal impact.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
