FISCAL ANALYSIS

ASSUMPTION

Officials at the **Office of the Secretary of State (SOS)** assume each year, a number of joint resolutions that would refer to a vote of the people a constitutional amendment and bills that would refer to a vote of the people the statutory issue in the legislation may be considered by the General Assembly.

Unless a special election is called for the purpose, Joint Resolutions proposing a constitutional amendment are submitted to a vote of the people at the next general election. Article XII section 2(b) of the Missouri Constitution authorizes the Governor to order a special election for constitutional amendments referred to the people. If a special election is called to submit a Joint Resolution to a vote of the people, §115.063.2, RSMo, requires the state to pay the costs. The cost of the special election has been estimated to be \$7.1 million based on the cost of the 2012 Presidential Preference Primary. This figure was determined through analyzing and totaling expense reports from the 2012 Presidential Preference Primary received from local election authorities.

The SOS is required to pay for publishing in local newspapers the full text of each statewide ballot measure as directed by Article XII, Section 2(b) of the Missouri Constitution and Section 116.230-116.290, RSMo. The SOS is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. Funding for this item is adjusted each year depending upon the election cycle with \$1.3 million historically appropriated in odd numbered fiscal years and \$100,000 appropriated in even numbered fiscal years to meet these requirements. The appropriation has historically been an estimated appropriation because the final cost is dependent upon the number of ballot measures approved by the General Assembly and the initiative petitions certified for the ballot. In FY 2013, at the August and November elections, there were 5 statewide Constitutional Amendments or ballot propositions that cost \$2.17 million to publish (an average of \$434,000 per issue). In FY 2015, the General Assembly changed the appropriation so that it was no longer an estimated appropriation and the SOS was appropriated \$1.19 million to publish the full text of the measures. Due to this reduced funding, the SOS reduced the scope of the publication of these measures. In FY 2015, at the August and November elections, there were 9 statewide Constitutional Amendments or ballot propositions that cost \$1.1 million to publish (an average of \$122,000 per issue). Despite the FY 2015 reduction, the SOS will continue to assume, for the purposes of this fiscal note, that it should have the full appropriation authority it needs to meet the publishing requirements. Because these requirements are mandatory, we reserve the right to request funding to meet the cost of our publishing requirements if the Governor and the General Assembly again change the amount or continue to not designate it as an estimated appropriation.

ASSUMPTION (continued)

Oversight has reflected in this fiscal note, the state potentially reimbursing local political subdivisions the cost of having this joint resolution voted on during a special election in fiscal year 2017. This reflects the decision made by the Joint Committee on Legislative Research, that the cost of the elections should be shown in the fiscal note. The next scheduled primary election is in August 2016 (FY 2017) and the next scheduled general election is in November 2016 (FY 2017). It is assumed the subject within this proposal could be on either of those ballots; however, it could also be on a special election called for by the Governor. Therefore, Oversight will reflect a potential election cost reimbursement to local political subdivisions in FY 2017.

Officials at the **Office of the State Treasurer** and the **Office of Administration's Division of Budget and Planning** each assume no fiscal impact to their respective agencies from this proposal.

ESTIMATED NET EFFECT ON LOCAL POLITICAL SUBDIVISIONS	<u>\$0</u>	<u>\$0</u>	<u>\$0</u>

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

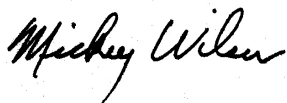

FISCAL DESCRIPTION

This proposed constitutional amendment, if approved by the voters, prohibits quasi-governmental entities from entering into long-term bond agreements that financially obligate the state to provide funding for projects like stadiums.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
