FISCAL ANALYSIS

ASSUMPTION

Officials at the **Office of the State Courts Administrator**, the **Department of Health and Senior Services**, the **Department of Insurance, Financial Institutions and Professional Registration** and the **Department of Revenue** each assume no fiscal impact to their respective agencies from this proposal.

Oversight notes that the Office of the State Courts Administrator, the Department of Health and Senior Services, the Department of Insurance, Financial Institutions and Professional Registration and the Department of Revenue have stated the proposal would not have a direct fiscal impact on their organization. Oversight does not have any information to the contrary. Therefore, Oversight will reflect a zero impact on the fiscal note.

Officials from the **Office of the Secretary of State (SOS)** state many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the act. The SOS is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact for this fiscal note to the SOS for Administrative Rules is less than \$5,000. The SOS recognizes that this is a small amount and does not expect that additional funding would be required to meet these costs. However, the SOS also recognizes that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of what the office can sustain with the core budget. Therefore, the SOS reserves the right to request funding for the cost of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the Governor.

Oversight assumes the SOS could absorb the costs of printing and distributing regulations related to this proposal. If multiple bills pass which require the printing and distribution of regulations at substantial costs, the SOS could request funding through the appropriation process.

Oversight inquired officials at the Missouri Consolidated Health Care Plan and the Department of Social Services regarding subsection 513.430.1(13) of the proposal. Oversight has not received a response from either agency as of the time of this fiscal note. Upon the receipt of agency responses, Oversight will review to determine if an updated fiscal note should be prepared and seek the necessary approval of the chairperson of the Joint Committee on Legislative Research to publish a new fiscal note.

FISCAL IMPACT - Small Business

There could be a direct fiscal impact to small businesses as a result of this proposal.

FISCAL DESCRIPTION

The proposed legislation appears to have no direct fiscal impact.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
